

Waukegan Statesman. —There are two young alligators on exhibition at the Eagle hotel, which are owned by one of the railroad boards, who brought them here from DePere, where a friend of his received a consignment of ten from Florida. The two at the Eagle hotel are quite an attraction.

—A Democratic mass meeting will be held in Heister's hall next Tuesday evening, Sept. 29, when Hon. Ralph Beaumont of Oklahoma will address the citizens of this village and vicinity on the political issues of the day. Mr. Beaumont is the author of an able book on silver, and all should embrace this opportunity to hear him.—THE BRYAN CLUB.

—The variety of bets being made on the coming election reminds us of one once paid here by the loser driving an old horse hitched to a wobbly wagon with rag-rope harness. However, the spirit of the occasion was so generally entered into by our citizens that the "rag-buyer" made a big day's wages by selling the rags which he had collected, and thus obtained the best end of the deal, after all.

—The Democratic mass meeting last Saturday evening was a great disappointment to a good-sized audience that had gathered in the opera house to hear the political issues of the day presented from a Democratic standpoint and in German. Mr. Stangl of Milwaukee evidently made his first attempt as a public speaker, as he was unable to handle the money question, and half the audience left the hall before he finished his speech. It seems that Stangl was sent out here by the Democratic state central committee upon the strength of recommendations furnished by friends in Milwaukee.

Conclusion of Religious Tent Meetings.

The final services of the tent meetings, which were conducted here for ten days, were held in the I. O. G. T. hall last Monday evening. A large and appreciative audience availed themselves of the opportunity to hear the Rev. Judson Thwaiter of the Plymouth church of Milwaukee, whose services were secured for the occasion. Music was furnished by the choir, assisted by Mrs. Haun, who sang two solos.

After the services the Rev. Haun of Madison, who has been conducting the meeting here, organized a Young People's Society of Christian Endeavor with 15 active and 12 associate members. The society will meet every Sunday evening at 6:45 p. m. in the I. O. G. T. hall. The following are the officers selected to conduct the meetings: President, David C. Mayer; Vice-president, Mrs. Moritz Rosenheimer; Secretary, Miss Matilda Lay; Treasurer, Mrs. Fenecher Colvin.

Miss Emma Rosenheimer was chosen as delegate to attend the state convention of the Y. P. S. C. E., which meets at Madison on Sept. 24.

Invitations are extended to all who desire to attend these meetings.

Political Street Sayings.

An Irishman says: "They say we'll have 16 to 1 if Bryan's elected, but I'm afraid we'll have 0 (naught) to 8 (ate)."

"What's the difference between Buffalo Bill and Bill McKinley?" "Buffalo Bill has a big show, while Wm. Kinley hasn't."

NEW FINE FLATS.

Frosty nights.

Democratic mass meeting in Kewaskum, next Tuesday evening, Sept. 29.

Mason Contractor Braun was probably the most surprised man in Ebeleville last Tuesday morning, when he arrived to finish up a short piece of wall for a barn foundation for F. Backhaus. Arrangements had been made to hold a raising here the day following, when Brown was to finish the foundation; but, to his great surprise, he found the raising had been done during the night. The force that performed the feat was composed of Aug. Bartel, Jno. Marx, John Nauman, Peter Fellenz, Henry Ramthun, Julius Taves, Henry Backhaus, W. F. Backhaus and S. Windisch. These giants, headed by S. Windisch and inspired by the juice of a little brown jug, left Ebeleville at a late hour and surrounded the barn (2 miles away) shortly after. The barn was transplanted with the aid of the

braces" furnished by Windisch; and the thanks of Mr. Backhaus are said to have been received since by the parties who did the job.

Many lives of usefulness have been cut short by neglect to break up an ordinary cold. Pneumonia, bronchitis and even consumption can be averted by the prompt use of One Minute Cough Cure.—Chas. Miller.

FOR SALE.—Farm of 205 acres in sec. 24, range 19, town of Kewaskum. For terms address MAT. RODENKIEH, St. Michaels, Wis. 52

Tetter, eczema and all similar skin troubles are cured by the use of DeWitt's Witch Hazel Salve. It soothes at once, and restores the tissue to their natural condition, and never fails to cure piles.—Chas. Miller.

To the Farmers.

I have had 21 years experience in the drainage business. I will lay pipe at 15c per rod in land under cultivation and at 20c in marsh land, to a depth of 3 feet. All work guaranteed and reference furnished. Address ALBERT JORGE, drainage contractor, Kewaskum, Wis. (2m.)

Many political speakers, clergymen, singers and others who use the voice excessively, rely upon One Minute Cough Cure to prevent hoarseness and laryngitis. Its value as a preventative is only equaled by its power to afford instantaneous relief.—Chas. Miller.

HALF RATES TO MILWAUKEE.

On account of the Wisconsin State Fair, the North-Western Line will, from Sept. 21 to 26, sell excursion tickets to Milwaukee and return at half rates, one fare for the round trip, good for return passage until Sept. 28, 1896, inclusive. For tickets and full information apply to agents Chicago & North-Western Ry.

They are so little you hardly know you are taking them. They cause no griping, yet they act quickly and most thoroughly. Such are the famous little pills known as DeWitt's Little Early Risers. Small in size, great in results.—Charles Miller.

MUHRHOIS ARE NOW GOOD.

And Here Are Some Specially Palatable Ways of Preparing Them.

Broiled Mushrooms.—This kind of broiling should be done very soon after the mushrooms are gathered, as their freshness is quickly lost. Wash them one by one, if necessary, to remove sand or dust, but do it very carefully, and do not allow them to soak in the water for a moment. Prepare them as above, dust lightly with salt and pepper and roll each in sweet oil. Broil the under side first for about three minutes, then turn and broil the upper side for four minutes; lift them carefully upon small pieces of toast, adding a little butter to each.

Puree of Mushrooms.—Cut in pieces a quart of mushrooms and put them to soak in cold water for an hour. Let them stand half an hour, drain and put them in a saucepan with a tablespoonful of butter. Simmer until tender, add the juice of a lemon, pepper and salt to taste and strain until thick. Strain and serve.

Baked Mushrooms.—Prepare the mushrooms, as usual, by peeling them and removing the stems. Grease the baking dish with butter and arrange the mushrooms with the upper side down. Bake in a quick oven for fifteen minutes, basting twice with melted butter. When done, season with salt and pepper, pour over the butter in the dish and serve.—Philadelphia Times.

Stockholders of the San Juan Company Receive Favorable Reports.

Another meeting of the San Juan Gold mining company of Milwaukee was held last evening at the office of J. O. Buckley, Richard K. Kerner, a mining expert and a member of the company, who arrived in the city a few days ago from Saw Dr. Col., where he has been engaged, and made a public report of the company's condition and prospects. Among stockholders present were C. S. Olson, Peter J. Somers, Fred Dittman, R. Meehan, John Zieg, Charles Beckman, John B. Aron, B. A. Jacobs, James Mean, R. E. G. and R. C. Hinz. Mr. Kerner informed them that their company was one of the promising shippers of the gold fields of Colorado; that the mines are now being taken out and shipped every day, which run two-thirds gold value and the other third silver and copper. He stated that the veins in the two tunnels now being worked are rapidly increasing in richness and extent. He stated that the company has now fourteen full-sized claims, and has three groups of working mines.

It was announced at the meeting that several of the owners would visit the mines next month for their own information and satisfaction.—From Evening Wisconsin.

A Pre-Historic Trade Still Going.

In Brandon a quiet little town on the borders of the Narrows, a trade which still exists a trade that was carried on there before the German ocean divided England from the mainland of Europe. It is a "blint-knapping" trade. Probably to most of those who read this, and to whom it is unfamiliar, a blint-knapping compound than "blint-knap" will come as a surprise to learn that there are millions of blint-knapping articles and carlines made annually in this old-world corner of East Anglia. And thousands of years ago the forefathers of these same blint-knappers, who sit day after day in their little huts making gun flints, probably set in motion the same way in their mud huts knapping the flints into arrow, spear or ax heads, since large numbers of these articles are found in the neighborhood, especially in the curious British encampment or town known as "Grimes Graves," which is a mile or so down from Saxton times, for those hollowed-out dwelling places. The blint-knapping trade is carried on in Singapore and other Eastern ports. London Graphic.

A WOMAN'S STORY.

It Should Be of Interest to Every Thinking Woman.

Women who reason well know that no male physician can understand "great complaints" known as "female diseases," for no man ever experienced them.

This, Lydia E. Pinkham taught them twenty years ago, when she discovered in her Vegetable Compound the only successful cure for all those ailments peculiar to the sex. Many women have a fatal faith in their physician, and not till they can suffer no longer, will they think and act for themselves.

The following testimony is straight to the point, and represents the experience of hundreds of thousands of now grateful women: "For six years I was a great sufferer from those internal weaknesses so prevalent among our sex. After having received treatment from four physicians of our city, and finding no relief whatever, I concluded to try Pinkham's Vegetable Compound, and it has proved a boon to me. It can truly be called a 'Saviour of Women'—Mrs. B. A. PERHAM, Waynesboro, Pa.

Adjustable Picture-Hanger.

Here is a distinctly new idea in picture hanging. The best wire is labled to give way in the course of time, and in doing so it may ruin or seriously damage a fine picture or its frame. The device illustrated in the accompanying cut is intended to do away with the wire altogether.

A REMARKABLE CASE.

Mrs. Mary Noren, Wife of a Well-Known Farmer Near Valparaiso, Brought Back to Health and Strength by a Popular Remedy—Her Statement of the Cure.

From the Wisconsin Journal.

The attention of the Star having been called to several cases of radical cures effected by Dr. Williams' Pink Pills for Pale People, it was deemed advisable to investigate some of the more notable of these cases, with a view to disseminating exact information on the subject to suffering sufferers who were suffering. Prominent among those who had experienced benefits from the use of this remedy was mentioned Mrs. Mary Noren, wife of John Noren, a prosperous farmer, living north of Valparaiso, Ind., and to her a reporter was accordingly directed.

Mrs. Noren was found busy engaged in household duties, but she found time to detail her experience, and was willing to furnish a statement of the case. She had felt should be told for the benefit of those who had suffered as she did.

"I am a middle-aged girlhood with a complication of complaints," said Mrs. Noren, "but so much so as to be confined to my bed for several months. My trouble was with my stomach. I felt a constant gnawing pain that was at times almost distracting. At other times I felt as if I had a heavy weight on my chest. I had different physicians as dyspepsia and sympathetic derangement dependent on the condition of the stomach. I had tried many remedies, but sometimes so great as to make me unable to work, and frequent bilious attacks. I also suffered from nervous prostration, from which I never could find permanent relief. Then these symptoms were aggravated by rheumatic pains between Mrs. Carré Baker Oakes, New Richmond, reappointed.

In addition to these the state superintendent of the university are members of the board ex-officio.
