Plans and specifications for the new Indian school to be erected by the government at Hayward, Wis., have been forwarded from Washington to S. W. Campbell, Indian agent at La Pointe, and the work of erecting the building will be begun at once. The building will be complete in every particular and will cost about \$60,000. The school is to contain swimming pool, gymnasium and everything that will add to the comfort of Indian students attending.

BOERS SHELL MAKING.
Bombardment of British Town by
the Transvaal Troops.
HOUSES ARE IN FLAMES.
Gen. Symon, British Commander at
Natal, Dead—Yule's Army Es-
capes Annihilation.
Pretoria, Oct. 24.—[Via Lorenzo Mar-
ques.]—The bombardment of Matieling
by Gen. Cronje's commando began at
daybreak this morning. The women and
children were given ample time to leave
the town. Several houses are in flames.
A special dispatch from Glencoe camp,
dated October 23, says: "After the victory
Friday the British imagined they
were free from further molestation. The
British then shelled the latter until
clusters of Boers were seen leaving and
retreating westward, when the engage-
ment closed."

umn, which was reported to have quickly
recognized the impossibility of
defending himself against such superior
forces, and he was seen to have abandoned
his position of the British was not known to
the Boers."

glarizing the store of Mr. Burdick, will
have his examination on Friday before
Justice Nohl and in the meantime is out
on bail, which was furnished by his fac-
tory dealer of that city.

DEATH OF JUDGE SMALL.
Former Well-Known Jurist Passes
Away at Oconomowoc.
END OF LONG ILLNESS.
The Deceased was on the Bench of
the Second Judicial Circuit
for Years.
Milwaukee, Wis., Oct. 25.—[Special.]—
David W. Small, formerly judge of the
second judicial circuit of this state, and
for years a prominent member of the
Milwaukee bar, died this morning
shortly after 8 o'clock at his home at
Oconomowoc. Judge Small had been ill
for the last five years with a mental com-
plaint and had required constant atten-
tion. He was in his usual state of
health yesterday. Late in the afternoon
he suffered a chill and a high fever set
in. His condition grew worse toward
morning and shortly after 8 o'clock he
passed away. He is survived by his
wife and three children. The latter
are George W. Small, a mining engineer
residing at Salt Lake City, Utah; Miss
Flora Small of Oconomowoc, and Mrs.
James S. Ward of Chicago.
The deceased was born at Frankfort,
Indiana, Dec. 18, 1827. He was a mem-
ber of the Society of Friends, and both
parents were members of the Society of
Friends. He received his education at
Nazareth. At the age of 18 he began
to teach and read law. He was admit-
ted to the bar at Doylestown, Pa., in
April, 1850, and immediately started for
Wisconsin, arriving at Oconomowoc in
1852. He was engaged in the follow-
ing two years he spent in surveying,
as legal business was
scarce. He was later engaged in
holding some offices of minor importance
after settling at Oconomowoc, but
after two years residing in his new
home his law practice became sufficiently
large to require his entire attention. In
1857 he was elected a circuit attorney in
Waushara county and was subsequently
re-elected. He was chosen judge of the
second judicial circuit in 1870 and was
re-elected in 1875. He was beaten in
election for a nomination for a third
term.
Upon the election of Judge Hamilton,
Judge Small at the end of his term, set
up his law partnership with Mil-
waukee lawyer now in practice and en-
gaged in the practice of law at Mil-
waukee. In 1887 Mr. Jones, through Judge Small,
instituted proceedings for final and
absolute divorce against a woman of
strong allegations. Mr. Jones applied to
Judge Small for advice, and was by him
referred to his own law partner, who un-
dertook the defense. Judge Small was
secure a final decree by default,
but the judgment was afterwards set
aside when the facts became known.
Judge Bennett in a very lengthy opinion
found that Judge Small in failing to in-
form Mrs. Jones that her attorney was
his partner and because he shared
in the fees was guilty of unprofes-
sional conduct. The case was not ap-
pealed. Joshua Stark, G. W. Hazle-
ton, E. D. Van Dyke, G. C. Markham
and Burton Hanson acted as a com-
mittee of the Bar association in institut-
ing the proceedings.

MADISON LOSES
SUMMER SCHOOL.
The Catholic Institution will be
Moved Dubuque,
Iowa.
Dubuque, Ia., Oct. 25.—[Special.]—It
has been virtually decided to remove the
Catholic summer school from Madison
to Dubuque. The chairman of the com-
mittee on location said today that he will
recommend Dubuque and his recommen-
dation will be approved. Final decision
will be reached next month at the annual
meeting in Chicago.

A LAND SWINDLE
COMES TO LIGHT.
No Record of An Alleged Mortgage
in Recorder's Office at
Baraboo.
Baraboo, Wis., Oct. 25.—[Special.]—
What will probably prove to be a land
swindle of some sort has just come to
light. Register of Deeds Faller received
a letter from a law firm in Salt Lake
City asking for verification of alleged re-
cords of a mortgage. They state that a
mortgage was given by Henry Heaving
to P. J. Conway on March 5, 1896, on
land described as being in the town of
Winfield, in this county. They give the
volume and page in which the record is
made, also assignment to a Salt Lake
woman on September 5, 1896, with volume
and page of record. The land covered is
520 acres and the mortgage is for \$2475.
No such records exist in Mr. Faller's of-
fice.

IS NOT THE MAN.
George Harlow was Not Implicated
in the Burlington
Murder.
Racine, Wis., Oct. 25.—[Special.]—
The police have come to the conclusion
that George Harlow, who was arrested
in Menasha Monday, had nothing to do
with the murder of Burlington. He will
be held on a charge of carrying concealed
weapons. Harlow was seen in Burling-
ton on the night of the murder, but he
is able to prove an alibi at the time the
shots were heard. He gives a straight-
forward account of himself.

CRUELTY IS CHARGED.
Mrs. Louise Young Seeks Divorce
from Dr. W. G. Young of
Milwaukee.
Oshkosh, Wis., Oct. 25.—[Special.]—
Judge Burnell in the circuit court will
tomorrow take up the trial of a divorce
case in which Dr. W. G. Young of Mil-
waukee is plaintiff and Mrs. Louise
Young is defendant. The complaint
charges cruelty and the answer makes a
counter charge. Dr. Young formerly re-
sided in this city, conducting a dental
office.

JOHN WARD GUILTY.
Nettleville Burglary Case Comes to
an End.
Nettleville, Wis., Oct. 25.—[Special.]—
John Ward, who was found guilty of a
burglary, was sentenced to the penitentiary
today. The many circumstances sur-
rounding the case have made it one of
the most interesting in the county. There
is no doubt in the minds of the jury that
he is the absolute guilty of the accused
crime. That he is one of the shrewdest
criminals or of unusual mind is the unani-
mous opinion of the jury. The evidence
shows that he is a degenerate and sham-
ing. He will have no artificial light in his
cell while eating. He strips soap in his
cell and he may not hear the voices
of those who annoy him. The evidence

TAKEN TO COURT.
Trouble Over the Appleton Library
Building.
Appleton, Wis., Oct. 25.—The courts
have been appealed to to settle the dis-
pute over the erection of a public li-
brary. A large number of citizens and
taxpayers have begun petitioning against
the building. Gen. White commanded the
public library building contractors. It
is claimed in the complaint that the
contractor has not right to cast the deciding
vote in the council meeting. The com-
plaint demands that the contractor be
declared null and void and the court is
asked to annul the library contract.

MINERS KILLED BY
PREMATURE BLAST.
Three Men Meet Death in Accident
in Mine at Quinnesec,
Mich.
Iron Mountain, Mich., Oct. 26.—Rich-
ard Stone, Albin Forstenson and Charles
Vobson were killed and Charles Apsa seri-
ously injured on the second level of the
Cundy mine at Quinnesec this morning
at 2:10 o'clock. The men were run-
ning a small tunnel and were supposed
to be working on a ledge. A premature
blast of dynamite caused the accident.
The men are all unmarried and were
formerly lived in this city. Apsa is at
St. George's hospital in this city and is
not expected to live.

For an invigorating and strengthening beverage try Lithia beer. It is especially recommended to weak and invalid people. The ingredients used in making it are wholesome, while the taste and flavor is delicious. It is put up in pint and quart bottles. Order of any local dealer or the West Bend Brewing company.

The other day Judge Arnold laughed heartily at a little episode which occurred in his court, says the Philadelphia Record. Representative John Fow was attorney for several people who had been charged with some trifling violation of the law. The real defendant was a man named Cannon, and as the matter was settled before the real trial began Cannon did not think his presence necessary and, therefore, left. As there were several others jointly accused Mr. Fow asked the court to dismiss them. "Well," said Judge Arnold briskly, "where's Cannon?" "Oh," replied the Seventeenth ward statesman, with a twinkle in his eye, "he just went off, and I'm trying to discharge the rest of them, although he was the big gun of the party." The judge laughed heartily at the joke, and entered into the spirit of it by saying: "Well, Mr. Fow, where there is so much smoke I think there must have been some firing, but as Cannon has gone off I'll discharge the rest of them for you."

When the Century Beg' ts. "Hundreds of persons contend that the Twentieth century will begin with January 1, 1900, while other hundreds contend that the correct date is Jan. 1, 1901," writes Edward Bok in the Ladies' Home Journal. The 1900 contingent argue that, of course, the new century begins with its numeral date, and go on to figure out very deftly that with the last day of the year 1899 the hundred years will have run out. They argue that if the first year ended with December 31 of the year 1, the 1900th year must of course end with Dec. 31, 1899, and that the first day of January, 1900, is therefore the first day of the new century. And, curiously enough, this latter figure is correct, but only in a numerical sense. These statisticians overlook one very important fact, however: that it requires 100 years to make a century, and it calls for no expert mathematician to figure it out that the full hundred years of the Nineteenth century will not have run their course until 12 o'clock midnight of the 31st of December, 1900. Numerically, we enter the Twentieth century with Jan. 1, 1900, but, nevertheless, we must complete the entire year of 1900, and go through the 365 days, before the actual 1900 years shall have run their course.

STUPENDOUS DIAMOND WEALTH.

Marvelous Richness of the Kimberly Mines.

The richest mines in the world are the Kimberly Diamond Mines of South Africa. The first diamonds were found on the surface of the ground in 1869. A traveler noticed a child playing with a bright object and bought it for a trifle. It proved to be a diamond worth a fortune.

The discovery of these wonderful mines may be said to be the third greatest discovery ever made by man, the first, of course, being the discovery of America by Columbus and the second being Dr. King's New Discovery for Consumption. This grand remedy cures the most obstinate coughs and severe colds. It has saved many from death by Consumption who had been tried by doctors they could not live. Bronchitis and Pneumonia readily yield to its power. Its rapidity in curing Hemorrhage of the lungs, hoarseness and sore throat and cough is most surprising. It cures the most hopeless case of Asthma. In fact Dr. King's New Discovery is absolutely guaranteed to cure all diseases of the chest, throat and lungs, and our dealers refund your money if it does not cure. A home in the sunny south was no guarantee of good health to John M. Garretson of San Antonio, Texas. For many years he suffered with that distressing malady, Asthma. No doctor could cure him. No medicine did him any good. He said it seemed sometimes that he suffered the agonies of death, and he could only get relief in lying by a roaring fire. He was advised to try Dr. King's New Discovery. He had not used it long before his trouble was over and now he is so thankful that he freely speaks much of his time in seeing people who are suffering from Asthma and telling them of this marvelous cure. All dealers sell large bottles at 50c. and \$1.00 and give away a sufferer a trial bottle free.

ST. KILLAN SHARPS. Peter Kreis moved to Theresa last week. Miss Annie Klockenbusch is on the sick list. Andrew Strobel and wife made a trip to Mayville last Tuesday.

Mr. and Mrs. W. Wendel of Port Washington visited here Sunday. Mr. and Mrs. J. H. Niebler visited relatives at West Bend last Sunday. Miss Hattie Bolton and brother George spent Sunday in Milwaukee. Henry Fellenz came up from West Bend last Sunday to visit his parents. Miss Esther Reise spent Sunday visiting her parents in the town of Scott.

Fred. Wegner and wife spent last Sunday with relatives in the town of Scott. M. N. Kenney of Milwaukee was here Sunday to see his mother, who is sick. Mr. and Mrs. Wm. O'Malley of Greenbush called on relatives here Sunday. Miss Ruth Bolton has resigned her position in the county asylum and is now home here. George Hirschboeck and Andrew Kapfer of Barton visited the J. H. Niebler family last Monday. Miss Myrtle Woog was agreeably surprised by a visiting party of friends last Saturday night on the occasion of the anniversary of her birth.

A well-known photographer of New York recently had his country house organ-hauled, says the San Francisco Argonaut. A new skylight was added and extensive alterations were made in the roof. The men engaged on the job took their time and did not overwork themselves, but this did not prevent the roofer from presenting a bill almost as steep as his calling. When the owner of the building expostulated, it was explained to him that the men had to be paid for their time, and they had spent several days on the job. "No wonder," said the photographer; and then he produced a number of snapshot photographs, representing the men on the roof of his house as taken from the attic window of an adjoining building. Some were sitting smoking, and some were reading newspapers, and others were lying on their backs. "Why," said the astonished roofer, "these are my men." "Exactly," responded the owner, "and these pictures explain the size of your bill."

ON A LIQUID BASIS.—"Did you ever see a finer field of rye than that?" asked the owner proudly. "No," replied the Prohibitionist visitor, sadly shaking his head. "That crop will average 40 drinks to the acre."—X.

Town Lists in New Towns.

Merchants, doctors, lawyers and all classes of profession, business or trade, who are looking to a change of location, will find it to their material advantage to secure their new locations at one of the new towns on the lines now being constructed by the Chicago & North-Western Railway. They are in sections of the country that have hitherto been without adequate railroad and proper market facilities.

The surrounding country is enormously rich, and the towns are all found to be thrifty and prosperous. Days of them will prove a sure money-maker for speculation or business location.

These towns are all owned and managed by the Railroad Company, and the original low prices still prevail as an inducement to settlement. For prices and particulars apply to J. F. CLEVELAND, Land Commissioner, C. & N.-W. Ry. Co., Chicago.

WAYNE WRIGHTS. Andrew Martin, Jr., went to Milwaukee last Thursday. Rosa Bingham is now employed in the Philip Eckel household. Wm. Petri and wife visited friends at Campbellsport last Sunday. E. D. Foltz spent Sunday with his brother Dr. Foltz at Newcassel. Katie Martin is visiting her brother John and wife at Kewaskum this week. Thomas Byron has purchased the 40-acre farm of Mrs. Francis Gardier for \$2,400. Petri Bros. shipped another large consignment of clover seed and cheese last Thursday. Farrel & Meixensperger of Campbellsport were here Monday buying a lot of sheep. P. W. Clark and daughter Mary attended the funeral of John Norton at Byron last Saturday. John Hawig and wife returned home this week from their wedding trip to Hilbert Junction. James O'Connor of Osceola will commence his winter term of school in Dist. No. 3 next Monday. Invitations are out announcing the marriage of Andrew Byrne of this place to Miss Margaret Casey of Milwaukee on Nov. 7th. Thursday last Drs. Hausmann and Lambeck of Kewaskum performed a surgical operation on George Abel for an affection of the skull.

Reformer.—Let's have an honest election. Practical Politician.—That's what I say. Let's have it all fair and square, straight up and down. Let's don't expect any votes we don't pay for, and let's don't pay for any we don't get.—Washington Star.

That Cough Hangs On. You have used all sorts of cough remedies but it does not yield; it is too deep seated. It may wear itself out in time, but it is more liable to produce la grippe, pneumonia or a serious throat affection. You need something that will give you strength and build up the body.

SCOTT'S EMULSION will do this when everything else fails. There is no doubt about it. It nourishes, strengthens, builds up and makes the body strong and healthy, not only to throw off this hard cough, but to fortify the system against further attacks. If you are run down or emaciated you should certainly take this nourishing food medicine.
