I am Past 80 and Not a Gray Hair

"I have used Ayer's Hair Vigor for a great many years, and although I am past eighty years of age, yet I have not a gray hair in my head."- Geo. Yellott, Towson, Md., Aug. 3, 1899.

Have You Lost It?

We mean all that rich, dark color your hair used to have. But there is no need of mourning over it, for you can find it again.

Ayer's Hair Vigot always restores color to gray hair. We know exactly what we are saying when we use that word " always."

It makes the hair grow heavy and long, too: takes out every bit of dandruff, and stops falling of the hair. Keep it on your dressing table and use it every day. \$1.00 a bottle. All druggists.

Write the Doctor

If you do not obtain all the benefits you desire from the use of the Vigor, write desire from the use of the Vigor, write the right thing to do, and will send you his book on the Hair and Scalp if you request it. Address, Dr. J. C. AYER, Lowell, Mass.

Catarrh Cannot Be Cured

tarrh is a blood or constitutional disease, and in order to cure it you must take in-ternal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and nuccous surfaces. Hall's Catarrh Cure is not a quack medicine. It was pre-scribed by one of the best physicians in this country for years, and is a regular pre-scription. It is composed of the best tonies known, combined with the best blood purifi-ers, acting directly on the mucous surfaces. The perfect combination of the two in-gredients is what produces such wonderful results in curing Catarrh: Send for testi-monials, free.

Good fellowship does it. You eat too much and wash the good things down with too much drink. The good time ends in a muddled condi-tion, and the stomach is worse muddled than the head. Think of mixing up the various lots of food you eat at a dinner, from soup to nuts, in one receptacle, and adding half a dozen different kinds of drinks, alcoholle and otherwise. Stir the mixture up well and imagine what a sickening mess it would make.

Yet that is what you do in your stomach, ad your digestive apparatus can't handle and your digestive apparatus can't handie it. So the horrible stuff takes a night's lodging in your over-burdened interior and sours there. All this fermentation of undigested food with the self

with its evil consequences can be easily avoided. All that is necessary is to take a tablet of Cascarets Candy Cathartic be-fore going to bed, and you'll feel all right

Hands and Limbs Covered with Blisters and Great Red Blotches. Scratched Until Almost Wild. Burned Like Fire. Sleep Impossible. CUTICURA Remedies Bring Speedy Relief and a Permanent Cure at a Cost of Only \$2.

I was a sufferer for eight years from that most distressing of all diseases, Eczema. I tried some of the best physicians in the

country, but they did me little good. The palms of my hands were covered and would become inflamed; little white blisters at first would appear, then they would peel off, leaving a red, smooth surface which would burn like fire and itch; well, there is no name for it. On the inside of the upper part of both my limbs great red blotches, not unlike hives, would appear, and as soon as I became warm the burning and itching would begin. Night after night I would lie awake all night and scratch and almost go wild. I heard of CUTI-CURA REMEDIES, got them and

gave them a thorough trial, and after a few applications I noticed the redness and inflammation disappear. Before I had used one box there was not a sign of Eczema left. I can truthfully assert that \$2.00 worth of CUTICURA REMEDIES cured me. There has been no sign of its return anywhere upon my body since I wrote you I was cured, nearly four years ago. Hardly a month passes but what I receive a letter or some one calls and wishes to know how I got cured, if I had Eczema bad, and if the cure has been permanent, etc., etc. I always take pleasure in enlightening them the best I can.

The agonizing itching and burning of the skin, as in eczema, the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm, the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter, and salt rheum — all demand a remedy of almost superhuman virtues to successfully cope with them. That
