DEEDS—Last Saturday, Geo. Hausmann, aged 72 years. The deceased was born in Raamstatt, Germany, came to this country 50 years ago and resided here ever since.

During his first year here, while residing on the place now owned by Math. Theisen, he married Miss Thull, after which he moved to the place south of here where he spent the rest of his life. Besides two sons—Jacob of this place and Math. of the town of West Bend—he leaves a brother, Jacob, of Milwaukee.

He was generally regarded as a good man by all who knew him, and a host of friends sympathize with the bereaved relatives. The funeral was held Tuesday, with services at the Catholic church here and Rev. Muenzer officiating. May he rest in peace.

An office-seeker (who should be elected for his candor) makes this unique announcement: "I want the office for the money there is in it. I ain't patriot enough to serve the state for nothin'. I couldn't if I wanted to—with one wife, two mortgages and eight children. If elected I will prove worthy of the trust; if not, I don't know where I'll get trust"—Atlanta Constitution.

It was at the First Presbyterian church Sunday school, says the Cincinnati Enquirer, and the teacher was endeavoring to impress her class with the idea of the Lord's omniscience. "Why, just think," she said, "He knows the name of everyone of you." Little Hazel Kirschenschlager leaned forward in her chair, with an expression of incredulity on her face. "Well," she said, "after hesitating a moment, 'perhaps he does know my name, but I'll bet he don't know how to spell it.'"

FULLNESS OF LIFE. A Right That Belongs to Every Man, Woman and Child—How to Enjoy It.

It always makes us feel good to meet a person who shows that every nerve and muscle and organ of the body is brimful of vim and vigor and health. Such people drive away the "blues" and what a pity every person don't always feel so full of life. Millions more would if they had good health. Statistics show that the most common causes of poor health are troubles of the chest, throat, and lungs. It was this fact that produced Dr. King's New Discovery for Consumption, Coughs, and Colds, the world's greatest throat and lung cure.

During the last 25 years hundreds of thousands have found by experience that this wonderful cure conquers these maladies from the so-called simple coughs and colds to the desperate and fatal diseases of the lungs. Thankful letters prove this supreme remedy does cure Consumption, Pneumonia, Bronchitis, Pleurisy, Hemorrhage, La Grippe, Lung Fever, Asthma, Hay Fever, Croup, Whooping Cough, etc. It acts very quickly on the diseased mucous membranes of throat and lungs, soothing, healing, and cleansing them of all impurities. See what this royal cure did for Henry Mize, of Welch, W. Va. Mr. Mize, who is 61 years old, writes: "For seven years I was constantly in pain, and my suffering was great. This pain would now be in my sides, then in my breast, changing from time to time. I tried several doctors, but they could do me no good. I heard that Dr. King's New Discovery was good for troubles of the throat, lungs and chest, and decided to try it. One bottle cured me, and I have not had a touch of the pain since. I cannot find words to thank you for this wonderful medicine." If suffering, ask for Dr. King's New Discovery, and take no substitute. Large bottles 50 cents and \$1. Money back if not cured. A trial bottle free. At all druggists.
