SATURDAY, AUG. 11, 1900.

C. H. Weisse of Sheboygan Falls was nominated at the Democratic congressional convention of this district at Sheboygan last Thursday.

The disfranchising of ignoramuses in North Carolina is to be regretted only in that it does not include the white voters who are too downright negligent to learn to read and write.

It is formally accepting the nomination as the Democratic candidate for the presidency, at Indianapolis last Wednesday, W. J. Bryan devotes most of his speech to imperialism and trusts.

The hot weather of this week resulted in fatally prostrating a number of people in cities where the height and proximity of business houses do not permit summer zephyrs to circulate so freely as in country towns.

The Cream city tax commissioner who has succeeded in finding about \$6,000,000 worth of property there, which had never been assessed before, should be continued in office, but the chances are that he will politically suffer for "pernicious activity" in the discharge of his duties.

That a high sense of honor and devotion to duty exists among even the minor officers on the steamships plying between this country and Europe is sadly illustrated by the suicide of the third officer of the Hamburg-American liner Deutschland after being found asleep at his post.

The Holland heiress who eloped to Appleton with her coachman, tired of him when he took to farming in Iowa. This shows that even a coachman should never fail to keep up appearances in such a case, especially when he has free access to the heiress' purse.

It is now probable that the United States will acquire some more foreign territory, since Falcon island has again bobbed up in the Pacific ocean, after disappearing beneath the water for several years. Perhaps it has arisen from the sea in protest of our work in the Philippines.

While the sheriff of Milwaukee county wonders how a number of his boarders obtained the necessary tools to effect their escape, the fact that he was anonymously notified in time to retain the fellows, leads to the suspicion that some scheming builders of new-fangled cells are at the bottom of the whole mystery.

China's cry to the powers, "If you stop the advance, we will continue to protect the envoys," reminds one of Oom Paul's "bluff" to blow up the Johannesburg mines in case the British advanced upon Pretoria. Further, China thus admits she can protect the envoys if she cares to, and thus becomes responsible for their safety.

In attempting to lecture on "The History of Italy" so soon after the assassination of King Humbert, Mrs. Lucy Parsons received the treatment that any anarchist might have expected from the police of Chicago last Sunday. However, without an occasional advertisement of that kind, Lucy could not attract audiences to her lectures.

The Farm News says: "The whole basis of trusts is confidence in their strength, and once that confidence is destroyed they must go to pieces. The only thing that now bolsters these gigantic conspiracies against the public weal from failure are the special privileges they work under. These trusts will soon be taken away, for the public is beginning to understand the nature of trusts, and that their supports are laws which militate against the people."

It is reported that the American flag was recently refused admittance to an Aurora, Ill., church on the occasion of the funeral of a soldier of the Spanish-American war. Perhaps the pastor was afraid Old Glory would outshine the fixed interior decorations, and thus tend to detract from the solemnity of the proceedings. However, the restraining order was broken without trouble by somebody who evidently considered our flag as being good enough for any place or person under its protection.

In St. Louis it seems the officers of the law do not care to punish murderers unless pressed to do so. For instance, S. P. Dahlman of Burlington, Ia., recently sought mental relief by voluntarily confessing that while living in St. Louis years ago he smothered his sick wife to death with a pillow. To this information the Missouri city authorities replied that they found no evidence of the truth of the man's story there and consequently would not take up the case. Thus it seems that a self-confessed criminal will not be punished in St. Louis unless he proves his guilt beyond a doubt.

**DISTURBANCE TO TRADE.**

Serious disturbance to the trade of the entire world with China is threatened by the present unsettled situation, while the indirect effects due to derangement of the ocean transportation are likely to be far-reaching. The general opinion is that now business on any Chinese account is dead, and immense accumulations of foreign goods at the leading ports are reported. At Shanghai goods arriving on old orders are reported being stored under temporary shelter, owing to the crowded condition of the warehouses there.

So far as this country is concerned, our chief interests lie in the trade in cotton goods, refined petroleum and manufactured tobacco. Cotton cloths are our chief item of export to China, as about two-thirds of our total shipments consist of sheetings, drillings, flannels and jeans. Several New England mills devoted to this trade are reported to have curtailed their output or wholly shut down, and Southern mills are likewise interested.—X.

At the Republican state convention in Milwaukee this week, R. M. La Follette was unanimously nominated to head the state ticket. The other nominees consist of the present state officials. Mr. La Follette will "catch" a great many young voters throughout the state, not merely owing to his popular political ideas, but because he presses them to the front, despite the protests of some of the most influential Republicans in Wisconsin politics.

In view of Geo. W. Peck's congressional candidacy against Theo. Otjen, it might be well for him to retire from the Democratic state chairmanship early, and thus avoid any crush at the hands of his own party.

**A Mother Tells How She Saved Her Little Daughter's Life.**

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering.—Yours truly, Mrs. F. Bruck, Liberty, R. I. For sale by L. Rosenheimer.

**Broken Bric-a-Bracs.**

Mr. Major, the famous cement man of New York, explains some very interesting facts about Major's Cement. The multitudes who use this standard article know that it is many hundred per cent. better than other cements for which similar claims are made, but a great many do not know why. The simple reason is that Mr. Major uses the best materials ever discovered and other manufacturers do not use them, because they are too expensive and do not show large profits. Mr. Major tells us that one of the elements of his cement costs \$1.75 a pound, and another costs \$2.05 a gallon, while a large share of the so-called cements and liquid glue upon the market are nothing more than ice, dissolved in water or citric acid, and in some cases, altered slightly in color and odor by the addition of cheap and useless materials. Major's cement retails at 12c and 25c a barrel, and when a dealer tries to sell a substitute you can depend upon it that his only object is to make larger profits. The profit on Major's cement is as much as any dealer might make on any cement. And this is doubly true in view of the fact that each dealer gets his share of the benefit of Mr. Major's advertising, which now amounts to over \$5,000 a month, throughout the country. Established in 1875. Insist on having Major's. Don't accept any off-hand or cheap imitations so that you find that you are a good investor in rubber and leather articles with Major's Leather Cement. And you will be surprised at how many dollars a year you will thus save. If your dealer can't supply you, it will be forwarded by mail (either kind) free of postage.

Krueger, living two miles north of here, lost 6 calves, which were struck by lightning while standing in a bunch, and that a calf was similarly killed at Ed. Weiss's place, while a hay-stack on Peter Plumm's farm was struck and burned up. —The raffle and dance which Sergeant F. J. Fellenz gave at the North Side park last Sunday evening was well attended. The following won the Philippine war relics which were raffled, viz: Jas. Mulvanny, Gustav Haussmann, Arthur Strachota, Wm. Schaefer, Ed. Koch, H. Rehorst, Will Oggenorth, Hy. Ebert, Peter Braun and Henry Yankow. —Everybody is invited to attend the picnic which will be given by the Ev. Peace congregation at the South Side park tomorrow (Sunday). The festivities will begin at 11 a. m., and a committee of ladies will serve both dinner and supper on the grounds at 15c per person. Besides numerous park games and pastimes there will be concert music by the Kewaskum brass band during the afternoon.

NEWCASSEL NUGGETS. Mr. Gruber of Leroy was a caller here Sunday. Mrs. Weide visited friends at Hartford last Sunday. Wm. Sidicker of Milwaukee spent last Sunday at Andler's. Joseph Bousier of Mitchell was a business caller here Tuesday. Miss Rosalia Remmel of Kewaskum was a guest of Mary Bannon last week. James Ward, chairman of the town of Ashford, was a business caller here Tuesday. The new addition to Rev. Huecker's residence will soon be ready for occupancy. Prehn Bros. were kept very busy the past week delivering coal to their customers. Michael Hall has accepted the position of assistant engineer at the flour mill. Miss Bertha Prehn of Fond du Lac is visiting her uncle Wm. Prehn and family here. D. A. Folts of Fond du Lac arrived home Wednesday night for a few days' visit. Mrs. Prehn returned here Tuesday, after visiting friends at Fond du Lac for two weeks. W. J. Green and sister from Oshkosh are spending the week at Murray & Naughton's. George Murray of Fond du Lac visited at Murray & Naughton's last Monday and Tuesday. Misses Maggie and Katie Fellenz were pleasant callers at Miss Lilly Glass' home last Monday. Attorney F. L. Doyle of Fond du Lac transacted legal business in Justice Canniff's court yesterday. Robert Raymond and his lady friend from Campbellsport spent last Sunday afternoon at Long Lake. Mr. and Mrs. Arthur Schlichting of Sheboygan Falls are visiting Dr. W. R. Folts and family this week. Miss Bella Husting visited the Loyd family at Byron, the week before last, and returned last Saturday. Mr. July, brother of Rev. B. July, has returned to his home in Saukville, after spending several weeks here. Henry Schneider, proprietor of the South Side park at Kewaskum, was a business caller here Tuesday afternoon. Hon. J. L. Gudex, the famous justice of the peace of the town of Eden, was here Tuesday, presumably on legal business. Mrs. Nic. Scholler of Ashford and a couple of lady friends from Milwaukee visited the former's brother-in-law here Tuesday. Mr. Yapp of Fond du Lac, who represents the Standard Oil Co., was here looking after the company's interests last Saturday. Harvesting is nearing completion around here, only some oats being out here and there, and threshing will soon be in full blast. Mrs. Wm. Pool and daughter, Jessie returned from Omro today (Sat.), after spending several weeks visiting Mr. Pool's sister, Mrs. Van Gilder. Peter Netzing, general agent for the W. W. and O. D. S., was down here Tuesday to attend the annual meeting of the local fort of the above named society. Otto Teschendorf, our popular town chairman, visited relatives at Ripon last Saturday and Sunday, and also attended the senatorial convention there Monday. Mrs. Green, mother of our teacher, visited at Naughton's and Glass' for a few days this week. She returned to Oshkosh last Thursday, accompanied by her daughter. Ice cool refreshments were in great demand and much indulged in by our people during the fore part of this week, while the thermometer registered from 90 to 98° in the shade. The Messrs. Otto Teschendorf, W. R. Folts and Theo. Fick attended the Republican senatorial convention at Ripon last Monday, and helped to nominate E. D. Morse of Princeton. Misses Tillie Witzig and Mary Harter of Kewaskum were in our burg last Monday in the interest of the fair which the Holy Trinity congregation will hold there before long. They received a liberal patronage from our people. John Schneider, our former cooper but now of Oshkosh, favored us with a business call Monday. He is at present employed by his brother, who manufactures straw crasings for packing bottles at Oshkosh. We were all glad to see him. Our hardware man, Mr. Diedrich, is now busily engaged doing tin work for farmers and putting eavtroughs on their buildings. He lately received a fine lot of cooking and heating stoves for the fall trade, which can be had at reasonable prices. He also carries a nice full line of other hardware. Give him a call. Martin Haussner of Beechwood mailed his brand new separator home from the depot last week. Martin threshed in our vicinity several years ago, and always gave the best of satisfaction. This season he will thresh in his neighborhood around Beechwood, and he expects a big run. We wish him the best of success. Owing to the number of fires lately caused by lightning in this vicinity, our villagers are considering the advisability of purchasing an engine and the necessary apparatus for extinguishing fires. A village of our size should have such an outfit, besides a well drilled company of firemen. The proposition is being generally favored, and we hope that the improvement will soon materialize. At the first annual meeting of the Wisconsin Widows and Orphans' Donation society last Tuesday, the following officers were elected, viz: Ph. Damm, president; Mrs. Wm. Klumb, vice-president; H. C. Scholler, secretary; W. Bixby, treasurer. Mrs. Mary Loose returned home last Thursday night, after spending two weeks in the northern hospital at Oshkosh. Her husband persisted until he finally secured her release. We hope she will not disturb the peace of our village hereafter. We were freely entertained Thursday evening by some of our musical young men, who went boating on the river and rendered some quartet songs. It was all right, boys; keep it up! There is no musicnier than a good song well rendered on the water. The Roosevelt campaign hats arrived at Wm. Pool's store this week, and the leading Republicans of our village and vicinity now wear them. Judging by the number of such hats sold, there are a good many of that creed among us. We would also like to see the Democrats here wear campaign hats, so that we would be able to forecast the result of the election next fall, as it has been proven time and again that as goes the town of Auburn so goes the whole country. The following spent Sunday afternoon at Long Lake and Sand Lake, viz: The Messrs. Green, Martin, Myrtle Folts, Flossie Folts, Grimminger, Haeley of Pierce county, Haeley of Elgin, Glass, Morgan, Glass, and Messrs. Green, Carl Huecker, Walter Glass, Lorenz Haeley, Wm. Murray, George Volz, Arnold Bannon; also Arthur Schlichting and wife. Dr. Folts and Mrs. D. Folts. They report as having highly enjoyed the outing. You will never find any other pills so prompt and so pleasant as DeWitt's Little Early Risers. All druggists. THRESHING HAS COMMENCED. Geo. Basler of Cedar Lake called here last Sunday. Arnet family near Wayne last Sunday. Miss Dorathen Strachota and her brother Kilian of Kewaskum called on their brothers Andrew and Ben. here Monday. A pleasant party was tendered Miss Tillie Hosp last Sunday, on the occasion of the 17th anniversary of her birth. Dancing was indulged in until a late hour, and all report as having had a highly enjoyable time. The quicker you stop a cough or cold the less danger there will be of fatal lung troubles. One Minute Cough Cure is the only harmless remedy that gives immediate results. You will like it. All druggists. LOCAL MARKET REPORT. Peace church, with Rev. Erber officiating. —It is reported that in future rural mail carriers will have an indelible pencil for the purpose of canceling stamps on letters taken up and to be delivered at places on their routes. It is said that this order will tend to nearly double the business of such carriers, as many farmers preferred to deliver their messages themselves upon learning that letters to persons along the route were carried to the postoffices for cancellation and thus delayed a day in transmission. —At the Republican county convention held in West Bend last Saturday, the following delegates were elected to the state convention, viz: H. K. Butterfield, John A. Reik, Hartford; Jos. Masak, Trenton; Wm. C. Bratz, Fred C. Kreiger, Arthur Frankenberg, West Bend; John Christnacht, Addison; E. E. Assmann, Jr., Kewaskum; J. J. The 50th anniversary of the wedding of Mr. and Mrs. Henry Bremser, Sr., was celebrated at their home, 3 miles east of here, last Sunday, with about 70 relatives and friends in attendance. The event proved a great surprise to the couple, in that their children made all the preparations and even invited the guests unknown to the principals, and when the latter returned home from church Sunday they found the guests assembled and a delicious dinner awaiting them. Mr. and Mrs. Bremser are among the oldest settlers in the county, having emigrated to this country in 1855 and settled in the town of West Bend, where they lived 5 years previous to settling on their present homestead, 40 years ago. —The 11-month-old son of Mr. and Mrs. Wm. Wesenberg died yesterday (Fri.) and will be interred Sunday. The funeral will leave the house a 9 a. m., and services will be held at the Ev. Peace church, with Rev. Erber officiating. —It is reported that in future rural mail carriers will have an indelible pencil for the purpose of canceling stamps on letters taken up and to be delivered at places on their routes. It is said that this order will tend to nearly double the business of such carriers, as many farmers preferred to deliver their messages themselves upon learning that letters to persons along the route were carried to the postoffices for cancellation and thus delayed a day in transmission. —At the Republican county convention held in West Bend last Saturday, the following delegates were elected to the state convention, viz: H. K. Butterfield, John A. Reik, Hartford; Jos. Masak, Trenton; Wm. C. Bratz, Fred C. Kreiger, Arthur Frankenberg, West Bend; John Christnacht, Addison; E. E. Assmann, Jr., Kewaskum; J. J. Leins, Germantown; Rudolph Schuppert, Polk; L. A. Kliesey, Jackson; Jacob J. Autenbacher, Richfield. —The State crop bulletin for the week ending with last Monday reports the week as having been very favorable for corn. Oats and barley is practically all cut and stacked. Haying is generally completed, except second growth clover, which has made excellent growth and will be a large crop. Pastures are in good condition and furnish an abundance of feed. The pea louse has totally destroyed the pea crop in Kewanne and Manitowish county or portions thereof. The apple crop is only fair. GOLDEN WEDDING. The 50th anniversary of the wedding of Mr. and Mrs. Henry Bremser, Sr., was celebrated at their home, 3 miles east of here, last Sunday, with about 70 relatives and friends in attendance. The event proved a great surprise to the couple, in that their children made all the preparations and even invited the guests unknown to the principals, and when the latter returned home from church Sunday they found the guests assembled and a delicious dinner awaiting them. Mr. and Mrs. Bremser are among the oldest settlers in the county, having emigrated to this country in 1855 and settled in the town of West Bend, where they lived 5 years previous to settling on their present homestead, 40 years ago. Mr. B. is 77 years of age, and his wife is 40 years younger, while both are hale and hearty, and we hope they may live to enjoy many more years together. The following from elsewhere were present, viz: Geo. Diener, Sr., Geo. H. Diener, Jr., and family; Nic. Diener and family, David Froehlich and wife, all from Chicago; Mr. Hoffmann and family of Milwaukee, and Fred Ludwig and wife from Campbellsport. Village Board Proceedings. Grass at Green Bay Ruined by a Peculiar Pest Which Cannot be Combated.

The worms are of a species that has not been identified. It is a long, thin, worm-like creature, about half an inch in length, and it burrows through the turf, close to the surface, wherever it finds a chance. There are now thousands of these worms on the lawns, and they are eating a trail of rust-colored, lifeless grass.

RUSSIAN DISLIKE OF TUNNELS.

Remarkable Statement by an American Railway Inspector.

There are, naturally, the usual, but all tunneling has been avoided. The writer did not see a single tunnel in the Ural range. It is a remarkable fact that during the trans-Siberian railway inspection the writer did not observe a tunnel anywhere; and even after coming to the Ural range, about 2000 miles of line had been covered before he saw the first tunnel.

This was near Tyra, not far from the illustrious Tolstoy's home; and it was while responding to a protracted invitation from the grand Russ, that the writer came across this, the first tunnel noted, after 1000 miles of overland railway inspection.

Russian railway engineers would sooner climb up a small mountain than dig a tunnel, leaving a yawning chasm between the rocks, with two "streaks of light" from the top of the mountain. The writer, however, found that the Russian engineers are not averse to tunneling, but they prefer to dig a tunnel through a mountain rather than through a hill.

When the difficulty of getting the stolid Russian mind to understand a matter like this is borne in mind—a former British minister at Peking once said in his wrath that to obtain a concession from the imperial ministry of China was like trying to draw water from a scorpion's tail—the fact that the Russian engineers are not averse to tunneling is a somewhat noteworthy discovery.

The imperial family of Russia possesses a most valuable collection of precious stones of any reigning house in the world.
