### Local Boys Defeated

The local High School Basketball Quintette journeyed to Hartford last week Friday evening and met their first defeat at the hands of the Hartford High School Basketball team by a score of 33 to 21. Despite the condition of the floor the game was very fast and characterized by clean playing on both sides. The officiating of Referee Schaefer and Umpire Buckley were very good and no disputes marred the game. Although the boys were outpointed they were not outclassed and they expect to win when Hartford plays here on February 18th. The boys all report a good time and thank the Hartford boys for the gentlemanly treatment they received.

APPOINTMENTS FOR BANK EXAMINER AND OIL INSPECTOR ARE SENT TO SENATE.

## LEGISLATORS RESUME WORK

Long Grind Begins After Recess from Second Day of Session—Senate and House Hold Joint Session to Consider Workers' Compensation.

Madison.—The legislature of 1911 made its real start on Jan. 17 after a recess from the second day of the session. In the assembly Speaker Ingram announced his committees, after the assembly had summarily turned down the resolution of Mr. Schwabach, Democrat, for their appointment by a committee of members.

Gov. McGovern sent the following appointments to the state senate for confirmation:

For member of railroad rate commission to succeed B. H. Meyer—David Harlowe of Milwaukee.

For banking commissioner to succeed Marcus C. Bergh of Madison—A. E. Kuolt of Kenosha.

For chief oil inspector to succeed Edward Tracy of Milwaukee—Louis F. Meyer of Milwaukee.

For members of the state board of normal school regents—C. H. Crownhart of Superior and Mrs. Theodora W. Youmans of Waukesha, both being reappointments.

For the first time in Wisconsin both houses of the legislature met together for joint discussion of the workmen's compensation bill. Both houses practically met in committee of the whole, the regular formalities of a joint session being maintained.

The following joint resolution was introduced by Assemblyman D. B. Stevens.

A resolution relating to a statement showing the estimated revenue and expenditures of the state.

A resolution pertaining to the new capitol.

This resolution intimates that the work on the new state house has been dragging and calls for a statement of expenses to date to be furnished to members.

## BADGER COW STILL IN LEAD

University of Missouri Holstein Unable to Equal Year's Record of Prize Rosendale Milk.

Rosendale.—The year's milk test, over which Missouri Chief Josephine, the 8-year-old Holstein cow owned by the agricultural college of the University of Missouri, was sent after the world's record, has ended, according to a dispatch from Columbia, Mo.

Figures and data are not compiled, but it is known that Josephine did not land the record for a year, though the great cow smashed all records for eleven months or less.

She is between 150 and 300 pounds behind the record of Colantha Fourth's Johanna, also a Holstein, owned at Rosendale, Wis. Her mark was 27,432 pounds in twelve months.

## EXAMINE CORRESPONDENTS

Reporters at Capitol Will Not Be Allowed to Represent Any Interests Other Than the Newspapers.

Madison.—Any newspaper man who is found serving outside special interests will be denied the privilege of the floor of the assembly, was the ultimatum delivered by Speaker Ingram while employes of the assembly were being sworn in. Mr. Ingram cautioned them not to give out any information to "lobbyists." He also will attempt the task of preventing persons who are outside persons who are interested in measures in the assembly from having easy access to matters going on.

## Hardware Men to Meet

Convention of Wisconsin Retailers' Association Scheduled for End of January in Milwaukee.

Milwaukee.—The Wisconsin Retail Hardware association, which is probably the strongest retail trade organization in the state, having in its membership 826 out of a possible 995 legitimate hardware dealers in Wisconsin, will hold its annual meeting from Jan. 31 to Feb. 3, in the Auditorium. This convention brings with it the biggest hardware display of the year, not excepting that at the Wisconsin state fair.

Farmer Convicted of Fraud. Marinette.—Peter Kutich has been found guilty in the Marinette circuit court of selling property with the intent to defraud. He sold a farm on which there was a mortgage and failed to make the title of the purchaser of the property clear.

## CORA EDWARDS NOT GUILTY

Jury in Oshkosh Murder Trial Gives Verdict of Acquittal After 24 Hours' Deliberation.

Oshkosh.—After being out twenty-four hours and reporting that it could not agree, the jury in the trial of Cora Edwards, charged with the murder of William T. Ebeling, later brought in a verdict of not guilty.

The woman displayed the keenest interest as the twelve men who held her fate in their hands filed into the room. She showed no great emotion, but shook hands with the judge when the verdict was announced. She was immediately discharged and left the courthouse at once.

The case has been one of the most memorable in the annals of Winnebago county, and of wide interest throughout Fox valley. The court room was packed at all times and many were turned away.

Cora Edwards was charged with shooting William T. Ebeling, a wealthy young business man of Green Bay, Sept. 27, 1910, in a disorderly house conducted by her at Neenah. Two shots were fired soon after the pair went to the woman's room, following an automobile ride. As Ebeling died at Clark hospital he made a statement to the district attorney that Cora Edwards did not fire the shots, but that he discharged the weapon himself, accidentally.

This statement played an important part in the case, being introduced as evidence. The defendant was the divorced wife of Ebeling. They were married at Milwaukee.

## WEATHER DRY FOR TOBACCO

Growers and Dealers of State are Disappointed by Lack of Moisture to Soften Leaves.

Deerfield.—Tobacco growers, as well as dealers in the product hereabouts, are much disappointed because of the lack of moist or tobacco casing weather. Not since the tobacco has been cured sufficiently to take from the poles has the weather been moist enough to soften the leaves and render it fit for handling. Laborers who depend on the winter warehouse work for their support are beginning to suffer and the farmers depending on the crop for their income are equally disappointed.

## JUDGE LANDIS IN BANK SUIT

The company has no capital stock, funds for the proposed improvements being raised by private subscription. The incorporators are W. W. Warner, A. O. Pannach and W. D. Curtis.

Racine Wins Y. M. C. A. Meet. Madison.—Racine, with a total of 26 points, won first place in the tenth annual gymnasium and athletic meet held here in connection with the state convention of the Young Men's Christian association. Milwaukee was second with 25 points and Kenosha and Janesville were tied for third with 7 points each. Emerson Ela of this city was elected president of the association.

Receives "Black Hand" Letter. Port Washington.—Mrs. Delos Smith of this city received a letter of the black hand type directing her to send \$200 by her 12-year-old son to a designated spot tonight. She reported the matter to the police, but a decoy failed to produce results. It is believed the "black hand" is a local people.

Park Tract Being Vacated. Marinette.—Only seven families now remain on the tract of land in Door county purchased by the state for its first park. These will soon leave and a determined effort will probably be made by the park board for an appropriation this winter to begin improvements in the park. The state park consists of 4,000 acres.

Steal Milkman's Pennies. Fox Lake.—There are many mean individuals who would steal the pennies of the Chinaman's eyes or rob a baby, but for a petty grafter this city has them all beaten. For some time past, some sneak has been going the rounds ahead of the milkmen and stealing the pennies out of the milk bottles. While the amount in each case is little loss to the families, it makes quite a haul for the thief. Efforts are being made to capture him and we be unto him if he happens to fall into the hands of any of the huskier aggrieved citizens.

## BOARD ISSUES AN ULTIMATUM

Public Service Companies Threatened With Fines by Railroad Commission Unless Reports be Made.

Madison.—The state railroad commission has served notice on six public service corporations, giving them ten days in which to observe orders issued by the commission in the past, but up to the present time ignored.

It is declared that the offending corporations, the Mineral Point Gas and Electric company, the Janesville Electric company, the Dodgeville Electric Light and Power company, the Mauston Electric Service company, the Montello Granite company and the Eagle River Light and Water company, have furnished service contrary to law and have failed to report their true cost of operation.

After ten days, if the orders have not been obeyed, further investigation will be made and where advisable suits will be filed. The penalty in case of conviction is a fine of from \$100 to \$1,000. Each day's delay constitutes a separate offense.

Notice also has been given that should any official of public utilities owned by cities of the state refuse to answer questions of the commission regarding cost of operation of the plants, he will be prosecuted under the law that provides a fine and imprisonment for refusal to obey the commission's orders.

Should the power of the commission be ignored in either of the cases, the attorney general will be asked to proceed against them under the law. The decision of the commission to proceed against the corporations already named is but part of a well defined program to compel all public service corporations to comply strictly with the law, it is said.

## YOUTHS SAVE PASSENGERS

Racine Lads Frustrate Supposed Attempt to Wreck Chicago-Milwaukee Interurban Car.

Racine.—Twenty passengers on a northbound Chicago and Milwaukee interurban car have cause to thank Albert Armeson and three companions, who prevented what might have been a bad wreck. The lads were hunting about a mile south of the city and discovered four ties on the track, which they removed only a few moments before the car passed at a high speed.

## ASKS AID FROM GOVERNOR

Carl Thron of Leon Wants McGovern to Assist Him in Recovering His Farm.

Madison.—Declaring that he had been swindled out of his farm by unscrupulous agents, Carl Thron of Leon has applied to Gov. McGovern to help him recover his property. He asserted that he had been induced to part with his land near Leon for a worthless farm in Virginia. He was advised by the state executive to take the matter to the courts for settlement.

Racine Manufacturer Dies. Racine.—Abraham H. Harris, for twenty-five years secretary, director and heavy stockholder in the great J. I. Case Plow works, is dead in his home at Riverside, Cal., according to a telegram received here. He was born in New Jersey in 1848 and came to Racine in 1851. Seven years ago ill health necessitated his retirement from active life. In addition to his holdings in the Case company, he was also interested in the manufacture of fanning mills and was one of the best known Presbyterians of the state.

Cameron Will Be Filed. La Crosse.—The will of the late Donald J. Cameron, which has been filed, disposes of an estate valued at about \$500,000. The property is to remain intact during the lifetime of Mrs. Cameron, four-tenths of the income in the meantime to go to the widow and one-tenth to each of the six children. On the death of Mrs. Cameron and the oldest child the property is to be divided equally among the others. Each child will eventually receive upward of \$100,000.

## NOT AS BAD AS IT SOUNDED

Wonderful Highland Dialect Responsible for Wrong Impression Given Divine.

Andrew Carnegie, at a dinner in New York, talked about the Scotch dialect.

"It's a hard lingo to understand," he said. "It often causes awkward mistakes. 'Once an American divine spent Christmas in a Highland inn. On Christmas morning he gave the maid a tip of a sovereign, and he said, looking earnestly at her—for she was a pretty maid—

'Do you know, Kathleen, your are a very good-looking lassie?'

"Of course Kathleen was pleased, but, being modest, she blushed like a rose and answered:

'Ah, na; Ah na! But my kissin, sir, is beautiful!'

"The divine frowned.

"Leave the room, you wicked young baggage!" he said sternly.

"He didn't know, you see, that modest Kathleen had been simply praising in her Highland dialect, the superior charms of her cousin Janet of Peebles."

## COMPLETELY PROSTRATED.

So Sensitive to Pain She Had to Be Turned in Sheets.

Mrs. Eliza Kirk, S. Main St., Spencer, Ind., says: "I had been prostrated with inflammatory rheumatism. My limbs were swollen, hands drawn out of shape and I was so sensitive to pain I had to be turned in sheets. I was able, at last, under the best medical attention, to crawl around the house with the aid of a cane, but the improvement went no further. Finally my husband brought home a box of Doan's Kidney Pills. It was surprising how quickly they relieved me and how soon I was cured. For three years my cure has been permanent."

Remember the name—Doan's. For sale by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

## NOT THAT.

The Congressman—I'm opposed to the bill at present, but I might change my mind for \$5,000.

The lobbyist—Your mind doesn't appear to me to be worth that much.

A Lesson for Diplomats. Elihu Root, at the luncheon in Providence preceding the dedication of the John Hay Memorial library at Brown university, said of John Hay:

"His diplomacy was gracious, and it was prudent as well. I remember, in an argument about a certain international complication, how very warmly and aptly he once insisted on prudence.

"It was the Christmas season, and he said that we might learn a lesson from a little girl who was naughty in the early part of December.

"Dear me," her mother said. 'If you're going to be naughty I'm very much afraid Santa Claus won't bring you any presents.'

"The little girl frowned.

"Well," she whispered, 'you needn't say it so near the chimney!'"

There's the Rub. "Well," said the optimistic boarder, "there's one thing about our boarding house; you can eat as much as you like there."

"Of course; same as ours," replied the pessimistic one, "you can eat as much as you like, but there's never anything you could possibly like."

It's a great accomplishment to be able to sing, but don't lose sight of the fact that it's just as great a one to know you can't.

If you find any substance in your baking injurious to health made from baking powder in this can there is—

\$1000 In it for you

Calumet has been backed for years by an offer of \$1,000 for any substance injurious to health found in the baking prepared with it.

Does not this and the fact that it complies with all pure food laws, both State and National, prove that Calumet is absolutely pure?

With the purity question settled—then Calumet is undoubtedly the best Baking Powder. It contains more leavening power; it is more uniform—every can is the same. It assures better results—and is moderate in price.

## TAKE A LESSON FROM VENUS

Moral That Writer Has Drawn is Not Without Some Points of Worthiness.

Miss Venus is a lovely girl; not one time has she muttered, against her pale, illumined life not one word has she uttered. Just think she's been without her arms for many dusty ages, and yet she never drops the brine or rants in hopeless rages. She has to stand a bunch of guff from Art bugs down to draymen, and yet she never once comes back and grills the heathen layman. When some low-brow of brutal mein starts merrily to panning and says her face is worse than wood and that her hair needs canning or that he has a waitress friend who jerks a coffee jigger could give her many, many leagues and beat her out on figger, she never even looks at him, that rank untutored sinner, but holds her tongue and pedestals; O, Venus is a winner. She's on the job both day and night; she hears men knock or flatter and women not of classic mold get madder than a batter. She suffers long and quietly with calm and placid manner, in cold no mits to reach a quilt, in heat, no hands to fan her. She is a lesson in herself—a fruit for daily picking. Just spare the world your trouble tales and scratch the useless kicking.—G. S., in Chicago Tribune.

Cat's Tigerish Nature. A shocking affair in which a domestic cat displayed tigerish qualities occurred at Ayr recently. A woman named Mrs. John Scott had occasion to go a message and left a child, six weeks old, in the house. On her return she was horrified to discover that the cat had eaten the small finger of the child's left hand, and had commenced on the next finger.

Exempt. Knicker—Consistency is a jewel. Bocker—Pity nobody smuggles it in.
