## AMUSEMENT COLUMN

### BASKETBALL

The basketball game played here last week Friday evening between the Campbellsport High School and the local quintette, was by far the poorest exhibition of basketball ever played on the local floor. It was marked with all roughness, the score nevertheless resulted in a victory for our boys by a score of 30 to 18. The game was slow on account of this roughness. It was more on the style of a prize fight. Next Friday evening the strong Ripon five will come to this village. This promises to be the big game of the season. A large crowd should turn out to see this game. Ripon are the claimants for the championship of the Fox River Valley.

On Friday March 3rd, one of the best and fastest basket ball games ever witnessed on the local floor will be pulled off at Groeschel's hall between Ripon High School and the local High School.

Ripon has one of the fastest high school teams in the state and claim the championship of the upper Fox River Valley. Everyone knows that the local bunch is there all the time when it comes down to basket ball, so it can be justly said that you will get your moneys worth if you witness this game.

For a curtain riser the second team will clash with New Prospect. No preparations will be spared to have the hall in good condition to accommodate the spectators. Heat will be abundantly supplied and there will be plenty of seating room.

If the locals succeed in taking a game from Ripon it will place them in line with the best High School teams in the state so now BOOST! BOOST! the Basket ball team.

### BOWLING

The bowling season is almost at an end. The Holy Jumpers gained a strong lead for first place Monday evening by defeating the Statesman two out of three. Score:

### Defacement of School Buildings.

One of the criticisms frequently made by the state high school inspector is directed to the disfigurement of school buildings, especially the exterior, by crayon marks and otherwise. Many fine new high school buildings in the state have thus been made unattractive in appearance. Principals and school boards should see to it that this sort of vandalism is stopped.

## RULES FOR LENTEN SEASON ARE ISSUED

Prepared by Archbishop Messmer and to be Read in Churches Next Sunday.

### LENT BEGINS WEDNESDAY, MARCH 1

Ember Week Begins on March 11 and Holy Week on March 26 This Year.

The rules and regulations to be followed in the Catholic churches and homes during Lent have been prepared by Archbishop S. G. Messmer and will be read in all of the churches next Sunday, Ash Wednesday, the first day of Lent, will fall upon March 1. Easter will come at the end of the forty day penitential season on April 16. The regulations for the period are as follows:

1. All Fridays and fast days during the year are days of abstinence from flesh meat. On Saturdays, which by law are also days of abstinence, flesh meat is allowed by apostolic indulgence at all meals, unless they happen to be fast days.

2. The following are fast days of obligation: All days of Lent (except Sundays); the ember days, the vigils or eves of Pentecost, of the Assumption B. V. M., of All Saints, and of Christmas; lastly, the Fridays of Advent.

### RULES FOR FASTING

On fast days only one full meal a day is allowed to persons obliged to fast. But indulgent and custom allow coffee, tea, chocolate, with a piece of bread, in the morning, and the use of eggs, butter, milk, etc., in the evening. For sufficient reason, the collation (lunch) may be taken at noon and the dinner or principal meal in the evening.

During Lent, by apostolic indulgence, flesh meat is allowed only at the principal meal on week days, except all Wednesdays and Fridays, and also Saturdays in ember week (March 11), and holy week (April 15). On fast days flesh meat and fish (including oysters, crabs, frogs, turtles, etc.) are never allowed at the same meal, a rule which applies even to the Sundays in Lent and to all persons however otherwise excused or dispensed from the law of either abstinence or fast. But meals may always be prepared with the drippings of either fat or lard.

Persons excused from fast may use flesh meat more than once in days it is allowed to all, whether in Lent or outside of that season.

3. Catholics having attained the sufficient use of reason are bound by law of abstinence. But when it is either physically or morally impossible to observe the law, or when it would entail serious difficulties, they are excused from it.

### SICK ARE EXEMPTED

In virtue of the apostolic faculties granted us by the holy see, we hereby delegate pastors to dispense, in each single case, from abstinence the men actually engaged in threshing, as well as the farmer families at whose place threshing is going on.

4. Catholics having completed their twenty-first year of age are bound to fast. But the causes just mentioned in regard to abstinence apply also to the law of fasting. Hence the church ordinarily exempts from fasting the sick and those in feeble health (whether by sickness or old age); women nursing children; all who are engaged in laborious and exhausting occupations. Persons in doubt whether they are excused or not should consult their confessor or pastor for advice or dispensation.

### ALMSGIVING SUGGESTED

In virtue of the apostolic indulgence we permit workingmen and their families the use of flesh meat at the principal common meal on all fast days and abstinence days throughout the year, with the exception of all Fridays, Ash Wednesday, the Wednesday and Saturday of holy week and the eve of Christmas.

5. Persons excused or dispensed from the law of fast or abstinence ought to perform some other good works of piety and charity in the spirit of Christian penance and sanctification. Hence the pious custom of giving Lenten alms: "Redeem thou thy sins with alms, and thy iniquities with works of mercy."—Dan. iv., 24. Also the custom of abstaining from intoxicating drinks, of staying away from theatres, card parties and other profane amusements, etc.

## DAM ON MILL POND GIVES WAY

The Give Way of the Local Mill Dam Forces the Kewaskum Roller Mills to Shut Down.

## VILLAGE WITHOUT FIRE PROTECTION

East Half of Village Without Fire Protection as Water was Secured by Power From Mill. Dam Will be Rebuilt.

Considerable excitement prevailed in this village last Saturday evening at about 8:30, when the dam on the local mill pond gave away. The cause of the giveaway was due to frost and the gradual washing out which weakened the supports. Over one-half the dam was wrecked. It will mean an entire new dam. The water rushed through the break with great violence and a roaring noise. Low lands along the river were flooded for several hours, but no further damage was done. The breaking of the dam is a heavy loss to Backhaus & Marx, proprietors of the Kewaskum Roller Mills. They will be forced to shut down until a new dam is built. Preparations are already being made for the erection of a new concrete dam. Work will commence on same as soon as the weather conditions permit. The proprietors wish to announce to the farmers, that they will receive

wheat and rye in exchange for flour as heretofore. That the dam would give away was expected by the proprietors for over a week, as it began bulging out in the center more and more each day. Nothing could be done however to prevent it, as the water was too high, which rushed over the dam with too great a force. The ice on the pond was considerably caved in, on account of the water beneath it flowing away. Sunday morning a number of village fishermen could be seen along the river catching fish, as they were plentiful.

The accident leaves the east half of the village practically without fire protection, as water was secured by power from the mill. Something ought to be done by the village board for the protection of those living in that part of the village. If put off, a large conflagration might be the result.

### Stark Now in Council.

This office is in receipt of The Orange County Plain Dealer from Anaheim, California, in which appeared an item under date of February 11, 1911, that Wm. Stark was appointed a member of the council of Anaheim. That the people of Anaheim will be well represented by Mr. Stark there is no doubt. He is well acquainted with city doings. If he will perform his duties in the new council, as he did, when president of our village council, the people will soon want him to be the Mayor of their city. No able man could they find. Success to you William.

### Wilton's Big Show.

Wilton's Big Show will be in town next week Tuesday, February 28. They will show John Dietz, The defender of Cameron Dam, in slide views. Oreno Bros., will give a great comedy act. Prof. Corello will allow any two men in the audience to tie him with 50 feet of rope to a chair in any manner they wish and he will be free in two minutes or less. Will escape in full view of the audience. There will also be 4,000 feet of the choicest moving pictures with illustrated songs. The show will be given in Groeschel's hall. Dance after the show until 12 o'clock.

### Show a Disgrace.

The vaudeville show given by Vaughan's Advanced Vaudeville Co., in Groeschel's hall last Sunday evening was fairly well attended. The show presented was one if not the worst show ever given in this village. It certainly is to bad that they had such a fair crowd. It was a disgrace to this village. Not only was it such, but it also puts a bad opinion on a good show that comes to this village. If many more similar ones show here, it will spoil this place as a show town.

### Rural Carriers Meet.

The annual convention of the State Rural Carriers' association will be held at the court house in the city of Fond du Lac on May 30 and 31. This was decided at a meeting of the Fond du Lac County Rural Carriers' association held at Fond du Lac last Wednesday.

## IGNATIUS KLOTZ SR. EXPIRES AT HIS HOME

Highly Esteemed Citizen of Campbellsport Dies Monday

### HELD VARIOUS RESPONSIBLE OFFICES

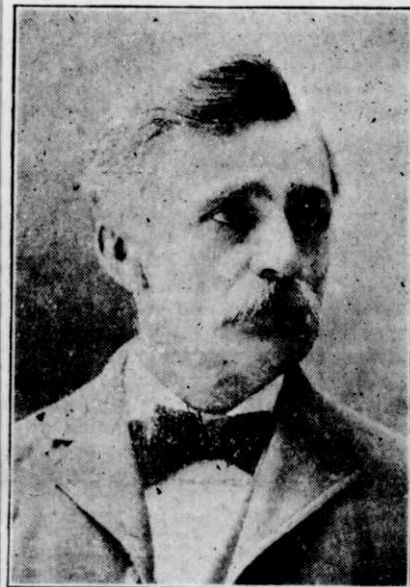

Deceased at Time of Death was President of the Campbellsport Mutual Fire Insurance Company

### OTHER DEATHS OF THE WEEK

#### IGNATIUS KLOTZ SR.

Mr. Ignatius Klotz, Sr., one of the most highly esteemed and respected citizens of the village of Campbellsport, passed away at his home last Monday afternoon at 4:15 P. M. Deceased had not been in good health for several years, and last Thursday evening suffered a stroke, after which he soon became unconscious, and so remained until the end came.

Mr. Klotz had reached the age of 68 years, 2 months and 25 days. He was born on November 25, 1842 in Tyrol, Austria, and came to America on August 9, 1848, settling in Fond du Lac county with his father. On September 9, the same year they moved to the town of Eden, where he lived until 1889, since then residing at Campbellsport.

Mr. Klotz held various offices, being elected Assemblyman in 1880, and was State Senator in 1884. He had been chairman of the town of Eden for ten years, also chairman of the town of Ashford for a term of eight years. He was President of the Campbellsport Mutual Fire Insurance Company from the time of the organization of said company in 1895 until the time of his death. Deceased was always a good husband and father. The whole community loses a very good citizen by his death.

Deceased was married to Marie Wenzel on December 29, 1882. Besides his grief stricken wife, he leaves to mourn his loss, two sons and three daughters, viz: Marquis on the old homestead in the Town of Eden; Ignatius, Estella, Olive and Irene, at home. One brother and three sisters also survive. Their names are Nicholas of the town of Eden; Mrs. Jos. Serve and Mrs. Geo. Lloyd of Fond du Lac; and Mrs. J. P. Husting of Campbellsport.

The funeral was held at 10 A. M. Thursday from the St. Matthews Catholic church at Campbellsport with interment in the Union Cemetery. The STATESMAN extends to the bereaved relatives its heartfelt sympathy.

#### MRS. WILLIAM KLEIN

Mrs. William Klein (nee Pfeiffer) residing 2 miles south of this village, passed away at her home last Monday morning at 7:30, after an illness of four months with consumption.

Deceased was born in Germany on February 18, 1850, thereby having last Saturday reached the youthful age of 61 years. She immigrated to this country with her parents when only a girl of three years settling on a farm in Town of Hull, in the northern part of this estate. On April 8, 1899 she was married to Wm. Klein of the Town of Kewaskum. They came to their present home last summer. Their union was blessed with four children, who with the grief stricken husband still survive. The names of the children are: Marie, 11; Edwin, 10; William, 5; Elna, 4.

The funeral was held Thursday afternoon at 1 o'clock from the residence with interment in the Ex. Luth. St. Lucas church ceme-

## TO HAVE LIGHTING PLANT

Final Meeting to Raise the Required Amount was Held Wednesday Evening.

## COMPANY TO INCORPORATE

Articles of Incorporation will be Drawn up Next Week.

(From Lomira Review)

Lomira is now assured of having electric lights and the final meeting was held last Wednesday evening. It was the most enthusiastic of any held yet and the way our citizens were interested in the affair made a person feel good. Various suggestions and ideas were explained and the final details towards organizing was discussed. Nine thousand dollars was subscribed and the company will incorporate for \$12,000. A committee of seven was appointed to consult an attorney regarding articles of incorporation and on Saturday the committee went to Fond du Lac. The articles will be completed this week and will be forwarded to Madison and the company will receive its charter. The laws demand that about 30 per cent of the entire subscription must be called in and it is expected that within a few weeks the first call will be made. The next important question will be regarding a franchise and a contract with the village. There is no doubt that the company will get what they seek from the village board and it should be to the board's interest to agree to a most liberal contract, for the reason that lights are really a necessity for this village and a thing that will no doubt be of material assistance in having other manufacturing industries locate here.

## Konop wins Battle for Seat.

The Wisconsin supreme court has this week decided that Thomas Konop is the legal choice of the Ninth congressional district of Wisconsin for the seat in Congress now held by Gustav Kuestermann of Green Bay. This disposes of the long-drawn-out controversy which first arose in November, at the time the returns seemed first to favor Mr. Konop and then to give the advantage to Mr. Kuestermann. Mr. Konop is a Democrat.

## Was Robert E. Lee's Slave.

Charles Shirley at one time a slave of Gen. Robert E. Lee, is dead at Pond du Lac, having died on last Wednesday. After serving on Gen. Lee's plantation he was sold to a Kentucky planter, from whom he escaped and came north. Shirley is survived by four children.

### Retraction.

I hereby wish to retract all that I have said against Mrs. John Guth.

#### MRS. CATHERINE MILLER

Mrs. Catherine Miller aged 78 years, passed away at her home in this village Tuesday, February 21st, 1911. Death was due to brights disease. Mrs. Miller had been in ill health for the last six years.

Deceased was born in the year 1833 in Elsass, Lothringen, France. In 1848 she together with her parents immigrated to this country, settling in the town of Wayne. In the year 1858 she was married to Casper Miller. Deceased together with her husband came to this village, where she resided ever since. Her husband preceded her in death several years ago. Deceased was among the first settlers in this village.

Mrs. Miller leaves to mourn her loss 1 sister and one brother, viz: Miss Elizabeth Steichen of this village and Henry Steichen of Stanley, Wis.

The funeral was held Thursday forenoon from the Holy Trinity church with interment in the congregation's cemetery. Rev. Ph. Vogt officiated. We extend to the bereaved relatives our profound sorrow and sympathy.

## A CURIOSITY

As It May Be in Some of the Vote-Selling Districts by the Time Another Election Rolls Around.

## READY TO REVISE

DEMOCRATS TO TAKE UP TARIFF REVISION IF EXTRA SESSION IS CALLED.

## PARTY PLEDGES TO BE KEPT

Underwood, Chairman of New Ways and Means Committee, Gives Out Authoritative Statement—Farmers Protest Against New Treaty.

Washington.—The Democrats of the house are prepared to go to work at once on the revision of several schedules of the Payne-Aldrich tariff act should an extra session be called following the present session of congress.

An authoritative statement to this effect was given out Tuesday by Representative Underwood of Alabama, who has been selected as chairman of the new committee on ways and means. It was made to correct an erroneous report which has gained circulation in the last few days. Mr. Underwood said:

"The statement that if an extra session is called the Democrats in the house will not begin the work of revising the tariff is absolutely unfounded. The Democrats are pledged to revise the tariff and if we go into an extra session the house unquestionably will pass some tariff bills, revising some of the schedules of the Payne act downward, before it adjourns."

Farmers registered protests against Canadian reciprocity at the hearing before the senate committee on finance. Former Governor N. J. Bacheelder of New Hampshire, master of the national grange, made the opening argument and announced that if the committee had the time to hear them he would be followed by masters of granges in Indiana, Delaware, Michigan, Ohio, Pennsylvania, Maryland, New York, West Virginia, New Hampshire, Connecticut and Massachusetts, as well as representatives in the various states of dairy, horticultural and other associations, including directors of state experimental stations.

Mr. Bacheelder asserted that 6,000,000 farmers were united in opposition to the agreement, and he said he voiced their protests against free trade in farm products while protection was continued upon manufactured articles which the farmers were compelled to buy. He declared that Canada was the only country which the farmers had to fear, and that free trade with that country means that the farmers would derive no benefit from the tariff law.

The agreement with Canada will pass the senate. This was the declaration of Senator Carter of Montana as he was leaving the White House after a conference with President Taft. Personally Senator Carter is opposed to the measure.

## BRUCE DEFENDED BY ASQUITH

Attacks Made on British Ambassador Are Answered in Reciprocity Debate.

London.—Again in the house of commons the government was made the target for a multiplicity of questions regarding the United States-Canada reciprocity agreement. In most instances the replies of the ministers were colorless reiterations of known facts.

They evaded the political controversies which the unionist hecklers sought to arouse. The unionists were especially active in suggesting that Ambassador Bryce had failed in his duty of watching over British interests, but Premier Asquith staunchly defended the diplomat. The ambassador, he said, had kept his eye on the special interests of British trade.

## Votes Oregon Plan Bill.

Des Moines, Ia.—Governor Carroll Tuesday vetoed the Oregon primary plan bill, which had passed both houses of the Iowa legislature. The governor in his veto message, read to the joint assembly, characterized the measure as "an attempt to indirectly accomplish something that cannot be done directly," and declared that it is an evasion of the constitution of the United States. He asserted that the measure abrogates that section of the constitution providing that legislatures shall elect United States senators.

LANGFORD WINS IN SIXTH ROUND AT LONDON.

Negro Has Advantage Over Australian Before Latter Is Disqualified—Winner to Fight Johnson.

London.—Sam Langford defeated Bill Lang of Australia Tuesday night at the Olympia before a crowd of 8,000 enthusiastic spectators. In the sixth round of a scheduled 20-round fight for a purse of \$15,000.

Among the spectators were many titled women. Lady Constance Richardson, who has achieved fame by her athletic prowess, sat near the ring-side.

Lang never had a chance to win. Four times the American negro had floored the Australian white and was thrashing him around the ring at will.

In the sixth round Lang, in desperation, resorted to rough tactics. Langford made a vicious swing at his adversary and slipped down in doing so. While on his knees Lang punched him with his left on the back of the head and was promptly disqualified and the fight given to Langford.

## TAFT SENDS IN JAP TREATY

Feature of Document Transmitted to Senate is Omission of Immigration Restrictions.

Washington.—President Taft Tuesday transmitted to the senate the proposed new treaty with Japan.

The distinctive feature of the document is that it omits all reference to the restrictions now imposed by the United States on the admittance of Japanese immigrants to these shores. The understanding is that this all important question is left to the national honor of the Japanese government, which is expected to enforce at her home ports the limitations which are now enforced under the Root-Aoki agreement in the matter of her subjects who seek entrance to the United States. Pending ratification, the new treaty is submitted to the senate as a confidential document, and it is impossible to secure the exact text of the document.

New York.—It was given out by friends of Lina Cavalleri that the singer has succeeded in obtaining a financial settlement from her husband, Robert Winthrop Chanler, and that all court proceedings have been dropped.

If anything further is done it will be simply a suit to obtain a separation. Oreste Cavalleri, brother of the prima donna, visited New York for the second time about four weeks ago and it was understood he was authorized to conclude the entire matter in its financial sense.

Berlin.—The Kaiser has conferred the notable distinction of life-long membership of the Prussian upper chamber (Herrenhaus) on Herr Herr Plate of Hanover, a master plumber. This honor, which is traditionally bestowed on noblemen as a reward for eminent service to the state, has never before been awarded to an ordinary artisan. Herr Plate will take his place in the most exclusive of legislative chambers. This workingman peer is one of the leading non-socialist labor leaders in the country.

## OFFERS PEACE PLAN

MEXICAN STATESMAN PROPOSES REFORMS AS MEANS TO END THE REVOLUTION.

## LAY DOWN ARMS IS DEMAND

Should Rebels Fail to Adopt His Advice Limantour, Diaz' Adviser, Recommends Formation of Guerrilla Bands to Combat Insurrectos.

Paris.—Jose Ives Limantour, minister of finance in President Diaz' cabinet, in an interview here Monday indicated that the iron grip of Diaz on Mexico is becoming weaker and that a result of the revolution is the fore-runner of more liberal rule in the republic.

The government, says Senor Limantour, should grant a reform of the evils that led to the insurrection. As an essential preliminary to peace he demands that the insurgents lay down their arms pending negotiations.

Importance is given to these declarations by the fact that Senor Limantour has an international reputation as one of the ablest statesmen of Mexico and that he always has been a staunch supporter of Diaz. His change of front is taken to mean that a progressive section of the ruling class has come to a realization of the necessity of relaxing the rigid governmental system of the nation to meet popular demands.

Should the insurgents fail to adopt the advice to return to their homes pending the initiation of negotiations with the government, Senor Limantour foresees the likelihood of a protracted and wasting struggle, for he says the federal forces are no match for the cowboy insurgents, whose nimble-footed ponies easily escape from the ravines and mountain fastnesses.

Accordingly he recommends the deliberate formation of guerrilla bands by the government for the purpose of combating the insurgents on their own conditions.

For himself, the minister said that he had no political ambitions, though he had been frequently urged to contest the presidency with President Diaz. He expects to start home within two weeks.

## DEMOCRATS GET VETO POWER

House Adopts Rule Permitting Supply Bills to Be Carried by Two-Thirds Vote.

Washington.—The naval appropriation bill was taken up Monday when the Mann filibuster in the house on the omnibus war claims bill came to an end with the adoption of a "gag" rule and the passage of the omnibus bill.

This rule was made to cover all bills carrying appropriations. It provides that they can be carried under suspension of the rules when supported by a two-thirds vote. This will restrict debate on them to 40 minutes.

The Democrats accepted the rule, as the two-thirds vote necessary gives them a veto power over the proposed suspension. Chairman Dalzell of the committee on rules first presented it with the provisions that a majority of the house could suspend the rules. The Democrats protested so vigorously that the modified rule was brought out.

Mann's filibuster on the war claims bill began Friday. He succeeded in having stricken from the bill the provision for the payment of overtime, navy yard claims.

The proposition to pay the allowed French spoliation claims was defeated. As the bill passed it provides only for the allowed southern war claims.

During an impassioned speech in advocacy of an authorization this year of four battleships instead of two, Representative Richmond Pearson Hobson predicted this country would be at war with Japan in ten months, and that the war would last six years, or perhaps a decade.

## MANY TURKS DIE IN QUAKE

Violent Shock at Monastir Causes Big Loss of Life and Wrecking of Buildings.

Constantinople.—A violent earthquake was experienced in the city of Monastir and elsewhere throughout the vilayet of Monastir Monday. Many were killed. Several mosques and houses were demolished.

The population is camping out and suffering intensely with the cold. The authorities have appealed to the government for 300 tents and relief funds. Monastir is a city of European Turkey, capital of the vilayet of Monastir, in Macedonia. It is 85 miles northwest of Saloniki. It is an important military center and has a large trade in wheat and tobacco, besides having manufactures of gold and silverware and carpets.

The population, which is estimated at 45,000, is a medley of all the nationalities found in Macedonia. Christians number about half of the total.

STARTS ACTION AGAINST INSURANCE COMPANIES FOR \$175,000.

Widow of Ex-Monon Chief Declares She Has Proof Her Husband Was Murdered.

Chicago.—Mrs. Florence G. Rawn, widow of Ira G. Rawn, former president of the Monon system and vice-president of the Illinois Central railroad, has brought suit for \$175,000 against nine insurance companies having policies on her husband's life.

Mrs. Rawn's attorneys say evidence has been obtained to disprove that Rawn's death in his Winnetka home the night of Tuesday, July 10, 1910, was by his own hand. The case will be heard in the fall.

The theory that Rawn was murdered has always been advanced by his family. The suicide theory was maintained by the police, while the coroner's jury returned an open verdict.

The insurance companies refused to make payment on the policies they held on Rawn's life, basing their refusal on the suicide theory and on technicalities written into the policies.

For seven months the matter has hung fire. At various times, Mrs. Rawn's attorneys say, the insurance companies have proffered part of the \$175,000 in settlement. Each time anything but the full amount has been declined.

## ANTI-PASS LAW IS VALID

Decides Cash Only and Not Advertising Can Be Accepted for Railroad Transportation.

Washington.—The Supreme court of the United States in interpreting the Hepburn rate law of 1906, declared that only money and no advertising can be accepted by interstate railroads in payment for transportation. The decision involved a large number of contracts between the Chicago, Indianapolis & Louisville Railway company and various publishers, and affirmed the decision of the federal circuit court of the northern district of Illinois.

The court also decided that interstate railroads cannot issue passes for interstate transportation, even though they had contracts to do so before the passage of the Hepburn rate law.

The court established a rule that it would review orders of the interstate commerce commission, although the two year limit upon the life of the order had expired.

The constitutionality of an act passed by the Iowa legislature in 1898 enabling an employee of the operating department of a railroad to sue a railroad for injuries, notwithstanding the fact that he had received injury benefits from a relief department supported partially by the railroad, was also upheld.

The case of the American Federation of Labor against the Bucks Stove and Range company, popularly known as the boycott case, was dismissed because of the announcement that the contending parties had reached an agreement out of court.

This decision does not affect in any way the Gompers contempt case still before the Supreme court of the United States.

## TRUST IS HIT HARD

Cold Storage Combine Loses Millions of Dollars in Butter and Eggs.

Chicago.—Herbert A. Emerson, president of the United States Packing company of this city, who will testify before the subcommittee of the state senate committee on live stock and dairying, in a statement Sunday declared that millions of pounds of butter and 50,000 cases of eggs in cold storage which are usually consumed before February 1, remain unsold this year.

Mr. Emerson in amplifying his statement said that the cold storage trust has lost millions of dollars within the last two months through the smashing of the cold storage corner on eggs and butter.

## NEW LINE IN CENTRAL OREGON

Will Open Up 5,000,000 Acres of Government Lands in Undeveloped Territory.

Portland, Ore.—The long-heralded invasion of central Oregon by the Hill lines will become a reality on March 1, when passengers and freight service will be inaugurated between Clarke, Wash., on the north side of the Columbia river and Madras, Ore., 115 miles up the Deschutes valley. The new line will open a fertile and undeveloped territory which heretofore has been difficult of access for lack of transportation facilities. Settlers have been going in by team for the past few months in great numbers and filing on the free homestead lands. There are 5,000,000 acres of government land that will be made immediately accessible.

## Norton for Bank Post.

New York.—A statement was authorized in financial circles on Tuesday that Charles D. Norton, private secretary to President Taft, will become vice-president of the First National bank of this city soon after March 4.

## Gives a University \$15,000.

Baltimore, Md.—It was announced Tuesday that a gift of \$15,000 has been made to Johns Hopkins university by an individual who requested that his name be withheld.

# OTTUMWA WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Ottumwa, Iowa.—"For years I was almost a constant sufferer from female trouble in all its dreadful forms—shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was horrid. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors. I feel it my duty to tell you these facts. My heart is full of gratitude to you for my cure."—Mrs. HARRIET E. WAMPLER, 524 S. Ransom Street, Ottumwa, Iowa.

Consider This Advice. No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous medicine, made only from roots and herbs, has for thirty years proved to be the most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, confidential, and always helpful.

QUITE SO

Philip—These motorists seem to think the ordinary pedestrians are beneath them.

Harry—Well, they often are.

Real Courage. He was the small son of a minister and his mother was teaching him the meaning of courage.

"Supposing," she said, "there were twelve boys in one bedroom, and eleven got into bed at once, while the other knelt down to say his prayers, that boy would show true courage." "Oh," said the young hopeful, "I know something that would be more courageous than that? Supposing there were twelve ministers in one bedroom, and one got into bed without saying his prayers!"

IT'S FOOD That Restores and Makes Health Possible.

There are stomach specialists as well as eye and ear and other specialists.

One of these told a young lady, of New Brunswick, N. J., to quit medicines and eat Grape-Nuts. She says: "For about 12 months I suffered severely with gastritis. I was unable to retain much of anything on my stomach, and consequently was compelled to give up my occupation. I took quantities of medicine, and had an idea I was dying, but I continued to suffer, and soon lost 15 pounds in weight. I was depressed in spirits and lost interest in everything generally. My mind was so affected that it was impossible to become interested in even the lightest reading matter.

"After suffering for months I decided to go to a stomach specialist. He put me on Grape-Nuts and my health began to improve immediately. It was the keynote of a new life. "I found that I had been eating too much starchy food which I did not digest, and that the cereals which I had tried had been too heavy. I soon proved that it is not the quantity of food that one eats, but the quality.

"In a few weeks I was able to go back to my old business of doing clerical work. I have continued to eat Grape-Nuts for both the morning and evening meal. I wake in the morning with a clear mind and feel rested. I regained my lost weight in a short time. I am well and happy again and owe it to Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

# SERIAL STORY

## When a Man Marries

By MARY ROBERTS RINEHART

Author of *The Circular Staircase*, *The Man in Lower Ten*, Etc.

Copyright 1929, by the Bobbs-Merrill Co.  
SYNOPSIS.

James Wilson or Jimmy as he is called by his friends. Jimmy was rotund and looked shorter than he really was. His ambition in life was to be taken seriously, but people steadily refused to do so, his art is considered a huge joke, except to himself. If he asked people to dinner everyone expected a frolic. Jimmy marries Bella Knowles; they live together a year and are divorced. Jimmy's friends arrange to celebrate the first anniversary of his divorce.

### CHAPTER II. (Continued.)

"My dear," she said over the telephone, when I invited her, "I want you to know him. He'll be crazy about you. That type of man, big and deadly earnest, always falls in love with your type of girl, the appealing sort, you know. And he has been too busy, up to now, to know what love is. But mind, don't hurt him; he's a dear boy. I'm half in love with him myself, and Dallas trots around at his heels like a poodle."

But all Anne's geese are swans, so I thought little of the Harbison man except to hope that he played respectable bridge, and wouldn't mark the cards with a steel spring under his finger nail, as one of her "buds" had done.

We all arrived about the same time, and Anne and I went upstairs together to take off our wraps in what had been Bella's dressing room. It was Anne who noticed the violets.

"Look at that!" she nudged me, when the maid was examining her wrap before she laid it down. "What did I tell you, Kit? He's still quite mad about her."

Jim had painted Bella's portrait while they were going up the Nile on their wedding trip. It looked quite like her, if you stood well off in the middle of the room and if the light came from the right. And just beneath it, in a silver case, was a bunch of violets. It was really touching, and violets were fabulous. It made me want to cry, and to shake Bella soundly, and to go down and pat Jim on his generous shoulder, and tell him what a good fellow I thought him, and that Bella wasn't worth the dust under his feet. I don't know much about psychology, but it would be interesting to know just what effect those violets and my sympathy for Jim had in influencing my decision a half-hour later. It is not surprising, under the circumstances, that for some time after the odor of violets made me ill.

We all met downstairs in the living room, quite informally, and Dallas was banging away at the piano, tramping the pedals with the delicacy and feeling of a football center-rush kicking a goal. Mr. Harbison was standing near the fire, a little away from the others, and he was all that Anne had said and more in appearance. He was tall—not too tall, and very straight. And after one got past the oddity of his face being bronze-colored above his white collar, and of his brown hair being sun-bleached on top until it was almost yellow, one realized that he was very handsome. He had what one might call a resolute nose and chin, and a pleasant, rather humorous, mouth. And he had blue eyes that were, at that moment, wandering with interest over the lot of us. Somebody shouted his name to me above the Tristan and Isolde music, and I held out my hand.

Instantly I had the feeling one sometimes has, of having done just that same thing, with the same surroundings, in the same place, years before. I was looking up at him, and he was staring down at me and holding my hand. And then the music stopped and he was saying:

"Where was it?"

"Where was what?" I asked. The feeling was stronger than ever with his voice.

"I beg your pardon," he said, and let my hand drop. "Just for a second I had an idea that we had met before somewhere, a long time ago. I suppose—no, it couldn't have happened, or I should remember." He was smiling, half at himself.

"No," I smiled back at him. "It didn't happen, I'm afraid—unless we dreamed it."

"We?"

"I felt that way, too, for a moment." "The Brushwood Boy!" he said with conviction. "Perhaps we will find a common dream life, where we knew each other. You remember the Brushwood Boy loved the girl for years before they really met." But this was a little too rapid, even for me.

"Nothing so sentimental, I'm afraid," I retorted. "I have had ex-

actly the same sensation sometimes when I have sneezed."

Betty Mercer captured him then and took him off to see Jim's newest picture. Anne pounced on me at once.

"Isn't he delicious?" she demanded. "Did you ever see such shoulders? And such a nose? And he thinks we are parasites, cumberers of the earth, heaven knows what. He says every woman ought to know how to earn her living, in case of necessity! I said I could make enough at bridge, and he thought I was joking! He's a dear!" Anne was enthusiastic.

I looked after him. Oddly enough the feeling that we had met before struck me. Which was ridiculous, of course, for we learned afterward that the nearest we ever came to meeting was that our mothers had been school friends! Just then I saw Jim beckoning to me crazily from the den. He looked quite yellow, and he had been running his fingers through his hair.

"For heaven's sake, come in, Kit!" he said. "I need a cool head. Didn't I tell you this is my calamity day?"

"Cook gone?" I asked with interest. I was starving.

He closed the door and took up a tragic attitude in front of the fire. "Did you ever hear of Aunt Selina?" he demanded.

"I knew there was one," I ventured, mindful of certain gossip as to whence Jimmy derived the Wilson income.

Jim himself was too worried to be cautious. He waved a brazen hand at the snug room, at the Japanese prints on the walls, at the rugs, at the teakwood cabinets and the screen inlaid with pearl and ivory.

"All this," he said comprehensively, "every bite I eat, clothes I wear, drinks I drink—you needn't look like that; I don't drink so darned much—everything comes from Aunt Selina—buttons," he finished with a groan.

"Selina Buttons," I said reflectively. "I don't remember ever having known any one named Buttons, although I had a cat once."

"Damn the cat!" he said rudely. "Her name isn't Buttons. Her name

is Caruthers, my Aunt Selina Caruthers, and the money comes from buttons."

"Oh," feebly.

"It's an old business," he went on, with something of proprietary pride. "My grandfather founded it in 1775. Made buttons for the Continental army."

"Oh, yes," I said. "They melted the buttons to make bullets, didn't they? Or they melted bullets to make buttons? Which was it?"

But again he interrupted.

"It's like this," he went on hurriedly. "Aunt Selina believes in me. She likes pictures, and she wanted me to paint, if I could. I'd have given up long ago—oh, I know what you think of my work—but for Aunt Selina. She has encouraged me, and she's done more than that; she's paid the bills."

"Dear Aunt Selina," I breathed.

"When I got married," Jim persisted, "Aunt Selina doubled my allowance. I always expected to sell something, and begin to make money, and in the meantime what she advanced I considered as a loan." He was eying me defiantly, but I was growing serious. It was realized that the preambles that something was coming.

"To understand, Kit," he went on dubiously, "you would have to know her. She won't stand for divorce. She thinks it is a crime."

"What!" I sat up. I have always regarded divorce as essentially disagreeable, like castor oil, but necessary.

"Oh, you know well enough what I'm driving at," he burst out savagely. "She doesn't know Bella has gone. She thinks I am living in a little domestic heaven, and—she is coming tonight to hear me flap my wings."

"Tonight!"

I don't think Jimmy had known that Dallas Brown had come in and was listening. I am sure I had not. Hearing his chuckle at the doorway brought us up with a jerk.

"Where has Aunt Selina been for the last two or three years?" he asked easily.

Jim turned, and his face brightened. "Europe. Look here, Dal, you're a smart chap. She'll only be here about four hours. Can't you think of some way to get me out of this? I want to let her down easy, too. I'm mighty fond of Aunt Selina. Can't we—can't I say Bella has a headache?"

"Rotten!" laconically.

"Gone out of town?" Jim was desperate.

"And you with a houseful of dinner guests! Try again, Jim."

"I have it," Jim said suddenly. "Dallas, ask Anne if she won't play hostess for tonight. Be Mrs. Wilson proper. Anne would love it. Aunt Selina never saw Bella. Then, afterward, next year, when I'm hung in the

Academy and can stand on my feet—

("Not if you're hung," Dallas interjected.)—"I'll break the truth to her."

But Dallas was not enthusiastic.

"Anne wouldn't do at all," he declared. "She'd be talking about the kids before she knew it, and patting me on the head." He said it complacently; Anne flirts, but they are really devoted.

"One of the Mercer girls?" I suggested, but Jimmy raised a horrified hand.

"You don't know Aunt Selina," he protested. "I couldn't offer Lella in the gown she's got on, unless she wore a shawl and Betty is too fair."

Anne came in just then, and the whole story had to be told again to her. She was ecstatic. She said it was good enough for a play, and that of course she would be Mrs. Jimmy for that length of time.

"You know," she finished, "if it were not for Dal, I would be Mrs. Jimmy for any length of time. I have been devoted to you for years, Bill-ken."

But Dallas refused peremptorily. "I'm not jealous," he explained, straightening and throwing out his chest, "but—well, you don't look the part, Anne. You're—you are growing matronly, not but what you suit me all right. And then I'd forget and call you 'mammy,' which would require explanation. I think it's up to you, Kit."

"I shall do nothing of the sort!" I snapped. "It's ridiculous!"

"I dare you!" said Dallas.

I refused. I stood like a rock while the storm surged around me and beat over me. I must say for Jim that he was merely pathetic. He said that my happiness was first; that he would not give me an uncomfortable minute for anything on earth; and that Bella had been perfectly right to leave him, because he was a sinking ship, and deserved to be turned out penniless into the world. After which mixed figure, he poured himself something to drink, and his hands were shaking.

Dal and Anne stood on each side of him and patted him on the shoulders, and glared across at me. I felt that if I was a rock, Jim's ship had struck on me and was sinking, as he said, because of me. I began to crumble.

"What—what time does she leave?" I asked, wavering.

"Ten; nine; Kit, are you going to do it?"

"No!" I gave a last clutch at my resolution. "People who do that kind of thing always get into trouble. She might miss her train. She's almost certain to miss her train."

"You're temporizing," Dallas said sternly. "We won't let her miss her train; you can be sure of that."

"Jim," Anne broke in suddenly, "hasn't she a picture of Bella. There's not the faintest resemblance between Bella and Kit."

Jim became downcast again. "I sent her a miniature of Bella a couple of years ago," he said despondently. "Did it myself?"

But Dal said he remembered the miniature, and it looked more like me than Bella, anyhow. So we were just where we started. And down inside of me I had a premonition that I was going to do just what they wanted me to do, and get into all sorts of trouble, and not be thanked for it after all.

Which was entirely correct. And then Lella Mercer came and banged at the door and said that dinner had been announced ages ago and that everybody was famishing. With the hurry and stress, and poor Jim's distracted face, I weakened.

"I feel like a cross between an idiot and a criminal," I said shortly, "and I don't know particularly why every one thinks I should be the victim for the sacrifice. But if you will promise to get her off early to her train, and if you will stand by me and not leave me alone with her, I—I might try it."

"Of course, we'll stand by you!" they said in chorus. "We won't let you stick!" And Dal said, "You're the right sort of girl, Kit. And after it's all over, you'll realize that it's the biggest kind of lark. Think how you are saving the old lady's feelings! When you are an elderly person yourself, Kit, you will appreciate what you are doing tonight."

Yes, they said they would stand by me, and that I was a heroine and the only person there clever enough to act the part, and that they wouldn't let me stick! I am not bitter now, but that is what they promised. Oh, I am not defending myself; I suppose I deserved everything that happened. But they told me that she would be there only between trains, and that she was deaf, and that I had an opportunity to save a fellow-being from ruin. So in the end I capitulated.

When they opened the door into the living room, Max Reed had arrived and was helping to hide a decanter and glasses, and somebody said a cab was at the door.

And that was the way it began. (TO BE CONTINUED.)

### LIFE IN A GREAT CITY.

The crowd blocked the sidewalk and spread out half way across the street.

Men struggled and almost fought to force their way through, to find out what was going on.

"What's the trouble?" asked a dozen voices.

The answers were unsatisfactory. It was a man in a fit. Somebody had fainted. Two newsboys were fighting. A woman had been run over by a delivery wagon. A pickpocket had been caught in the act.

"Aw, g'wan, here! Move abn!" vociferated a policeman, who was the last to arrive.

The crowd melted away. Then the cause of the excitement was revealed.

It was a glazier trying to break off half an inch from the bottom of a large pane of plate glass.

**ST. MICHAELS**

Joseph Herriges is on the sick list. Miss Agnes Schneider was the guest of Miss Martha Schmitz Sunday. Christ. Wiskirchen and family spent Sunday with Hubert Fellenz and family. Gregor Schmitz spent Sunday at West Bend, the guest of Jacob Wiskirchen and family. Nic. Rodenkirch of Marshfield is visiting relatives and friends at this place for a few days. A daughter was born recently to Mr. and Mrs. Joseph Uelmen. We congratulate the happy parents. The Orchard Grove cheese factory resumed operation Monday with Frank Lord as cheesemaker. Mr. and Mrs. Frank Schneider presented their daughter Agnes with a handsome organ on her names day. —If you have a brooch in need of a pin, broken spectacles, a piece of silverware anything in fact that needs the skillful attention of the jeweler leave it with us.—Mrs. K. Endlich.

**BOLTONVILLE**

Mrs. Wm. Albright was a caller here on Monday. Wm. Groeschel was a West Bend caller last Saturday. Oswald Pietschman is spending several days at Batavia. The Wm. Donath family spent Sunday with relatives at Batavia. Miss Edna Lefever finished learning dress making at Miss Kraetsch's last Tuesday. The Woodmen mask ball last Saturday evening was very largely attended, it was easily the best ever, over one hundred maskers were on the floor at one time. Twenty dollars were given away as prizes instead of twelve as advertised. A group of about twenty girls, dressed in military uniform, bearing flags and singing the Star Spangled banner were about the last group to enter and easily took first prize. A group of eighteen, representing woodmen with their ax, beetle and wedge took second and about twenty-five hoboes representing a delegation to the hoboes convention, bearing banners and badges marching on the city hall took third, they really ought to have fared better, but it was a difficult matter for the judges to decide when there are so many good ones. There were also two gipsy groups, wagons, tents, dogs and all, begging, telling fortunes, etc. The group with the most people took fourth. The fifth prize went to a cow boy couple; the sixth, gents' character, dress suit; seventh, ladies' character, Russian dancer (Salome); eighth, the flying dutchman. The Woodmen will give a ball for married people only on Monday, February 27th. All married people are cordially invited.

**DUNDEE**

The bereaved parents have the sympathy of the entire community. Mr. Ramthum moved his saw mill from here to Waucousta on Monday. Mr. and Mrs. Martin Blackmore were Armstrong visitors last Saturday. Mrs. E. Calvey returned last Saturday from a visit with relatives in Fond du Lac. Mrs. A. McDougall of Mitchell passed through here Tuesday on her way to Fond du Lac. John Slattery, who underwent an operation at St. Agnes hospital a short time ago is improving. Mr. and Mrs. D. F. Calvey spent part of this week visiting relatives in Fond du Lac and Plymouth. James Hodge of Campbelleport spent Sunday with his daughter, Mrs. Gib. McDougall and family. Mrs. Florence Foley of Fond du Lac spent the past week with relatives and friends in this vicinity. While skating on a small pond near his home, on Sunday, Freddie Grosskreutz, aged ten years broke through the ice and drowned. The unfortunate boy was the adopted son of Mr. and Mrs. Chas. Grosskreutz who resided about three miles north-east of here. The funeral was held Wednesday, with interment at Cascade.

**The Stupid Bank Deposits Guarantee Plan**

There are some editors discussing the bank deposits guarantee proposition as if it would really guarantee. This shows they are not familiar with the rudiments of the problem. The only thing that can guarantee the safety of bank deposits is honesty and capacity or the part of men engaged in the banking business. The only way that honesty and capacity in bankers can be secured is by a process of natural selection of sound, reliable bankers are the banking public.

The tendency of the deposits guarantee system is to put public vigilance to sleep. It is to make the average depositor feel that he is secure no matter where he places his money, because all the deposits of all the banks are guaranteed. But the depositor's fancied security does not exist in fact.

In the first year after this plan was put into practical operation in Oklahoma, some of the banks began to bid for deposits by raising their interest rates. One of them secured a huge enlargement of deposits by this means, and invested them foolishly and was obliged to close its doors. The whole guarantee fund of the state was not sufficient to fully assure the depositor in the embarrassed bank that they would get their money, and meantime if other banks had become embarrassed the guarantee fund would not have helped their depositors, because it had been absorbed.

If the good old state of Wisconsin were to be committed to the bank deposits guarantee plan it would be a calamity. There are thousands of Wisconsin people who have looked into the deposits guarantee plan and gained knowledge of its results in actual operation elsewhere which convince them that it is a delusion. They refuse to be scared by the propaganda which has been made for such a law in this state, because they have confidence that the Legislature will see through the fallacy of the proposition and reject it.—Evening Wisconsin, Feb. 15, 1911.

## SUCCESSFUL TREATMENT OF PIMPLES AND BLACKHEADS

A speedy and economical treatment for disfiguring pimples is the following: Gently smear the face with Cuticura Ointment, but do not rub. Wash off the ointment in five minutes with Cuticura Soap and hot water and bathe freely for some minutes. Repeat morning and evening. At other times use hot water and Cuticura Soap for bathing the face as often as agreeable. Cuticura soap and ointment are equally successful for itching, burning, scaly and crusted humors of the skin and scalp, with loss of hair, from infancy to age, usually affording instant relief, when all else fails. Send to Potter Drug & Chem. Corp., Boston, Mass., for the latest Cuticura book on the care and treatment of the skin and scalp.

### A Fairly Wet World.

The Pacific ocean covers 68,000,000 miles, the Atlantic 30,000,000 and the Indian, Arctic and Antarctic 42,000,000. To stow away the contents of the Pacific it would be necessary to fill a tank one mile long, one mile wide and one mile deep every day for 440 years. Put in figures, the Pacific holds in weight 948,000,000,000,000,000 tons. The Atlantic averages a depth of not quite three miles. Its water weighs 325,000,000,000,000,000 tons, and a tank to contain it would have each of its sides 43 miles long. The figures of the other oceans are in the same startling proportions. It would take all the sea water in the world 2,000,000 years to flow over Niagara.

### A Dry Wash.

Representative Livingston of Georgia, who, disgusted at the bath-tub debate in the house recently, proposed that a little money might be made by renting the bath tubs out, said recently, apropos of this subject: "We are now a good deal like Bill Spriggins on a zero morning."

"Bill's valet entered his bedroom one January morning and said with a shiver: "Will you take your bath hot or cold, sir?" "Thank you," said Bill; "I'll take it for granted."

## GETS \$350,000 TAX FOR STATE IN SUIT

### ATTORNEY GENERAL MAKES A SETTLEMENT OUT OF COURT WITH KENNEDY ESTATE.

### \$1,000,000 MORE MAY COME

State's Legal Representative Believes Closing of Case With Principal Contender Against Inheritance Tax Law Will Hasten Similar Cases.

Madison.—Attorney General Bancroft has concluded the negotiations whereby the state secures \$355,000, the inheritance tax on \$23,000,000 in stock of the Northern Pacific railway now owned by the Kennedy estate of New York city.

While this is not equal to the amount claimed by the state, it was considered the best policy to accept the compromise as there are grave doubts whether the state could succeed in collecting the full sum under the law and a long drawn contest was assured if the full amount were claimed. The case has now been in the courts for over two years.

The attorney general and Deputy Attorney General Russel Jackson recently returned from the east, where they investigated this and other similar cases.

Regarding the effect of the state's acceptance of the compromise, Atty. Gen. Bancroft said:

"I anticipate that the settlement by this estate and its consequent refusal to further participate in the combined organization to fight the Wisconsin inheritance tax law will have a wholesome effect in furthering the amicable adjustment of many estates now pending, and if so, those charged with the duties of enforcing the inheritance tax laws of this state will be enabled to convert into the state treasury within the next six months a sum approximating \$1,000,000."

### GIVES SUFFRAGETTES HOPE

Senator James. Sponsor of Bill Providing Votes for Women, Confident Legislature Will Adopt Measure.

Madison.—The friends of woman suffrage feel exceedingly hopeful as to the passage of the bills giving women the right to vote. Senator James introduced a bill of this kind in the senate, and Assemblyman Kamper did the same in the assembly. The friends of the measure are maintaining a lobby at the capitol for the purpose of lining up the legislators. Senator James is taking a deep interest in the measure and expresses belief that the bills will pass the present legislature. He asserts that the friends of woman suffrage have pledges from twelve senators and thirty-one assemblymen to vote for it.

The James bill provides that every woman who is a citizen of the state and 21 years of age can vote, provided she has lived in the state one year and in the election precinct where she wishes to vote for ten days. These provisions are the same as apply to male voters. The bill has a referendum attachment providing for submission to the electors of the state at the next November election, providing it passes the legislature.

### MAY CLOSE SHADY HOTELS

Death of Young Woman in Questionable Hostelry Arouses Milwaukee Officials to Action.

Milwaukee.—Following the death of Miss Eunice Ulrich at the Plaza hotel, where she had gone in company with Fred A. Wenzel, a druggist, Mayor Seidel has taken up the investigation of so-called hotels and questionable rooming houses, and will endeavor to clean them out of the city.

An inquest over the body of Miss Ulrich determined that death was caused by hemorrhage of the brain. Wenzel, who is married, was a witness at the inquest. Miss Ulrich came here from Neenah three years ago and had been employed as a stenographer. Two brothers of the dead girl are in the city from Neenah and are determined to prosecute Wenzel.

### Want Gas Rates Reduced.

Green Bay.—The city council is preparing a petition to the rate commission at Madison asking that the Green Bay Gas and Electric company reduce the rates on gas and electricity in this city.

### Stoughton Anti-Saloonists Active.

Stoughton.—On charges preferred by the Anti-Saloon league, Fred N. Falk, a druggist, was fined \$75 and costs for selling liquor illegally.

### To Drain Large Swamp Tract.

Neenah.—A project to drain a large area of land comprising more than 5,000 acres of swamp land, will be pushed through in what is known as the Larson drainage district, five miles west of this city. The work will be started in the spring.

### Killed by Northwestern Train.

Rhinelander.—Jack Maki, a Finlander, was struck in the head by a Northwestern train near Hackley, and died in a hospital here.

## MAN IS A HUMAN MAGNET

Bayfield Company to Test His Power in Endeavor to Locate Hidden Bodies of Iron Ore.

Washburn.—Bayfield county men will undertake the location of ore deposits this year in a novel manner—namely, by the assistance of a man who is so heavily charged with magnetism that he is able to feel the presence of the metal. The name of the man will not be divulged for personal reasons, but he has been retained by President D. M. Maxcy of a local bank, who is sponsor for the statement.

This man, according to Mr. Maxcy, is so possessed of magnetism that he can rub the blade of a steel knife across his palm and pick up tenpenny nails and other light steel articles with it as with a horseshoe magnet. He can burn the flesh of another's hand by rubbing it and is unable to carry a watch for any length of time, as the works become polarized.

He has frequently demonstrated his power by locating water beneath the surface, but this will be his first real test of the ore finding. The base of his operations will be the Cuyuna range, in which there are no outcroppings and the body of ore lies deep beneath the surface.

### RETIREMENT FUND IS URGED

Southern Wisconsin Teachers Favor Changes in Legislation in Convention at Delavan.

Delavan.—The twenty-first annual convention of the Southern Wisconsin Teachers' association in this city ended very successfully.

Resolutions were reported thanking the president and officers of the association for the excellent program provided; favoring such change in the laws relating to free high schools as would allow such schools to charge back to the proper local unit an amount which shall equal the pro rata cost of instruction, not to exceed \$1 per week, for the tuition of nonresidents; recommendation of the bill providing for a teachers' retirement fund; favoring the bill providing for a county board of education and endorsing the bill now pending before the legislature providing for the enactment of a minimum salary law.

The officers elected are: President, W. G. Clough, Portage; first vice-president, H. A. Melcher, Delavan; second vice-president, Miss Elga Shearer, Columbus; secretary, W. C. Watson, Whitewater; treasurer, F. J. Lowth, Evansville.

### DAILY SESSIONS ASSURED

Both Houses of Legislature Favor Working Every Day Except Sundays and Legal Holidays.

Madison.—It is probable that after February 28 the legislature will sit daily with the exception of Sunday and legal holidays. A joint resolution from the senate was amended in the assembly changing the date of all meetings from February 14 to February 28. As the measure passed the senate by almost a unanimous vote, there is no question but what the amendment will be accepted, and there is no question but what after February 28 the daily session will be the order of the day.

### Kewaskum Dam Wrecked.

Kewaskum.—The mill dam here was wrecked by frost and a gradual washing out which weakened the supports. Water flooded the low lands for several hours with heavy loss to the Kewaskum Roller Mills which will be forced to close until a new dam is built. A new concrete dam will be built as soon as weather permits. The east half of the village is practically without fire protection as water was secured by power from the mill.

### Haugen Makes Record Ski Jump.

Chippewa Falls.—Anders Haugen of this city made a new American and world ski record at the Ironwood, Mich., tournament with a standing jump of 152 feet, and also won first prize in the professional run with a perfect jump of 128 and 145 feet, with extra prizes for breaking the American and world records. He won \$175 in all, the largest sum ever won by a professional at a single tournament in the country.

### Sues Health Officials.

Fond du Lac.—Edward Malouf has brought a \$1,000 damage suit against City Physician C. W. Helz and Policeman Peter Kramer, alleging that they exposed him and his family to scarlet fever by bringing a child suffering from the disease to his home.

### May Bond Antigo.

Antigo.—The city will submit a proposition to the electors to bond for \$50,000 for sewer improvements.

### Six Months for Stealing Peas.

Sturgeon Bay.—For the theft of two bags of peas from the granary of Wolfram Stauber at Nasauwaupe, Charles Kensler and John Schultz are spending six months behind the bars. They were unable to pay the fines of \$100 each imposed upon them.

### New Creamery Plant Opened.

Reedsburg.—The new central plant of the Central Wisconsin Creamery company has just been completed in this city and opened for business.

## ARREST FORMER TREASURER

Wm. B. St. John, Now Sheriff of Forest County, Held Under Bonds on Charge of Embezzlement.

Crandon.—William B. St. John, Forest county treasurer for four years up to January 1, now sheriff of the county, was arrested on a charge of embezzlement of county funds but released on bail of \$5,000. He is charged with a shortage of funds during his last term as treasurer of \$3,689, and is said to have admitted a difference of \$2,600.

The warrant was served by a constable and St. John was placed in the custody of the coroner until bail was furnished.

This last arrest makes almost certain the prospect of a grand jury, it is said.

St. John may be suspended, as was District Attorney J. C. Mars, pending hearing.

Town Treasurer H. L. Roe, North Crandon, who was arrested on a charge in connection with tax returns, has waived preliminary hearing and was bound over under \$2,000 bail.

### GEN. BRAGG HAS BIRTHDAY

Veteran Commander of the Famous "Iron Brigade" Celebrates His Eighty-Fourth Anniversary.

Fond du Lac.—Gen. Edward S. Bragg, the famous fighting commander of the Iron brigade, on February 20 celebrated his 84th birthday anniversary. In honor of the occasion many of his war comrades and his friends of later years called upon him. The general kept open house all day, and in the full uniform of his rank received his numerous guests.

The reception was the largest experienced since the seventieth birthday, when about 150 of his brigade greeted their commander. Many letters and telegrams were received from his soldiers and others. There were flags in all of the rooms, and from the porch waved a large banner and a dozen smaller ones.

General Bragg has improved much in health the past year and his friends predict he will reach the ninety-year mark.

### FEDERAL POST FOR GILBERT

Former State Attorney General to Be Internal Revenue Collector in Second Wisconsin District.

Washington, D. C.—The appointment of Frank L. Gilbert to be internal revenue collector for the Second district of Wisconsin is announced here.

Mr. Gilbert served as attorney general of Wisconsin for four years, retiring last January. Previous to that he had been district attorney in Dane county. Last summer he made an unsuccessful run against John M. Nelson for the nomination for congressman in the Second Wisconsin district. His nomination is something of a surprise as former Gov. Davidson and Frank Bentley, the present incumbent, had been mentioned as more probable appointees.

### SEAMAN APPOINTED REGENT

Governor Places Milwaukee Man on State University Board to Succeed Magnus Swenson.

Madison.—Dr. Gilbert E. Seaman of Milwaukee has been appointed by Gov. McGovern as regent-at-large of the University of Wisconsin to succeed Magnus Swenson of Madison, whose resignation was recently submitted to and accepted by the executive.

Dr. Seaman has been one of the leading influences of Wisconsin in the movement to stamp out tuberculosis. He has given his time and money generously to this fight, and to him as much as to any other man is due the success of the anti-tuberculosis campaign in this state.

### Plan 40,000,000-Foot Timber Cut.

Oshkosh.—Menominee sawmill plant at Neopit will be permitted to cut 40,000,000 feet of timber during the present season, under terms of an amendment to the Indian appropriation bill. Under the existing law only 20,000,000 feet could be cut during a single season. The amendment was made that the timber in the burned over area might be taken care of.

### Wisconsin Man Quits Circus.

New Richmond.—Advises from Brenham, Tex., where the show has winter quarters, state that Dode Fisk, formerly of Woneoc, Wis., has sold his circus and retired from the amusement field. Fisk was for many years connected with Ringling Brothers, being their bandmaster most of the time. Since then he has had a show of his own on the road.

### Badger Basketball Team Stranded.

Two Rivers.—Word has been received from members of the Hamilton basketball team of this city, which has been touring the Pacific coast states, stating that the team is stranded at La Grande, Oregon, owing to the sudden disappearance of the advance manager.

### \$25,000 Church for Woneoc.

Woneoc.—The German Lutherans of this place have voted to build a \$25,000 church next summer.

### PROBATION LAW DISCUSSED

Judges With Criminal Jurisdiction Attend Madison Conference from All Parts of the State.

Madison.—A conference of the judges of the circuit court and other courts having criminal jurisdiction, was held in Madison to consider a law passed at the last session of the legislature authorizing judges to place on probation persons guilty for the first time of criminal offense.

The law provides that any person, convicted for the first time of certain criminal offenses may, in the discretion of the judge, be placed on probation.

The law is understood to have worked well in some parts of the state, especially in Milwaukee, where Judge Backus placed on probation thirty-six first offenders. Most of the judges of the state having criminal jurisdiction attended the conference.

### News Notes of Wisconsin

Eau Claire.—Clarence A. Chamberlin, one of the original incorporators of the Empire Lumber company of this city and well known throughout the northwest, was stricken while seated in a barber chair at the Eau Claire club, and died a few minutes later. Hemorrhage of the brain was the cause of his death. He was born in Manchester, N. H., in 1846, and in the early days was a clerk on a Mississippi river steamer. In 1856 he came to Eau Claire. He is survived by a wife.

Madison.—The special legislative committee appointed to visit the state charitable, penal and reformatory institutions, has finished its tour of inspection. Senator True, chairman, said the institutions were well managed and in fairly good condition.

La Crosse.—Disregarding threats upon his life if he failed to desist in his anti-saloon campaign, Alderman George B. Marvin found the windows of his store smashed with brick. Marvin posted a sign, "Whisky did this," and says he will continue his fight.

Eau Claire.—Abial Hathaway, of Peru, N. Y., passed away here while on a visit with his brother, Alexander Hathaway, who is also not expected to live. The two brothers were recently reunited after being separated for sixty years.

Appleton.—It is announced that the executive board of the Commercial club is considering the question of taking a new census of the city as the figures recently announced by the government are believed to be incorrect.

Madison.—Judge George L. Bunn, son of Mrs. Romanzo Bunn of this city and the late Judge Romanzo Bunn of the federal court, has been appointed by Gov. Eberhart to the vacancy on the Minnesota supreme bench caused by the death of Justice Jaggard. Judge Bunn presides over the Ramsey county district court at St. Paul. He is a graduate of the University of Wisconsin, 1885.

Fond du Lac.—In an effort to secure the new state home for the Feeble Minded, the Businessmen's association has obtained options on 600 acres of land and will offer the property as a site.

## Doctors Said Health Gone

### Suffered with Throat Trouble

Mr. B. W. D. Barnes, ex-Sheriff of Warren County, Tennessee, in a letter from McMinnville, Tennessee, writes:

"I had throat trouble and had three doctors treating me. All failed to do me any good, and pronounced my health gone. I concluded to try Peruna, and after using four bottles can say I was entirely cured." Unable to Work.

Mr. Gustav Himmelreich, Hochheim, Texas, writes:

"For a number of years I suffered whenever I took cold, with severe attacks of asthma, which usually yielded to the common home remedies.

"Last year, however, I suffered for eight months without interruption so that I could not do any work at all. The various medicines that were prescribed brought me no relief.

"After taking six bottles of Peruna, two of Laeupa and two of Manalin, I am free of my trouble so that I can do all my farm work again. I can heartily recommend this medicine to any one who suffers with this annoying complaint and believe that they will obtain good results."

### No Purchase Recorded.

There was a dealer who tried to sell a horse to the late Senator Daniel of Virginia. He exhibited the merits of the horse, and said, "This horse is a reproduction of the horse that General Washington rode at the battle of Trenton. It has the pedigree that will show he descended from that horse and looks like him in every particular."

"Yes, so much so," said Senator Daniel, "that I am inclined to believe it is the same horse."

### Probably Got Off.

Apropos of certain unfounded charges of drunkenness among the naval cadets at Annapolis, Admiral Dewey, at a dinner in Washington, told a story about a young sailor.

"The sailor, after a long voyage," he said, "went ashore in the tropics, and it being a hot day, he drank in certain tropical bars, too much beer."

"As the sailor lurched under his heavy load along a palm-bordered avenue, his captain hailed him indignantly.

"Look here," the captain said, "suppose you were my commander, and you met me in such a condition as you're in now, what would you do to me?"

"Why, sir," said the sailor, "I wouldn't condescend to take no notice of you at all, sir."

### "The Memory Lingers"

POSTUM CEREAL CO., Ltd., Battle Creek, Mich.

## For Velveteen

**T**HE first design sketched is a simple coat and skirt in nut-brown velveteen, very useful and very smart; the skirt is quite plain and a good walking length; the coat has a deep collar cut off square in front; the fastening is formed by tabs in which buttonholes are worked, and bone buttons. Velveteen toque trimmed with two ostrich tips. Materials required: 12 yards 24 inches wide, 5 yards silk for lining coat, 4 yards sateen for skirt.

**WHEN MAKING A VALANCE**  
Difficulties Not at All Insurmountable if They Are Properly Approached.

The main difficulty in making a valance is to keep it in place without putting tacks into the furniture or having it on narrow strips that pull out from under the mattress. One woman has hit upon a plan of having heavy unbleached sheeting cut just the size of the bed, or a little within the line of the sides. The sheeting is shrunk before being used. The valance is sewed to it on each side and across the end.

### ADORNMENT FOR HAIR.

Fillet for the hair made of gold cloth sewn with turquoise. The aigrette is white.

**To Clean Felt Hats.**  
First, all the trimming is removed and the felt given a thorough brushing. From a hardware dealer purchase, for a few cents, a sheet of the finest sandpaper made. Cut into piece around a convenient-sized block of wood, begin sandpapering the hat, being careful always to rub in the direction of the nap. Continue this process, using a new piece of sandpaper when necessary, until the felt begins to take on a new and clean appearance. When the felt becomes clean the nap is slightly dampened and the felt pressed with a moderately hot iron.

**The Newest Tea Cosies.**  
Quite the newest tea cosies are fascinating creations heavily embroidered in an open pattern to show off a silk lining of a gay color. That the cosies may fit over any sized teapot, even the most capacious, it has end pieces let in, and these are of plain linen, unadorned like the rest, so that here the colored lining does not show through. The seams of the cosies are covered by a handsome white cord, artistically knotted here and there to give a pretty effect.

is now so much used for long coats. Materials required: 8½ yards velveteen 72 inches wide, 5 yards lining 44 inches wide.

The third costume shown is in laurel leaf green. The skirt has a panel front and back, and at sides is trimmed with a band of burnished gold and green trimming. The coat has a vest of the same trimming; a band of it is taken from each side the front and raised high in the centre back. Hat of folded satin trimmed with long grey wings. Materials required: 12½ yards 24 inches wide, 4 yards trimming, 5½ yards satin for lining coat, 4 yards sateen for skirt lining, 4 buttons.

**DESIGNED FOR THE NURSERY**  
Pretty Things That Will Properly Set Forth the Apartments of the Little Folks.

So many charming things are made for the nursery nowadays that it is a delight for young mothers to set out to furnish the apartment devoted to the little folks.

Sets of basin and pitcher in neat enameled stands are decorated with Kate Greenaway figures.

Bassinetts like large market baskets having stout handles and lined with silk and lace, are very convenient with silk and lace, and very convenient when moving the wee baby from room to room.

A stand of enameled wicker has four trays for holding baby's clothes. It is very compact when shut, but when required these may all be opened at the same time by pushing out different trays.

Small clothes-trees of white painted wood are copies in miniature of what the grown-ups use.

A basket, with compartments to hold six small bowls, is handy when dressing the infant. The porcelain bowls are marked safety pins, sponge, soap, nipples, etc.

**Some Uses for Matting.**  
Straw matting may be put to many uses besides the conventional one of covering floors.

Table covers may be made of the fine, closely woven Japanese matting, hemmed at each end.

As a finish to the lower part of a wall matting which is not too heavy serves quite as well as burlap and is a change from the more usual covering.

Settee cushions may be made, or at least covered, with fine, pliable kind of matting, to match the strip on the porch floor.

Window shades and awning to keep the sun off, which are tied back or rolled up when not in use, are also practical made of matting.

They are hemmed top and bottom and hung upon rings at the top, which in turn are hung on little brass hooks screwed into the window frame or porch beam.

**Bordered Foulards.**  
There is nothing smarter and few things more handsome than the new bordered foulards brought in for spring. Many of the most attractive pieces have borders that take up more than twenty inches of the forty-five or forty-six-inch width of the silk. These wide borders usually have a band of solid color four or five inches wide at the edge of the piece. The rest of the border may be of Persian design in lovely green, blue, rose, lavender, gray or other color scheme to harmonize with the ground of the rest of the silk.

**Empire Waist Line.**  
The straight, narrow lines not over accentuated and the shortened waist line are very pretty in the one-piece trotting frocks of linen, silk, etc., which are being made for southern wear, though the empire waist line must always be handled very carefully in connection with a street frock if it is not to give the frock an air suitable to the boulevard rather than the street.

## WINNIPEG, MANITOBA, THE GREATEST WHEAT MARKET ON THE CONTINENT

REMARKABLE YIELDS OF WHEAT, OATS, BARLEY AND FLAX IN WESTERN CANADA LAST YEAR.

Figures recently issued show that the wheat receipts at Winnipeg last year were 88,269,330 bushels, as compared with the Minneapolis receipts of 81,111,410 bushels, this placing Winnipeg at the head of the wheat receiving markets of the continent. Following up this information it is found that the yields throughout the provinces of Manitoba, Saskatchewan and Alberta, as given by the agents of the Canadian Government stationed in different parts of the States, have been splendid. A few of the instances are given:

Near Redvers, Sask., Jens Hortness threshed about 50 acres of wheat, averaging 29 bushels to the acre. Near Elphinstone, Sask., many of the crops of oats would run to nearly 100 bushels to the acre. A Mr. Muir had about 200 acres of this grain and he estimates the yield at about 60 bushels per acre. Wheat went 35 bushels to the acre on the farm of Mr. A. Loucks, near Wymard, Sask., in the fall of 1910. K. Erickson had 27 and P. Solvason 17. In the Dempster (Man.) district last year, wheat went from 25 to 30 bushels per acre. Fifteen acres on the Mackenzie & Mann farm today went forty-three bushels to the acre. In the Wainwright and Battle River districts yields of wheat averaged for the district 26 bushels to the acre. M. B. Ness, of the Tofteld, Alberta, district, got 98 bushels and 28 lbs. of oats to the acre, while near Montrose, over 94 bushels of wheat to the acre was threshed by J. Leontie, notwithstanding the dry weather of June. Further reports from the Edmonton district give Frank McEay of the Horse Falls 100 bushels of oats to the acre. They weighed 45 lbs. to the bushel. A 22-acre field of spring wheat on Johnson Bros.' farm near Agricola yielded 40½ bushels to the acre. Manitoba's record crop for 1910 was grown on McMillan Bros.' farm near Westbourne, who have a total crop of 70,000 bushels, netting \$40,000 off 2,200 acres. G. W. Buchanan of Pincher Creek, Alberta, had 25½ bushels of No. 1 spring wheat to the acre. Mr. A. Hutton of Macleod district had wheat which averaged 21 bushels to the acre. B. F. Holden, near Indian Head, Sask., threshed 950 bushels of wheat from 20 acres.

On the Experimental Farm at Indian Head, wheat has gone below 40 bushels, while several, such as the Marquis and the Preston, have gone as high as 54 bushels to the acre. At Elstow, Sask., the quantity of wheat to the acre ran, on the average, from 26 right up to 40 bushels per acre, while oats in some cases yielded a return of 70 to 80 bushels per acre, with flax giving 13 to 14 bushels per acre.

W. C. Carnell had a yield of 42 bushels per acre from six acres of breaking. Neil Callahan, two miles northwest of Strome, had a yield of 42 bushels of wheat per acre. Wm. Lindsay, two miles east of Strome, had 1,104 bushels of Regenerated Abundance oats from ten acres. Joseph Scheelar, 11 miles south of Strome, had 12,000 bushels of wheat and oats from 180 acres. Part of the oats yielded 85 bushels to the acre, and the wheat averaged about 40 bushels. Spohn Bros., four miles southwest of Strome, had a splendid grain yield of excellent quality wheat, grading No. 2. A. S. McCulloch, one mile northwest of Strome, had some wheat that went 40 bushels to the acre. J. Blaser, a few miles southwest of Strome, threshed 353 bushels of wheat from 7 acres. Among the good grain yields at Macklin, Alberta, reported are: D. N. Tweedie, 22 bushels to the acre; John Currin, 24 bushels wheat to the acre; Sam Fletcher, 20 bushels to the acre.

At Craven, Sask., Albert Clark threshed from 60 acres of stubble 1,890 bushels; from 20 acres of fallow 900 bushels of red life wheat that weighed 65 pounds to the bushel. Charles Keith threshed 40 bushels to the acre from 40 acres. Albert Young, of Stony Beach, southwest of Lumsden, threshed 52 bushels per acre from summer fallow, and George Young 5,000 bushels from 130 acres of stubble and fallow, or an average of 38-1-2 bushels to the acre. Arch Morton got 5,600 bushels of red life from 160 acres. James Russell got 8,700 bushels from stubble and late breaking, an average of 23½ bushels.

At Rostern Jacob Friesen had 27 bushels per acre from 80 acres on new land and an average over his whole farm of 21½ bushels of wheat. John Schultz threshed 4,400 bushels from 100 acres, or 44 bushels to the acre. John Lepp had 37 bushels per acre from 200 acres. A. B. Dirk had 42 bushels per acre from 25 acres. Robert Roe of Grand Coulee threshed 45 bushels to the acre from 420 acres. Sedley, Sask., is still another district that has cause to be proud of the yields of both wheat and flax. J. Cleveland got 30 bushels of wheat per acre on 100 acres and 18 bushels of flax on 140 acres. T. Dundas, southeast of Sedley, 40 bushels per acre on 30 acres; M. E. Miller, 34 bushels per acre on 170 acres of stubble, and 35 bushels per acre on 250 acres fallow; W. A. Day had 32 bushels per acre on 200 acres of stubble, and 35 bushels on 250 acres of fallow; J. O. Scott had 30 bushels of wheat per acre on 200 acres, and 18 bush-

els of flax per acre on 300 acres; James Bullock averaged 29 bushels of wheat; A. Allen 30 bushels; Jos. Runions, 40; Alex Ferguson, 38; W. R. Thompson, 35, all on large acreages. The flax crop of J. Cleveland is rather a wonder, as his land has yielded him \$80 per acre in two years with one ploughing. Russell, Man., farmers threshed 30 bushels of wheat and 60 to 80 bushels of oats. A. D. Stenhouse, near Melford, Sask., had an average yield on 13¼ acres of new land, 63½ bushels of Preston wheat to the acre. Hector W. Swanson, a farmer near Welwyn, Sask., had 5,150 bushels of wheat from one quarter section of land. John McLean, who owns two sections, threshed 12,860 bushels of wheat.

**Crutches or Biers.**  
Richard Croker, at a dinner at New York, expressed a distrust for aeroplanes.

"There's nothing underneath them," he said. "If the least thing goes wrong, down they drop."

"I said to a Londoner the other day: 'How is your son getting on since he bought a flying machine?'"

"On crutches, like the rest of them," the Londoner replied.

**OATS—259 Bu. Per Acre.**  
That is the sworn to yield of Theodore Harnes, Lewis Co., Wash., had from Salzer's Rejuvenated White Bonanza oats and won a handsome 80 acre farm. Other big yields are 141 bus., 119 bus., 103 bus., etc., had by farmers scattered throughout the U. S.

Salzer's Pedigree Barley, Flax, Corn, Oats, Wheat, Potatoes, Grasses and Clovers are famous the world over for their purity and tremendous yielding qualities. We are easily the largest growers of farm seeds in the world.

**Stomach Blood and Liver Troubles**

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale-people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach.

A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Laziness by taking a course of **Dr. Pierce's Golden Medical Discovery—the Great Stomach Restorative, Liver Invigorator and Blood Cleanser.**

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath.
