FREE DELIVERY BEGINS JUNE 1

Postmaster Bonniwell Notified to Establish the Service on That Date

WILL HAVE TWO CARRIERS

The free delivery of city mail in Hartford is to be established on June 1st. Notice to that effect was received by Postmaster Bonniwell from the First Assistant Postmaster General this morning.

Examinations for two mail carriers and one substitute will have to be held in the near future.

All those desiring to be accommodated with the services of free delivery are compelled to have a mail box or a slot in the front door of their residence or business place. Those not wishing to have their mail delivery can retain their box at the postoffice.

The Hartford postoffice has increased wonderfully in its amount of business and if it keeps up we are very likely to have a postoffice building, as Congressman Burke has promised to introduce a bill for a building in Hartford. The deposits of the postal savings department now reach over \$5,000, which is a very good showing.—Hartford Times.

Barley Leaf Blight Easy to Prevent

That barley leaf blight which has spoiled as high as 50 per cent of the crop in some Wisconsin fields in the last few years can be prevented by subjecting barley seed now to a modified hot water treatment, is shown by Prof. L. R. Jones, of the department of plant pathology of the College of Agriculture of the University of Wisconsin. Barley seed, he says, should be dipped for 15 minutes in water heated to 125 degrees F.

There are two kinds of barley leaf blight. One produces a yellow striping of leaves and usually prevents the heads from forming. The other produces a conspicuous brown blotch first on the lower leaves, then on the leaves above. This decreases the yield materially. Sometimes this blight attacks the stem also, weakening it to such an extent that the barley lodges.

CAUCUS WELL ATTENDED

Opposition for Village Officers Were Plentiful. Klassen Nominated President Without Opposition

The Village Caucus held in the village hall last Saturday was one of the largest ever held in this village, 143 votes being cast. John P. Klassen was nominated for president without any opposition. There were ten trustees in the field, six of whom were nominated. The three highest were nominated for the term of two years and the next three for the term of one year. Those nominated for the term of two years were H. W. Krahn, B. H. Rosenheimer and John Brunner. Those nominated for one year were Jos. Mayer, H. W. Meilahn and H. W. Ramthun. The defeated candidates were Louis Brandt, Andrew Groth, J. W. Schaefer and Geo. H. Schmidt, the latter being the lowest receiving only 23 votes.

The race for treasurer and Justice of the Peace was very interesting. For treasurer Chas. Groeschel defeated Jos. Eberle by four votes, while the same was the result for Justice of the Peace. W. S. Olwin defeating D. M. Rosenheimer. The contest for assessor between Albert Ogenorth and Jos. Strachota was very one sided, Ogenorth defeating his opponent by 48 votes.

Jos. Schmidt for supervisor, Edw. C. Miller, for clerk, and Otto Stark for constable, had no opposition.

After the results of the caucus were announced, Chairman Arthur Koch appointed as caucus committee for the ensuing year: H. W. Krahn, Joseph Schlosser and Edw. C. Miller.

Warns Wool Growers Against Poor Twine

Wool growers of Wisconsin may have the price of their wool cut considerably if they do not tie it with the proper kind of twine, according to a statement being sent out by Frank Kleinheinz, shepherd at the University of Wisconsin. Sisal twine has been used by many, but this allows the sisal to become entangled in the wool. In some cases the twine that has been used has discolored the fleece. The twine recommended by Mr. Kleinheinz is known as "fleece twine" and is made of paper. This is lighter than ordinary twine and inasmuch as this is sold by the pound, it is cheaper in the long run.

WARRANTS ISSUED AGAINST WARDENS

Brunet, Kleist and Hall Are Charged With Assault

CHARGE MADE AT MAYVILLE

Gustave Schamberg Claims Fathers Death Was Hastened by Handling Given by Wardens

Warrants for the arrest of Deputy Game Wardens Brunet, of this city, Kleist, of Kenosha, and Hall, of Rubicon were issued from the office of Justice of the Peace Paul Herberg at Mayville Monday afternoon, the charge of assault having been preferred against the wardens by Gustave Schamberg, who resides near Mayville.

The arrests of the game wardens grows out of the death of Martin Schamberg, an aged man, who died an hour after the wardens had searched his home in search of muskrat hides on March 28. Gustave Schamberg, a son of the dead man claims that his father's end was hastened by rough handling by the wardens.

The wardens on the other hand declare that they did not molest the old man, not one of them laying a hand on him. They claim that when they went to the Schamberg house armed with a search warrant the son invited them to make the search. While they were in the house, Martin Schamberg came in and became angered at the wardens, Martin Schamberg was 84 years old and it is believed that the excitement caused heart failure. He died shortly after the wardens left the house.

Gustave Schamberg is facing trial on a charge of violating the game laws, the specific charge being that of spearing muskrats. He will be tried in Justice Herberg's court Friday.—Fond du Lac Commonwealth.

At the Schubert

A stage version of "Little Women," Louisa M. Alcott's immortal story, has been made by Marian De Forest, magazine writer and dramatic critic of the Buffalo Express, and produced by Wm. A. Brady, will be given at the Schubert Theatre for a week's engagement starting with a matinee on Easter Monday. Other matinee that week will be given on Wednesday and Saturday.

"Little Women," the play, is in reality "Little Women" the book, made into a character comedy in four acts and two scenes which tell the familiar story, of the March girls, Meg, Jo, Beth, and Amy, and all those concerned in the development of that story; Laurie, handsome, debonnaire; the professor; Mr. and Mrs. March; old Hannah who grumbled so much that no one else had a chance; old Mr. Laurence, and Aunt March, the crochety, family scold. Furthermore, the story of "Little Women" is really the story of Louisa M. Alcott and her three sisters: Miss Anna Alcott, her older sister; Beth; Elizabeth Alcott, whose death in girlhood cast a heavy shadow over Louisa. Amy March is May Alcott, and the story of her artistic hopes and dreams is true to life, just as is the account of Jo's endeavors to win fame and fortune through the efforts of her pen, a dream that she lived to see come true in most abundant measures.

Ever since the announcement that William A. Brady was to produce Miss De Forest's play, his office has been overwhelmed with inquiries, and the managers all over the country have been clamoring for bookings, but Mr. Brady decided to give Milwaukee an early date to see the stage version. It took eight years of persistent endeavor to secure the consent of Miss Alcott's heirs to having the story made into a play. Miss Jessie Bonstelle finally succeeded and the work of dramatization was given to Miss De Forest. The play was approved by the Alcott family and quickly snapped up by Mr. Brady. So out from the book pages these old friends will come to live, living and speaking realities.

Easter

Spring is wandering, care free, Pure as all the snow that falls, Pink of breast with gladsome call. For the blessed things that be, Far and wide the olden way, God is in the soil to-day.

Spring is wandering her way, Shyly down through dripping dells Where the voice of nature tells God is in the soil to-day, Light her steps o'er wondrous lands Stream with bounty from her hands.

Now she stops, to kiss and smile Some frail blossoms, or the green Now, with dainty steps, between. Linger with them for awhile Through the oriole and songs! Where the mistle bird belongs!

FARMERS' ASSOCIATION ORGANIZED

Two Meetings of the Farmers of This Locality Were Held in Groeschel's Hall

F. C. GOTTSLEBEN ELECTED PRESIDENT

The Purpose of the Association is to Promote the Agricultural Community. Meetings to be Held Monthly

A farmers organization was organized in Groeschel's hall last week Saturday afternoon, when about 35 of the farmers of this community assembled for the purpose of forming an organization. The meeting was presided over by F. C. Gottsleben.

After a short talk by Mr. Gottsleben, stating a few of the many things that could be benefited by a farmer if they were organized, it was decided to proceed and complete such an organization.

Upon motion made, seconded and carried Mr. Gottsleben was unanimously elected temporary president. John Ogenorth temporary secretary and Wm. Quandt, temporary treasurer. Upon a motion, made and carried the president was authorized to appoint a committee on constitution and by-laws, which committee was instructed to report at the next meeting.

It was also decided by the organization to call another special meeting on Wednesday of this week, for the purpose of completing the organization. The club will meet regular and expect to have very interesting talks given by very prominent people. All farmers are invited to join this association.

Before the meeting adjourned a paper was circulated for the purpose of having the farmers present sign same and pledge their loyal support to the new organization. Nearly all present were more than willing to sign the paper.

On Wednesday evening a permanent organization was organized. At this meeting it was decided that the new organization shall be named the Kewaskum Agricultural Society. The object being to promote the agricultural community. All farmers who take active interest in agriculture are eligible to memberships. Meetings will be held on the first Monday of every month. Place to be decided on by the executive committee.

The committee on constitution and by-laws reported. After the reading of the constitution and by-laws it was decided to approve same. A recess was then taken for the purpose of getting all farmers present to sign as charter members. After recess the election of officers took place, which resulted as follows: President—F. C. Gottsleben; Secretary—Franklin Backhaus; Treasurer—John Ogenorth; Vice President—Louis Backhaus; Sergt. at Arms—Jos. Honeck. The chair appointed the following as an executive committee including himself and the secretary, M. Johannes Jr., John Follenz, Chas. Geidel and Wm. Muckerheide.

At this meeting the secretary was instructed to correspond with the experimental station to have one of their men attend a meeting of the association to talk on the benefits that should be derived by all farmers.

The STATESMAN office believes in an organization of this kind, so the editor has offered to the members of the association at their meeting last Wednesday, a special prize of \$5 for the 10 best ears of corn.

About one hundred persons attended the illustrated lecture on tuberculosis by Mr. Theo. J. Werle of Milwaukee. Mr. Werle began with a short history of the discovery of the germ of the dreaded disease, followed by a discussion of the primary and secondary stages of the disease. He brought to light that this is not an inherited disease, but developed as a result of improper caution in the case of those infected, either through a lack of knowledge of right principals, or through carelessness especially in expiratory and the use of drinking utensils. He also spoke emphatically of the value of fresh air and sunlight stating that in sunshine the tuberculosis germs can live but six minutes whereas in darkness and dampness it may thrive for two years. The method of sleeping in upper enclosed porches is strongly advocated, sleeping rooms should be well ventilated by open windows at all times.

Mr. Werle went on to explain the fresh air and sunlight treatment rendered at the Wisconsin Sanatorium, furthermore he went on stating that 250,000,000 loss from this disease alone exists especially in our state, one person in every seven has the disease, while one death in every twelve is caused through it. The combined efforts of us all are necessary to serve in rendering a sharp cut of this terrible disease.

The talk proved to be a very interesting and instructive one, being belnded with the actual illustrations served to form deep and lasting impression.

Stimulate Children?

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Then ask him about Ayer's Sarsaparilla as a strong and safe tonic for the young. Not a drop of alcohol in it.

Always keep a box of Ayer's Pills in the house. Just one pill at bedtime, now and then, will ward off many an attack of biliousness, indigestion, sick-headache. How many years has your doctor known these pills? Ask him all about them.

Made by the J. C. AYER CO., Lowell, Mass.

Charles Holtz of Campbellsport paid a fine and costs of \$11.64 before Justice Blewett late Saturday afternoon for assault and battery upon the person of John Schaeffer village marshal.

Something over a year ago Mr. Holtz is said to have left his team unblanketed in the streets of Campbellsport. Schaeffer took the animals and stabled them at a livery, Holtz being charged with their shelter and feed.

On the afternoon of Friday March 15, the men met at the bar of one of Campbellsport saloons, and Holtz is alleged to have charged Schaeffer with having treated him unfairly. An argument ending in a scuffle followed and Schaeffer slipped or was pushed over a beer keg sustaining a number of contusions and cuts about the face. As soon as he was again able to be about he accused Holtz' arrest on the charge of assault.

Holtz disclaimed any intention to injure the marshal, asserting that the latter's injuries were the result of an accident, but expressed a willingness to pay a fine to prevent further annoyance and loss of time through the trial of the case.—Fond du Lac Reporter.

THIS PAPER HELPS THE TEACHER

THE public schoolteacher that does not read the papers fails in an important particular to fit himself or herself to instruct the young.

EDUCATION IS NOT ALL GAINED FROM BOOKS. MOST OF IT IS GAINED FROM LIFE, AND NEWSPAPERS ARE THE MIRRORS OF LIFE.

Not only should teachers read the papers, but pupils should be caused to do so. In the case of the children little persuasion is needed. They are so eager to learn that they read every paper they get their hands on.

MANY SCHOOLS HAVE CLASSES IN CURRENT EVENTS. The pupils are required to tell or write the chief happenings of the day. It is an invaluable training.

EVERY teacher should TAKE this paper.

Dr. Hess Stock Food on 3 Months Trial

From the manufacturer's written guarantee and the untiring praise it is receiving from our customers we are doubly sure that it is, without a single exception, the best Stock Food or tonic ever produced and at a price that you can afford to feed it regularly.

Now here is our proposition: We will supply you with sufficient Dr. Hess Stock Food to feed your animals twice a day for three months; we will supply you with 25 lbs. or one ton, then if at the end of three months you are not absolutely sure that it has paid you to feed Dr. Hess Stock Food, that is, if your animals fed for market have not been more thrifty, your other stock in better state of health, return to us the empty package and we will refund every cent you have paid us.

Here are the prices: 500 lbs. for \$25.00, or 100 lbs. at the same rate \$5.00, or 25 lb. pail at \$1.60.

We Clean Men's Clothes so They are Really Clean

In our dry cleaning department we are making a specialty of cleaning and pressing men's suits. We do not simply take out the spots—we thoroughly clean both the fabric and the linings, removing all the dirt and stains, oil and grease spots as well. Grease spots removed by our method do not return after a few wearings, as is often the case with other processes. Send in your suit today and avoid the usual Easter Season rush.
