Miss Emma Dullea left Wednesday for a few days visit with her sister, M. Julia of Hortonville, Wis. after which she will spend some time with her brother, C. G. Dullea and family of La Crosse, before leaving for her home in Minnesota.

#### SCHOOL NOTES.

Every cloud has a silver lining. Our attendance during the last week and a half has been perfect. Let's work to keep it so during the entire month.  
Margaret, Walter and Gladys Bradley who are attending school at St. Michaels visited with us on Wednesday during their vacation.  
The Seventh grade History class received their final examination on Friday and will procure a months work in Civics, as an alternate.  
The Eighth grade class are taking up extensive reviews in Physiology and Geography, preparatory to taking up Diploma examination. They are also taking up work in Orthography.  
A copy of the Farmer's Institute Bulletin for 1911 was delivered to the school by Mr. Grubbe recently. A lot of valuable material of interest to the farmer can be found there in. Be sure to obtain one, by request to the Institute Department.  
Only one more month in which to call around and see us. Our list of visitors thus far has been fairly large, however if you have not availed yourself of the request thus far, please do so soon. Take a half day off and come along. Remember we always extend a welcome to your interest in this respect.  
The following have been awarded perfect attendance certificates for the eight months past closed: Arthur Schemmel, Leonard Klunke, Susie Geib, Olive Volz, Grayce LaFever, Anton Duac, Jos. Hausler, Wilmer Wendel, Maonn Brazelton, Florence Donlath, Josephine Duac, Chas. Schemmel, Clifford Stautz, Clara Woog, Angeline Geib, Hildegard Schultz, Edwin Klahn, Robert Schultz, Edna Reul, Florence Enright, Ester Dries, Helen Duac, Harold Riley, Allen Bradles, Alice Enright, Lawrence Laatsch, Bertha Laatsch, Ida Dries, Alice Ryan, William Riley, Arthur Wendel, Lester Bradley.  
The teachers and pupils are working on a short program to be rendered on Arbor Day. A new feature of this day is the proclamation of it as fire prevention day also. This will be explained in an address by Mr. Burke. All persons should make a special effort and clean up all old rubbish in the vicinity of buildings, also in the interior if any. Too much stress cannot be laid upon the care and handling of kerosene, gasoline and parlor lamps. Statistics show an annual loss of \$20,000,000 worth of property in the United States. A great deal of it being simply destroyed through carelessness or negligence.  
**The Demons of the Swamp**  
are mosquitos. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fires of fever. The appetite flies and the strength fails; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Fritwell, of Lucama, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills, 50 cts. at all Drugists.  
—Get the Census bulletins if you have any doubts as to the statements contained in this paper.

#### ST. BRIDGETS

Miss Rose Schaeffer was a Fond du Lac caller last Wednesday.  
A barn raising bee was held at Jake Schaeffer's place last Wednesday.  
Mrs. John Schield and Viola Gengler of Newburg spent from Friday until Tuesday with the Schield brothers.  
Several young folks from this vicinity attended the barn dance at Phil Schladweiler's place last Wednesday evening.

#### KOHLVILLE.

Adam Kohl transacted business at Hochheim last Friday.  
The town board autoed over the town last Tuesday inspecting bridges.  
Louis Eberle and family of Milwaukee visited last Sunday with relatives here.  
Mrs. John Weber and grand-children of Hillbert are visiting with the Jos. Marx family.  
August Bartelt and son August and Carl Bartelt of New Prospect visited last Sunday with the Wm. Bartelt family.  
Mr. and Mrs. John Wolf Jr. are rejoicing over the arrival of a little boy since last Thursday. We congratulate John.  
Albert Struebing and family of Elmore, Mrs. Wm. Patow and Mrs. John Basler visited last Sunday with Adam Kohl and family.

#### AUBURN

Math Hahn is having his house resingled.  
Farmers in this vicinity have finished seeding.  
Charles Terlingen was a Fond du Lac visitor Saturday.  
Dr. A. E. Rudolph of Campbellsport made a professional call in this vicinity Tuesday.  
Jacob Terlingen of Milwaukee and sister Olive of Oshkosh spent Saturday and Sunday here with their parents.  
Otto Fick installed a large whey tank in his cheese factory, which he bought of A. L. Foerster of Campbellsport.  
Alex Sook and Gustav Diekman with their respective wives were Kewaskum callers on Wednesday.  
The following spent Sunday with the P. Terlingen family: Fried Borchert and family of Knowles; Mr. and Mrs. Hy. Schmidt, Chas. Wm. and Adelaide Broseman of Wayne.

#### NEW PROSPECT.

Wm. Jandry had a foundation made for a monument last Thursday.  
Mr. Gibbons of Plymouth called on our cheese factory last week Friday.  
Several from here attended the dance at Dundee last Saturday evening.  
Mr. and Mrs. Herman Wilke were the guests of the Wm. Jandry family Sunday.  
Geo. Kippenhan and John Kohn were pleasant callers here last Wednesday.  
Mrs. John Rinzel and children spent Sunday with Mr. and Mrs. Aug. Bartelt and family.  
Mrs. Kathryn Meeth of St. Michaels is visiting with her brother, Peter Uelmen and family.  
A beautiful monument was placed in New Prospect cemetery for McDougall's last Wednesday.  
John Rinzel had a new chimney built on his saloon building last Wednesday. Otto Johann did the mason work.  
Peter Uelmen was at Fond du Lac last Saturday to attend the assessors meeting, which was held in the courthouse.  
Mr. and Mrs. Herman Jandre the Misses Rosalie and Mattie Uelmen and Peter Uelmen were Fond du Lac callers Saturday.  
Mrs. A. G. Krueger and children of Milwaukee returned home Tuesday after a week's visit with Mr. and Mrs. J. P. Uelmen.  
Dr. Trompen, Mr. Brennen and another party from Chicago were Forest Lake callers last Tuesday. They returned on Wednesday.  
Ernst Hogler has rented the blacksmith shop of Jos. Uelmen for three years. Mr. Hogler is a first class blacksmith and horseshoer.  
Mr. and Mrs. Frank Bowen and daughter Dolores, Mr. and Mrs. Peter Uelmen and daughter Rosalie and Mattie visited with Mr. and Mrs. J. P. Uelmen.

—When in need of Floral designs wedding bouquets, cut flowers, plants, etc., telephone or write to Fred C. Keating, Florist, West Bend, Wis. Telephone 472. 281f.

# The New 1912 Model

of the

is here--come to our salesroom and examine it. If you are going to buy a car it will pay you to consult our **Chart of Comparative Automobile Values** (Covering principal features of 50 well-known makes)

You will learn among other things that Cutting Cars cost less per horse-power and per wheel base inch than any other automobile selling for \$1,200 or over. We realize that we couldn't sell a new car in competition with other well-advertised makes unless we put an excess of value into it—but come in and see for yourself. Get a demonstration. You will be astonished at the character and grand appearance of the Cutting line.

Model T-35 Five-Passenger Torpedo Touring Car, Price, with Regular Equipment, \$1250

4"x5" 4-cylinder motor; three-bearing crank shaft; magneto and battery ignition; force feed, self-contained oiling system; three speeds, forward and reverse; selective sliding gear transmission; 116 inch wheel base; 34"x4" tires, Goodyear quick detachable rims; disc clutch; propeller shaft drive; very rigid radius rod and propeller tube construction; semi-floating rear axle; latest type fore-door body; inside control; nickel trimmings throughout.

**Koch Auto Company**  
Kewaskum, Wisconsin

## Stimulate Children?

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Then ask him about Ayer's Sarsaparilla as a strong and safe tonic for the young. Not a drop of alcohol in it.

Always keep a box of Ayer's Pills in the house. Just one pill at bedtime, now and then, will ward off many an attack of biliousness, indigestion, sick headache. How many years has your doctor known these pills? Ask him all about them. Made by J. C. AYER CO., Lowell, Mass.

—Invitations are out for the Junior Prom to be held in the South Side Park hall on Friday evening, May 10th. The music will be furnished by the Kewaskum Quintette.

—John Marx wishes to announce that he will receive a carload of Timothy hay the forepart of next week. Anyone wishing some of this hay should leave their orders at Mr. Marx's store.

—This office has printed a large quantity of Homecoming souvenir postal cards, which will be given away to the public free of charge. Step in our office and ask for some. Every card sent away will help boost the Homecoming. Let everyone be a booster.

—Schleisingerville contemplates adding 1500 feet of mains and several hydrants to its waterworks system. This goes to prove that even in a small village they are a success and a great convenience, besides providing a sure means of fire fighting.—West Bend News.

—Mich. Heindl who conducted a shoe store in this village for the past 3 1/2 years, left Wednesday for West Bend, where he will conduct a like business. Gust Konitz of West Bend moved to this village the same day and will open a shoe store at the Heindl stand. We wish him success.

—The American Methodist Episcopal church will hold its Sunday services in the Good Templars' Hall at 3 p. m. The Sunday school, under the superintendency of Mrs. Lay, will open at 2 p. m. The Pastor will conduct a twenty-minute study of the Sunday school lesson at the close of the service. Everybody cordially invited to attend.

### ST. MICHAELS.

Mrs. Peter Bernes of Barton visited relatives here Sunday.

Jacob Schladweiler and wife of Campbellsport visited the latter's parents, Mr. and Mrs. Nic. Schneider Sunday.

Jos. Wiskirchen and wife of West Bend and Frank Mueller and wife of Barton visited Mr. and Mrs. Math. Thull and family Sunday.

St. Michaels Benevolent Aid Society is making preparations for the celebration of its silver jubilee in June. The society now has fifty-eight members.

The home talent play and box social held recently was a grand success, socially and financially, the net sum of \$128.65 being realized. All praise is due those who participated in the programme and their manager, for the mastery with which they rendered their parts. Everybody speaks of the good royal time they had.

Last Sunday, April 28th was the happiest day of their life for a class of 15 of St. Michaels happy children, it being the day of their first holy communion, for which they had been well prepared by their pastor, Rev. Beyer. The following constituted the class: Sylvester M. Thull, John Feiten, Leo Weis, Louis Koller, Jacob Koller, Henry Bernes, Theodore Schneider, Lorenz Mellingner, Thos. G. Rodenkirch, Gertrude Herziges, Lucy Volz, Agatha Volz, Agatha Bahr, Mathilda Schaeffer, Rosa Gross, Esther Hoerig.

### Helps A Judge in Bad Fix.

Justice Eli Cherry of Gillis Mills, Tenn., was plainly worried. A bad sore on his leg had baffled many doctors and long resisted all remedies. "I thought it was a cancer," he wrote. "At last I used Bucklen's Arnica Salve, and was completely cured." Cures burns, boils, ulcers, cuts, bruises and piles 25 cents at all Druggists.

—If you like to receive the Wisconsin Bulletin every month, send 50 cents and your address to the publisher. It is all fact—the other fellow has no monopoly in the fiction—and guesses.

### American Beauty CORSETS

When you purchase a corset you want one that has **STYLE**. It is equally important that the same corset be **COMFORTABLE** and if you can also have one that **WEARS WELL** and that corset can be bought at a **REASONABLE PRICE**. **ONE DOLLAR UP** you have all the requirements of a magnificent corset.

**AMERICAN BEAUTY CORSETS** have every one of these excellent features and many more. Every improvement recommended by fashion is shown in these dainty garments.

### AN EVENING OF PLEASURE

At the theatre or party is more complete when, upon reaching home, you enjoy together, a glass or two of

### LITHIA BEER.

And it is much more than passing pleasure you derive from it. It exerts a needed soothing, quieting effect upon the nerves, following the excitement of the evening that fits one for a night of sound, refreshing sleep. If there were less coffee and more Lithia beer drunk between the hours of 5 p. m. and midnight there would be much less insomnia. Get a case of this exquisite beer for home use.

# FORD

The Motor Car with a record, in all parts of the world, for useful and satisfactory services. Ford Model T, the motor car which delivers expectations without any disappointments. Lower in price and higher in quality.

The lightest weight 4-cylinder car in the world, size, power and capacity considered—60 pounds for every horse power. If heavy weight is valuable in a motor car, why do not the makers of the heavy cars advertise the fact? There is a reason.

With complete equipment; Extension Top, Speedometer, Ford Magneto built into motor, Automatic Brass Windshield, Two 6-inch Gas Lamps, Generator, Three Oil Lamps, Horn and Tools. Delivered at your home. **\$710.00**

We believe FORD MODEL T is fully ten per cent better in quality than ever before. Not because there have been any changes in design, but simply because of added refinements and conveniences. It is the same car that has given such splendid satisfaction to more than 80,000 owners. The same car that is so familiarly known from "Greenland's icy mountains to India's coral strand." The car of immediate adaptability to the wants of all men. Just as reliable, serviceable and enjoyable on the farm as it is on the paved streets of the city. Surely you see them wherever you go, and they go wherever you see them. Keep those facts in mind: Extreme simplicity in design. Vanadium steel (scientifically heat treated) construction. Magneto built into the motor. Ford planetary spur transmission. Ford spring suspension. Ford rear axle. Quick accessibility to mechanism. 20 to 25 miles per gallon of gasoline. 8,000 to 10,000 miles on one set of tires. Every statement made in Ford advertising is a fact, nothing of "glittering generalities" of exaggeration. You can depend upon our advertisements just as you can depend upon the FORD MODEL T car. Immediate delivery. Write for catalogue and other booklets. No FORD CARS unequipped. Allow us to give you a demonstration.

### What Texans Admire

is hearty, vigorous life, according to Hugh Tallman, of San Antonio. "We find," he writes, "that Dr. King's New Life Pills surely put new life and energy into a person. Wife and I believe they are the best made." Excellent for stomach, liver or kidney troubles, 25 cts at all Druggists.

—If you want to buy a farm or if you want to sell a farm call on or write to J. B. D. ay or Adolph Rosenheimer the local real estate men, 2367.

### Looks Like the Right Move

A bill to be introduced by Hon. O. A. LaBudde, assemblyman from Elkhart Lake, will come up at the special session of the legislature, which opens at Madison on April 30th. It provides for the expenditure of the money received from hunters' license in restocking the state with game, just as has been done with fish.

Mr. LaBudde's bill will provide for the appropriation of \$10,000 of the license money for the introduction of Hungarian pheasants. This bird is said to be not only beautiful in plumage, but also hardy and well able to stand the severe winters of this climate.

Mr. LaBudde will have back of him not only the hunters in the state, but the fish and game department as well. He suggested that the sportsmen were contributing the money for the support of the department, that something ought to be done for them. He submitted his plan to Fish and Game Warden J. A. Shotts, who said he was very much pleased with it.

Mr. Shotts said that he had given the propagation of game birds some attention and thought that as Mr. LaBudde proposed a bill of this sort at the special session and added that he thought it would meet the approval of the other members.

Under a law passed by the legislature in 1911, all the money received from licenses which is not needed for the support of the fish and game department is turned over to the general fund.

It is said the amount of such license money turned into the general fund in 1911 was \$104,000. Sportsmen who have given the matter attention claim this is not right. They say either the license money should be used for restocking the state with game, as has been done in the matter of fish, or the license ought to be reduced until there is no such surplus as at present.

It is said the state is adopting a short policy in not using this money to restock the state with game birds instead of turning it into the general fund to be used in the support of other departments. It is also said that this way the sportsmen are subject to a double tax, which is unfair.

A determined effort will be made by Mr. LaBudde and those back of him to get his bill through at the special session. Whether he does or not will be determined in a great degree by action taken on the proposition to hold legislation only on subjects included in the call to bills introduced through the different committees having to do with such subjects. If the bill is not passed at the coming session, it will probably be introduced at the regular session beginning next January.—Sheboygan Daily Press.

### Wisconsin Seed Grains

The announcement to the effect that Wisconsin growers of pure-bred seeds are unable to supply the demand for them should serve to encourage farmers to give larger attention to this branch of agriculture. Farmers throughout the country are coming to regard Wisconsin grown seeds as the best in the world and there is almost an unlimited market for them. The work of the State Experiment Association and such organizations as the Fond du Lac Order of the State Experiment Association has been responsible for the high type of Wisconsin grown seeds and the result already obtained should win larger co-operation on the part of the farmers of Wisconsin with these organizations in the future than has been accorded in the past.—Fond du Lac Commonwealth.

It is true that Wisconsin seed grains sell for about double the price of ordinary grains, but it is likewise true that therein is not the greatest profit, but rather in that the growing of fine grains induce better farming all around. It should be taken up in every county.

### Pedigreed Seed is Gone

Madison, Wis., April 17.—(Special)—Growers of pure-bred Wisconsin seed are unable to supply the demand coming from all over the world. The failure of the seed corn in other states and the fame of the Wisconsin types have combined to bring orders that have literally swamped the growers. At the agricultural experiment station here orders are being turned down daily. Growers secured such good prices that they were tempted to sell too much of their stock. Now there is not enough left for sale to home farmers. One Wisconsin seed grower, H. E. Krieger of Beaver Dam, has sold over \$18,000 worth this year, and others are said to have done better. Enough pedigreed barley will be grown in Wisconsin this year, said Prof. R. A. Moore, to cover the entire barley acreage of the United States, and next year there will be enough to cover the pedigreed barley acreage of the world.—Free Press.

### Increase in Acreage Demanded

The far western boomers are now demanding another increase in the acreage permitted to a homesteader and a lessening of the requirements as to duration of residence, improvements etc. It would appear that if 160 (or 320 acres, as the case may be) does not warrant a 5-year residence is not worth having. In the west there is an occupation known as "homestead locator," and it appears to be a thriving one. These locators want big homesteads for the bigger the homestead the larger the fee—and the fee is in advance. We haven't heard prospective homesteaders asking for larger acreage.

Why should Uncle Sam be so anxious to give this land away? Why get people to go on the dry plains while there is ample idle land in the rain belt and close to the central markets?

### Trained Cheesemakers Sought by Factories

The demand for cheesemakers who have taken the course in cheesemaking at the Winter Dairy Course in the College of Agriculture of the University of Wisconsin, so far exceeds the supply that Prof. E. H. Farrington is requesting all former students of the cheesemaking course who are open for engagements to write to him. The demand is unprecedented for several reasons, one of which is that cheese has been higher in price this season than ever before. Another is that many cheese factories are just beginning operations this year.

## LOOK HERE MR. FEEDER

The Greatest Offer Ever Made to Stock Feeders  
**Dr. Hess Stock Food on 3 Months Trial**

From the manufacturer's written guarantee and the untiring praise it is receiving from our customers we are doubly sure that it is, without a single exception, the best Stock Food or tonic ever produced and at a price that you can afford to feed it regularly.

Now here is our proposition: We will supply you with sufficient Dr. Hess Stock Food to feed your animals twice a day for three months; we will supply you with 25 lbs. or one ton, then if at the end of three months you are not absolutely sure that it has paid you to feed Dr. Hess Stock Food, that is, if your animals fed for market have not been more thrifty, your other stock in better state of health, return to us the empty package and we will refund every cent you have paid to us.

Here are the prices: 500 lbs. for \$25.00, or 100 lbs. at the same rate \$5.00, or 25 lb. pail at \$1.60.

There is not a farmer or feeder in this community that can afford to miss this liberal proposition.
