## COUNTY COMMITTEEMEN MEET

Committeemen of the Republicans and Democrats Hold Meetings at Fond du Lac

### HUSTING AND MORSE ARE CHAIRMEN

Republicans Met at Hotel Erwin, While Democrats Assembled in the Parlors of the Palmer House

Roy L. Morse of Fond du Lac, was re-elected chairman of the Republican county committee held at a meeting at the Hotel Erwin. A. B. Adamson was elected to succeed himself as secretary and Alex Ramsey was elected in place of S. H. Cheney for county treasurer. A report of the treasurer showed a balance in the treasury of about \$2.

William DeSteele of Fond du Lac and Charles Van De Zande of Campbellsport were elected members of the senatorial district committee and will serve on the committee with two representatives from Green Lake county.

B. J. Husting of Fond du Lac was elected chairman of the Democratic county committee held at a meeting in the parlors of the Palmer House at Fond du Lac. Mr. Husting received 15 votes and D. F. Blewett 11. One vote cast was blank. Twenty-seven out of forty-nine precincts were represented at the meeting.

The committee elected W. S. Howe of Ripon, and W. L. Calvery of Osceola, as members of the senatorial district committee. Frank Howe of Rosendale, and Peter Schrooten of Campbellsport, were elected as members of the committee from the second assembly district.

### Subscriptions Are Due

We have this week sent out statements to all those whose subscriptions are due. It is hoped that no one will be offended by getting one of these statements, as it is only a gentle reminder and besides is a business like way. This money is due us, and it is expected that same will be paid promptly.

Kindly look at the date of your paper and see when it is due. The new postal ruling compels all papers to be paid. If you find that you are back with your payments, a remittance will be greatly appreciated.

### Married in Parsonage

Dr. Theo. Zollmann and Miss Marie Wurtzenberger, both of Rolling Prairie, Ind., were united in the Holy Bonds of matrimony by Rev. Mohme last Saturday afternoon at the Ev. Peace parsonage. Both are strangers to this community, but are well liked and held in high esteem by all in their home city. The groom is a brother of Mrs. F. Mohme of this village.

The newly married couple left on the six o'clock passenger train for a short wedding trip, after which they will go to housekeeping in Rolling Prairie, Ind. This office extends congratulations.

—Only a few more sets of dishes left. Call at this office and inspect the beautiful sets, which are given with every renewal or new subscription for \$3.98.

## SHALL CITY ESTABLISH A FREE HIGH SCHOOL

Question to be Decided by the Voters at General Election on November 5th

### ORDINANCE BEFORE THE COUNCIL

The question of the city of Hartford establishing a free high school again came up before the common council last Tuesday evening. H. W. Sawyer, together with other members of the South side school board appeared before the council with an ordinance drawn up to submit the question to the electors. W. E. Elmer, principal of the High school, Atty. P. A. Rix, and other citizens were present, who argued in favor of the proposition. After some discussion the ordinance was introduced by Ald. Kiley, which under the rules was laid over until the next regular meeting on Oct. 1.

The ordinance reads substantially as follows: "The city of Hartford does establish and will maintain a free High school within said city, provided, however, that the ordinance shall not take effect or be in force until the adoption, by the legally qualified voters of said city, of the following resolution. "Resolved that the city of Hartford shall and hereby does establish a free High school."

"The question of the adoption of said resolution shall be voted upon at the general election on Nov. 5, 1912."

"A district board consisting of a director, treasurer and clerk, shall be elected at said election to take their office should said resolution be adopted."

The question of a site or the amount of money to be raised does not come under the ordinance. In case the question of establishing a free High school is carried the district board elected will decide upon the amount required for a site and building. The council will then be asked to pass a resolution to bond the city for whatever amount required, and call another special election submitting the question of bonding the city for the amount.

A similar proposition came up before the council in August, 1911, but the matter was laid over and no action taken upon it.—Hartford Times.

### Many Driven From Home.

Every year in many parts of the country thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping-cough and sore lungs make it a positive blessing. 50c and \$1.00 Trial bottle free. Guaranteed by all Druggists.

LOST.—A hand bag containing checks and a sum of money on the road between Bartholmeyer's and Kewaskum on last week Thursday. Finder please leave same at this office and receive \$5 reward.

## EXPENSE OF USING THE PARCELS POST

Post Office Business to Expand on January 1

### A COMPARISON OF RATES

Package Weighing 11 Pounds May be Sent Through The Mails When New Law is Effective

Another angle to the express rate situation under the recent findings of the Interstate commerce commission, and the one most pertinent as bearing on the attitude which the express carriers may assume in respect to the rates which the commission has tentatively suggested as reasonable, is the one brought out by the recent parcel post legislation passed by congress. The proposed rates of the express companies are to come up for a further hearing in October, the dates now being set for Oct. 9 to 12 inclusive.

Within the past ten days congress has passed in connection with the post office appropriation bill, provisions for the extension of the government mail service to include the handling of packages weighing up to eleven pounds to be carried as fourth class matter under a new scale of rate prescribed in a bill. The post office department will be ready to operate this new parcels post system January 1st, 1913.

The proposed parcel rates are as follows:

Rural route or city delivery	1st lb.	Ch'ge.	11lbs
50 Mile Zone	.05	.01	.35
150 mile zone	.06	.04	.46
300 mile zone	.07	.05	.57
600 mile zone	.08	.06	.68
1000 mile zone	.09	.07	.79
1400 mile zone	.10	.09	.90
1800 mile zone	.11	.10	1.11
Over 1800 miles	.12	.12	1.32

The present rate on mail matter is 1 cent per ounce, or 16 cents per pound, and packages of general merchandise are limited to four pounds in weight. The following schedule shows what will result on a five pound package within each zone:

Zone	Present rate	Prop'd rate	Red'n. in rate
Rural and city delivery	\$ .80	\$.09	89 per cent
50 miles	.80	.17	79 per cent
150 miles	.80	.22	72 per cent
300 miles	.80	.27	66 per cent
600 miles	.80	.32	60 per cent
1000 miles	.80	.37	54 per cent
1400 miles	.80	.51	36 per cent
Over 1800	.80	.60	25 per cent

A comparison of the present express rates is plainly in favor of the parcel post. To send a pound package 50 miles by the present express rates costs 25 cents. The proposed express rate makes a reduction of four cents for the same package and by parcel post the expense of sending the pound 50 miles would be 5 cents. If the package weighed 11 pounds and were sent the same distance the rates would be: present express rate 35 cents; proposed express rate 24 cents; and parcel post rate 35 cents.

The cost of sending a pound package 2,000 miles under the present express rate is 30 cents. Under the new express it would be 27 cents and by parcel post 12 cents.

The point of the comparisons made is that they show the express companies under the present rate system would be practically eliminated from the handling of packages weighing eleven pounds and less. Within the zone of 250 to 300 miles and for all distances 600 miles and over, there would not be a package which could be handled as cheaply by express and considering the delivery at the door of the addresses when sent by mail particularly in rural communities where the express companies do not make such delivery it is obvious that none of these packages would be tendered the express carriers.

The volume of new business created for the post office department because of the inauguration of the parcel post is beyond estimate. It is safe to say that letter carriers and rural carriers will be among the first to note the change in the volume of mail that they will be called upon to carry. Parcels sent by post mean delivery at the door of the addresses, whether in the city or on rural routes. Rural carriers will perhaps feel the burden of the increased volume of fourth class matter more than any one else, because the low rate of postage will tempt the farmer to telephone to the cities his orders and have them delivered by post the next morning.—Fond du Lac Commonwealth.

## LOCALS ARE SWAMPED IN THE SECOND GAME

Campbellsport Gets Sweet Revenge in The Second Game of The Businessmen Series

### THE GAME DREW A VERY LARGE CROWD

Local Team Was Crippled on Account of Frank Heppie Being Unable to Pitch

The local businessmen journeyed through the mud to Campbellsport last Sunday afternoon for a return game of baseball and met defeat by the overwhelming score of 17 to 6. This certainly was a triumph day for the businessmen of Campbellsport, as they were looking for sweet revenge. The local lineup was considerably changed on account of a few of the businessmen being unable to play, and Frank Heppie, the pitcher, being unable to do a uniform, on account of undergoing an operation on Wednesday, from which he had not fully recovered.

Al. Schaefer started to do the twirling for the locals. He started way off the handle, and allowed two passes before anyone could look around. Then is when the clouting commenced and followed up until he retired in the sixth, when Duecker was substituted. The latter held his opponents down remarkably well. Errors were numerous on both sides, which also is worthy of mentioning.

Doctor Hoffmann, who played short stop for Campbellsport, drew applause from the spectators, when he grabbed a line drive in the ninth. How he was successful in the attempt, the Doctor is unable to explain, as it came as a big surprise.

KEWASKUM'S WHOLE TEAM BLEW UP AT DIFFERENT TIMES

To tell the tale as to how the scores were made would mean a full page. This we must say, however, that Campbellsport had blood in their eyes and also their bating clothes on. How they did bat the ball around the field, was very pitiful for the ball and for the local businessmen. Three and two base-hits were plentiful. After the game the cover was almost off the sphere. The attendance at the game was very large.

SCHAEFER PRESENTING HIS OPPONENTS WITH SEVERAL PASSES

ROSENHEIMER WEST UP TO THE PLATE TO "KILL IT"—AND HE DID, STRIKE OUT

The locals lost several opportunities of securing runs, when they had three men on bases, and the next men drew the wind. John Schaefer who took care of the catcher's end, was forced to retire after the seventh.

The teams on Sunday lined up as follows:

Kewaskum	Campbellsport
A. Schaefer, p-cf	Fellens, p
J. Schaefer, c	Martin, 2b
Schmidt, 1b	VanDeZande, 3b-cf
Bassil, 3b	Husting, c
Rosenheimer, lf	McCullough, 1b
Altenhofen, cf-c	Schwandt, rf
Mayer, rf-ss	Hoffmann, ss
Olwin, ss-rf	N. Schaefer, cf
Duecker, 2b-p	M. Schaefer, lf-3b
E. Miller, 2b	

The score was as follows:  
Kewaskum 0 0 0 3 1 1 0 1 0 6  
Campbellsport 5 4 2 3 0 2 0 1 \* 17

### NOTES

A game apiece.  
Dr. Hoffmann accidentally nabbed a liner in the 9th.  
Umpire Guepe was a very good official. His decisions could be heard at all times.

Schaefer retired in the sixth on account of sore muscles.  
Five runs the first inning and four runs the second were body blows for the locals.

Considerable shifting was done by the locals.  
Although defeated the locals took the defeat good heartedly.

## THREE WEST BEND LADS ARRESTED

Marshal Brandt Captures Three White One Escapes Last Sunday Evening

William Rietz, aged 21; Chas. Miller, aged 20; and Otto Olke, aged, 20; all of West Bend, were arrested by Marshal Brandt last Sunday evening, and sentenced in Justice Guth's court on Monday morning. A fourth party escaped, but after learning the sentence, made his appearance on Monday afternoon settling the case, thereby preventing arrest.

The boys were charged with petty larceny. The first two mentioned were fined \$1 and cost, while Olke was given a fine of \$2 and cost. In default of payment the first two would have been sentenced to fifteen days in the county jail, while Olke would have been given the term of thirty days. The total amount of the fines and cost amounted to \$15.02, which was paid on Monday afternoon.

The quartette came to this village on Sunday evening with the passenger train, and at once started making the rounds, shaking dice etc. and left the place of business without paying for the goods. This act was done in several places, but finally they were arrested after doing a like stunt in Isadore Marx's Bakery and Confectionery store, after shaking two games and taking two packages of cracker jack each, they left. Mr. Marx at once informed the marshal, who later arrested three, the fourth party escaping. The cost and fine certainly meant expensive cracker jack. We hope this will teach them a lesson, as it always pays to be honest.

For the past few months, several of the neighboring boys have been coming to Kewaskum every Sunday evening. Their visit no doubt would always be welcomed, but the way some of these lads carry on and use abusive language, it was about time a stop was made. If the habit is not stopped some more arrests can be expected.

### Annual Report is Completed

County Superintendent of schools Julia M. Ryder has practically completed her annual report for the year ending June 30, 1912, and will forward a copy of it to State Superintendent C. P. Cary within a few days.

The report shows the total enrollment in the town and village schools of the county to be 3,924. Of this number 2,140 are boys and 1,784 are girls. The number of children of school age in the county is 8,352. Of this number 4,327 are boys and 4,025 are girls.

At the present time there are 164 schools in the county. There are five high schools, two state graded schools and the remainder are common schools. The high schools are located at Brandon, Campbellsport, Rosendale, North Fond du Lac and Oakfield. The total enrollment in these schools cannot be stated at present as the report of one school was incorrect and will have to be revised.

The two state graded schools in the county are located at Calumet Harbor and Fairwater. The total number enrolled in the two schools is 122.

A financial report of each of the various schools in the county is also attached to Miss Ryder's report showing that all are on a firm financial basis.—Fond du Lac Reporter.

## MATH. HERRIGES PASSES AWAY

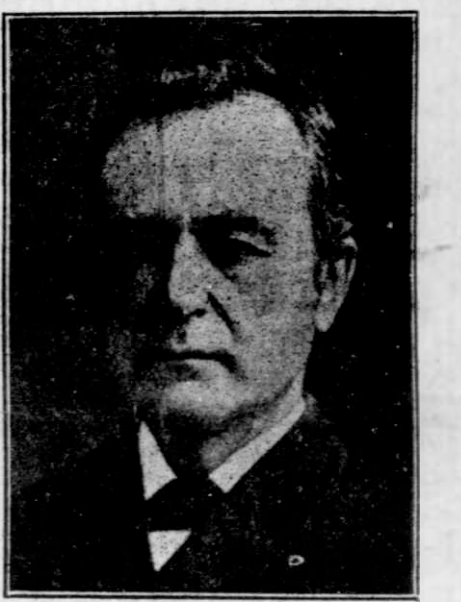

Pioneer of The Town of Farmington and St. Michaels Passes Away After a Lingerin Illness of 17 Months

### FUNERAL HELD ON MONDAY

Deceased Was a Member of the St. Michaels Aid Society, Which Society Attended the Funeral in a Body

Mathias Herriges, aged 75 years 8 months and 20 days passed away at his home in St. Michaels last week Friday afternoon at 3 o'clock after a lingering illness of 17 months. Death being due to old age.

Deceased was born in Germany on December 30th, 1836. When a boy of 10 years, he together with his parents immigrated to this country settling at St. Michaels in the year 1846. He was married to Mary Schneider on May 27, 1862. Their union was blessed with twelve children, eleven of whom, together with his wife still survive. The names of the children are: Nicholas, John, Mathias and Gerhard of Engelfeld, Canada; Joseph, Hubert and Mary, Mrs. P. J. Bendel, of Madison, Minn., Philip of Idaho; Margaret of Milwaukee, Anna, Mrs. Joseph Uelmen of St. Michaels, and Gertrude at home.

Mr. Herriges was one of the oldest pioneers of St. Michaels. His acquaintances are very large. While a resident of St. Michaels he owned a store and saloon for 30 years, which he conducted up to 8 years ago, when he retired. He also was a member of the St. Michaels Aid Society, and held the office as Treasurer of the St. Michaels School District for several years. Deceased was well liked by all, he was a very kind and loving husband and father. He will be missed by all who knew him.

The funeral was held on Monday morning at 9:30, with services in the St. Michaels church and interment in the congregation's cemetery. Rev. Beyer officiating. The funeral was one of the largest ever held in that village. The St. Michaels Aid Society attended the funeral in a body. May he rest in peace.

### CARD OF THANKS.

We desire to express our sincere thanks to our kind friends and neighbors, who so willingly assisted us during our late bereavement, the illness, death and burial of our beloved husband and father, Mathias Herriges, and to all those who paid their last tribute by attending the funeral.  
Mrs. Math. Herriges and children

## TRIPLETS OF MR. AND MRS. EMIL WILKE

The above is a picture of the triplets of Mr. and Mrs. Emil Wilke, residing three miles from Beechwood, and about eleven miles from Kewaskum. The triplets were born on December 7th, 1911. Two are girls and the other a boy. The latter appears in the center. Reading from right to left, their names are Myrtle, Marlowe and Marcella.

hair. She is 29 inches tall and weighs 18 pounds. Marlowe has brown eyes and light hair, is 30 inches tall and weighs 21 1/2 pounds. Marcella has brown eyes and light hair. She is 28 1/2 inches tall and weighs 17 pounds.

The parents are very proud of these children, for which they have reasons to be. Whenever visiting somewhere, the attention of everybody is drawn to them.

15 ARE DROWNED

STEAMER OBNSKA IS SUNK IN COLLISION IN DWINA RIVER IN RUSSIA.

VESSELS COLLIDE IN FOG

Of the 150 Passengers on the Ill-Fated Vessel Only 35 Are Saved—Ignorant Peasants Struggle Frantically in Attempt to Escape.

St. Petersburg, Sept. 25.—One hundred and fifty persons were drowned in the Dwina river, following a collision between the steamer Obnoska and an unknown ship during a fog on Monday, according to dispatches received here.

There were 150 passengers on the Obnoska at the time of the disaster. The dispatch says the vessels met in a fog and so quickly did the Obnoska settle that only thirty-five passengers and members of the crew were rescued.

The Dwina river is wide and swift where the collision occurred.

As the boats struck, passengers on the Obnoska rushed up on the decks. Many of the passengers were ignorant peasants and they struggled frantically with officers and sailors, who tried to marshal them in line for debarkation in the few life boats which were carried. Part of these boats had been wrecked in the collision and were useless.

As the first boat was loosened from its davits the big steamer listed and plunged to its grave.

Only a few passengers and sailors had opportunity to jump into the water and save their lives.

Boats from the steamer which hit the Obnoska picked up the few survivors.

SCHOOL HEAD IS INDICTED

N. C. Dougherty of Peoria, Ill., Named in True Bills—Woman Sees Errors in Dream.

Peoria, Ill., Sept. 25.—A young woman's dream led to an investigation, the sum total of which is that Newton C. Dougherty, former head of the city schools here, may be brought to stand trial on indictments against him which were voted by the grand jury on Monday.

Fifteen indictments against Dougherty were returned by the grand jury, which has been in session three weeks. The true bill charge forgery, the embezzlement charge, which it was said the evidence found warranted, having become outlawed. Judge Worthington fixed the bond at \$300 each, or a total of \$12,000.

Miss Lillian Adams, private secretary to State's Attorney Scholes, was the young woman who had the dream. For several days she has been directing a corps of assistants in the completion of the blank indictments, and Sunday night she dreamed that the indictments were faulty.

NOTED SCIENTISTS AT MEET

Taft Welcomes Delegates to Congress of Hygiene and Demography at Washington.

Washington, Sept. 24.—One of the most interesting gatherings of scientists ever brought together in this city was called to order on Monday by Dr. Henry P. Walcott of Boston. It is the International congress of hygiene and demography and among the 2,500 delegates are some of the foremost savants of Europe as well as the leading hygienists of America.

The delegates were formally welcomed by President Taft, who has been made honorary president of the association. Mr. Taft's speech was short. He complimented the members of the congress on the past work of the organization and expressed gratification over the large and notable foreign representation that responded to the invitation to hold the meeting here. The president entertained the delegates at a garden party on the White House grounds in the afternoon.

ARMIES TIED UP BY FLYERS

Work of British Air Scouts Strengthens Theory That Aviator Will Revolutionize Warfare.

Cambridge, England, Sept. 21.—The science of aviation apparently is to revolutionize warfare. An official announcement was issued on Thursday that the army maneuvers had been abandoned, and that a military conference would be held here at once to adjudicate the results and explain the cessation of operations.

This surprising situation arose from the fact that the rival armies, numbering about fifty thousand men, had reached a sort of stalemate, owing to effective air scouting which entailed a constant change of tactics and made impossible any broad plan of action.

STILL HOLD MEETINGS

OFFICIALS OF OIL TRUST GATHER AND CRACK JOKES.

Richard C. Velt at New York Hearing Tells About Meetings at 26 Broadway.

New York, Sept. 23.—That the former directors of the Standard Oil company still gather daily at the same table in a dining-room at 26 Broadway, was their custom when they directed the affairs of the company, was the testimony of Richard C. Velt, secretary of the Standard Oil company of New York on Friday before a referee in the Standard Oil-Waters-Pierce investigation.

"Who meets there?" Inquired Samuel Untermyer, counsel for the Waters-Pierce interests.

"I don't know all of them."

"Does John D. Archbold still sit at that table?"

"Yes."

"Does Percy Rockefeller?"

"Yes."

Similar questions elicited the information that others who sat at the "big stable" were John D. Rockefeller, William Rockefeller, J. A. Moffett, A. C. Bedford, H. C. Folger, Jr., C. M. Pratt, Walter Jennings, W. C. Teague, M. P. Elliott and others who were formerly officers and directors of the trust, but are now officers or directors of the former subsidiaries.

"Don't these men discuss their business there daily?"

"No."

"You hear them talking, don't you?"

"Yes, they talk in joking; I hear them laughing and joking."

U. S. MARINES ARE FIRED AT

Nicaraguan Rebels Attack American Forces Who Are on Way to Rescue Girls.

Washington, Sept. 21.—Three companies of marines with three machine guns left Managua on Thursday for Granada, near where it is reported a detachment of United States sailors and marines has been fired on by General Menz's rebels and where a large number of college girls are still at the mercy of the bandit soldiery of the revolution.

The navy department has only a brief dispatch from General Pendleton, in charge of the marine forces at Managua, reciting that it was necessary to hurry the three companies and machine guns to Managua. It is reported that the first detachment sent to the rescue of Granada by Pendleton was fired on at Masaya, a point on the railroad between Managua and Granada. It is therefore assumed that the first detachment, which was commanded by Major Butler, has not reached Granada and has sent a hurry call for reinforcements.

VANDERBILT HEIR IS BORN

Interesting Event Occurs at Betchworth, England—Infant Will Inherit \$50,000,000.

Baltimore, Md., Sept. 24.—A cablegram announcing the birth of a son to Mr. and Mrs. Alfred Gwynne Vanderbilt at Betchworth, Surrey, England, was received on Sunday by Mrs. C. Hazeltine Bashor, mother of Mrs. Vanderbilt, who was formerly Miss Marguerite Emerson. Mrs. Bashor's cable message was from Mr. Vanderbilt. It was brief, simply stating that Mr. and Mrs. Vanderbilt were the parents of a fine boy and that both the mother and her child are doing well.

The Vanderbilt infant will rank with the richest children in the world and in all likelihood will become as famous as the celebrated McLean baby of Washington. It will be heir to not less than \$50,000,000 and probably more.

WOMEN CAPTURE ROBBERS

Assisted by Two Men They Gather in Three Men Who Attempted to Rob Town.

San Francisco, Sept. 24.—While attempting to hold up the entire town of Plainfield, five miles south of here, three robbers lost their nerve and surrendered to four persons, two of whom were women, Mrs. Henry Purinton, Mrs. Anna Stanley, James Purinton and Ebbory Thomas fired on the trio before they had completed the robbery. The robbers were surrounded by Mrs. Purinton and Mrs. Stanley on one side and young Purinton and Thomas on the other. The signal was given to fire in the air. The burglars were so surprised and scared that they soon waved a flag of truce.

PACKING UP

BLAST TRIAL NEAR

HEARING OF FIFTY-ONE INDICTED MEN SOON TO TAKE PLACE AT INDIANAPOLIS.

Ortle McManigal Is Expected to Be Principal Witness of the Government—Senator Kern to Defend Accused.

Indianapolis, Sept. 24.—On October 1 fifty-one men, who were indicted in connection with the dynamiting cases, will be placed on trial by the government. The district attorney is at work on the cases and expects to be ready by the time the cases are called. Almost the entire list of officials of the International Association of Bridge and Structural Iron Workers for ten years back will appear.

The district attorney has marshaled his testimony, consisting largely of documentary evidence, in such a way as to expedite the trial as much as possible. The records and letters taken from the offices of the iron workers have been arranged in the order of their dates and in the order in which the prosecution assert the writers stand toward the conspiracy that the government charges existed in the organization to dynamite bridges.

John J. McNamara, the international secretary, is said to have handled all the correspondence and given practically all the instructions regarding the placing of the explosives, should be used, and the prosecution holds there is abundant evidence that the instructions were acted upon.

Letters alleged to have been written by Ryan to other members and by them to Ryan constitute an interesting part of the correspondence.

The letters, nearly 200 of which are in the possession of the government, are alleged to be from or about all the men indicted, and the government asserts it is able to trace practically every job of dynamiting with them. In this connection the evidence of Ortle McManigal will be very important, for it is said it will show that he received instructions in harmony with the letters, and that he carried out these instructions to the letter and received pay for them.

Senator Kern has recently been employed by the defense and is now going over the indictments and is frequently in consultation with the defendants.

FLASHES OFF THE WIRE

McGOVERN CHOSEN BY PROGRESSIVES

Governor Gets Full Support of Third Party.

WILL HEAD THEIR TICKET

Other Candidates to Be Named—If Any on Republican Ticket Do Not Come Out as Progressives They Will Be Opposed.

Resolved, That the committee, after fully considering the welfare of the progressive movement in this state and in the nation, and conscious of the difficulties confronting the progressive candidates in Wisconsin, endorse the nomination of Francis E. McGovern for governor.

Milwaukee.—Gov. Francis E. McGovern in the above resolution was unanimously endorsed as the progressive candidate for governor by the progressive state central committee at its meeting, after several sessions during which they struggled with the Wisconsin situation.

None of the other candidates on the republican ticket was endorsed, and Chairman N. L. Baker was authorized to appoint an executive committee with power to name candidates for any other offices for which the republican party has selected nominees distasteful to the progressive party or antagonistic to it.

UNIVERSITY PAPERS IN WAR

New Daily Leads to Fight With Old Established Cardinal—President Says One Paper Enough.

Madison.—There is a university newspaper war on. The Wisconsin Daily News, a new university paper, has made its first appearance. The Daily Cardinal, which is alone recognized by the university, has come out as a morning paper.

The strife between the two waxed hot when the campaign for subscriptions began on the hill. Both forces opened up booths in Main hall, but the janitors had received notice from the executive office that the Daily News was not recognized as an official university publication and thus had no right to canvass within the doors of a university building.

The Daily News canvassers then stationed themselves just outside of the entrance where they approached the freshmen by giving away a green cap with every subscription.

With this exception quiet marked the opening of the sixty-second year of the university.

JUDGE HUTTON WILL NOT RUN

Darrow Jurist Withdraws Name in Race for Re-Election to Bench in Los Angeles, Cal.

Los Angeles, Cal., Sept. 25.—Judge George H. Hutton of the Los Angeles superior court, who presided at the recent Darrow bribery trial, withdrew from the race for re-election on Monday, because his health had become affected by the months of strain of the trial. With the termination of his duties on the bench, Judge Hutton will leave an expedition of investigation and exploration into New Mexico and Arizona for the American Archaeological society, for the purpose of studying the evidences of an ancient irrigation system of prehistoric races in that section.

AMERICANS ARE IN DANGER

Incipient Revolt in Town in China Is Started by Defiant Chief of Police.

Poo' Chow, Sept. 25.—A large number of Americans in this city are in danger of their lives because of an incipient revolt started on Monday by the chief of police, who has defied the authority of the central government and has threatened to destroy the city in case he is attacked.

A large force of federal soldiers has been dispatched from Peking to Poo' Chow. Sharp fighting is anticipated within a short time and all foreigners have been warned to gather within their own legations and help protect them from the attacks of the natives.

Fourteen Poisoned at Dinner.

News Notes of Wisconsin.

Madison.—Attorney General Bancroft stated that nominees for electors on the progressive ticket would have to file papers containing the names of 1,000 voters from Wisconsin. He declared that the signers, however, did not have to reside in any particular district. They will be known as independent electors.

# REPUBLICANS FILL THREE VACANCIES

### Electors Appointed in Place of Men That Resigned.

## NO MCGOVERN STATEMENT

### Governor Does Not Come Out for Either Taft or Roosevelt as He Was Expected to—Secretary to Be Elected at Next Meeting.

Milwaukee.—The republican state central committee, at its meeting, filled the places on the electoral ticket caused by the resignations of Col. John Hicks, A. C. Anderson and C. C. Gittings; put over the selection of a secretary and treasurer until the next meeting of the committee, discussed measures connected with the work of the campaign and adjourned.

The first business taken up was the confirmation of the appointment of Mr. Porter. Next the committee filled the vacancies on the electoral ticket as follows: For elector at large, to fill the vacancy caused by the resignation of Col. John Hicks, Oshkosh, Sol Levitan, Madison, to fill the vacancy caused by the resignation of C. C. Gittings in the First district, Dr. M. V. Dewire; to fill the vacancy in the Tenth district caused by the resignation of A. C. Anderson, George Wetherbee, Eau Claire.

When it came to the secretaryship, Gov. McGovern was invited to be present. The governor made no declaration of where he stood, as it had been intimated he would, but contented himself with a brief statement expressing the wish that the committee might elect Assemblyman T. J. Mahon as secretary, and left the room. The only other name suggested was that of E. F. Dithmar, Baraboo, but Mr. Dithmar, who is a member of the committee, said that he was not a candidate and could not take the place. However, he would serve as temporary chairman until a permanent secretary was elected, it being understood that he was not a candidate. F. M. Wylie's name was not presented, as Mr. Wylie said he would not enter into a fight for the position. Had Mr. Dithmar expressed a willingness to accept the secretaryship, it was stated, he would have been elected. Under the circumstances, it was moved that the election of secretary and treasurer be laid over until the next meeting. This motion carried by a vote of 9 to 7.

## DIRECTORS MUST DIRECT

### Rule Regarding National Comptroller Now Applied to National Banks.

Madison.—Referring to the recent order of Lawrence O. Murray, national comptroller of the currency, to the effect that the examination of country banks the examiners should convene the boards of directors and that the bank's assets be gone over in the presence of the members, Commissioner of Banking A. E. Kuolt said, that while the practice was new in the federal department it has been followed more or less closely in Wisconsin for several years and that now it is one of the requirements of the department.

Not only are the directors required to direct in Wisconsin, but they must be present with the official from the state department when examination of the bank is made and must pass upon the value of all assets and at the conclusion of the examination are required to sign a statement declaring that they have examined all the bills, notes, bonds and other securities of the bank and that to the best of their knowledge and belief all signatures and endorsements are genuine and that all notes and securities are good and collectible, with such exceptions as noted.

### Game Plentiful in Woods.

Stoughton.—Andrew Sampson, deputy game warden, is home from the northern part of the state, where he has been for some time keeping tab on the game situation. With grouse, chickens and partridges in abundance everywhere, he thinks the northern woods will prove a paradise for such sportsmen as will conform strictly to the requirements of law.

### To Enforce Eight Hour Day.

Oshkosh.—After an appeal from Oshkosh labor leaders, Gov. McGovern notified the state board of normal regents that the eight-hour law must be obeyed. It is charged that some of the mechanics worked ten hours on the Oshkosh Normal school addition.

### Erect Mill at Beloit.

Beloit.—The United States Lumber company is erecting what is claimed to be the only linen mill in the United States. Sixty expert operators and their families will come direct from Ireland.

### Home for Racine Eagles.

Racine.—The Racine Aeris of Eagles has leased a part of the Hanson property and will remodel the buildings. Improvements to cost \$41,000 are planned.

### Coal Dock Completed.

Green Bay.—The C. Reis Coal company has just had completed an additional 350 foot dock. With this improvement the coal dock is put in a class with the largest in the northwest.

### Addition to Hospital.

Green Bay.—Work has been started here on an addition to the St. Mary's hospital and will add forty more rooms. The cost will reach about \$75,000.

## LANDMARK PASSES AWAY

### Modern Improvements Destroy Historic Value of Eustis "Castle" Built in Territorial Days.

Fort Atkinson.—The modern spirit of progress and thrift is responsible for the destruction of the historical value of one of the most interesting landmarks in Jefferson county. The owners of the "Eustis Place," the old octagon shaped stone house which has stood on the prairie some eight miles west of this city for nearly three quarters of a century have covered its historic wall with a coat of flat gray cement, and now instead of an old baronial castle standing among green fields of grain, which it formerly had the appearance of, we see a huge eight sided box, with glaring white window casings and a modern style porch. All there is left resembling the old house is its shape and the battlemented roof.

## BISHOP WEBER OFFICIATES

### New Home of St. Mark's Congregation Was Dedicated With Special Services.

Milwaukee.—Dedictory services were held in the new St. Mark's Episcopal church, Hackett avenue and Bellevue place, Sunday, Sept. 22, with the Right Rev. Walter Webb, bishop of the diocese, officiating. He was assisted by the Rev. G. Heathcote Hills, the pastor, and the Rev. John H. Egar. Bishop Webb delivered a sermon in which he contended that the purpose of the church was worship, not philanthropy.

"The church is not a meeting place dedicated to philanthropy," said the bishop, "but is a divine organism of Christ, looking for men." The fundamental object of the church is to bring peace to mankind. Some people desire wealth, some power, others position, but the greatest blessing which the savior can confer is that of peace.

## POSTPONE AUTO RACE DATES

### Speed Meet Is Put Over—Drivers Are Satisfied With the Change and All Will Compete.

The Vanderbilt auto classics have been postponed until the first week in October. The Vanderbilt cup event will be run off on Oct. 2, the Pabst blue ribbon and Wisconsin challenge trophies on Oct. 3, and the Grand Prix on Oct. 5.

The decision to change the dates was reached after a prolonged session of the officials, drivers and members of the Milwaukee Automobile Dealers' association.

When the Vanderbilt cup race was called off word was passed around to the dealers and drivers to be on hand for the meeting, when plans would be discussed. It was apparent that it would be impossible to hold the races under present weather conditions, and the dealers left it to the drivers to name the date on which they would be held. After a conference, the drivers chose the dates, afterward selected. These were agreeable to the dealers and officials.

## TO PASS COUNTY OPTION BILL

### Cox in Speech Says Thirty-five Counties in Wisconsin Would Sec. me Dry.

Madison.—W. D. Cox, superintendent of Wisconsin anti-saloon league, said that anti-saloon forces will renew their fight the coming winter to get a county option bill through the legislature.

"If the county option bill is passed," he said, "at least thirty-five counties will go dry."

He said that the league had secured the co-operation of 400 German churches, 800 Scandinavian churches and many Polish and Catholic churches. According to Cox, 300 towns in the state were dry in 1904, while at the present time more than 800 towns are without saloons.

### Lawrence Needs \$5,000.

Apleton.—Unless friends of Lawrence college raise about \$5,000, that institution will lose a gift of \$100,000 to be added to its endowment for increasing the salaries of the members of the faculty.

At the annual meeting of the trustees in June, 1911, it was announced that a friend of the institution had offered to give \$50,000 to the endowment fund if a like amount was raised by popular subscription.

### Amundsen to Lecture.

Marinette.—Roald Amundsen, discoverer of the south pole, will lecture in Marinette next February. Amundsen is a personal acquaintance of the Rev. C. E. Nordberg of Marinette, formerly of Minnesota, and he has received a letter from the discoverer saying he will be passing through Marinette in February, and will have one day that he can stop here.

### Amateur Aviator Flies.

Green Bay.—Leland Knowlan, the Green Bay aviator, made his first successful flight at Bay View beach. He did not attempt to ascend high but was able to keep his machine out of the water for some time.

### Purchases Lumber Yards.

Oconomowoc.—The Wilbur Lumber company of Milwaukee has purchased the Appleton Lumber and Planing company's yards at Appleton on the new Northwestern road.

### To Sell Electric Road.

Racine.—The property of the Chicago and Milwaukee Electric Railroad company will be offered for sale. A party of thirty capitalists from the United States and Canada inspected the company's property.

### Admits Stealing Horses.

Beloit.—James Jay, who was arrested on the charge of horse stealing, pleaded guilty and was sentenced to five years in the state prison.

# TO HONOR FIRST GERMAN SETTLERS

### Milwaukee Will Hold Exercises on October 10.

## SEATS WILL BE RESERVED

### Those Most Interested to Be Assured of Tickets—Addresses Will Be Delivered by a Number of Prominent Speakers.

Milwaukee.—The two hundred twenty-ninth anniversary of the landing of the first German settlers in America will be celebrated in the Pabst theater Oct. 10. Prof. Eugene Kuehnemann, University of Breslau, will deliver the principal address. Prof. Kuehnemann is the first Carl Schurz exchange professor at the University of Wisconsin.

On account of the fact that in the past the building where the celebration has been held has been filled so early in the evening that the doors had to be closed, and many who were interested in the anniversary were compelled to remain away, reserved seats will be placed in the box office Oct. 8. There will be no admission fee.

Announcement of the festival fee was made at the monthly session of the German-American alliance at West Side Turn Hall by Leo Stern, president of the state alliance. The celebration here will be for the Milwaukee branch, although it is expected that many Germans from different parts of the state will attend.

The first settlement of German colonists was made in 1683 at Germantown, Pa.

Next winter Prof. Kuehnemann will deliver six lectures in Milwaukee under the auspices of the German American alliance. Others who will lecture include Prof. Paul Reinsch, University of Wisconsin, and Prof. Rudolph Cronau, a German historian of New York.

## JUDGE ISSUES INJUNCTION

### Madison Jurist Grants Application to Milwaukee Street Railway—Suit to Be Pushed.

Madison.—Judge E. Ray Stevens of the Dane county Circuit court granted the application of the Milwaukee Electric Railway and Light company for an injunction to restrain the enforcement of the order of the state railway commission which provides for the sales of thirteen tickets for 50 cents and which extends the transfer zones.

The court, however, ordered the street railway company to issue certificates with each sale of tickets so that in case the court sustains the decision of the railway commission that the purchasers of tickets will be able to redeem the certificates securing an additional ticket for each purchase of fifty cents worth.

The railway commission will push the suits brought by the railway as rapidly as possible. They will be heard in the Dane county circuit court.

The restraining order will not affect the extension of the single fare system ordered by the commission, which will go into effect at the time set by the commission.

The judge's ruling regarding coupons is of the greatest moment, as the company has introduced constitutional questions in the case, evidently with the purpose of carrying it to the Supreme court of the state and, if defeated there, of carrying it to the Supreme court of the United States.

### Northwestern May Build.

Fond du Lac.—The visit of a party of Northwestern railway officials from Chicago and Green Bay at Calumet Harbor and other points along the east shore of Lake Winnebago has given rise to reports that the Northwestern road contemplates a belt line around the lake and that the purpose of the visit was to pass upon the feasibility of the project.

In the event that the Northwestern decides to build, it would require thirty-five miles of track, which though paralleling the Milwaukee road for some distance in Calumet county, would tap a rich farming territory now without railroad facilities.

## TWO NEAT COTTON DRESSES FOR EARLY FALL OUTINGS

### Costumes Easy to Wash, and May Be Made Up in Almost Any Kind of Thin Material.

Either of these simple dresses would be found easy to wash, and might be made in any cotton material.

The one on the left is in pale pink cotton voile with a ring spot of a darker shade. The skirt is made with a front panel and band at foot cut in one, and set on with a piping of pink mercerized lawn; scallops are cut in sides of panel, in which buttons are sewn. The bodice also has a panel front, trimmed to match, a lace collar and black satin bow add a smartness.

Materials required: 4 1/2 yards voile 40 inches wide, 1 dozen buttons, 1/2 yard lawn 40 inches wide for piping.

Gray and white striped gingham is used for the other design. It is made with a deep band at foot of

skirt, set on with a piping of material cut on the cross, and beaded at sides and back with material cut so that the stripes run horizontally.

The bodice is Magyar, and has a yoke of lace with a strip of insertion beneath; material in the cross outlines the yoke. Lace is used for the cuffs.

Materials required: 5 yards gingham 32 inches wide, 1/4 yard insertion, 1/2 yard lace, 1 dozen buttons.

A loose blouse with an open collar is trimly belted above a short, straight skirt, and buttoned boots of white complete the costume.

Value of Percale.

Not every woman appreciates the qualities of pure white percale for summer gowns. This fabric is much used by trained nurses for lightweight uniforms which may be laundered to spot and spangness with much less labor than linen requires. Percale is also cooler than linen and is much lighter in weight. It may be trimmed with stitching and buttons in very smart styles. A young woman who always looks as though she had stepped out of a handbox always wears white percale frocks in summer time. A loose blouse with an open collar is trimly belted above a short, straight skirt, and buttoned boots of white complete the costume.

## INTERESTING LORE OF HAND

### Few Men Can Tell the Truth While Their Hands Remain Open—Some Signs and Symbols.

When a man is not telling the truth he is apt to clench his hands, as few men can lie with their hands open.

A man who holds his thumb tightly within his hand has weak will power. Strong willed persons hold their thumbs outside when shutting their hands.

Shaking hands in greeting was originally an evidence that each person was unarmed.

Among savage tribes when a man holds up hands it is a sign of peace, an evidence that he is unarmed or does not intend to use weapons. An outlaw says, "Hold up your hands!" meaning thereby to make his victim powerless to resist attack.

When a man kisses the hands of a woman he expresses his submission. This is also the idea when kissing the hands of kings. By this act their superiority is acknowledged.

When an oath is taken it is done by raising the right hand, or laying it upon a bible.

In the consecration of bishops, priests and deacons, and also in confirmation, the laying on of hands is the essence of the sacramental rite.

A bishop gives his blessing with the thumb and first and second fingers. In this the thumb represents God the Father, the first finger stands for God the Holy Ghost, the three together symbolizing the Holy Trinity.

The wedding ring is placed upon the third finger of the woman's hand to show that, after the Trinity, man's love, honor and duty is given to his wife.

Besides the deaf and dumb there are many people, notably of Latin and Semitic races, who talk with their hands.

## FISHING POINTERS FOR BOYS

### Proper Method of Fastening Line to a Hook is Shown—Some Quite Useful Suggestions.

The drawing shows the proper way to line a hook. This method holds the hook at right angles with the line, and thus keeps it from getting tangled. The best place for sunfish is in a shallow, quiet place by the side of a large stream. After you catch the first one, be very quiet and try to keep your line constantly in the water, for they travel in schools and are easily scared. They will not linger about the same place long unless something to eat is in sight. If

you are pulling them up rapidly just bait the top barb of your hook.

Bullheads abound in weedy places and bite best after a rain, when a west wind is blowing.

Quite a Difference.

Little Bess—What does your father do?

Little Nell—He's a horse doctor.

Little Bess—Oh, dear. I guess I'd better not play with you then. I'm afraid you don't belong to our set.

Little Nell—Why, what does your father do?

Little Bess—He's a veterinary surgeon.

Considerate of Elmer.

Little Elmer—Papa, you are going to take me to the circus, aren't you?

Papa—Yes, if you are a good boy.

Little Elmer—Well, I'll try awfully hard to be good, papa, 'cause if you can't take me you won't have any excuse for going yourself, and I don't want to disappoint you.

Sky on the Ground.

One foggy morning little Clarence looked out of the window and exclaimed: "Oh, look at the sky, mamma! It's lying on the ground."

Pugger and Pugger.

"Mamma," said little four-year-old Frances, "I wish I didn't have a turn-up nose." "I think your nose is pretty, dear," said her mother. "Oh, no, it isn't," rejoined the little miss. "It gets pugger and pugger every day."

## INTEREST IN SOAP BUBBLES

### Those Made of Soap Water to Which Glycerine Has Been Added Are Quite Attractive.

Have you ever stopped to think what a really interesting thing a soap bubble is? Soap bubbles are not only interesting to boys and girls, but they have long been a source of wonder and interest to men of science. In fact, scientists have employed soap bubbles in trying to perform certain experiments.

A soap bubble is nothing more than a film of water molecules (tiny particles that cannot be seen with the naked eye), held together by the sticking power of dissolved soap. As most all of us know, in making bubbles the bowl of a common clay pipe is dipped into soapy water. The bubble maker blows air

**Stimulate Children?**

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Then ask him about Ayer's Sarsaparilla as a strong and safe tonic for the young. Not a drop of alcohol in it.

Always keep a box of Ayer's Pills in the house. Just one pill at bedtime, now and then, will ward off many an ailment of biliousness, indigestion, sick headache. How many years has your doctor given them this advice? Ask him all about them.

Made by the J. C. Ayer & Co., Lowell, Mass.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### Our Merchants Can Do It Too

The merchants of North Dakota can hold the business that will result from the great crop if they go after it and advertise as the mail order houses do by quoting prices, and showing the buyers what they have for sale and how much they ask for it. There is not a merchant in North Dakota but what can compete with the mail order houses, quality of goods considered, and the only thing for them to do is to enlighten the patrons of mail order houses. Advertising is the only salesman the mail order houses have, and if the local merchants used a little more publicity a great deal of the mail order business would remain in the state.

It is a business proposition. If the mail order houses would quit advertising they would soon go out of business.

If they can afford to spend thousands of dollars and advertise among people who reside thousands of miles from their place of business, why is it not the local merchant, whose place of business is within a few miles of these people and who can reach them at a very small cost through his local papers? It is time for the local merchant to set up and take notice, and go after the business which rightly belongs to him. —Beach Chronicle.

## SPECIAL

### KEWASKUM ORIGINAL UNITED DOCTORS

OF MINNEAPOLIS, MINN.

AT THE REPUBLICAN HOUSE

MONDAY, SEPT. 30th.

ONE DAY ONLY

Remarkable Success of These Talented Physicians in the Treatment of Chronic Diseases

The original United Doctors of Minneapolis, licensed by the state of Wisconsin in the treatment of deformities and all nervous and chronic diseases, of men, women and children, offer to all who call on them, consultation and examination absolutely free.

They carry with them Ultra Violet Ray and high frequency electrical machines generating ozone, something unusual even for doctors in large cities, given special treatment for cancer and tuberculosis of the bones and joints that is really wonderful. Patients treated fifteen years ago for supposedly incurable diseases are well and happy today.

These doctors are considered among America's leading stomach and nerve specialists and are experts in the treatment of all chronic diseases, and so great and wonderful have been their cures that in many cases it is hard indeed to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys, bladder, rheumatism, sciatica, diabetes, bed-wetting, leg ulcers, weak lungs and those afflicted with long-standing, deep-seated, chronic diseases, that have baffled the skill of the family physician, should not fail to call on them.

According to their system no more operations for appendicitis, gall-stones, tumors, goiter or certain forms of cancer. They are among the first in America to earn the name of Blood-purifiers, by doing away with the knife, with blood and with pain. If you have kidney or bladder trouble bring a two ounce bottle of your urine. Married ladies must come with their husbands and minors with their parents. Let those doctors show you what they are doing for others that have suffered like you.

BULLETIN NO. 3 ISSUED BY THE STATE FIRE MARSHAL

An eminent authority tabulates the cause of 87 automobile garage fires investigated as follows:

Gasoline and benzine cleaning 14  
Repairing 6; Filling gasoline supply tanks 12; Carburetor fires 9;  
Gasoline fire 17; Gasoline automobile fires, exact cause unknown 8; Tire vulcanizing 3; Lightning 1; Heating 4; Rubbish and sweepings 3; Oily material 6; Smoking 4.

Fires in garages are frequent. They start readily and unexpectedly. The loss is usually heavy owing to rapid spread of the fire, and the value of the buildings and contents. Most of these fires are due to carelessness, and are preventable.

The rules and cautions found below, if strictly observed, will prevent most of these fires.

Fire chiefs are requested to post the rules in every automobile garage (sent them, printed on a board).

Dated September 25th, 1912.

AUTOMOBILE GARAGE RULES

1. None but fire-proof buildings should be used as a garage, never a building, any part of which is used for public meetings.

2. The floor should be of cement.

3. Allow no flame, fire or fire heat, stove, boiler, furnace, forge or torch in the garage. Heat with steam.

4. Use electric incandescent lights, protected by wire basket guard, never lamps, candles, lanterns or other open lights.

5. Store all gasoline in an approved underground tank, equipped with standard pump. Never keep gasoline in open vessels, nor allow gasoline to run or drip on the floor nor into the drainage system.

6. Use approved safety cans or approved portable cans in transferring gasoline to machine.

7. Make sure that the gasoline tank in the machine is free from leak and that the caps are secure.

8. Provide standard metal waste cans on each bench, for oily waste. Destroy this waste each evening.

9. Allow no shavings, refuse or waste to accumulate.

10. For private fire protection keep pails of sand with scoop and approved chemical fire extinguishers on each floor.

11. Beware of carburetor flooding.

12. Absolutely permit no smoking in the garage.

13. Always be CAREFUL and VIGILANT.
