## BIG EXCURSION TOMORROW

The Phil. Sheridan Lodge No. 388, B. of L. F. & E. of Milwaukee to Run Their Annual Excursion Here Tomorrow

To-morrow, Sunday, this village will be thronged with visitors, the Phil. Sheridan Lodge No. 388, Brotherhood of Locomotive Firemen and Engineers of Milwaukee, together with a large host of acquaintances and relatives of the citizens of that city will arrive at 10:30 A. M. with a special train of sixteen coaches, and proceed to the North Side Park where the fifth annual picnic and ball of the society will be held. The affair this year promises to be a larger and better one than ever before. Dunker's Military band of Milwaukee has been engaged to furnish the music for the occasion. The program will open with a ball game after the arrival of the train. The game to be played between Kewaskum's strong aggregation and a team representing the Chicago and Milwaukee St. Paul Railroad. This game promises to be very interesting. The winning team will be awarded a special prize of \$10. Do not fail to see it. At 11 o'clock dinner will be served at the park. At 1 P. M. the games and contests will take place, prizes being awarded to all winners. At 7 P. M. a grand ball will be held. For complete program look elsewhere in this paper. A good time is assured all who will attend.

## Mothers! Have Your Children Worms!

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt its mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. All druggists or by mail, 25c. KICKAPOO INDIAN MED. CO., Philadelphia, Pa. St. Louis, Mo.

## Girl Fined for Speeding

Marshal Geo. Brandt was at West Bend Tuesday to serve a warrant on Francis Day, daughter of Mr. and Mrs. Frank Day of that place. The charge for which the warrant was issued being alleged speeding in this village last Friday evening. It is claimed that she was driving a big Mitchell touring car at the rate of between 25 and 30 miles an hour. She pleaded guilty to Marshal Brandt and immediately paid a fine of \$10 and costs, which in all amounted to \$13.68. Let this be a warning for all automobile and motorcycleists, for the marshal is keeping close watch of all speeders.

## Clean Out Those Rascals

"Bug-Mite" liquid or powder, will positively rid Ants, Roaches, Buffalo Bugs, and Bed Bugs. Sure death. For sale at all stores, 15 and 25 cents per can. Take no substitute.—Adv. 3m.

## LIGHTNING DOES DAMAGE

Three Buildings are Completely Destroyed. Were Severe Electrical Storms

As a result of the severe electrical storms last Thursday and Saturday evenings, several buildings around this vicinity were damaged by lightning. Following are the places which are reported to have been struck.

A barn of Frank Hayes in the town of Ashford was struck about 3:30 Friday morning, fire following which completely destroyed the building. The fire had gained a headway, and all efforts to extinguish it were unavailable. It is estimated that the loss amounts to about \$1200, which is partly covered by insurance.

The dwelling house occupied by S. C. Wollensak and family, located on North Pond du Lac Ave, was struck during the heavy electrical storm early Sunday morning. The damage done was very slight. The bolt first struck the chimney on the north end of the house and passed along the eave troughs to the south end, where it ripped off several pieces of siding. On its course it blew out the electric light fuse block, which set fire to the window curtains below it. The loud crash and the rumbling of falling bricks and shingles awoke the entire family. Mr. Wollensak at once arose and noticed that the room adjoining was ablaze, rushing therein he tore down the curtains and extinguished the fire before it gained any headway.

The Silver Creek Methodist church was struck early Saturday morning and destroyed by fire. We have been unable to give in detail an account of the loss.

After interviewing Mr. J. P. Pellenz, who was on duty last Friday morning and of which we gave a short account of last week, we have been able to ascertain the following loss: Building, \$2000; hay, \$500; three calves, \$75; saved lumber, \$100; and other articles, \$185; total \$2860. The German Mutual Fire Insurance Co. of New Fane carried the insurance and immediately after the fire, they sent an adjuster there to adjust the loss. They allowed Mr. Pellenz \$1240. Through the heroic efforts of the neighbors and others the horses, a few head of cattle and some nearby buildings were saved. The size of the barn, which burned was 36 by 100 feet, erected in 1874. A new barn, the same size as the old one, will be built as soon as possible on the same site. Mr. Pellenz wishes to thank all his neighbors and friends who willingly assisted him at the time of the fire.

## Bad Accident at Ephraim

Henry Klumb of the town of Kewaskum on Wednesday received a letter from his son Hugo of Ephraim stating that he had lost two valuable horses. He explains the loss in the following manner: He had gone to the lumber mill to get some lumber and in some manner his horses were frightened. There is a rock close to the mill and when the horses started to back, they fell into the water and the heavy wagon went on top of them. Mr. Klumb jumped into the water and tried to save them, but the weight of the wagon caused them to stay under water and drowned them. Mr. Klumb also narrowly escaped from drowning, for his clothes kept him from being able to swim. A man that was close by reached out a fish pole into the water and in this manner, he was able to get to land. Mr. Klumb is well known here, having graduated from the local high school.

## Fire Chiefs to Inspect

State Fire Marshal Clem F. Host has sent a letter to all fire chiefs of the state pointing them on their new duties as executive deputy state fire marshals for the inspection of their respective cities and villages and ordering fire hazards to be removed.

Four inspections each year are to be made of all buildings in each community, except the interior of private dwellings. Full records must be kept. The penalty for failure to inspect is forfeiture of fire department dues.

The state fire marshal's department is charged with supervising this inspection work.

## Sells Valuable Steer

Chas. Backhaus of the town of Kewaskum on Thursday shipped one of his valuable steers to Gustave Pabst's dairy farm. He sold it to Mr. Pabst of Milwaukee about two weeks ago.

## WORK ON NEW STATE ROAD

Don Cameron, County Highway Commissioner, Building State Road in Town of Kewaskum

Work on the state road at Fond du Lac Ave. in the town of Kewaskum was begun on Monday, by a crew of men under the supervision of Don Cameron, highway commissioner for Washington County.

The work was commenced on the south line and will proceed northward to this village. The town has raised \$500 for this purpose and with the aid of the county road money and state aid, about \$1,500 will be spent. The town board contemplates that this will be sufficient money to build a state road from the town line up to Conrad Bier's corner, a distance of somewhat more than a mile.

Commissioner Cameron expects to complete the road within a month or six weeks, that is if he can get enough men and teams to work there.

This will be the first piece of road built in the town of Kewaskum under the supervision of the state, and it is hoped that it will be continued every year, until the farmers of this community will be able to say that they are supporting some of the best roads in the state of Wisconsin.

## THE LAST CALL

The Jacob Frank Co., who recently bought the stock of the Campbellport Co-operative Co. will wind up their sale in a Rousing 3 days sale, Monday, Tuesday and Wednesday, Aug. 18, 19 and 20. Friday and Saturday, Aug. 15 and 16, the store will be closed to mark down and re-arrange the stock. Monday the store will open at 8 a. m. and the remainder of the goods will be placed on sale regardless of value. There is still a big stock of Dress Goods, Gingham, Laces, Embroideries, Hosiery, Hats Shoes, Sweaters, Clothing, Caps, Gloves, Mittens, etc., etc. You should not fail to attend this sale as you will never, never again be able to buy goods so cheap. The firm has a chance to sell the whole lot of goods in a bunch but feel under obligations to the people of this vicinity to give them one more chance to buy the goods as the public patronized the sale very liberally. Whatever goods are left after Wednesday, Aug. 20th, will be sold in a lump or shipped out of Campbellport. Remember the dates, Aug. 18, 19 and 20, Monday, Tuesday, Wednesday.

## WHITE GIRL WAS GYPSY CAPTIVE

Little Child Believed to Have Been Kidnapped, Said to Have Been Seen by Dundee People

## WAS CONFINED IN WAGON

Kept Closely Guarded and Was Not Allowed to Get Out of Covered Rig

Reports that a band of gypsies, who have been traveling through this part of the country the past few weeks, had in their possession a little white girl, who from her actions appeared to be a captive, has roused suspicion. It is believed this is the same girl that had been kidnapped in the state of Indiana several months ago. The band passed through this village a few weeks ago, but nothing was thought of it as on frequent occasions this class of people are visitors. According to Dundee residents, who claim they saw the girl, she was kept here from and was not allowed to leave the covered wagons.

## GIRL KEPT IN WAGON.

Henry Wittenberg Jr., was among the first to become suspicious.

"I saw the little girl try to get out of the wagon and the man pushed her back in," he said. "I wouldn't have thought much of it if I hadn't noticed that the child was white, while the Gypsies were all dark-skinned. She was 8 or 9 and had black hair. All the while they were in Dundee they wouldn't let her out of the wagon. I work on a farm several miles out and when they passed on their way out of the village the little girl was trying to get out and they wouldn't let her."

## PHONE MAN SAW GIRL.

"I saw the child at Eden," said George Nourse, Dotyville, "I have charge of telephone lines connecting the villages around here and have seen this particular band of gypsies several times in the past few weeks. I am sure the little girl does not belong to them. How they got her I do not know. They said they were Indians, but in my opinion they are Mexican Greasers. I was born down in that country and know them when I see them. I last saw the band going east from Plymouth, Thursday. They were probably headed for Sheboygan Falls. Most every town they have been in has ordered them to move on lively."

## PASSED THROUGH BATAVIA.

"The gypsies went through our town Wednesday," said Rudolph Ludwig, Batavia, "they were not allowed to stop and I didn't see the little girl in question."

"They told people they came from the south and were traveling north," said Mrs. Henry Wittenberg of Eden. "I have seen several stories in the papers recently about a little girl who was kidnapped from her home in Indiana and we thought it might possibly be she that the gypsies had. My son did not connect the newspaper stories and the incident of the child trying to get out of the wagon for several days after the band had passed through here, and then it was too late for us to do anything. Since then several people, who have visited the town from other villages visited by the gypsies have told of seeing the little girl and said they thought she did not belong with them."

## NEW UNDERSHERIFF APPOINTED

Jacob Bastian, under-sheriff, has resigned his office, the duty of moving out of the city. He will be succeeded by Charles Illian.—West Bend Pilot.

## Highway Commission Sends Out Statement

The State Highway Commission has sent out a table which gives concisely a statement of the money available from the state for road construction in each county in 1914 under the law appropriating \$1,200,000 for that year for state aid road and bridge construction. This state appropriation together with funds available from the towns and counties will amount to about \$3,600,000 to be expended in 1914.

It is not too late even yet to obtain improvements in 1914 under the provisions of the state aid law (Section 1317m-1 to 1317m-15 of the statutes as amended 1913). Counties, towns or groups of freeholders may secure any desired improvement by following one or the other of the following courses:

1. Towns may hold special meetings at any date prior to September 1st of the year for the purpose of levying a tax for state aid purposes for 1914. Such special meetings may be called upon petition of not less than twelve freeholders on three weeks notice, and taxes so voted draw aid in the same way that taxes voted at the spring election do.

2. Groups of citizens residing in the county may collect subscriptions in cash for any improvement and prior to August 15th pay them into the treasury of the town in which the road is located, in which case the town (within certain tax limits) is forced to levy a tax for an equal amount and apply for state and county aid. Such a method produces an improvement costing six times the amount raised by subscription.

3. If the subscribers do not wish to force the towns to levy taxes in a certain year for the improvement, they may produce an improvement costing three times the amount of the subscription.

4. The fourth method is for the county board to hold a meeting on any date prior to October 1st and vote to do certain pieces of construction without levying a tax. The initiative, the county voting to pay two-thirds of the cost of the work, and one-third to be paid by the state. In every case the improvement must be made on the existing system of prospective state highways laid out by the county board.

Yours very sincerely,  
Wisconsin Highway Com.

**CLEAN OUT THE PORES.**

It has been truthfully stated that the pores are the lungs of the skin. Keep them open. Rheumatism, nervousness, biliousness, sluggish circulation, catarrh, etc., are invariably benefited and frequently cured by taking submergent baths regularly. Stomach, liver and kidney troubles are also greatly benefited. It stimulates the circulation, tones up your nervous system, puts you in excellent spirits. The past few years in particular have developed the custom for people to bathe regularly every day. It has become absolutely necessary for health and length of life to bathe frequently. Homes where they have no stationary bath tub are, of course, forced to use something else. Either the wash tub or some other contrivance to try and fill the long-felt need. The Robinson Folding Tub fills this long-felt need.

Sent to any address upon receipt of \$10.00. Agents Wanted.

WILDEST WEST AT THE STATE FAIR

IRWIN BROTHERS BIG CHEYENNE SHOW FREE FOR ALL EXPOSITION VISITORS.

PLEASED 'TEDDY' AND 'BILL'

Beard Pays \$15,000 to Bring Cowboys, Cowgirls, Indians, Bronchos, Steers and Buffaloes.

NOTED FRONTIER PEOPLE COME

Wild West at the Wisconsin state fair.

All the thrilling features of Uncle Sam's great out-of-doors, the prairie and mountain regions west of the Mississippi from the days of '49 to the present, will be presented free—absolutely free—for all patrons of the Badger state exposition at State Fair Park, Milwaukee, this year, September 5 to 12.

Entertained Roosevelt. The "round up" is exactly the same as entertained former President Roosevelt twice and former President Taft at Cheyenne, Wyoming, Wisconsin people and all patrons of the state fair will be favored beyond Roosevelt and Taft in that the great home coming for prairie, ranch and mountain will come to them instead of demanding that they make a special trip into the far west.

Cowboys, cowgirls and Indians, numbering 250, will come with the great cavalcade. Every broncho buster, man or woman, and every Indian, has a record, some of them having provided sensations by their deeds of daring and skill for more than a quarter of a century.

Famous outlaw bronchos, wild buffaloes, and pugnacious, long-horned, swift-footed steers to the number of 150, will be on hand to do their part in the sensational exhibitions. Many of the bronchos never have been trained for use because no man has been able to accomplish the hazardous task.

Among the features of interest will be the only pair of buffalo bulls ever trained to drive double in harness. These two animals are as wild as any others of their species. Animal trainers say that it is more difficult to train the buffalo than the vicious moose.

Of frontier characters who will take prominent parts daily, one of the most famous and interesting is Charles Miller, better known throughout the west as "Hot Shot," expert broncho buster and chief man in charge of Irwin Bros' herd of wild horses.

High Educational Value. It is of worth beyond measure that citizens of the entire country may have first hand knowledge of the characters and methods that have figured in the development of the great west, with its boundless territory and untold wealth.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by P. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses of from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, P. J. Cheney & Co. ## DID YOU EVER STOP TO "THINK"

About the "Twin Tables"

Up to this time, Pedestal Tables have been made with a single pedestal, but their shortcomings are so many that one manufacturer has succeeded in overcoming them by using two pedestals—each oval or oblong and complete in itself. They are called

### "Twin" Pedestal Extension Tables

They are superior to others because:  
No troublesome lock necessary. Gaping or standing open at bottom impossible. As perfect extended as when closed.  
In extending a "Twin" to 6 ft. the tops open without spreading pedestals. Prevents marring of finish on legs. If extended farther than this the pedestals spread, giving the most rigid support possible without exposing unfinished surfaces, locks, bolts, etc., as in the case with the single pedestal tables, a feature worthy of your attention, especially when entertaining friends at luncheon or if table is continually used, in the extended position.  
"Twins" are made in numerous designs and finishes.
