Weather by a large and upprecia weather by a large and appreciative audience. The program rendered was one of new and unusual quality, consisting of vocal and instrumental pieces. The manner in which the different selections were rendered showed that the Metropolitan Trio are artists their chosen work, and certainly

wherever they may perform.

The Woman's Club is to be commended in their choice in having such a talented company of enter-tainers come to this village, and ought to receive the hearty sup-port of all the citizens of this community in their next number of the lecture course. It is the sincere wish and hope of all those who attended the entertainment last Tuesday evening that the Metropolitan Trio will again return to this village next season, and without doubt they will be greeted with a packed house.

Admiral Dewey Dead

Admiral Dewey, the nation's Spanish war hero, and by priority of grade the ranking naval of-ner of the world died at his home in Washington on Tuesday at 5:56 o'clock p. m., in his eighti-eth year. He had not been conscious since Monday, when he lapsed into coma, soil believing that in a few days he would be back at his desk in the navy department. A general breakdown accompanied by arterio sclerosis, incident to old age, was the cau e of death. The deceased had been gradually spreading hi hold upon the powerful body for a year and a half, but the admiral proud of his phy ical vigor, had fought it off and even kept its existence a secret from most of his friends. Last week Wednesday he was at his office, apparently hale and hearty. The next day he collapsed as he was preparing to leave the house, and the begin-ning of the end was at hand. Mrs Dewey and the admiral's only son, George, were at the bedside Tues-day right. They had known since Monday that there was no hope.

To Form County Association A meeting was held on Thursday, January 18th. at 1:30 P. Buys Barber Shop

Jos. Wolzean, who for the past several months has had charge of he Chas Guth barber shop in this village, located in the Nic. Marx building on upper Main street, last week Thursday purchased same. Mr. Guth, the former owner, who had purchased same from Peter Mies about two years ago, con-ducted the business until last June when he in company with three others joined Co. E. 2nd Wisconsin Infantry of Fond du Lac, and left for the Mexican border, where he

is still stationed.

Mr. Wolzean, the new owner, is an industrious young man of good moral habits, being an able and efficient barber. Since he accept-ed the position in the local shop he has worked up a good trade, and intends to make considerable improvement in his new business place. Possession was given the new owner at once. We wish Mr. Wolzean an abundance of success in his new adventure

Harvest Big Ice Crop.

Janesville - Twenty-five thousand tons of twelve to fourteen inch ice have been harvested by the two local ice companies, filling the three houses with as clear a crop as has been cut in many years. Last year less than 12,000 tons were harvested, owing to the weather, and the shortage led to a rise in price and near famine toward the end of the season. Nearly 200 men have been engaged in the work at an average of \$2.50 per day.

La Crosse-Owing to the rapid growth of the congregation and lack of seating capacity in its present edifice, St. Mary's congregation, of which the Rev. SCOTCH WAYS WITH MUTTON.

The quality of mutton greatly debends upon the way it has been fed. For roasting, mutton can hardly be too long hung. The length of time depends upon the weather. In cold, dry weather, in an airy, well-kept larder,

in damp weather it will not keep half that long. Mutton is seasonable all the year round, and those who know say that mutton should be five years

21 days is not too long;

years is the limit of life for most sheep. Boiled Mutton and Sauce.-Prepare the meat by wiping it with a damp cloth; if the skin be discolored, scrape it with a knife. Good meat should be red in color, elastic to the touch, and have a fresh smell. The fat should be white and hard. Allow twenty minutes to the pound in bolling and an additional twenty minutes for all joints over three pounds. Plunge the meat, outside down, into boiling water to sear it; after that cover and let it shaner for the rest of the time. Preund seiner Berbu tonnen fol- pure a carrot and turnip and put them with the meat, then add an onion.

Sauce for Mutton .- Take two tablespoonfuls each of flour and drippings. cook until smooth, then add a pint of the mutton liquor, a little milk, if liked, and some chopped parsiey. Chopped capers, a tablespoonful with a little of the vinegar to a pint of the sauce. Lay tens Deutschlands, Entschädigung an the mutton on a platter, pour the sauce over it and serve very hot. FEW HOT BREADS.

Contrary to the rules for yeast mixtures, all foods made with baking pow-

der or cream of tartar and soda must be mixed and baked rapid ly. All material should be cold. and handled very lightly. For cornbreads, gems and

muffins the shortening is melted and added the last thing to assure a velvety texture, but for shortcake, biscuits and such mixtures the fat is cut in with two knives, working quickly, then add the liquid and handle as quickly as possible.

Cornmeal Muffins.-Take two cupfuls of cornineal, a half cunful of flour. a tenspoonful of salt, two tablespoonfuls of sugar, two teaspoonfuls of baking powder, two eggs, two tablespoonfuls of shortening and a cupful and a half of milk. Mix all together, adding

the shortening, melted, the last thing. Currant Biscuit.-Take two cupfuls of sifted pastry flour, two teaspoonfuls of baking powder, a tenspoonful of salt, a fourth of a cupful of well cleaned currants, a cupful of milk and two tablespoonfuls of shortening. Mix together as usual, make in the form of small biscults, brush with milk and bake in a brisk oven. Eat hot.

Egg Gems.-We may read this and think of the days when eggs were twenty cents a dozen yet refrain from indulging in them while they are 50. Take two and a half cupfuls of sifted flour, two teaspoonfuls of baking powder, a tenspoonful of salt, a tablespoonful of sugar, four eggs, a cupful of milk, and lastly three tablespoon-

Why Wait? Why Not Go to Western Canada Now?

The writer has frequently heard the remark that "after the war we will go to Western Canada." It does not occur to those making the remark that if they wish to secure lands in Western Canada, whether by homestead or purchase, the best time to go is now. After the war the welcome will be just as hearty as ever, but the chances are that land values will increase and today homesteads are plentiful and land is reasonable in price. There is no question about what the land in Manitoba, Saskatchewan and Alberta will do, what it will give under proper cul-

Farmers in Western Canada are payng for their land holdings with the proceeds of last year's crop. That this is no idle statement may be gleaned from the three following items, which

are picked out at random: "In the spring of 1916 a half-section of land was offered for sale at \$17.00 per acre. There were 105 acres of owner could not at the time find a buyer, were seeded to wheat. A yield of 40 bushels per acre, 4,200 bushels all told, grading No. 1, was obtained. Difficulties Confronting Administration So Great as to Call for Temporary Abandonment of Partisanship.

It seems to the Washington Herald that the members of congress can put their time to better use than debating informally the question as to whether the Democrats or the Republicans shall elect the speaker of the next house of representatives.

President Wilson's great successes as chief magistrate give him a claim on the support of the members of congress without regard to party, and since both Speaker Clark and Leader Mann are supporting the president's peace program, it would seem to be a case of "Hobson's choice" between the

President Wilson has shown a great capacity for constructive statesmanship. The burden mainly has been his, and he has carried it across many a narrow bridge, spanning many a yawning abyss. ADMIRAL DEWEY DIES M'ADOO IS NAMED

HERO OF MANILA BAY SUCCUMBS AFTER COLD CONTRACTED RECENTLY.

WILSON EXPRESSES GRIEF

Head of the American Navy Won Dis-Unction as Young Civil War Officer and Was Given Highest Honor After Defeating Spanish Fleet in 1898.

Washington, Jan. 18.-Admiral George Dewey, who won the naval battle at Manila bay, died at his home here on Tuesday, at the age of seventy-nine, after an illness lasting six days. Mrs. Dewey and his son, George M. Dewey, were with him when the end came. The son was summoned from Chicago.

Admirai Dewey was taken ill fast Thursday with what at first appeared to be only a slight cold. His illness was diagnosed as arterio-clerosis. Since Monday no hope had been held out for his recovery.

President Wilson has shown his sympathy by sending huge bunches of flowers to the admiral's home, with a request that he be informed of any change in the patient's condition.

Because of Admiral Dewey's rank, the military funeral services will be of the most impressive character. During his residence in Washington

WITNESS CAUSES SENSATION

Bostonian Asserts He Heard That Bernstorff Made \$2,000,000, But Doubts Tale-Henry Denies All Charges Made by Financier.

Washington, Jan. 17 .- Thomas W. awson sprung a sensation in the "leak" inquiry on Monday when he testified that Chairman Henry of the rules committee conducting the inquiry was the congressman who told him that a cabinet officer, a member of congress and a banker were said to have profited in the stock market by advance information on President Wilon's peace note.

Secretary McAdoo, Lawson said, was the cabinet member to whom he referred in his previous testimony as being connected, according to rumor. with a "leak" on President Wilson's peace note.

Lawson said that the banker who told him he knew another banker who dominated a cabinet officer in Washington was Archibald S. White of White & Co., Boston, The committee immediately issued a subpoena for White.

Chairman Henry on the witness stand declared he never had mentioned the name of a member of congress or a banker, to Lawson as having been involved in the "leak." This made his denial of Lawson's testimony

When Henry had concluded his testlmony, Lawson arose and dramatically asserted that every word he, Lawson, had uttered was the "truth, so help me God, without variation."

Lawson further said Henry had told him information had come to the committee that the German ambassador had profited over \$2,000,000, but that he did not think it was true.

Mr. Vogelsang submitted and read a petition of the town board of the town of Barton, praying that the county pay one-half of a bridge voted to be built in said town. The same was laid over for further consideration.

over for further consideration.

To the County Board of Washington Co., Wis. Gentlemen:—Whereas, the town of Barton has at the last annual town meeting, held therein on April 4, 1916, voted to construct a new bridge, wholly within said town, the location of which being in section number 35. T. 12 n., R. 19 e., at a place where the township line road rosses the Milwaukee river in said section; and,

Whereas, the said town of Barton has provided for the payment of such proportion of the cost of such construction as is required by section 1319 of chapter 52 of the laws of Wisconsin, namely the sum of \$2200.00; now,

Therefore, we, the undersigned, town board of the said town of Barton, hereby respectfully petition your honorable body, the county board of Washington County, Wis., to appropriate such sum as is required by this said section to be paid by the county, and cause such sum to be levied upon the taxable property of the several towns of the county as will, with the amount provided by said town, be sufficient to defray the expense of erecting such bridge so petitioned for, viz: the sum of \$2200.00, making a total of \$1400.00, the approximate amount such bridge has been estimated to cost by the Wis. State Bridge Engineer. Such bridge is to be constructed of a combination of

Decrete and steel.

REPORT OF THE COUNTY SUPERINTEND-ENT OF SCHOOLS.

To the Honorable Board of Supervisors of Washington County, Wisconsin.

Gentlemen:—I herewith submit my sixth annual report on the condition of the school affairs of the county, as required by law.

During the past year, two new school buildings have been erected in the county; one in District No. 2 of the town of Polk, and one in District No. 9 of the town of Wayne. These buildings are about completed and will be ready for occupancy next week. There will probably be two new buildings erected next year.

year.

In addition to the two new buildings erected

In addition to the two new buildings erected this last year, seven districts have installed heating and ventilating systems, thereby qualifying for special state aid to the amount of fifty (\$50.00) per year for three years. We now have in the county seventy five (75) buildings so equipped that the districts are receiving or have received this special state aid. In other districts, considerable repairs have been made to the school buildings and to the out-buildings so that on the whole, the physical condition of the schools is good.

Two of the high schools, West Bend and Schleisingerville, enlarged the scope of their work, for this year, by adding Commercial Courses. We now have three high schools in the county offering special work beyond the regular high school work. The schools and the work offered are as follows: Hartford, Manual Training and Commerce; Schleisingerville, Agriculture and Commerce; West Bend, Manual Training, Domestic Science and Commerce. These special courses have tended to increase the enrollment in these schools and in addition they are given special aid by the state for maintaining these courses.

We have had considerable difficulty this year in finding teachers for the rural schools. Of the 83 rural schools in the county, twenty one are filled by teachers from other counties, and two are still without teachers. The number of teachers from other counties are as follows: Kewaunee 2; Milwaukee 7; Waukesha 4;

st rural senois in the county, twenty one are still without teachers. The number of teachers from other counties are as follows: Kewaunee 2: Milwaukee 7; Waukesha 4; Manitowoc 2; Calumet 1; Lincoln 1; Ozaukee 1; Dodge 1; Sheboygan 1 and Menomonee, Mich., 1. The schools still without teachers might have secured teachers during the summer, had they been willing to pay the salary asked. When they discovered that they must pay the wages demanded, the supply of teachers was exhausted. If this condition continues, and I have no doubt but that it will, many of the smaller schools will be compelled to close and transport the pupils to the schools in an adjoining district.

Last year was our first year under the supervising teacher law and it worked out well. Mr. H. H. Snyder proved to be a very capable and efficient supervisior, and the results of his work are evident. I can safely say that I believe that the supervising teacher law is the strongest piece of legislation in relation to the rural schools that has gone onto the Statute Books in many years.

Mr. Snyder refused re-appointment as supervising teacher for financial reasons, and the Committee on Common Schools, on July 18, 1916, appointed Miss Margaret Fellenz of Campbel'sport, Wis., for the present school year at a salary of eighty (\$80.00) dollars permonth. Miss Fellenz began her duties on Aug. 14, 1916.

For two weeks, from Aug. 28th to Sept. 8th,

year at a salary of eighty (\$80.00) dollars per month. Miss Fellenz began her duties on Aug. 14, 1916.

For two weeks, from Aug. 28th to Sept. 8th, she attended a school for Supervising Teachers, at Maiison. This was conducted by Supt. C. P. Cary and his assistants, for the purpose of instructing supervising teachers in their work.

The State Department has this year issued a new course of study for Common Schools. This has but recently gone into the hands of the teachers and they are baving some difficulty in conforming to the new order of things. The work is considerably revised and many new things are added. Among some of the more important is the introduction of Manual Training and Domestic Science into the country schools. This does not mean that an elaborate course of work is to be carried out, but does

mean that such things as instruction in the care and use of tools, making minor repairs around the school building and the serving of

around the school building and the serving of warm lunches can be done.

To assist teachers in getting acquainted with the new course of study, a series of meetings to be held in various parts of the county, has been arranged for and is now being carried out.

I shall ask for no appropriations other than the usual ones asked for in the past and trust that they shall meet with your unanimous appropriations.

Thanking you for the co-operation you have given me in former years and trusting to merit it in the future, I am,
Yours respectfully,
GEO. T. CARLIN,
Co. Supt. of Schools,
Dated at West Bend, Wis., this 20th day of November, 1916.

On motion of Mr. Friday, duly can ried, the board adjourned till 3:30 o'clock p. m. next day.

Tuesday, Nov. 21st, 1916, 3:30 o'clock p. m.

Board met as per adjournment. Chairman Backhaus in the chair. Roll called, and all members were present except Mr. Frey. The minutes of last meeting were read and approved.

The following resolutions were intro-duced, read and laid over:

Resolution No. 7, by Mr. Herman: Resolved, By the Board of Supervisors of Washington County, Wis., that the sum of seven-hundred eighty (\$780.00) be, and the same hereby is appropriated for janitor salary for the ensuing year.

CHRIST. HERMAN.

Resolution No. 8, by Mr. Vogelsang:

CHRIST. HERMAN.

Resolution No. 8, by Mr. Vogelsang:
Whereas, the town of Barton has complied with the provisions of Section 1319 of Chapter 52 of the Revised Statutes of Wisconsin by voting \$2200.00 for the payment of its proportional share of the cost of construction of a new bridge across the Milwaukee River in Section 35, Township 12, north of Range 19 east, as set forth in the petition to this county board, dated November 18, 1916;
Therefore, be it resolved by the Board of Supervisors of Washington County, Wisconsin, that the said petition be and the same is hereby accepted and that there be and there hereby is appropriated out of any of the county funds not otherwise appropriated the sum of \$2200.00 to defray one-hulf of the expense of erecting such new bridge as aforesaid, and that the assessment for raising the said sum of \$2200.00 which is the county's share of the cost of said bridge shall be levied in accordance with law; Said bridge to be substantially constructed of concrete and steel.

Resolved further, that said County Board shall designate two of its members who shall act as its commissioners and co-operate with the Town Board of the Town of Barton for the letting of the work and the erection and construction of said bridge in accordance with Sub-section 6 of Section 1319 aforesaid and as may otherwise be provided for by law.

Dated at West Bend, Wisconsin, the 20th day of November A. D. 1916.

J. VOGELSANG.

Mr. Friday of the State Road and

Mr. Friday of the State Road and Bridge Committee submitted and read the report of said committee. same was accepted and ordered to be placed on file on motion of Mr. Froehlich.

REPORT OF STATE ROAD AND BRIDGE COMMITTEE.

To the Honorable Board of Supervisors of Washington County, Wisconsin.

Centlemen:—Your State Road and Bridge Committee appointed at the 1915 session of this Board as provided by law, respectfully re-

port;
That on the 19th day of November 1915, committee met and duly organized by electing Frank Salter chairman and C. L. Friday,

secretary.
That W. T. Leins was elected to make surveys of contemplated highways.
That Mr. Leins qualified and immediately

made surveys so that there was no delay in beginning work in the spring of 1916.

That because of too much private business Mr. Leins resigned such position and the work was turned over to the state to finish.

That committee met from time to time to audit pay roll and material claims.

That one Studebaker road sweeper and one Adams grader and scarifier and three Studebaker dump wagons were purchased. The wagons were second hand, having been used two years and were bought at one half price of new.

new.

Highway Commissioner report will show the number of miles of road built and where.

County should have a tractor for hauling grader and scarifier and to move machinery from place to place in county.

Mr. Johnson until now has used roller for such purpose when he could not hire a tractor but found same unsatisfactory as roller is not intended to be used as a tractor on hard and stony roads.

County could effect quite a saving by providing highway commissioner with an automobile equipped so that he could carry small tools and small quantities of material for pairing roads.

roads.

On the 11th day of July this year, the government of the United States appropriated \$75,000,000.00 to be apportioned among the states as federal aid in the building of roads. Wisconsin's share of this amount is \$128,361.07. Action to be taken by state and county in order to participate in this appropriation can best be explained by State Highway Commissioner.

sioner.

The issuing of orders by both, county clerk and highway commissioner against said fund is very confusing and we recommend that same be abolished.

Order numbers 25 to 31 inclusive, amounting to a total of \$174.41 are still outstanding and not included in our report.

BUDGET.

BUDGET.

tractor extimated cost\$2400.00

We therefore recommend an appropriation of \$3500.00 for the above fund.

FRANK SALTER, J. AULENBACHER, C. L. FRIDAY, State Road and Bridge Committee.

Mr. Schellinger moved that the elec-tion of officers be taken up at this time. Said motion prevailed.

Mr. Friday moved that the clerk cast the unanimous vote of this board for Herbert F. Schroeder as a member of the Committee on Common Schools, for three years. Said motion prevailed, the clerk cast such ballot and Mr. Schroeder was declared elected.

Mr. Peters moved that the chairman cast the unanimous vote of this board for Anton Thielmann as superintendent of public property. Said motion prevailed, the chair cast such ballots and Mr. Thielmann was declared elected as such superintendent.

Mr. Salter moved that the board proceed to elect a trustee of the asylum

by ballot. Motion carried.

Mr. Friday moved that the chair appoint two tellers. Motion prevailed and the chairman appointed Messsr. Salter and Storck as tellers.

The first ballot was informal and resulted as follows:

George W. Jones received 15 votes, John Jansen received 3 votes, C. F. Leins received 1 vote, H. Jansen received 1 vote, total 20 votes.

Mr. Friday moved that the informal ballot be made formal. Said motion prevailed and Mr. Jones having re-ceived a majority of all the votes cast, was declared elected as Asylum Trustee for the ensuing three years.

Mr. Robinson moved that the clerk

cast the unanimous vote of this board for August Bernhagen as court house janitor for the ensuing year. Motion carried, the clerk having cast such ballot, Mr. Bernhagen was declared elected.

Resolution No. 6 was given a second reading, after which Mr. Schmidt moved that the same be adopted. Said motion prevailed and said resolution was declared adopted.

The report of the committee on salaries was taken up and read a second time. Mr. Schellinger moved to amend the resolution embodied in said report by striking out the sum of \$1400.00 and inserting in lieu thereof the sum of \$1600.00. Said motion prevailed unanimously and said resolution was so amended.

Mr. Friay moved to adopt said re-port with resolution embodied as amended. Roll was called, all members present voted aye, and said report with resolution was declared adopted.

The report of the committee on equalization was given a second reading, after which Mr. Weiss moved to adopt the same with the resolution embodied therein. Said motion prevailed and said report with resolution was declared adopted.

Highway Commissioner, Chas. Johnson, then submitted and read his report. The same was accepted and placed on file on motion of Mr. Aulenbach-

To the Honorable Board of Supervisors of Washington County, Wisconsin.

Washington County, Wisconsin.

Gentlemen:—In compliance with the highway law of the State of Wisconsin, I herewith submit my third annual report of work done in Washington County, under the supervision of the joint committee on highways and bridges.

The law calls for a report up to Nov. 1. However, I have seen fit to include in this report all work done up to Nov. 15, 1916.

This report is intended as a statement to the Board of Supervisors, of the expenditures made and not as an engineering treatise upon highway construction. However, considerable detail has been entered into, to show how the work is carried on and also in bringing out some unit costs.

Inasmuch, as we have made reports to your Honorable Body giving the expenditures of this department in detail, I have not included in this report the individual items of expenditures.

REPORT OF COMMITTEE ON TREASURY.

To the Honorable Board of Supervisors of Washington County, Wis.

Gentlemen:—Your committee on treasury to whom was referred the report of Anton Mueller, county treasurer, from Nov. 8, 1915 to Nov. 1, 1916, hereby respectfully report that we have checked the same with the books and vouchers in the office and find them to be correct and recommend the same to be accepted and placed on file.

We have also examined reports of the county clerk, Soldiers' Relief Commission, superintendent of public property and county highway commissioner, and have checked them with respective books and vouchers and found everything to be correct and therefore recommend the same to be accepted and placed on file.

We recommend that the sum of \$162.00 remaining in the redemption fund and \$304.45 remaining in the redemption fund and \$304.45 remaining in the Foldiers' Relief fund be transferred to the General Fund.

REPORT OF THE COMMITTEE ON INSANE.

REPORT OF THE COMMITTEE ON INSANE.
Your Committee on Insane and Poor Home would respectfully report:
That we have made the usual examination of the books, records and accounts of the county asylum and find them to correspond with the orders, vouchers and statements on file and as shown in the annual report of the trustees.
We have made a thorough inspection of the buildings and find them well kept. The new horse barn which was built will accommodate about a dozen horses and the upstairs will hold about 30 ton of hay. The old stable will have to be arranged to accommodate cattle and young stock only.

We hereby present the estimate of the trustees for funds required for this year's maintenance, including improvements. We have estimated the cost of re-arranging the old harn and the purchasing of another dynamo, \$2500.00.
This sum added to the sum asked for by the trustees makes a total of \$11,500.00, which total sum we hereby recommend as an appropriation to the asylum and home.

COUNTY HOME.

Your committee carefully examined the accounts and vouchers of the Home and found them to correspond with the report. The Home seems to be well managed and the wants of the inmates properly supplied for cleanliness and comfort. The Home as well as the Asylum are models of their kind. The heads and the employes deserve credit for the manner in which the affairs of both these institutions are managed, as well as for the kind and humans treatment accorded to those under their charge.
