We'll Save You 40c On These Dessert Molds, if You'll Try Jiffy-Jell

This is to every housewife who will this week try these new-grade gelatine desserts. We will save you two-thirds on a set of Aluminum dessert moldsmolds that will last you a lifetime.

Jiffy-Jell is the supreme dessert. It is the only quick dessert made with Waukesha gelatine, which costs twice as much as the common.

It is the only dessert made under Otis E. Glidden, the leading gelatine expert. It is the only dessert with true fruit flavors

All fruit flavors in Jiffy-Jell are made from the fruit itself. All are highly concentrated. For instance, half a ripe pineapple is used to flavor a single Jiffy-Jell dessert.

> The flavors come sealed in glass, so they keep their wealth of fresh-fruit taste. Each

package contains a bottle. You add the flavor when the jell has partly cooled, so the hot water doesn't cook it.

So a Jiffy-Jell dessert tastes like a crushed fruit dainty. The flavor will amaze you. It will bring you an entirely new conception of these quick, fruity dainties.

An employee in the office of a noisy munition plant was absent from work one morning. After luncheon, however, he presented himself. He looked pretty bad, but he claimed that he was ready for work.

"Why, what are you doing down here?" cried the boss. "Your wife telephoned that you probably wouldn't be able to work for several days. She said you were on the verge of nervous prostration, and that the least noise was bad for you. Why didn't you stay at home?"

"Well," answered the wage slave, raising his voice to be heard above the distracting din. "I did get through with the morning at home. But my wife had a bridge party this afternoon, so I thought I'd be better off down here.'

Daly's Entertainment and Lectures Draw Growds to the Kewaskum Opera House

Harry E. Daly, the Toneal Man, raveler, lecturer, advertiser and philanthropist, who created such a furore in the large cities of the country, Tuesday night gave his first lecture and demonstration to the people of Kewaskum. The entertainment was a big success. The music and singing pleased the crowd, as one could tell by the expression on their faces.

The crowd represented Kewasbest citizens and presented several different strata of humanity. The merchant, the working men and their families, the shop girl, all mingled together and enjoyed an evening merriment and pleasure. The concert was held at the Opera House The lecture by the Toneal man was a remarkable example of his oratorical power. KING HAS A FINAL CONFERENCE WITH HIS FRIENDS AT THE MOUTH OF KHYBER PASS AND PREPARES FOR THE JOURNEY INTO STRANGE COUNTRY.

Synopsis.-At the beginning of the world war Capt. Athelstan King of the British Indian army and of its secret service, is ordered to Delhi to meet Yasmini, a dancer, and go with her to Khinian to quiet the outlaws there who are said by spies to be preparing for a finad or holy war. On his way to Delhi King quietly foils a plan to assassinate him and gets evidence that Yasmini is after him. He meets Rewa Gunga, Yasmini's man, who says she has already gone north, and at her town house witnesses queer dances.

One enthusiast drew the cartridge out of his breech chamber and licked it at intervals of a minute or two, to the very great interest of the hillmen, who memorized every detail that by any stretch of imagination might be expected to improve their own shooting when they should get home again.

King found his way on foot through a maze of streets to a place where he was admitted through one door after another by sentries who saluted when he had whispered to them.
