CONDOLENCE

Whereas, in view of the loss we have sustained by the decease of our neighbor, Margaret Nigh and of the still heavier loss sustained by those who were nearest and dearest to her; therefore be it Resolved, that it is but a just tribute to the memory of the departed to say that in regretting her removal from our midst we mourn for one who was in every way worthy of our respect and regard.

SECOND SECTIONAL TEACHERS' MEETING

The second Sectional Teachers' meeting will be held on Saturday, December 15, 1917, at Allenton. This is the last meeting before Christmas and a full attendance is expected.

HIGH SCHOOL NOTES

Report cards were given out Monday. The program last week was well rendered. The boys' basketball team will play at Silver Creek Sunday.

JOINED IN BONDS OF MATRIMONY

The Holy Trinity Catholic church was the scene of a very quiet wedding last Wednesday morning at seven o'clock, when two of Kewaskum's most popular young people were united in holy bonds of matrimony, namely, Miss Josephine Ockenfels, youngest daughter of Mr. and Mrs. John M. Ockenfels of this village and Edward Guth, only son of Mrs. John Guth. Rev. Philip Vogt performed the ceremony.

Petersick-Kudek

A very pretty wedding took place at St. Kilian Wednesday, November 28th, 1917, when Miss Regina Petersick, daughter of Mr. and Mrs. John Petersick, was united in marriage to Mr. Alvin Kudek. Rev. F. Falbison performed the ceremony.

Knoeck-Seefeldt

Marriage vows were exchanged in St. Mary's Catholic church at Barton on Saturday, Dec. 1, by Oscar Knoeck and Miss Mathilda Seefeldt, Rev. F. Falbison administering the sacrament during a mass which was attended by the relatives and many friends of the young couple.

ROUND LAKE

Louis Rosenbaum was a caller at Dundee Monday. Mr. Seiffert was a business caller at Sheboygan Saturday.

LAKE FIFTEEN

Chas Klabbuh was a caller at Wm. Heberer's Saturday. Otto Krueger was a caller at Kewaskum Wednesday.

NEW PROSPECT

Emil Bartelt motored to Kewaskum Wednesday. Mrs. Wm. Bartelt spent Thursday at Milwaukee. Hy. Butzke of Auburn spent Monday in the village.

CONSERVE WHEAT IS SWENSON'S WARNING

Shortage of Grain and Sugar Is the Most Serious Faced by Country.

MUST RETRENCH ONE-THIRD

All the Available Supply Has Been Shipped to Europe and the Last Crop Was Very Short—Corn and Potatoes Plenty.

Madison.—Food Administrator Magnus Swenson has issued a statement to the people of Wisconsin pointing out why they should be serious in their observance of meatless and wheatless days, his warning being based on information received while in Washington recently.

"The most serious shortage in this country is wheat," he said, "and if we continue to use wheat in the usual way we will not have a bushel for export. We have barely enough to last until the next harvest. The reason for this is that we have shipped out all the available that we had accumulated and the last harvest was very short.

"Our allies in Europe and our own soldiers will need about 500,000,000 bushels of wheat before any of the next harvest becomes available. Of this amount, about 180,000,000 bushels can be obtained from the Argentine republic and about the same amount from Canada, and we will, therefore, be obliged to send over to Europe not less than 150,000,000 bushels of wheat from this country.

Must Retrench One-Third.

"The consumption of wheat in this country is about 500,000,000 bushels a year, so that if our wheat is going to last until the next harvest, we must reduce our consumption by at least one-third. Otherwise, we shall be entirely out of wheat for bread two or three months before the next crop becomes available.

Same Case With Sugar.

"Almost the same condition exists with reference to sugar, and if it had not been for the voluntary action of the producers of this country sugar today would be selling at 25 cents per pound. The price of sugar, however, has been agreed to on the part of both the producer and the wholesaler, and no matter how scarce it may become the price will remain the same. There are large quantities of sugar on the island of Java and in the Hawaiian islands, which cannot be moved an account of lack of ships, and the entire sugar demand must be supplied from the United States and the West Indies.

Crowder Offers Reward.

Fifty dollars reward is payable for the delivery to a military camp, post or station of a deserter from the National Army.

This is the effect of a message received by Governor Philipp from General Crowder. He calls specific attention to that section of the draft rules outlining the procedure upon the arrest of a deserter, which is as follows:

"Upon the arrest of a deserter the police officials arresting him shall take him before a nearby local board (preferably the local board having jurisdiction of him), which local board shall immediately inquire whether his offense was willful and committed with an intent to evade military service, and if so find and make and deliver to such police official a certificate to that effect and direct such police official to deliver the deserter to the nearest army camp, post or station.

The form for this certificate (form 1021) will be found in part 10, but no printed form will be furnished. "If the local board finds that the offense was not willful and the registrant has been physically examined, the board shall forthwith send him to the proper mobilization camp. If the registrant has not been physically examined, the local board shall examine him physically, and if he is found to be physically qualified shall send him to the nearest mobilization camp. In either case the local board sending the registrant to camp shall promptly notify the local board of origin to furnish the papers prescribed in section 148 in respect of such registrant.

Less Vagrants in State.

Records in the Madison police station show that in the last year, since the state council of defense took up the vigorous prosecution of the vagrancy laws, there has been a decrease of 64 per cent in the number of vagrants who have been lodged in the police station.

State to Show Movies.

The industrial commission is arranging to present a series of moving picture shows in the industrial centers along the lake shore. "The Cost of Carelessness," a most interesting film produced by the United States Steel corporation, showing the work in the steel mills, etc., and "An Tin Believer Convicted," a dramatic film of the employer who did not see the necessity of "safety first" devices until his daughter and other girls were burned to death in his factory, will be shown.

Not to Cripple Industries.

A liberal policy of exemption of agricultural and industrial workers subject to the war draft law will hereafter be followed in Wisconsin. This was decided at a conference of members of the five district boards of the state at Madison. Maj. E. A. Fitzpatrick, state draft director, made the following statement regarding the results of the conference:

"Through estimates based on past experience, it appears that appeal cases and claims for agricultural and industrial classification will come to each district board from December 24 to January 30 at a rate of from 400 to 500 a day. To handle this work will require the practically undivided attention of the board members and their clerical assistants continuously for 60 days or more. The pressure of this work and the urgent necessity that it be done promptly will probably require the use of voluntary helpers in addition to the regular staff of employees.

Recognizing the military necessity of the prompt classification of all registrants, the conference adopted resolutions declaring that the leniency to registrants as to the time limitations in filing questionnaires and affidavits which has been necessary in the past cannot be extended to the future draft. Strict adherence to the time limits on the part of registrants will hereafter be required to insure the fullest consideration of claims and appeals. The questionnaire, as printed by the war department, does not give all the information required to properly classify the agricultural workers of the state. A supplementary list of questions will therefore be submitted to all registrants, and answers will be required from those claiming classification on agricultural grounds.

To Select Men Who Can Be Spared.

"In many of the counties of the state the draft army must of necessity be made up of agricultural workers, and this classification has for one of its purposes the selection of men who can be spared with the least detriment to farm production. It has been the general experience in the draft just completed that the industrial and manufacturing interests have not filed claims for the exemption of their workers. Under the new regulations it becomes a patriotic duty of employers operating essential industries to assist the draft boards in classifying their skilled workers to avoid crippling their industries.

Requests Prompt Accident Reports.

The industrial commission has addressed a letter to Wisconsin employers in which it calls attention to the necessity for prompt report on all industrial accidents which result in death, in permanent disability or in temporary disability of more than seven days' duration. Reports on all such accidents are required by law to be made to the industrial commission, under penalty of a \$50 forfeit.

The commission states that most large employers make such reports promptly, but that many small employers seem to be under the impression that reports to insurance companies are all that is required. But the commission under the law cannot accept reports from insurance companies and needs reports from employers to check up whether injured workmen are being paid compensation. The commission is especially anxious to secure prompt reports from employers upon accidents, because it is emphasizing "safety first" and is endeavoring to check the increase in accidents. The engineering staff of the commission goes over all accident reports received and takes up with employers cases in which it appears that better guarding would have prevented the accident. Very good results appear to have followed this innovation in safety work. For the first time since the war began in Europe accidents during the last few months have been decreasing, and this seems to be true only in Wisconsin. The commission now appeals to employers to cooperate to the fullest extent in this important work.

State to Issue War Bonds.

Bonds will be issued to meet the extraordinary expenses of the state government during the period of the war. This was the announcement of Gov. E. L. Phillip in a signed statement replying to a letter of State Treasurer Henry Johnson in which the latter said Wisconsin would not be able to meet its obligations on its present resources.

The bond issue—used during the Civil war—will lift the burden of special taxes on the people.

To arrange ways and means for meeting war expenses is the main reason calling a special session of the legislature, Governor Phillip declared. Had the United States not entered the war, the state treasury would have had a balance now of \$71,000 more than at a year ago at this time.

Withdraw Degree to Bernstorff.

The regents of the University of Wisconsin, by a unanimous vote on a roll call, have rescinded the action taken in 1909 in granting the degree of doctor of laws in honor to Count von Bernstorff, the former German ambassador to this country. At the close of the meeting a resolution was received from the board of visitors of the university asking that the degree granted to Count von Bernstorff be rescinded but the regents had already taken action before this resolution had been placed in their hands.

BADGER STATE NEWS

MOST IMPORTANT HAPPENINGS OF THE PAST WEEK TOLD IN A FEW LINES.

OFFER REWARD FOR SLAYER

Relatives of John Hafmeister, Found Dead a Few Weeks Ago, Believe He Was Murdered and Will Pay \$200 for Guilty Party.

Menasha—In spite of the fact that police investigating the death of John Hafmeister, Antigo man, who was found dead near the Menasha Woodmen plant a few weeks ago, have decided that he was a suicide, relatives of the dead man still cling to the murder theory. A reward of \$200 is to be offered within the next few days for the arrest and conviction of Hafmeister's slayer.

Sixty-five Join Navy in One Day.

Milwaukee—All records were smashed at the navy recruiting station, 222 Grand avenue, when sixty-five men enlisted in one day to serve Uncle Sam on the sea. Scores of young men were from Milwaukee, but almost every section of the state was represented by the applicants sent in from sub-stations of the local office.

May Not Bring Up Sunday Closing.

Milwaukee—There is talk that Sunday closing may not be brought before the special session of the legislature after all. It is said that neither friends nor the opponents of the measure are very anxious for legislation on the subject at this time. In fact, there is some talk that the question may not be included in the call.

Thirteen Children Homeless by Fire.

Johnsburg—The general store conducted for twenty-five years by Henry Loehr, was destroyed by fire, causing a loss of \$16,000 with insurance at \$7,000. Loehr's house also burned, rendering a family of thirteen children homeless. Sparks from a chimney started the blaze.

Defense Council to Report.

Madison—The State Council of Defense will make a report to the special session of the legislature of the work which is being accomplished under its direction. This report will probably be in connection with the bill which will be presented the powers of the council of defense.

BAKER TO FACE QUIZ

MILITARY AFFAIRS COMMITTEE VOTES INQUIRY INTO ARMY.

Investigation Expected to Silence Many False Rumors and Forestall Criticism of Congress.

Washington, Dec. 12.—A comprehensive investigation into the entire national military situation, including the progress being made by the war department in organizing training and equipping the new army, was ordered by the senate military affairs committee. The investigation will begin within a few days. It is the intention of the committee to call Secretary of War Baker and other high officials.

Many complaints regarding slow progress equipping the new draft army were laid before the committee. Senator Wadsworth of New York, who has visited many cantonments, reported unsatisfactory progress in supplying the men with rifles and necessary equipment. After discussing the situation, the committee decided to make an inquiry into the whole military situation. Such an investigation will silence many false rumors, forestall criticism in congress and force lagging departments to speed up, in the opinion of members of the committee.

The inquiry, according to present program, will be held behind closed doors.

BIG DRIVE IN WEST NEAR

Heavy Fire, Most Intense in Ypres and Arras Sectors Reported From British Front.

London, Dec. 12.—Unusually active artillery fighting and aerial operations on the western front are reported in the official communication. This activity was particularly noteworthy on the Ypres and Arras fronts.

The official report from British headquarters in France says that the Sherwood Foresters carried out a successful raid west of Hulluch, capturing a number of prisoners. A hostile raiding party was repulsed south of Armentieres.

Berlin, Dec. 12.—On the Flanders front in France there was a lively artillery duel, the German official statement says. The night statement reports inaction on the western fronts.

Paris, Dec. 12.—Patrol encounters occurred north of Bonzonville (Verdun front) and near Tahure (Champagne), says the war office report. Active artillery fighting developed in some sectors of upper Alsace and Lorraine.

[Operations of the nature and extent indicated by the official British communication almost invariably precede a great attack.]

FOE WIPED OUT BY LATIN

Austro-Germans Holding Bridgehead Slaughtered When Taken by Surprise in Sleep.

Italian Army Headquarters in Northern Italy, Dec. 12.—A brilliant night adventure was executed by the Third battalion of the Two Hundred and Twenty-sixth Azezo brigade in completely relieving a threatened Italian position on the lower Piave river.

Most of this section is protected by foundation, but the Austro-Hungarians early in the morning succeeded in occupying a small bridgehead at Capo Sile, a few miles below Dona Piave. The Azezo brigade was ordered to clear out the enemy's bridgehead. At two o'clock the Third battalion threw out a reconnaissance party, which on returning reported the Austrian camp asleep around the bridgehead. The enemy camp was taken completely by surprise and could make no effective resistance. The fight in the darkness was short and terrible. What enemy troops were not bayoneted and killed were taken prisoner, and the last vestige of the bridge and bridgehead was destroyed. The result of the operation is that the only point seriously menaced on the lower Piave has been made solid.

MARTIAL LAW IN JERUSALEM

British Will Appoint a Governor—Thanksgiving in London for Captured City.

London, Dec. 12.—No attempt will be made to define the future position of Jerusalem until a general peace comes, the Times says if understood. In the meantime the city will be treated as in British military occupation and will be under martial law. General Allenby will appoint a military governor. While the British flag will fly over the city the French and Italian flags will be placed over the national property, such as convents and schools. The official entry into the Holy City by General Allenby took place during the day.

BEET SUGAR PRICE GOES UP

Hoover Authorizes Increase of Ten Cents a Hundred Pounds—Retail Rate Unaffected.

Washington, Dec. 12.—Food Administrator Hoover authorized an increase of ten cents a hundred pounds in wholesale prices on basic sugar centers of New York, San Francisco and New Orleans. The advance will not affect the retail price of sugar, Mr. Hoover said.

THE KITCHEN CABINET

It isn't the knocker that gains admission to our confidence.

Large troubles serve the good purpose of teaching us how trivial our little ones are.

VENISON DAYS.

This delicious game is once more to be enjoyed. The steaks broiled and served with gravy made from any sweet fat cannot be improved upon.

Any portion of the venison may be used, but steaks from the upper round are the choicest. Cut the steak in serving sized pieces, roll in flour and brown in hot fat. Add broth made from the trimmings and bones of the venison and let simmer about an hour until tender. For each pint of liquid allow a fourth of a cupful of flour, half a teaspoonful of salt, one fourth of a teaspoonful of paprika, all stirred in cold broth to a smooth paste, then added to the meat; stir until boiling, cover and let simmer ten minutes. Have ready baked or boiled sweet potatoes; press them through a ricer, salt and butter and a little hot milk is added, then bent thoroughly over the fire. Pipe the potato around the meat on a platter and garnish with stewed prunes in groups of three. Spiced grape jelly is especially delicious to serve with venison.

Breaded Venison.—Cut slices half an inch thick from a round of venison that has hung at least a week. Cut the pieces in serving sized pieces, dip in crumbs, then in beaten egg diluted with milk and again in crumbs. Set to cook in hot fat and when well browned turn and brown on the other side. Let cook slowly for a while to be sure the meat is well done.

Venison may be wrapped in bits of bacon, well seasoned and browned, then cooked in a casserole with various vegetables, adding broth or boiling water and cooking under cover for two hours in a slow oven. Serve from the casserole. Wild rice when obtainable is an ideal vegetable to serve with venison or wild duck. Its characteristic flavor is especially well liked by venison lovers.

Salad for Game.—There is no salad (which never outwears its welcome) like head lettuce with a snappy, well-seasoned French dressing. Good oil and good vinegar and a fine sense of taste in seasoning will make such a salad a sensation.

Some people don't believe in putting off till tomorrow the trouble they can make today.

Silence has this advantage over speech—that you never have to take it back.

CHRISTMAS SWEETS.

This year the candy-making will no doubt be much restricted in the home, yet this happy time must not be dulled for the children as they look forward to it with such keen delight.

Fruit Jujubes.—Pour off the juice from a can of apricots or peaches, then rub them through a sieve. To one pound of this puree add one and a half cupfuls of sugar and bring slowly to the boiling point, stirring all the time. Continue to stir until a drop on a cold plate will set. Let it cool, then add a teaspoonful of almond extract and drop on waxed paper. When quite cold, remove the paper and stick two of the drops together. Roll in colored sugar or melted fondant or in chocolate.

Date Balls.—Stone and chop three cupfuls of dates; add one cupful of chopped black walnut meats, one teaspoonful of ginger sirup, and a tablespoonful of preserved ginger; then run through a chopper. Make in balls and roll in coconut. Put in paper cases.

Preserved Ginger.—A delightful substitute for preserved ginger may be made using white carrots or the yellow if the white are not obtainable, they will taste as good but not look as much like the real ginger. Boil the carrots for ten minutes, then scrape off the outside layer and quarter them lengthwise, cut in quarter-inch lengths, discarding the points and core. Boil until tender, changing the water several times to remove the carrot flavor. To one pound of carrots so prepared add two pounds of sugar, one quart of water, two ounces of green ginger root shaved fine and the grated rind and juice of one lemon. Boil for fifteen minutes. Repeat for four successive days until the sirup is thick. Dry ginger may be used if the green is unobtainable, this must be put into a bag fine enough to keep the grains from escaping. This may be left as preserved ginger in sugar or dried and rolled in sugar as a confection.

Rice, potatoes or spaghetti should not be served in the same meal, as they are too similar foods. When two vegetables are served, one should be green and one like potatoes, beets or onions.

KIDNEY TROUBLE OFTEN

CAUSES SERIOUS BACKACHE

When your back aches, and your bladder and kidneys seem to be disordered, go to your nearest drug store and get a bottle of Dr. Kilmer's Swamp-Root. It is a physician's prescription for ailments of the kidneys and bladder.

It has stood the test of years and has a reputation for quickly and effectively giving results a thousands of cases.

This preparation is very effective, has been placed on sale everywhere. Get a bottle, medium or large size, at your nearest drugist.

However, if you wish first to test this preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Best Soldier a Middleweight. It isn't the big 170 pounders that the examining boards who have been choosing recruits for the new National army greet with enthusiasm, says Millstones. It's the lithe chap who weighs about 140 and hasn't a pound to spare that is the real prize for military service.

Tests made at Princeton and in the training camps go to show that, weight for weight, a man of this build handles himself more effectively. He scores relatively low in endurance. He is adaptable when it comes to the modifications of diet that life in camp makes necessary and he can stand inspection with full equipment on a hot day and smile, while the big fellow wilts and falls out.

HELPED ITALY INTO WAR

D'Annunzio, Poet-Aviator, Alleged to Have Inflamed Minds of People, Declaration Following.

Perhaps more than any one individual, D'Annunzio, the poet-aviator, helped to bring Italy into the war. This is an aspect of his career not by any means generally understood, says the New York Evening Post.

In the spring of 1915 Italy was still uncertain as to her final decision. Giolitti, advocate of peace, while no longer in control of the government, still retained enormous political power. The action of the country was as yet doubtful, when this maker of overwrought, sensuous poetry and prose, this writer who had been termed the last word in decadent and hothouse literature, landed on his native soil after a five years' absence, and commenced his crusade. The ostensible reason for his visit was an address he had to make at Quarto, where 75 years before Garibaldi had embarked with his valiant "thousand" the real object of his desire to drive Italy into the war.

From Quarto his trip to Rome was a triumphal progress, punctuated with impassioned oratory. He arrived in Rome just in time to forestall Giolitti, who had forced the Salandra cabinet to announce its resignation. One hundred and fifty thousand people welcomed D'Annunzio in the Piazza delle Terme. In the chamber of deputies he was hailed as the country's savior, and the Italian parliament answered his appeal with a declaration of war. Surely a strange Tyrtaeus, but one not afraid to sacrifice his life on behalf of his country.

A GREAT DISCOVERY

(By J. H. Watson, M. D.)

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations. As a remedy for those easily recognized symptoms of inflammation caused by uric acid—as scalding, line, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly Anuric acts; the pains and stiffness rapidly disappear, for Anuric, (double strength), is many times more potent than lithia and often eliminates uric acid as hot water melts sugar. All druggists, Dr. Pierce's Pleasant Pellets for the Liver and bowels have been favorably known for nearly 50 years. Anuric is a recent scientific discovery by Dr. Pierce, Chief of Staff at the "Invalids" Hotel and Surgical Inst., in Buffalo, N. Y. Send 10c there for a trial pig. of Anuric. Large package 60c.

Here's to Your Christmas Dinner!

- Cranberry and Orange Appetizer, Chicken Broth, Celery, Chicken en Casserole, Cranberry Sauce, Sweet Potatoes a la Maryland, Apple and Celery Salad, Neufchatel Cheese, Pear Shapes, Toasted Crackers, Sultana Roll, Coffee.

Cranberry and Orange Appetizer. Put half a cupful of sugar and a cupful of water on and boil five minutes. Add half a cupful of cranberry sauce and cool. Chop the oranges very fine. Pour into ice cream glass or parfait glass and pour over the cranberries. This must be served very cold. Cranberries are taken from the cranberry sauce.

Chicken en Casserole. Three and a half pounds of stewing chicken, a cupful and a half of cut carrot, a cupful of cut celery, a cupful of cut onion, two tablespoonfuls of cut parsley, a tablespoonful of drippings, a tablespoonful of flour, a teaspoonful of salt, half a teaspoonful of pepper and a dash of paprika. Clean the chicken the same as for stewing. The backbone, wing tips, neck and giblets are used for soup. The drumsticks, thighs and breast (cut in two pieces) are put in iron pan with drippings and seared on both sides. Put half the onion and half the carrot in the bottom of the casserole, then a layer of the seared chicken, then the remainder of the vegetables, salt, pepper and paprika and two cupfuls of boiling water. Cover and put in a moderate oven two and a half to three hours. Do not try to cook a young chicken like this. Fowls are best cooked in this way. Mix the flour with a little cold water and add to the gravy just before serving. Sprinkle with chopped parsley.

The Poltu Magnificent. After one of the battles near Verdun a poilu who had distinguished himself for conspicuous gallantry was called over by an officer. "Of what religion are you?" he asked. The soldier saluted and respectfully replied: "I am of that religion that looks God in the eyes." He is the "poltu magnificent." —Capt. Gustav P. Capart in the New York Herald.

GRAND RAPIDS NEWS

Grand Rapids, Wis.—"I have used Dr. Pierce's medicines and found them very beneficial. I had stomach trouble for about eight years. Had to be very careful what I would eat or I would be down sick. I suffered something terrible about a year ago. I started to take 'Golden Medical Discovery' and two bottles put me in fine condition. I can eat anything and do not feel distressed. I had taken many medicines previous to this and had doctors prescribe for me, but nothing seemed to give me any relief until I started taking this medicine and it gave me great relief. I take pleasure in recommending it."—MRS. EMIL OESTREICH, 212 Fourteenth Avenue, North.

A WHITE TREE

Why Not Have a Glistening Evergreen This Year?

A suggestion for an original trimming for the all-important tree comes from a traveler in Russia. Instead of a tree with colored ornaments, this scheme remains all in white. To carry it out requires white trimmings, as follows:

- Asbestos snow, White glass icicles, Powdered mica snow, Silver tinsel and silver thread, Large white silver paper star about eight to ten inches in diameter, Silver glass ornaments, particularly balls and small novelties, Silver paper candy containers in form of animals, dolls, etc., White candles in plain, inconspicuous holders, The usual fir tree is the basis, but at once the trunk is carefully wrapped with the asbestos snow to make it appear white. This is also done part way

with the branches, to give the effect of a tree which has stood out in a good, old-fashioned snowstorm. Mica is then sprinkled over this cotton to enhance the effect. Place the large star at the topmost branch of the tree. Next find the best branches for setting the candle holders on. To place candles effectively is quite an art in itself, and only the most prominent tips should be used to "point" the tree, as it were. After the candle holders are in place, suspend from each an "icicle" of glass, such as can be bought by the dozen.

Now begin the looping of the tree with the largest chains of silver balls, being careful to loop evenly, catching up each section on the branches in such a way as to emphasize the tips and get a symmetrical effect. Next fasten the small silver ornaments where they look best, filling out the tree and adding to the balanced effect.

Last take the strands of the silver thread (such as comes in packages) and, beginning at the star, let this "rain" pour down from the star and fling a misty cloak of silver all over

the tree. To do this it must be divided and not used thickly in one strand. The largest star at the top should be almost buried in the thread, the effect being to get it to resemble a star which "twinkles" or which is seen through misty light.

When finished the tree should look like a silvery, snowy fir tree standing in its own environment, but lit up and made resplendent by some inner Christmas glory. It is indeed a novelty and a soothing, peaceful tree of beauty, by which some of the over-dressed and colorful trees suffer by comparison. Its whole success lies in the careful symmetry of the trimming and the use of small ornaments of similar size.

Brown Gravy. To the drippings add a tablespoonful flour; mix well and add two cupfuls of cold water or enough water to make two cupfuls of gravy, a tablespoonful caramel and seasoning to taste; serve with a goose or a duckling.

Queen Mother's Gift Bible. Upon one of his journeys during the Antarctic expedition Sir Ernest Shackleton was obliged to reduce his luggage to the smallest possible amount. He states that up to this point the Bible given by Queen Alexandra to the ship's library (provided by the British and Foreign Sailors' society) had been carried with the party. In leaving other things behind it was decided with reluctance that this also must be abandoned.

As the Bible contained on its fly leaf a message written by Queen Alexandra, the fly leaf was cut out, also the page containing the Twenty-third psalm, and the chapter in the Book of Job which speaks of the sea being frozen. These three pages were carried to the end of the journey and brought back to this country.

Collecting Military Stamps

Collectors in the United States are now gathering postmarks of letters sent from the American camps in France, which are stamped "U. S. Army Postal Service." They figure that if anything definite results from the peace talk, the expeditionary force's postmark will be valuable because of its comparative rarity, as they believe that most of the letters coming to the United States from the soldiers abroad are sent to close friends and relatives who, for sentimental reasons, will have the missives, envelopes and all.

Wouldn't you like to have these Metropolitan Stars as your Christmas Guests?

WOULDN'T it be a pleasure to be able to sit down amidst the comfortable surroundings of your own home and listen to Anna Case, Marie Rappold, Margaret Matzenauer, Arthur Middleton, Thomas Chalmers, and the other great singers of the world? That would be a privilege, wouldn't it? We said would be a privilege. But thanks to the genius of Thomas A. Edison it is a privilege which is now within your grasp. So far as the enjoyment of their voices is concerned you can actually have this distinguished group as Yuletide guests. You can sit in your own home and revel in the beauty of their magnificent voices.

THE NEW EDISON

"The Phonograph with a Soul"

reproduces the human voice with such fidelity and accuracy that no human ear can detect a shade of difference between the living artists and the New Edison's Re-Creation of their voices or instrumental performances. You will, very naturally, feel skeptical about so strong a claim. But before hundreds of audiences has been conducted the famous "tone tests" in which the instrument was pitted against the artist and invariably the verdict was the same; **no difference could be detected.** In a "tone test," the artist sings in his natural voice; then suddenly ceases, leaving the instrument to continue the song alone. Thirty different great artists have made these tests. **More than one million people have attended the tests and not one of them has been able to tell, except by watching**

the singer's lips, when the living voice left off and when the New Edison began. With the lights lowered not one could tell when the change took place. 500 unprejudiced newspaper critics who witnessed the recitals unite in this assertion. In this new instrument Mr. Edison has actually succeeded in **re-creating** the human voice. We have never heard of any sound-producing device whose manufacturer dared to risk so relentless a trial. Until the New Edison was perfected such an achievement was undreamed of. The actual photographs reproduced on this page depict five Metropolitan Opera Stars singing in direct comparison with the New Edison's Re-Creation of their voices. No listener could detect the slightest shade of difference between the living voices and their Re-Creation

A ROYAL GIFT It means a Richer Life

As a Christmas gift what can surpass this wonderful instrument? It is like a permanent pass to all the operas, all the concerts, all the music of the whole world. It does actually add something real and vital to life. Have you ever considered the New Edison as a family gift? Nowadays many families are eliminating the smaller individual presents to one another and are pooling their holiday funds for the acquisition of "the phonograph with a soul," the instrument of music's Re-Creation. We believe that you'd find our literature of interest. It's different from

the usual catalog style. Drop us a line and we'll send you copies of our musical magazine, "Along Broadway," of the brochure, "Music's Re-Creation," and of the booklet, "What the Critics Say." May we have the opportunity of demonstrating this royal gift for you? It is Mr. Edison's personal wish that every music lover shall hear his marvelous invention. You are cordially welcome anytime. What better time than today—right now? When in our store do not fail to look over our complete line of FURNITURE.

J. F. GRUENHECK--THE BIG WHITE STORE

Fond du Lac's Greatest Gift Store—"The Christmas Store Beautiful"

Everything in Readiness For the Holiday Shopping

"Shop Now and Benefit"

We are expecting the greatest Christmas business in our history. We have prepared for it and the early start confirms our expectations. Those who do not heed our advice—the stragglers who will come in at the last minute—will be a very much disappointed lot this year.

Owing to existing mercantile conditions, it will be impossible to replace such merchandise as is sold out before Christmas. Heretofore their stocks could be replaced easily within a day or two but this year the articles that could be replaced would be at much higher price and perhaps months in getting here.

Practically all of our Christmas stocks were contracted for twelve months ago—at the then prevailing prices. Since then prices have advanced 25 to 50%.

While our present stock lasts you will find out that this store is prepared to sell you just as big a gift for a dollar as it ever brought before.

For the convenience of the Christmas shopper we give here our Holiday Store Directory.
