TELLS OF ATTACK BY GERMANS

In a letter written to his wife, Lieut. J. G. Hoffmann, a former Hartford physician, goes on to tell about a recent German drive against the American positions, and stating that although they tried to break through and even though the American boys were greatly outnumbered, they managed to maintain their lines until reinforcements arrived and that right then and there the Hun received a lesson that they will never forget is that the American troops never give ground if there is anyone left to hold the line. Lieut. Hoffmann says that he located in a part of France where they have mostly French soldiers to administer to, although they occasionally receive injured Americans. "Due to the terrific fighting I am kept very busy," he says, adding that the American soldiers are wonderful fighters and that they have already won the utmost confidence of the French in their ability to move than match the enemy at any stage of the game. Among other reassuring things that the doctor said was one sentence that should add courage to Hartford fathers and mothers with boys in France, and that is, "that the situation looked very assuring, if we may use his own words. It is a noticeable thing that most of the soldier boys feel about the same way over the war, and that is that the Germans are making their last final effort which, if they fail—and they surely will—that the morale of the German army will be broken and that revolution in their own ranks will break out.—Hartford Times. Dr. Hoffmann is a son of Dr. P. G. Hoffmann of Campbellsport.

ANOTHER LETTER FROM FRANCE

Mr. and Mrs. Adolph Baekhaus received the following letter from the latter's brother, William Krahn from somewhere in France: Dear Brother-in-law and Sister— Having not heard from you for a long time keeps me wondering whether you have received any of my letters. We are surely having some grand weather, and the farmers seem to be enjoying it very much. There are a few of us watching the farmers work. There are very few horses here and the farm work is mostly done with oxen. Most of the hay is cut by hand or rather what you would call a scythe, though the haying is nearly done and the grain is nearly ripe. This country reminds me a good deal of Wisconsin, but give me Wisconsin for mine. They still have the real old fashioned ways of doing things. Well Adolph I have already been in the trenches and under pretty heavy shell fire. It's like a Fourth of July only a little more noise. Believe me our boys know how to handle a gun, and sure pepping the Kaiser's soldiers full of holes. I guess Bill will soon know what he ran up against. We are still in the concert business and have recently played a few concerts with a French band. This is the first time that an American and French band ever played together. The French have some real musicians. I am sending you a program of our Franco-American band. The boys have plenty of beer and wine to drink and sure do enjoy it. I haven't seen any of the local boys lately. I last saw them a few weeks ago, and they were still well and enjoying the best of health. Well Adolph I will have to conclude my letter for this time and wish you would write, for we sure do enjoy receiving mail. With regards, and say hello to all the boys for me. Hoping this will find you all well and in the best of health. Sincerely Yours, Wm. H. Krahn.

MARRIAGE OF MISS ROSE BRANDSTETTER

A military wedding took place at the St. Lawrence church at Milwaukee Wednesday, when Miss Rose Brandstetter, daughter of Mrs. Casper Brandstetter of this village, was united in marriage to Lt. E. J. Kraus, R. M. A. The young couple was attended by Miss Madlon Boehler as maid of honor and Lieut. Clyde Merrill as best man. The bride was dressed in an oxford gray suit and hat with Killarney rose buds. Immediately after the wedding ceremony the newly weds left on a wedding trip to Chicago, from where Lieut. Kraus will leave for Dallas, Texas, where he will remain for a few days. From there the Lieutenant will go to Langby Field, Hampton, Va., where he will continue his work of Aerial Gunnery and acrobatic flying. The news of the marriage of Miss Brandstetter came as a great surprise to her countless friends in this village and vicinity, who join in wishing her the best of happiness in her married life.

TO WHOM IT MAY CONCERN

The following resolution was presented by John G. Muckerheide and unanimously adopted by the members of the Kewaskum Co-operative Live Stock Shipping Association at their quarterly meeting held in Wm. Ziegler's hall, Saturday, July 13, 1918. Whereas, this our country is engaged in one of the most gigantic wars against the Imperial Government of Germany and Austria and, Whereas, subsequently events have proven beyond a doubt that we must win this war, to make the world safe for Democracy. Therefore, be it resolved, by the Kewaskum Co-operative Live Stock Shipping Association, American Society of Equity, assembled at Kewaskum, this 13th day of July, 1918, that we pledge to our President, flag, nation and country, our best efforts as members of Our Farmer Organization to do all in our power to help win this war. Be it further resolved that a copy of this resolution be sent to the Statesman office for publication. John Oeder, J. H. Reysen, John G. Muckerheide, Committee on Resolutions.

CANDIDATE FOR SHERIFF

Authorized and paid for by John S. Peters of West Bend, Wis. I hereby respectfully announce that at the coming primary election I will be a candidate for the nomination of sheriff on the Republican ticket. Any support given me will be fully appreciated, and I promise, if nominated and subsequently elected, to give the office the best of attention. 7-27-6 JOHN S. PETERS.

MRS. EGID MUELLER PASSES AWAY

Again the grim-reaper has entered our midst and taken from the community one of its most highly respected and beloved citizens, namely: Mrs. Egid Mueller, who passed away at the home of her daughter, Mrs. Edw. F. Miller, Thursday afternoon at 5:45 o'clock, after a lingering illness of six months duration. Miss Anna Mary Thelen was born in the town of Ashford on Sept. 8, 1852, where she spent her childhood days. On Feb. 3, 1875, she was joined in wedlock to Mr. Egid Mueller, and they settled on a farm in the town of Ashford, where they remained until about three years ago, then moving to this village, where they have since resided. Mrs. Mueller was a splendid woman and was beloved by all who had the honor of her acquaintance. She was a dutiful wife and an ideal mother. Her true Christian spirit can best be emphasized by the large family she brought into the world and worshiped in her motherly way. During her entire illness she never complained, although at times her suffering was almost unbearable, and, as in life, her last moments were peaceful and her thoughts were of her Creator and family. Besides her aged husband, she leaves to mourn her demise, ten children, namely: Anna (Mrs. Chas. Raether) town of Auburn; Margaret (Mrs. Edw. F. Miller) Kewaskum; Frances (Sister M. Cyrilla), St. Frances Convent; Isabella (Mrs. John Rennie), Wausau; Regina (Mrs. John Schaeffer) town of Auburn; Elizabeth (Mrs. Jos. Schoofs), town of Kewaskum; Egid, Jr., on the homestead in the town of Ashford; Mary (Mrs. Mat. Volm), town of Kewaskum; Joseph, town of Ashford; Appolonia (Mrs. John Volm), town of Ashford. One child died in infancy. The funeral will be held from the Holy Trinity Catholic church in this village at 10 o'clock next Monday morning. Rev. Ph. J. Vogt will perform the last sad rites and interment will be in the congregation's cemetery. Kindly omit flowers, as this was one of the last wishes of the departed one. Farewell dear mother, sweet thy rest, Weary with years and worn with pain, Farewell, till in some happy place We shall behold thy face again. 'Tis our to miss thee, all our years, And tender memories of thee keep Thine in the Lord to rest, for so, He giveth his beloved sleep.

HOME GUARDS ORGANIZED

A Home Guard was organized in this village at a meeting held in the village hall on Tuesday evening. Much interest was shown by the citizens of the village and community in perfecting an organization of this kind, and as a result the meeting was largely attended. It is expected that at least one hundred members will join same within a short period of time. In order to have same recognized by the state the home guards must have a membership of 63 men. Up to the present time nearly that many men have already joined same. The meeting was called to order by John P. Feltenz. Dr. E. L. Morgenroth was appointed chairman of the meeting and Byron Rosenheimer was elected secretary. It was agreed by the different members of the organization that John P. Feltenz, who is the chief instigator in having a home guard organized, and who served in the United States Army during the Spanish-American war, shall serve as captain of the guards. It was also agreed that a Commissioned army officer be engaged for the first several weeks to help perfect the organization, and teach those who have not had any military training the different foot movements, etc. Every Tuesday evening at 7:30 o'clock is the time set for drill nights. The law requires that a home guard must drill 40 hours during the year, during which time every member must drill at least 24 hours. All those who did not attend the meeting, but wish to become a member of the organization, can join same at any of the drill nights. Remember you are welcome to join, whether you are a citizen of the village or not.

TO SPEND \$75,000 AT HORICON

The Chicago, Milwaukee & St. Paul railroad is preparing to make extensive improvements at this station. These improvements will mean an outlay of possibly \$75,000 and will take from now until freezing up time and will possibly not be completed until next year. Among the improvements is the erection of a new coal shed, whose precise location has not been determined. The coal shed will be one which will operate by electricity, and the loading of the engines and unloading of cars will be according to the latest mechanical improvements. It is planned to build a "Y" extending from the Portage to the Oshkosh tracks. Quite a number of men will be employed in this undertaking, and the railroad is endeavoring to purchase small parcels of property which are necessary to put through these improvements.—Horicon Reporter.

HONOR THE FLAG

Ald. Prien introduced a resolution at Madison that Gov. Philipp be petitioned to issue a proclamation calling upon the citizens of the state to salute the flag for a period of one minute at 6 p. m. daily. The resolution was adopted by unanimous vote. Mr. Prien's proposal provides that the national flag on each public building should be slowly lowered that during the period one minute all street cars and other vehicles and all persons on the streets remain standing and that all males remove their hats; that during the period whistles blow and bells ring and that moving picture theatres display the flag on the screen.

BIDS WANTED

Sealed bids will be received for filling about 350 feet of the roadbed on the St. Michaels road, between the towns of Farmington and Kewaskum, from the southwest corner of Frank Stelplug's farm, north. The Board reserves the right to reject any or all bids. Bids to be in the Town Clerk's office not later than 12 m. on Thursday, August 1st, 1918. For further information apply to the town board, Gerhard Feltenz, Chairman.

AMUSEMENTS

Sunday, August 11.—Grand dance in the South Side Park hall, Kewaskum. Music by the famous Biel Girls orchestra of Beaver Dam. Refreshments of all kinds will be served. Everybody is cordially invited to attend. Sour stomach, clogged up bowels, pimples, blackheads, foul breath are evils of constipation. Hot days and nights upset the stomach—you become constipated, peevish, cross. Don't suffer, Hollister's Rocky Mountain Tea will purify your stomach, clean your bowels, restore your appetite.—Edw. C. Miller.

Miss Edith Braun and brother Clemment, Miss Anna Mazaka and brother Paul and Miss B. Borhn of Chicago spent Sunday afternoon with Misses Cecelia and Delia Calvey.

CORRESPONDENCE ROUND LAKE

The following letter was received from Private Clyde Henning, 43rd Co., 161st Depot Brigade, Camp Grant Ill., by Miss Cecelia Calvey from her cousin: Dear Cousin: Received your most welcome letter, some time ago and sure was glad to hear from you as there was lots of news from around home. Well this is Sunday morning, and I just received a new job in the dining room. I am what they call orderly. I see to it that the dishes are washed, everything cleaned and kept in order. It is a very nice job. There is surely lots of company around here. Today, in the next barracks from us, is about three hundred soldiers from this state, so they all come to see us. You should view the air ships flying around those camps all week. They had eighty-six divisions out for inspection this afternoon, one division consists of 29,600 men, which isn't a few when all together. It surely was a fine sight. All of the boys that came with me when we left for camp have all been transferred to different camps with the exception of fourteen of us and we don't know just yet where we will be sent. I would rather be sent to the state of Washington for guard on the coast. I guess Ray goes across soon. I hope nothing happens to him while on the ocean. There is lots of new men coming in this week. Val and Edwin have been on guard for 24 hours. They just came in for dinner. It is about 2 p. m. They have to train ten hours. Then they get four hours off. Herman is cooking now and has a good job. We get good chuck. We feed much different than in civilian life. We take our mess kits and stand in a row and all get served alike. The meat they use here is great. They have one butcher cutting meat all the time. You were speaking in your last letter of Ray being so thin, well I have not lost one pound since I have been here, so it must agree with me.

FALL POLITICS UNDER WAY

At a Meeting of the Democratic party held at Timmer's Resort at Big Cedar Lake, last Sunday, the following ticket was placed in the field for county officers: Sheriff—Jack Courtney of Hartford Clerk—John N. Peters of West Bend. Register of Deeds—Chas. E. Heipp of West Bend. Clerk of Court—Frank Hepp of Kewaskum. District Attorney—Frank W. Bucklin of West Bend. Coroner—Wm. Kippenhan of Wayne Assemblyman—John A. Schwalbach of Germantown. No nomination was made for the coroner's office, Henry Lieven, mayor of Hartford was placed in nomination for the office of State Senator of the thirteenth district, comprising Washington and Dodge counties. John Clifford of Juneau, received endorsement by the conference as a candidate for congress in the second district. The following Republican ticket has been placed in the field. Sheriff—W. S. Olwin of Kewaskum, John S. Peters of West Bend and Chas. Lamprecht of Rockfield. For treasurer—Henry Kuhaupt County Clerk—R. G. Kraemer. Register of Deeds—Wm. T. Leins Clerk of Court—John Klessig. Coroner—Ernst W. Wittig of Fillmore. Surveyor—Charles McCormack of Trenton. Assemblyman—Jacob J. Aulenbacher and Alfred G. Becker of Adison. There is a possibility that the Republicans will have a candidate for district attorney in the field this year, which will mean a full county ticket for the Republican party.

LOOKEE! KIDDIES! CIRCUS IS COMING

Ringling Bros. Mammoth Show and Great Spectacle Will Soon Be Close At Hand. "Ringling Day", the big holiday for which young and old impatiently wait at this season of the year, promises to eclipse all other events on the calendar at Milwaukee, Monday, July 29. Exhibitions will be given both afternoon and night. It would seem as though everybody in this locality were planning to attend. Those who do will see many wonders. There will be the great street parade—more than three miles long this year—no end of strange and remarkable wild animals in the gigantic Five Continent Menagerie, and whole hours of sensations in the mammoth main tent. This season Ringling Brothers are opening their program with a wonderful spectacle entitled "In Days of Old." More than 1,200 actors take part in the great production, which tells the story of the days "when knighthood was in flowers." There is a ballet of 309 dancing girls and no end of other striking features. Following the spectacle will come a thousand arena sensations. There will be seventy riders, headed by May Wirth, who somersaults from the back of one galloping horse to another; Lily Leipel, the world's greatest aerial gymnast; Australian woodchoppers felling giant trees; Hillary Long, who leaps the gap on his head, and a world of other startling features. Eighty clowns will furnish fun and more trained animals and trick horses and elephants will appear than ever before.

CANDIDATE FOR SHERIFF

William S. Olwin has announced his candidacy for the office of Sheriff of Washington county on the Republican ticket at the coming primary election. If elected to this office I will give this office my best of attention, to faithfully and rightfully perform my duty to the best of my ability. WILLIAM S. OLWIN, Kewaskum, Wis.

CANDIDATE FOR SHERIFF

There were about 11,000 boys came in last week. That is a bunch. We have a good time. Lots of company, but they are rather strict. All of our company is on guard. Some of the boys were sent to Georgia. They are being transferred all the time. You should see the desk I am writing on. Am sitting on my cot with a board on my lap. So I guess I will close, and write soon as your letters are good with lots of news in. Give all the rest my best regards. Your cousin, Clyde.

### Don't Neglect a Bad Back!

It's Mighty Poor Policy to Worry Along Thus Handicapped When Health and Strength is So Needed

THE man or woman handicapped with a bad back in these times when physical fitness is so necessary, is indeed crippled. It's mighty poor policy to worry along with an aching back day after day; work is neglected and the simplest duties are a burden. Plowing, planting, harvesting, churning, the daily household all throw a heavy strain on the kidneys and kidney ills, with attendant backache, are a common result. Don't wait! Neglect may mean gravel, dropsy or Bright's disease. Get a box of Doan's Kidney Pills today. They have helped thousands. They should help you.

#### Personal Reports of Real Cases

A WISCONSIN CASE. Mrs. Aug. Miller, Deer Park, New Richmond, Wis., says: "My kidneys were in bad shape. They acted irregularly and the pain and annoyance from bladder trouble was awful. I hadn't been able to get any relief from any of the medicines I had used and didn't know what to do. I read in Doan's Directory how Doan's Kidney Pills had cured different people and decided to try them. Doan's relieved me right away. My kidneys began acting better and the terrible pains ceased up. After using four boxes I was entirely cured and I give Doan's Kidney Pills credit for saving my life."

## SAFE, GENTLE REMEDY

### CLEANSES YOUR KIDNEYS

For centuries GOLD MEDAL Haarlem Oil has been a standard household remedy for kidney, liver, bladder and stomach trouble, and all diseases connected with the urinary organs. The kidneys and bladder are the most important organs of the body. They are the filters, the purifiers of your blood. If the poisons which enter your system through the blood and stomach are not entirely thrown out by the kidneys and bladder, you are doomed. Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, headache, pain in loins and lower abdomen, gall stones, gravel, difficulty when urinating, cloudy and bloody urine, rheumatism, sciatica and lumbago, all warn you to look after your kidneys and bladder. All these indicate some weakness of the kidneys or other organs or that the enemy microbes which are always present in your system have attacked your weak spots. GOLD MEDAL Haarlem Oil Capsules are what you need.

## News of the Badger State

Wausau—Henry Carl Theodore Fromm, living near here, was arrested charged with willfully and unlawfully advocating, teaching and advising that citizens of this state should not aid and assist the United States in procuring and carrying on the war with public enemies of the United States. The accused is a son of Fred Fromm, socialist candidate for state senator. One brother, Walter, disappeared when called for military service early in May and another, John William, failed to respond for enlistment.

Madison—Unless the farm labor situation clears itself immediately Gov. E. L. Philipp will probably issue a proclamation calling on all business and professional men and manufacturers, except those engaged on war work, to close their places of business, at least one day a week so their employees can go out and help the farmers with the greatest harvest in the history of the state.

Appleton—Notices have been posted in various paper mills of the Fox River valley announcing important increases of wages to become effective Aug. 1. In some cases the increase will be a horizontal one of 4% cents an hour, averaging perhaps about 40 cents per day, in wages of both men and women. The notice of the increase came as a total surprise to the employees.

Madison—Robert LaFollette, Jr., son of Senator LaFollette, who has been ill for many months, has been taken from the senator's home at Washington, D. C., to Hot Springs, Va., on the orders of his physician. Senator and Mrs. LaFollette and their daughter, Fola, accompanied him to Hot Springs and prepared to remain there with him indefinitely.

Waupaca—Charles Larson, of this city, for the second consecutive year, won the Interstate Trapshooting Association State Amateur championship at the Wisconsin State Trapshooters' tournament at Wausau. He will be the state's representative in the Great American Handicap tournament. The 1918 tournament will be held at Milwaukee.

Madison—The war book of the University of Wisconsin is now off the press and ready for distribution throughout the state. It is a reprint in a 260 page volume of the twenty Wisconsin war pamphlets which were prepared by professors in the university, 40,000 of which have been circulated in the past six months.

Rhineland—A napkin ring made from a piece of German shell fired at Verdun is the highly prized possession of Miss Louise Handson of this city who received it from a sailor of France. The article is beautiful in design and bears a crest with the inscription "Verdun".

Birchwood—Oliver, the only wet town in the vicinity of Duluth and Superior, has added five special police men to its force of one, since the village became an oasis in the thirst desert. The only saloon in the town employs eight bartenders to handle its increased trade.

Wausau—L. S. Dell of Madison won the premier event of the state trapshooters' program, the Interstate Trapshooting association's Wisconsin handicap, by scoring 96 points out of a possible 100. St. John of Green Bay was second, with 94, and there were six ties for third place.

Sturgeon Bay—Cherries are being sold by the fruit growers of Door county for the highest price in the history of the crop. Cases are sent out at prices from \$2.75 to \$3 for each 16-quart case. This is due to the very light yield from this year's crop.

Madison—Dane county Democrats, in conference endorsed E. J. Reynolds, Madison attorney, for the Democratic nomination for congress in the Third district. M. J. Briggs, Dodgeville, and C. L. Lathrop, Crawford county, are also candidates.

Madison—Two University of Wisconsin co-eds, Margaret Lewis and Alice King, swam Lake Waubesa, a distance of about three miles. Miss Lewis made the trip in fifty-five minutes, Miss King in about sixty-five minutes.

Madison—Prof. H. J. Thorkelson, business manager of the University of Wisconsin will leave for Washington as soon as his affairs can be adjusted, to accept an important post in the quartermasters' corps of the army.

Cedarburg—Fire destroyed the Groth lime kilns and several surrounding buildings. The loss is placed at \$30,000.

Menomonie—The Dunn county council of defense at Stout institute conducted memorial services for seven boys of the county who have given their lives in service since the beginning of the war. Most of these were killed in action in May.

Shawano—Mike Weber, a farmer residing near Gresham, Shawano county, father of nine children, was killed instantly when his automobile overturned. His neck was broken. Weber's son, a one-armed boy, who was with him, escaped with only slight bruises.

Madison—The Wisconsin department of Spanish War Veterans in session here elected these officers: J. F. Sugden, Racine, department commander; S. B. Borehan, Fond du Lac, senior vice department commander; Guy N. Dulin, National Soldiers' home, Milwaukee, junior vice commander. Delegates to the national encampment, Baltimore, Sept. 3-5, are: Martin A. Kenney, Oshkosh; Charles H. Graham, Ripon; George H. Herzog, Racine; E. N. Secor, Milwaukee. The Women's auxiliary elected Mrs. Dairy Sugden, Racine, department commander.

Racine—The annual convention of the Wisconsin Federation of Labor adopted a resolution instructing the executive board of that organization to appear before the state legislature next fall to speak against the proposed prohibition constitutional amendment. Resolutions were adopted indorsing the war policies of the government and of the American Federation of Labor. The federation went on record opposing the Sabath bill for granting citizenship to enemy aliens who came to this country as children.

Madison—Gov. Philipp has received a call for 160 negroes, class 1, from the state of Wisconsin to go to Camp Custer during the five-day period beginning Aug. 1. This is the first call that has been received for negro registrants in this state. Another call was received for 154 white men to be sent to Beloit college Aug. 15. These men must have grammar school education and aptitude for mechanical lines. They will take training in gas, engineering work, radio and wireless telegraph.

Madison—Many complaints have been received by the enforcement division of the Wisconsin food administration that retail merchants have been selling sugar in two pound lots at prices from 18 to 20 cents. The food administration has ruled that all sales of sugar in two pound lots shall not be sold for more than 19 cents, and any merchant charging more than that amount will be considered guilty of violating the sugar regulations and will be penalized.

Madison—Federal Judge Geiger sentenced E. L. Shimpke to three months in the house of correction, for assisting three soldiers to obtain beer. The party drove out to a roadhouse, and testimony showed that on the way the defendant helped provide overalls for the men so that they would not be recognized in their army uniforms. The army boots, however, told the tale after the beer had been consumed, and federal officers shortly afterwards arrested Shimpke.

Appleton—George Doede, indicted fifteen months ago by the grand jury at Milwaukee on the charge of representing himself to be a United States secret service man, was arrested at Oshkosh by Chief George T. Prim of the Appleton police department and a secret service man. Doede is charged with obtaining money from young men who are anxious to join the secret service by giving them an examination and outfit, charging them \$40 and up for the outfit.

Madison—Gov. Philipp telegraphed the provost marshal general asking that farm boys called into army service be given a furlough until Aug. 19, so that farm work can be completed. "Recent calls have cut the supply of help to the bone," says Gov. Philipp. "This state has extra crops this year. They must be harvested. I shall issue a proclamation calling upon people in village and cities to aid the farmers, even if it be at the sacrifice of their own work and business."

Madison—That the decrease in state bank resources of \$3,070,734.85 during the past quarter is not unusual is the statement of A. E. Emerson, deputy bank commissioner. The bank statement issued for 785 state banks shows that the total bank resources on June 29, were \$345,352,394.34, as compared with total resources on May 10, of \$348,423.19.

Eau Claire—Emil Schiller of Grand Rapids, was found guilty in the federal court on the charge of violating the espionage act by stating he wished the war would end and the Germans win and that America would never have good times until the Germans won. Schiller was born in Prussia and came to America 37 years ago.

Menasha—Michael Ronoski, 105 years old, Menasha's oldest resident, is dead. He is survived by two daughters, thirteen grandchildren and twenty-four great grandchildren.

Waupaca—The midsummer meeting of the Central Wisconsin Press association will be held here July 26, and will be entertained by the local businessmen's association.

Eau Claire—Father C. E. Dowd has left for Camp Lee, Va., where he has been assigned as army chaplain, having received a lieutenant's commission.

Camp Douglas—Gov. E. L. Philipp was a visitor at Camp Douglas and reviewed the Eighth Regiment of the Wisconsin National Guard at dress parade. After the review the governor complimented the men and the officers on the fine showing which the regiment presented.

Hayward—Rev. John Phillip Gordon, of Reserve, Sawyer county, the second Indian ever ordained a Roman Catholic priest, has announced his intention to run for congress as a Republican in the Eleventh district of Wisconsin.

## ADVANCEMENT IN WESTERN CANADA FARM LAND PRICES

Stories of phenomenal advancement and prosperity in Western Canada have been told the reading public for some years past. The stories were told when there were hundreds of thousands of acres of splendid land adjacent to railways and projected lines, which could be had on the payment of a mere \$10 entry fee, and under cultivation and living conditions. As was prophesied then, the day has come when these are few. There are still available thousands of these; they are some distance now from the railways. The land is as good as ever, but pioneering conditions will have changed. A great many are still taking advantage of this free offer from the government. The story was told when good lands near lines of railway could be bought for from \$5 to \$10 per acre and the prophecy made that these prices would double in a few years, for the intrinsic value was far more than that. That day has come more quickly than expected. The immense crops of grain that could be raised has brought about the change, and the demand for low priced lands with maximum returns has prompted the keen purchaser as well as the owner of higher priced land from which no greater return could be looked for. Prices of land in Western Canada are still advancing, and will continue to advance until, of course, the limit is reached—when returns will warrant no further increase. That day is not far distant. But, in the meantime, there are large tracts of land owned by land companies and private individuals that have not felt the advance that has been shown in other districts. The opportunity to purchase these should not be lost sight of, and if there are those amongst the readers of this article, which is authorized by the Canadian government, who wish cheap land, such lands as produce from 25 to 40 bushels per acre, and will pay for themselves out of one year's crop, advantage should be taken of the present opportunity.

Coming to Alberta with his family thirteen years ago, his assets consisting of a small outfit and \$20 in cash, Mr. O. F. Malmberg has accumulated by farming and live stock raising assets to the value of more than \$900,000, and has a personal credit worth on demand, \$100,000. He has not speculated in land, but bought only to farm. Near Blackie, Alberta, he operates 3,100 acres of wheat land. He has just purchased an additional 11,500 acres near Cardston, in Southern Alberta. His personal credit enabled him to finance this deal in Calgary in a little over three hours. The ranch just purchased is a fully equipped stock and grain ranch. At the present time it carries a thousand head of cattle and several hundred horses, and is fully equipped with buildings, machinery, corrals, sheep sheds, dipping vats, etc. That is a story from one district. Let us select one from a district some hundred or more miles from that.

"Peter A. Klanssen, who recently moved to Herbert, Sask., from Kansas, has purchased a section of prairie land in the Hillsboro district, about 24 miles northwest of Herbert, for which he paid \$12,000 cash. He is erecting temporary buildings to live in while putting the place in cultivation, and this summer plans to erect good buildings on the farm and equip it for a home. Mr. Klanssen recently sold his 80-acre farm in Kansas for \$15,000 and is investing the proceeds in Canada."

With the proceeds of the sale of his land in Kansas, this farmer purchased in Saskatchewan a piece eight times as large as he had previously been farming, and had a balance with which to purchase equipment, stock, etc., of \$3,000. Moreover as land in Saskatchewan

may be expected to yield twice as much grain per acre, he will be able to produce sixteen times as much as formerly.

The average value of farm land for the whole of Canada, including land improved and unimproved, together with dwelling houses, barns, stables and other farm buildings, is approximately \$44 per acre as compared with \$41 in 1916, according to the latest report of the Census and Statistics branch at Ottawa. The average value of land in the Prairie Provinces is as follows:

Manitoba	.....\$31.00
Saskatchewan	..... 26.00
Alberta	..... 26.70

It is the low prices at which land can be obtained in Western Canada which is rendering this country such an important factor in the production of foodstuffs at the present time. It is enabling men who have been farming small areas in older districts to take up and farm with the same capital areas not only many times as great, but which are also capable of producing considerably larger crops to the acre.—Advertisement.

Philadelphia factories are turning out 2,000,000 paper boxes daily.

Milwaukee has 5-cent street car fares.

## KIDNEY TROUBLE OFTEN CAUSES SERIOUS BACKACHE

When your back aches, and your bladder and kidneys seem to be disordered, go to your nearest drug store and get a bottle of Dr. Kilmer's Swamp-Root. It is a physician's prescription for ailments of the kidneys and bladder. It has stood the test of years and has a reputation for quickly and effectively giving results in thousands of cases. This preparation so very effective, has been placed on sale everywhere. Get a bottle, medium or large size, at your nearest druggist. However, if you wish first to test this preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Deceptivity. "You can't judge a man's usefulness by the size of his purse." "No. And you can't judge a woman's industry by the size of her knitting bag."

## FRECKLES

Now is the Time to Get Rid of These Ugly Spots. There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is so simple that more than one ounce is needed to completely clear the skin and gain a beautiful clear complexion. Be sure to get the double strength Othine, as this is sold under guarantee of money back if it fails to remove freckles.—Adv.

What do we live for, if it is not to make life less difficult to each other?—George Eliot.

Mansfield, Ohio, has opened a new hospital, costing \$150,000.

## Save the Babies

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent, or nearly one-quarter, die before they reach one year; thirty-seven per cent, or more than one-third, before they are five, and one-half before they are fifteen. We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stamper, retard circulation and lead to congestion, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher as it contains no opiates or narcotics of any kind. Genuine Castoria always bears the signature of Chas. H. Fletcher.

## Hot Weather Hits Us Hardest in Stomach

Keep a close watch on your stomach this summer. We need all our fighting strength. War work—change of diet—will make us all easier prey to stomach and bowel trouble than ever before. It is so easy to become overheated on a blazing hot day, especially after eating a hearty meal. And then the excessive heat makes us flood our stomachs with all kinds of cold drinks. That's bad at any time; much worse—even dangerous—when there is the slightest feeling of stomach trouble. Keep the stomach sweet and cool and free from too much acid—that's about all that is necessary. It's not so much the diet as to keep the poison from starting trouble. You can easily do this if you will just take a tablet or two of EATONIC after your meals.

EATONIC is the wonderful new compound that absorbs the harmful gases and juices and almost instantly drives away stomach misery. Instead of sudden and painful attacks of indigestion, after you begin using EATONIC you'll forget you have a stomach. And there will be no more heartburn, food repeating, sour stomach, gas pains, or that lumpy, bloated feeling you have so often experienced after eating. Then your appetite—you know how hard it is to satisfy in hot weather—eat one or two EATONIC Tablets a half hour before meals—and you will enjoy the results and feel better in every way. These are a few reasons why you should start using EATONIC today and fortify your stomach against the danger of stomach trouble this summer. It costs only 50c for a big package. Your druggist whom you know and can trust, will promptly refund your money if you are not more than satisfied.

## Tired Nervous Mothers

### Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my household work, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. J. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.

FOCH FORCES WIN MORE TOWNS; YANKS PUSHING ONWARD

Americans Capture Two Villages and Make Advances.

ALLIES TAKE 1,800 HUNS

Marne Fighting Grows Fiercer as the Germans Make Stand in Effort to Break Grip of Vise Closing on Salient.

Paris, July 24.—French, American and British troops made considerable advances during the day on the Aisne-Marne front, according to the war office statement. In addition to capturing several villages they took 1,800 or more German prisoners.

The French and Americans, by making important new progress against the apex and western side of the great Marne-Aisne triangle, made impossible further retention by the crown prince's army of the areas below the Vesle river.

South of Soissons the Americans captured the town of Buzancy, and farther south, in the center of the German flank, the French took Oulchy-le-Chateau.

On the north bank of the Marne the Americans occupied Jaulgonne, in the bend of the stream, with 300 prisoners.

French in New Drive. Oulchy-le-Chateau was one of the German pivot positions on the Aisne-Marne front. It lies about eleven miles south of Soissons on the strategically important Soissons-Chateau-Thierry road.

At the same time the French struck the enemy in a new sector on the Pleardy front, northwest of Montdidier. At this flanking it is not known whether Americans co-operated in the action.

The Polts stormed forward on a front of four miles and penetrated the German positions to a maximum depth of two miles, taking three villages—Aubillers, Sauvillers and Mally-Rainval.

The French attack at last advice had progressed to the western edge of the wood north of Sauvillers-Mongival, about 2,000 yards east of Mailly-Rainval, giving the French control of the heights dominating the valley of the Avre. Twelve hundred Germans were made prisoner.

Allied artillery is reported shelling both sides of the German salient between the Aisne and Marne, over a width of from six to seven miles, leaving only a seven-mile strip through which the German crown prince's troops can effect their retirement northward.

The French attack was presumably designed as a diversion aimed at keeping the enemy's mind occupied and preventing him from sending large reinforcements to the southward.

Improve Their Line. At the same time it also effected an important local improvement in the line at a sector where every advance means better protection for Amiens and Paris. The French attacked on a four-mile front after an hour's bombardment, and captured all three of the villages within fifteen minutes.

About a thousand more prisoners have been counted by the entente allies in the past 24 hours. Of this number about half have been credited to the Americans and British, but as a matter of fact the allies just now are far too busy to devote much time to the counting of prisoners.

Battle Line Wavers. Fighting of the descent character continues, and the present to and fro straggling all along the Soissons-Relms loop is very close, strenuous work, and probably not so many prisoners are being taken as would be the case in a direct advance or a retreat action.

There has been little change in the last 24 hours in the appearance of the Soissons-Relms pocket as it appears on the map. What changes have been made there are all to the advantage of the allies. The French and Americans have gained further ground in the bottom of the pocket. The French also are pressing hard on the long line south of Soissons, and the map shows advances of a thousand yards or so at several points.

Foe Fighting Hard. The expectations of those who thought that the Germans were preparing to give up immediately the entire Soissons-Chateau-Thierry-Relms salient and retire to the Vesle river or the Aisne have not yet been fulfilled.

According to dispatches the German is fighting his hardest to hang on to every foot of ground he has, and is constantly counter-attacking with surprising momentum, both on the Marne and along the west side of the salient.

It is true of course that this is exactly what the German would be likely to do if he were actually in the process of retreat, but the allies so far have had no definite indication that the German has made up his mind that a general retirement will be necessary.

The Germans are burning villages and some small dumps, but presumably a further prodding will be needed to push them back to the River Vesle. Meanwhile the entente allies, not only the infantry but also the artillery and bomb dropping aviators, are work-

TO LOWER DRAFT AGE U. S. ARMY OF 5,000,000 IS BAKER PLEA.

Secretary of War Announces Sketch of Plan He Will Lay Before Congress.

Washington, July 24.—Secretary Baker announced that on the reconvening of congress he would present with his request for new appropriations, plans for modification of the draft ages and a "somewhat larger military mobilization."

The plan concerns the mobilization of a huge American army probably upward of 5,000,000 men. No announcement was made as to whether the draft ages are to be lowered or raised, but it is known that the prevailing judgment of the secretary's advisers is to lower them.

The program of the Franco-American offensive continues "entirely satisfactory," Secretary Baker said. The war department, he added, has nothing from Generals Pershing or Bliss later than the press dispatches.

"We are taking more and more territory every day and the progress made is entirely satisfactory," said he. American soldiers will be sent to the Italian front direct from training camps in the United States, members of congress on a mission in Europe announced on arrival in Rome, according to cables to the Italian embassy.

ing without rest at the business of making either a stand or a withdrawal difficult for the Germans.

Win Lost Ground. Early advice brought word that attacks carried out by the French restored all the ground lost on Monday in the region of Grisolles, seven miles northwest of Chateau Thierry. The French also are firmly holding Oulchy-le-Chateau.

General Foch's troops, the same advice assert, stormed the heights north of Courcelles. They are also holding the bend in the neighborhood of Chascons, as far as Treloup, towns just to the north of the Marne, and east of Jaulgonne. Treloup, at the last advice, was still in the hands of the enemy.

The French also crossed the Marne at Pont-a-Binson, further east, and just to the east of Reuil. The enemy counter-attacked heavily from the direction of Vandieres, but these onslaughts were beaten off.

In their fighting along the Marne, however, the French are reported to be experiencing difficulty in making a passage of the river at some points, being stubbornly opposed by the German infantry, supported by artillery and machine guns.

Washington, July 24.—One hundred and five casualties in the American expeditionary forces are announced by the war department, divided as follows: Twenty-four killed in action, twenty-three died from wounds, five from disease, five from accident and other causes, sixty-seven wounded severely and one missing in action.

Twenty-three casualties in the marines attached to the American expeditionary forces are announced as follows: Four killed in action, three died from wounds received in action, fifteen wounded severely in action and one missing in action.

TURKEY PROMISES TO ACT

Says It Will Do Its Full Duty Concerning Alleged Looting of Tabriz Consulate.

Washington, July 24.—The Turkish government will do its full duty when the facts in connection with the seizure of the American consulate at Tabriz and the looting of the American missionary hospital there by Turkish forces are established. The state department was so advised by the Swedish government, through which it demanded an explanation from Turkey. The Ottoman government said it still was investigating, but that the remoteness and the poor communication with Tabriz made it difficult to get at the facts.

HINDENBURG NOW VERY ILL

Report From Berlin Says He Does Not Speak and Is Incapable of Writing.

London, July 24.—Field Marshal von Hindenburg, chief of the German general staff, is seriously ill and has taken no part in military operations of the present year, according to information from Berlin, says a Central News dispatch from Berne. At great personal effort, the message adds, the field marshal was present at a few of the imperial receptions, but went through the functions without speaking. He is quite incapable of writing, the advices declare.

Not Guilty of Obstructing Draft.

New York, July 24.—Frank S. O'Neil, formerly state tax collector, and Lieutenant Oswald L. Simpson of the army quartermaster's department, and Samuel Reichbach were found not guilty of attempting to obstruct the draft in a sealed verdict opened by Judge Martin P. Hanlon, in federal district court.

WARSHIPS COMB WATERS

Throngs on Shore Watch Seaplane Battle Diver as Crews of Victims Escape in Lifeboats—Women Among Them.

Orleans, Mass., July 23.—An enemy submarine attacking a tug and its tow off the easternmost point of Cape Cod sank three barges, set a fourth and their tug on fire and dropped four shells on the mainland. The action lasted an hour and was unchallenged except by two hydroplanes from the Chatham aviation station, which circled over the U-boat, causing her to submerge for only a moment to re-appear and resume firing.

Throughout the one-sided battle the American flag waved proudly. An eleven-year-old boy on one of the barges grabbed a flag, which was one of his boyish possessions, and shook it defiantly at the U-boat.

The boy carried the flag to shore in one of the lifeboats. He held it proudly above his head as he stepped on land.

The crew of the tow, numbering 41, and including three women and five children, escaped amid the shell fire in lifeboats. Several were wounded. John Botovich, an Austrian, the crew of the tug, was the only one seriously hurt. His right arm near the shoulder was torn away by a fragment of shell. The minor injuries of the others were from shell splinters.

The barges were in tow of the tug Perth Amboy, owned by the Lehigh Valley railroad, and were bound from Gloucester for New York. One was loaded with stone but the others were light, being on their return trip after bringing coal to New England.

The attack was without warning and only the poor marksmanship of the German gunners permitted the escape of the crews.

The onesided fight took place three miles south of the Orleans coast guard station, which is located midway between Chatham, at the Elbow, and Highland Light, at the extreme tip of the cape. The firing was heard for miles and brought thousands to the beach, from which the flashes of the guns and the outline of the U-boat were plainly visible. Possible danger to the onlookers was not thought of until a shell whizzed over their heads and splashed in a pond a mile inland. Three other shells buried themselves in the sands of the beach.

HOOVER IS IN GREAT BRITAIN

Arrival of the American Food Controller Is Reported by London.

London, July 22.—Herbert C. Hoover, American food controller, arrived at a British port from America. Washington, July 22.—Announcement from London on Friday of the arrival in England of Herbert Hoover, United States food administrator, brings news of the inauguration of a new food conservation program for all allied countries. Hoover will meet the food administrators of the allied nations at a round table in Europe, where each will lay down the requirements of his country for the coming year and the estimates of what his country can produce.

At this table the entire resources of the allies will be pooled and the deficits of every foodstuff shown by the European nations will be assumed by the United States.

U. S. SHIP SUNK; TEN LOST

American Army Supply Vessel Torpedoed in the War Zone, Says Admiral Sims.

Washington, July 20.—The American steamer Westover, an army supply ship manned by navy men, was torpedoed and sunk in the war zone July 11 while bound to Europe, the navy department was advised on Thursday by Vice Admiral Sims. Ten officers and men of the crew of 90 are missing. They are: Assistant Paymaster Robert Herbert Halstead, Lansing, Mich.; Ensign Ralph Dillingham Caldwell, Woodsford, Me.; Chief Machinist Mate Frank Willard Holowas, Washington, D. C.; Seaman James Brown Estis, Hartwell, Ga.; and Austin Clyde Wilson, Muncie, Ind.; Harvey Harrison, Noblesville, Ind.; and Edward Lewis Griffin, Baltimore, Md.; Mess Attendant John Cole, Brentwood, Md.; Water Tender Wilfred Joseph Serey, Ashland, Ky.

Given Efficiency Reward.

Washington, July 23.—Eight officers attached to Provost Marshal General Crowder's office are to be recommended for promotion as a reward for the efficiency and co-operation with which they have been conducting the draft.

Von Mirbach Is Avenged.

Amsterdam, July 23.—The Cologne Gazette says that 13 revolutionary socialists implicated in the plot which culminated in the assassination of Count von Mirbach, the German ambassador to Russia, were executed.

VISCOUNTESS CURZON

One of England's most beautiful women, Viscountess Curzon, is giving up all her time to look after and care for the wounded soldiers in the London hospitals. This prominent British noblewoman is very popular with invalid troops because of her kindly and helpful acts.

U. S.-JAPANESE PACT

PLAN TO SEND JOINT EXPEDITION TO SIBERIA.

Tokyo Newspapers Publish Terms of American Proposal to Send Troops to Russia.

Tokyo, July 20.—Japanese newspapers publish the terms of an American proposal to send American troops to Siberia. The newspapers declare that the Japanese government has decided to accept the suggestion made by the American government that Japan also send troops.

There is great activity in Japanese official circles and the newspapers devote columns to the subject of intervention. They dwell on the great extent of the expedition and speculate regarding the number of divisions Japan will send to Siberia.

The newspapers also say that Emperor Yoshihito has postponed his departure from Tokyo for his summer villa on account of important developments which have taken place.

According to information in Tokyo the plans of the United States in Russia are twofold: First, military assistance to the Czech-Slovaks, and, second, giving general economic help to Russia.

The United States is described as feeling that the Czech-Slovaks should not be abandoned while they are striving to reach their aim.

The impression here is that Japan in a spirit of co-operation with her allies, will follow the suggestion and like the Americans, send troops, Great Britain and France, it is said, also will send small contingents so as to make the movement inter-allied.

2 TRANSPORTS SUNK BY 'SUBS'

Carpathia and Barunga Torpedoed in War Zone—No Lives Lost.

New York, July 22.—The transport Carpathia, former Cunard, 13,903 tons gross, has been sunk by a German submarine off the Irish coast while outward bound from the British port. It was learned here. So far as known no lives were lost. The Carpathia has been used as an American troop transport.

London, July 22.—The transport Barunga, outbound with unfit Australian troops, was sunk by a submarine July 15, the admiralty announced. There were no casualties, the statement said.

ASKS FOR GREAT GRAIN CROP

Department of Agriculture Requests Farmers to Sow 47,500,000 Acres in Wheat.

Washington, July 23.—The department of agriculture it was announced has asked farmers to sow 47,500,000 acres in winter wheat this fall. This would yield approximately 977,000,000 bushels—the greatest winter wheat crop in history. While the request specifically mentions 45,000,000 acres as the area to be sowed, it asks farmers if they cannot raise the total to 47,500,000 acres. The latter acreage would be a 12 per cent increase over last year, and would provide abundantly for the needs of the allied nations.

McAdoo on Way Home.

Seattle, Wash., July 23.—Director General McAdoo of the federalized railroads; Mrs. McAdoo, Oscar A. Price, assistant director general, and others in the McAdoo party left here for Spokane, en route to Washington, D. C.

Ukrainian Railmen on Strike.

Amsterdam, July 23.—Strikes involving all of the Ukrainian railways have been started, according to a telegram from Kiev to the Rheinische Westfaelische Zeitung of Essen. The men have demanded increased wages.

War Plant Blast Kills Three.

Marquette, Mich., July 23.—Three men were killed and damage estimated at several hundred thousand dollars was done by an explosion at the nitrate plant of the Acta Explosives company, near Ishpeming.

GERMANS LEAVE WOUNDED BEHIND

Chateau Thierry Scene of Desolation When Allies Drive Huns From City.

ENEMY ABANDONS EQUIPMENT

Foes Sack Houses and Carry Away Everything of Value That Is Portable—Americans Empty Knapsacks to Feed Civilians.

With the American Army on the Marne, July 24.—Even anti-aircraft guns were called into use in pursuing the Germans in their flight from the Marne.

As the Germans retreated, French field guns mounted on automobiles dashed up and down the roads, sprinkling the retreating enemy with shrapnel. Every available piece of artillery was used. The high-angle guns were employed chiefly because of their great mobility.

The enemy abandoned quantities of supplies and ammunition in their hurried retreat. They left behind seven light machine guns, automatic rifles and other equipment. All had been discarded by the fleeing soldiers.

With marvelous rapidity the French and American batteries were pulled from their emplacements and rushed forward, shelling the fugitives according to directions wireless from airplanes.

The Americans used the steel bridges which the Germans had placed over the Marne in Monday's offensive to get their field guns across to the northern bank.

Mounted troops were sent dashing northward, while long-range guns began to rumble, throwing a steady stream of shells against Fere-en-Tardenois and Ville-en-Tardenois.

Few German prisoners were reported in the initial stage of the German retreat from the Marne. However, many wounded Germans were found abandoned in the Chateau Thierry hospital. Most of them had been gassed. A few wounded French from the June battle, and also a couple of wounded Americans from the Bourches fighting, were found.

Chateau Thierry had suffered badly from artillery fire when the French, Americans and Germans fought four days for the city early in June, but the Germans had forced the civilians to clean up the debris and build barricades in the squares and streets.

The Germans had sacked the houses, carrying off everything of value that was portable. But it was difficult to ascertain what was wanted damage and what was the effect of shell fire.

The soldiers emptied their knapsacks to feed the civilians and were greatly embarrassed when embraced and kissed by aged men and women. The delight of these old people at the sight of their American deliverers was pitiable to behold.

MEAT SUPPLY FOR THE ARMY

Packers to Furnish 99,560,000 Pounds of Bacon and 134,000,000 Pounds of Canned Goods.

Chicago, July 24.—The largest single order for bacon and canned meats in the history of the world—99,560,000 pounds of bacon and 134,000,000 pounds of canned meat—has just been placed by the quartermaster's department, U. S. A., for the American army overseas. Louis F. Swift, in commenting on this said the order will take the bacon from approximately 1,900,000 hogs and if other work were dropped to produce it, would be equivalent to the total hog production of the five largest Chicago packers for nearly five weeks. However, six months will elapse before delivery is to be completed.

AMERICAN HAD COLD FEET

President Wilson Saves the Life of Soldier Who Ran Away From the Enemy.

Washington, July 24.—The clemency of President Wilson was extended to Private Albert E. Beuregard of the Sixteenth infantry, under sentence of death for having run from the enemy. The president commuted the sentence to life imprisonment, with dishonorable discharge. Beuregard's home is in Concord, N. H.

U. S. CRUISER SUNK

SAN DIEGO BLOWN UP BY MINE OR U-BOAT.

American War Craft Goes Down Off Fire Island—Shipping Is Warned.

Washington, July 22.—A total of 1197 officers and men are known to have been saved from the armored cruiser San Diego, which was sunk off Fire Island, New York. There were no casualties and none was injured, according to latest advices to the navy department. Statements by survivors who were landed on Fire Island said the San Diego was struck by a torpedo on the port side of the vessel. The explosion blew up the boilers and put the wireless out of commission. A moment later the powder magazine exploded. The San Diego floated 15 minutes. Some of the seamen said they were sure they saw a submarine and some said they saw a shell hit it.

Pending full investigation, the department is understood to have sent out a warning to shipping to watch out for possible submarines operating along the American coast.

The San Diego was an armored cruiser of 13,000 tons displacement.

An aviator, flying along the Long Island shore at the time the San Diego was sunk, noticed the vessel suddenly list and was instrumental in having an S. O. S. call sent out from the wireless station on Fire Island, according to unofficial reports from civilians along the shore.

BASEBALL A "NONESSENTIAL"

Secretary Baker Makes Ruling in Eddie Ainsmith Case—Players Must Work or Fight.

Washington, July 22.—Professional baseball players of draft age must work or fight immediately, and the draft regulations may be changed soon to include theatrical performers and moving picture players and employees among those to seek new jobs or face induction into the army.

Secretary Baker settled the question on Friday, so far as baseball is concerned, in an unofficial decision holding the game a nonproductive occupation and saying, so far from amending the regulation to exempt ball players, he believed the scope of its provisions "should be so enlarged as to include other classes of persons whose professional occupation is solely that of entertaining."

The decision was given on appeal in the case of Eddie Ainsmith, the Washington American catcher recently ordered to work by a local board, which came up to the secretary with a suggestion from the board that the regulations should be changed to exempt ball players.

INDIAN SCOUTS CHASE HUN

Red Men Who Were With Pershing in Mexico Play Important Part.

With the American Army on the Marne, July 23.—The heavy artillery of the allies continues the clearing of districts north of the Marne. Indians who were with Pershing in Mexico played an important part in the scout work on the river.

QUENTIN DEAD, FOE REPORTS

Dramatic Confirmation of Young Roosevelt's Death Dropped in American Camp.

Paris, July 23.—German aviators have dropped a note into American aviation camps confirming the death of Lieut. Quentin Roosevelt in an air battle.

Men Must Work or Fight.

San Francisco, July 24.—Every able-bodied man in California, regardless of age or wealth, must work during the war. An order to this effect was issued by the state council of defense.

Potato Rate Is Too High.

Washington, July 22.—A commodity rate of 70 cents per 100 pounds applied by railroads to potatoes from Minnesota and Wisconsin to Texas was declared excessive and the rate fixed at 65 cents.

**DOUBLE WALL  
SILO**

The most valuable improvement in the construction of silos is the **continuous air space** between the walls of our Double Wall Silo. No other silo has this feature. It is valuable to you because your silage will **cure better and keep in better shape** for a longer time; prevents the wood **rotting** because the moisture is carried off; and is **frost proof** because circulating air is insulation against cold.

**Strong, Firm, Durable,**  
Construction as Rigid as the Bolts in Your Foundation.

Clear California Redwood, Oregon Fir, or Cypress, 1x4 dressed and matched, for your inside wall. Oregon Fir, 1x4 dressed and matched for your outside wall. The doors form your ladder. Each door has two rounds to take hold of in climbing. Doors open inward instead of outward, because a door opening inward is handled with less danger of falling down from the ladder. Moreover with our construction, the silage will not get mouldy around the doors. As you feed down, the doors above are put back in place.

**WHY TOWNS GROW**

Town growth is apt to depend on having a product the demand for which is increasing. For instance, here is the case of two towns that 20 years ago were manufacturing sheds. One turned out heavy, clumsy brooms, of a style rapidly growing obsolete. Another town of the same size kept more closely up to the time, and produced a shoe of a lighter and more attractive appearance.  
The town that made old-fashioned brooms is now almost without any manufacturing industry. Nearly all its little factories are now filled with cobwebs. While the other place has in two decades doubled in population.  
This principle applies to all manufacturing communities, and in a slightly different way to agricultural sections also.  
Thus a town depends very largely on the alertness of its producing elements in forecasting the future. If its industries can fix on some line for which there is going to be an increased demand they are certain to grow. The expansion will come almost without effort. All they have to do is to keep turning out a dependable product and the orders keep piling in.  
It is not enough for producers to keep turning out the same old thing year after year. And if they depend simply on what information they pick up from the trade in the ordinary course of business, they may fail to foresee the future.  
The far-sighted producer has no special gift of second sight. His foresight does not come by luck. He is a very close observer of the habits of the people in their daily life and mechanical processes. He reads trade papers and works of technical information, and becomes expert in forecasting industrial development.

**Are You One of Them?**

There are a great many people who would be very much benefited by taking Chamberlain's Tablets for a weak or disordered stomach. Are you one of them? Mrs. M. R. Searl, Baldwinville, N. Y., relates her experience in the use of these tablets: "I had a bad spell with my stomach about six months ago, and was troubled for two or three weeks with gas and severe pains in the pit of stomach. Our druggist advised me to take Chamberlain's Tablets. I took a bottle home and the first dose relieved me wonderfully, and I kept on taking them until I was cured." These tablets do not relieve pain, but after the pain has been relieved may prevent its recurrence.

**WAR OVER BY JANUARY 1ST.**

It was made known last week in Wall street that one of the leading exporting companies of the United States received information from one of its agents in London advising them not to make any marine insurance contracts at the present high rate on overseas tonnage after the first of January. The reason for the agent's advice to the company was that the general opinion of the banking and commercial circles in England is that the war will be over before that time and that the allies will be victorious.

**Chamberlain's Colic and Diarrhoea Remedy.**

Now is the time to buy a bottle of this remedy so as to be prepared in case that any one of your family should have an attack of colic or diarrhoea during the summer months. It is worth a hundred times its cost when needed.
