NUMBER 9

FORTY-FIFTH ANNIVERSARY SALE

On Wednesday, November 5th, for one day only, the firm of L. Rosenheimer will hold a 20 per cent reduction sale on children's coats, ladies' and children's dresses, ladies' corsets, ladies' furs, of every description, ladies' misses' and children's sweaters, ladies' skirts and aprons, men's and boys' suits, over coats, sweaters, mackinaws and sheep lined coats, duck coats, hats and caps. The entire shoe stock for women, children and men will also be included in this 20 per cent reduction sale. Large circulars have been printed, which were sent to everyone in this vicinity. The L. Rosenheimer firm have for the past several years held annual clearing sales at greatly reduced prices, but the one to be held on Wednesday, Nov. 5th, is one of marked distinction, not alone coming as it does with a 20 per cent discount, when the cost of material is at its height, giving you an opportunity to beat the high cost of living, but its marks the 45th anniversary of the L. Rosenheimer store in Kewaskum. In the year 1874, Moritz Rosenheimer, came to this village from Schleisingerville and built a small store 28 x 60 feet in dimension, and an elevator, doing a general mercantile business. A few years later his brother Adolph, also of Schleisingerville joined him in his new undertaking. They were young men full of life, spirit, and complete commercial education, under whose inspiration the business grew very rapidly and branched out into other fields of activity. In 1889, the large malt house and grain elevator was built, known as the L. Rosenheimer Malt & Grain Co. In 1888, the Kewaskum Creamery, now owned and managed by S. C. Wollensak was added to the already large plant, which was at that time employing the greatest amount of labor and an immense investment of capital and stock. In 1904, the Bank of Kewaskum was instituted, the firm doing business in the office of the L. Rosenheimer store. With business continually increasing, the firm in 1890 found it necessary to have another addition 30 x 90 feet built to their store, with the completion of this new addition, the store was one of the largest in Washington county, well and favorably known throughout the entire state. In 1892, the Kewaskum Electric Light Company was asked to the malt house business, which has ever since furnished the village with electric current. In 1903, the firm again found it necessary to have more room in which to take care of their ever increasing business, and as a result another 30 x 90 addition was added, at which time the entire store was remodeled, making it one of the finest store buildings in the state, outside of Milwaukee, occupying a space of 30 x 100 feet, two stories high, equipped with steam heating, electric lights, rest room, and water works. In 1911, Moritz and Adolph Rosenheimer dissolved partnership. Adolph erected a bank building on Main street, in which to conduct his business, including the L. Rosenheimer Malt & Grain Co., and the Kewaskum Electric Light Co. Moritz Rosenheimer in company with his son Lehman and son-in-law D. M. Rosenheimer devoted his entire time to a general mercantile business and the buying and selling of farm products and farm machinery. Although Mr. Rosenheimer is nearing the 70th milestone of his life, he is still hale and hearty, full of the life that accompanied him in his younger days, he still attends to the business end of the grocery department daily, feeling none the worse for the many trials and tribulations that he had to contend with in successfully conducting the general mercantile business as experienced in former years.

The firm extends a cordial invitation to one and all to attend this anniversary sale, and take advantage of the great reductions offered, making your \$1.00 worth \$1.20. Extra help has been secured so you will be promptly waited upon. Coffee and a light lunch will be served free to all. Come early and avoid the rush. Remember sale lasts but one day, November 5th.

RETRACTION

I hereby retract anything that I may have said derogatory to the good name and character of Michael A. Johannes, and I hereby state that I know his character to be that of an honest man.

Dated this 28th day of October, A. D. 1919.

THE EDUCATIONAL BONUS LAW

The American Legion has undertaken to educate the ex-service men of the State regarding the Educational Bonus Law.

"Every man who served Uncle Sam ought to understand what this law does for him" states Commander Davis. "It gives him \$1080 for his education in any school that is listed—and there is a long list of them.

"Compared with the cash bonus law which gives him ten dollars for each month in service, it is way and beyond anything the soldier could ask. He can get a fine education, learn any vocation he likes at the expense of the State.

"He can earn additional money. The great industries of Milwaukee pay from \$35 to \$65 per month for half time. He can study the rest. This \$65 to \$100 a month which results from his job and the states allowance of \$30 per month will pay all his bills in school and leave him money to put in the bank.

"It's too bad to shut him off with \$50 or \$100 when he can get so much more. No matter if he has applied for the cash bonus he can withdraw his application and get in under the Educational Bonus Law if he acts now."

GIVEN MISCELLANEOUS SHOW-ER

A miscellaneous shower was given at the home of Mr. and Mrs. M. Brooks, 1220 Grand Ave., Milwaukee, on Tuesday evening, in honor of Miss Ella Thill. About fifty guests were present. The evening was sociably spent in dancing and singing. At 12 o'clock a delicious luncheon was served after which the guests departed for their respective homes. Miss Thill received many beautiful and useful gifts.

AMUSEMENTS

Sunday, Nov. 2—Grand Opening dance in the Opera House, Kewaskum. Music by the celebrated Pat. Netzler orchestra. Everybody should attend if they want a good time.

Sunday evening, Nov. 9—Grand dance in Wm. Hess' hall, New Fane. Good music will be furnished. All are invited to attend.

BONUS PAYMENTS MUST AWAIT COURT DECISION

Payment of the direct bonus to former soldiers, sailors, nurses and marines cannot be made while the constitutionality of the act is pending before the supreme court of the state, according to State Treasurer Henry Johnson. Mr. Johnson says:

"The suit is pending in the Supreme court and will doubtless be passed upon without delay. Payments at this time only involve the educational bonus as the other—the direct cash bonus—can not be paid until taxes are collected in April at the least.

"As I have so many inquiries every day as to whether or not I am going to make payment before the court's decision and to set the public mind at ease and also give due notice to the soldier students in the different schools, I wish to state that payment will not be made until the decision of the Supreme court is rendered, but preparations will be made so that if the Supreme court upholds the law there will be no delay in payment."

RIPE RASPBERRIES GALORE

Never before have the citizens of this village been able to pick as many ripe raspberries in the fall of the year, as they have been able to pick this year. Christ. Schaefer, Sr., on Monday of this week, while working in his garden noticed a great many ripe berries. Wm. Schultz also had the opportunity of picking them in his garden. Edw. F. Miller states that he had picked in his garden. Besides these there are a number of others who have been able to do likewise. Weather prophets claim that this is a sign of a very mild winter. Here's hoping they are correct in their prophesy.

WALTER KNICKEL SMASHES HIS AEROPLANE

Lieut. Walter Knickel of Campbellsport, while at Oakfield on Wednesday with his aeroplane, met with an accident which resulted in having his machine demolished beyond repair. Mr. Knickel had gone to Oakfield undoubtedly with the intentions of making exhibition flights. At the time of the accident he had with him as a passenger Mr. Sommerfeld, who he intended to take up for a ride. Apparently Mr. Knickel had picked a bad piece of road to make the run for the ascent. The machine in rising had attained a fair rate of speed, and when it reached a slight turn in the road, Knickel tried to avoid crashing into some trees on one side of the road, but was not high enough to escape the telephone wires on the other side of the road. The landing wheels caught and the machine tipped over and fell nose downward to the ground. Both of the occupants fortunately escaped injury.

MARRIAGES OF THE PAST WEEK

SCHULTZ-GUENTHER WEDDING

Scott Lutheran church was the scene of a very pretty wedding last Sunday afternoon, Oct. 26th, when Miss Adelia Schultz, youngest daughter of Mrs. C. F. Schultz became the wife of Erich Guenther, youngest son of Mr. and Mrs. Herman Guenther. The ceremony was performed by Rev. G. Kanies. The bride was prettily gowned in a white crepe de chine dress, she wore a veil and carried a shower bouquet of roses and sweet peas. Miss Alma Schultz, sister of the bride acted as maid of honor and was dressed in a white organdy dress and carried a bouquet of white carnations. The bridesmaids were Miss Frieda Schultz, sister of the bride, and Miss Lila Zastrow of Sheboygan. Both wore white dresses and carried pink carnations. The groom was attended by his brother Walter Guenther. After the ceremony a reception was held at the home of the bride's mother to only near relatives of the bride and groom. The house was prettily decorated with cut flowers and bitter sweet. The young couple will go to housekeeping on the groom's farm which he recently purchased from his father. Out of town guests who attended the wedding were: Mr. and Mrs. Geo. Froehlich and family, Mr. and Mrs. John Zastrow and family, and Mr. and Mrs. Herman Guenther, all of Sheboygan; Max Guenther and Walter Guenther of Howards Grove. The many friends of the newly weds join in wishing them a bright and happy future.

THILL-RUMMEL NUPITAL

On Wednesday, October 29, 1919 at the Gesu church at Milwaukee occurred the marriage of Miss Ella Thill, daughter of Mr. and Mrs. John Thill of the town of Ashford, to Arthur Rummel, son of Henry Rummel of Milwaukee. Rev. Father Kraemer tied the nuptial knot. The bride who was dressed in a navy blue satin suit with hat to match, and who wore a corsage bouquet of white bridal roses, was attended by Miss Clara Thill, sister of the bride as bridesmaid. She wore a navy blue, French serge suit and corsage bouquet of pink roses. Earl Rummel, nephew of the groom acted as bestman. After the ceremony the bridal party partook of a wedding breakfast at Schuster's Grill Room. After a wedding trip to Minneapolis and other points of interest, the newly weds will go to housekeeping at Milwaukee, where they will be at home to their many friends after December 1st. We extend best wishes for a bright and happy married life.

FORMER RESIDENT OF THIS VILLAGE DIES

The body of Erick J. Assmann, son of the late Mr. and Mrs. Charles Assmann of this village, arrived here on Monday evening from Pueblo, Colorado, and was laid at rest in the Gaget cemetery one and one-half mile north of this village on Tuesday afternoon. Funeral services were held under the auspices of the local branch of the Masonic Order. Deceased was taken ill at his home at Sunrise, Wyoming, about four weeks ago, with tuberculosis, and was at once removed to Minnequa hospital at Pueblo, Colorado, where the best of medical attention was given him in the hope of saving his life, but he steadily grew worse, until he finally succumbed on Wednesday, October 22, 1919.

Erick was born on October 8, 1882, in Kewaskum, where he spent his childhood days and where he received his early education. Fifteen years ago he left for Sunrise, Wyoming, where he became a prominent citizen. Being a man of intelligence, honest and upright, and possessed with good sound business principals, he was soon afterwards appointed manager of the Colorado & Wyoming Railroad Company's store, which capacity he filled in a most efficient manner. Deceased was a member of very good standing in the Masonic Order. He leaves to mourn his early death, two brothers, Edward and William of West Allis, Wis.; three step brothers, Herbert, Charles and Ernest of Janesville, Wis.; and two sisters, Tanna (Mrs. Sump) of Dalton, Wis.; and Gretchen (Mrs. Beckwith) of Spokane, Wash.

NO TRESPASSING

I wish to inform the public that I will allow no hunting or trespassing on my premises. Anyone caught doing same will be prosecuted according to law.

THE RED CROSS ROLL CALL NOV. 2-11

Plans for the annual Red Cross Roll Call, November 2nd to 11th are well under way, and from the spirit which is being shown it appears that "The Greatest Mother in the World" will get a substantial backing.

It needs this backing. The great work it undertook in the war caring for our sick and wounded, is not completed. Thousands of boys wounded more than a year ago are still in the hospitals. They need tender efficient care that the Red Cross gives so willingly.

It is inspiring, the whole hearted support this movement is getting from ex-service men. The wounded, the men who came in most intimate contact with the Red Cross are full of praise for its work and its methods.

Mothers whose anxious hours were comforted by the understanding service of the Red Cross are volunteering to aid the call that its good work may continue.

It's program for the future will be one of service, one which is deserving of the most earnest support.

1. It is helping by means of HOME SERVICE the families of soldiers and sailors by giving assistance, advice and information, etc.

The discharged soldiers and sailors by assisting them with their insurance compensation, education and health problems, etc.

2. It is helping by means of NURSING SERVICE to bring health to your homes. To tell the mothers and daughters how to care for their sick folk and what foods to eat to keep healthy.

3. It is helping by means of FIRST AID SERVICE to reduce the number of deaths from accidents by teaching the people how to act when accidents occur.

4. It is helping by means of JUNIOR RED CROSS SERVICE to teach the children of your own schools to serve on behalf of other children handicapped or suffering at home and abroad.

5. It is helping by means of DISTASTER RELIEF SERVICE to prepare for any emergency that may overwhelm your community.

All you need is a heart and a dollar, so plan now to re-new your membership or join the local chapter.

GIVES HALLOWEEN PARTY

The pupils of Miss Priscilla Marx gave a Halloween program at her home Wednesday evening. All lights were dimmed with orange and black crepe paper.

The following program was rendered:

- Loves Dreamland.
- I Met a Little Elfman (Song)
- In the Barn.
- Ride of the Elf King.
- Halloween Song
- Chased by a Ghost.
- Witches Dance.
- Lights and Shadows.
- Ghost in the Chimney.
- Bobbing for Apples.
- Goblins Revelry.
- Chasse Infernale.
- Moorish March.
- Tumult.
- Broom Stick Dance.
- Chopin Prelude Op 28 No. 22.
- Witches Frolic.
- Gypsy Dance.
- Chorus and Dance of Elves.
- Revel of the Witches.
- Ghost.

A unique feature of the program was the burial of a witch. Ghost with veiled jack o-lanterns marched through the rooms to the strains of a torch-light march.

Three girls danced to the rhythm of shadow dance.

A magician mystified the guests with a musical magic while a funeral march was being played. Those participating in the program were selected from the following pupils:

Mamie Johannes, Marian Schaefer, Dorothy Dana, Maude Hausmann, Evelyn Perschbacher, Bernice Perschbacher, Ed. Morgenroth, Elizabeth Quade, Ruth Zuchlike, Myron Perschbacher, Allen Miller, Hildegard Maiche, Lazoda Ramthun, Imelda Marx, Edna Wollensak, Loretta Pflum Rosalene Pflum, Aurelia Sommers, Laurena Johannes, Elverena Becker, Helen Theusch, Grace Krahn, Margaret Schlosser, Creesence Stoffel, Sylvia Marx, Ada Schultz, Mata Schultz, Laura Wollensak, Kathryn Marx, Sylvester Marx, Raymond Quade, Florence Rosenheimer, Evelyn Haase, Celesta Martin, Lazetta Schaefer.

DELCO-LIGHT
Multiplies Man Power

Delco-Light on the farm gives you electricity for light and electricity for power. Electric light means safety, improved conditions, protection from prowlers,—greater working efficiency. Electric power is equal to an extra hand at chore time; it gives you freedom from drudgery,—more time for productive work.

The important features for you to consider in an electric light and power plant are *simplicity, dependability and low operating cost.* Delco-Light is simple in operation,—self-cranks, stops automatically, and only one place to oil. It is dependable,—endorsed by more than 75,000 satisfied users; it is economical in operation,—runs on kerosene.

You cannot afford to go longer without the benefits of Delco-Light because—it better living conditions in the home; it pumps the water, runs the washer, turns the cream separator and other light machinery. Delco-Light is the electric light and power plant for you to install; it pays for itself in time and labor saved.

Write us today for your copy of the new Delco-Light catalogue, a 16-page, nicely illustrated book, showing just what Delco-Light will do for you.

CAMPBELLSPORT PEOPLE TOOK AEROPLANE RIDES

Walter Knickel, son of Mr. and Mrs. Wm. Knickel of Campbellsport, who arrived at his home at Campbellsport from Ottawa, Ill., where he is stationed, with an aeroplane gave the citizens of Campbellsport rides in the machine Sunday. On Monday he took Herman Scheibach, whose son was operated upon at the hospital at Fond du Lac, to the latter city in his machine in exactly nine minutes, and on his return trip he was accompanied by Herman Paas. Those who have thus far taken a ride state that the dropping sensation is not as unpleasant as that experienced when going down in an elevator. On Sunday afternoon Mr. Knickel accompanied by H. A. Wrucek, secretary of the Campbellsport Mutual Fire Insurance Company, made a flight over this village. They were flying at a very low altitude, so the machine and its occupants were plainly visible.

LAF-A-LOT TEAM ORGANIZED

The Laf-a-Lot Basket Ball team of North Fond du Lac is being organized under the management of Coach Owen C. Clark, and comes forward with an all star line up this season. With E. Sage and P. Goldwich as forwards and G. Roble, S. Murray and R. Shields as guards and R. Sage as center. Coach Clark has as fast an aggregation as there is in the state. The Laf-a-Lots have a few open dates in their schedule which they are anxious to fill and would like to hear from all the leading city teams throughout the state. Teams desiring to schedule a game will communicate with Coach Owen C. Clark, 649 Indiana Ave., North Fond du Lac, Wis., at once.

CHRIST TISCHHAUSER WRITES

Dear Editors:—

I feel like giving a further explanation to my last letter, as to why land around Madison is so high priced. It's mostly on account of our good schools, not only the high school, but also the State Normal, besides four ward schools, and nine different churches. I also feel like explaining the error about the farm that sold at \$170 per acre. It is close to the town of Ironquois where the North Western Railway comes in from the east and south. Land also sells higher close to this town. My farm is ten miles further to the northwest on the Great Northern between Tale and Oseola. Little markets on this railroad, therefore I could not expect top notch prices, should have been \$125, but to make the sale, took \$115. Thought it was good enough in four years time from \$50 per acre up to \$115. My estate is live and let live.

Yours Truly,
Christ. Tischhauser.

KING OF BELGIANS SAYS U.S. WON WAR

Ruler of Belgium Speaks Before American Congress.

ALSO VISITS WHITE HOUSE

Albert and Consort Are Received Informally by Mrs. Wilson, but Do Not See President—Hoover and Whitlock Lauded.

Washington, Oct. 29.—King Albert and Queen Elizabeth of Belgium arrived at the White House to pay their respects to Mrs. Wilson. The royal couple were accompanied by Secretary of State Robert Lansing. The king and queen were unattended except for their immediate personal attendants, including the military aide, of the king, and the lady-in-waiting of the queen.

Mrs. Wilson, after receiving her guests, chatted with them a few minutes, after which they departed. They did not see the president.

King Albert is the first reigning monarch to ever enter the White House.

In an address to the senate a few minutes earlier he had asserted that "nothing could better characterize the reign of universal democracy" than the friendship between his country and the United States.

The addresses of his majesty were intended as messages to the entire nation and his sincerity in expressing the thanks of Belgium to Americans for their aid was plainly evident.

Visits Senate.

The visit to the senate of King Albert and the duke of Brabant lasted only half an hour and they went immediately to the house. In his address there his majesty said:

"I am happy to be able to bear to this chamber which embodies the living spirit of the American people, the greetings of Belgium, a democratic and parliamentary state created by the vote of the popular assembly of 1830 which proclaimed the independence of our provinces. It is a pleasure to recall that many of the provisions of our constitution were taken from your fundamental law, so that at the outset of her career Belgium was indebted to you.

"Our two peoples have fought and triumphed together. The intervention of the American army was the decisive factor in determining the victory. I pay my respectful and sincere homage to the officers, the soldiers and sailors, who fell for a great cause on the battlefields of Europe and in the defense of the sea.

Expresses Belgium's Gratitude.

"The hearts of Belgians whom these heroes helped to liberate from the domination of the enemy go out in profound gratitude to the wounded. In their name I address to the wounded of the great war the assurance of our affection and sympathy. I express the gratitude of Belgium to those distinguished American citizens who gave themselves with such a spirit of sacrifice to the task of lightening the sufferings of the Belgian people.

"In this noble assembly I solemnly thank the members of the commission for relief and the innumerable committees that helped it in its admirable efforts. I salute in particular the name, gravea forever in our memories, of Herbert Hoover and Brand Whitlock.

"May this splendid American nation, so richly endowed by nature, so magnificently served by its people, pursue in the serenity of its power, its work of achievement, of culture and of progress."

FARMERS' CONGRESS OPENED

A. F. L. Alliance Big Issue Before Meet at Washington—1,500 Delegates Attend.

Washington, Oct. 29.—With more than 1,500 delegates in attendance, the National Farmers' congress in session here planned to get down to business. While a number of matters of interest to the farmers of the nation are to come before the congress, the one outstanding question to be settled is that of an alliance with the American Federation of Labor.

Every state in the Union was represented among the delegates gathered for the initial business sessions. In connection with the congress a number of agricultural, horticultural and agronomic associations will meet.

Hagerstown, Md., Oct. 28.—Nearly every state is represented at the gathering of associated farmers' organizations, comprising the Farmers National congress, the Farm Women's National congress, Maryland Agricultural society and smaller societies, which opened their annual session. More than 200 farmers from Ohio, Indiana and Illinois came in automobiles.

LOOT IOWA BANK OF \$10,000

Robbers Blow Door Off the Vault of Citizens' Saving Bank of Hanlontown.

Mason City, Ia., Oct. 29.—Robbers blew the door off the vault of the Citizens' Savings bank at Hanlontown, and took about \$10,000 in Liberty bonds from the safety deposit boxes.

BLOW UP COAL MINE

WEST VIRGINIA GOVERNOR RECEIVES NEWS OF EXPLOSION.

Steel Strikers at Pittsburgh on Way to Washington to Demand Right of Free Speech.

Winchester, Va., Oct. 29.—Governor Cornwell of West Virginia, who has been visiting his brother here, left hurriedly for Charleston after receiving a message that a coal mine in Raleigh county had been blown up and that the situation there was serious. The governor said the message gave no details.

Pittsburgh, Pa., Oct. 29.—Organized labor's fight for free speech and public assembly in Pittsburgh and Allegheny county will be taken up immediately with the federal government, according to an announcement from steel strike headquarters here.

A delegation of 18 representatives of organized labor of the city and county, representing more than 150,000 workers, left for Washington to protest to the government "against the denial to labor by Pennsylvania officials of the traditional and constitutional rights of free speech and public assembly," said the announcement.

LEWIS MAKES DIRECT REPLY

Head of Mine Workers' Union Answers President's Charge of Unlawful Action.

Indianapolis, Oct. 29.—John L. Lewis, acting president of the United Mine Workers of America, made his first direct reply to President Wilson's charge that a strike of union coal miners would be unlawful because it would violate a wage agreement made to run for the duration of the war.

Mr. Lewis declared that President Wilson's statement of reasons for vetoing the enforcement of the war-time prohibition act in which he stated that "it has to do with the enforcement of an act which was passed by reason of the emergencies of the war and whose objects have been satisfied in the demobilization of the army and navy," expressed the views of the miners in the wage controversy. The miners, he said, considered the contract abrogated because the war emergency had passed.

LEWIS CONDEMNS BIG STRIKE

Former President of Mine Workers' Union Says Walkout Would Be Crime.

Charleston, W. Va., Oct. 29.—Tom L. Lewis, former president of the United Mine Workers of America, in an interview here declared that internal politics in the union is responsible for the strike order of the soft coal miners. He characterized the proposed strike as "uncalled for," "without a real defense," "inconsistent with the policies of the union and a crime against the nation and the people." He urges congress to pass a joint resolution, directing the international officers of the union to meet with the coal operators in negotiating a wage agreement.

U. S. READY FOR COAL WAR

Cabinet Has Plan to Meet Mine Strike—Agrees on Measures to Protect Public.

Washington, Oct. 29.—How to deal with the soft coal strike, in event the miners, ignoring President Wilson's command to stay on the job, walk out Friday night, was definitely agreed on at a two-hour meeting of the cabinet. The plan of action was not disclosed, but it is known that the cabinet stood as one for protection of the rights of the public, which would suffer with the closing of the mines, in which ordinarily more than half a million members of the United Mine Workers of America are employed.

WILSON SITS UP TO EAT

Continues to Show Progress, Says Bulletin by Physicians at White House.

Washington, Oct. 29.—President Wilson continued to show progress, said a bulletin by his physicians. The bulletin follows:

"There is no special change in the president's condition. His progress continues. He takes his luncheon and dinner in a semi-sitting position, which adds greatly to the enjoyment of his food and causes no fatigue."

TWO BEATEN WITH HAMMER

Wealthy Residents of Mattoon, Ill., in Serious Condition Following Attack of Robbers.

Mattoon, Ill., Oct. 29.—Mr. and Mrs. Sternberg, wealthy residents of Mattoon, are in serious condition as a result of being beaten about the head with a hammer by robbers, who burglarized their home.

REGISTER OF TREASURY OUT

Houston B. Tebee of Oklahoma Quits to Accept Job With New York Oil Firm.

Washington, Oct. 29.—Houston B. Tebee of Oklahoma has resigned as register of the treasury and will go to New York to become connected with a large oil firm.

JAMES DUNCAN

James Duncan is first vice president of the American Federation of Labor and was one of the delegates to the industrial conference in Washington.

GAINED BY MEETING

SPIRIT MANIFESTED DURING CONFERENCE BRINGS HOPE.

President Considers Plan to Bring About New Relationship Between Capital and Labor.

Washington, Oct. 27.—Out of the wreck of the national industrial conference there would arise a small committee, representative of all interests and intrusted with the task of bringing about a new relationship between capital and labor, should President Wilson adopt the recommendations of the public group in the recent gathering.

After voting to declare the industrial conference adjourned sine die, the public group, the last remaining unit in the conference, through its chairman, Bernard M. Barnich, laid before President Wilson a report asserting that despite its abrupt termination the conference was not without beneficial results and predicting that the spirit manifested during the thirteen days of its session augured well for America's industrial future.

In a letter transmitting the report to the president, Chairman Baruch asserted that in his opinion, as a result of the conference, "there will be manifested an increasing effort on the part of employers to see that not alone proper wages are paid but that the human rights of the workers are considered."

The public group in its report emphasized that the right of collective bargaining—the rock on which the conference was wrecked—was neither rejected by the conference nor imposed by any single group. The difficulty over that issue, the report points out, arose alone over the method of making collective bargaining effective. This difficulty even could have been surmounted, the group believes, had the problem been approached in a different way.

With a view to treating the question of collective bargaining as a part of a comprehensive and systematically developed program, the group puts forward the proposal for a creation of a small committee. After receiving the report of this committee, the public delegates suggest that it might be advisable to call another large conference to give practical effect to the committee's recommendations.

There was no intimation as to the course the president would pursue.

DAKOTA BANK WINS FIGHT

Supreme Court Holds That Post Dated Checks Are Good Collateral.

Bismarck, N. D., Oct. 27.—The North Dakota Supreme court, in a three to two decision, granted the Scandinavian-American bank of Fargo and State Bank Examiner Loftus a permanent writ restraining the state banking board from interfering with the affairs of the bank, and held that the bank was solvent. The case grew out of the closing of the bank several weeks ago by the state banking board, which held the bank insolvent after deputy state examiners had reported the institution had made illegal excessive loans aggregating nearly three-quarters of a million dollars.

Widow Is Dead.

Springfield, Mo., Oct. 27.—Mrs. Susan Geary Dickerson, probably Springfield's wealthiest woman, died at her home here. She was seventy-six years old. She was the widow of the Jerome Dickerson who amassed a fortune in the lumber industry in Michigan.

Shoot Negro in Dixie Jail.

Humboldt, Tenn., Oct. 29.—Henry Booth, a negro, arrested on charges of attacking a white woman, was shot and probably fatally wounded during the night by unidentified persons, who fired through the windows of the jail.

Gem Collection Stolen.

WILSON TO LIFT WAR-TIME LID

President to Issue Proclamation Immediately After Senate Ratifies Treaty.

DRY BILL PASSED OVER VETO

House Repeals Enforcement Measure—Executive Says Object of Legislation Served by Demobilization of Armed Forces.

Washington, Oct. 29.—War-time prohibition will be brought to an end by presidential proclamation immediately after the senate ratifies the peace treaty, it was stated at the White House.

Washington, Oct. 29.—The president vetoed the prohibition enforcement bill. At 5:15 o'clock with the time of adjournment near the president's veto message was read to the house. Barely two hours later the house in a hold-over session voted decisively to override the veto.

The vote was 176 to 55 with two members voting present. Action in the senate will come later in the week. There is no question but that its vote to override the veto will be equally as decisive, so the president's action will have served merely to stay the enforcement of the bill temporarily. The president's veto message follows:

"To the House of Representatives: "I am returning without my signature P. R. 6810, an act to prohibit intoxicating beverages, and to regulate the manufacture, production, use and sale of high-proof spirits for other than beverage purposes, and to insure an ample supply of alcohol and promote its use in scientific research and in the development of fuel, dye and other lawful industries."

"The subject matter treated in this measure deals with two distinct phases of the prohibition legislation. One part of the act under consideration seeks to enforce war-time prohibition. The other provides for the enforcement of the adoption of the constitutional amendment. I object to and cannot approve that part of this legislation with reference to war-time prohibition.

"It has to do with the enforcement of an act which was passed by reason of the emergencies of the war, and whose objects have been satisfied with the demobilization of the army and navy and whose repeal I have already sought at the hands of congress. Where the purposes of particular legislation arising out of war emergency have been satisfied, sound public policy makes clear the reason and necessity for repeal.

"It will not be difficult for congress, in considering this important matter, to separate these two questions and effectively to legislate regarding them, making the proper distinction between temporary causes which arose out of war-time emergencies and those like the constitutional amendment of prohibition, which is now part of the fundamental law of the country.

"In all matters having to do with the personal habits and customs of large numbers of our people, we must be certain that the established processes of legal change are followed. In no other way can the salutary object sought to be accomplished be made satisfactory and permanent.

"WOODROW WILSON.

2,000 STRIKERS START RIOT

Longshoremen Attack Several Hundred Men Going to Work on New York Docks.

New York, Oct. 28.—Scores of persons were injured in a pitched battle between 2,000 striking longshoremen and several hundred men who were on their way to work at the Bush Terminal docks in Brooklyn this morning. Between 50 and 100 revolver shots were fired, and sticks, stones, bricks and clubs were used by the combatants.

SUSPEND OHIO MAYOR

EXECUTIVE OF CANTON CHARGED WITH INEFFICIENCY.

More Workers Return—Probability That Troops Will Be Called From Akron Grows Less.

Columbus, O., Oct. 28.—Gov. Cox suspended Charles E. Poorman of Canton for alleged inefficiency in handling steel strike riots and appointed a committee of business men to support Vice Mayor Schrantz.

Need for state troops now mobilized at Akron, sixty miles distant, to take charge of the steel strike situation here, which last week resulted in many riots in which workmen were injured, was said to be decreasing.

No disturbances occurred during the changing of shifts at the plants. Col. John M. Bingham and Maj. Walter Van Giesen, personal representative of Gov. Cox, made a tour of the strike zones. They reported everything quiet and said they would make such a report to the governor.

The governor's representatives stated that local authorities now appeared to have the situation tolerably well in hand and that state troops probably will not be needed unless the situation grows much worse than they found it.

Workers in considerable numbers were seen entering the plants of both the United Alloy Steel corporation and the Stark Rolling Mill company. The few pickets on duty did not attempt to halt the men and appeared to be content in ascertaining the number of workmen entering. There was no disorder last night.

WAR-TIME DRY LAW INVALID

U. S. Judge Holds \$75,000,000 in Whisky Cannot Be Seized Without Pay.

Louisville, Ky., Oct. 28.—Seventy million gallons of whisky, valued at \$75,000,000, three-fourths of which is stored in Kentucky, was ordered released from government bonded warehouses by Judge Walter Evans of the federal district court in a decision rendered within a few minutes after the telegraph wires carried announcement of President Wilson's veto of the dry enforcement bill. Although the decision is regarded by liquor men of Kentucky as a big victory for them, it does not mean that the whisky will be placed on the market again. Judge Evans ruled that it must not be moved until the United States Supreme court decides on the case. He held that congress has no power either in war or peace to disregard the fifth amendment.

BERGER IS HELD GUILTY

Disloyalty Charges Proved, Investigating Committee of House Reports and Seat Is Denied.

Washington, Oct. 27.—Holding that Representative-elect Victor L. Berger of Wisconsin was disloyal and gave aid and comfort to the enemy of the United States, the special committee of the house for investigation of his title to his seat recommended that he be excluded.

The vote in the committee was 8 to 1. A minority report presented by Representative Rodenburg of Illinois, Republican, held that no action should be taken pending a decision by the United States circuit court of appeals, which now has under advisement the appeal from the verdict of the United States district court at Chicago, holding Berger guilty of violations of the espionage act.

MINERS REJECT WILSON'S PLEA

Five Hundred Thousand Men Are to Strike November 1, Says Leader.

PRESIDENT'S APPEAL FAILS

John L. Lewis, President of the United Mine Workers, Says Strike Order Stands—Coal Operators Accept Arbitration Offer.

Washington, Oct. 27.—Efforts of Secretary Wilson to avert a strike of coal miners in the central competitive fields failed, the miners rejecting a proposal from President Wilson that the controversies be arbitrated.

John L. Lewis, president of the United Mine Workers, announced that the strike order stood and that half a million soft coal miners would quit work November 1. Official notice that mediation efforts had failed will be sent at once to all districts, he stated.

"The operators accepted the president's offer in toto," Thomas T. Browster, head of the Coal Operators' association said.

"I have been watching with deep and sincere interest your efforts to bring about just settlement of the differences between the operators and the coal miners in the bituminous coal fields of the country.

"It is to be hoped that the good judgment that has been exercised by both operators and miners in years gone by in the adjustment of their differences will again prevail in the present crisis.

"All organized society is depending upon the maintenance of the fuel supply for the continuance of its existence. The government has appealed with success to other classes of workers to postpone similar questions until a reasonable adjustment could be arrived at.

"With the parties of the controversy rests the responsibility of seeing that the fuel supply of the nation is maintained. At this time, when the world is in need of more supplies, it would be cruel neglect of our high duty to humanity to fall them.

"I have read with interest the suggestion made by you that the wage scale committees of the operators and miners go into conference without reservation for the purpose of negotiating an agreement as though no demand had been made or rejected, having due regard to the interests of their respective groups. I am in accord with that suggestion.

"No body of men knows better the details, intricacies and technicalities of mining than do the miners and operators. No body of men can work out the details of the wage scale on a more equitable basis. Their judgment would undoubtedly be based upon a sum total of knowledge of the industry.

"Whatever their differences may be, no matter how widely divergent their viewpoints may be from each other, it is a duty which they owe society to make an earnest effort to negotiate these differences and to keep the mines of our country in operation.

"After all, the public interest in this vital matter is the paramount consideration of the government and admits of no other action than that of consideration of a peaceful settlement of the matter as suggested by you.

"If for any reason the miners and operators fail to come to a mutual understanding of the interests of the public are of such vital importance in connection with the production of coal that it is incumbent upon them to refer the matter in dispute to a board of arbitration for determination and to continue the operation of the mines pending the decision of the board."

MEXICANS FREE U. S. CONSUL

W. O. Jenkins, Held for \$150,000 Ransom, Released—Not Stated Who Made Payment.

Washington, Oct. 28.—William O. Jenkins, the American consular agent at Puebla, who was kidnaped October 19 by Mexican bandits, was released after payment of ransom, the state department was advised by the American embassy at Mexico City.

The bandits who held Jenkins had demanded \$150,000 in gold. The message to the department said that Matthew E. Hanna, third secretary of the embassy who was sent to Puebla, reported that he had received a message from Jenkins sent from within the Mexican federal lines that the ransom had been paid to the kidnapers and that he was on his way to Puebla. The message did not state who paid the ransom.

SENATE FOLLOWS ACTION OF HOUSE

Votes Down Dry Veto by Wilson 65 to 20.

PRESIDENT TO LIFT THE LID

White House Statement Declares Wilson Will Issue a Proclamation Immediately on Ratification of Peace Treaty by Senate.

Washington, Oct. 29.—In accord with predictions made when the president's veto of the prohibition enforcement measure was received in congress, the senate followed the example of the house and passed the bill over the president's veto by more than the requisite two-thirds majority.

The vote in the senate was 65 to 20, the majority having seven more votes than were needed to override the veto. The bill will now become a law as soon as the clerks of the two houses certify to the secretary of state that the veto has been rendered ineffective. This certification probably will be sent to the state department by the end of the week.

Plans for Enforcement.

The act makes the bureau of internal revenue the directing agency in the enforcement of both war-time prohibition and prohibition under the constitutional amendment, and pending the organization of an independent force, qualified employees of the internal revenue department, who can be spared from tax work, have been directed to co-operate to the fullest possible extent with the public and with state, county and municipal officers and with officers of the department of justice in the enforcement of the act.

Director Roper announced. To insure against delay collectors and agents have been directed to confer with United States district attorneys with regard to the proper method of obtaining and presenting evidence, and to make all necessary arrangements to expedite court procedure.

Here's the Senate Vote. The roll call follows: For overriding the veto: Republicans—Ball, Jones of Wash., Norris, Capper, Page, Colt, Kenyon Phipps, Cummins, Keyes, Poindexter Curtis, Knox, Sherman, Fernald, Lenroot, Smoot, Frelinghuysen, Lodge Spencer, McCormick, Sterling, Gronna McCumber, Sutherland, Hale, McNary, Townsend, Harding, Moses, Wadsworth, Johnson of California, Nelson Warren, New, Kellogg, Newberry, Watson—38.

Democrats—Ashurst, Kendrick, Smith of Arizona, Bankhead, Kirby, Chamberlain, McKellar, Smith of Georgia, Dial, Myers, Fletcher, Nugent, Trammell, Gore, Overman, Walsh of Montana, Harris, Owen, Harrison, Pomeroy, Williams, Henderson, Shepard, Jones of New Mexico, Simmons, Swanson, Wolcott—27. Total for—65.

Against overriding veto: Republicans—Borah, Edge, La Follette, Brandegee, Fall, McLean, Calder, France, Penrose—9.

Democrats—Gny, Ramsdell, Gorry, Robinson, Hitchcock, Shields, King, Thomas, Phelan, Underwood, Walsh of Mass.—11. Total against—20.

Lid Off When Treaty Is Passed.

War time prohibition will be brought to an end by presidential proclamation immediately after the senate ratifies the German peace treaty, it was said in the statement issued at the white house.

Officials explained that the wartime act provided that it should be annulled by the president when peace had been declared and when the army and navy had been demobilized. Congress was informed by the president in his message vetoing the prohibition enforcement bill that demobilization of the army and the navy had been completed.

The white house announcement clears up any doubt as to whether the war would be ended legally with the ratification of the German treaty. Some officials had expressed the opinion that the war emergency would not pass until the treaty with Austria had been acted upon by the senate.

Finnish Editors of New York Radical Magazine to Be Deported at End of Sentence.

New York, Oct. 29.—Carl Plavio and Gust Alonen, Finnish editors of a radical magazine published here, and the first men convicted of criminal anarchy in this state, were sentenced to not less than four years and not more than eight years' imprisonment. Justice Weeks, in pronouncing sentence, stated that when the men had served their sentence their deportation would be asked.

BREWERS TO TEST DRY ACT

New York Association Declares the Volstead Prohibition Enforcement Law Is Unconstitutional.

New York, Oct. 29.—Hugh F. Fox, secretary of the United States Brewers' association, stated that his organization will bring suit to test the constitutionality of the Volstead prohibition enforcement law. He said the association had been advised by counsel that the law is unconstitutional, as it provides for continuance of war-time prohibition.

No Cure For The "Flu"

Altho this dreaded Disease ravaged the Country last year yet a cure has well not been found for it, and Medical Authorities say another Epidemic will occur.

We urge everybody, the minute you feel a cold coming on, have fever or chills, dull aches or constipation, to take a THORO, CLEANSING, PURIFYING LAXATIVE.

Bathe your feet in hot salt water, take a good big cup of HOLLISTER'S ROCKY MOUNTAIN TEA (warm), and go to bed for the night—chances are you will feel fine the next morning and it won't be so easy for the "Flu" or Grippe to get you.

Buy a package today, have it in the House and use it at the very first warning. Mothers should closely watch the children and treat them without delay.

PRESIDENT WARNS COAL PRODUCERS

Wilson, in Special Message, Tells Miners It Is Crime to Stop Work.

HOPE TO AVERT THE STRIKE

Goes Behind Strike Order and Declares Workers Did Not Vote on the Question—Army Ready to Back Law Enforcement.

Washington, Oct. 28.—The president of the United States and the members of his cabinet pronounced the proposed strike of bituminous coal miners scheduled for November 1 a crime against the government and people of the United States.

They brand the strike both morally and legally wrong and declare in a statement to the public that the law will be enforced and means be found to protect the interests of the nation in any emergency that may arise out of this unhappy business.

In plain, vigorous language the president announces that the strike cannot be permitted under the laws of the government for protection of society. The government, the president says, will use every means within its power to prevent the strike and keep the mines operating.

But the president hopes that it will not be necessary to prosecute the miners, and appeals to their officers and to the miners as individuals at once to recall all strike orders, announcing that he stands ready to see that their differences with the operators are fairly adjusted by arbitration.

After the attitude of the government had been informally discussed in official quarters outside the cabinet, there was a well defined opinion that the miners would not continue to defy the government.

After reviewing events leading up to the strike call, and plainly declaring the walkout was authorized without a referendum vote of the workers, the president says:

"The country is confronted with this prospect at a time when the war itself is still in fact, when the world is still in suspense as to negotiations for peace, when our troops are still being transported and when their means of transportation is in urgent need of fuel."

"From whatever angle the subject may be viewed, it is apparent that such a strike in such circumstances would be the most far-reaching plan ever presented in this country to limit the facilities of production and distribution of a necessity of life and thus indirectly to restrict the production and distribution of all the necessities of life."

"A strike under these circumstances is not only unjustifiable, it is unlawful. Requests Strike Order Be Recalled."

"In these circumstances I solemnly request both the national and the local officers and also the individual members of the United Mine Workers of America to recall all orders looking to a strike on November 1 and to take whatever steps may be necessary to prevent any stoppage of work."

"It is time for plain speaking. These matters with which we now deal touch not only the welfare of a class but vitally concern the well being, the comfort and the very life of all the people. I feel it my duty in the public interest to declare that any attempt to carry out the purposes of this strike and thus to paralyze the industry of the country, with the consequent suffering and distress of all our people must be considered a grave national and legal wrong against the government and the people of the United States."

"I do not do nothing less than say that the law will be enforced and means will be found to protect the interests of the nation in any emergency that may arise out of this unhappy business."

"I express no opinion on the merits of the controversy. I have already suggested a plan by which a settlement may be reached, and I hold myself in readiness at the request of either or both sides to appoint at once a tribunal to investigate all the facts with a view to aiding in the earliest possible orderly settlement of the questions at issue between the coal operators and the coal miners, to the end that the just rights not only of those interests but also of the general public, may be fully protected."

Lewis Places Blame on Operators. Bloomington, Ill., Oct. 28.—John J. Lewis, acting president of the United Mine Workers of America, declined to state specifically the attitude of the United Mine Workers toward the statement of President Wilson, made regarding the proposed strike of the bituminous coal miners of the nation. In regard to this Mr. Lewis would only say:

"I am an American, free born, with all the pride of my heritage. I love my country with its institutions and traditions. With Abraham Lincoln I think God that we have a country

where men may strike. May the power of my government never be used to throttle and crush the efforts of the toilers to improve their material welfare and elevate the standard of their citizenship."

When asked to make a statement upon the right of miners to strike on November 1 in the face of the critical conditions he said:

"The coal operators have not offered a single constructive suggestion designed to avert this catastrophe. All through the negotiations at Buffalo, later at Philadelphia, and still later at Washington, the miners waited in vain for any counter proposal to be submitted by the operators."

"During the conference with Secretary Wilson at Washington, we said many times that we were willing to re-enter negotiations with the coal operators without reservation to conclude the making of an agreement forthwith. The offer that we made was repeatedly declined. The responsibility for the stoppage of work in the bituminous coal districts must necessarily lie with the coal operators."

Four Governors Back Wilson. Governors of four states, three Republicans and one Democrat, have expressed their entire approval of the stand taken by President Wilson in regard to the threatened strike of soft coal miners, as follows:

By Gov. Frank O. Lowden. Springfield, Ill., Oct. 28.—The statement of the president makes the issue plain. When a special interest conflicts with the interests of the people as a whole the former must give way.

By Gov. Frank O. Lowden. Springfield, Ill., Oct. 28.—The statement of the president makes the issue plain. When a special interest conflicts with the interests of the people as a whole the former must give way.

In fact, it is likely that the public will suffer more than the operators themselves. Whenever any organization, whether of capital or labor, becomes so powerful as to be able to give or to withhold from the public the necessities of life, such organization must come under the control of the government. Otherwise the part becomes greater than the whole. If the only alternative to a strike or lockout by such an organization is the compulsory arbitration of differences between employers and employees engaged in such vital undertakings, compulsory arbitration to that extent will have to come. Those leaders of labor who meet such a suggestion with the threat of a general strike do not help the cause of labor. A general strike would mean, in effect, an effort to substitute soviet for the duly constituted authority of the land. The people are not yet ready to abandon their form of government.

Illinois will co-operate with the president to the extent of its power, to the end that its people shall not suffer.

By Gov. W. L. Harding. Des Moines, Ia., Oct. 28.—In reference to the coal strike, let me say that the people of Iowa generally feel a strike at this time is ill advised. There is also feeling that the public should not be called upon to suffer on account of the fight between the operators and mine workers, and the feeling is also strong that the federal or state governments, or both combined, should prevent the strike by seeing to it that the operators keep the mines producing coal.

By Gov. James M. Cox. Columbus, O., Oct. 28.—I will say that the president has expressed the conscience of the nation.

By Gov. Louis F. Hart. Tacoma, Wash., Oct. 28.—The people of this state shall not freeze for lack of fuel this winter.

In a statement the governor declared the full power of the state government would be evoked if necessary in support of the stand of the federal government against the strike of the soft coal miners called for Nov. 1.

His Place. Sister Smith was called upon for testimony in a revival meeting. She humbly declined in these words:

"I have been a transgressor and a blank sheep for a good many years and have only recently seen the light. I believe that my place is in a dark corner behind the door."

Brother Jones was next called upon. Following Sister Smith's inebriated example, he said:

"I, too, have been a sinner for more than forty years, and I do not think I ought to stand before you as a model. I think my place is behind the door in a dark corner with Sister Smith."

Can't Be Done. The day was sultry. The class was going through its paces on the "Star Spangled Banner," and "Columbia, the Gem," and "My Own United States." Johnny Black, hot and sticky, was gazing through the window at the distant ball park. The teacher brought him back from drowsiness with a yank.

"Johnny Black," she shrieked, "why don't you sing your country's anthem?"

"Don't wanter."

"A nice American you are," hazarded the teacher, probing for patriotic embers. "Don't you ever expect to do anything you don't want to?"

"Not 'less I wanter."

Out of His Line. It was one of those rare occasions when Attorney Guernsey lost a case, and he wasn't feeling very happy over it.

"Your profession doesn't make angels out of men, does it?" said a medical friend, teasingly.

"No," snapped Lou; "that's one thing we leave to you doctors!"

THE KITCHEN CABINET

He has respect for other men. Whatever their clime or creed. He hails mankind as brothers when they come to him in need. He measures all men by their worth. And meets them on the sod As brothers of a common birth. All children of one God. —Francis Smith.

COMPANY GOOD THINGS.

For a company luncheon creamed codfish and potato served in baked potato shell is both a dainty and wholesome dish.

Prepare the creamed codfish as usual, bake the potatoes, cut them in half and remove the potato.

Mesh with butter a little cream and seasoning. Put a tablespoonful of the codfish in the shell. Add some of the potato, brush the top with egg and set into the oven to brown. Garnish with a sprig of parsley.

Lettuce Salad With Cheese Balls.—Make balls of seasoned cream or cottage cheese. Roll some in chopped chestnuts and some in nuts. Dispose in nests of head lettuce and serve with a good bottled dressing.

Another attractive cheese salad may be prepared as follows: Use one of the little revolving ice-cream cones used in serving cream. Rub the inside with olive oil, line the mold with cream cheese, mixed with cream to make it of the right consistency. Fill with chopped, salted celery mixed with a little mayonnaise. Carefully turn out on a lettuce leaf.

Grape Bavarian Cream.—Soak one-third of a package of granulated gelatine in cold water to cover. Dissolve over hot water, then add one pint of grape juice sweetened to taste. Place in ice water and stir. As the mixture thickens, stir into it one and one-half cupfuls of cream whipped. Decorate the sides and bottom of a mold with split almonds, dipping each into a little of the dissolved gelatine. Carefully turn in the mixture and set away on ice to become firm. When serving garnish with frosted grapes. Wash the grapes then dip in egg white, then in granulated sugar. Arrange on grape foliage with the cream in the center of a large chop plate.

Rings of shapely muskmelon, with the rind removed, filled with ice cream garnished with preserved ginger, with a bit of the sauce for each, makes a most delectable dessert.

Happiness is a normal and natural condition and something is radically wrong with every life where it doesn't play at least a predominating part. Such life falls also in performing its duty towards its neighbor as it should perform it.—Ralph Waldo Trine

EAST INDIAN CURRIED DISHES.

In spite of its high seasoning, people who have acquired the taste for curry enjoy it at any season.

Although curry powder is not expensive when purchased, one may prepare it at home and be sure of its purity.

Take one ounce each of turmeric, coriander seed, white ginger, nutmeg, mace and cayenne.

Pound all together in a mortar and sift through a fine sieve; bottle and cork well.

To prepare curry, a rabbit, chicken or other delicately flavored meat is required. For chicken curry cover the chicken with boiling water, adding two large onions and a bouquet of herbs. Simmer gently for an hour and a quarter or until the chicken is tender, removing all fat as it rises. Add two tablespoonfuls of flour to the same amount of fat, mix until well blended and stir into the chicken broth. Add a teaspoonful, or more if partial to the taste, of curry powder. This should be mixed with the flour and fat. Beat the yolks of three eggs, stir into the gravy carefully, add salt together with the juice of half a lemon. Heat but do not boil. Pour over the chicken and arrange around it a border of rice.

East Indian Curry.—Slice one onion and fry in butter. Soak a slice of bread in milk, grate six sweet almonds, add, with two well-beaten eggs, one-half cupful of milk, one-half pound of minced meat, one tablespoonful of butter and one tablespoonful of curry. Grease a baking dish with butter, rub with lemon juice, salt, put in the mixture and bake. Serve with boiled rice.

Curry of Mutton.—Fry one large onion chopped fine in two tablespoonfuls of butter. Mix one tablespoonful of curry powder, one teaspoonful of salt, one tablespoonful of flour and stir into the butter and onion. Add gradually one pint of stock. Cut two pounds of lean mutton into small pieces and brown them in hot fat; add them to the sauce and simmer until tender. Place the meat on a hot dish and arrange a border of rice around the meat.

Curried Eggs.—Cook six eggs until hard, remove the shells and cut in halves. Fry a teaspoonful of onion in a tablespoonful of butter, add one tablespoonful of cornstarch or two of flour, mixed with half a tablespoonful of curry powder. Pour over slowly one and one-half cupfuls of stock, cream or milk; add salt. Simmer till the onions are soft, then add the eggs. Simmer until hot. Serve in a shallow dish or arrange on toast.

His Chief Trouble. There is an elevator boy in a New York office building who is among a large number of public servants who resent needless questions.

One day there entered his car a rather fussy old lady, and garrulous as well.

"Don't you ever feel sick going up and down in this elevator all day?" she asked.

"Yes, ma'am," said the boy. "Is it the motion going down?"

"No, ma'am. 'The motion going up?'"

"No, ma'am. 'Is it the stopping that does it?'"

"No, ma'am. 'Then what is it?'"

"Answering questions, ma'am. Everybody's."

WISCONSIN STATE NEWS

La Crosse—The Wisconsin Minnesota Light and Power company, boosted the valuation of its gas plant from \$500,000, the book value, to \$1,400,000, based on cost of replacement, in a hearing before the railroad commission on an application for an increase from \$1.30 to \$2.30 per 1,000 feet. The same company has asked for an increase in the gas rate at Eau Claire to \$3.20 and in Chippewa Falls to \$2.95. Evidence of valuation engineers for the company was taken by Commissioner Allen at the hearing in La Crosse and adjournment was taken until Dec. 9, when a joint hearing will be held in Madison.

Stanley—Work was begun here this week on the building which will house the Stanley Toy works. The company is incorporated for \$85,000. Most of the stock has been subscribed by local buyers. The Stanley Industrial Development company has purchased a large block of the stock. Most of the toys are made from designs by T. P. Judd, promoter and president of the company, who comes from Elgin, Ill. The building will be ready for occupancy about the first of the year.

Sparta—Mrs. Howard Teasdale, wife of the former state senator and father of many Wisconsin statutes advancing eugenics and to suppress vice, is planning to attend the next World's Women's Christian union convention, which will be held in London, England, next April. She was elected as delegate from Wisconsin at the recent state W. C. T. U. convention in Oshkosh. Mrs. Teasdale also is state musical director of the W. C. T. U.

Eau Claire—Eau Claire will have a marked increase in tax rate. Since Eau Claire adopted the commission plan in 1910 it has enjoyed a comparatively low tax rate. The average during the last nine years has been around 24 mills, but the city council estimates that this year it will reach 30 mills or more. Increased cost of labor, increased cost of materials, a larger school budget and the soldiers' bonus are the main factors.

Madison—A report by the industrial commission upon the work of the public employment bureau in Milwaukee during the year ending June 30, shows that 86,855 applications for work were filed and that there were 99,392 calls for help, 84,628 references to positions, and 58,878 verified placements. In September, 1915, registration for help totaled 4,639, calls for men 5,630, number referred to positions 4,879, and verified placements 4,439.

Superior—That Mayor Baxter has not the legal power to cut either the police or fire departments was the opinion made by Attorney W. P. Crawford, representing plaintiffs in mandamus proceedings instituted by twelve discharged policemen against the city. The attorney also accused the mayor of not having acted in good faith and that the cut was not made as a measure for economy, but for personal reasons.

Beloit—The common council approved the establishment of a municipal coal yard for sale of fuel to the people at the lowest possible prices. Mayor J. A. Janvry was instructed to name a committee to devise ways and means to put the project in operation. Suggestions were also made as to having a municipal market to cut down the price of foodstuffs.

Manitowoc—Manitowoc's two public utility plants—water and electricity—made a profit of \$71,854.98 during the fiscal year ending June 30, according to the report made by the utilities committee of the city council to the state commission. The water department, says the report, netted \$30,146.40, while the electric light plant shows a profit of \$41,708.58.

La Crosse—Louis Ruehl, former detective for the Milwaukee road, was put on trial on a charge of manslaughter for the death of Fred Zunker, an employee of the road, March 19. Mr. Ruehl was acquitted of a charge of murdering J. B. Schomers, who was with Zunker. Mr. Ruehl shot both men, testifying that they attacked him.

Antigo—A night school is to be opened at the high school building on Nov. 4. Courses will be given in bookkeeping, shorthand, typewriting, cooking, sewing, shop mathematics, machine drawing, cabinet making and citizenship for foreigners.

Madison—The balance in the state's general fund on Sept. 30 was \$2,555,925.83, according to the quarterly statement issued by Secretary of State Merlin Hult. The balance June 30 was \$5,391,505.97.

La Crosse—Cherry trees are in blossom here for a second time this year, in the yard of A. J. Miller. Strawberries are ripening in city gardens. Fred Fillmer, Edrick, picked five quarts of ripe berries for the family's Sunday strawberry shortcake.

Sheboygan—Concordia Singing society, organized in 1860, Sheboygan county's oldest, musical organization, will celebrate its sixtieth anniversary, Feb. 9, 1920. Plans have been made for a concert on that date. Prof. Theodore Winkler is director.

Watertown—Mrs. Laura Harte is the first woman member of the Watertown board of education. Her appointment resulted from an agreement by aldermen when they were faced with naming a successor to Edwin Reichardt, who resigned. Her election is receiving praise by women as the first official recognition of the sex shown by the aldermen. Mrs. Harte is a graduate of the local schools and has been active in educational circles.

Eau Claire—At the request of the city the hearing of the application of the Wisconsin-Minnesota Light & Power Co. for a revision of rates for gas was adjourned to come up in December at Madison. The company asked an increase in rates before J. S. Allen, state railway commissioner. Similar requests for revision of rates have been made by the company in Chippewa Falls and at La Crosse.

Waupaca—A hearing on the shortage of cars for potato shipping purposes was held here before the railroad commission. Potato shippers have been complaining bitterly that cars have not been supplied rapidly enough and as a result potatoes have been exposed to all kinds of weather while waiting to be loaded. The state marketing commission is responsible for the hearing.

Manitowoc—The local traction company will not extend its lines, as was expected, nor will the city compel the company to do so. The state railway commission considers it ill advised for the city to demand that the company extend, because of the soaring prices of material and labor. Company officials declared they can not spend the money for improvements at this time.

Madison—Seventy-five discharged soldiers, disabled in the service, are enrolled in the college of agriculture, either long or middle course, for agricultural training under federal aid. At least 100 or more men in the college are discharged soldiers, sailors, or marines who are receiving the \$30 a month educational bonus granted by the state.

Janesville—The first public sale held by the shorthorn breeders of Rock county, brought in \$20,195. Forty-nine head of cattle were sold. The success of the sale has enthused the breeders to make it an annual affair. The secretary is J. J. McCann. The highest price for a single animal was \$1,025. The lowest was \$380.

Madison—In the 6,601 rural schools in Wisconsin about 80 per cent of the children are eating a cold lunch at noon. In only 1,393 schools in the state is there a hot dish prepared at the school, and Wood county alone has 6 per cent of this number. Of the ninety Wood county rural schools 84 serve a hot dish at noon.

Madison—Carl H. Tenney, Madison attorney has been appointed fair price commissioner of Wisconsin, according to a telegram from Washington. This office is the outgrowth of the former state food administration headed by Magnus Swenson, but which was dissolved after the signing of the armistice.

Janesville—Hunting operations here are threatened with delay because of an order by the railroad administration which threatens the use of freight cars for hauling sand and gravel. The Chamber of Commerce has asked Wisconsin representatives in congress to assist in relieving the situation.

Chippewa Falls—The first thirty-five head of Holstein cattle sold at the Chippewa Valley Holstein association brought a total of \$10,570. Ed C. Davey of Chippewa Falls was the largest individual bidder, buying six head at a total of \$2,255. The highest price cow sold was \$655, two others sold for \$500.

Kenosha—That the city schools may pay the regular monthly salaries to its teachers and employes the city council has voted an appropriation loan of \$25,000 to the school board to cover a temporary deficit existing at the present time.

Sheboygan—Superintendent of Poor Frank Ira has received 600 bushels of excellent Michigan potatoes. He will distribute 200 bushels among the poor and has placed the remainder on sale at \$1.50 per bushel.

Ladysmith—During the last five years Rusk county has shown an increase of 100 per cent in valuation. In 1913 the total valuation of the county was \$8,116,213, while in the present year it is \$17,058,035.

Madison—Mrs. Joseph Vale has been awarded \$475 damages by a jury in an action against Dr. Walter B. Noe, a dentist, whom she charged with cutting and lacerating her tongue while operating a drill.

Marinette—The Marinette and Menominee Paper Co. granted a raise of 3 cents an hour to all its 500 employes. The lowest wages now paid in the local mills is 45 cents an hour. The latest increase came without any demand on the part of the men, although a meeting of the employes had been held to consider the wage situation.

Rhineland—Charles Webber, a settler near Goodnow, killed three wolves in one day. The beasts had carried off several sheep from the Webber farm.

Eases Colds At once! Relief with "Pape's Cold Compound"

The first dose eases your cold! Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

Relief awaits you! Open your clogged-up nostrils and the air passages of your head; stop nose running; relieve the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's—Adv.

Peace Stamps. President Wilson will soon have the privilege of seeing his own portrait on a postage stamp! Not a United States stamp, however, for the pictures of living persons do not appear on this country's adhesives. But there is no law which forbids a foreign country from thus honoring a living American—and the peace stamps in preparation in Uruguay—it is understood they already have been issued—bear the portraits of President Wilson, President Poincare of France, the kings of England, Belgium and Italy, and portraits of other rulers of countries associated in the war against Germany. This set will be highly prized by philatelists.—Kent B. Stiles in Boys' Life.

"KILL-JOYS" Constipation, Headache, Colds, Biliousness ended with "Cascarets"

Nothing takes the joy out of life quicker than a disordered liver or waste-clogged bowels. Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head, dizzy, your tongue coated, your breath bad and stomach sour. Why not spend a few cents for a box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel or harsh pills. They work while you sleep.—Adv.

Trying to Please. "Why did you put me at the table between those two women who nearly talked me to death?" "I did it because I heard you say you were fond of tongue sandwiches."

To Have a Clear Sweet Skin. Touch pimples, redness, roughness or itching, if any, with Cuticura Ointment, then bathe with Cuticura Soap and hot water. Rinse, dry gently and dust on a little Cuticura Talcum to leave a fascinating fragrance on skin. Everywhere 25c each.—Adv.

A Gentle Wooer. "He made violent love to you, didn't he?" "Dear me, no! He only asked me to marry him."—Life.

ASPIRIN FOR COLDS Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Adv.

"Carpet-Bagger." It is said that the term "carpet-bagger" was first applied to political adventurers in America. It was designed to describe a needy political adventurer who wanders over the country pandering to the prejudices of the ignorant in order to try to get into office. He was so called because he was regarded as having only enough property to fill a carpet bag.

TOO SHORT TO DO UP AND STILL FALLING A little "Danderine" stops your hair coming out and doubles its beauty.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair to grow strong, thick and long and become soft, glossy and twice as beautiful and abundant.—Adv.

The average man would rather mind the baby occasionally than mind his wife semi-occasionally.

Save the Babies INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent, or nearly one-quarter, die before they reach one year; thirty-seven per cent, or more than one-third, before they are five, and one-half before they are fifteen!

Total Stranger—How like a Chinese that woman is over there. Absolute Ditto—Indeed! She is my wife. T. S.—Ye-es. Her—ah—feet are so delightfully small, y'know.

State of Ohio, City of Toledo, Lucas County—Frank J. Cheney makes oath that he is senior partner of the firm of F. J. SIMPLY LEFT IT TO TOM CATTAILS HAVE FOOD VALUE

Mother Shrewdly Reasoned That She Needn't Worry About Time to Give Medicine.

There is a Philadelphia mother who is forgetful and knows it, but who is clever enough to discount this falling, as a rule. Not long ago her small son was rather indisposed, and the doctor ordered a medicine to be given at three-hour intervals.

"Did you give Tom his medicine regularly?" the husband and father asked unhelpfully upon his return home in the evening.

Harvard University Head Tells Good Story With a Moral That is Easy to Understand.

There is a story told in Boston which ought to spur on Harvard graduates in their efforts to obtain the Harvard endowment fund.

"I know how much you are asking for," said the business man, "but how much do you really want?" "Well," President Lowell answered with a slight twinkle, "I am like the little girl who went to the butcher's for her mother. She stood by the counter until it came her turn and the butcher said, 'What do you want, little girl?'"

Investigation Has Shown Them to Contain a Satisfactory Amount of Needed Protein.

Flour from the cattails of the swamps has been found by the plant chemical laboratory at Washington to contain about the same amount of protein as rice and corn flours, with somewhat less fat than wheat flour, and it was regarded as a promising substitute with wheat flour to the extent of 10 to 20 per cent. In the investigation, of which he has given an account in the Scientific Monthly, Prof. P. W. Claassen tried the flour in several ways, both as part substitute with wheat flour in baking and as cornstarch substitute for puddings. Biscuits containing 50 and even 100 per cent of this flour proved to be palatable, not very different from those of wheat flour alone, while the puddings had an agreeable flavor and were satisfactory. The flour material is obtained from the large underground rootstalks or rhizomes, of which it forms a starch core three-eighths to one-half inch in diameter. The dried rhizomes from an acre of cattails were shown to equal 10,792 pounds, and the core substance, passed through a meat grinder and sifted, yielded fine flour at the rate of 5,500 pounds per acre. Many thousand acres of cattail marshes are included in the 139,855 square miles of swamp land of the United States.

Give the world the once over

LISTEN, fellows, to some straight talk. Many a man when he gets to be 40, misses something. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, it's too late.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right NOW Uncle Sam is calling. "Show up!" He wants men for his Navy. He's inviting you! It's the biggest chance you'll ever get to give the world the once over!

The Navy goes all over the world—sails the Seven Seas—quints at the six continents—that's its business. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore-leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

"Here's a Friendly Tip" says the Good Judge

Men who know tobacco, chew the best without its costing them any more. They take a little chew and it's amazing how the good taste stays in a rich, high grade chewing tobacco. For lasting tobacco satisfaction, there's nothing like a small chew of that rich-tasting tobacco.
