NUMBER 23

COUNTY LISTENING POST

By the County Superintendent

State Supt. C. P. Cary commends very highly the action of the county board of supervisors in providing additional salary for the supervising teacher for next year and the employment of a county nurse. In commenting upon these actions he says: "Things such as these are an evidence of an awakening which will improve educational conditions. They are evidence of a growing belief that education is not only worth while but worth paying for." The county board of Washington County is the first board to take action in this state.

The county superintendent is in a position to cut the high cost of living along one line. We are offering you \$2.25 for fifty cents. We have made arrangements with the Wisconsin Journal of Education to put that Journal into the hands of the teachers at 50 cents from now until June 1920. There is absolutely nothing in it for this office. To quote his letter, "Instead of paying a commission to an agent to collect full price I am going to give your teachers the benefit of it. I know this price is a slasher, but I think I can stand the gaff. Of course Buckley, this proposition was never made before and never will be again. I am trying it out on you, and if it works, will continue."

Now, teachers do not permit this opportunity to get a first class teachers' paper to pass by. Mr. Lowell's department for grade and rural teachers is worth more than fifty cents. Send in your order now that you may get the February number.

Service is no good unless it serves. The teachers of this county made their service serve in the last ten days. Washington county was late in securing a candidate to make the canvass for the Journal's European trip but through the efforts of the teachers nearly 500 votes a day were polled for Miss Gossel during the last ten days. As there is no other candidate Miss Gossel will be nominated. The election will take place during the month of February.

Every person who can write his or her name may vote. No one is allowed to write the name of some one else. Ballots can be secured at banks, stores and drug stores. Children will bring home ballots and we urge that all members of the family vote these ballots. Washington County has a good chance to win. We aim to vote 90 per cent of the population.

Carter Alexander assistant state superintendent is authority for the statement that the usual number of vacancies in rural schools each year is 2500. To supply these vacancies, there are being trained in all the normal schools and training schools for teachers in the state 1300 men and women. In other words we shall be 1200 teachers short next summer. School boards should hold the good teachers they now have. It may cost money but everything worth while costs that.

We quote this sentence from a letter we received from Miss Margaret Wilson: "I believe you and others who are working in the community center field are helping to buttress the foundations of democracy. Surely, we cannot have a true democracy until we are thoroughly organized as a people to conduct our own business. Now, we have so much of it to our representatives. I am strongly of the opinion that we should do much more of it ourselves or at least let our representatives know clearly and definitely what we want them to do. I cannot see any better way of carrying out such a program than by co-operating in the way that the community center movement indicates. In short, by meeting together in the school buildings in neighborhood groups for taking counsel together."

HIGH SCHOOL NOTES

Leander Koepke was absent Monday and Tuesday. Macaulay's Poem are being studied by the Sophomore class. The class in General Science is studying water and commerce. The Medieval History class is studying Charlemagne Wars and Government. Arnold doesn't eat any dinner so he has a tendency to chew his words in English class. The Algebra class is taking up simple Equations. Oh yes, they are simple—sometimes. Helen Gutekunst is with us once more after a few days' illness. Glad you are back Helen. The Freshmen Hygiene class has reached the drawing stage, no, they are not drawing checks—Just cells. The Freshmen class is now taking up the Choice of Words. "Speech is Silver," you know, so watch out, you may be rich some day. Last Friday the basket ball team went to Random Lake where they defeated the Random Lake high school by a score of 30 to 15. The Bookkeeping class is now submerging into the subject of Accounting. May luck be with them in these days of pecuniary troubles. We think that Nathan had better take two looks next time he is introduced to the microscope. What do you think Nathan? Even Seniors make mistakes you know. Teacher: Why is it so difficult to conquer people living in forests? Pupil: Because they hide behind trees and can't be found. Dempsey! Chop down the trees.

MANY CROSS THE GREAT DIVIDE

DEATH OF RAYMOND RINZEL

Death called Raymond, the beloved son of Mr. and Mrs. John Rinzel at his home about two and one half miles east of Campbellsport, at 10:30 o'clock last week Thursday evening. His death occurred exactly fourteen months, after the death of his brother, who also died of influenza. Deceased was eighteen years of age, and was a graduate of the Campbellsport high school, in the class of 1919. At the time he was taken ill he was a student at the Bushey Business College at Appleton. His death has caused sincere regret among his wide circle of friends. His kind and loving disposition will long live in the memory of his dearly beloved parents, brothers and sisters, and to those who had the good fortune of knowing him. The funeral was held on Monday morning at 10 o'clock with services in the St. Matthew's Catholic church at Campbellsport. Rev. Father July officiated. Interment was made in the congregation's cemetery. The relatives from afar who attended the funeral were: Mrs. Katherine Thoenes, Miss Margaret Rinzel, Mr. and Mrs. John Thoenes, Al. Fuchs, Miss Irene Rinzel, Thomas Boehn and daughter Cecilia, Mrs. Wm. Bell, Mrs. Mary Fischer and Math. Rinzel of Milwaukee; Mr. and Mrs. Nick Schwindt of Armstrong and Math. Staehler of St. Michaels; Russel Calhous and friend, students at Bushey Business College of Appleton; 1919 graduating class of Campbellsport high school attended the funeral in a body. The pall bearers were Alfons, Zeno and Lawrence Rinzel, John and Willie Hammes and Walter Lade.

CARD OF THANKS

We hereby extend our sincere thanks to all who so generously assisted us and offered help and consolation during the late bereavement of our beloved son and brother Raymond, for the beautiful floral offerings, to the pall bearers, also to those who attended the funeral.—Adv. John Rinzel and Family.

MRS. KATHERINE MILLER

Death claimed Mrs. Katherine Miller, nee Klumb, at her late home in Milwaukee on Wednesday, Jan. 28, 1920. She was born in the town of Barton on February 5, 1861, and was married to Henry Faber on July 27, 1882. The latter died in 1908, and on Jan. 24, 1909, she entered her second marriage, with Geo. Miller. She was the mother of four children from her first husband, whom she leaves, namely: Lena (Mrs. Wm. Guth) of Chicago, John Faber of this city, Alma (Mrs. Peter Siegel) of Kewaskum, and Henry Faber of Milwaukee. She also leaves two brothers, Peter Klumb of the town of Wayne and Louis Klumb of here, and one sister, Mrs. Elizabeth Kohler of Mayville. The funeral was held last Friday afternoon, the remains being taken to this city and to DeTuneq's undertaking parlor. Burial was made in Union cemetery, Rev. Otto officiating.—West Bend News.

MISS SYLVIA SCHOOF'S

Death summoned Miss Sylvia Schoofs, sixteen year old daughter of Dr. J. J. Schoofs of Fond du Lac, at her home on Wednesday morning, after a short illness with pneumonia. Miss Schoofs was born March 8, 1903, in Johnsonburg. She has attended school at Fond du Lac for the past two years, being a sophomore in the high school there. The funeral will be held on Saturday morning at the St. John's church at Malone. Rev. Leitner will officiate. Interment will be made in the adjoining cemetery.

CARD OF THANKS

We, the undersigned, desire to express our sincere thanks to all our friends, neighbors and relatives, who so willingly assisted us in our late bereavement, the illness, death and burial of our beloved mother, Mrs. Bernard Hauschild, for the many beautiful floral tributes, to the pall bearers, and especially to the Rev. Greve for his kind words of consolation, and to all who attended the funeral.—Adv. The Surviving Children.

CHRONIC CONSTIPATION

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation.—Adv.

LOCALS WIN ANOTHER CLOSE GAME

In another close and hotly contested game, the local A. C. team defeated the crack Cedarburg team at the Opera House last Sunday evening by a score of 26 to 30. The game was very interesting, clean, fast and full of pep and brilliant team work. The visitors were a classy bunch of players, and although the locals were in the lead from the start neither side was sure of victory until the final whistle blew. Last Sunday evening's game was a contest in which the splendid team work on both sides, with the score running close, kept the large crowd who witnessed the game in a high pitch of excitement throughout the forty minutes of play. All were well satisfied with their evening's pastime, and none can speak too highly of the exhibition of basket ball to which they were treated. The Cedarburg players are certainly a good team, playing championship ball all the way through. The visitors acted the part of perfect gentlemen in every respect, and ought to receive high praise in their excellent work as basket ball artists, as well as in character wherever they may go. As the game with Schleisingerville was cancelled on account of three of the Slinger players being ill with influenza, Manager Schaefer will try to arrange a game with either Hartford, Oshkosh B'Gosh, Janesville or Two Rivers. Providing terms with either of the teams are not satisfactory, a big benefit dance will be held by the local team instead, which will mark the last dance before Lent. Music will be furnished by the Kewaskum Quintette.

TONIGHT IS THE BIG NIGHT

Everything is now in readiness for the Big Mask Ball at the local Opera House, tonight, held under the auspices of the local branch of the Modern Woodmen, this promises to be the biggest and most enjoyable event of the season. The committee in charge has worked hard to bring this masquerade dance to a successful conclusion. \$30 in cash will be given away in prize money. From present indications the Opera House will be taxed to its capacity with the large crowd of people who are planning to attend same. A large number of maskers are expected to be present. All maskers must be on the floor at 9 o'clock. Masks will be taken off at 10 o'clock. Music will be furnished by the Kewaskum Quintette. Admission 70 cents a person. Come and spend a very pleasant evening at this one grand and glorious dance.

I WILL NOT TREAT YOU UNLESS I KNOW I CAN CURE YOU

If you are sick and suffering from some chronic or long standing disease, if you have tried different doctors, medicines and treatments with no help whatever, if you are discouraged and have given up all hope of ever being well, I want you to come and see me. Let me make a thorough scientific examination of you, an examination you never have had, and if I find that I cannot cure you I will honestly and truthfully tell you so and will not treat you, if, however, I find your case can be helped I will gladly give you the benefit of my years of experience, and treat you. Many cases that have been pronounced incurable by others respond quickly to my method of treatment. I treat all diseases of the heart, lungs, stomach, liver, kidneys, brain, skin, nerves, including rheumatism, sciatica, lumbago, epilepsy, paralysis, nervous diseases, catarrh, asthma, head noises, deafness, weak lungs, stomach trouble, brights disease, diabetes, bloating, headaches, and special diseases. I treat without operation goitre, gall stones, chronic appendicitis, rupture, piles, fistula, tumors, adenoids, enlarged tonsils, and special diseases of women. Examination free to all. Don't waste your time and money if you are not getting help, call on me for an examination and learn the truth about your case. I am in my office in the Republican House, Kewaskum, Wis., every Friday from 9 A. M. and 12 (noon) I am in the Northwestern Hotel, Campbellsport, Wis., every Tuesday between 9 A. M. and 12 (noon), Milwaukee office 413-Grand Ave.—DR. KARASS.—Adv.

BUYS TRACT OF LAND

A deal was consummated on Monday, whereby L. D. Gath of this village purchased the ten-acre lot of Judge A. C. Backus of Milwaukee, located between the Milwaukee river and the railroad tracks, south of Main street. Mr. Gath stated that he intends to use the land for factory sites and other industrial purposes. He is at a loss at present to state just what factory will be built here, although several applications have already been received.

MEETS WITH TRAGIC DEATH

Life in all its joys and its sorrows, it's sunshine and it's shadows, is a mighty funny proposition after all, one moment our hearts fairly burst with enthusiasm, for the want of life, for the craving of newer ideas; the next moment anguish, despair and regret will greet us.

Such, no doubt, was the condition of affairs with Mr. Nicholas Uelmen, a farmer, residing near New Fane in the town of Kewaskum, last week Friday evening when he retired with his family of five children, happy and full of life, not thinking probably of what ill fate the tomorrow might bring, sleeping in peaceful slumber. Upon arising on Saturday morning he awoke his children, and went to the barn to do his chores, he had not been in the barn long when his oldest daughter Celesta, who in the faithful performance of her household duties, which she was accustomed to help in doing as best she knew how and was capable of doing, since the angel of death called her mother in 1917. While seemingly in the act of opening the door of the heater in the sitting room, with the aid of her dress, to keep her hands from getting burned unfortunately had her clothing catch fire, which spread so rapidly over her entire body that she was unable to extinguish the flames. Realizing her predicament, she ran out of doors. Her brothers and sister quickly called their father, who when he came out of the barn noticed the unfortunate girl standing outside in the snow a mass of flames. Mr. Uelmen at once proceeded to quench the flames, but got to her assistance too late, for with the exception of her face and hair, her skin had been burned to a crisp. Medical aid was summoned, in the hope of saving her life, but to no avail. She however, hovered between life and death until Sunday morning, at 7:45 o'clock when she succumbed to her burns. She was born on July 15, 1912, and was the oldest daughter of five children. She leaves to mourn her untimely death, her grief stricken father, three brothers and one sister, namely: Raymond, Franklin, Elroy and Marcella. The funeral was held on Wednesday morning, Feb. 4, with services in the St. Michael's church. Rev. Beyer officiated. Interment was made in the congregation's cemetery. Mr. Uelmen is one of the few, in this community, who for the past several years, has had extremely hard luck. In the summer of 1915, his barn was struck by lightning and totally destroyed by fire, in the fall of 1917, his wife died of blood poisoning, and in the spring of 1918, his oldest son Raymond was operated upon on one of his legs. Previous to these mishapings one of his children fell into a basin of hot water and was badly scalded. Although passing from one ill luck into another, and besides having several fingers burned while in the attempt to douse the flames in the burning clothing of his daughter last Saturday, Mr. Uelmen bears up well under the heavy strain with which he has been confronted, and has gained the true admiration of all for his wonderful mental strength, will power and endurance. The surviving relatives have the heartfelt sympathy of the citizens in this entire community.

BOLTONVILLE

CELEBRATE TIN WEDDING

Sunday, Feb. 1st was a day which will long be remembered by Mr. and Mrs. John Schladweiler, it being their tin wedding anniversary. The couple were greatly surprised by a large number of relatives and friends, who gathered at their home to help celebrate the occasion. Those present were: Mr. and Mrs. Ed. Meyer, Albert Kohler, Mr. and Mrs. Mike Ruhland, Misses Gertrude and Cecelia Hergges, Miss Isabella Thull, Master Sylvester and Oscar Thull, Miss Clara Schladweiler, Tony and Joseph Schladweiler, Misses Marie and Anna Staehler, Jack Schneider and son Aloysius, Miss Rosa Gross, Mike Schneider, Mr. and Mrs. Jack Schladweiler and family, Mr. and Mrs. Nick Schneider and daughter Paulina and son Theodore, Mr. and Mrs. Math. Hergges and family, Mr. and Mrs. Nick Gross and sons John and Ludwig, Mr. and Mrs. John Fellenz, Mr. and Mrs. Paul Geier and son Alex. Mr. and Mrs. Schladweiler received many useful gifts. The evening was most enjoyably spent in card playing, dancing and singing until the wee hours of the morning. At midnight a delicious luncheon was served to all. When the guests departed for their homes they wished Mr. and Mrs. Schladweiler the honor of being able to celebrate many more wedding anniversaries.

ST. MICHAELS

A number of people in this community are reported ill with the flu. Miss Ella Stellpflug is spending a few days with the Joseph Roden family. Mr. and Mrs. Walter Stellpflug of Milwaukee spent Sunday with the Wm. Hergges family. Mrs. Math. Stockhausen and daughters spent Monday with Mr. and Mrs. Frank Stellpflug. Hillary Hergges is visiting with his daughter, Mrs. Ed. Kierst and family at Elkhart Lake. Franklin Rose, who recently underwent an operation on his throat has recovered and is able to be up and around again. Joseph Kohler, Mike Wick, and the Misses Regina Kohler and Marie Goshy of West Bend visited with the Math. Kohler family. Mr. and Mrs. Joseph Roden and son, Mr. and Mrs. John Roden and Franklin Rose spent last Thursday evening with the Adam Roden family, helping Mr. Roden celebrate his birthday anniversary. This community was shocked on Sunday when the news spread that the little eight year old daughter of Nick Uelmen had been burned to death. The bereaved relatives have our heartfelt sympathy.

CAMPBELLSPORT TO ACCEPT BIDS

At a meeting held by the village board at Campbellsport it was decided to receive bids up to March 15 for the water and sewer system which was authorized by popular vote in the December election, at which time the village voted for two bond issues one for water works amounting to \$20,000 and one for sewer system to the amount of \$15,000.

DOLLARS AND CENTS

Counting it only in dollars and cents how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.—Adv.

PERIODIC BILIOUS ATTACKS

Persons subject to periodic bilious attacks will observe that their appetite fails them just before an attack. That is, they do not really crave food but eat because it is meal time. If they will eat only a light meal and no meat, then take two of Chamberlain's Tablets the attack may be avoided.—Adv.

AGRICULTURAL NOTES

By the County Agricultural Agent

Due to the Flu epidemic throughout the state and the Flu lid at Madison prohibiting all public meetings the Farmers' Course scheduled from Feb. 3 to 12 inclusive has been indefinitely postponed.

How many of the Washington County Farmers are raising pedigreed grains? Why should we not all raise pedigreed grains? Prof. P. A. Moore and his staff of workers in the agronomy department, have spent the twenty-five years breeding and proving Wisconsin seeds and grains. The price of a bushel of pedigreed grain is very little more than the price of a bushel of ordinary grain, yet the yield per acre will be greater and the quality overwhelmingly better. In these days of high priced land and labor we must endeavor to get the most from our land and labor. One good way to do this is to grow pedigreed grains. We should resolve this year to plant only pedigreed grains, or at least plant an acre to get the seed for next year's crop.

TAKES SOME TIME TO DINE

Meal Taken in Arabian Bazaar is Something Like a Progressive Game of Cards.

In his book, "War in the Garden of Eden," Kermit Roosevelt gives a picturesque description of restaurant life in the Arabian bazaars: "I wandered off into the bazaar to get something to eat. In native fashion, I first bought a big flap of bread from an old woman, and then to a pickle booth to get some beets, which I wrapped in my bread. Next I proceeded to a meat shop and ordered some lamb kababs roasted. The meat is cut in pellets, spitted on rods six or eight inches long, and laid over the glowing charcoal embers. In the shop there are long tables with benches beside them. The customer spreads his former purchases, and when his kababs are ready he eats his dinner. He next proceeds to a coffee house, where he has a couple of glasses of tea and three or four diminutive cups of coffee to top off, and the meal is finished. The Arab eats sparingly as a rule, but when he gives or attends a banquet, he stuffs himself to his utmost capacity."

Health "Preservatives."

For ages a raw potato or a horse-chestnut carried in the pocket was held to be a great palliative, if not a complete cure, for rheumatism and, indeed, even to this day there are not a few who believe in it and who gravely talk of the power of the tuber or the nut to absorb uric acid or other poison. A bit of the horn of a narwhal was long highly esteemed as a talisman of health.

Women are always in quest of something—but a conquest seems to suit them best.

Money talks and it is in a hurry to say good-bye to most of us.

WISCONSIN STATE NEWS

Madison—Interest in place names is widespread, and no request comes oftener to the State Historical society at Madison than for information about the name of the state. Wisconsin is named for its principal river, but the significance of this has never been satisfactorily determined. It is an Indian name, of course, and a tempt of white men to reproduce it has led to over twenty different spellings found on early maps, ranging from "Misconsin" to the ordinary French form "Wisconsin." The present spelling of "Wisconsin" was only settled by formal vote of the constitutional fathers in the convention in 1846.

Superior—One of the most sensational failures in the history of the Superior business world came one step nearer final adjustment with the filing of findings in bankruptcy and an order directing Louis and Jacob Segal to turn over \$45,000 in cash with interest since Jan. 31, 1914, to Lee J. Moss, their trustee, for the benefit of their creditors. The order was embodied in findings of Charles A. Wilson, referee in bankruptcy, which specifies that payment must be made on or before Feb. 16.

Manitowoc—The Standard Oil company paid over to Lars Aslakson \$2,500 for injuries sustained by the man's son when he had his leg crushed by one of the company's trucks, necessitating amputation. There was a question of the company being liable as the lad was hitching at the time of the accident and while the liability was in question the company turned over the check for the amount after the case was called to their attention.

Antigo—A new plan whereby teachers become the advisers of high school girls has been inaugurated here. The girls are allowed to select their advisers, and each teacher will be adviser to about sixteen girls. Every two weeks talks will be given by the advisers on vocations, etiquette, hygiene, morals and other subjects. The meetings will be more or less informal, and questions and discussion will figure prominently.

Hurley—Eighteen children between the ages of 7 and 15, attended school for the first time in their lives. They are residents at a farming settlement of Finnish persons at River Branch, too far from any school to make it possible for them to attend. A new frame school was recently built and opened. There is but one grade for the entire lot, for all are beginners.

Appleton—Dr. G. M. Henbest, whose wife was recently granted a divorce, is facing a charge of contempt of court as a result of failure to live up to the agreement in the action. It is charged he has failed to turn over the property allowed his former wife, interferred with the custody of the minor child and failed to pay disbursements and costs in the action for divorce.

Appleton—An increase in the tuition rates at Lawrence college, effective next September, was announced by President Samuel Plantz. The tuition will be increased from \$75 to \$100. In order to aid students that cannot afford the increased tuition, 50 scholarships of \$25 will be given and awarded at the discretion of the president.

Glenwood City—With the present hue and cry about underpaid teachers, a schoolman's desk would seem to be about the last place a thief would ransack, but a night raid was made on the local high school and about \$12 and a fountain pen taken from the desk of Miss Elsie McNamara of the local faculty.

Madison—Two members were appointed to the board of conciliation by Gov. Philipp: A. J. Frame of Waukesha, to serve until the first Monday of February, 1921, and Marcus A. Gemp of Superior, until the first Monday of February, 1922.

Oconto—Judge Herbert F. Jones, who returned from a two-months' stay at the Sacred Heart sanatorium, Milwaukee, a few days ago, has qualified for office again, entering upon his twenty-third year as county judge.

Ashtland—Prof. Swenbart, Madison, who has charge of the land clearing demonstrations throughout the state, will change his headquarters from Madison to Ashtland.

Viroqua—Miss Grace Dinsdale, assistant principal in the Vernon County Normal Training school, has been promoted to the principalship.

Manitowoc—Manitowoc county defeated the \$3,000,000 road bond issue at a special election by a vote of 2,702 to 2,410.

Marinette—Part of the crew of the Republic Box company walked out on a strike. The men were recently granted an increase of 25 cents per day for the younger and 50 cents for the older men, effective Feb. 1. The employees asked that the new scale go into effect Jan. 15 instead, hence their refusal to work.

Medford—The Medford Light and Heating company was closed down to repair the engine, and all those dependent on electric power were forced to resort to primitive methods.

Rhineland—Oueda county farmers want the date of the 1920 state fair changed. Commissioner Norgord has stated that the date will be set Aug. 30, to Sept. 4, and farmers declare this will ruin their chances for exhibiting because crops mature later in this section.

Marinette—Beatrice Faucette, an employe of the Boreal Manufacturing Co., suffered a badly burned and bruised right hand when it was caught between two rollers while at work in the plant.

La Crosse—Flora Littlebear is the first Indian woman in the Winnebago tribe in this part of the state to apply for mother's pension. She appeared in the La Crosse county court with a papoose on her back and two little children following behind and filed a petition for aid for her little ones in accordance with the state law. Amos Littlebear, her husband, died a year ago. She lived in an Indian village on the bank of the Mississippi, 14 miles above La Crosse.

Glenwood City—What is undoubtedly the highest price ever paid in northern Wisconsin for a cow and a calf was received by the St. Croix county asylum farm near New Richmond for the P. B. Holstein Minita Korndyke Ormsby 282746 and her three-months-old heifer. They were purchased by P. P. Spaulding, Warren, Minn., for \$2,100. The county farm purchased the cow only one year ago for \$400, and thus made \$1,700 on the cow in one year.

Eau Claire—The village of Prairie Farm, Barron county, has returned at least temporarily to kerosene lamps and gas lights. The Prairie Farm Electric Co. discontinued furnishing electric light and power Feb. 1. The company has been operating at a loss for three years and the railroad commission recently granted its request to discontinue service. Arrangements are being made to bring in electric power from some other source.

Chippewa Falls—Government officials are conducting a hearing here with a view of determining the rating of the three candidates for postmaster to succeed Postmaster Cunningham, recently resigned. The three candidates for the appointment are Ernest Nickel, assistant postmaster since Cunningham's resignation; Edward Richter, who has charge of the office of the Leinenkugel Brewing Co., and William McDough, railway mail clerk.

Neenah—Six years ago the city of Neenah was about \$80,000 in debt, was borrowing money to pay interest on borrowed money and the annual taxes were consumed in paying debts of the preceding year. Now Neenah is out of debt, is working on more or less of a budget system, is using the taxes for the current year's expenses and is steadily reducing its bonded indebtedness—the effects of careful and conservative municipal administration.

Ashtland—The Ashtland Weekly Call, established in Ashtland about two years ago, by F. W. Haislett, has changed hands and has been absorbed by The Ashtland Daily Press. This leaves Ashtland with The Press as its only paper. During the past twenty years or more, a number of weekly papers have been established at Ashtland, all being absorbed ultimately by the local Press, or going out of business.

Manitowoc—The Co-operative Orchard company of Sturgeon Bay, in which much local capital is interested and of which James G. Martin of this city is manager, files papers at Madison, increasing the capital stock from \$100,000 to \$200,000. The papers were approved. Improvements and increased output is the purpose of the increased capitalization.

Wittenberg—The Scandinavia academy, which was destroyed by fire Jan. 8, may be rebuilt in Wittenberg instead of in Scandinavia. Wittenberg citizens are making a strong effort to induce the officials of the institution to locate here. The new building would represent an expenditure of \$140,000.

Marinette—Due to an altercation when at work in one of the J. W. Wells Lumber company's camps near Wausaukee, Marinette county, William Kostak is in the hospital here with a cut on the head inflicted by an ax in the hands of a fellow workman. The authorities are searching for his assailant.

Antigo—That the demand for logging horses was the heaviest in years is the statement of Sam B. Ullman, well known horse dealer of this city. He predicts a very strong demand for farm horses in the spring.

Grand Rapids—G. D. Fritsinger, secretary of the Grand Rapids Chamber of Commerce, heads a new oil company to be known as the Wood Oil Co. The new organization will job out for the local dealers.

Sheboygan—Chris Prange, 27, farmer of Oostburg, sustained a broken leg when a straw stack, covered with ice and snow, tipped over and struck him. He was taken to a local hospital.

Ladysmith—Hot lunches will be served in all Rusk county rural schools according to Miss Margaret Thomas, county health nurse.

Madison—Herman F. Wessels, 50, a grave digger, took his own life here. Ill health is supposed to have been responsible.

Ashtland—The "flu" so prevalent elsewhere has scarcely been heard of this winter in the northern part of Wisconsin. Not a single case of "flu" has been reported at Ashtland this winter. A year ago, deaths from the disease were common in this region.

Janesville—After sixty-six years of married life Mr. and Mrs. George W. Crossman, Janesville, were buried together in the cemetery here. A double funeral was held. Mr. Crossman followed his wife in death by less than a day.

Madison—Legal steps will be taken by the national board of the American Society of Equity to ascertain the exact financial condition of the organization as left by the members of the old board who were ousted at the recent national convention in Madison.

Kenosha—After hiccupping constantly for the last three days, A. L. Crosby, owner of the Market Square Music shop, became unconscious and it was only after five physicians had attended him more than three hours that he was revived.

NAME "BAYER" ON GENUINE ASPIRIN

Take tablets only as told in each "Bayer" package.

The "Bayer Cross" is the thumb-print of genuine "Bayer Tablets of Aspirin." It protects you against imitations and identifies the genuine Aspirin prescribed by physicians for over eighteen years.

Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions to safely relieve Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

There is no mean way save that which is sordidly selfish.

McCormick, — Deering, — International, — P&O

The Most Reliable Harvesting and Haying Machines

The Most Efficient Tractors and Power Machines

The Most Popular Plows and Tillage Implements

YOU know these trade names. Your father and grandfather knew three of them. They knew in their time, and you know today that these names stand for the highest quality farm machinery in the world. McCormick built the first practical reaper, Deering sold the first twine binder and was a good-twine pioneer, and William Parlin was one of the first steel plow pioneers. The lines of harvesting machines and plows started by these farm ma-

chine builders have been growing and developing ever since. Other machines have been invented and developed by the same manufacturers, and every new machine and implement has had built into it the years of manufacturing experience and farm knowledge accumulated by McCormick, Deering, Parlin and their successors. Now all of these machines and implements have been merged into one line—the International Harvester. The reputation of every machine and implement in this line is the same.

We Sell the International Line

What does this mean to you as a farmer? It means, first of all, that you can buy any farm machine or implement you may need, right here in this town, without taking chances on experiments or implements that might be "orphaned" one or two years after you buy them because of the manufacturer going out of business. You can always get repairs for any machine or implement in the International line because the Harvester Company will never go out of business. You are assured of reliable machines because every machine in the Harvester line is tried out and tested under actual farm conditions, before being offered for sale to the farmer. The Experimental Department of the Harvester Company is the most thorough and active institution of its kind.

It means, second, that you can get repairs and repair service

on all of these machines through one concern—us. You don't have to go to the bother and inconvenience of trying to get repairs and service from half a dozen or more different companies. You won't be taking chances on expensive delays waiting for repairs during the busy seasons because we are going to carry a big stock of repairs on hand and any repairs that we might not have we can get for you in a hurry by a phone call to the International Harvester branch house.

Tack this advertisement up in your machine shed so that whenever you need repairs for any of your International machines you will know where to go. Also, you will know where to go when you are in the market for new machines or implements of real quality and the highest operating efficiency.

A Woman's Weakness HOW SAVED FROM SUFFERING

Kalamazoo, Mich.—"I always found Dr. Pierce's medicines to be good. Some time ago I was sick. I was laid up about three months with a very bad case of feminine weakness and I took Dr. Pierce's Favorite Prescription and Dr. Pierce's Pleasant Pellets and I got immediate relief and in about four months I was well as ever. It is a wonderful medicine it saved me lots of suffering and doctor bills, too. I hope my testimony will be the cause of others who are suffering with feminine complaint to try this medicine. It will surely cure them."—Mrs. Julia Hickox, 133 Lincoln Ave.

Weakness and Bad-Blood

Waukesha, Wis.—"I have taken Dr. Pierce's Favorite Prescription and received great benefit from its use. About 18 years ago I was ill with weakness and my blood was in bad condition. Well, Dr. Pierce's medicine did not seem to give me the relief I thought I should have, I began taking the 'Favorite Prescription' and it cured me in a short space of time. I do certainly recommend it as being good."—Mrs. Minnie Stranberg, 709 Pleasant St.

Dr. Pierce's Favorite Prescription is a non-alcoholic remedy that any ailing woman can safely take because it is prepared from roots and herbs containing tonic properties of the most pronounced character. SAYS INTERESTS BACKED NEWBERRY

U. S. Aid Puts Alleged Plot on Big Corporations.

SET OUT TO BUY SEAT

Tells of Faked Films, Church Donations and Bills in Books—Prosecutor Names Senator and Lobbyists as Originators of Plot.

Grand Rapids, Mich., Feb. 3.—The fraudulent election conspiracy which the government charges against United States Senator Newberry and his codefendants had its inception in New York in 1917, according to the opening statement which Frank C. Dailey, assistant attorney general, made to the jury in United States District court here. He named Senator Newberry and Frederick Cody, whom he described as "a legislative agent for large corporations, particularly the American Telephone and Telegraph company and the American Book company," as the men who made the "preliminary arrangements." He added: "They had determined to purchase the United States senatorship in Michigan for Mr. Newberry."

Mr. Dailey told the jury that the senator "was then on patriotic work" in New York city as a lieutenant commander in the navy, adding that the American Book company "was largely controlled by the Barnes family, to which Mr. Newberry was related by marriage."

Sought Wide Publicity. The prosecutor then sketched the publicity campaign of the Newberry organization, charging that it sought advertising space in "every newspaper and magazine in the state." He named several publications in which he said the advertising appeared, including "such published in the German language."

He then turned to the use of moving pictures, saying that Thomas R. Phillips of Detroit, one of the defendants, was sent to New York to negotiate for them. "Phillips purchased about 1,000 feet of an old film showing a review of the United States navy," said Mr. Dailey. "The subtitles were changed so as to make the pictures applicable to the propaganda for which they were intended. Mr. Phillips also employed a moving picture company to take 125 feet of new films."

"Mr. Newberry posed in various attitudes in the new film. He went to a battleship located on dry land in a New York park and stood on the bridge of the ship and turned slowly to face the audience while the camera caught him in this attitude. "He next played that he was paying a visit of inspection to this battleship. To divert attention from the fact that the film was a Newberry advertisement and render it more misleading, the film terminated with an appeal for enlistment in the navy."

Regular Admission Charged. Mr. Dailey said the film was distributed in Michigan, advertised by Newberry agents posing as theatrical advance men, but that "patrons of the moving picture houses over the state paid the regular price of admission to see this film."

The prosecutor read a telegram which he said was sent in September, 1918, to Col. Theodore Roosevelt at Oyster Bay, bidding for his approval of the Newberry candidacy. He said this telegram was signed, "Newberry Volunteer Committee; Charles A. Floyd, Secretary."

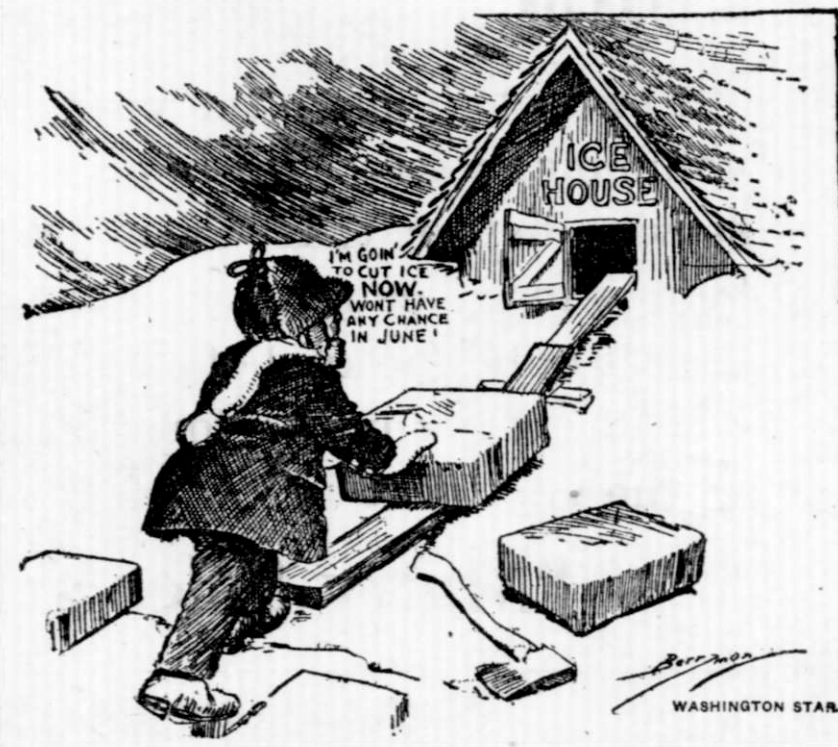

The telegram stated that \$176,000 had been contributed to the campaign by many subscribers but, according to the prosecutor, the campaign statement of the committee showed that five contributors alone gave \$109,500, and named John S. Newberry, a defendant and brother of the senator; Mrs. Henry B. Joy, a sister, and her husband, and Victor Barnes and Lyman B. Smith of the American Book company.

How the government charges the money was scattered was described in detail by Mr. Dailey. He said it went for automobiles and halls, workers at the polls, votes, banquets, liquor, cigars and flowers. He charged that some custodians of money used it to pay personal debts. There was also, he said, a system of gratuities. A \$50 bill was placed in a book so that it could be found by one citizen and a banker received \$500 for his influence, the prosecutor charged. "They ingratiated themselves into the churches wherever possible by the use of money," continued Mr. Dailey. He said Senator Newberry made a personal subscription to a church to further his candidacy. "The defendants wasted a great deal of money in an attempt to control the nomination of the opposite party," he continued. "They arrived at the conclusion that the defendant, James W. Helme, would be a suitable opponent to Mr. Newberry in the election and hired the defendant, William Mickel, to induce Mr. Helme to become a candidate. Mr. Dailey said the Newberry organization got up the petition by which Mr. Helme's name was placed on the Democratic ticket, managed his campaign and "paid Helme a weekly salary."

Samuel Gompers Denounces Plan of Russian Government. Bureau of Internal Revenue Gives Rules on Whisky Sales.

Labor Leader Says Constitution Provides for Compulsory Labor—Stop Strikes With Arms.

Washington, Jan. 30.—Writing in the current number of the Federationist, official organ of the American Federation of Labor, Samuel Gompers condemns bolshevism "completely, finally and for all time."

"We do not have to wait for information about the form of government existing in what is called soviet Russia. All the information necessary to passing of judgment on bolshevism as a system of government and as a state society is at hand from authentic sources. "The plea of those misguided persons in America who say 'wait for facts before passing judgment' is nothing more than an excuse, which it is hoped, will gain time for the Russian experiment and enable it to spread to other countries."

Quoting from the new bolshevik constitution, Mr. Gompers points out, while the fifth Pan-Russian congress declares for a dictatorship of the proletariat and the poorest peasantry, a great portion of the peasantry is disfranchised, and the largest bolshevik estimate of the proletariat calculates them as only one-fifth of the number of peasants. Mr. Gompers quoted as the most direct information a dispatch from Russian trade unionists to W. A. Appleton, president of the International Federation of Trade Unions, which declares that bolshevists have split up the reserve funds of trade unions, throttled the labor press, killed labor organizations, split up trade unions as a class and put down strikes by "force of arms and plentiful executions."

"In all concepts of freedom within the American nation," Mr. Gompers said, "one fundamental principle is that any involuntary servitude, that is, compulsory labor, shall not be enforced upon the working people."

U. S. WARNED OF FARMERS' PLIGHT

Senate Post Office Committee Told of Condition Called Serious.

TILLERS OF SOIL MAY STRIKE

Declare Work Too Hard and Return Too Small—Complain of Ease, Comfort and High Wages of the City Dweller.

Washington, Jan. 31.—Decreased farm production next year and a consequent increase in the cost of living, due to dissatisfaction of farmers, was predicted before the senate post office committee by James I. Blakeslee, fourth assistant postmaster general. More than 40,000 answers to 200,000 questionnaires sent to farmers, he said, indicate a condition "disquieting and portentous of disastrous consequences."

A report summarizing the contents of the farmers' answers, prepared by George L. Wood, superintendent of the division of rural mails, was read by Mr. Blakeslee. Asserting that the farmers were tired of receiving low returns for long, hard periods of toil while city dwellers lived in "ease and comfort with high wages and short hours," the report said that replies received indicated that hundreds of farmers had resolved either to quit the farm entirely or greatly decrease production. Complaint was made in a majority of the replies, the report said, of the high prices paid by consumers as compared with the low return to the farmer, indicating an entirely disproportionate profit for the middleman. Many farmers, the report said, drew comparisons between "the hours of labor required of the farmer and his compensation with those of the urbanite of which the farmer bitterly complains, setting forth the soft and luxurious living of the latter as compared with the hard and bare living of the farmer, who is no longer willing to toil and produce for the striker, the profiteer and the short-hour, high-wage man."

Inability to obtain farm labor was another complaint of the farmers, asserting that the shortage of farm labor was "causing great antagonism on the part of the producer toward the city dwellers."

The report said that the great demand in the cities for labor with high pay and short hours is driving the farm hired help and the farmers' boys and girls to the city. "The high cost of wearing apparel, of staples not produced on the farm, of farm implements and fertilizers, all of which seem to have filled the farmer's mind with discouragement and resentment, is certain to result in the curtailment of food production," the report said.

Extension of the rural parcel post service to make it easier for the farmer to sell his products direct to the city consumer was advocated by Mr. Blakeslee as one step toward correcting the condition indicated.

HELP STARVING — WILSON

President Urges Congress to Make Loan of \$150,000,000 to Relieve Poland, Austria and Armenia.

Washington, Jan. 30.—President Wilson on Wednesday asked Secretary Glass to make another appeal to congress for authority to loan \$150,000,000 to Poland, Austria and Armenia to relieve their desperate food situation. The president wrote the secretary that it was "unthinkable" to him that the United States should withhold from the stricken people of those countries the assistance which would be rendered by "making available a credit a small portion of our expeditable surplus of food."

DECLINES AID TO EUROPE

Glass Says Peoples Overseas Must Meet Their Own Problem of Sinking Exchange.

Washington, Feb. 2.—Europe, in so far as the United States government is concerned, must rely upon her own resources in retrieving financial equilibrium. This was the interpretation here generally of the letter Secretary of the Treasury Glass has sent to a committee of the Chamber of Commerce of the United States, which sought a government expression on the proposed international conference of financiers and commercial leaders to discuss reconstruction problems. In a blunt statement of the facts as he sees them, Mr. Glass declared "the American government has done all that it believes advisable and practicable to aid Europe. The conference," he added, "would serve to cause confusion and revive hopes, doomed to disappointment, of further government loans."

BAN ON PUBLIC FUNERALS

Flu Death List in Chicago Reaches 192 for 24-Hour Period Ending Friday.

Chicago, Feb. 2.—Public funerals and wakes in connection with deaths from influenza and pneumonia were barred, and the funerals and wakes limited to relatives and close friends, numbering not more than ten, by order of Health Commissioner Robertson. Two reasons were given by the official: "Congregation of a number of persons, and especially in a house or around the body of an influenza or pneumonia victim, helps to spread the contagion. There are only 175 hearse in the city, and these are being used to capacity, while the number of funerals is causing a strain on liveries."

ANARCHIST ESCAPES POLICE.

Rome, Feb. 3.—Enrico Malatesta, the anarchist leader, is reported to have disappeared. Diligent search is being made for him by the police, who hold a warrant for his arrest on a charge of inciting class hatred.

BRITISH TO SELL VESSELS.

London, Feb. 3.—One hundred and eighty-three ships which the British admiralty is seeking to dispose of are now lying at Devonport. Of these 84 are to be sold and 90 are to be disposed of in some other manner.

DEATH TAKES B. J. REYNOLDS.

Chicago, Jan. 31.—B. J. Reynolds, vice president of the United Cigar Stores company, died at his home in Evanston. He was sixty-two years old. Mr. Reynolds was born in Baltimore. He came to Chicago 15 years ago.

HARRY NEW IS SENTENCED.

Los Angeles, Cal., Jan. 31.—Harry S. New, convicted here of murder in the second degree for shooting Miss Freda Lesser, was denied a new trial. He was immediately sentenced to serve not less than ten years.

NOW FREE FROM PAIN

Lydia E. Pinkham's Vegetable Compound Frees Another Woman From Suffering.

Bayonne, N. J.—"Before I was married I suffered a great deal with periodical pains. I had pains in my side and back and also headaches, and got so weak I could not do anything. I took Lydia E. Pinkham's Vegetable Compound and soon felt better. Now I am married and have two little boys. Before the first one came I was weak and nervous, could not eat and was dizzy. After I took the Vegetable Compound I could work and eat. Now I am strong and recommend your medicine to my friends."—Mrs. ANNA SLEVA, 25 East 17th Street, Bayonne, N. J.

Women who recover their health, naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends. Weak and Miserable?

Does the least exertion tire you out? Feel "blue" and worried and have daily backache, lameness, headache, dizziness and kidney irregularities? Sick kidneys are often to blame for this unhappy state. You must act quickly to prevent more serious trouble. Use Doan's Kidney Pills, the remedy recommended everywhere by grateful users. Ask your neighbor!

A Wisconsin Case

Mrs. A. Lindstrom, 901 Menomonee Ave., Marinette, Wis., writes: "I suffered from rheumatic pains, my limbs and back ached and I was in misery from head to foot. My system was full of uric acid and my kidneys were badly disordered. I took different medicines, but got no relief. A friend told me of Doan's Kidney Pills and Doan's cured me and I am glad to tell others of the good they have done me."

Persia Sparingly Peopled.

It is easy to overrate the land of Darius and Cyrus, Amar, and Haaz, for Persia has not nearly as many inhabitants as Mexico. Estimates differ widely and there has never been a real census, but it is possible that in a territory equal to France, Germany, the British Isles and Italy all taken together, the population does not exceed that of little Belgium. In area Persia is more than 15 times as big as Ohio, but it contains fewer than twice as many people.

LOCAL MAN WINS HIGH HONORS

Mr. L. P. Rosenheimer, who is the Delco-Light Dealer for this county, has won a great deal of honor for himself during the past year by qualifying for their Kilowatt Club, which is composed of their star salesmen throughout the United States and Canada.

The Delco-Light Kilowatt Club is composed of the leading Delco-Light Dealers and Salesmen throughout this country and Canada who have sold during 1919 one thousand watts of business; the watt being the unit by which the Company measures their sales.

There are three thousand Delco-Light representatives in the United States and Canada, and for Mr. Rosenheimer to be classed as one of the leaders in this large number is quite a tribute to his all around sales ability. As a reward for his record, Mr. Rosenheimer will go to Dayton, Ohio, the first of March for the annual Delco-Light Sales Convention. More than one thousand will be in attendance at this convention and the Kilowatt Club men will be the honor guests.

Mr. L. P. Rosenheimer is very well known in this county as the man who is bettering living conditions on the farm by means of electricity. During the past year he sold a large number of Delco-Light plants to the leading farmers in this community and has established a very enviable reputation for himself and his Delco-Light plant.

DELAY ISSUING STATE BONUSES

Word was received by the Fond du Lac Red Cross to the effect that no bonuses will be paid soldiers, sailors or marines or Red Cross nurses until after the middle of April. This is due to the fact that county taxes will not be paid into the state until March and the additional time will be required by the state department to prepare the bonuses for mailing.

According to the word received last Friday by the Red Cross S. A. T. C. men do not feature under the cash bonus offered by the state. In case an ex-service person desires to forfeit his cash bonus in lieu of attending school he will be permitted to do so and a cash bonus of \$30 per month will be paid him while taking a full-time course at any educational institution. No more than \$1,000 will be paid to an individual in this manner. An ex-service person may secure the cash bonus and in addition is allowed the privilege of taking a correspondence course. Men eligible to this bonus must have served three months in either the army, navy or marine corps during the war with Germany, exclusive of the time spent in S. A. T. C. or in doing civilian work at civilian pay.

According to the information received last Friday the bonus of a deceased soldier will be paid from the date of his entry to service until July 1, 1919.—Commonwealth.

NO STATE AID FOR ARMORIES

State will not Assist in Construction of Armories or City Halls.

State aid cannot be had for the construction of armories where it is contemplated to have a joint municipal building and armory. Several cities have contemplated the construction of either a city hall and armory or a community building and armory. While the attorney general has ruled that state aid armories can be used for convention and other meetings of a general and public nature, providing they do not interfere materially with the required military instruction, and pay a reasonable amount for heat, light and other incidental expenses, he adds:

"But it is very doubtful under this provision whether the armory board is authorized to construct an armory of such design as to provide for council chambers and offices for the various city officials."

Upon receipt of the ruling The Adjutant General has decided that consideration will be given only to such buildings as are to be erected strictly for armory purposes.

The law provides that 15 per cent of the annual appropriation can be used for armory purposes, not to exceed \$10,000 for any one building.

REALIZES \$2600 FROM TWO PIGS IN ONE YEAR

About a year ago Bruesch & Melke living on the Fox Lake-Waupun road, purchased two pigs, a full blood Chester White boar and sow, from Andrew Frank of this village. Since that time they have raised ninety-five pigs from this boar and sow and off-springs. They have sold seventy-five realizing \$2500 from them, and still have twenty small pigs and the original boar and sow. The boar now tips the beam at 710 pounds. This is an unusual record and is a feat that cannot be duplicated only in the farming and stock raising business—to realize \$2600 have 20 pigs left, and still retain the original investment. Who can beat this?—Hartford Press.

The Velvet tin is twice as big as shown here

"No Rheumatics" is a Mighty Poor Reason for Wearing a Wooden Leg

NO sting or hot burnin' is a mighty weak-kneed recommendation for tobacco. But when tobacco is mild and cool, and yet as full of "fun" as a barrel of monkeys—well, that's another story—that's Velvet.

And 'cause why? 'Cause Velvet is brought up—not jerked up by the hair. It's raised as carefully as a favorite child. It's cured in the big fresh air. And it mellows away for two years in wooden hogsheads 'til it's smooth and rich as cream. The wonder would be if Velvet wasn't a whacking good pipe smoke.

"Let Nature mellow yo' tobacco an' that tobacco will show mellow yo' nature," says Velvet Joe. And he's pretty nearly right.

NATURE-AGEING in the wood does more to make tobacco friendly than any camouflage you can cover it with—and don't you forget it. See, taste, smell, feel the "real tobacconess" in Velvet. Why, you can almost hear it. Velvet's the tobacco you can judge with your eyes wide open and specs on.

There's a whole lot in Nature's way of making good tobacco better. And it's all in Velvet.

Here's to a full pipe and a friendly one.

Security Calf Food

We wish to call your attention to Security Calf Food, a food especially prepared for calves and little pigs. They require proper food and just as much so, as young babies require proper food. Security Calf Food is put up to take the place of mother's milk for young calves and little pigs, as a baby foods are put up to take the place of mother's milk for babies.

Security Calf Food replaces the whole milk from the time the calf is three days old. A calf requires from 8 to 12 quarts of whole milk a day. This is worth from 4 to 7c a quart and it will cost you from 30 to 40c a day to feed your calf with whole milk, while you can raise or fatten your calf with Security Calf Food for less than one-fourth the cost of whole milk, and raise just as good a calf.

Security Calf Food does not have to be cooked or bothered with. Just mix a measureful (you will find a measure in each pail or package) with whey or skim milk. Stir up well. There is no danger from indigestion or scours from using Security Calf Food and the calves like it.

We guarantee you to raise as good, fat and healthy a calf on Security Calf Food as on whole, fresh milk. We also guarantee to refund in cash for every pail or package of Security Calf Food that does not give perfect satisfaction.

PERFECTION MILKER

The Perfection Milker is nature's way and it is hard to improve on nature. The Perfection Milker is the choice of many of the best dairymen in the country. There's a reason for it. They realize that the successful milking machine must conform to nature's way.

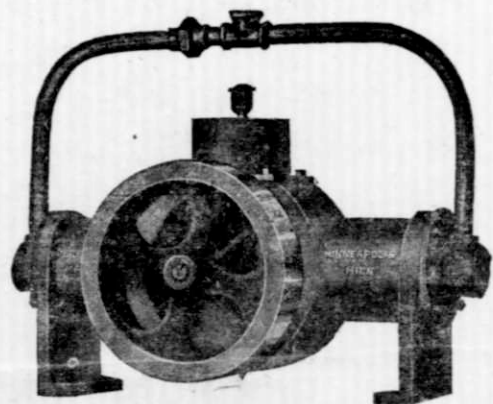

The sucking calf applies first a suction. It then squeezes the teat toward its throat (downward) with its tongue and the roof of its mouth, then momentarily stops sucking while swallowing.

A milking machine that can faithfully reproduce these actions is something more than a mere machine. It is a REAL milker. The Perfection Milker reproduces these actions faithfully, by producing, first a gentle suction, scientifically controlled, then the spiral downward squeeze, followed by a complete release.

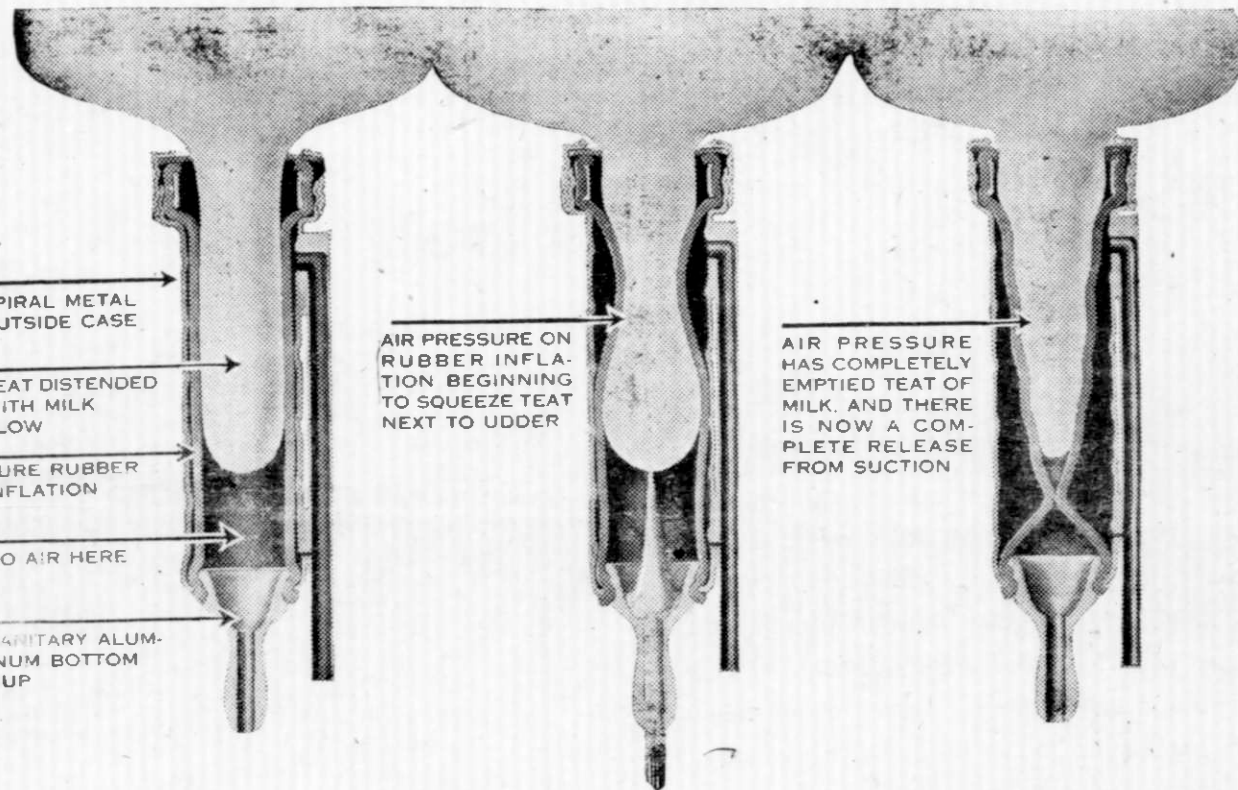

The Perfection Milker is therefore safe, because nature's way is safe. This principle is used on Perfection Milkers exclusively and is covered by the manufacturer's patents.

The Perfection Milker is mechanically right and is manufactured by the largest and oldest exclusive milking machine factory in the world.

THE PERFECTION VACUUM PUMP

The Perfection Vacuum Pump has very few parts. No crank shaft, no connecting rods, all wearing parts run in a continuous bath of oil. Operates with very slow speed. With this construction you are assured of reliability and long life.

HOW THE PERFECTION TEAT CUP MILKS "NATURE'S WAY"

This Ayrshire Breaks Records with the Perfection

"Since we have been using Perfections, we have made two short time state records with our cow, Alta Drummond of Oakdale, No. 29249," say John Linn & Son, owners of this beautiful Ayrshire. "She produced 84.7 pounds of milk in twenty-four hours with three milkings with the Perfection and 96.2 pounds in thirty days. Both of these are state records for Ayrshires."

The Milk Flow Increases

"We have also completed some very good two-year-old records since using the Perfection: Alta Drummond Bell, No. 42471, making 11,017 pounds milk and 404.06 pounds fat, and Bell Corndike Cook, No. 42474, with 10,458 pounds milk and 399.25 pounds fat. Our fourteen records completed figured on a mature basis would average 11,529 pounds of milk and 462.93 pounds of fat."

JOHN LINN & SON,
Manhattan, Kans.

What a Few of Your Neighbors Around Kewaskum Have to Say of The Perfection:

Very Well Satisfied

"I have had a Perfection Milker in my barn since July, 1917, and have found it very satisfactory up to this time. I am at present milking 18 cows in 35 minutes with two double units. The milker is simple and the cows seem to like the machine."
WM. BUTZLAFF,
Kewaskum, Wis., April 26, 1918

Would Not Sell it for Double The Price if He Could Not Get Another

"The Perfection Milker you installed for me sometime ago is the finest machine I ever put on my farm. My cows stand nice and quiet and give more milk now than they did when my hired man milked them by hand. In fact I would not part with this machine at any price if I could not get another. The machine is very simple and easy to operate, and I highly recommend this machine to any farmer. The washing is very simple and if the tubes are immersed in a solution of B-K while not working, a thorough cleaning once a week is all that is necessary."
A. B. STRAUB,
Campbellsport, Wis., April 27, 1918

Impossible to Go Back to Hand Milking

"I have used a Perfection Milker for the past ten months and find it very satisfactory. It would be almost impossible for me to go back to hand milking on account of scarcity of help and I can truthfully recommend this machine to anyone."
WM. J. SCHMIDT,
Kewaskum, Wis., April 26, 1918
