LOCAL MAN CO-DUCTS BIG AUCTION

The auction sale on the former Frank Sommer farm, located 1 1/2 miles southwest of Kewaskum, was beyond all doubt the largest and best ever held in this vicinity. The sale amounted to \$7500. The stock, machinery and horses sold at a very high price. It is reported that one team of horses was sold at \$500. The auction was largely attended, people from far and near were present, arriving at the Sommer farm early in the forenoon and remaining there until almost the close of the sale. It is estimated that over 500 people attended the sale. The success of this auction is largely due to the fact that Mr. Sommer, a man who always took great pride in his belongings. The live stock was well fed, and his farm machinery was kept in first class condition. Great credit must also be given to Auctioneer Geo. F. Brandt, who conducted the sale. Mr. Brandt certainly knows his business as an auctioneer, which is amply shown by the success of Tuesday's sale, and the large number of other auctions he is called upon to conduct, not only in the immediate vicinity, but within a radius of twenty-five miles. He is well known by all as a man who is honest, reliable, and a hard worker in the sales which he conducts.

Boost the goods that you are selling, Boost the people around about you, They can get along without you, But success will quicker find them, If they know that you're behind them, Boost for every forward movement, Boost for every new improvement, Boost the man for whom you labor, Boost the stranger and the neighbor, Cease to be a chronic knocker, Cease to be a progress blocker, Cease to be a man whose better, Boost to the final letter.

GET YOUR INCOME TAX BLANKS
Those who come under the State Income Tax law and have not yet received and filled out their blanks are urged to write to Income Tax Assessor, L. D. Gath of this village, who will send the necessary blanks. Taxable are single persons who in 1919 had an income over \$200 and married persons who had an income over \$200 and additional \$200 for each child. The State has a way to find out about the income of citizens amenable under this law, and if they try to slip their heads under the law, their tax shall be doubled, besides imposing a fine of \$500. Persons who sold property during 1919 also are expected to fill out income tax blanks because profits from real estate transactions are also considered an income. To avoid trouble everybody who comes anywhere within the reach of this law, should fill out an income tax blank.

WHY SOILS NEED PLENTY OF LIME
"It is no wonder that many Wisconsin soils need lime," when we know how much lime is used by the different crops grown.

"A four ton crop of alfalfa takes 400 pounds of ground limestone from an acre, a two ton crop of red clover uses 200 pounds of ground limestone, a 22 bushel crop of soybeans takes out 55 pounds of limestone, a 50 bushel crop of oats removes 20 pounds of ground limestone.

"Fields which have been farmed for years have had much of the limestone used as plant food. This makes the soil acid and sour. Limestone sweetens it and makes larger crops possible.

"Many Wisconsin farmers are going to increase their yields, some as much as double, by using ground limestone this year.

"If your soil is acid add lime. If in doubt as to its acidity send in a sample to your county agent to test.

HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Warner.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of my stomach. I could not lie in bed. I suffered so it seemed as though I would die, and I was not a young girl either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. I surely did wonders for me. I have no pains now and I can do my housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good in female weakness, and you may use these facts as a testimonial."—Mrs. LESTER E. WARNER, R. 1, Box 69, Onalaska, Wis.

Not Disappointed.

My friend's mother was reported to have died, so I immediately called at the house. My friend opened the door and I said: "So your dear mother's dead." She looked surprised and answered: "Why, no." I said: "Well, isn't that too bad." I meant, of course, that it was too bad such a report had got started.—Exchange.

Natural Question.

"What are you doing to save money?" "To save money? Is anybody trying to do that nowadays?"

FIND THE CAUSE!

It isn't right to drag along feeling miserable-half sick. Find out what is making you feel so badly and try to correct it. Perhaps your kidneys are causing that throbbing headache or those sharp, stabbing pains. You may have morning sickness, too, headache, dizzy spells and irregular kidney action. Use Doan's Kidney Pills. They have helped thousands of illing folks. Ask your neighbor!

The Cow Puncher

By Robert J. C. Stead Author of "Kitchener and Other Poems" Illustrations by IRWIN MYERS

CHAPTER X.—Continued. Elden swung on his heel and paced the length of the office in quick, sharp strides. When he returned to where Miss Wardin stood, wrapped about in her misery, his fists were clenched and the veins stood out on the back of his hands.

"Scoundrel!" he muttered. "Scoundrel! And I have been tied to him. I have let him blind me; I have let him see the standards. Well, now I know him." There was a menace in his last words that frightened even Gladys Wardin, well though she knew the menace was not to her, but ranged in her defense.

"Here," he said, taking some bills from his pocket. "You must tell him you won't go—tell him you won't go; you must return his money. I will load you with what you need. Don't be afraid, I will go with you."

"But I can't take your money, either, Mr. Elden," she protested. "I can't stay here any longer. I will have no job and I can't pay you back. You see I can't take it, even from you. What a fool I was! For a few clothes—"

"You will continue to work—for me," he said.

She shook her head. "No, I can't. I can't. I can't work anywhere near him."

"You won't need to. The firm of Conward & Elden will be dissolved at once. I have always felt that there was something false in Conward—something that wouldn't stand test. Now I know."

CHAPTER XI. Conward paused as he entered the room. He had evidently not expected to find Elden there, but after a moment of hesitation he nodded cordially to his partner.

"Almost ready, Miss Wardin?" he asked, cheerily. "Our train goes in—" He took his watch from his pocket and consulted it.

Dave's eyes were fixed on the girl. He wondered whether, in this testing moment, she would fight for herself or bow weakly on him as her protector. Her answer reassured him.

"It makes no difference when it goes, Mr. Conward. I'm not going on it." Her voice trembled nervously, but there was no weakness in it. She advanced to where Conward stood vaguely trying to sense the situation, and held the bills before him. "Here is your money, Mr. Conward," she said.

"Why, what does this mean?" "Here is your money. Will you take it, please?" "No, I won't take it until you explain—"

She opened her fingers and the bills fell to the floor. "All right," she said. Conward's eyes had shifted to Dave. "You are at the bottom of this, Elden," he said. "What does it mean?"

"It means, Conward," Dave answered, and there was steel in his voice—"it means that after all these years I have discovered what a cur you are—just in time to balk you, at least in this instance."

Conward flushed, but he maintained an attitude of composure. "You've been drinking, Dave," he said. "I meant no harm to Miss Wardin."

The KITCHEN CABINET

Grow old along with me, The best is yet to be, The last of life for which the first was made.

HELPFUL HINTS. Now that butter is so costly, as in fact are most fats, housewives are finding it expedient, if not necessary, to substitute the cheaper fats whenever possible.

Take bacon fat, add cold water and heat until melted and hot on the back of the stove, then set away to cool. The fat will be washed clean from bits of charred bacon, and the smoky taste, which is so objectionable to taste, is nearly removed.

All meat drippings may be treated in the same way as bacon fat and they can then be used for biscuit, breads of various kinds, cookies and even for pastry.

Chicken fats after being rendered, strained and cooled, can be used as shortening for delicate cakes and in dishes where butter is used, and for the seasoning of vegetables and soups as well as in puddings.

Sweet lard makes good shortening for ginger bread and molasses cookies. To improve any of the butter substitutes put on the market, like oleomargarine, mix with a round carton one teaspoonful of sugar—powdered is best, as it is smoothest in blending.

When washing bathroom rugs, lay them on the washboard after soaking them in a good suds to loosen the soil, then scrub with a small scrubbing brush and soap, looking for all spots and going over every inch of surface.

"One small little song we sing To brides but newly wed; Just make the best of everything— Especially of bread."

SEASONABLE GOOD THINGS. As eggs are getting more plentiful we may use them a little more freely as main dishes in place of meat.

Eggs in Green Peppers.—Use large bell peppers of regular shape. Wash them well and with a sharp knife cut them lengthwise into two sections.

Remove the white portions, rinse well and parboil ten minutes in a saucepan of water. Remove and invert on a sieve to drain. Sprinkle in each pepper a few buttered crumbs which have been moistened with cream.

Porcupine Apples.—Core and peel uniform apples which will not lose their shape in cooking. Put them to cook in a sugar-and-water syrup and when tender enough to be soft on the outside, remove from the syrup and decorate with almonds blanched and cut in eighths.

Sour Cream Cake.—Sift together two and one-fourth cupfuls of flour, two teaspoonfuls of baking powder, one-half teaspoonful of salt, and one teaspoonful each of cinnamon and nutmeg.

Meaning of "Selah." The word Selah, which occurs so frequently in the Psalms, is usually believed to be a direction to the musicians who chanted the Psalms in the temple.

Bananas. The banana is a perennial herbaceous plant, growing from year to year from an underground root stock with a stem or stalk from 10 to 15 feet high above the ground.

No Longer Funny. As a general thing, when a woman asks her husband not to make an exhibition of himself it is a sign that she has got over the idea that he is cute.

Building Record. All building records in the territory north of the Ohio and east of the Missouri rivers were broken in 1919. Statistics show that contracts totaling \$2,382,902.00 were awarded for 11 months ending December 1, 1919, or \$700,973.00 more than in the corresponding period for 1918, the previous high record.—The Nation's Business.

GRUMPY?

If Constipated, Bilious or Headachy, take "Cascarets"

Brain foggy? Blue devils got you? Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and stomach sour.

Not Yet but Soon. Peddler—Can't I sell you a paper of pins today, lady? Lady—No, thanks; my husband bought a new shirt yesterday.—Judge.

\$100 Reward, \$100. Catarrh is a local disease greatly influenced by constitutional factors, therefore requires constitutional treatment.

The Result. "Why did that banker on his trial get such a raw deal?" "For cooking his accounts."

WISCONSIN STATE NEWS

Madison—Mondovi won the state championship in the livestock judging contest at the fourth annual Wisconsin High School livestock, corn and grain judging contest held at the university grounds under auspices of the Wisconsin Livestock Breeders' association. Wateloo won corn and grain judging championship. Individual championships were won by Lavene Taylor, Oshkosh, in livestock judging and Walter Wood, Oshkosh, in corn and grain judging. In livestock judging the leading teams finished as follows: Mondovi, Chippewa Falls, Oshkosh, Algona, Greenwood. Eighteen teams, representing 23 sections of the state, competed.

Appleton—The tag rooms of paper mills here are proving to be veritable gold mines. Three months ago an Appleton workman discovered a \$500 Liberty bond, which no one has claimed. More recently another worker found a diamond ring. Now, Miss Georgina De Leest, Kimberly, found \$50 in a bale of clippings in a pile of rags. The money was all in currency in what was probably a pay envelope.

Ashland—Fifty thousand western sheep will be summered on the pine barrens between Ashland and Iron River, according to present prospects. The barrens are covered with buffalo grass. Another drought is predicted in Montana and sheep men are negotiating to send herds here. Experiments for several years shows that cattle and sheep from the west fatten quickly on these lands.

Appleton—Gordon Bushey will go to Pittsville, near Grand Rapids, to engage in raising Flemish Giant rabbits on a large scale. He has purchased 320 acres of wild lands which will be divided and fenced into yards of several acres each and equipped with buildings. Mr. Bushey will start with 100 rabbits and expects to have 2,000 by fall. The rabbits will be raised both for meat and fur.

Madison—That there is just cause for complaint against the street car service in Madison and that this service can only be improved by double tracking and additional cars, were some of the conclusions announced by C. M. Larsen, engineer for the railroad commission, who has been conducting an investigation of the street car service in Madison.

La Crosse—Capt. A. L. Wilcox, pilot on the excursion steamer C. W. Hill, received definite word that the government towboats and barges will be placed in operation on the upper Mississippi this summer. The new fleet will carry coal up river and iron from St. Paul and Minneapolis to down river points.

Manitowish—An Arbor car ferry, No. 4, with twenty-two freight cars, sunk in the harbor here, when the boat became lost in the heavy fog. The Goodrich tug, Arctic, rescued the crew of twenty-five and six passengers. In an attempt to reach its dock the ferry ran on the rocks and a huge hole was torn in the side.

Wausau—The maple sugar season is on, but the weather so far has been too warm for a big run of sap. Cold nights are wanted, with warm, sunshiny days. A large number of new orchards have been opened this year and should the weather conditions turn better there will be a record breaking production.

Sturgeon Bay—The fishing industry of Sturgeon Bay and Door county is one of the largest in the state, according to figures given out by James Nevels, of the state conservation commission. Door county fishermen caught 2,342,119 pounds during the past year for which they received \$255,852.71.

Janesville—Bowling alleys and billiard halls are now on a par with the theaters. City ordinances requiring that they remain closed on Sundays were discarded by the city council after a long lasting several months. The understanding is that they will not open until noon on Sundays.

Birchwood—To celebrate his sixty-second birthday, L. G. Benis, proprietor of a general store, recently entertained the entire population of Birchwood at a party in his store. During the day his entire stock was placed on sale at cost to help consumers combat the high cost of living.

Racine—Charles Nelson, in charge of an elevator at a local factory, was fatally crushed when a tractor which was being driven on one of the upper floors ran wild and crashed down the elevator shaft to the floor below, striking Nelson, who was standing on the lift.

Manitowish—G. J. Lehman, mayor of Nome, Alaska, is visiting Norman Tomison, who for a time lived in that northern city. Mr. Lehman is a former St. Paul resident and went to Alaska many years ago in the interests of mining.

Marinette—Frank Bruce, former policeman of this city, who was injured and incapacitated from work on June 28, 1919, will receive \$40.12 monthly for nine years from the city under decision of the state industrial commission.

Racine—Frightened at the approach of an automobile a horse owned and driven by Fred Faigle, a farmer of the town of Caledonia, leaped over the three foot wall of a concrete bridge into the river twenty feet below and was carried by the waters a distance of several hundred feet before it was rescued. The buggy was wrecked, but the occupant was uninjured.

Kenosha—John Kovacek, 16 years old, was drowned when he fell into a ravine, which has been transformed into a creek by the high waters.

Markesan—The state's case against Dr. J. A. Freudenberg, Markesan physician, accused of causing the death of his wealthy mother-in-law, Mrs. Nettie Duffies, "blew up" when Mrs. Grace Biehl, Washington, Pa., whom the prosecution counted on as its star witness, testified that the "mustard odor" which was noticeable in Mrs. Duffies' room on the day of her death might have remained from a mustard foot bath which she gave the patient earlier in the day. Mrs. Biehl had served as a nurse during the illness. Her testimony so shattered the state's case that it is believed that the case will be dropped as soon as formalities prescribed by the statutes are complied with.

Madison—Can a sheriff who has been appointed to the office of sheriff succeed himself in that office? This is one of the questions submitted to the state supreme court for consideration. The case arose in Barron county. Gov. Philipp appointed J. H. Johnson to fill a vacancy in the office of sheriff. Johnson became a candidate for re-election to succeed himself. But the state constitution provides that a sheriff cannot succeed himself in the office. The point at issue is whether this provision applies the same in the case of an appointment as it does in an election.

Watertown—Jefferson county was awarded more prizes than any other county in the agricultural extension club work, according to T. L. Bewick of the college of agriculture, Madison. Three club members, Leslie Higgins, "Dietrich"; Simon Cooper, "Palmyra," and John Hooper, "Palmyra," will receive free courses at the university, according to County Agent J. M. Coyner, Jefferson. Six other club members received cash prizes of from \$20 down, while 11 others will receive club button honors.

Two Rivers—After thirty-two years of continuous service, as a member of the United States Coast guard and in the navy station, Capt. George Sogge was honorably retired by the government, at three-fourths pay. Capt. Sogge had been at the Two Rivers station for the past 17 years and previous to that time had been at Frankfort, Mich. He is credited with saving and assisting in saving 1,989 lives, and vessels and property valued at \$1,253,291.

Neshan—Two hundred representative wives of Twin City labor unions meeting in secret session here are understood to have discussed preliminary plans for the organization of a company to establish and operate a union store. The union men would take this method of combating the high cost of living and have sanguine hopes for its success.

Clintonville—Mrs. Ole Johnson died Feb. 25, leaving a husband and four children. All were down with influenza. Because of the demand of the husband, the body was kept at a local undertaking establishment until he recovered that he might attend the funeral service. The funeral was held twenty-five days after the woman died.

La Crosse—A hearing to determine whether the railroads entering La Crosse shall be required to erect and maintain a union station will be held before the Wisconsin railroad commission in this city on June 1. A general committee representing every civic organization in La Crosse will take charge of the union station campaign.

Sheboygan—The war department, through the office of Congressman Edward Voigt, has set aside, subject to the orders of this city, one five-inch siege gun with carriage which Sheboygan can obtain upon payment of freight charges. The city is expected to take steps to secure the piece and mount it in one of the local parks.

Madison—George C. Sayle, mayor for two terms, was killed in the line of duty. Mr. Bied has taken a stand for a referendum on municipal ownership of the street car lines. The vote follows. Bied, 2,469; Kittelson, 1,554; Sayle, 1,082.

Ladysmith—William Jennings Bryan will speak in the gymnasium of the high school, Apr. 23, as the concluding number of a lecture and entertainment course under the auspices of the Ladysmith Lyceum board. Mr. Bryan will arrive on a morning train and spend the entire day in Ladysmith.

Wabeno—Officials of the Indian agency here are engaged in taking testimony to determine heirships of several Pottawamie who formerly lived in Kansas, who died in this vicinity and had friends here. Many members of the tribe here will inherit large sums of money.

Madison—Madison's population for the 1920 census is 35,378, according to figures recently given out. This is an increase over the 1910 census of 12,847 or 50.3 per cent.

Chippewa Falls—Mayor Eugene O'Sell, figure in the bakery axe battle, attacked on Editor Gregory E. Deen, and Charles E. Preston were nominated for mayor. August Ung, Henry Barney, A. G. Findley and Adolph Bigler were nominated for councilmen.

Plainfield—An explosion of boiling grease while making doughnuts started a fire which completely destroyed the farm residence of Mrs. Edith Clark, valued at \$250 in bills, which Mrs. Clark had saved to pay her taxes with were lost in the fire.

Superior—J. P. Duffy, railroad trainman and candidate of union labor, led five candidates for nomination as city commissioner. A. E. S. Gillette, Normal school instructor, who was second in the primary will oppose him in the election. Women sat at the election boards in all precincts.

Janesville—Ten thousand pounds of valuable coal was lost when the posts supporting the bin of the Janesville Electric company's power plant gave away. The coal poured into the Rock river.

LIFT OFF CORNS!

Doesn't hurt at all and costs only a few cents

Magic! Just drop a little Freezone on that touchy corn. Instantly it stops aching, then you lift the corn off with the fingers! Truly! No humbug! Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your foot of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.—Adv.

Vain Endeavor.
"Who is the despondent-looking person?"
"The former proprietor of a cabaret. He says life holds nothing more for him."
"Why doesn't he establish himself in Cuba?"
"It's too late now. He wasted the savings of years trying to convince his patrons that the vaudeville he gave them while sober was just as good as the performances they used to applaud wildly when three sheets in the wind."
—Birmingham Age-Herald.

INDIGESTION Caused by Acid-Stomach

Millions of people—in fact about 9 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach.
There are other stomach disorders which also are sure signs of Acid-Stomach—belching, heartburn, bloating after eating, food regurgitating, sour, gassy stomach. There are many ailments which, while they do not cause much distress to the stomach itself, are, nevertheless, traceable to an acid-stomach. Among these are nervousness, biliousness, dizziness of the liver, rheumatism, impoverished blood, weakness, insomnia, melancholia and a long train of physical and mental miseries that keep the victims in miserable health year after year.
The right thing to do is to attack these ailments at their source—get rid of the acid-stomach. A wonderful modern remedy called EATONIC now makes it easy to do this.
One of hundreds of thousands of grateful users of EATONIC writes: "I have been troubled with indigestion for about nine years and have spent quite a sum for medicine, but without relief. After using EATONIC for a few days the gas and pain in my bowels disappeared. EATONIC is just the remedy I needed."
We have thousands of letters telling of these marvelous benefits. Try EATONIC and you, too, will be just as enthusiastic to its praise.
Your druggist has EATONIC. Get a big 50c box from him today. He will refund your money if you are not satisfied.

LEFT BEFORE TROUBLE CAME MEANT FORM OF CRITICISM

Spectator at Moving Picture Refused to Be Mixed Up in Any Shady Domestic Affairs.

"I saw you at the moving picture show last evening," said the fat plumber, "but when I looked for you a little later I missed you."
"Yes, I got up and went home."
"When was that?"
"I left when the villain began to say a snare for the wife of the man who had to stay at his office on account of business."
"Didn't you see any more of the picture?"
"No."
"And you left at the most interesting part?"
"Yes."
"Why?"
"I knew if things kept on as they were headed there would be a fuss pretty soon between the two men, or between the man and his wife and I made up my mind I wouldn't be mixed up in anybody's domestic troubles."—Youngstown Telegram.

Cracker Barrel Senate Decision.

Not all the time of the cracker barrel senate is devoted to politics and the league. Discussion swung to one of the less gifted members of the community, at least less gifted in intellect or "brains."
"I don't see how a man can be as stupid as he and live."
"Well, perhaps he was raised on a vacuum bottle," was offered.

Safe Music.

Salesman—Here's something new, madam. Combination footstool and phonograph.
Customer—I'll take it. I've been having a dreadful time lately with my feet going to sleep, and this will wake them up.—Boston Transcript.

Original Expression, "Getting the Dickens," Was Not, as Many Think Something Profane.

Sometimes, somewhere, from somebody we all get "the Dickens." And those of us who become prominent get it more than the others.
Among those of us ordinary mortals who occasionally find relief in letting off steam in the form of something more expressive than slang, there seems to be a common misconception that "getting the Dickens" is a modification or abbreviation of (Heaven help us) "getting the devil." It is not. It is a harmless, legitimate and respectable expression that may be used with impunity in the best of company. It is simply an allusion to our old friend, Charles Dickens.

Already Accommodated.

One of the outfits patrolling the border during the Mexican tangle in 1916 had recruited to strength with a collection of raw material that knew little about the finer points of military tactics. One of the rawest of the raw was on guard duty one night after taps, when a major passed unchallenged.
"Don't you want the countersign?" inquired the officer sternly.
"No, thanks, major," replied the sentry. "The fellow in the guardhouse gave it to me already."—Home Secretary.

Obvious.

"If that's bouillon I'm an idiot."
"That's right, sir. It is bouillon."—Tyrilians (Christiania).

Plymouth Self-Feed ENSILAGE CUTTERS

"Plymouth" Feed Cutters are the result of twenty-five years' experience and practical study of conditions and needs in the farm and dairy field. They embrace every advantage known to other similar machines, and many vital features which are original with us and can be had only in the "Plymouth Self-Feed." Follow are some mighty strong points for you to think about before you buy a feed cutter:

AUTOMATIC SELF-FEED—This feature consists of a traveling feed chain, made of heavy iron slats securely riveted to a chain which passes over the lower feed roller. Throw the fodder into the feed box and the "Plymouth" does the rest.

DANGER-TRUCK SELF-FEED ROLLERS—Here's another strong feature original with the "Plymouth." It consists of four large rollers of cast iron. The traveling feed chain passes over the lower hind roller, just passing the lower front roller, which is six inches in diameter, anti-smooth. The two upper and lower hind rollers are ribbed. The 8 inch automatic roller at the top, to the rear, is a special feature of the "Plymouth." It acts as a lever or weight to keep the fodder passing through continuously, depending on its own gravity to keep the material going through without a hitch. Two coil springs serve to exert an even and steady pressure on the automatic roller as the volume of fodder increases in going through. The spring feature is entirely automatic, and is only to be had in the "Plymouth." It absolutely prevents clogging.

CHICAGO SUBURBS HIT BY TORNADO

Melrose Park, Evanston, Wilmette and Irving Park Striven With Wreckage.

114 DEAD, HUNDREDS INJURED

Damage Runs Into Millions as Towns in Will, Dupage, Kane and Cook Counties Are Hit—Crocketed Path Forty Miles Long.

Chicago, March 30.—A hurricane that swept over northern Illinois and southern Wisconsin took heavy toll of life and property. The storm struck Chicago shortly after one o'clock in the afternoon. Reports showed 114 lives had been lost. It was believed the total death toll would exceed 200. The number of injured was estimated at above 1,000.

The hurricane came out of the southwest and held a northeasterly direction. It took a zigzag path through the country, leaving death and destruction in its wake.

Reports from southern Michigan said the storm swept over the country, doing a vast amount of damage and it was believed there had been loss of life, but no figures were available. At Bottle Creek some frame buildings were wrecked.

At East Troy, Wis., a woman was killed and several persons injured. Mrs. Louis Brown lost her life when a barn in which she had taken refuge was blown away.

Towns were demolished. Houses were uprooted and swept 50 and 100 feet through the air. Trains were blown from their tracks. Automobiles were lifted from roads into corn fields.

The property damage ran into millions, including the demolition of many buildings, the uprooting of trees and the razing of telegraph and telephone poles.

Six persons were killed in Maywood and Melrose Park.

Six were reported killed in Elgin. Two were reported killed at Dunbar and another dying.

Mayor Wolf of Melrose Park appealed for a company of soldiers to guard the city. Col. James E. Stuart, commanding the Eleventh Infantry, I. N. G., had sent two companies to Wilmette and Evanston, but said he would go at once to the army and endeavor to assemble another company by telephone. Nurses and doctors were sent out in motor relief trains.

Melrose Park—William Salk, 1103 Thirtieth avenue; George Feckmeyer, 1206 Twelfth avenue; John Hlansek, 1406 Twelfth avenue; Gus Swanson; Fred Peppenger, Twentieth avenue; King Peppenger, baby son of Fred Peppenger; Selky, found buried in ruins of house at Twelfth and Fourteenth street.

Two other bodies are at Prignano's morgue unidentified—one a woman.

Chicago—Leo Simons, 3739 South Kedzie avenue.

Fanning—Mrs. Hansen, mother of four, 3482 Nottingham avenue. Unidentified man.

In Addison Heights Charles Hansen, his wife and three children are reported to have been killed when their residence at Seventy-first avenue and Irving Park boulevard was destroyed.

The greatest damage in the city was in Melrose Park and Irving Park, where homes and business buildings were razed or unroofed and several persons killed.

Wilmette's business section was badly damaged and many beautiful homes ruined.

Of the nearby cities Elgin suffered worst. Six persons were killed and scores injured. The business section was wrecked. The city was cut off from light and power. The opera house and telephone building were unroofed, the Congregational church and another church edifice were demolished and many of the houses and business structures were razed.

Telephonic communication with Elgin and many other cities and villages was cut off.

It was learned from railroad train dispatchers and a few isolated telegraph stations which were still in touch with Chicago that the damage in the farming districts of Will, Dupage, Kane, Cook and the southern end of Lake county is very great.

The storm was a freak, according to the local weather bureau. The highest wind velocity recorded there was 28 miles an hour just after noon. It dropped to 36 miles an hour and remained there.

But where the damage was done the wind must have had a velocity of 80 to 100 miles an hour. This condition was termed "local squalls" by the weather bureau.

Camel's Caravan of 500 at Reno, Minn., March 25.—According to word received at the national headquarters of the lodge of Camels here, Reno, Nev., installed a caravan of 500 members. The Camels are opposed to the eighteenth federal amendment.

Recommends Court-Martial. El Paso, Tex., March 26.—Three officers of the Eighty-second field artillery stationed here have been recommended for court-martial in connection with the loss of many thousand dollars' worth of supplies.

Rob Bismarck's Casket. Copenhagen, March 25.—Prince Bismarck's manuscript at Friedrichsruhe was ordered by burglars, the thieves carrying off silver wreaths attached to the casket. Two suspects have been arrested at Buchen.

Small Majority Against Gambling. Bern, Switzerland, March 26.—A referendum on the proposed prohibition of gambling in Switzerland resulted in a majority of only 50,000 in favor of prohibition in a total vote approaching 500,000.

HUGE DEATH LIST FOR EIGHT STATES

Scores Killed and Millions Damage Done by Tornadoes.

LOSS IN SOUTH IS HEAVY

Latest Figures Show That More Than 176 Persons Perished in the Freakish Storm That Swept Over the Country.

Chicago, March 30.—Material augmentation of the known death list of over 176 and property damage running to many million dollars loomed today when restoration of wire communication would permit compilation of accurate reports from the six central west states struck by a series of tornadoes yesterday. The storm also did much damage in Georgia and Alabama. The known dead in the South totals about sixty and may be double that number.

The most gloomy rumors were from the southern Michigan peninsula and the rural districts of Indiana and Ohio. In those states wires were prostrated in every direction and it was said it might be days before some of the communities were heard from.

The most gloomy rumors were from the southern Michigan peninsula and the rural districts of Indiana and Ohio. In those states wires were prostrated in every direction and it was said it might be days before some of the communities were heard from.

Following are the revised figures on the tornado toll in eight states:

Table with 2 columns: State, Total. Illinois 30, Georgia and Alabama 75, Ohio 32, Indiana 28, Michigan 9, Wisconsin 1, Missouri 1, Total 176.

Thousands Are Made Homeless.

Thousands of persons were made homeless by destruction of dwellings throughout six states and outside relief was necessary for a number of places.

The twisters which swept through Michigan and Ohio and Indiana apparently were distinct from the Illinois storm. In each instance, however, it was the same old—wrecked houses, prostration of wire communication and many killed.

A dozen or more Michigan cities were cut off from the rest of the world and it was reported they were in the path of the twister which swept northward across the state from Lake Michigan. The storm was said to have been particularly severe in the vicinity of Kalamazoo, Battle Creek, Lansing, Bay City and Saginaw.

In Ohio and Indiana, however, the tornado's fury apparently was wreaked on rural districts. None of the large cities was struck, according to reports.

Sweeping over the open country and semi-isolated districts, it was believed a number of persons had been killed and much property damaged.

Big Damage in Central Illinois. Springfield, Ill., March 30.—Damage amounting to thousands of dollars, it is estimated, has been done in Springfield and Sangamon county by a forty-mile windstorm yesterday. None was reported injured in this district.

50 Dead in Georgia. La Grange, Ga., March 30.—Casualties resulting from the storm which swept this section were placed at about 75 dead and 100 to 125 injured. Approximately 100 homes were destroyed and the property damage is estimated at \$500,000.

Because of demoralized wire conditions few additional details of the tornado which struck Georgia and the eastern part of Alabama have come through.

APPEAL MADE TO PRESIDENT

Wilson Is Asked by Committee to Take Peace Pact With Reservations.

Washington, March 30.—An appeal to President Wilson, which later also will be made to the senate, to accept the peace treaty with the League of Nations, and leave the disputed issues to negotiation or a national referendum, was presented at the White House on behalf of a committee which numbers among its members President Lowell of Harvard, former Attorney General Wickham, Cleveland H. Dodge, Edmund Dwight, Hamilton Holt, Jacob B. Schiff, John G. Milburn, Augustus Thomas and Samuel Colcord of New York.

TO DEPORT L. C. A. K. MARTENS

Self-Styled Ambassador to U. S. From Soviet Russia Turned Over to Labor Department.

Washington, March 30.—Ludwig C. A. K. Martens, "ambassador to the United States" from the soviet government of Russia, was turned over to the custody of the department of labor on a warrant of deportation sworn to by the department of justice.

Former Senator Thomas W. Harlow of Georgia, counsel for Mr. Martens during the hearings before the House committee, gave his personal bond for the appearance of Martens at a preliminary hearing on the warrant at eleven o'clock Wednesday morning.

An insurance company for old maids is an institution in Denmark. A member pays a small weekly premium from the age of twenty to forty, and after that, if unmarried, she receives an annuity for life.

THE LITTLE END OF THE HORN

TAKE LIQUOR PLOTTER DUBLIN JUDGE SLAIN

Baltimore Man Arrested by U. S. Agents. Official Who Presided Over Inquiry Into Sinn Fein Cash Taken From Car and Killed.

Miami, Fla., March 27.—Charles Vincent, liquor dealer of Baltimore, has been arrested and is being taken north by federal agents to answer charges of conspiracy in the sale of whisky intended for export. Accounts of the arrest are confusing. Three tourists, one of them Samuel L. Grossman of Cleveland, said Vincent was taken into custody at Bonini, Bahama Islands, by men who lured him on board a boat, struck him over the head, and then put out for the United States.

Grossman said the men who took Vincent were reported to be United States government agents and that the vessel in which they left was the Aquaria of the Internal Revenue department. Grossman said that after Vincent had been reported "kidnaped" a party of his friends at Bonini boarded another boat, gave chase and overhauled the Aquaria. According to Grossman's story, those on board the Aquaria then informed the pursuers they were United States government agents and that Vincent was their prisoner.

After Vincent disappeared a request was said to have been filed with the British naval authorities at Nassau by his friends that a search be made for him.

Gov. Smith Hits Landlords. Albany, N. Y., March 27.—Governor Smith sent a message to the legislature assailing profiteering landlords and recommending laws providing for appointment of local housing boards and of a central state housing agency for co-ordinating local effort; a constitutional amendment permitting extension of state credit on a large scale and at low rates to aid in the construction of moderate priced homes; laws permitting cities to acquire and hold or let adjoining vacant lands, and if necessary to carry on housing.

Cynthia Curzon Is Engaged. Second Daughter of Lady Curzon (Mary Leiter of Chicago) to Wed Briton.

London, March 27.—The engagement is announced of Lady Cynthia Curzon, second daughter of Earl Curzon of Kedleston, and Lieut. Oswald Ernald Mosley, member of parliament for the Harrow division of Middlesex. Lady Cynthia Curzon's mother was Mary Leiter of Chicago, who was married to George Nathaniel (later Earl) Curzon, in 1885 and who died in 1906. Lieutenant Mosley is a son of Sir Oswald Mosley. He is twenty-four years of age and served in France.

Albany Senate for Boxing. Albany, N. Y., March 27.—The senate by a vote of 30 to 19 adopted the bill designed to legalize boxing in the state under the auspices of the army, navy and civilian board of boxing control.

Wooden Shoes for America. The Hague, March 26.—Dutch manufacturers are going to introduce the wooden shoe to the American people. Representatives of several large factories have left for the United States with samples.

EBERT MEN LIFT SIEGE AT WESEL

Regulars Drive Workers From City—Russ Officers Lead Reds.

SNIPERS FIRE AT AMERICANS

Newspaper Correspondents Attacked While Returning From Belgian Outposts—Mueller Declines to Form New Cabinet.

Wesel, March 26.—Government troops made a sortie southeast of this city, drove besieging workers' forces from their posts, shelled their retreating columns and raised the siege of Wesel on both the east and south-east. Artillery operated by workers' forces dropped two shells into the city and then withdrew. While the counterattack against the beleaguering forces was going on, re-enforcements arrived here. Among them were the Death's Head Hussars and Uhlands. Snipers are still active in territory evacuated by the workers' force. Seven shots were fired at American newspaper men while they were returning from advanced Belgian outposts on the Wesel side of the Rhine.

London, March 25.—One hundred Russian officers sent to Germany by Nicolai Lenine, Russian bolshevik premier, are assisting in the operations of the German workers' army before Wesel, says a Copenhagen dispatch to the London Times, quoting an interview with an Ebert government officer at Muenster by the correspondent of the Politiken.

The dispatch says the workers have taken over control of the Krupp works at Essen and are turning out arms and ammunition. The officer expects Wesel to be evacuated by government troops in order that devastation and bloodshed may be avoided.

Paris, March 29.—Hermann Mueller, foreign minister in the cabinet of Premier Bauer, has declined to accept the task of forming a new German cabinet, according to a dispatch received by the French foreign office.

Army at Ruhr Like That in Russia. Berlin, March 29.—Maj. Gen. von Seeckt, commander of the government forces, declared the situation in the Ruhr region to be very serious, in the course of an interview with the correspondent of the Tagblatt. Negotiations at Bielefeld between government emissaries and workers had been to no purpose, he said, and there had been no negotiations whatever with the Communists.

"There exists in the Ruhr region a red army, as in Russia," Maj. Gen. von Seeckt continued, "and these well-equipped and well-fed men will make use of all the experience gained during the war."

With reference to the German army in general the commander said: "We must not forget that at a professional army, or as one might call it, a proletarian army, has been imposed on us by the peace treaty. Such an army is only devoid of danger when it forms an integral part of the community. Officers and men must be educated to understand that for Germany the only possible course is peaceable, democratic development."

The foregoing statement is considered as representing views that have become common in liberal and radical circles since the Kapp regime, and in favor of which a growing agitation is expected.

Fulkenstein, Saxony, March 29.—Workers have taken over control in towns and cities of lower Saxony, but there is an impression their ascendancy will be short-lived, as they are not sufficiently organized in a military way to resist pressure successfully.

It is noticeable that the nearer one comes to districts where government troops are in power the weaker is the workers' hold on affairs.

In this little town, in a valley fifteen miles from Plauen, Max Hoelz, whose regular job is lecturer in a moving-picture theater, is directing affairs.

Chemnitz, Saxony, March 29.—Communists are firmly entrenched in control here and prepared to resist attacks by government troops which may be sent against the city. In the event the troops secure control, a general strike may again be called. Heinrich Brandler, chairman of the executive committee of the workers, declared his followers were co-operating with workers in the Ruhr valley.

There are 12,000 men under arms in this district, and Brandler said the workers' leaders would call upon not only the workmen of Chemnitz, who make up 92 per cent of the population, but those of the entire Vogt land and Ore mountain regions. Hearing a report that troops were advancing toward this city, Brandler instructed the outlying districts to stand off the troops if they appeared until re-enforcements arrived.

No Objection by the U. S. Washington, March 27.—Ambassador Wallace at Paris was informed by the state department that the United States would not oppose the sending of German government troops into the Ruhr valley to quell the rising there.

Pope Receives Polish Premier. Rome, March 27.—M. Smutski, premier of Poland, was received in private audience by Pope Benedict. Later he and Ignace Jan Paderewski were guests of honor at a reception given by the Polish minister to Italy.

Drop Seattle Shipping Indentment. Seattle, Wash., March 29.—The last indentment remaining against Capt. John F. Blain, former North Pacific district manager of the United States shipping board, was dismissed in the United States district court.

Report of the West Bend Cow Testing Association

During the month of February 344 cows were tested, five of which produced over 60 lbs. of fat, fifteen over 50 lbs. of fat, 51 over 40 lbs. of fat. In all there were 71 quality cows for the 29 days. We would like to see any association in the county beat us. 1 to 4% cows producing over 40 lbs. of fat for February, and 1 to 5% in January. Mr. Chas. Backhaus also had highest average herd. His 10 Reg. Holstein averaged 1346 lbs. of milk, 56.5 lbs. of fat. Mr. Arthur J. Klemann of 12 G. Hol., averaged 1150 lbs. of milk, 40.5 lbs. of fat.

ELECTRIC WASH DAY ON THE FARM

Washday on the farm has always been one of the hardest for the farm wife. Then, if ever, she has more things to do than even her willing and able hands can accomplish in a single day. So on that day she wants and needs every bit of assistance she can have.

In the old days when every bit of water had to be pumped by hand, when hours had to be spent bending over the tub—rubbing, rubbing, when the ironing had to be done with the old fashioned flat iron that needed a red hot stove even in mid-summer, washday meant the worst sort of drudgery for the farm wife. But within the last few years modern home improvements have made this sort of thing unnecessary. A new washday has dawned for farm women.

Electricity, which has definitely established itself as the best and most efficient of all our modern servants, has come to the aid of farm women as well as their city sisters. Over one hundred thousand farm homes now enjoy the benefits of electric service supplied by independent electric light and power plants. Lights of course are the first thing thought of and the first thing installed. And, of course, it is a mighty fine thing for the farm home to have the same bright, safe electric light that has been enjoyed in the city for some time. But that's a little of the subject—washday.

With light the little electric plant has brought power too, and perhaps its most valuable use is found on washday. In the first place an electric pumping system draws water from the well or cistern, puts it under pressure in a tank, and so delivers it at faucets in the kitchen. And a heater delivers it hot, too. Then a little electric motor turns the washing machine and the wringer. And an electric iron, always at the right temperature, does the ironing quickly and well. There's still work on washday, but it's much easier. The drudgery is gone.

KEWASKUM'S TAX LEVY SECOND HIGHEST

The true value of real estate per capita for Kewaskum in 1919, is the highest of sixty-four villages and cities in the state. Port Edwards is highest with a population of 860 in 1919, has a true value real estate of \$1611, personal property \$417. Kewaskum's real estate valuation per capita is \$1129, and personal property \$321; New Glarus, whose population is 975, has a real estate valuation per capita the same as Kewaskum, with personal property at \$222; Portage, with a population of 950 has the lowest true valuation, amounting to \$158 for real estate and \$93 for personal property. There are in all ten places out of the sixty-four where the true value per capita of real estate is high these mentioned by the Tax Commissioner T. A. Polley of the C. & N. W. Ry., Chicago are as follows: Clinton, East Troy, Fox Lake, Grant, Kewaskum, New Glarus, Port Edwards, Prairie du Sac, Sauk City, West Salem. The reason for the high per capita true value of real estate is given as follows: "A large amount of valuable farm land attached to the incorporation; a valuable improved water power, a large going industry in a small town; summer resort."

A PECULIAR LOVE AFFAIR

The Statesman is in receipt of a letter from Christ Tieshauser from Madison, South Dakota, in which he writes of a peculiar matrimonial entanglement, which occurred at Junction City, Kansas, and which Mr. Tieshauser wishes to have published in the columns of this paper. The letter reads as follows:

"Two wounds, brought about by the 'flu' on October 23rd and Nov. 14th 1918, are now healing. The one occurring on Oct. 23rd, was that of an Edmunds county, South Dakota, where a mother whose given name was Ida, passed away in death, leaving to mourn her loss ten children, and her husband, Jacob. The second 'flu' victim occurred on Nov. 15th in the state of Oklahoma, where Jacob—the father of a family of six children died, leaving besides his children his wife, Ida, to care for the little ones. In the month of September, the bereaved Jacob, tired of living a bachelor life, was called to Minnesota to close a land deal, while in St. Paul, he placed an ad in one of the papers there, advertising for a wife, which was read by the widow in Oklahoma, who answered same. Letters were exchanged and the marriage took place on Sunday, March 7th, 1920 at Junction City, Kansas. The families united as one consist of sixteen children, of which two have the given name Elsie, two Anna, two Jacob, two Otto, and two Carl.

NEW TOWN ROAD LAW

A new road law which becomes effective April 7th, marks a great change from the former system, in that it provides for the appointment of a superintendent of highways, who shall have charge of the road work. The law provides for the following: "That the town board shall appoint some competent person to superintend under their direction, the construction, and repair of the highways and bridges within the town. He shall hold office for the term of one year. Among his duties is to supervise the construction and maintenance of all roads, bridges, culverts required to be done by the town; to keep the highways passable at all seasons; and to keep an account of all receipts and disbursements."

CATARRAL DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Drug-gists, 75c.

**The Protection of a Boot—
The Comfort of a Shoe**

A miner's rubber shoe that farmers everywhere are wearing

In the wettest weather—over the muddiest ground—you can keep your feet as dry as in boots—and yet have all the lightweight comfort of a leather shoe.

Farmers everywhere are strong for the new U. S. Bootee—a water-tight, lace rubber shoe that is just the thing for everyday service around the farm.

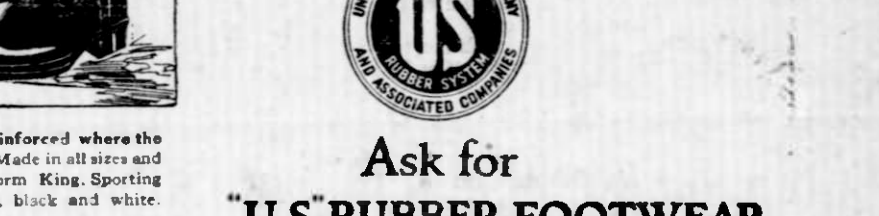

It was designed especially for miners, who must have a waterproof shoe that will not tire their feet. So the U. S. Bootee was made to withstand the roughest wear—absolutely water-tight—and yet light and comfortable.

Today it's fast becoming popular all over the country—with farmers and all men who have to work much out-of-doors. Worn right over your sock like an ordinary shoe, the U. S. Bootee gives perfect protection always—whatever job you have on hand.

Its light weight and its smooth, easy fit will give you a new idea of real comfort in rubber footwear.

Ask your dealer today to show you a pair of the new U. S. Bootees. Look over the rest of his U. S. line—boots, arctics, rubbers—whichever you need. Tough, heavy soles—special reinforcements at toe and heel—and always the highest quality rubber—these points are winning U. S. rubber footwear thousands of new friends every year.

Ask for U. S. rubber footwear—it means solid wear and long service for your money.

Security Food Compound for Calves and Pigs

DIRECTIONS FOR PIGS

Make a slop by mixing one pound of Security Food in ten gallons of water. Add mill feed, ground feed, oil meal, tankage or any other hog food you may have, to make it a balanced ration. Continue mixing Security Food in slop for your shoats until a month or so before marketing them.

Growing hogs require lots of liquid to make rapid, healthy growth. They will drink much more Security slop than plain water, and even although the slop may be thin, feeding it will show you profits. The most successful hog grower is he who fits his hogs for market in the least time. To do this they must show growth every day, for even a few days without gain is liable to make runs.

How Diphtheria is Contracted

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. Adv.

Information to Voters

The following instructions are given for the information and guidance of voters:
A voter upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk which must have indorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot, the voter must retire alone to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter should mark his ballot by making a (X) in the square at the right of the name of the candidate for whom he intends to vote, or by inserting or writing in the name of the candidate.
The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all shall be issued to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or mem-
