GOVERNMENT IN FIGHT ON REVOLT

Strike Raid Seen as Move to Lloyd George, Millerand and Nitti Nip Soviet Rule in the U. S.

RED ORGANIZATION POWERFUL CHARGE TREATY VIOLATION

Gained Control of \$50,000,000 of Imperial Russian Money in This Country and Has 35,000 Speakers and Organizers.

Chicago, April 17.-The first move of the government in an open fight against revolutionary groups whose avowed purpose is the overthrow of the constituted government of the United States, substituting therefor a "rule of the proletariat" patterned after the Russian soviets, is seen in the arrest here of 30 "outlaw" railroad union officials for violation of the Lever act.

It is known-has been known for some time in official circles, due to the vigilance of certain volunteer esplonage organizations centered in Chicago -that an attempt at revolution was to be made in the United States May 1, 1920. The date was originally November 15, to follow the unauthorized steel strike. It was postponed a month to follow the tieup of the coal mines: then it was set for May 1, to follow a general tleup of the country's industry through a nation-wide railroad strike-all unauthorized by the international labor unions

The organization is powerful, according to William R. Moss, chairman of the committee on Americanization of the Chicago Association of Commerce, who has been touring the country speaking before business men manufacturers, bankers and em ployees' associations, trying to warn the country of the proposed attempt at revolution:

"Ambassador David R. Francis upon his return from Russia," said Mr Moss, "showed that the soviet organizations in America had gained control of \$50,000,000 of Imperial Russinn money in this country. The revolutionary groups are not poor. They have 35,000 speakers and organizers scattered throughout the country. The country should be aroused to this attempt by the minority to rule the mafority. It is not a time to get excited; the thing is going to happen. This is the time for every man who is an American and who has the nerve to say so, to stand upon his own feet, to talk sanely, to act sanely, for the sitnation is one that calls for the sanest coolest, clearest thinking heads in

"The situation is grave and cannot be overestimated. The revolt move ment can be defeated if the American people-by that I mean the people who believe in this country-can b brought to realize the peril. Radical- Germany requiring her to fulfill the ism as well as bourbonism, the two extremes that are enusing the tron syndicatism by Earl C. Ford and Wil-Ham Z. Foster, who engineered the steel strike, published in 1912."

The situation is known to business men, contractors, bankers, etc. It is next to impossible to get a contractor to make hide upon work now that can not be completed before May 1.

"This idea of revolution is not scarehead one," said a man, who can not be quoted for the reason that be is one of those who have been look ing into the unmasked red of the vol cano and reporting its seething. "It began in Seattle more than eighteen months ago."

Washington, April 17.-The "orr law" railroad strike is practically as an end. Reports reaching the department of justice from cities in which the strike was beginning to assume alarming proportions indicate a gen eral tendency on the part of the me to return to work.

The rapid assembling of the raffrond labor board as a result of telegraphic appeals to its members from President Wilson was considered a large factor in the determination of the strikers to resume work.

The adjustment of their demands, it is understood, will be one of the first problems to be worked out by the board, which held its first meeting with seven of the nine members present Those absent were: A. O. Wharton of Kansas City, Mo., and R. H. Barton of Memphis. Tenn., both of whom ar expected to be here Monday when the board will resume work in earnest Henry Hunt, former mayor of Cincin nati, was elected chaleman and Wal lace W. Hanger of this city, secretary of the temporary organization of the hoard, whose work will be the adjustment of the wage demands of approximately 2,000,000 raffrond employees aggregating about \$1,000,000,000 an-

Nogales, Sonora, April 20.-Gen. Anrel Flores, with 5,000 Sonora troops, has captured Culican, capital of Sinnlon, according to official announcement from Sonora military headquarters at Hermosillo.

Germany Is Paying Up.

Berlin, April 20.-Germany has already paid 20,000,000,000 in gold marks of the reparations installment due on May I. This statement was made by one of the leading German house who have returned recently to Lockers.

AGREE GERMANY MUST DISARM

Decide to Make Berlin Powerless.

Allles May Seize the Ruhr District-Turkish Matter to Be the First Taken Up at San Remo Gathering.

Paris, April 21 .- Occupation by the allies of the Ruhr basin in western Germany is being considered by the entente premiers, gathered at San Remo, says the Petit Parisian.

Premiers Lloyd George, Millerand and Nitti held a brief meeting and agreed, in principle, on the necessity of forcing Germany to disarm, the newspaper declares, but were not agreed as to the best means of pro-

There was a certain coolness between M. Millerand and Mr. Lloyd George at the opening of the meeting, but it vanished in a short time and utmost cordiality prevailed at the close, according to the Matin.

Demands that the allies, during the San Remo meeting, resist all attempts to revise the terms of the Versallies treaty with Germany are made by Raymond Poincare, former president of the French republic, in an article published by the Matin. France and Belgium have been deprived of guaranties by the failure of Great Britain and the United States to put the triparite convention into operation, he says, and the League of Nations is as yet without means of action.

Premier Millerand is congratulated by M. Poincare for the wisdom he showed in pursuing a "wise policy in view of the necessity of stopping the fatal movement leading the allies to

the precipice." M. Poincare declares the allied governments should support France against Germany, and asserts Ger- Hermosillo, many is violating the Versailles trenty and avoiding all engagements and that France and Belgium could not have the Rhine when German regulars invaded the neutral zone in the Ruhr

San Remo, Italy, April 21 .- The allies' supreme council began its formal sessions in the Villa Devachan, on the hills to the northwest of the main

The Turkish question was on the program for first consideration by

the conference. It develops that there already has been discussion over the question of enforcing the execution of the trenty of peace with Germany. There seems no doubt that the premiers are agreed a joint declaration must be sent to conditions of the Versallies treaty and that, if she does not do so, the allies will take measures to compel

The premiers, however, have not yet ngreed upon the form of pressure to he used should Germany continue neg-

ligent At the end of the first day of its deliberations the interallied supreme council drafted a reply to President Wilson's recent note on the Turkish peace treaty to certain clauses of which the president has objected,

Further discussion of the Turkish settlement was shelved pending Mr. Wilson's reply. The note, it is understood, complains that American nonrepresentation at the San Remo conference is delaying the Turkish settlement. It asserts that America's assent is necessary to render the treaty op- House Votes to Increase by \$20

AFTER MOTHERHOOD Kalamazoo, Mich.:—"After motherhood I was in very poor health, run down. I got very thin and my strength was all gone. I took Dr. Pierce's Favorite Prescription and it began to help me at once and three bottles was all I needed to put me in good condition. It is a splendid medicine."—MRS. LILLIE ALLAN, 1358 N. Edwards St.

THOUSANDS OF SUFFERING WOMEN

Kalkaska, Mich.:—"I cannot write enough to express my thanks for being able to recommend Dr. Pierce's Favorite Prescription. Motherhood left me in a very bad condition of which my doctor could not help me, but 'Favorite Prescription' has done wonders for me. I took two bottles of the 'Prescription' and was helped wonderfully, being able to do my own housework and other work besides. I feel like a new woman. I will do all in my power to help other sufferers. I wish I could speak to the thousands of suffering women who have tried so many other remedies and advise them to try Dr. Pierce's Favorite Prescription."—MRS. W. C. HINDS.

WOMAN'S TROUBLE

Saginaw, Mich.:—"I have used Dr. Pierce's Favorite Prescription and Pleasant Pellets and they cured me of my ailment. A few years ago I was taken with a bad case of feminine trouble. I was sick about six months. I felt miserable. Could not eat, got very thin, and in fact, was in a very much run-down condition so I thought I would try Dr. Pierce's remedies and in less than six weeks I was completely cured."— MRS.MILO EVANS, Box 1.

WHOLE FAMILY CURED

Bay City, Mich.:—"Dr. Pierce's medicines have been used in my family for over thirty years and I think everyone related to me has used them and was cured.
"My husband took Dr. Pierce's Golden
Medical Discovery for his blood and for
other complaints, so did my brother, and it

alone did what was required of it.
"I have taken both the 'Golden Medical Discovery' and the 'Favorite Prescription' as well, whenever I was not feeling right. I never need a doctor, Dr. Pierce's modicines have been my 'family doctor' for years. I can recommend them to all. If directions are followed they will always do the work."

—MRS. ELIZABETH DENISON, 1603

Acid Stomach Makes the Body Sour

Nine Out of Ten People

Suffer From It

It sends its harmful acids and gases all over the body, instead of health and strength. Day and night this ceaseless damage goes on. No matter how strong, its victim cannot long withstand the healthdestroying effects of an acid stomach. ·Good news for millions of sufferers. Chemists have found a sure remedy-one that takes the acid up and carries it out of the body; of course, when the cause is removed, the sufferer gets well.

Bloating, indigestion, sour, acid, gassy stomach miseries all removed. This is proven by over half a million ailing folks who have taken EATONIC with wonderful benefits. It can be obtained from any druggist, who will cheerfully refund its trifling cost if not entirely satisfactory. Everyone should enjoy its benefits. Frequently the first tablet gives relief.

-Thomas Bailey Aldrich. MILK DISHES.

The value of skim and sour milk as a food is not generally appreciated. Taken by itself skim milk is rather thin, but when taken with bread or used in cooking it forms a very nutritious addition to the diet. Skim milk has nearly all the protein of the whole mflk and is one of

the richest sources of lime and phosphorous. Some children refuse to take milk in its natural form. Then the wise mother covers the taste by serving it as milk toast, cus tard, creamed vegetables, soups, junket and other simple desserts with milk as a basis.

Skim milk may be used in any recipe calling for whole milk. With the addition of butter, to replace the cream removed, the composition approaches whole milk.

Sour milk in cooked foods is espe cially good. Hot breads made with

sour milk have an extra delicacy, Brown Nut'Bread .- Mix and sift to gether two cupfuls of graham flour, me teaspoonful of salt, one teaspoon ful of soda and one and one-half cupfuls of white flour. Add two cupfuls of sour milk to one-half cupful of mo lasses. To this add the dry ingred fents and one-half cupful of sugar. Mix well and add one cupful of chopped nuts. Half fill baking powder cans, well greased; let stand half un hour. Pake three-quarters of an hour in a moderate oven

Sour Cream Salad Dressing.-Beat one cupful of sour cream until stiff. Add flavoring of lemon and pineapple Julce during the whipping. Season with salt, a dash of curry powder, when using the dressing on regetables For fruit emit the curry,

Cream of Green Pea Soup .- Take on pint of peas or one can of peas, cool until soft, mash in the water in which they were cooked, put through sieve, add enough water to make quart. Bind with two tablespoonfuls each of butter and flour cooked together. Season with half a teaspoon ful each of salt and sugar, a dash of pepper and a pint of thin cream or milk. Serve hot.

But future years may never fling A treasure from their passing hours Like those that come on memory's

parents, also attending the wedding of DEATH OF MRS. JACK SCHWARTZ 47.5 Please collect all outstanding votes

After an illness of a few weeks

passed away in death at her home in Hartford on Saturday, April 17. Mrs. Schwartz was born at St. Kilian thirty-two years ago. In 1906, she was married to Jack Schwartz of Hartford. Deceased is survived by her husband and three children, Sylvester, Alice and Jerome. One son John preceeded her in death. She also leaves to mourn, her mother, four sisters, Mrs. Anna Geller, Mrs. Roy Pfooler of Hartford; Mrs. Peter Held, Mrs. W. Fink of Alma Center; two brothers Philip of Hartford and Kilian of Fond du Lac. The funeral was held Tuesday, April 20, with services in St. Kilian's church at Hartford. Those who attended the funeral from here were: Mrs. Philip Strobel, Mrs. Joe. Strobel, Kilian Strobel, Mr. and Mrs. And. Strachota and Mrs. Mich. Jaeger of Campbellsport.

Get Your Tractor Now

THOUSANDS of farmers now own Titan 10-20 tractors. Ask any of them whenever you get a chance and you will hear that they found owning a tractor operating successfully on low-priced, low-grade fuels - kerosene, distillate, etc.—is a paying investment from the very outset.

At hundreds of International tractor schools in the past few months farmers have been shown that kerosene engines must be specially designed—and that Titan 10-20 tractors are specially designed and built to operate on kerosene, or any other crude oil distillate testing 39 degrees Baume or higher.

Titan—The Best Tractor Buy

They are easier to handle than a farm team and easier to care for. You can get your work done on time, plow deeper, prepare better seed beds, do more work with less help, and get more profit from your farm. They do belt work that carnot be done by horses and pull more in proportion to weight than horses. Horses must have rest whether the work is crowding you or not. If necessary, you can keep your Titan ing continuously, without rest, until the work is done.

Mere you have economy, efficiency, dependability—three prime essentials of farm carrying an assurance of bigger crops, better yields, and fatter profit. Order a Titan early. Be sure of having it for the labors ahead.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

if Your Back Hurts or Bladder Bothers, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the hody's urinous waste and atimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 nours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water-you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous saits is made from the acid of grapes and lemon jnice, combined with lithin, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure: makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.-Adv.

BEST CROPS FOR SPRING GREENS

Spinach Is Most Excellent and Should Be Found in Every Home Garden.

RICH LOAM MOST ESSENTIAL

One of Good Points About Swiss Chard Is That Leaves May Be Cut Without Injuring Plant-Dandelion and Kale Are Good.

(Prepared by the United States Department of Agriculture.) Spinneh is one of the best crops grown for greens and should be found it may be planted in early spring, or straw or leaves. Sow the seeds of not dry out. After the plants are up, splnach in drills 1 foot apart at the care should be taken that the bed rate of 1 ounce to 100 feet of row or 10 to 12 pounds to the acre. To produce good spinach, a rich loam which will give the plants a quick growth is required. As ordinarily grown, spinach occupies the land during the autumn and winter only and does not interfere with summer cultivation. Spinach is an easily grown garden

crop, and there is, perhaps, no other of its kind that will give as good satisfaction. Three or four ounces of seed planted in the autumn after a summer crop has been harvested from the land, will produce an abundance of greens for the average family during the late autumn and early spring. In gathering spinach, the entire plant larger plants are selected first, and is required if this plan of harvesting is practiced.

The Savoy is the variety most commonly grown.

Chard, or Swiss chard, is a beet which is grown for its foliage instead

Chard is planted about the same Hat, shoes, stockings and parasol time and in the same manner as beets, woring soups.

New Zealand Spinach. The plant known as New Zealand spinach is not a true spinach but grows much larger and should be planted in rows 3 feet apart, with the plants 12 to 18 inches apart in the Some difficulty may be experienced in getting the seeds to germinate, and they should be soaked one

Swiss Chard Has Been Bred for Foliage for Salads Instead of Root.

ing. New Zealand spinach is satisfactory for growing in warm climates, wanted for use provided a light coveras it withstands heat better than the ing is applied to prevent freezing. ordinary spinach. The fleshy leaves and tender stems are cooked the same

Dandellon. Sow the seed of dandellon in spring In drills 18 inches apart, covering it one-half inch deep. Thin the plants to about 12 inches apart and give good clean cultivation throughout the summer. In the colder parts of the country it may be desirable to mulch slightly during the winter, to prevent the plants heaving out of the soil. Early the following spring the plants will be ready for use as greens, but they are greatly improved if blanched by setting two boards in the form of an inverted V over the row. The blanching not only makes the leaves tender but destroys a part of the bitter taste. Dandellon greens should be boiled in two waters to remove the

There are a large number of forms It may be set in rows and cultivated the same as cabbage or may be sown broadcast, but may be set somewhat dence on all sides, until it is difficult of having the lingerie tape slip from closer. This crop is very hardy and to pick out any one mode for word the beading of camisole or gown will will live through the winter in the portrayal, but frocks of tricotine are appreciate this simple hint. When the open ground in localities where freez-

plice bodices that wrap about the ends and sew a white pearl button to Kale is used for greens during the waist and fluish with sash effect, the each end. The button should be large winter and as a substitute for cab-

> Fertility Maintenance. One of the first essentials in the maintenance of fertility is the adoption of a good cropping system.

CELERY SEED BED IS OF BIG IMPORTANCE

In North Seed Should Be Started in Hotbed.

Watering Should Be Attended to Very Carefully and Bed Not Allowed to Dry Out-Keep for Winter by Banking.

(Prepared by the United States Department of Agriculture.) For celery in the North, sow the seed in a hothed or coldframe and transplant to the open ground. Celery plants are generally improved by transplanting twice. Celery seeds are very small and are slow in germination, and the temperature of the seed bed should be kept low. The seed bed should be especially well prepared, in every home garden. In the North and the seeds should not be covered to a greater depth than one-eight of it can be planted in the autumn and an inch. Watering should be attend carried over winter by mulching with ed to very carefully and the bed should

Celery May Be Planted After Some Early Crop.

does not become too wet and the plants damp-off. Five hundred plants will be sufficient for the ordinary family. They should be set 6 inches apart in rows 3 to 5 feet apart. Celery requires a deep, rich, moist

soil, with plenty of well-rotted barnyard manure or fertilizer and frequent shallow cultivation. In the garden, celery may be planted after some early crop, such as lettuce, radishes peasur beans. As soon as the plants attain considerable size the leaves should be drawn up and a little soil about the milk. compacted about their bases to hold them upright. If the blanching is with earth, care should be taken that the hearts of the plants do not he- on?" come filled. Boards, paper, draintiles, "Feed them on?" snapped the dalrymay be used for blanching; but earth-

Celery may be kept for winter use by banking with earth and covering tomer. the tops with leaves or straw to keep it from freezing, or it may be dug and removed to a cellar, coldframe, vacant hotbed, or pit, and reset close together, with the roots bedded in earth. While in storage celery should be kept as cool as possible without freezing.

The blanched stems of celery are caten in the raw state, and both the stems and enlarged roots are stewed and creamed. Celery seed is used for flavoring soups and pickles.

Celeriac is a large-rooted form of celery used for cooking only. Cultivate the same as celery, but banking or blanching is not required. The roots may remain in the ground until

CAREFULLY TEST ALL SEEDS

Practice Has Long Been Urged and Special Stress Placed on It With High Prices.

With all kinds of seed as high as they are, the use of inferior seed is a most expensive form of carelessness Careful testing of practically all kinds of seed has long been urged and special stress is being placed on it, now that prices are so unusually high. In the matter of clover seeds for instance, attention is called to the fact that comparatively cheap seed may be actually higher than that which costs more money, because of low germina-

The walls of the old home, whether mansion or cottage, can be enade just as attractive, just as sanitary, through the intelligent use of

Instead of kalsomine or wallpaper

How much better, when you have a new home, to start right than to have to correct errors afterward from former treatment with other materials, when you come to the use of Alabastine, as does nearly every one sooner or later. Once your walls are Alabastined you can use any material over it should you desire, but having used Alabastine you will have no desire for

any other treatment. Alabastine is so easy to mix and apply — so lasting in its results — so absolutely sanitary — and so generally recognized as the proper decorative material in a class by itself that it is becoming difficult to manufacture fast enough to supply the demand.

Alabastine is a dry powder, put up in five-pound packages, white and

beautiful times, ready to mix and use by the addition of cold water, and with full directions on each package. Every package of genume Alabasume has cross and circle printed in red.

There's no longer the slightest need of feeling ashamed of your freckies, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from your druggist, and apply a little of it night and morning and -you should soon see that even the worst freckies have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one ounce is needed to completely clear the skin and gain a beautiful clear complexion.

ing around for a horse." "I suppose he wants a plug.

Owe Their Health To

Lydia E. Pinkham's Vegetable Compound — overshadowing indeed is the success of this great medicine. Compared with it, all other medicines for women's ills seem to be experiments. Why is it so successful? Simply because of its sterling worth-For over forty years it has had no equal. Women for two generations have depended upon it with confidence.

Thousands of Their Letters are on our files, which prove these statements to be facts, not mere boasting: Here Are Two Sample Letters:

Mother and Daughter Helped. Middleburg, Pa. - "I am glad to state that Lydia E. Pinkham's Vegetable Compound did memuch good when I was 35 years old. I was run down with female trouble and was not able to do anything, could not walk for a year and could not work. I had treatment from a physician but did not gain. I read in the papers and books about Lydia E Pinkham's Vegetable Compound and decided to try it. The first few bottles gave me relief and I kept on using it until I got better and was able to do my work. The Vegetable Compound also regulated my daughter when she was 15 years old. I can recommend Vegetable Compound as the best medicine I have ever used."—Mrs. W. YERGER, R. 3, Box 21, Middleburg, Pa.

years ago I gave birth to a little girl and after she was born I did not pick up well. I doctored for not pick up well. I doctored for two months and my condition re-mained the same. One day one of your little hooks was left at my door and my husband sug-gested that I try a bottle of Lydia E. Pinkham's Vegetable Com-pound. I started it immediately and I felt better and could eat better after the first bottle, and I continued taking it for some time. Last year I gave birth to a baby boy and had a much easier time as I took the Vegetable Compoundfor four months before baby came. On getting up I had no pains like I had before, and no dizziness, and in two weeks felt about as well as ever."—Mrs. THOMAS WILKINSON, 363 Columbia Street, Fall River, Mass.

ily of Wayne and Mr. and Mrs. John

Mr. and Mrs. Merjay and family at-

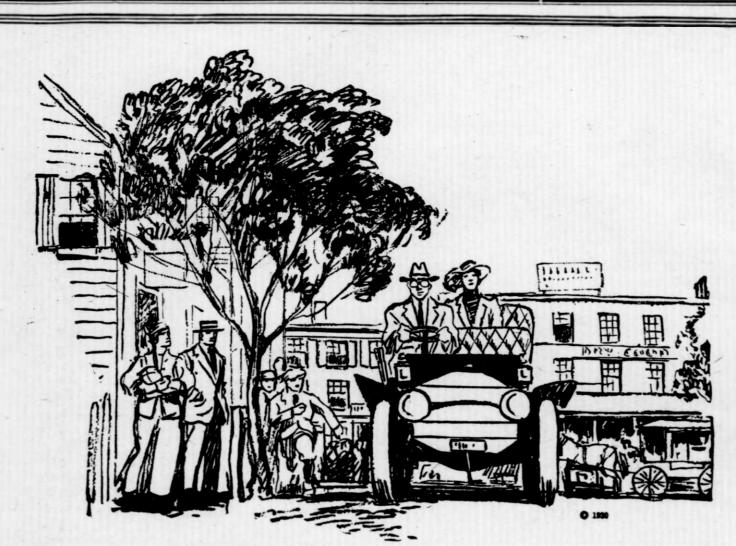

ernoon.

Mr. and Mrs. G. A. Romaine visited Sunday with Mr. and Mrs. R. J. Ro-

Thursday evening.

Mrs. M. Calvey and son Vincent

er home Sunday afternoon.

Remember when the first automobile came to town

ODAY there are more than 7,000,000 of them in the country. Pretty soon nearly everybody in this section will be traveling around in his own automobile.

The first thing a man wants to know nowadays, when he starts out to buy a car, is how much it is going to cost him to keep it run-

ning. It's all very well to take some dealer's word about a tire—if you know who he is and his object in selling it to you.

Tires is to have you come back for more—and be glad

that we sold them to you,

U. S. Tires have a record behind them.

They are built by the people who perfected the first straight side automobile tire, who produced the first pneumatic truck tire.

Two of the greatest contributions to tire and motor economy ever made.

As representatives of the oldest and largest rubber concern in the world, we have a reputation to live up to. Our object in selling U.S. We can't afford to substitute "just as good" tires for tires of standard quality.

United States Tires
