

## 1947 Grads Enroll, Many Others Return to Attend Colleges

The fall season marks the return of students to attend colleges and universities in other cities of the nation. Many young people from Kewaskum and community again have returned to their various schools and some 1947 high school graduates enrolled for the first time. Among those gone away to school are the following:

Harold Bunkelmann and Ralph Kramer have returned to Platteville where they are students at the Pioneer State Teachers college. Harold is a junior in the industrial arts division. Ralph has begun his final year of the agriculture course. Ralph has been elected president of the F.F.A. Sponsored by the agriculture division, the organization is a collegiate chapter of the Future Farmers of America. He has also been appointed chairman of the committee in charge of the games contest, an annual event of the college homecoming. The celebration, set for Oct. 17 and 18, is being planned and carried out entirely by students this year. Plans include a revival of the old Pioneer day on which students and faculty attend classes dressed in hoop skirts and conical caps. White water will be the Pioneers' opponent on the gridiron.

Donald Wierman, high school graduate of last spring, where he starred as an all-around athlete, has enrolled as a freshman at the University of Wisconsin, Madison. Curtis Romaine has also resumed his studies at the state university. Curt, with his wife, spent a brief vacation here with his parents after attending summer school, before starting classes again on Monday of this week.

Miss Grace Zano, who formerly attended school but has been associated in the floral business with her sister Lois here the past year, has returned to college. She enrolled at Valparaiso university, Valparaiso, Ind.

Miss Jean Rosenheimer, who graduated from Wayland academy, Beaver Dam, last spring, is attending Beaver college at Jenkintown, Pa. Her parents, the M. W. Rosenheimers, took her to Jenkintown recently.

Bob Brauchle resumed his studies at Lawrence college, Appleton, last week. He spent a short vacation at home after attending summer school at Western Reserve university, Cleveland, Ohio. His sister Rachel is in her second year of nurse's training at Wesley Memorial hospital, Chicago.

Bob Schmidt and Paul Kral returned to Marquette university, Milwaukee, where they began their second year of studies on Monday, Sept. 29.

Miss Bernice Wallenfels has begun her second year of school at St. Mary's Springs academy, Fond du Lac.

Wayland and Allen Tessar and David Backhaus are attending Milwaukee State Teachers college. The Tessars are in their second year, while Backhaus is a freshman.

Gerhard Kaniess Jr., who received his high school diploma from Northwestern College Preparatory school at Watertown in spring, has enrolled as a freshman at La Crosse State Teachers college where he is taking a physical education course.

Glenway Backhaus has returned to the Northwestern College Preparatory school at Watertown to resume his studies.

Howard Schmidt has begun his third year at Iowa state college, Ames, Ia., where he is taking a course in forestry. During the summer he received practical training in the Kettle Moraine state forest at Maute lake. His wife is with him at Ames, where she has a position.

Miss Ruth Jeske returned to Mayville where she has entered her second year at the Mayville Normal school.

Miss Marjorie Schmidt has enrolled at Prospect Hill Secretarial School for Girls, Milwaukee. She was a member of the refreshment committee for the "moonlight barbecue mixer" held Monday evening, Sept. 29, for the girls attending the school.

Miss Betty Jane Krueger, who attended Mission House college, Franklin, last year, has enrolled at Milwaukee Downer college.

Carroll Straub, St. Kilian, has resumed his studies as a sophomore in the minor seminary at St. Francis.

James Schmidt, St. Kilian, has enrolled as a freshman in the minor seminary at Mt. Calvary.

### THANK YOU

I take this opportunity to extend my sincerest thanks to the kind friends and relatives who remembered me with cards, gifts and visits while I was confined at the hospital in Sheboygan during the past four weeks.

Elmer Strang

### PARISH CARD PARTY

The Ladies' Altar society of Holy Trinity church will sponsor a card party in the church parlors on Sunday, Oct. 12. Play starts at 8 o'clock sharp. Lunch will be served.

## Rev. Gust Kaniess of Town Scott Retires, Moves Here

The Rev. Gustav Kaniess, who served the ministry for the past 47 years, has retired as pastor of the Immanuel Lutheran congregation in the town of Scott and moved to Kewaskum to make his future home with his son, the Rev. Gerhard Kaniess, and family.

Rev. Kaniess held his farewell service and preached his farewell sermon in the church last Sunday. Members of the parish honored him at a farewell party and presented him with a purse Sunday. On Monday the ladies of the church tendered him a farewell party.

Rev. Tornow of Illinois, a young pastor who has just entered the ministry, has been engaged to succeed Rev. Kaniess as pastor. Rev. Kaniess served as pastor of the Town Scott parish 37 years. Before that he served at Appleton.

## Helmuth Lubitz Sr. Dies at Age of 54

Helmuth Albert Lubitz, 54, former resident of this village many years, and now residing on Route 1, Kewaskum, on a farm in the town of Auburn located about 1 1/2 miles north of the village, passed away Saturday morning, Sept. 27, at St. Joseph's hospital, West Bend. Mr. Lubitz had been ailing for the past several years. On Monday of last week he was injured in a fall from a ladder in the barn on his farm. This aggravated his illness and pneumonia set in. When he became seriously ill he was removed to the hospital Friday but died the next day.

Mr. Lubitz was born in Germany on March 12, 1863, and immigrated to this country on Oct. 4, 1923, settling in Kewaskum. Except for two years which the Lubitz family spent in northern Wisconsin, they resided in this village since coming to the United States until four years ago when they moved to the present farm.

The deceased was married to Emma Nagel in Germany on April 25, 1919. Seven children were born to the couple, four of whom predeceased their father. Surviving along with the widow are a son and two daughters, Helmut Jr. at home, Erna (Mrs. Russell Neumann) and Lizzie of West Bend. Mr. Lubitz also leaves one grandson, a son-in-law of West Bend and two sisters and three brothers in Germany.

Funeral services were held at 1:30 p. m. Tuesday from the Miller funeral home to the St. Lucas Ev. Lutheran church at 2 o'clock, the Rev. Gerhard Kaniess officiating. Burial was in the parish cemetery.

**CARD OF THANKS**  
The recent bereavement which has visited our home, the death of our dear husband and father, Helmuth A. Lubitz, has brought to us a greater appreciation of our relatives, neighbors and friends. Such kindnesses and neighborly thoughtfulness can never be forgotten. We are especially grateful to Rev. Kaniess, choir, pallbearers, drivers, floral officer, for the beautiful floral pieces, to Millers, and all who attended the funeral and called at the funeral home.

Mrs. Helmuth Lubitz and Children

**MRS. MINNA KIRMSE**  
Mrs. Minna Kirmse, who has been residing with her son-in-law and daughter, Mr. and Mrs. Albert Kreif Sr., Route 1, Kewaskum, died at St. Joseph's hospital, West Bend, Friday, Sept. 26, at 3:20 a. m. She had been in fair health until last week Tuesday when she suffered a stroke at home and went into a coma.

Mrs. Kirmse was born Sept. 18, 1856, in the town of Farmington, near Minna Gerner. She married Arno Kirmse on Nov. 26, 1882. In 1912 they moved onto a farm north of Waukega. Her husband died Sept. 5, 1906.

The deceased was the mother of six children, one of whom, Edwin Kirmse, died in 1909. Surviving are Anna Draves of Van Dyne, R. 1, Max of Random Lake, Mrs. Albert Kreif, Reinhold of Random Lake, R. 1, and George of Fredonia, R. 1. She also leaves 11 grandchildren and 17 great-grandchildren.

Funeral rites were held Sunday at St. Paul's Ev. church, Waukega, the Rev. Straube of Saukville officiating. Burial was in the parish cemetery. D. G. Wilk funeral home of Random Lake was in charge.

Six grandchildren were pallbearers.

**CARD OF THANKS**  
We desire to express to our neighbors and thoughtful friends our heartfelt thanks for their many expressions of sympathy and assistance in our bereavement. We are grateful for the beautiful floral offerings, to Rev. Straube, choir, pallbearers, drivers, funeral director and all who attended the funeral.

The Surviving Children

**MRS. JOHN SCHNORENBURG**  
Mrs. John Schnorenberg, 65, nee Frances Hepp, sister of Postmaster Frank Hepp of Kewaskum, died at the home of her son Paul in Waterloo, Ontario, Canada, at 10 a. m. Wednesday, Sept. 24.

She was born April 13, 1879, in the town of Polk, daughter of Engelbert and Ann Hepp. She had been in poor health several years and had been confined to a hospital in Waterloo for a month prior to her death.

After being married in 1902 in Hartford to John Schnorenberg, who died Feb. 25, 1907, the couple went to Wells, Minn., to live, returning to Hartford in 1908. In addition to her son, she is survived by two daughters, Ruth (Mrs. Francis Galbraith), Columbus, Ind. and Mary (Mrs. Walter McKays), Toronto, Canada. A daughter Helen (Mrs. Arthur Emmer) predeceased her. Surviving also are two brothers, Joseph of Wauwatosa and Frank here, and nine grandchildren.

Mrs. Schnorenberg was an active member of the St. Elizabeth society of St. Kilian's church, Hartford, and also of the Literary society. The funeral was held at 9:30 a. m. Monday in St. Kilian's church. Interment was in the parish cemetery.

## Dr. Kauth Talks on Cancer to Kiwanians

An informative talk on the threat of cancer was given by Dr. P. M. Kauth of West Bend to an interested audience of local Kiwanians in the Republican hotel Monday, Sept. 29. Dr. Kauth dug deeply into the mysteries connected with this disease, advised on preventive measures, and stressed early treatment as a necessity. His speech concerned all, as evidenced by a fact which may have been overlooked by many Americans, and that is that cancer kills more of America's youths than the much advertised polio.

On Tuesday evening, Sept. 26, eight members of the Kewaskum club were guests of the Port Washington club in a meeting which was attended also by members of the Bay View Kiwanis club. Feature of the gathering was an educational tour of the Port Washington power plant.

Next week's meeting will be held in the Republican hotel Monday, Oct. 6, at 6:15 p. m. and will be featured by a speech by Judge Frank W. Bucklin of West Bend.

### IN MEMORIAM

In loving memory of Bernice Roden Otten, who passed away 3 years ago, Oct. 5, 1914, and in recollection of her twenty-fifth birthday on Oct. 5:

In the infinite garden of heaven  
To the land where angels dwell,  
We are sending your birthday greetings

To you whom we love so well;  
You are spending your 25th birthday  
without us

In the land that is free from care,  
So our token of love and remembrance  
Is sent to you through prayer.  
Memories are treasures no one can steal

Death is a heartache nothing can heal,  
Some may forget you now that you're gone  
But we will remember no matter how long.

Sadly missed by those who were near and dear to her.

The Roden and Otten families

**BONLENDER-BONLENDER**  
Miss Margaret Bonlander, daughter of Mr. and Mrs. Ervin Bonlander, R. 1, Campbellsport, and Andrew Bonlander, R. 1, Campbellsport, were married at St. Kilian's church, St. Kilian, at 9:30 a. m. on Wednesday, Sept. 24, by the Rev. John B. Reichel in a double ring ceremony.

Given in marriage by her father, the bride wore a gown of ivory slipper satin. The yoke and full skirt were trimmed with lace that bordered the train in a scalloped effect. A beaded tulle held the fingertip veil that was trimmed with matching lace. She carried a cascade bouquet of white roses, pink roses and white baby mums. The necklace worn by the bride was a gift from her grandmother upon receiving first holy communion.

Preceding the bride to the altar were her sister, Fern Bonlander, junior bridesmaid; Marie Bonlander, sister of the groom, bridesmaid, and Florence Bonlander, sister of the bride, maid of honor.

The junior bridesmaid wore a pink marquisette gown styled with a shirred fitted bodice and full skirt. She carried yellow mums and white baby mums. She wore a matching headpiece and shoulder length veil.

The bridesmaid and maid of honor wore identically designed gowns of yellow and aqua taffeta. The yoke and petuum were trimmed with net and lace. They also wore matching headpieces and shoulder length veils. The bridesmaid carried a bouquet of orchids mums and baby mums. The maid of honor's bouquet was of yellow mums and baby mums. The girls wore cross necklaces, gifts from the bride.

The groom was attended by Ralph Bonlander, his brother, as best man, and Leo Bonlander, groomsmen.

The bride's mother wore a grey dress with an embroidered and studded bodice and petuum. She wore fuchsia accessories. Her corsage was made of yellow roses and yellow and bronze mums.

A wedding dinner was served to 95 guests and supper to 125 at the St. Kilian auditorium.

The couple will reside at the groom's homestead where he is engaged in farming.

**KARL-BACKHAUS**  
A brown tulle and brown accessories were worn by Miss Mildred Backhaus Saturday afternoon when she became the bride of Sylvester P. Karl. The Rev. Gerhard Kaniess was the officiating minister who read the 4 p. m. in St. Lucas Lutheran church, village.

The bride, daughter of Mr. and Mrs. William C. Backhaus, R. 2, Kewaskum, had a corsage of white roses nestled to the yoke of her suit. A graduate of Kewaskum high school and Dodge County Normal school, she had been teaching at Newburg.

Attending who was her sister, Mrs. Myron Petri, who wore a doublet suit with brown accessories. Her corsage was of camellias.

The bridegroom, son of the late Mr.

## Cyril Wietor, Marie Hanrahan, Others Wed

St. Bridget's church in the town of Wayne was the scene of a charming autumn wedding ceremony at 9 a. m. Wednesday, Oct. 1, when Miss Marie Hanrahan, daughter of Mr. and Mrs. David Hanrahan, Route 2, Kewaskum, became the bride of Cyril Wietor, son of the Frank Wietors of Campbellsport, formerly of Wayne. The Rev. F. C. La Bui performed the ceremony and read the nuptial high mass.

The bridal gown of white satin featured a sheer yoke and petuum edged in lace. A full length veil covered the train. It was held to an orange blossom tiara. Red roses and white mums comprised the bride's shower bouquet.

The bridal attendants' gowns in shades of gold, rose, blue and orchid were fashioned of taffeta. Headbands of flowers matched, and they held arm bouquets of mums. Miss Patricia Hanrahan, sister of the bride, was maid of honor and wore gold. Miss Cynthia Heister in rose, Myrtle Schmidt in blue and Marian Rohling in orchid were the bridesmaids. Little Ann Lloyd was the flower girl.

The groom was attended by his cousin, Sylvester Bassili, as best man. Gene Rohling, Jerome Hanrahan and Lambert Boegel were groomsmen. Ushering the guests to their places were Leo Wietor and Harvey Klitz. John Boegel was the ring bearer.

Dinner at the Bar-N Ranch and a reception at the home of the bride's parents followed the ceremony. In the evening the young newlyweds were feted at a wedding dance at the Light-house hall-room and later they left on a honeymoon through the eastern states, following which they will return to Kewaskum to make their home in the lower apartment of the Skupniowitz home on Prospect avenue.

The groom, a graduate of Pio Nono high school, Milwaukee, is employed at the Kewaskum Utensil company. His bride, a graduate of Kewaskum high school, had been employed in the office of Gehl Bros. Manufacturing Co., West Bend.

**WASHINGTON COUNTY CHOSEN AS TEACHING CENTER FOR NURSING STUDENT**

Washington county has been chosen by the state board of health as a teaching center for rural experience for Miss Arlene J. Jensen, a University of Minnesota public health nursing student. She will spend six weeks, Sept. 29 through Nov. 5, under the supervision of Miss Gladys Saiter, county nurse.

During this time she will be carrying on the regular routine work of the public health nurse, which will include visits to the schools, visits to homes and clinics.

Miss Jensen is a graduate of Mounds Midway School of Nursing, St. Paul, Minn.

### Around the Town

—Mrs. Dorothy Gugisberg returned home after an extended visit in La Crescent, Minn.

—Mr. and Mrs. Jos. Schwind attended the 10th wedding anniversary of Mr. and Mrs. John Donath Jr. at Fillmore Wednesday evening.

—Dr. F. E. Neiding attended the clinics and meeting of the Eighth Council Dental district at Oconomowoc Wednesday afternoon and evening.

—Mr. and Mrs. John Mayer, Mr. and Mrs. Herman Engelstoffer Jr. and family visited Sunday with Mr. and Mrs. Fred Meinhardt and Mrs. Mary Techtman.

—Yes, it's Miller's at Kewaskum for quantity home furnishings at most reasonable prices. Open daily until 6, Fridays until 9 p. m. Free deliveries—adv.

**WILHELM A. KLABUHN**  
Wilhelm August Klabuhn, 72, of New Fane, died at his home at 1:20 p. m. Saturday, Sept. 27, following a lingering illness. He had resided at New Fane for the last 10 years.

Born Aug. 4, 1875, the son of the late August and Augusta Klabuhn, he came to this country as a boy. On May 24, 1907, he was married at New Fane to the former Anna Letzke. They lived in the town of Auburn up to 1907.

Survivors include the widow; a daughter, Mrs. Walter Lucke of Town Scott; a son, William, Town Auburn; two grandchildren and a sister, Mrs. Ferdinand Springer, Sheboygan.

The body was in state at the Berg funeral home, Campbellsport. Funeral services were held there at 1:30 p. m. Wednesday and at 2 p. m. at the New Fane Lutheran church, the Rev. E. Zanow officiating. Burial was in the church cemetery.

## Kewaskum Trounces St. Mary's Gridders, 55-20

Kewaskum high school's grid team tipped a rather impotent St. Mary's Springs academy team here just Friday to the tune of 55 to 20. It was the second victory for the Indians in their two pre-league warmup battles before meeting Lomira in the opening conference game here Friday, Oct. 2.

Staubler scored early in the first quarter on a short run and the Indians were never headed. Tessar, Peter and

**FOOTBALL**  
Saturday, Oct. 4, 3:00 p. m.

OOSTBURG A TEAM  
vs.  
KEWASKUM B TEAM

Koepke caught passes to score and Edwards, R. Dreher, McElhatton, Koth and Staebler scored five scrimmage as Kewaskum touchdowns were evenly divided.

The Kewaskum offense was smoother than that showed at Oostburg the week before and showed promise of developing into a high scoring team. The defense was good at times but still showed many lapses that allowed St. Mary's to score on occasions.

Kewaskum continues its league schedule when they play at Oostburg next Friday, Oct. 10. Boys of the school and third team, who did not play Friday against Lomira, will play the Oostburg first team here Saturday afternoon.

Kewaskum ..... 55  
St. Mary's ..... 20

## Two Cars, Truck Damaged in Crash North of Town

Three motor vehicles were damaged and a passenger injured in a traffic accident on Highway 55 at 6:15 p. m. Sunday about 2 miles north of Kewaskum and a half mile north of the Fond du Lac-Washington county line.

Robert Jones, 27, Milwaukee negro, driver of a truck which was loaded with junk, lost control of the vehicle as he was rounding a sharp curve. The truck traveled about 20 feet along the left side of the highway, scraping an embankment most of the distance. It then swerved to the right, crossed the road and into a ditch where it overturned.

The truck was destroyed. Junk was strewn about the highway for hundreds of feet, according to Capt. Leo Flaherty of the Fond du Lac county police.

A nearby resident rushed to the scene to flag down approaching vehicles. Although succeeding in stopping a car driven by W. D. Hutchinson, Chicago the resident could not flag down a second car in time. The vehicle, driven by P. A. Blewett, Milwaukee, rammed into the rear of the Hutchinson car, causing heavy damage to its rear section and the front of Blewett's auto. Howard Jones, 41, brother of the junk dealer, sustained a cut on his wrist.

**ENTERTAINING AT SHOWER**

Mrs. Walter Mellan, Kewaskum, entertained a group of relatives Sunday afternoon at a bridal shower in honor of Miss Verona Mellan of Cascade, who will be married soon to Harvey Haback, Cascade. Prizes at cards were won by Mrs. Ray Schaefer, Mrs. Roland Heberer and Miss Elvira Ramstun.

**BAPTISM OF SMITH BABY**

Mr. and Mrs. Desmond Smith had their infant daughter baptized Sunday in the St. Lucas Ev. Lutheran church by the Rev. Gerhard Kaniess. She received the name Bonnie Jean. Sponsors were Donald Koerble and Mrs. Earl Foltz. A number of guests were entertained for the occasion.

**THANKS TO FIREMEN**

We wish to extend thanks to the members of the Kewaskum fire department who answered the alarm to our home Thursday. The hurried response and quick work in extinguishing the flames and preventing a more disastrous fire is sincerely appreciated.

The Jos. Mayer Family

**PAROCHIAL SCHOOL CLOSED**

Holy Trinity parochial school was closed on Thursday and Friday of last week to allow the school sisters an opportunity to attend the teachers' institute in Milwaukee.

**MARRIAGE LICENSES**

Jerry Harry Darmody, Wayne, and Marion Margaret Nish, town of Auburn; Willard E. Manthel, Kewaskum, and Anna A. Neelky, town of Auburn.

**BIRTH**

MARTIN—A daughter was born to Mr. and Mrs. Marvin A. Martin, Kewaskum, Sunday, Sept. 26, at St. Joseph's hospital, West Bend.

**HOSPITAL NEWS**

Clayton Kohn Jr., village, submitted to medical treatment at St. Joseph's hospital, West Bend, several days last week.

## 100 Dogs in State Beagle Club Trial Here; 35 in Show

The 25th (silver anniversary) annual American Kennel club licensed championship field trial sponsored by the Wisconsin Beagle club at Kewaskum on Friday, Saturday and Sunday drew a large number of entries and was one of the most successful trials held.

A total of about 100 dogs competed in the trial, including beagles from several states besides Wisconsin. The number of entries was smaller than last year but more dogs were entered in the 19th annual Beagle specialty bench show than in 1916. The total number of entries in the show was 25. The bench show was held in the Modern Woodmen hall Saturday night and was well attended.

On Friday evening at 6:30 p. m. the silver anniversary banquet of the club was held in the Kewaskum Opera House. Forty-six members attended the banquet and were treated to a very delicious boneless pork dinner.

The trials were run on cottontail rabbits in the wooded areas and the swamps surrounding Kewaskum and large galleries followed the dogs in the field. The trial opened with the running of the 13-inch dogs Friday, followed by the 15-inch trial Saturday and Sunday. The dogs were run from early morning until almost dark in order to finish the trial in three days. On Sunday the beagles and their owners had to wait a steady rain to finish in time.

Headquarters for the dogs were at the kennels of Joe Elorie, who serves as president of the club. Trophies, ribbons and championship points were awarded the winning dogs. Field judges were W. D. (Bud) Lancaster of Springfield, Ill. and Herb. Giant of Fort Wayne, Ind. Giant also served as judge at the bench show. The club wishes to thank the farmers on whose land the trials were run.

The beagle puppy given away at the show Saturday night was won by E. M. Romaine of Kewaskum.

A list of the winning dogs in the trial and show is not available. E. A. Kopp of Johnson Creek, secretary-treasurer of the club, took the list of winners back home with him, failing to leave a list copy of the results.

**INJURED MAN BACK IN STATES**

Walter Schaefer, son of Chas. C. Schaefer, village, who sustained a broken leg when a pole fell on him while at his job as a telephone lineman on Salpan about a month ago, has been returned to the states. Walter is now confined at a hospital in Oakland, Calif. where he was flown from a hospital on Guam. He is employed by the U.

U. S. Farmer Will Beat Communism

American Food Can Halt Chaos Threatening Europe

WASHINGTON. — The American farmer is going to lick communism! That's what your worried capital is saying today.

The reports come in from Prague, from Belgrade, from Sofia, from Budapest, showing how each day the iron grip of the Russian-dominated secret police is gradually choking off democracy in the little countries.

Some American political leaders still look askance at the huge program of aid to western Europe envisioned in the Marshall plan.

Until recently this correspondent has been pretty much distressed, too. But I feel better after talking with certain officials whose names seldom appear in the news.

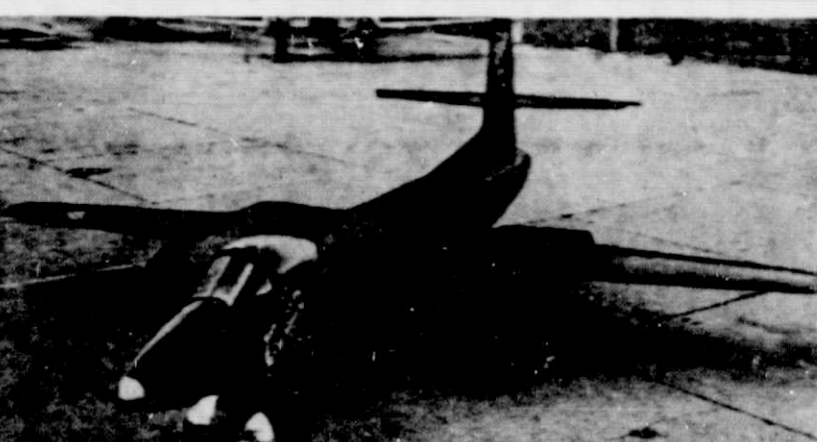

The history of Europe since the war is that every government falls when the bread ration is reduced.

American dollars are growing very scarce in Europe but there are three things which the European purchaser hesitates to quit buying—grain, coal and fats.

Exports to Europe already have been cut down. That will affect first employment of people in this country in such export industries as radio, electrical appliances and like goods which can be spared.

Eventually, the marginal surplus would be touched (if Europe is not stimulated) as it was in 1920. Then, you recall, grain prices dropped, although exports were still heavy.

A reactionary is a person who can't read the one-way sign on Progress street. The best way to get rid of unwelcome strangers, says Policewoman Peters in the Journal of Living, is to smash a window and scream.

NEWEST FIGHTER PLANE... The Curtiss XP-37, AAF's newest fighter airplane, is the first ever powered by four jet engines.

NEWS REVIEW

Showdown Near in U.N.; Grain Exports Reduced

Secretary of State George Marshall sounded like a man who was getting a lot of things off his chest. What he said in an address before the U. N. general assembly of 55 nations amounted to a call for a showdown with Russia.

The Soviets, he intimated, have held to their stubborn, veto-bound course in the United Nations long enough. To make the delinquents come to time, Marshall proposed, a four-point plan of action to the general assembly.

1. He suggested creation of a new assembly committee of 55 countries which would operate without veto and would remain constantly in session to consider world security questions and function as a board of appeals.

PRICE BATTLE: Exports Cut. Secretary of Agriculture Clinton B. Anderson had a "Horatio at the bridge" air about him as he announced that the government had made a drastic cut-back of grain and flour allocations for export in November.

What do the Russians think of "collective farming," communized agriculture under the Soviets? Well, I asked a friend of mine, Paul Ward of the Baltimore Sun, who got this story from a Russian, a good Communist, whom he met in Moscow.

NO EXPLOSION POSSIBLE. Scientists now can split the atoms of five more metals—lead, bismuth, thallium, platinum and tantalum—achievements destined to open new roads toward man's ultimate mastery of the atom.

Science Now 'Spalliates' Atoms. They will greatly enrich the field of scientific and medical research by adding at least 100 new radioactive isotopes to the more than 500 already produced.

ROCKETS SOON: Naval Weapons. Editors of "Jane's Fighting Ships," authoritative directory of naval power, predict in their latest edition that rockets will supplant 16-inch guns as the chief weapons on newest battleships "in a year or two."

Veterans' SERVICE BUREAU

EDITOR'S NOTE: This Newspaper through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street, N. W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family.

Compensation Claims Are Reduced

Veterans' administration reports that as of July 31, 1947, approximately 3,230,000 veterans and dependents of veterans were receiving compensation or pension payments at the rate of 145 million dollars per month.

Because of the increased efficiency of the administration, the backlog of World War I compensation and pension claims has been reduced from a peak of 651,000 cases at the beginning of 1946 to 90,000 pending cases as of July 31, 1947.

The 907,300 dependents on the rolls include 407,000 dependents of deceased World War II veterans, the remainder being survivors of veterans of other wars, including 47 dependents of Mexican war veterans.

Questions and Answers. Q. My son-in-law was in the army air force from February 4, 1941, to December 1, 1945. While in service he was in the hospital for sometime and while stationed in California a forest fire raged and the army men were fighting this fire when my son-in-law broke his hip.

Q. My father, a World War I veteran, died in June and I would like to go to college. Does the government help send deceased veterans' children to college?—W. N. J. Sheffield, Ala.

Q. I have lost my terminal leave bond. Please tell me how to get it replaced. I have written the treasury department claims section but received no reply.—B. M. W., San Antonio, Tex.

Q. I have been released from the army and am planning to work in a local shop here for five years and then go to college at night under the G. I. Bill. Is this possible under the present law?—T. S., McCook, Neb.

Q. My husband receives compensation because of World War I service. Will I receive a pension if he precedes me in death?—Mrs. G. A. L., Detroit, Mich.

Q. Can you tell me the difference between compensation and pension claims with regard to veterans disability? I have two friends who are veterans of World War II, one of whom draws compensation and the other a pension.—Mrs. A. L. T., Tiffin, Ohio.

Q. Can you inform me where I can get information about why my allotment stopped and why the field branch of the allotment division refuses to give me this information? I have written them for four months and their answer is the same each time. Would appreciate any information you can give me.—D. D., Coffeerville, Miss.

Q. A. Suggest that you write to the Office of Dependency Benefits, 4500 Goodfellow Blvd., St. Louis 20, Mo., and give them all the information you have.

Ain't It So? Strange, but you can keep a circulating library in a stationery shop.

Latest Dance Steps Are Easily Picked Up

Our booklet No. 37 can teach you the latest dance steps with easy-to-follow diagrams and photographs. Send 25c in coin for "How to Do the Latest Dance Steps" to Weekly Newspaper Service, 213 West 15th Street, New York 11, N. Y.

THANKSGIVING—Christmas—New Year's—all jumbled together at the end of the year in an exciting round of parties and dances.

DOAN'S PILLS

THE FICTION CORNER Lucky Punch BY ELOISE STONE

The stage for Benson's Gulch was ready to leave Tucson. Gilbert Bradley hurried up the dusty street and climbed aboard just as the driver whipped the horses and the coach lurched forward.

reminded Gil of a similar band which assembled each evening to watch the train go through the Ohio village where he had spent his youth.

"Sorry," the girl flashed. "William was fighting you and your corrupt friends with his newspaper."

Cass was proud of his record as a gunman and a fighter. He often boasted that whoever could lick him, either on the draw or with fists, could be the next mayor.

Two men he had bested at gun-play were asleep on Boot Hill, at the edge of town. The only man who had ever fought him barehanded might as well have joined them.

He started to take the girl's arm. She drew back and slapped him full across the face. He started menacingly toward her.

HOUSEHOLD MEMOS by Lynn Chambers

Quick Breads Take Little Mixing Time.

(See recipes below.)

Tempting Breads

There is no aroma more appetizing than that tantalizing one which comes from the oven in which bread is baking.

Piping hot muffins add interest to the simplest supper; hot coffee cake is a delight to both early and late risers.

Orange Oatmeal bread is good when sliced thin for sandwiches. Moist and tender, it keeps its flavor easily and slices readily.

Orange Oatmeal Loaf. (Makes 4-by-7-inch loaf) 1/2 cup evaporated milk 1/2 cup orange juice

Pecan Wheat Muffins. (Makes 12 to 16 muffins) 1 cup sifted whole wheat flour 1/2 cup sifted white flour

Swedish Pancakes With Berry Sauce. (Serves 4) 1 cup sifted enriched flour 1/4 cup sifted baking powder

For a different egg salad, add a few capers to the chopped egg and a few herbs to the dressing used for moistening the mixture.

When you can't slice cooked tongue any longer, cut off the meaty pieces and mix with chopped hard-boiled egg and boiled dressing for a very good sandwich filler.

All fish salad sandwich fillings are improved if a touch of lemon juice and chili sauce are added to them.

Cottage cheese is easily dressed up for sandwiches if you mix it with chopped peanuts, marmalade or celery and green pepper.

The best fillings for frozen sandwiches are peanut butter, Cheddar, American or cream cheese, sliced or ground meat, fish or chicken.

Egg salad and sliced eggs should not be used, as freezing toughens the egg white. Don't use mayonnaise either, as it soaks into the bread.

HOW IT STARTED—

CHEESECAKE—the popular expression for photographs emphasizing ladies' limbs—was given its name by New York stage and movie publicity men who considered leggy pictures of actresses comparable, in attracting patrons to the cheesecakes often featured in the windows of Broadway restaurants.

NEEDLECRAFT PATTERNS Exquisite Daily, Pineapple Design

Due to an unusually large demand and current conditions, slightly more time is required in filling orders for a few of the most popular patterns.

Another top-notch pineapple design combined with a center of delicate little medallions makes this exquisite dolly. So many uses!

Put a thin coat of transparent shellac on your recipe cards or recipe book covers. This eliminates the possibility of getting grease marks on these much used kitchen items.

To avoid chipping your fine china when washing it use a kitchen towel or rubber mat in the bottom of the dish pan.

In choosing a paint color for a wall, it is well to remember that buff will blend with almost any other shade.

A boy's discarded express wagon and a bit of chicken wire on an iron frame make an incinerator that can be moved about easily as you gather and burn leaves.

When sewing by machine, check the tension of the thread on the bobbin and the spool to assure neat and even stitching.

Before taking hot muffins out of the oven, lay a dish towel over them for just a moment. When they are ready to take out, the steam will have loosened them so that they will readily fall out of the pan.

Put a small pan of water in the bottom of the oven when baking cakes and cookies. The moist heat improves the baking by making it rise better and prevents burning. Do not allow the water to boil dry.

Clothes dried slowly will always be whiter than those dried in a hurry.

PLENTY OF TIME FOR SPICY APPLE CAKE

FLEISCHMANN'S Dry Yeast is right there when you need it

Unexpected guests arriving soon? Don't fret—Fleischmann's Fast Rising Dry Yeast lets you make your favorite dessert bread "quick-in-a-hurry"!

CROSSWORD PUZZLE

Crossword puzzle grid with clues for horizontal and vertical words.

LET'S TALK ABOUT YOU by Charles Booth. Includes a small crossword puzzle and a word search.

Living is Easy on Site Of Spanish Radio Base Nature is bountiful on Fernando Poo, lofty island in Africa's Gulf of Guinea corner where one of the world's most powerful radio stations is being built by the Spaniards.

fra, of the mainland mountain chain of Cameroons. The island is named for its Portuguese discoverer, who lived in Columbus' day. Ceded by Portugal to Spain in 1778, it has some English-speaking coast dwellers as a result of a period of British administration from 1827 to 1844.

Don't Live a Self-Centered Life Nine times in ten when you find a person who isn't getting as much out of his life as he should, who wants more friends than he has, who isn't altogether happy with his existence, you'll find, if you probe deeply enough, that that person is too self-centered.

As a child the person was babied by his parents. He received so much notice that when he left home he felt let down, neglected, disillusioned when the world didn't treat him as his parents had. So he retired in a shell.

LYNN SAYS: Flavor's the Thing In Sandwiches For a tasty as well as a nourishing sandwich, spread sliced luncheon meat with cream cheese mixed with chives. This tastes very special on rye bread.

For a well-seasoned sandwich spread that you can keep in the refrigerator, cream butter and mix with one of the following: sweet pickle relish, horseradish, onion juice or mustard.

See the big Exposition depicting the agricultural progress of the past century!

CHICAGO, SOUTH END SOLDIER FIELD

OCTOBER 28th

Interesting Exhibits of Old Time and Modern Equipment

MUSIC AND ENTERTAINMENT

A CENTURY ago—in October, 1847—Cyrus Hall McCormick built the first reaper factory in Chicago and founded the International Harvester Company's business of today.

This month, Harvester is celebrating the 100th Anniversary of this event with a big and colorful exposition on Chicago's lake front at the south end of Soldier Field—a fascinating, informative portrayal of growth and progress in the mechanization of farming, truck transport, industrial power and refrigeration—topped off with music and entertainment.

Bring your family and friends. See us for complete details, ask about special trip arrangements.

### WE HAVE A GOOD JOB FOR YOU

**MEN! WOMEN!**

A STEADY FULL-TIME JOB with all of the many advantages enjoyed by our employees.

A TEMPORARY JOB for farm workers and others interested in working only during the fall and winter months.

Yes, we've got a good job for you... permanent or temporary... doing factory production work. You'll get good pay from the day you start—and your wages will increase as you gain experience.

#### Farm Workers

We'll have a job for you just as soon as the harvest is over and until you're needed back on the farm next spring.

#### Night Office Hours

For your convenience, our Employment Office at West Bend and Hartford will be open on Tuesday and Friday from 7 to 9 P. M., in addition to our regular hours. Stop in for a friendly visit and we'll talk about a job for you.

### YOU DON'T NEED EXPERIENCE

We'll train you on the job. Even if you've never worked in a factory before, you'll like helping to make our nationally famous products. The nature of the work is light—in safe, pleasant surroundings. We are now working a 48-hour week, and, if you are interested, there is opportunity for additional overtime.

WE INVITE YOU to visit the Employment office at either the West Bend or Hartford plant—whichever is more convenient. There are job opportunities at both plants.

# Annual Observance Seeks Curb On Skyrocketing Fire Damage

## Careless Habits Blamed as Toll Hits High Peak

WNU Features.

With the dual objective of ridding homes and communities of the hazards which account for the majority of fires and of focusing attention on the careless habits which take an increasingly alarming toll of life and property, Fire Prevention Week will be observed on a nationwide scale during the week of October 5-11.

During an average year, fire: Takes 10,000 lives . . . Maims or scars 40,000 persons . . .

Destroys or damages 350,000 homes, 2,700 churches, 2,600 schools, 9,500 hotels and boarding houses, 10,500 restaurants, 1,000 hospitals and 3,100 amusement places . . .

Destroys 90 million dollars worth of farm property . . . Burns forest lands equal to an area the size of Virginia . . .

Destroys enough timber and lumber to build 150,000 five-room houses.

An intensive campaign to curb this mounting fire loss will be conducted during National Fire Prevention Week, which is held annually during the week containing October 9, anniversary of the great Chicago fire of 1871. National Fire Protection association, with headquarters in Boston, a world-wide, non-profit fire control information center, has been official sponsor of Fire Prevention Week since its inception during President Wilson's administration.

The 1947 fire toll is zooming to an all-time peak of 700 million dollars, an increase of 25 per cent over 1946, the previous peak.

Contending that the fire loss forecast for 1947 will be a 17-year high, NFPA blames the skyrocketing damage on substandard construction, public indifference, inadequate protection and maintenance, undermanned and under-equipped fire departments and a let-down of periodic fire inspections.

Careless fire is upping the U. S. cost of living, NFPA charges, adding that a study by the association reveals that the average American family of five will pay a 1947 fire tax of more than \$50 on the basis of the 700 million dollar fire loss forecast.

Fire causes waste of thousands of tons of food urgently needed to feed the hungry here and abroad. Annually fires occur in 2,000 flour mills and elevators, 200 packing plants, 300 bakeries, 10,500 restaurants, 32,000 barns, 500 creameries and dairies and in thousands of groceries, warehouses and farms.

Chief causes of fire, according to the National Board of Fire Underwriters, are matches and smoking, which account for 30 per cent of all fires from known causes. Other major causes are defective or over-heated stoves, furnaces and flues, misuse of electricity, flammable fluids and open fires.

Children are the most frequent victims of fire, with children under five years accounting for 20 per cent of all fire fatalities.

CATASTROPHE ON THE FARM . . . Fire guts a farm barn, one of the many blazes which cause an estimated 90 million dollars property damage on farms every year.

## PATH OF DESTRUCTION Toll of Farm Fires Estimated At 90 Million Dollars Yearly

Death and destruction follow in the wake of farm fires, the catastrophic blazes taking the lives of 10 farmers every day and causing property damage estimated at 90 million dollars a year. The 1947 dollar loss from farm fires would permit construction of 50,000 barns costing \$2,000 each, it is estimated by National Fire Protection association. Placed end-to-end, the barns would form an unbroken wall 500 miles long.

Insisting that the increasing fire loss is not inevitable to life on a farm, NFPA contends that "90 per cent of the fires which are taking such a high toll of life and property are caused by the farmer himself."

"Farmers who are interested in protecting their property, their family and themselves can eliminate the causes of all but 10 per cent of these devastating fires practically overnight," NFPA declares. "All that's needed is common sense and constant vigilance."

During Fire Prevention Week, October 5 to 11, NFPA in cooperation with the U. S. department of agriculture urges farmers to become cognizant of the hazards which threaten to engulf their farmsteads in flames.

The causes of 90 per cent of fires on farms are almost equally divisible between faulty building construction and bad habits, NFPA reports. Emphasizing that farms normally are far removed from organized fire protection, NFPA advises farmers to give first consideration to use of fire-resistant materials in building construction and suggests inspection of the farm home and other buildings to eliminate these structural hazards:

1. Be sure the heating plant is properly installed with adequate safeguards. Keep it clean and in good repair. Use only metal barrels for ashes and rubbish.
2. Don't use flammable wood shingles on the roof of any farm building. In new construction, repair and remodeling work, use only fire-retardant roofing, such as asphalt shingles or some other fire-resisting material. Sparks from the chimney or brush fires falling on flammable wood shingle roofs are a major cause of farm fires.
3. Check the wiring system to make sure it is adequate and ready to carry the expanded electrical load needed to service the modern farm and that newly installed systems meet the requirement of the national electrical code.
4. Build chimneys with sturdy foundations. Set them on the ground, not on timbers, and build of fire-safe materials. Clean the chimney at least once a year.
5. Install and properly maintain lightning rods on all main buildings.
6. If these fire-breakers were eliminated, NFPA insists, the number of farm fires would be cut in half. Among the bad habits which account for the rest of preventable fires, NFPA lists the following:
  1. The careless smoker. He smokes in bed and in the barn; discards lighted cigarettes and matches; fails to keep matches out of reach of small children.
  2. The thoughtless farm wife who stacks papers, rags, old clothing, broken furniture and toys in the attic, closets, barn or other outbuildings—debris which is tinder for any spark and often the source of spontaneous ignition.
  3. Dangerous storage of gasoline, kerosene, oil, and other flammable cleaning fluids. Store flammable liquids in metal containers away from main buildings; never use kerosene to quicken a fire, and be sure cleaning fluids are non-explosive.
  4. Clean dust and cobwebs always from motors, appliances and machinery to avoid the danger of flash fires. Don't attempt to operate defective electrical equipment, and replace frayed cords promptly.
  5. Properly cure hay and keep it under a weathertight roof to avoid spontaneous ignition. Water seeping through a roof and dripping into hay can start the heating process.

## Smoking Labeled No. 1 Fire Hazard

Careless smoking was labeled fire hazard No. 1 by Percy Bugbee, general manager of National Fire Protection association, in urging a concerted Fire Prevention Week campaign to halt this practice.

Quoting department of agriculture reports disclosing that Americans smoked 327 billion cigarettes last year, Bugbee insisted: "Every one of these cigarettes when lit is a potential fire hazard unless careful smoking is practiced."

1. Rubbish.
2. Defective chimneys.
3. Combustible roofs.
4. Defective heating apparatus.
5. Matches and careless smoking.
6. Gasoline, kerosene and other flammable liquids.
7. Electrical defects.

## U.S. Termed World's No. 1 Fire Trap

With American homes being attacked by fire at the rate of about 300,000 a year, the U. S. continues to rate the title of No. 1 fire trap of the world.

Maintaining that 90 per cent of all fires can be prevented by exercising a few common-sense precautions, National Fire Protection association contends that good housekeeping is the remedy for a large part of the fire headache. It's the cluttered attic, the neglected basement and similar poor housekeeping condi-

## Simple Precautions Will Avoid 13 Most Frequent Fire Causes

Thirteen is an unlucky number—but any way to burn your home is bad. The 13 fire causes, which appear most frequently in reports of fires, can be avoided by forethought and simple precautions, fire experts insist.

1. Have your last smoke before you go to bed.
2. Use only fire-safe roofing.
3. Keep matches away from small children.
4. Replace frayed electric cords and repair defective electrical equipment.
5. Keep a screen in front of your fireplace, and watch the fire.
6. Use only metal barrels for ashes and rubbish.
7. Use paper and kindling—never kerosene—to start a fire.
8. An approved fire extinguisher will provide a "knock-out" blow for small fires.
9. Keep stoves, furnaces and smoke pipes in good repair.
10. Keep portable stoves clean and set them well away from combustibles.
11. Burn rubbish only in an incinerator.
12. John Hoyt will have plenty of scenes in "Christopher Blake." In the dream sequences he plays a teacher, an Irish policeman and a Slavic janitor, one after the other. On the rest of the picture he's an attorney.
13. The Motion Picture Research Bureau announces that a recent poll (masculine) to pick our shapeliest movie actresses gave top honors to Esther Williams, Marie McDonald, Lana Turner, Betty Grable and Rita Hayworth.

By INEZ GERHARD  
LOUIS CALHERN, back in New York after spending the summer in Hollywood working in "The Red Pony," was so enthusiastic about "The Arch of Triumph" that he could hardly talk about anything else. He worked in that one summer before last; has the role of Morosov, the Russian doorman—his whiskers had to be applied fresh every morning. But his boundless enthusiasm was for the work of Ingrid Bergman and Charles Boyer, which he says is super. Calhern is one of the few who have been allowed to see the picture, so he ought to know. And his long and highly successful stage career qualifies him as an expert on really good acting.

Rise Stevens, back on "The Family Hour," really likes California as a place to live, whether she's working in a picture or not. Her charming life is just large enough for herself, her husband and her three-year-old son, Nicky, and she shuns

RISE STEVENS

the gaudier social life in favor of small parties for close friends. What with her radio work and heavy schedule of Metropolitan Opera performances she is one of our busiest young singers—with a new picture already slated for next summer.

Stewart Granger, the English actor, ("Antony and Cleopatra," "The Man in Gray"), replaced James Mason in the hearts of many English fans when Mason came to this country. Now Granger is booked to come here next spring, for Universal-International. Meanwhile, Eagle-Lion Studios plan to jump the gun by releasing "Caravan," Granger's newest starring picture.

At Columbia they are still laughing about what happened to Larry Parks. He let his hair grow so long for his role as a Scottish Highlander in "The Swordsman" that a makeup man innocently tried to remove his "wig" and almost scalped him.

They say no one has really achieved fame until glorified in the comic strips; if that is true, Kate Smith can be sure of her laurels. She has been portrayed in "Li'l Abner," "Winnie Winkle" and "Flower Potts."

Every radio master of ceremonies seems to have his own method for picking contestants. Johnny Olson, of ABC's "Ladies Be Seated," picks his participants just by walking through the audience.

A big cross-country tour for "Breakfast in Hollywood" gets under way October 10. Host Tom Brennan, his hats, orchids, wishing rings, etc., will visit eight cities; profits from seat sales will be given to the local Community Chests.

Mary Wickes, the comedienne, brought from Broadway to Hollywood in 1941 for "The Man Who Came to Dinner," has her second movie role in four years in Warner Bros.' "Christopher Blake." And she's a fine actress!

When Peggy Webber worked with Peter Lorre on his NBC "Mystery in the Air" everyone exclaimed over how slim she'd grown. "It's because of work, not lack of food," she explained. "The schedule I had to keep with Orson Welles for filming his 'Macbeth' is the best reducer I know of."

"The Whistler's" wife says it is fun being married to an actor who must remain anonymous—at parties he can't talk about his work. If he does, and people learn who he is, his job is over. But when he couldn't stand it any longer he wrote a drama for the series; now he can at least say "I wrote for 'The Whistler'" when people ask what he does.

ODDS AND ENDS—Cary Grant, back from England, will return in January, according to present plans, to make "The Devil's Delight" for Alexander Korda. . . . Jack Hope, who writes the lyrics for brother Bob's tributes on the air, is catching on on his tune, "Shut My Mouth With Kisses." . . . Memorable Paramount announces that Bob's next picture will be "Sorrowful Jones," in which he will go in more for straight drama and less for all-out comedy. . . . Henry Fonda begins his 20th year as an actor with "The Long Night," if he could have landed a job he would have been a reporter instead.

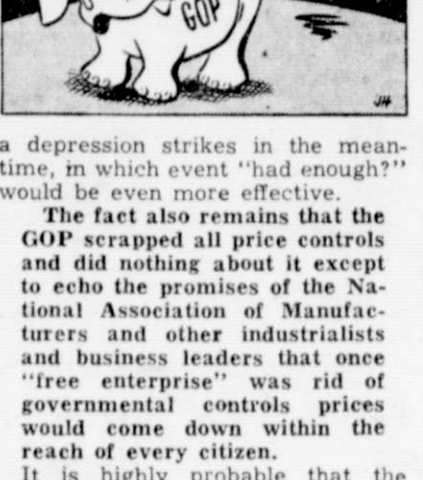

The Motion Picture Research Bureau announces that a recent poll (masculine) to pick our shapeliest movie actresses gave top honors to Esther Williams, Marie McDonald, Lana Turner, Betty Grable and Rita Hayworth.

John Hoyt will have plenty of scenes in "Christopher Blake." In the dream sequences he plays a teacher, an Irish policeman and a Slavic janitor, one after the other. On the rest of the picture he's an attorney.

Slogan Boomerangs "HAD enough?" This slogan, used so effectively by the Republicans in the 1946 congressional campaign, may be thrown back at them by the Democrats in the 1948 presidential campaign. There is considerable talk that the Democratic national committee may adopt the terse question as the official party slogan.

Whether the GOP party leadership is to blame for the rocketing of prices or not is beside the point. The fact remains that the almost prohibitive cost of living will be a vital issue in the campaign unless

a depression strikes in the meantime, in which event "had enough?" would be even more effective.

The fact also remains that the GOP scrapped all price controls and did nothing about it except to echo the promises of the National Association of Manufacturers and other industrialists and business leaders that once "free enterprise" was rid of governmental controls prices would come down within the reach of every citizen.

It is highly probable that the next session of congress will see a renewal of the battle for some kind of governmental control of the price situation. It is even possible that the President's council of economic advisors, composed of the nation's top economists, may advise a return to some price control of key commodities even though on a temporary basis in an effort to stop runaway inflation.

It will be remembered that the 80th congress also threw out all controls on installment buying, to take effect November 1. With current savings gone, millions of jobs will go back on wheels. . . . schedule building up private debt, adding to the incentive for higher prices and to the inflationary spiral.

War Profiteering Speaking of profits, a house subcommittee investigating settlement of war contracts has been told some 318,000 contracts have been settled at a cost of more than eight billion dollars to the government, and that an audit of only 1.5 per cent of those contracts disclosed fraud and overpayment of more than six millions.

That's taxpayers' money, and if the charge is true, it would seem that the NAM would be just a little red in the face over these disclosures of patriotism. Congressman George Bender (Rep., Ohio) says the hearings will "shield no one who is guilty of fraud or of getting overpayment."

A Draft Eisenhower for President league has opened national headquarters in Washington, "non-partisan, non-profit with both Democrats and Republicans," it says here. But a nomination for General Ike could stem only from a Republican or third party convention since the Democrats already have pledged to support President Truman.

Exports Slump Is it possible that in the mad scramble for more and more profits American business is pricing itself out of the export market? Exports tobogganed 7 per cent in July and even more in August.

One reason Britain pulled out of the American market is that between the time we extended the \$3,750,000,000 loan and they made arrangements to spend it in our export market, rapidly spiraling prices of foods and other commodities wiped out almost 25 per cent of the grant in terms of dollar value.

There seems to be, despite the assertion of Sen. Robert Taft (Rep., Ohio) to the contrary, a real demand for a November session of congress, and it is likely one will be called. There is a rapidly growing sentiment among members of both house and senate to get away from the dozens of "who done it" probes and to spend this time in working out vital legislation.

Crónicas Are Missing What has happened to President Truman's old Missouri "crónicas"? In filling 67 top policy-making jobs this year Mr. Truman named only 2 from Missouri while he picked 13 from New York. In 1945 he named 10 men from Missouri to executive positions. Balance of the 67 appointments were scattered among 31 states, with a ratio of 3 Democrats to 1 Republican. In his first year, Mr. Truman named about 7 Democrats to 1 Republican to key jobs.

Hit Farm Probe Some 2,500,000 members of farmers cooperatives remain concerned over the house subcommittee headed by Rep. Walter Ploeser (Rep., Ohio) which is touring the country probing cooperatives. The National Council of Farmer Cooperatives issued a press release declaring action of the committee attacking right of cooperatives to pay patronage refunds "has caused consternation among cooperatives all over the United States." The group represents about one-third of U. S. farmers.

Mothproof Wool on Sheep Wool can be mothproofed while still on the sheep, according to discoveries made at University of Idaho. Sheep bathed in DDT produced wool which remained mothproof for two years while in storage.

Church Buildings Christians, at first, had no separate buildings for worship, but met in private homes. Today the value of the 210,924 church edifices in the United States is placed at \$3,939,500,610.

Register of Purebreds A million and a quarter purebred farm animals were registered by the various associations last year. These included 835,000 cattle, 290,000 pigs, 117,000 sheep and 28,000 horses.

Many Miles of Fishing There are more than 70,000 miles of fishing streams in the 161 national forests which cover 150 million acres of land in 40 states of the United States.

Intercollegiate Billiards Harvard and Yale played the first intercollegiate billiard match at Worcester, Mass., in 1860. Harvard won 800 to 721. The game was four-ball English billiards.

First Safety Aids First landing light beams were installed in New York City and Atlanta, Ga., in March, 1928, and the first radio range equipment was put in along the airways between Newark, N. J., and Oakland, Calif., in December, 1928.

More Feeders, More Eggs When three feeders and three waterers were provided for each pen of 50 hens in Oklahoma experiment station, 10 per cent more eggs were produced than when only one feeder and one waterer were allowed.

Flucking Wings Faster A mechanical poultry wing stripping strips the flight feathers of chicken wings at the rate of 600 to 800 an hour and of turkeys at about half that speed. The machine has been placed on the market.

FARM HELP WANTED WANTED: Cough, Man for work in dairy and as caretaker. Good wages, short hours. Wife to board approximately 8 men. Liberal pay for board. Comfortable living quarters. Reply Box 861-M, Milwaukee 1, Wis.

  10. Russia. It has a land area of over 8,000,000 square miles.

**Know-How Counts**

A manufacturer, unable to get a machine to run properly although his best mechanics had tried their skill on it, called in an expert to fix the machine. The expert came, looked and listened for about two minutes, tightened a certain screw, and the machine ran smoothly. The expert departed, leaving a bill for \$50.

The manufacturer, astonished at such a price for five minutes' work, wrote and demanded an itemized statement. He received the following:

Tightening a screw.....\$ .25  
Knowing which screw to tighten ..... 49.75

TOTAL .....\$50.00

**Pouring new horsepower into an old engine**

When an engine smokes, burns oil, loses power, you can pour in new horsepower and end oil waste by having it reconditioned and equipped with new Sealed Power Piston Rings. There's a Sealed Power Ring Set specifically engineered for your car, truck, or tractor engine, whatever the make, model, or cylinder wear condition. See your Sealed Power Franchise Dealer. Save oil, save gas, restore power.

Send postal for illustrated, informative new booklet on 7 ways to save oil. It's free and may save you lots of money. Sealed Power Corp., Dept. W-10, Muskegon, Michigan.
