HERE IS AN IDEA FOR MAKING AN ATTRACTIVE TABLE TOP THAT YOU WILL BE PROUD TO SHOW YOUR FRIENDS. METAL STAIR NOSING, OR EDGING, IS IDEAL FOR THE PURPOSE OF CONSTRUCTING A DURABLE, GOOD-LOOKING TOP ON AN OLD KITCHEN TABLE OR CABINET. THE NOSING, WHICH COMES IN DIFFERENT SIZES TO FIT YOUR NEEDS, MAY BE HAD IN BRASS AND WHITE METAL, POLISHED OR UNPOLISHED. THE POLISHED WHITE METAL, USED WITH A BLACK OR GREY MARBLEIZED LINOLEUM TOP, WILL MAKE A NEAT JOB.

Loose castors in the legs of tables, chairs and other pieces of furniture are one of the minor irritations in this mechanical age. They keep falling out with aggravating frequency. A quick practical cure for this is to fill the lower ends of the legs with plastic wood, then push the castor sleeves into this when it is almost set.

## Use of Green Color in Spring Food Menus Will Enhance Appeal

WHETHER IT'S a party you're planning or just a family menu you're preparing, take a tip from nature and use the delicate green colors of foods generously. They'll give the lift of spring to your meals.

The green of vegetables may be combined with white or yellow to great advantage for appetizing meals as well as colorful tables. If you're cooking the green vegetable, it's important to remember that overcooking will make the delicate green look dull as well as lose important nutrients, so keep an eye on the clock.

This is the time, too, when you can use many of the green vegetables in salads in raw form. Keep them crisp so there's no wilting and you'll have foods as fresh as the season itself.

IF YOU'RE PLANNING A St. Patrick's day party for oldsters or youngsters, you'll like this salad.

- ### Grapefruit Lime Salad (Serves 8)
- 1 package lime-flavored gelatin
  - 1 cup hot water
  - 1 cup canned grapefruit syrup
  - 1 cup drained, canned grapefruit
  - 1/2 cup sliced stuffed olives
  - Salad greens
  - 1 avocado
  - Mayonnaise or French dressing
- Dissolve the gelatin in hot water. Add the grapefruit syrup then chill until mixture begins to thicken. Add the drained grapefruit and olives. Turn into small individual molds and chill until set. Unmold on salad greens, garnish with avocado slices and serve with mayonnaise or French dressing.

Begorra, if it doesn't look just like a party for the youngsters with perky lime gelatin shamrocks sitting prettily on slices of lime bavarian cream. Feature this delicious Irish dessert on a green linen or paper tablecloth, and you have a picture table.

IF YOU'RE GIVING a party for the youngsters and want to give them just a snack, you'll find the next recipe a n e w s e r v i c e to your problem completely. Perky shamrocks are set on slices of Bavarian cream, and are guaranteed to be the hit of the party. As a matter of fact, it would be a good idea to hang onto the recipe as it offers all sorts of possibilities.

With little chick cutters you can use lemon-colored ones for Easter, red and pink flowers for May day, etc. Serve them on a base of lime Bavarian cream or on plain cake or ice cream. Jolly thought, isn't it? Try it soon.

- ### \*Lime Bavarian Cream (Serves 8 - 9)
- 1 package lime-flavored gelatin
  - 1/2 teaspoon salt
  - 1 cup hot water
  - 1 cup cream, whipped
  - 3 tablespoons sugar
  - 1 cup canned crushed pineapple
  - 1 package lime-flavored gelatin
  - 1 1/4 cups hot water
- Dissolve 1 package gelatin and salt in 1 cup hot water. Add pine-

LYNN SAYS: Make the Most Of Vegetables

A dash of nutmeg and pickled onions added to new peas will lift this lovely vegetable out of the ordinary class.

Top asparagus served on toast points with cheese sauce and slices of broiled bacon if you want to make a complete vegetable luncheon.

Tomatoes may be stuffed with cooked corn kernels or those lovely baby lima beans. Bake just enough to cook the tomato.

If you add 1/2 cup of strained honey and 1/2 cup of catsup with 1 tablespoon of butter to 3 cups of small white onions which are par-boiled, and then bake them until tender, you'll have a real vegetable treat.

To glaze onions, mix 5 tablespoons of butter with 2 tablespoons of sugar in a heavy skillet and turn cooked small white onions in the mixture until glazed.

A bit of chopped, cooked bacon and a dash of vinegar added to cooked spinach make this vegetable savory.

## LYNN CHAMBERS' MENU

- Minted Fruit Cocktail
- Braised Lamb Steaks
- Mashed Potatoes
- \*Spring Vegetable Platter
- Date Muffins Beverage
- \*Lime Bavarian Cream
- \*Recipe Given

apple juice. Chill until slightly thickened. Then fold in whipped cream. Add sugar to pineapple and fold into gelatin mixture. Turn into 10x10x2 pan and chill until firm.

Mean while, dissolve the other package of gelatin in 1 1/4 cups hot water. Turn into another pan of the same size as one used above. Chill until firm. Then cut 8 or 9 shamrock shapes with a shamrock cookie cutter. With spatula, carefully arrange shamrocks on first gelatin mixture, allowing one for each serving. Chill. Cut in squares.

If desired, cubed or iced gelatin may be used for decorating instead of shamrocks.

Asparagus tips riding on toast points with smooth, well-flavored cheese sauce make a truly spring-like dish for luncheon or supper. The green and yellow color scheme which this combination makes will make a welcome sight for winter-weary appetites.

ASPARAGUS, that aristocratic vegetable, which comes into season early in Spring is sometimes called sparrow grass. But whatever you call it, this handsome green-tipped vegetable is one of the true appetite treats of the season.

The vegetable can be changed from supplementary to a main dish if you serve it on toast with a cheese sauce because cheese is a high grade protein food. The cheese sauce is also an excellent idea to remember if you want to add interest to leftover vegetables.

- ### Asparagus on Toast with Cheese Sauce
- 2 tablespoons butter
  - 4 tablespoons flour
  - 2 cups milk
  - 1/2 pound American cheese shredded
  - Salt, pepper
  - Hot, cooked asparagus tips
  - Toast points

Make cream sauce with the butter, flour and milk. When thick and smooth, add the shredded cheese and stir until it is melted. Season to taste. Place each serving of asparagus on 2 toast points and cover with a generous amount of hot cheese sauce.

If you want to make a spring vegetable platter that looks pretty as well as one which interests winter-jaded appetites, this next recipe is just the thing:

- ### \*Spring Vegetable Platter (Serves 6)
- 1 pound green beans
  - 4 medium carrots, cut in strips
  - 1 box frozen asparagus
  - 1 hard-cooked egg, chopped
  - 1/4 cup butter
  - 2 tablespoons lemon juice

Cook green beans in boiling, salted water for 30 minutes. Cook carrots in boiling, salted water for 15 minutes. Cook spinach without water 5 - 8 minutes. Arrange spinach in center of platter and garnish with egg. Arrange drained green beans and carrots in a fan pattern around the spinach. Pour over them a sauce of the butter melted and mixed with lemon juice. Garnish the platter with the following: Roll slices of luncheon meat spread with salad dressing around tiny sweet pickles. Fasten with toothpicks.

Like creamed cauliflower? Stick 1/2 cup of salted almond meats in the white sauce after pouring it over the vegetable for appetite appeal.

Young cabbage cooked in milk rather than water is delicious to taste.

Melted butter mixed with lemon juice and chopped parsley makes an excellent sauce for whole cooked carrots.

Cup of corn added to 3 cups of cabbage and seasoned with crisp, crumbled bacon and a bit of sugar is delicious.

Alternate layers of cooked spinach with cooked, sliced carrots and tiny white onions (also cooked) in a casserole.

Shrimp sauce takes nicely to a platter of spinach. Make it by melting a 4-ounce package of American cheese and adding to 2 cups of medium white sauce. Add 2 pounds of freshly cooked, cleaned shrimp and 4 hard-cooked eggs, chopped.

Add 1 teaspoon of anchovy paste and 1/2 teaspoon of pickle relish to egg yolks to make a zippy stuffed egg. These may be served as a salad, if desired.

## Ruffles Are the Latest Thing

THE latest thing for everything! Ruffles! These flower-and-star doilies have perky ruffled borders. They're charming.

Easy to crochet, this new ruffled doily. Make a set! Pattern 7049; crochet directions.

Older folks say it's common sense...

## For Joyful Cough Relief, Try This Home Mixture

This splendid recipe is used by millions every year, because it makes such a dependable, effective medicine for coughs due to colds. It is so easy to mix—a child could do it.

From any drugist, get 2 1/2 ounces of Pinex, a special compound of proven ingredients, in concentrated form, well-known for its soothing effect on throat and bronchial irritations.

Then make a syrup by stirring two cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking needed. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Put the Pinex into a pint bottle and fill up with your syrup. This gives you a full pint of cough medicine, very effective and quick-acting, and you get about four times as much for your money. It never spoils, and is very pleasant—children love it.

You'll be surprised by the way it takes hold of coughs, giving quick relief. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. Money refunded if it doesn't please you in every way.

**Pinex Saves You Money!**

## IF PETER PAIN SHOOTS YOU FULL OF HEAD COLD

● Rub in Ben-Gay for gently warming, soothing, speedy relief from cold discomfort! Ben-Gay contains up to 2 1/2 times more of those famous pain-relieving ingredients known to every doctor—methyl salicylate and menthol—than five other widely offered rub-ins. Insist on genuine Ben-Gay, the original Baume Analgésique. It acts fast!

Also for Pain due to RHEUMATISM, MUSCLE ACHES, and STRAINS.  
Ask for Mild Ben-Gay for Children.

DELUXE CHAMPION

FOR YOUR TRUCK  
ALL TRACTION

FOR YOUR TRACTOR  
CHAMPION  
GROUND GRIP

IT WILL soon be time to get into the field again and you'll want your equipment in condition to go... and to keep on going through the planting and harvesting seasons. If you need tire repairs, retreads or new tires the place to go is your Firestone Dealer or Store and the time to go is now. You can save money and you may save a lot of time later.

- Firestone builds a tire for every wheel that rolls on the farm including the famous Champion Ground Grip, the only tractor tire that takes a full traction bite clear across the tread. Your Firestone Dealer or Firestone Store will be glad to put a set of Champion Ground Grips on your tractor and let you prove them to your own satisfaction.
- 3 Rules for Maximum Traction

  1. USE FIRESTONE CHAMPION GROUND GRIPS
  2. USE FIRESTONE HYDRO-FLATION
  3. USE ONLY 12 POUNDS PRESSURE

Listen to the Voice of Firestone every Monday evening over NBC

## PARDON US FOR POINTING

We're pointing with pride at our own home town, the grandest place on earth to live and work, to shop and play. Let's all be proud of our town... it pays dividends!

Fair Warning

LADIES and gentlemen," said the guide, "I have now conducted you over all the show rooms of this ancient and historic castle except this last room which we are entering. Ladies and gentlemen, this room is known as the Small Portrait Gallery. It contains only three portraits. This ill-favored old gentleman is the second Count Ferdinand, who lived in the early part of the 16th century and was nicknamed the Miser. This is the Lady Jocelyn, early 17th century. She is said to have died from blood-poisoning caused by a scratch in the face from a starving peasant woman to whom she refused to give a crust of bread. And, lastly, this is the portrait of the Countess Asolanda who was murdered because of her avarice. And now, ladies and gentlemen, may I crave permission to remind you that it is customary on these occasions to take up a little collection for the guide. Thank you, ladies and gentlemen!"

MIGHTY MAN

Teacher: "Who was Homer?"  
Pupil: "He was the man who made Babe Ruth famous."

Target

"Did you strike this man in an excess of irritability?"  
"No, sorr, Oi struck him on the nose."

BRIEF ENOUGH

The young reporter had been told over and over again that his stories were too long-winded and that he must cut to bare essentials. So his next story came out this way:—

"J. Smith looked up the shaft at the Palace Hotel this morning to see if the lift was on its way down. It was. Aged forty-five."

WASTED EFFORT

A man arrived home in the small hours of the morning and, having a wholesome fear of his wife, decided to proceed with caution.

Taking off his boots, he crept noiselessly up stairs, stealthily opened the bedroom door, and, with the greatest care, crawled into bed. With a sigh of relief he went off to sleep.

In the morning he looked round for his wife, and suddenly remembered she had been staying with an aunt for the past fortnight.

Royal Decision

"No," said the employer, sternly, "I will not do it! Never have I sold anything by false representation, and I will not begin now."

For a moment he was silent; and the assistant who stood before him could see that the better nature of his employer was fighting strongly for the right.

"No," repeated the employer. "I will not do it! It is an inferior grade of shoe, and I will never pass it off as anything better. Mark it 'A Shoe Fit for a Queen' and put it in the window—a queen does not have to do much walking."

Uncertain

Musketry Instructor: "That's six rounds you've fired without hitting the target once. What were you in civil life?"

First Time In

Judge—Guilty or not guilty?  
Mose—Not guilty.  
Judge—Have you ever been in jail before?

SEWING CIRCLE PATTERNS  
Trimly Tailored Shirtwaister  
Toddler's Set Is Easy to Sew

1822  
14-46

8390  
6 mos.-4 yrs.

Neat Shirtwaister Dress  
SIMPLE, smart, wearable—the ever-popular shirtwaister dress that keeps you looking your best. This neat version has a choice of sleeves, makes up easily in almost any fabric.

Pattern No. 1822 is for sizes 14, 16, 18, 20, 42, 44 and 46. Size 16, cap sleeve, 4 1/2 yards of 35-inch.

Pillows that are aired frequently will last longer. It isn't necessary to hang them out of doors; just pin the pillow on a line in the house so that the air can circulate around it. This fluffs it up and dries out possible perspiration dampness.

To remove liquid fat from hot broth, pour it through a clean cotton cloth which has been wrung out in cold water.

Wallpaper cleaner can be used to clean paper or parchment lamp shades successfully.

Water stained bottles can be cleaned by partially filling them with hot water, adding some small pebbles, BB shot or broken egg shells and then shaking vigorously.

When pressing velveteen or corduroy place a bath towel under the part to be steamed. Dampen slightly and press on the wrong side with an iron. The nap will have a fresh, steam-cleaned look.

Sturdy Table Ideal  
For Use in the Yard

THERE'S nothing like having an old fashioned picnic in your own backyard. Especially so when you have this sturdy table all set up ready to seat the entire family. Its construction permits leaving it out the year round.

The pattern offered below takes all the mystery out of building the table to any size needed. While the pattern suggests making it six feet, it provides complete, easy to follow, directions for making it longer, if desired. All materials used in building this table are stock size and readily obtainable at lumber yards everywhere.

Send 25c for FULL SIZE Picnic Table Pattern No. 22 to East-Bible Pattern Company, Department W, Pleasantville, N. Y.

For Little Fellows  
With Big Colds...

Mother... the best-known home remedy you can use to relieve distress of his cold is warming, comforting Vicks VapoRub. If you rub it on at bedtime, it works even while the child sleeps! And often by morning the worst miseries of his cold are gone. Try it. Get the one and only Vicks VapoRub!

Bootes  
FAMOUS FOR QUALITY CHICKS

Get chicks bred to lay more eggs—bring you bigger profits. Bootes' chicks are famous from coast to coast. U. S. approved and Pullorum Controlled. Popular breeds. Prices \$4.00 per 100 and up. These are guaranteed to live 3 weeks or replaced free of charge. Send no money. We ship C.O.D. Per your postman few cents for shipping charges. Free catalog.

BOOTE'S HATCHERIES, Inc., Washington, Mass.

CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women (35 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what doctors call a stomachic tonic effect!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

SORE, CHAPPED LIPS?

Quick relief with MENTHOLATUM

Don't go on suffering from painful, dry, cracked lips—reach for Mentholatum. Feel fast-acting Mentholatum's famous combination of menthol, camphor and other ingredients soothe tender lip skin, revive dried-out skin cells, help them retain needed moisture. Soon smarting pain leaves, lips feel smoother—it's a pleasure to smile again. In tubes and jars—35¢ and 75¢ sizes.

MENTHOLATUM

## County Agent News

### WHAT ABOUT "HYBRID CHICKENS?"

What's a hybrid? Hybrids start with good purebreds in most strains. Crossbreeding is practiced—usually in the third or fourth generation for at least three generations, giving 50% inbred variety.

### CLASSIFIED ADS

**FOR SALE**—Holstein service bull. Inquire Clarence Thill, R. 3, Campbellsport, or phone 39F21. 2-25-26p

**WANTED**—Experienced stenographer. Apply at Pick Manufacturing Company, West Bend, Wis. 12

### BUSINESS OPPORTUNITIES OUT OF TOWN FOR SALE

Grocery store, general store, tavern, dance hall, barber shop, filling station, large garage, 16-room dwelling, complete stock and fixtures in small town on main intersecting highways, with schools and churches nearby, 42 miles north of Milwaukee in wealthy farming area at a great sacrifice. This is an ideal setup for a partnership and should easily gross \$150,000 annually. Owned by the same family for forty years and on market for the first time. A genuine money making opportunity. Bartlett Real Estate Agency, Kewaskum, phone 34 or 98F2.11

**FOR RENT**—Upper and lower flat near Kewaskum. All modern. Available March 1. Telephone 134F12, Kewaskum. 1tp

**WANTED TO BUY**—60 to 80 acre farm with personal. Will pay cash. Write lock box No. 376, Kewaskum. 5-21-4f

ried through the sixth generation would give 75% inbred.

Given four inbred lines, A, B, C, D, one crosses A and B and C and D resulting in a single cross. If the single cross A-B is mated with CD one obtains a double cross or hybrid. That is not a one season breeding program. In fact one concern now developing hybrids has 40,000 pullets involved in the crosses.

Most of the chicks, carefully labeled, that go into the hands of our farm people are crosses and not hybrids. A mating of two varieties. An abundant, cheap supply of hybrid chicks are rather far distant.

### WINTER QUALITY PROBLEMS FACE DAIRYMEN

Too many farmers stop cooling their milk in the winter time. It takes seven hours or more for milk to really get cold. During that time, bacteria are at work causing off flavors and souring.

Bacteria usually don't sour milk enough in cold weather to have it rejected at the plant, but they do enough to cause some breakdown in quality. Another enemy of winter milk quality is barny and feed odors. But feeding habits can remove this enemy. Feeding strong feeds such as silage after milking instead of before keeps the air cleaner and fresher during milking. Milk doesn't pick up the odors directly, but get it from the cow that has to breathe the smelly air.

Better ventilation and lime on the floor also help reduce odors. Other causes of off-flavor and poor milk quality are utensils not properly cleaned, milk freezing, dirty cows and dirty barns.

### CAFETERIA FEEDING TAKES LESS WORK—ANNIN

Laying hens can balance their own rations. For that reason, poultrymen can use the method of feeding that takes the least work—the cafeteria method. That way, you feed laying mash and whole grain in hoppers and let the birds have as much of each as they want.

As the pullets start to lay, their needs for protein will go up and they'll eat more mash in proportion to the grain. When they slow down in laying, they'll eat more grain.

Feed whatever grain you have. Usually it's best to feed a mixture of corn, oats, and wheat, but if you run out of one, don't worry. The birds will eat more of other grain, and will do just as well if they get enough laying mash.

This is not true if you change too quickly from one grain to another. If you see that you are running out of one kind of grain, let the birds get used to another before you make the switch.

One hundred hens need ten feet of hopper space for mash alone. If you feed both mash and grain from hoppers, supply 15 feet of hopper space. Chief advantage of the free choice method of feeding is the reduction in labor. There is little difference in production between cafeteria feeding and hand feeding.

E. E. SRALESKEY,  
COUNTY AGENT

### 28 County Boys to Raise Registered Sire Calves

Twenty-eight Washington county 4-H and F.F.A. boys drew for sire calf assignments at the annual mid-winter meeting of the County Holstein Breeders' association held at the Wisconsin Gas & Electric Co. building on Thursday evening, Feb. 17. This is a county-wide project sponsored by the Holstein Breeders association. These sire calves will be offered for sale at a public auction to be held about Nov. 1.

### CAUCUS CALL

Notice is hereby given the qualified electors of the town of Kewaskum, Washington county, that a caucus for the purpose of nominating candidates for various offices of the said town will be held at the Woodmen hall, village of Kewaskum, on Saturday, March 12, between the hours of 2 and 4 o'clock in the afternoon. Nominations will be made by ballot, this to be furnished by the caucus committee. Every candidate for nomination is requested to make application to the undersigned committee, who will meet at "Jimmy" Miller's tavern, Kewaskum, Monday, March 7, 1949, to have his or her name placed on the ballot, this request to be made between 1:30 and 2:00 o'clock in the afternoon of said date. Each application must be accompanied by a fee of \$2.50, which will be used in securing ballots and to defray all other expense of the caucus.

Dated Feb. 21, 1949.  
Carnal Koepke  
Wm. Eudlich  
Earl Ehta  
Caucus Committee

The calves were carefully selected from the herds of about twenty Holstein breeders. All are from top producing dams.

The breeders consigning the calves and the project members who will raise them are as follows:

Ray Doerfert, R. 1, Hartford—Herbert Gundrum, Allenton.  
Sylvan Becker, R. 3, Hartford—Orval Aulenbacher, Rockfield.  
Wm. H. Grubbs and Son, R. 2, West Bend—Frederick Mueller, R. 2, Hartford.

Rufener & Doerfert, R. 1, Hartford—Richard Goeden, R. 2, West Bend.  
Eiwyn Hamlyn, R. 1, West Bend—Wm. Kurth, Rockfield.

Robert Heid, R. 1, Slinger—Fredrick Laatsch, R. 5, West Bend.  
Wm. A. Nehrbass, R. 1, Rockfield—Wm. J. Coulter, Campbellsport.  
Arthur Leplein, R. 3, Hartford—Albin Zautke, R. 2, West Bend.

Rolfand Baat, R. 1, Rockfield—Armand Becker, R. 4, West Bend.  
Ray Baat, R. 1, Rockfield—Ralph Schaefer, R. 3, Hartford.  
Guido Schroeder and Ebert Math, R. 5, West Bend—Ralph Boden, R. 5, West Bend.

Christ Mayer & Sons, R. 1, Slinger—Paul Matenauer, R. 1, West Bend.  
The following breeders are consigning two sire calves to the project:

Arthur Baat, R. 3, Hartford—Albert Lehn, R. 1, Jackson, and Dayton Landgraf, R. 4, West Bend.  
Herbert Leplein, R. 3, Hartford—Earl Oelhafen, R. 4, West Bend, and Melvin Puestow, R. 4, West Bend.

John Kuenz, Colgate—Roger Schoedel, R. 2, West Bend, and James Oelhafer, R. 4, West Bend.  
Marvin G. Hatzung, R. 3, Hartford—Ralph Matenauer, R. 3, West Bend, and Kenneth Holz, R. 1, Hartford.

Paul J. Baat, R. 1, Rockfield—Joseph Weich, Jr., R. 1, Slinger, and Kenneth Kuenz, Colgate.  
Oscar Klein, West Bend—Hubert Konrath, Allenton, and Norbert Koll-ell, R. 3, Hartford.

H. F. Schroeder & Sons, R. 4, West Bend—Joseph Altschaeff, R. 5, West Bend, and Ervin Raub, Jr., R. 1, Slinger.

Edward Meilus, R. 1, Jackson—Vernon Krieger, R. 3, Kewaskum, and Clifford Bauer, R. 3, West Bend.

### Annual Meeting of County Fruit Growers at Jackson

The annual educational meeting of the Washington County Fruit Growers' association will be held in the Jackson village hall on Tuesday, Mar. 1, at 10:00 a. m.

Below is the program to be presented:

10:00—Opening remarks, Jos. L. Morawetz, president of the County Fruit Growers association.  
10:05—Sales and Activities of the Southeastern Wisconsin Fruit Growers' Cooperative, Lester Tans, secretary.  
10:20—Report of county activities and election of officers.  
10:30—What is Being Done to Keep

Consumers Interested in Buying Apples, H. J. Rahmlow, secretary, Wisconsin Horticultural society.

11:15—The 1949 spray program as based on local 1948 methods and results, C. L. Kuohner, farm orchard specialist, College of Agriculture.

12:00—Pot-luck cats. Group singing. Arthur Kurtz in charge.

1:15—The Place of Home-grown Fruits in Family Nutrition, Mrs. Janet Piko, county home agent.

1:45—Fruit Tree Growth in Relation to Fruiting, C. L. Kuohner.

2:30—Best Methods for Raising Funds for Apple Promotion, H. J. Rahmlow.

3:15—A few colored slides of the Tournament of Roses parade and floats.

Anyone interested in learning about the care, management, spraying and marketing of apples and bush fruit is invited to attend.

**MISS ROSENHEIMER IN WAYLAND PRODUCTION**

Wayland Academy, Beaver Dam, is presenting the second annual production of Rouland, an original musical revue, in the Beebe auditorium Feb. 25 and 26. Suzanne Rosenheimer, daughter of the M. W. Rosenheimers, Kewaskum, is a member of the speaking cast for the production.

The show is an unique production which calls for original music composition, skit writing, and dances under the direction of the students. This vaudeville production ranks favorably

with college productions of similar variety that will appear on campuses during the spring. The show carries a terrific push and from the previews at Rotary and Kiwanis clubs, promises to surpass last year's outstanding production.

The theme of the show is based on the fantasy of a scarecrow, who being bored with his life in a Iowa corn field, abandons it for life in the big city. For a while he was intrigued with the exciting life on Broadway but eventually tires of it and returns to his home in Iowa, where he finds real happiness. Miss Weidner and Miss Drescher of the music department are collaborating with Miss Wetke in producing the second great show in Rouland history.

farmers in 1949 is good. We are going ahead with our regular programs to assist farmers in producing the large amounts of food needed here and abroad and to assure them fair returns," Mr. Cleary stated.

**50 MEMBERS OF WEST BEND K.C.'S BOWL IN GREEN BAY TOURNEY**

More than 50 members of West Bend Council 1964, Knights of Columbus, participated in the state K. C. bowling tournament at Green Bay Sunday. One five man team and one doubles combination bowled into lead positions in the tourney, which is the largest K. C. bowling event ever held. The Lauck Chevrolet team comprised of Marvin Kirsch, Leroy Weiland, "Jim" Miller (Kewaskum), Lyle Troedel and Joseph Strenke turned in a 2913 total to take over second place in team standings. Troedel was the big stick man, turning in a 663 count. Weiland and Strenke combined to grab third place in the doubles event. Kral, and children.

**AAA CHAIRMAN CAN SEE NO REASON FOR MARKET BREAK**

We see nothing in the basic economic situation to warrant the current market break, according to A. John Cleary, chairman of the Washington county AAA. The evidence is in the facts about the commodities involved.

Wheat  
Stocks of wheat on farms on Jan. 1 of this year were not as large as they were a year ago.

Corn  
Corn producers who have access to acceptable storage have until June 30 to obtain loan or purchase agreements at 50 per cent of parity.

Meat  
Prices of cattle, hogs, and lambs still are well above parity.

"We still think that the outlook for

**KEWASKUM HIGHLIGHTS**

**BAND PARENTS' BAKE SALE**  
The Band Parents' association held a bake sale at Rosenheimer's store on Saturday, Feb. 19.  
In less than an hour all the delicacies were sold to eager purchasers. Mrs. Clifford Rose was chairman of the sale and was assisted by several other band parent mothers. The money raised through this sale will be used to pay the band's miscellaneous expenses covering new music and instrument repairs.

**WORK COMPLETED**  
The work on the high school annual, "The Chieftain," has been completed and sent to the printers. An Indian theme was used throughout the book and attractive drawings were contributed by Dolores Schmitz and Mildred Heisler. The work was under the supervision of Miss Browne. Members of the staff were: Shirley Hoffman, editor; Pat Kirchner, assistant editor; and Marion Domann, Shirley Mellus, Joan Dreher, Robert Pellenz, John Tessar, and Robert Droher. The annual will be ready for distribution on May 15.  
The Papoose has also been completed by the senior stenography class and will be ready for distribution as soon as the pictures arrive.

**5TH AND 6TH GRADE CLUB**  
The meeting was called to order. They took roll call. Then they collected dues. The treasurer gave his report on our Valentine party. Harold Klein gave his report on lobsters and Gilbert his report on shrimp.  
Reporter, Billy Callen

**New Prospect**  
Mrs. W. A. Kuert put up her supply of ice last week.  
Mr. and Mrs. Wm. Bartelt spent Sunday with Mr. and Mrs. Edgar Sook at Waucousta.  
Mr. and Mrs. Wm. C. Krueger of Cascade visited Sunday with Mr. and Mrs. Jos. P. Uelmen.  
Mr. and Mrs. Frank Klostermann Kolken and Curtis spent Sunday with relatives at Oshkosh.  
Miss Virginia Trapp spent the week

end with her uncle and aunt, Mr. and Mrs. Phil. Koch and Muriel at Milwaukee.  
Warren Schmitz, who is attending the university at Madison, spent the week end with his parents, Mr. and Mrs. Emil Schmitz.  
Miss Marilyn Trapp returned to resume her studies at Whitewater college after spending the week end with her parents, the Richard Trapps.  
Mr. and Mrs. W. J. Mueller of Waukesha returned to their home Tuesday after spending a few days with Mr. and Mrs. Stan Porubcan and family.

WEEKLY NEWS ANALYSIS

Church Raps Mindszenty Verdict; Dewey Dons Attire of Liberalism; People Checked Inflation Threat

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

MINDSZENTY: Gets Life Term

The trial of Cardinal Mindszenty, primate of Hungary, was over and the verdict came as no surprise. The Cardinal was sentenced to life imprisonment on charges of treason and black marketing. If there were an unexpected element in the outcome it was that he was spared. But at trial's end even that hung in the balance. Cardinal Mindszenty still could lose his life. Under Hungarian law, while his sentence of life could be appealed, the supreme peoples tribunal, last court of appeal, could increase the severity of the sentence which, in this case, could mean only death.

THE CARDINAL was doomed from the outset. His plight had so stirred the Christian world that denunciations of the Hungarian government's actions were almost universal. Powerful western nations, through their leading churchmen, had attacked the trial procedure and this, in turn, had incensed the Communist-dominated Hungarian court to a point where the issue was never in doubt. It was generally believed that it was only reluctance to make a martyr out of the Cardinal that averted the death penalty. Hungary lost no time in assailing American representatives who actually, or purportedly, sided with the cardinal. Among targets of these attacks were Cardinal Spellman, of New York, who delivered a scathing sermon against prosecution of Mindszenty, and Selden Chapin, U. S. envoy to Hungary.

AMONG OTHER THINGS, Cardinal Mindszenty was accused of gathering information for Chapin in a scheme to overthrow the Hungarian government. Chapin immediately branded this charge as "pure fantasy." General opinion was that in the prosecution of the Cardinal Russian communism had made its first great blunder. For in the move was discerned the fact that religion and religious concepts—whether Catholic or Protestant—would not be permitted to stand in the way of Soviet aims.

The Russians had resurrected a policy which once before had so alarmed them that they had sworn it. But now they were publicly and dramatically recommitted to it—a policy of the Kremlin versus Christ, and this time the Soviet Union was up against an adversary for whom there can be no defeat.

INFLATION: People Curbed It

The people, themselves, can claim major credit for the recent check to national inflation. Inflation has been curbed by the family economics bureau of the Northwestern National Life Insurance company which conducted a study of the subject.

THE STUDY developed that a slowdown, halt, or reverse of six main factors in the 76 per cent rise from pre-war price levels had been brought about.

It found that as late as last September, the public still was bidding frantically against each other for more goods than were being produced in many lines. But in the final two months of 1948, consumers suddenly quit trying to outbid each other.

With industrial production in high gear and comparatively free from interruptions, output and available supplies of most consumer goods were gaining steadily.

Government bidding for grain in Europe, which ran grain prices up to record heights last year, slowed down as world grain production recovered.

THE LONG RISE in wage-cost-per-unit of goods was slowing down, the study said.

Continuing its listing of the six factors, the study reported that rapid expansion in money supply, both cash and credit, due to vast government borrowing, had also slowed down.

Borrowing by business for expansion was listed as the sixth factor which was slowed down because of tightened restrictions.

But the first and foremost cause of the current price deflation, the study concludes, has been the halt in the public's scramble for goods. By trimming their demands to fit within available supplies, the people have recaptured some of their normal control over prices.

HELP GIVEN NAVAJOS

Government Feeding Snowbound Indians

Operating overland and by air, the federal government was engaged in the business of caring for its snowbound Navajo wards.

Caught almost as helplessly as cattle in the worst blizzard to strike the plains states in years, Indians on the vast Navajo reservation were being fed by a 300-mile life-line maintained by the government.

With sheep and cattle starving

PORTENT?: Red Shelter

According to a newspaper report in Berlin, the Reds were rebuilding a giant air-raid shelter outside that city.

Why? One guess was as good as another. Some could see in it a portent, others shrug it off with the observation that it was just another manifestation of the idiosyncracies of the Muscovite mind.

The shelter was being patterned after the bunker where Hitler died.

CARDINAL MINDSZENTY For a principle, life

GOP'S DEWEY: New Liberalism

For a man who was strangely reticent about plans while seeking the presidency of the United States, New York's Thomas E. Dewey turned vocal and voluble in his Lincoln Day address in Washington.

In the diminutive governor's remarks there was no apology for defeat and no supine bid for favor. Instead, he lashed out vigorously against party policy and advocated a purge of "anti-liberals" from GOP ranks.

That there was a noticeable paradox in his position apparently disturbed him not at all. While crying for those who oppose "liberal progressive" policies to get out of the party, he struck out also at New Dealish elements inside the organization.

Urging his party to stop bemoaning the past, he recommended that it dedicate itself anew to forward-looking programs of social progress but without "trying to outbid the Democrats with the public money."

It was Dewey's first public address since his defeat last November, and in it he reminded his listeners that the last GOP platform expressed wholehearted belief in unemployment insurance, increased old-age assistance, broader social security generally, slum clearance and public housing, public development of water power, and farm price supports.

These words must have left some of his hearers stunned. Surely, they must have asked themselves, why weren't some of these things mentioned during the multiple appearances of their presidential candidate last year?

But, Dewey, ever the realist in facing a situation, however he may react to it, conceded that the party was split wide open in a fight between two extremes of thought. And then he uttered a remark which must have brought some sly smiles. He said: "What we ought to do . . . is to make it everlastingly clear to the country where we stand and why."

INCOME: Average \$3,000

The average annual income of the American family was climbing. In 1947 the average was \$3,000, highest ever recorded up to that time.

The federal census bureau, which issued the report, found that income was distributed among the country's 37 million families in this manner:

FOUR MILLION had under \$1,000; six million had \$1,000 to \$2,000; eight million, \$2,000 to \$3,000; eight million, \$3,000 to \$4,000; four million, \$4,000 to \$5,000; three million, \$5,000 to \$6,000; three million \$6,000 to \$10,000; and one million, \$10,000 or more.

Thus only four million families—or slightly fewer than one out of each nine families in the country—had in that year the \$6,000 which President Truman has suggested as the starting point for the income tax increase he asked Congress to consider.

An interesting factor is that in one fourth of the families, women earned 25 per cent or more of the family income, and more than two million families were supported entirely by female breadwinners.

Who fared best in the average? Farm wage-workers came out best. The income of this class had jumped from an average of \$300 in 1939 to \$900 in 1947.

GREEN LIGHT: Waits Faithfully

Harry S. Truman, of Independence, Mo., is getting into a habit of popping up as a poll topper in this or that department.

"Man of the year . . . most popular, etc., etc. . . ." are some of the poll winning titles he already possesses.

Now, he has come up with another.

Mr. Truman is the nation's No. 1 pedestrian. No less an authority than that National Safety Council has so designated Mr. Truman.

THE ASSOCIATION'S magazine, Public Safety, pictured Mr. Truman on its cover and commended him for his interest in safety.

The traffic advisory board of the District of Columbia hailed the President's "firm decision to wait faithfully for the green light before crossing Pennsylvania avenue."

Mr. Truman turned down a suggestion that a special traffic control be established for his daily walks between his temporary residence at Blair House and the White House.

Mr. Truman said he preferred to obey the traffic signals "like any other citizen."

A-BOMB DATA: Reds Demand It

The Russians just couldn't stay out of the news. But in an utterance which commanded American headlines, they revealed themselves as almost childishly naive.

With the cold war as hot as it could be, short of the bullet stage, the Soviets had the gall to demand that the United States tell them how many A-bombs this country has and provide full data on armed forces and armaments.

Never modest in demands, the Soviets set a deadline for receipt of this information. It was March 31, 1949.

HOWEVER, they wouldn't be completely selfish about the matter. They demanded that the report on these matters be made to the United Nations, of which Russia is a member.

Warren R. Austin, U. S. delegate to the U. N., dubbed the Soviet resolution a "succotash of all the beans and different constituents."

Russia has put to the U. N. on the arms and atomic questions since the world peace organization was formed.

Even a non-betting citizen might be excused for risking a sawback that the Russians would have nothing but their pains in proposing that the U. S. bare its atomic war potentials to the Kremlin.

B-29'S: Direct Hits

The army air force was making a point for its contention of its importance as an effective arm in itself. Four air force B-29's scored direct hits on nine fighting ships attacking Kodiak island in the navy's north Pacific war games.

An airman aboard one of the bombers said the formation spotted the nine ships 250 miles southeast of Kodiak and registered bombing hits in three runs at 20,000 feet.

THE SHIPS were part of a navy task force attempting to retake the island from a theoretical enemy.

The report was significant from two standpoints. First, because the air force termed it important enough to report. Since that was done, it was motivated, probably, by the fact that the air force wanted to show that it had demonstrated the efficacy of the power of land-based planes in an off-shore attack.

Some of the seeds which have been planted and which it is hoped will grow, thanks to the application of American techniques, are those which should produce a free and democratic press in Germany.

It would be somewhat rash to try to teach the Germans all about the publishing business. After all Gutenberg, who invented printing, was a German, and ever since his time the Germans have taken the lead in many of the mechanical processes connected with the publishing business. But when the American occupation forces moved in, there was nothing that resembled a free press in Germany, and if there had been the conditions which then existed. Even today the best we can expect is a "nearly free press" and that is what it admittedly is.

In the United States zone and in Berlin there are now 56 newspapers licensed by the United States. These papers own a cooperatively-operated news agency. These publications are not, and never have been, "pre-censored." They are carefully read by the military government officials, and some have been suspended, after warning. But these occasions have been few.

The mission of the military government in the field of the press, as planned and applied to date, has for its first point:

"To help democratically-minded and trustworthy German publishers and editors to build an objective, free, democratic press in the U. S. Zone in Germany and to prevent the resurgence of Nazism, militarism, racism, pan-Germanism, or nationalism in the newspaper and news agency field."

The special report explains that controls which were imposed when the papers were first established in order to conserve scarce materials, supplies, and equipment and in order to train editors, publishers, and journalists in the tradition of a democratic, free press have been progressively lifted so that for two years at least the U. S. zone has had a "nearly" free press. The eventual goal has been from the start an absolutely free press to the extent that this condition obtains in the United States and Great Britain.

ALLIGATOR: Nothing Fatal

In Alencón, France, Santos Dumont, circus performer, stuck his head into the mouth of a 300-pound alligator his regular act. As usual, the audience oohed and aahed.

But this time, the alligator snapped his big jaws shut.

The actor's father rushed to the rescue with an iron bar and forced the jaws open.

The younger Dumont suffered deep head wounds, but will live.

WEDDINGS: Lighter, Please

In Africa there were other things of import besides war and prices. Weddings were being considered and the consensus was that the time-honored nuptial marches of Mendelssohn and Wagner would get no any more. The Africans Cultural Council had spoken.

The council was sponsoring a competition to find a suitable wedding march—one as "light as a bride walking over the carpet"

Washington Digest

American 'Know How' Aids In Development of Nations

By BAUKHAGE

News Analyst and Commentator.

WASHINGTON—When the various departments of the government began to gather data for the President to be used as the basis for preliminary legislation for his "bold new program" of establishing the machinery of world cooperation for the development of undeveloped countries, it was a surprise to many to learn that many of these agencies are by no means starting from scratch.

The department of agriculture, of course, has had the longest and most successful record in this line—a good 10 years. In 1939 it had become all too evident that in a world where the free flow of trade was threatened by rising anti-democratic hegemonies, we had to look to our nearer neighbors for many things which we did not produce at home, and which they could, but did not, produce themselves.

Congress was quite willing to authorize the department of agriculture to lend some of its technicians to other countries and to help such countries as were willing to cooperate to set up agricultural stations for the purpose of putting American techniques into action.

For those who may have questioned the expenditure in this connection, there is some satisfaction in noting that the experiment paid, from the standpoint of all concerned including the peoples of the countries involved. On the average the United States puts out one dollar for each three dollars spent by the other countries. In 1943 Latin American countries were expending \$500,000. In 1948 they invested \$1,178,000.

The countries in which the stations are located, an official of the department explained, supplies "land, buildings, associate technicians, office and service personnel, equipment and supplies available within the country, and funds for operating expenses." The United States supplies the "know-how" and the specialized equipment necessary.

The plan pays out, the department explains, this way. Assistance in raising crops such as cocoa, coffee, certain fibres, medicinal plants, tea and rubber, has increased the revenue from them. They are products in demand in this country, we don't or can't raise. The dollars they earn are turned into many manufactured products which these countries purchase from us.

In the last special report issued by the American military government on the Licensed Press of Germany, we have an example of another type of experience which the United States has had in attempting to provide the "know-how" for a foreign nation.

Some of the seeds which have been planted and which it is hoped will grow, thanks to the application of American techniques, are those which should produce a free and democratic press in Germany.

It would be somewhat rash to try to teach the Germans all about the publishing business. After all Gutenberg, who invented printing, was a German, and ever since his time the Germans have taken the lead in many of the mechanical processes connected with the publishing business. But when the American occupation forces moved in, there was nothing that resembled a free press in Germany, and if there had been the conditions which then existed. Even today the best we can expect is a "nearly free press" and that is what it admittedly is.

In the United States zone and in Berlin there are now 56 newspapers licensed by the United States. These papers own a cooperatively-operated news agency. These publications are not, and never have been, "pre-censored." They are carefully read by the military government officials, and some have been suspended, after warning. But these occasions have been few.

The mission of the military government in the field of the press, as planned and applied to date, has for its first point:

"To help democratically-minded and trustworthy German publishers and editors to build an objective, free, democratic press in the U. S. Zone in Germany and to prevent the resurgence of Nazism, militarism, racism, pan-Germanism, or nationalism in the newspaper and news agency field."

The special report explains that controls which were imposed when the papers were first established in order to conserve scarce materials, supplies, and equipment and in order to train editors, publishers, and journalists in the tradition of a democratic, free press have been progressively lifted so that for two years at least the U. S. zone has had a "nearly" free press. The eventual goal has been from the start an absolutely free press to the extent that this condition obtains in the United States and Great Britain.

"You have nothing on me," said the poet to the man in jail. "Rhyme doesn't pay either."

Spaniels are too smart to let anyone else pull the wool over their eyes.

Some traffic cops are so tough that until they whistle even a worm won't turn.

It is as easy for a President to get a cabinet member to give up his job as it is to get a hungry airdale to drop his half-gnawed bone in your lap.

You can't tell how many fish you are going to catch when you go fishing even if you take a fish-pool.

Eccentric Recluse Wills

Greta Garbo Big Tax Bill

ALLEGAN COUNTY, MICH.—Film Actress Greta Garbo will realize little if anything from an estate willed to her by an eccentric recluse, it appears.

A final account filed in probate court here of the American assets of the late Edgar Donne, Allegan county farmer, revealed \$1,119 with claims and taxes of \$2,099 due.

Approximately \$19,999 in assets in England also probably will be wiped out by inheritance taxes.

Boy Has 17 Years to Pay

BURY, ENGLAND.—Four-year-old Stephen Jones has 17 years to save up three dollars to pay a judgment.

The obligation grew out of an incident involving a stone about the size of a peach and the glass frame of a greenhouse. The county court held Stephen and the stone were responsible for a smashed pane of glass.

Postoffice Tries to Deliver

Letter Written in 1892

DETROIT.—The postoffice is trying to deliver a letter written in 1892 to a Detroit woman.

The brittle, faded letter was found behind an old mantel in a Cleveland house being remodeled. It was addressed to Mrs. H. R. Lenora, 65 Simpson place, Detroit.

The letter said, "John has had a fever for two days now and I am afraid he is going to be sick," and was signed "Hattie."

Lake Erie Erupts After

Workmen Sink Test Holes

CLEVELAND—For the want of a better solution, city engineers have decided Lake Erie will just have to go on burping until it gets tired and stops.

It started when drillers poked into the lake 90 feet offshore here to sink test holes before erecting a steel bulkhead.

Gas bubbled up. Then it stopped. Then it started again and settled down to a slow patter of burps.

KATHLEEN NORRIS Communist Paradox

Bell Syndicate—WNU Features. By KATHLEEN NORRIS. AMONG THE YOUNG persons I love—and perhaps among those you love, too—there are a few who have given their hearts, minds and bodily service to the promotion of communism...

When I suggested to two of these young crusaders that they go, at my expense, to spend a year or two in Russia and study communism in its workings, they regarded me with that kindly superior amusement that is so characteristic of their attitude toward those who differ with them...

But despite the shock that this suggestion gave them, they went right on addressing envelopes, addressing meetings, quoting the Red propagandists with pride, citing our American ways with scorn.

Why? Does any bewildered parent of deluded children know the answer? Any educated person—and almost all our American children...

Citing America with scorn... have had high school, if not college, training—knows that we Americans started as Russia did, less than 200 years ago...

The young people in America, shouting in the defense of the Communist party, know that there are few laboring men or women in the world who wouldn't jump onto a ship and come to America if they could and turn themselves into Americans with all due speed once they got here.

My own brief visit to Russia included the journey from the far east coast right through to the western border. I saw happening there something like what must have happened in France in 1793. I saw the mighty struggle of a wealth-oppressed, nobility-oppressed, church-oppressed people trying to throw off injustice and want and gain what to us in America is primarily right: liberty, life, and the pursuit of happiness.

Same Goal, Wrong Approach. They are seeking what we all need and desire, but they are some 150 years behind us. New abuses, as was inevitable, have sprung up in place of the old. Their leaders have grasped power, but they don't know how to use it...

Russia's rulers will be changed; Russia's development will ripen. This is inevitable. Russia will discover—has discovered, indeed—that a splendid constitution is one thing and getting poor, humans to live by that constitution is quite another. We've had an infallible guide for 2,000 years. We've not lived up to it—we've done less than half of what we might have done in the way of forgiveness, service and sharing. Yes, we could have lived up more fully to the ideals of Christianity.

JUST TRY GINGER and MUSTARD. She—W by don't these troops show more ginger? He—Well, you see, they were just recently mustered.

## March of Dimes Receipts of Near \$5,000 Expected

The drive for funds for the county

and national "March of Dimes" campaign officially ended in Washington county on Feb. 15. To date, the local chairmen have not responded in sufficient number so that the county chairman can make a detailed statement of

the success of the campaign. However, at this time, it appears that Washington county has again responded in a very generous manner.

The town of Germantown, under the direction of Chairman Arthur Schaezel, handed in \$455.49, which, in the opinion of the county chairman, was

an exceptionally large amount. Mr. Schaezel made a house to house canvass in each section of his township. The people of the town of Germantown are to be congratulated for their generosity, not only for their contributions to the March of Dimes, but they also, previously, contributed generously to a drive sponsored by

the Legion for a rescuistator.

To date, the receipts indicate that Washington county will raise almost five thousand dollars. However, complete returns are not in from Hartford, Kewaskum, Barton, Silinger, and several of the townships in the county. The county chairman wishes to advise his local chairmen to get their receipts in to him as soon as possible. They can either send it in to B. Rice, at the vocational school, West Bend, or if they will drop Mr. Rice a postal card, he will be glad to call and pick up the receipts. Mr. Rice would like to express publicly his appreciation for the fine cooperation he has received from the various chairmen and members of the committees. Mr. Rice indicated that he will contact his chairmen personally to thank them. They will receive an official recognition of the amount contributed under their jurisdiction. It is gratifying to work in a community where generosity exemplifies the character of the people in a community such as those who reside in Washington county, Mr. Rice stated.

## CAUCUS NOTICE

# CHEVROLET

is the most Beautiful BUY of all

STYLING DE LUXE 2-DOOR SEDAN

The most Beautiful BUY for Styling

Look at this exciting new Chevrolet from any point of view—inside and outside, front, side and rear—and you'll agree it's the smartest-looking automobile of this new year. For it alone, of all low-priced cars, brings you the distinguished beauty and luxury of Body by Fisher—the body featured on highest-priced cars.

The most Beautiful BUY for Comfort

Settle into the deep, soft, form-fitting seats. Notice the extra-generous head, leg and elbowroom in the Super-Size Interior. Ride in this "car that breathes"—with an advanced heating and ventilating system that inhales outside air and exhales stale air—giving comfort beyond compare! \* (Heater and defroster was optional at extra cost.)

The most Beautiful BUY for Driving and Riding Ease—with new Center-Point Design

Most sensational of all the advancements in this thrilling new Chevrolet for 1949 is the entirely new kind of driving and riding ease which it introduces into the low-priced field. New Center-Point Design—including Center-Point Steering, Center-Point Seating, lower Center of Gravity and Center-Point Rear Suspension—brings you driving and riding results heretofore found only in more expensive cars. The difference is so great—and so pleasing—that it's no exaggeration to say it is proving a revelation to all who drive or ride in this car. Remember—only new Center-Point Design can give these finer motoring results; and only the new Chevrolet offers Center-Point Design at lowest cost.

The most Beautiful BUY for Performance

What thrills you'll have when you drive this car! It's the only low-priced car with a Valve-in-Head engine—the engine which more and more makers of high-priced cars are adopting—because it gives a much finer combination of performance, economy and dependability. And Chevrolet's world's champion Valve-in-Head engine holds all records for miles served and owners satisfied.

The most Beautiful BUY for Safety

Yes, you and your family will enjoy maximum safety, for Chevrolet brings you fireproof safety protection found only in this one low-priced car: (1) New Cast-Safe Hydraulic Brakes; (2) Extra-Strong Fisher Unisteel Body Construction; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows, and (5) the super-steady, super-safe Untilted Knee-Action Ride.
