Ain't It So

Women jump at mice as well as conclusions. Can a man be so busy fight-

ing his own faults that he aever gets anywhere? A sense of humor is of little

account if you have no one to whom to exhibit it.

An executive must except some work not done quite so well as he could do it himself.

QUESTION: Could you tell me how to mend a marble table top which is broken straight across. Of course, I'd want it to show as little as possible, but at the same time, be strong.

ANSWER: Marble in thin slabs, as table tops, when broken, can be permanently mended only when supported by a reinforcement. Plasterboard can be used for this, or a strip of board. The reinforcement is cut to fit within the frame. The marble is turned upside down, the edges of the break are cemented and pressed together, a thin mixture of plaster of Paris is spread on the back of the marble, and the reinforcement placed in position After a number of hours for hardening, the marble is returned to place.

Took Nurse's Advice No More Harsh Laxatives

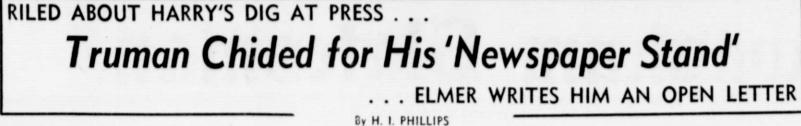

"I was irregular for a long time. A nurse suggested eating *KELLOGG'S* ALL-BRAN every morning. It helped where nothing else had!" J. M. Bedwell,

Fort Clark, N. D. This is one of many unso-licited letters from ALL-BRAN users. You too may expect wonderful results, if constipation is due to lack of bulk in the

diet. Just eat an ounce of ALL-BRAN daily, and drink plenty of water. If not satisfied after 10 days, send the empty carton to Kellogg's, Battle Creek, Mich. Get DOUBLE YOUR MONEY BACKI

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No newspaper can misrep-resent things long and survive. deep plot against the people. Harry, thousands of pages which the you know better. American newspapers have de-----

voted to you in reporting your baloney when he saw it and who senpfeffer. All the page ads in try would swamp the total space onsumed by all those full-page

ads over a period of six months. The ads get into few papers; no paper fails to report your speeches to its fullest ability. ----

Few Presidents in history have had a friendlier press. The note of kindness is to be found, even in the criticisms. The newspapers go to great expense to give you every break. It is doubtful if any occupant of the White House in 25 years has been more warmly treated by the newspapers of this country from coast to coast and from border to border. _•_

At work or at play you get a million columns of newspaper space Cuff Stuff and any honest publicity expert in Walter Donnelly, slated as the our own party would admit that new undersecretary of state in the advertising is mostly good and charge of South American affairs, that all the dough your opponets used to work in the circulation decould lay a hand on wouldn't be partment of the New Haven Regisenough to get that much space for ter back home . . . Video does the their views. So you must be kiddarndest things. As for instance ding when you say, "There are no Sid Caesar's use of that old Willie Howard skit on the interrupting full pages for our side." _._

waiter, with no credit or apology "Selfish interests are on the job to anybody. And it was played on year in and year out, seven days another program only a few weeks a week and 24 hours a day. They back . . . "Knock On Any Door," work through the editorial pages, widely proclaimed as a study in the columnists and the commentajuvenile crime and a deterrent, is tors they control," you assert, just another glorification of a hood-"They twist and misrepresent the lum, with enough murders and measures the people voted for." stickups to keep a kid absorbed for weeks

Well, Harry, may the press of The youth of any political party America never be as unfair to you as you are to the press when cannot be ignored, but the oldsters, you make a crack like that. The because of greater experience, if fact twisters don't last long on any | honest, are the better guides.

WEEKLY NEWS ANALYSIS-**Red Personnel Shakeup Stirs World** As Nations Ponder Meaning of Act; **Time Running Out on Rent Controls**

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those o Western Newspaper Union's news analysis and not necessarily of this newspaper. MOLOTOV PROMOTED?

World Speculates on Premier Stalin's Plans

Out of the welter of world speculation on the significance of Russia's naming Andrei Y. Vyshinski as foreign minister—replacing Vyacheslav M. Molotov—the British appeared most confident of their interpretation. Senior British diplomats had no hesitancy in declaring that Molotov is being ground to the Stall's shad no hesitancy in declaring that Molotov

is being groomed to step into Stalin's shoes whenever the Red dictator dies or retires from the scene.

INFORMATION from London was to the effect that the opinion apparently is based on reports which British Ambassador Sir Maurice Peterson had sent from Moscow. They said Peterson warned against expecting any change in Russian foreign policy as a result of Molotov's release as foreign minister. Andrei Gromyko, the "walking man" of the United Nations setup so called because of the many times he has walked out of U.N. sessionsbecame Vyshinski's assistant.

All these diplomats agreed that Stalin would remain the No. 1 man in Russia even if he should quit the post of prime minister. His supreme position, they speculated, would be safeguarded by his personal prestige and his post as Communist party secretary general and politburo member

THEY CONCEDED, however, that Stalin, 69 and ailing, may wish to be free of administrative chores. Informants made it clear that Ambassador Peterson himself did not make an outright prediction that Stalin contemplates retiring from the prime minister's job. They said the sense of his reports merely led British diplomats to think that is a possibility.

The interesting thing, however, was the wild and widespread speculation set off in the world by a change of Russian personnel at high policy level. This reaction served to emphasize world jitteriness in the "cold war" with the Soviets.

RENT CONTROL: Tik-Tok, Tik-Tok

With the continuing tie-up of business in the senate because of a filibuster on a rules procedure, congress had been racing against the clock in the matter of rent controls.

RENT CURBS were due to expire March 31. Congressmen generally were agreed that unless they were extended by that date, nothing more could be done this session to save or renew such controls.

Meanwhile, Republican sentiment in the house was that rent controls should be taken out of federal hands and turned over to the respective states. A mass meeting of GOP members of the house overwhelmingly supported the idea of ending federal rent control.

It was reported that Repubicans favored only a 90-day extension of curbs and many wanted all controls to end with the fixed expiration date. They also took the position that if any controls were continued, first should adopt an the house

THE LATEST ROUNDUP was dis-

By now the pattern of church conflict in Soviet-dominated countries was becoming clear. The Russians would not tolerate a setup where the church might act independently of the state. It mattered little whether the

faith being prosecuted was Protestant or Catholic-the aim was the same, subjugate it and its adher-ents to the will of the state.

THE KREMLIN could not risk spread of a thesis built upon the

O-o-oh, a Cartoon!

Donald Duck, Woody Woodpecker and Mickey Mouse can look to their laurels. The animated cartoon craze has caught on in England, and a man-eating lion named Zimba and Lena, a brow-beating lioness, are cavorting on the screen in sprightly antics that loom as a threat to the popularity of their American counterparts. British children-and adults-are currently in raptures over Lena's coyly inexorable pursuit of Zimba.

The hand behind Z i m b a is David-David Hand, that is. He was once the protege and later second-in-command to the celebrated cartoonist Walt Disney. Here, he and animator Ralph Wright and John Reed discuss the merits of drawings submitted for consideration by ambitious

Reporter in Russ Garb Tests Army's Security

ALISO CANYON, CALIF. - A self-styled Russian army colonel cient city of canals always have seized as he watched maneuvers of something to gripe about. First it United States naval and marine units, was identified as a reporter planted by his newspaper "to test" security precautions at the war games.

man, who first identified himself to military police as a Russian army walking on the canals and the idea officer, was John d'Alfonso,

Ruins of Indian Village Are Unearthed in Oklahoma

OKLAHOMA CITY .- The ruins of a small village believed to have flourished between 400 and 600 years ago have been unearthed in this state.

The ruins were excavated by a University of Oklahoma party. A cone-shaped mound, believed to be a tribal burial place, was found in the center of the village and ruins of at least five or six huts have been uncovered.

Water Walkers Compete With Venetian Gondoliers

VENICE .- Gondoliers in the anwas motorboats which sped down Venice's canals laden with tourists, who rode faster and cheaper than the pole-shoving gondola wielders. The San Diego Journal said the Now it's a fad. Somebody got a pair of water skis and practiced

> British Racing Pigeons Face Death Because of Ration Cut

is spreading fast.

LONDON. - One million British racing pigeons probably will go into tasty pies.

Selby Thomas, secretary of the National Homing Union, said the 40,000 members will each have to kill nearly half their stock because the new ration of three and a half pounds of pigeon mixture weekly is enough to maintain only five birds in a loft.

TODAY'S OPPORTUNITIES

of Russian foreign minister.

CHURCHMEN:

for the Cross.

Bulgarian security police had seized approximately 50 more Protestant clergymen.

closed as 15 other Protestants were sentenced on charges ranging from treason and spying for the United States and Britain to black market money transactions. All 15 had pleaded guilty.

men having other gods than Stalin, could not risk continuance or dignity of the individual and his oneness with his Creator.

The most terrible thing was that there was nothing anyone could do. Christian nations could not make war on the Soviets for religious persecution, however exten-

amendment by Democratic member Paul Brown of Georgia providing that landlords, as far as practicable, should be "given a reasonable return on the fair value of their property under rent controls

MANY CAPITOL observers expressed a conviction that the apparent trend toward relaxation of rent curbs was stemming from the effective lobbying of rental property owners and their organized groups.

But whatever was to be done to protect the public from gouging on the part of some landlords would have to be done fast. Time was swiftly running out.

MEXICO: Oil for U.S.

Mexico had relented, the animosity of the old expropriation days was over, and American interests

were to set up again in the oil business "south of the border." Antonio Bermudez, director of Petroleos Mexicanos, announced that a drilling contract had been signed with a group of California workers in the United States. oil men formed by Edwin W. Pauley ''I believe five to six millio

and two American oil companies. Senor Bermudez said the U. S. group's chief job would be drilling of wells in Tabasco and Varacruz states.

Under terms of the agreement, the U.S. group will not be paid for dry wells

The Mexican organization would set aside the proceeds of the sale tained from wells drilled by the mentioned companies to pay off tive wells

sive such persecution might grow. For the moment, men of good will could only pray for divine aid, hoping that retribution would finally overtake the agency which was subjecting Christian men to torture and imprisonment.

RICH MEN: One "Fed up"

"I found something was wrong with the wealthy class and I think a whole lot of them would be better off if they had to work.

JOSEPH E. UIHLEIN, 73, a senior member of one of the nation's wealthiest brewery families was fed up. Delivering himself of the above statement, he went on to say that he was resigning immediately as a director of the First Wisconsin National Bank so no one connected with the institution would be embarrased by his actions. Uihlein's consideration of his codirectors was understandable. For the former vice-president of the vast Schlitz brewing company was planning to devote his full time to the unionization of "white collar"

"I believe five to six million can better their lot by joining white-collar unions," Uihlein declared. "I am not in it for any honor for myself, but only through a desire to help the working classes." CONTINUING, he explained that

"I have been thinking about this for about 15 years."

Joseph and his brother Erwin, now president of Schlitz, have been of 50 per cent of the production ob- at odds recently over Joseph's suggestion that the brewery establish a million-dollar annual welfare fund their expenses in drilling produc- for its employes by contributing 25 cents for each barrel of beer sold.

COW'S THAT, FELLOWS?

Yukon Lions Would Re-Ensilo "Grady"

The Yukon, Oklahoma Lions club was strictly on it's toes-mem- Mach paid \$1,000, had jumped bers organized a "committee to through a silo door 17 by 25½ Put The Cow Back in The Silo." inches When the AP broke the The cow, of course, was "Grady," story, the nation was agog. who had captured national attention and country-wide press coverage when she leaped into a silo and there resulted great puzzlefreed.

Jets Claim Record

The U.S. air force has claimed a new record for any type of plane of an hour and 45 minutes they have seen it, would put the York.

The air force said the record flight was made by four F-80 jet Shooting Stars.

commercial air liner.

"Grady," for whom owner Bill

However, farm editor Ralph Partridge, of the Denver Post, came up with the answer. "Grady' was given a sedative, well-greased ment as to how she was to be and then pushed and pulled through the door by which she had entered.

But in the meantime, the little town of Yukon was enjoying publicity of a extent it had never received before, may never receive again. So, the town's Lions cow back in the silo, again capture the national spotlight.

Bill Mach was willing to lend his silo for the purpose - but balked A spokesman said the old record at using "Grady." Said he: "The for the 862-mile flight was two wear and tear is too tough on a hours and 10 minutes, set by a good cow; besides, I've had enough publicity to last me from now on.

artists. Hand was responsible for many of the Mickey Mouse cartoons and Silly Symphy with Disney. Now he is director of British animated films.

Artists and animators gather in story department (above) for exchange of views after central theme for cartoon is proposed. Then animators are called into conference (below) as details of a new character are outlined. To get right expression for his drawings, Bert Felstead (right) grimaces at himself in mirror.

Bill Dickey Returns

IN THE SPRING of 1928 a tall, lanky kid blew into the Yankee stadium from Little Rock. He had arrived via Little Rock, Muskogee, Jackson and Buffalo. He was then 21 years old, 6 feet 2, weighing 185 pounds. When he was born in Bastrop, La., back in 1907, he was formally christened William Malcolm Dickey. The William Malcolm soon gave way to plain Bill.

The point of this outbreak is that Bill Dickey, after a lapse of two years, is back with

the Yankees again as a catching and pitching coach, spot where he has no equal. The Arkansas Traveler h a s at least two distinctions. He is about

as fine a quail shot as you'll run Grantland Rice shot as you a he across. A n d he comes close to be-

ing the best all around catcher baseball ever produced. His main challengers are Mickey Cochrane, Gabby Hartnett and Ray Schalk. Or maybe Johnny Kling from old

Other catchers have had better arms, or arms just as good as Dickey's. All of them were faster. Mickey Cochrane was a ball-of-fire where Dickey was serene and unruffled. Bill's claim to fame rested on his hitting and the way he handled pitchers.

As far as I know, Dickey is the only catcher who drove in over 100 runs four years in succession— 107 in 1936, 133 in 1937, 115 in 1938 and 105 in 1939. In these four years Dickey hit 102 home runs. Smart pitchers have told me more than once that in a clutch they considered Bill Dickey the most dangerous man in baseballand this wasn't barring Ruth, Gehrig, DiMaggio, Greenburg, Foxx

Dickey remained with the Yankees from 1928 through 1946, when he returned to Little Rock for a two-year stay. He was lured back to the Yankees this last winter and this spring he will help Casey Stengel unravel two Yankee tangles-the catching and the

If these two snarls are straight-ened out, the Yankees can be a dangerous outfit. If not, they won't be. If the combined snarl and tangle can be handled, Stengel has the right man on hand for the job.

Dickey vs. Pitchers "One reason I get such a kick

Cheese balls are a festive addition to a fruit or vegetable salad. Mash soft cheese, moisten with a little salad dressing if desired and shape into balls-balls may be rolled in finely chopped nuts, celery, green pepper or parsley.

Artificial pussywillows made from brown crepe paper and gray chenille can be made to look like the real thing.

Almonds that have been blanched, cut in thin strips and toasted are an excellent topping for any creamed dish. ----

Hold rugs by the sides instead of by the ends when shaking-helps prevent the threads from straining and pulling apart.

> 2. (a) The first paragraph of Section 1 in Section XVI "Building Permit; Certificates of Occupancy and Use" shall be amended to read

1948-49 COUNTY BOARD PROCEEDINGS

as follows: "No Building or structure or any part thereof, except as from an agricultural area to a commercial area the following described herein provided, shall hereafter be built, enlarged, altered, repaired real estate:

or moved within the areas subject to the provisions of this ordinance until a building permit has been applied for in writing and shall be obtained from the administrative officer. Such permit shall be posted in a prominent place on the premises prior to and during the period of construction, alteration, repair or moving. A copy of such permit shall be filed in the office of the Administrative Officer and with the inspector for the town in which the permit is effective. Forms for the application for building permits shall be supplied by the Administrative Officer

(b) The second paragraph of Section 2 of said section XVI shall be amended to read as follows: "A record of all certificates issued shall be kept in the office of the Administrative Officer.

(c) Section 3 of Section XVI shall be amended to read as follows: "No vacant land shall be occupied or used and no building now by the Town Board of the Town of Hartford, the Park Commission way System or hereafter erected, altered, repaired or moved, shall be occupied, and upon passage and publication. used or changed in use until a certificate of occupancy and compliance shall have been issued by the Administrative Officer stating that the proposed use of the building or vacant lands complies with the provisions of the Washington County Zoning Ordinance."

3. Section XXII is hereby created as follows: "Administrative and Enforcement Officer."

"1. There shall be an Administrative Officer and he also shall be the enforcement officer under this ordinance who shall be appointed this 20th day of April, 1948. Dated at West Bend, Wiscon by the Chairman of the Board of Supervisors of Washington County and the appointment confirmed by said board. He shall hold office at the pleasure of the said Board and shail be removed by a majority ington County was given second reading and passed. All members pre- visors of Washington County that the changes as decided upon by the vote of the County Board."

"2. The Administrative Officer may be a County official but he shall not be an elective town official."

"3. The Administrative Officer shall collect the fees that are collectible from applicants upon application for permits and certificates of the said officer and he shall remit said fees to the County Treasurer as follows at least once a year. He shall be paid 7c per mile for miles traveled in the course of investigating facts in regard to an application for a 19, 1941, be and the same is hereby modified and amended by changing adopted on roll call vote of members present. permit under this ordinance and other necessary travel."

"4. It shall be the duty of the Administrative Officer to receive and act upon applications for permits to erect or alter buildings and upon applications for certificates of occupancy and use and he shall have such other duties as provided for in the Zoning Ordinance of Washington County.

5. It shall be the duty of the Administrative Officer upon being informed of an alleged violation of the Zoning Ordinance to investigate the alleged violation, determine the facts, and if a violation be found, to so inform the District Attorney. The District Attorney shall prepare a complaint to be signed by the Administrative Officer, and the Administrative Officer shall do those things necessary to assist the District Attorney in the prosecution of violators of the Zoning Ordinance.

6. The Administrative Officer shall appoint in each Town an Inspector whose duties shall be to investigate construction or alteration buildings, uses of property, and other matters pertaining to the Zoning Ordinance and report to the Administrative Officer if he has evidence that the Zoning Ordinance is being or has been violated. For each such investigation and report to the Administrative Officer and for milage traveled in connection therewith he shall be paid \$5.00 per day or part thereof and 7c per mile."

4. Section XVIII "Violation and Penality" is hereby amended to read as follows: "Provisions of this ordinance shall be enforced by the Administrative Officer, and in his failure to act, by or under the County Board of Supervisors. Any persons, firm, association or corporation who violates, disobeys, omits, neglects or refuses to comply with or resists the enforcement of any of the provisions of this ordinance shall, upon Washington County was given first reading and referred to the Town Sections 20.49 (4) and 84.03 (3) and previously allocated by this board conviction thereof, be subject to a fine of not less than ten dollars Board of West Bend and the Park Commission. (\$10.00) nor more than two hundred dollars (\$200.00) together with the costs of the action, and upon default in the payment of a fine imposed, Washington County was given first reading and referred to the Town be and is hereby petitioned to advance, pursuant to Section 84.03 (5) by imprisonment in the County Jail of Washington County for a term Board of Farmington and the Park Commission of not more than thirty (30) days. Every day of violation shall conby injunctional order at the suit of the county or the owner or owners Board of Richfield and the Park Commission. of real estate within the district affected by the regulation of this ordinance.

5. Section XXIII is hereby created to read as follows: "A fee shall of Kewaskum and the Park Commission. paid by each applicant for a building permit required by Section XVI as follows: When the estimated cost of the work to be done is reading \$1,000.00 or less, \$1.00; when the estimated cost is over \$1,000.00, \$1.00

for the first \$1,000.00 and 50c for each additional \$1,000.00 or fraction reading. thereof. The fees shall be paid to the Administrative Officer when a permit is issued by him. reading.

6. Section X is hereby amended by deleting therefrom the paragraph reading as follows: "The provisions of this section as they af- reading. fect "Temporary Structures" shall not apply to the area within the ways or highways and railways."

Quality Programs

\$ 8,291.57 Milk is the most common and most widely used human food. It 3,760.55 is also nature's No. 1 food for bacteria and disease germs. Hence, every \$12,052.12 possible effort must be made by the dairy farmers, who are the pro-

ducers of milk, to keep it as clean and wholesome as possible.

\$ 3,893.05 were used. These included: Dairy Exposition Farm Meetings Motion Pictures Demonstrations Milkhouse Construction

Dairy Exposition

The most impressive and outstanding dairy quality program of \$15,000,00 the year was the two-day dairy exposition meeting held jointly by four counties at the Nightingale Hall. This exposition was sponsored by the College of Agriculture and made available to all Wisconsin counties.

The eight major dairy plants of the county co-operated with the Extension Office in advertising and in the holding of the Exposition. They contributed approximately \$225.00 to defray the county's share of the cost of the exposition.

Farmer Meetings on Dairy Quality

The production of quality milk was stressed at 11 farmer meetings attended by 1.246 people. Information on the care of handling of dairy utensils, milking machines, and milk cooling was given. Poor milk, it was pointed out, was usually caused by-(high bacterial count), (excessive sediment), (bad odors), (high acidity), (use of poorly cleaned utensils).

Milk House Construction Program

About 60 new milk houses were built during the past year. Most of these were on farms selling fluid milk. More than 400 bulletins showing detailed plans of milk house construction were requested by dairy farmers of the county.

Better Breeding Program

\$ 3,440.00 been the Junior Sire Project. In this project, each of 25 4-H and F. F. A. past year. boys were assigned a sire calf to raise. The boys getting the calves

The writer wishes to acknowledge and express his sincere ap- sion Service effort is being directed toward increasing the sheep popu-

Beef Cattle

level, and to your Honorable Board of Supervisors for maintaining tors. One such factor, and perhaps the most important one is that the high prices which milking cows are bringing has prompted farmers to sell and to replace the livestock on the farm with feeder steers. Another group of farmers are raising only a few beef animals. They are members of the local breeding ring and mate their heifers to Angus sires. The Angus calf at birth is relatively small and will The number of cattle on farms in Washington County is approxi- make a good baby beef animal until about 18 months old.

Poultry

of the state in size ranks 35th among the 71 counties in number In chicken and egg production Washington County ranks 26th in of cattle on farms. During the World War II period there was a the state, and the average number of laying hens per farm is approxi-\$ 3,804.31 large increase in the number of cattle being kept on farms. Howmately 200. About 40 million eggs are produced annually.

Poultry represents the 2nd largest source of gross income on siderably. There are today about 150 farms in the county which have the farm. It being 11.2% of the total gross income.

Help on poultry management was given farmers and poultry raisers through news items, culling demonstrations held on a township basis, farm institute meetings, and egg quality demonstration farms. Older

4-H club members and FFA boys helped with culling and caponizing demonstrations when requested. 37 farmers were given plans for poul-

try house construction. A total of 38 farm calls were made to discuss poultry disease problems, poultry house remodeling and flock culling **DHIA Group Visit International Livestock Exposition**

Former members of Hartford-Richfield DHIA visited the International Livestock Exposition in Chicago. They made the trip by bus. All expenses of the trip were paid out of a social fund accumulated during the past years.

Field Crops

Recent years have seen much experimental work being done to improve cereal and grass crops. Hybrid corn has been grown neigh up to 15 years. Seven years ago Vicland oats seed was released, Henry wheat soon followed and in the past three years a half dozen or more new bond strains of oats were released for planting throughout the state.

These newer varieties are much superior to the older varieties yield, disease resistance, and smut resistance. They are also earlier in maturity.

Grain Varietal Plot

To bring to Washington County farmers an opportunity to see the newer, more improved, varieties of oats and barley most frequently recommended by the College of Agriculture, a grain varietal plot was planted.

The object of the plot was to give farmers a chance to see differences between varieties of oats and barley growing side by side under the same conditions.

Four meetings were held at the plot to give farmers an opportunity to view the results and see comparisons for themselves.

A commercial fertilizer demonstration was combined with the varietal demonstrations

Results of the Varietal and Fertilizer Plots

The combine was used to check yields on the various varietal Various methods of bringing dairy quality information to farmers plots, while the yields obtained may not be accurate ones, the varieties giving the best yield include the Clinton, Bonda, Mindo, and Benton varieties. The Wisconsin No. 38 barley out yielded the other varieties with the new Moore variety a close second.

The fertilizer trials, because of the high state of fertility of the seed bed, showed no striking results. However, the yield of the various varieties increased as the amount of the fertilizer applied was increased. The plots receiving a top dressing of nitrogen showed taller ranker growth, but no appreciable increase in yield.

Three results of the fertilizer trials that were definitely visable were:

- (1) Lodging decreased as the amount of potash applied increased.
- (2) Seedings were best on the plots where relatively large amounts of potash were applied.
- (3) Seedings were best on the plots planted to short straw varieties like Mindo and Vicland.

Better Seed Preparation

Gone are the days when the farmer would plant seed grains taken direct from the granary bin. The grain grower of today may have his seed grains well cleaned by any one of a dozen large cleaning mills that do custom work. Then, too, he may have the cleaned seed treated with chemicals for the prevention of rust, smut, and root blight. These large seed cleaning mills are a big step forward in making available superior quality small grains seed stock for planting.

Certified Seed Growing

The growing of certified seeds has been a growing industry in recent years. Certified seed grains are now being grown on 19 farms in the county. The Extension Office has given assistance to the certified seed growers by sealing all seeds sold.

Much interest is also shown in growing certified Ladino clover A youth project that has been popular during the past 4 years has seed. On 12 farms in the county such seed was produced during the

preciation to the program planning committee and to the agricultural lation of the county especially in those areas where soil erosion is a committee for the capable guidance given, to Mrs. Gwen Daluge, Home major problem. By raising more sheep, more acres can be kept in Agent, and Mr. Delbert Wanless, Club Agent, for the help and co-op- grassland agriculture. eration given in carrying out the Extension Program. year include the following:

Laying of 240 feet of 12" drain tile. Construction of temporary pens along the west side of the swine and sheep barn.

the County Board Fair Committee include:

- (1) That consideration be given the recommendation of Mr. Bartelt, Slinger Electrical Engineer, that the county build an electrical supply line extending from the village transformers direct to the fairgrounds.
- (2) If construction costs and the availability of labor and materials permit, I would recommend the erection of an additional livestock barn.
- (3) Additional toilet facilities are in great need. I would recommend the construction

Report No. 11 of the Washington County Agricultural Agent was presented by E. E. Skaliskey, Moved by Bammel, seconded by Geib that Report No. 11 be adopted and filed. Motion carried.

REPORT NO. 11 1948 Annual Report of Washington County Agricultural Agent ber and the breeder supplying the calf.

To The Honorable Board of Supervisors Washington County, Wisconsin Ladies and Gentlemen:

The year of 1948 was favorable to farmers of Washington County. Ample moisture from the snows and rains of winter and favorable summer temperature through the growing season made possible the production of average or even above average crops.

adequate moisture. Three relatively small areas in the county suffered artificial breeding association. The Extension Office does the educa-As the season advanced, some damage resulted from the lack of severely from hail. August and September were hot dry months and caused late crops and pastures to suffer, but on the whole, the year's

crop production was average or even better as far as crops are concerned.

Corn was the best it has been for many years. The first cutting hay was above average and the excellent drying weather during good quality hay. This will make possible an effective saving when of 800.

the winter feeding season is here. Grain crops were average or above. Canning crops like peas and red beets suffered from the drought and from insect infestation and were slightly below average in yield. Sweet corn was a bumper crop with some fields yielding upwards of five tons per acre.

Washington County is one of the smaller Wisconsin counties, rank-The 91st Annual Washington County Fair came to a successful ing 63rd in size among the 71 counties of the state. The county has a close on Sunday, August 1. The fair was held for a period of four days land area of 274,924 acres. Of this 94.7% is in 2,529 farms listed as being in the county. The average size of farms is 103 acres.

Even though the county is relatively small in size, it is one of busy with the grain harvesting and threshing. The evening attendance the leading agricultural counties in the state. The soil, when well the seven thousand dollar mark and the total county farm income well over \$18,000,000. It is primarily a dairy, egg and cash crop county, de-

Oats and tame hay are the two leading crops grown as far as numbers of acres are concerned. Corn for silage is next. Barley and stein Breeders was held early in June at the farm home of Christ Department woodland near Dundee. 15,150 forest seedlings planted. plays and concession stands. A total of 21 tents to provide added green peas constitute the two major cash crops with sweet corn, pota- Mayer at Slinger. More than 600 breeders were in attendance accordhousing space were erected. Many requests for additional space were toes, red beets, and white clover seed good runner-ups in acres and in value.

> Most of the milk produced in the county is sold as fluid milk or as condensed and powdered milk products. Less than 1% is manufac- Brattleboro, Vermont. This was the largest county breeders' meeting tured into cheese or butter. Sheep are few and far between. Swine in the state according to Mr. Brace. and beef cattle are making inroads on a number of farms, especially one where labor must be hired.

The number of cattle on farms in Washington County is in excess of 55,000. This gives the county, which ranks only 63rd in size, the rank of 35th of the 71 counties in number of cattle on farms. For Improvements made on the buildings and grounds during the past more than 25 years the trend in cattle numbers has been upwards.

Extension Program Farmer Planned

The yearly program of work for the Extension Agents is usually 3. bulletins, 4. demonstrations. outlined by a county program planning committee consisting of ten or more farmers, several 4-H club leaders, and two or more home-Recommendations for the coming year now being considered by makers. This planning committee, it is felt, will know the agricultural and homemaking needs of the county. Thus, their suggested program will be one that comes directly from the rural people and should be one that will meet the needs of the county. The tentative program when they are about seven to ten weeks old. Such pigs have found suggested by the planning committee is reviewed and approved by the County Board Agricultural Committee and the College of Agriculture.

Agricultural Extension work covers many fields of activities. The program is not confined to rural people. City folks, with their garden. auction of bred Chester White gilts. insect, lawn, and household problems, seek information from the Extension Office.

On the pages that follow only a very brief report on the more major activities is given.

in February, the calves at that time were from 2 to 4 months old. They were sold at public auction on October 29th as serviceable bulls. The two top animals sold for \$600.00 and \$525.00 respectively. The average of the 25 young sires was \$313.30. All animals except four were purchased by county farmers. The money derived from the sale of the animals is divided upon a percentage basis between the project mem-

A word of appreciation to the business firms of the county who donated from \$5.00 to \$20.00 each to defray the boy's share of the expense of holding the sire sale auction. Also the auctioneer and the clerk are to be given a "thank you" for donating their services.

Artificial breeding of dairy cattle is being done on more than 550 farms, breeding 5,700 cows in the county. On most of these farms no herd size is maintained. The dairyman feels that he can get better and more economical breeding services through membership in an tional work connected with this program. It also handles all member ship contracts.

Assistance in the buying and selling of 19 herd sires was given.

Livestock Sanitation and Feeding

Livestock disease, their control and management, and dairy cattle feeding problems were discussed at four farm institute meetings and the hay harvesting time made it possible for farmers to put up much at 2 other farmer meetings. These had an approximate attendance

Township Brucellosis Program

Eight of the thirteen townships of the county have presented peti- and other crops by \$100,000 or more. tions which entitle them to the services provided for under the township brucellosis law. In these townships farmers are now subscribing for such services. However, the demand for the services made possible under the law will be greater during the late winter months as most of the crop of the past season's calves are too old for vaccination. The township brucellosis program gives livestock herd owners chards. two alternatives or plans. They are:

(1) Plan "A" providing blood testing and calf herd vaccination.

(2) Plan "B" providing for calfhood vaccination only.

The majority of the herd owners are subscribing for calfhood vaccination only.

600 Holstein Breeders Attend Mid-Summer Meeting

The 7th annual mid-summer meeting of Washington County Holing to Charles Brace, Fieldman, for the National-Holstein Friesian Association. The principal speaker was Glenn Householder, a former Wisconsin man and now with the National Association Headquarters at

A Junior program is also included in the evening events. This con-

sists of a judging contest, and a short speaking program.

Barn Sanitation

The discovery of D. D. T. as an insecticide for ridding livestock, barns and other farm buildings of flies has brought us into an era of fly free cattle and barns. Information as to the use of D. D. T. was made available to farm folks by: 1. dairy plant fieldman; 2. news items;

Swine

Washington County is not a large producer of fat market hogs, land farming is definitely on the increase in the county. The gross farm income from the sale of market hogs and feeder pigs is slightly more than 10% of the total income. The hog breeders of the county sell a large percentage of the pigs farrowed as feeder pigs largely attended by members of the homemakers organization.

a ready market at prices ranging from \$12 to \$20 during the past year. Because of favorable hog prices and an increasing demand for registered breeding stock, a number of swine breeders have turned to

Sheep

Sheep are a major source of income on fewer than a half dozen farms in the county. Less than 100 farmers have small flocks. Exten- for 157 farmers.

County Barley Contest

Washington County ranks high among the counties in the state as the malting barley growing county. More than 10,000 acres were planted to barley in 1948.

To stimulate an increased interest in barley growing, a county barley committee has been set up. This committee consists of two malsters, one brewer, and one grain dealer. This committee has cooperated in financing and holding a county barley growing contest culminating in a county barley show. 192 farmers enrolled in the contest and 142 completed all contest requirements by exhibiting one bushel sample at the barley show. The show was attended by 375 growers and members of their families.

The show was easily the largest one held by any county in the state according to George Briggs of the Agronomy Department of the College of Agriculture who served as one of the five judges. The County Barley Committee supplied funds in excess of \$900.00 as prizes for the show,

Weed Control

Much effort given to weed control program in 1948. One or more farmer meetings held in all townships.

60 weed sprayers, spraying an estimated 18,000 acres with 2, 4-D. Mustard fields sprayed for three consecutive years show great decrease in the amount of infestation. Spraying on these fields no longer needed.

About six miles of roadside were sprayed with 2, 4-D. Weed control program estimated to increase production of grain

OTHER FARM CROPS

Farm Orchards

The orchard crop was much below average this year. Unfavorable weather with killing frosts prevented flower pollination in most or-

One all-day county-wide fruit growers educational meeting attended by 150 growers and their families was held. 135 fruit growers are members of the County Fruit Growers Association. Seven spray ring meetings held, 450 orchards in county given three or more orchard sprays.

Forestry

One timber management meeting held at Wisconsin Conservation

Pasture Renovation

Pasture renovation means breaking up old June grass pastures and reseeding them with legume mixtures. Such pastures yield more and better forage.

Pasture renovation was stressed at 6 farmer meetings. One tour, on which typical renovation projects were viewed, was attended by 85 farmers. About 160 farmers reported doing some pasture renovation. 499 tons of 20% phosphate and 50% potash were applied on 4,650 acres. 150 tons of nitrogen fertilizer were applied on June grass pasture.

Grassland Farming

There are several farms in the county where practically no cultivated crops are grown. Silos are filled with alfalfa instead of the customary corn crop. Many farmers are ensiling alfalfa without the use of any preservative. Others use molasses, dried whey, ground corn or barley and still other various forms of commercial preparations. Grass-

Farm Gardens

Three garden and small fruit meetings were held. These were

Soil Improvement

The soils of the county are showing the effects of erosion and heavy cropping. The large livestock population of the county makes available a large amount of barnyard manure. Also about 60,000 acres producing registered swine brood stock. One of these holds an annual of legume and mixed hay is grown in the county annually. Both of these help to maintain soil fertility.

Soil Tests

.

Soll tests and commercial fertilizer recommendations were made

Commercial Fertilizers

Most farmers of the county are applying commercial fertilizers to some or all crops planted. The demand has been limited by the supply. Approximately 5,000 tons were used during 1948.

Agriculture Lime 11,143 tons used on the farms of the county,

Fertilizer Test Plot

Plot on county farm shows more potash fertilizer needed to produce best yields. Soil tests of much soil show amount of available potash too low for maximum crop production. Tests show that a phosphorus-potash fertilizer best. Nitrogen, the element that produces vegetative growth also needed on most upland soil.

Farm Drainage

Nine farmers were given assistance in planning farm drainage problems. One organized drainage district was given help in planning the organization needed to clean out a major drainage system. Two other groups of farmers were organized into drainage districts.

Flax Acreage Tripled

About 3 times as many acres of flax were planted during 1948 as compared to previous years. This increased acreage resulted largely because of the government support price of \$5.65 per bushel. Redson flax is the most widely planted variety.

Potato Acreage Decreasing

Washington County, which a few years ago was an important southern Wisconsin potato growing county, has decreased its acreage by nearly 50%. The reason for this big drop in acreage is largely due to the fact that expensive specialized machinery, such as planters, sprayers, and harvesting machinery are required. Approximately 2,700 acres were planted.

A variety test plot where 12 popular varieties were planted on the Earl Schuster farm, Rockfield. One field demonstration, to point out comparative results of the various varieties, was held and was attended by 85 interested growers.

Cash Crops Co-operative

A Cash Crop Co-operative for county canning crop growers was organized. Its purpose was to co-operate with canning factories in drawing more uniform and satisfactory contracts. About 300 growers were members.

Providing well trained personnel paid by State Department of Agriculture to do the grading and classifying of carrots, peas, was another important function of this organization

Cash Crop Soils Meeting

The use of boron and other commercial fertilizer on cash crops was discussed at two meetings of cash crop growers. Soils Specialists, K. C. Berger, and H. J. Muckenhirn of the College of Agriculture, gave reports on experiments they are supervising.

White and Ladino Clover Seed

An average crop of white clover seed was produced in the county during 1948. The market has readily absorbed all such seed produced at 40 to 50 cents per lb.

More profitable than the production of white clover seed has been the production of Ladino clover seed. This is a special variety of white clover. Certified seed readily sells for more than \$2.00 per pound.

OTHER MAJOR ACTIVITIES

Farm Management Program

Maintained a county association of 32 members which is all the membership that is permitted.

One field trip of association members and others interested was held, 8 farms were visited, new farm practices studied. The tour was made by 154 farmers. Assistance was given to association membership with their farm bookkeeping.

Farm Labor

Responsibility of farm labor placement is the responsibility of the United States Employment Service.

26 men were placed on farms. Assistance was also given canning factories in securing much needed part-time workers.

Veteran Service

Co-operated with G. I. trainers in guiding and advising veterans studying under the G. I. bill.

One educational tour with veteran trainees made. Served as chairman of the county veteran training committee.

Newspaper Co-operation

Excellent co-operation from the four county newspapers for publication of announcements and educational news items has been received for the 13 years of the writer's Extension service.

Washington County 4-H Club Fair

The writer has served as secretary of the County 4-H Club Fair for the past 13 years.

The fair has paid its way and showed a small profit each of these 13 years.

l Program

The writer is a member of the general steering committee on plans for the centennial program. He also helped prepare a one-page history of the county to be used in a statewide publication. A Washington County Centennial Pageant was held in connection

with the county fair and was included in the report of that activity.

C. R. O. P. Drive Nets \$2,408.60

The writer served as co-chairman of the local Christian Rural Overseas Program (C. R. O. P.). A drive for funds netted \$2,408.60.

Elected to the Board of State Horticultural Society

Largely because of his interest in fruit growing, the writer was elected a director to the Board of the State Horticultural Society.

4-H Activity

4 new clubs organized. 525 members enrolled in 4-H clubs 36 days devoted to 4-H work and 21 meetings attended.

INSECT AND RODENT CONTROL.

years. So also has the corn borer. In orchards the apple maggot fly has caused much damage during the 1948 apple growing season. Flies are decreasing in numbers due to effective spray programs.

Grasshopper Infestation

46 farmers spread poison bait. Others used weed sprayers for applying Chlordane and similar liquid poisons. Three fields were dusted with aeroplanes.

Corn Borer Control

The corn borer is here to stay unless adequate control measures the Register of Deeds. are practiced. The insect is found in all areas of the county.

Sweet corn growers are most seriously affected with the destruction caused by this insect.

Canning factories are dusting heavily infested fields with either eligible for the State Retirement plan. ground or aeroplane equipment.

show corn growers how to detect corn borer egg masses and apply the County. Conditions, since then, are very different than they were

Rat Control

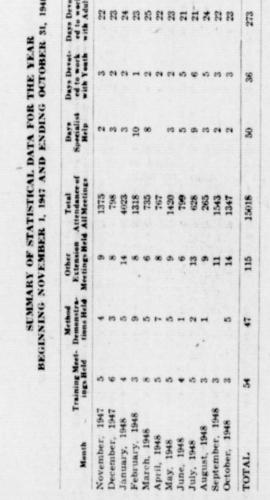

425 lbs, of poison bait distributed in county-wide program. Red a deficit. The report is as follows: Squill bait used and sold at cost.

Corn Ear Worm

The corn ear worm is becoming plentiful in the sweet corn growing areas. This insect is not as difficult to eradicate as the corn borer, nevertheless, sweet corn growers must apply either a poison dust or spray to control it. A loss of more than 10% of the possible sweet corn pack was caused by this pest according to canning factory estimates.

Apple Maggot Fly

Our most serious orchard pest, the apple maggot, caused much damage in many orchards having a good set of fruit. An application of a poison like lead arsenate every 7 to 10 days will give satisfactory control.

The PHYSICAL PANDICAPPED A visits were made to crippled children in this county regarding their treatment and care. Twice a year a State Orthopedic Clinic is schools, and at the present time a number of them are attending such schools, and at the present time a number of them are attending such schools, and at the present time a number of them are attending such schools in West Aliks, Milwaukee and Shebodyan. Adults, that is, anyone over 16 years, are referred to the State Orocational Rehabilitation Division for guidance and further education. A number were referred to this service during the past year. I the past few years, the public has become well acquainted with the tragic effects of polio, but few realize that: 1. Rheumatic fever cripples and kills sixty times as many children as does infantile paraysis. 2. From one to three per cent of all school children have heart lesions arising from theumatic fever. 3. In Wisconsin there are approximately 8,000 children with cardiac defects due to theumatism. Inspite of these facts, this disease has received practically no at- tention from a public health standpoint and only recently has any organized effort been directed toward its prevention and control. I Moderatly advanced a Fra dvanced a Fra dvanced a Fra dvanced a Fra dvanced a Fra dvanced a so filleren is a disease filled nursing visits and a filler Subpleous and inactive cases of tuberculosis also need routing follow up to

TOTAL EXPENSES FOR YEAR

two districts pay the tax for that transportation. Recently I was 14.95 talking to Mr. C. E. Nodolf of the South Side School of Hartford, and 14.44 he informs me that the parents of the children going to school in 22.10 his district are exceedingly well satisfied with the new set-up. They 5.00 receive instruction in art, music, plays and games that appeal not 12.00 only to the children but to their parents.

The State Commission has moved slowly because they wanted to 52.00 9.20 determine what type of school district re-organization was possible 20.80 in Wisconsin and could determine what type of aid would best suit 5.90 the re-organized districts.

This problem has been brought to the fore in recent County 2.73 40.35 Committee meetings. In some of the Committee on Common Schools 9.38 meetings it has been brought out that some schools would lose State 11.25 Aid if re-organized. In one re-organization system it became evident 15.00 that the reorganized district would receive \$6,000.00 less than they 12.40 would if they continued to exist separately. It has also been revealed that a school with a good educational program does not share in \$ 247.70 State Aid to as great a proportional extent as a similar district with

a poor educational program. The State has never given sufficient funds to make it an incentive for a school to have a good program. In this

county, wherever there are good programs under the present system. 38.38 the cost of such a system was borne largely by local property tax 6.00 55.86 payers.

In many of the re-organized studies, attention has been paid large 115.53 ly to high school problems. This is a major problem because four-10.00 fifths of the area of the State is not now in a high school district. 5.00The problem that confronts the people of the State at this time is 3.50 a planning program that will place every bit of property in the County 6.03 into a free high school district. To illustrate, the town of Erin last 10.00 year paid the High School district of Hartford \$7,500 in high school 39.95 tuition. Isn't there a possibility of re-organizing the Hartford High 14.38 School district to include not only the town and city of Hartford, but the greater portion of Erin and parts of Addison? \$ 315.58

This problem is a significant one and requires distinctive attention on the part of your Committee on Common Schools. In any program chosen some excellent ones during the past few years. of taxes for the support of the schools we must not permit a projected

\$ 100.22 of the high schools. Unquestionably when the Legislature meets in Home" 4.23 January, the whole problem of incentive aid for school districts will 15.00 be discussed and some law will undoubtedly be passed to make support and rolls for many years so they received the meeting on sweet rolls 28.00 of elementary and high schools equitable throughout the state. How- and coffee breads enthusiastically and welcomed the opportunity to 57.53 ever, I am quite sure that inefficient schools will cease to receive a learn more about them. The leader training meetings were held in 35.00 premium from the state for their inefficiency.

ings indicate that the people are conversant with the program and civic groups not directly connected with homemakers groups.

are definitely willing to contribute their part in the solution of the 53.30 leadership from those districts in which we have had meetings and who had taken the project then, felt that the meeting was so im-216.00 12.00 of antagonism. It appears that the people do not disagree in this was because of these womens' enthusiasm that it was put in the procounty with the philosophy of re-organization. 11.25

In Washington County the Committee has not drafted any re-1.50 8.06 organization orders with the exception of two districts in the town of had been using naphtha as a home dry cleaner because they thought Erin. They have set about to educate themselves as members of the that "it was safer". Actually, it is equally as dangerous as gasoline 4-H program. 30.19 10.00 County Committee. They have studied the problem for the whole coun- to use. She was also very pleased with the amount of "carry over" \$ 418.79

220.51 all plan of the county.

12.68 4.02 the cost of education will not be a burden to the people.

Let us review the highlights that have been mentioned. First, the 29.17 5.05 adoption by the State Commission of the principle of better aids for 25.00 better schools and doing away of State Aids for inefficient schools. 70.85 Second, a county-wide plan drawn up by the Committee for the im-10.00 provement of schools within the county. In other counties sufficient pro- 2. 30.30 gress has been made to prove that the idea will work. This all takes 34.82 time and as Oliver Wendell Holmes said, "It is not so much where we 27.90 stand, as in what direction we are moving." Apparently Wisconsin is to an end, and I am sure that you agree with me that the end should

be the improvement of education in Wisconsin.

25.30

3.75

Yours truly,	
M. T. BUCKLE	Y
County Supt. of	School

144.86 1.58 ties carried on during his tenure as Superintendent of the Hospital in the home, minerals and their importance in our diet, growing old have tried to increase the interest in the fair and also it's educational \$ 175.49

and Home. County Judge, F. W. Bucklin spoke briefly to the Board on the attack some of our major problems.

Below are given a few of the goals set four years ago the county.

- 2. However, perhaps, homemakers were stressing too much, the women in the county have done a fine job of promoting new clubs and more material types of projects such as "how to make a bound helping them get started. This helps the home agent a great deal buttonhole" or "preparing meat dishes". These, while very im- We have increased very slowly but clubs that are now organized, are portant were not the only types of things rural women should organized on very substantial foundations which are not likely to be interested in. Rural health, education, household manage- crumble. We hope to have a considerable increase in enrollment in ment, national and international problems, and child psycho- the years to follow.
 - We should reach more people in the extension program, both 1. Give 1-H Members More Project Help.
 - There are two ways to give 4-H members help in their projects. in 4-H and in homemakers work.
- more training for local leaders.
- Both the homemakers and the 4-H organizations were weak 4-H member. Both are good methods and we are using both in the from the standpoint of leadership, people were too dependent county. Training the leader is probably the most practical and makes on the county extension office and assumed too little leader- best use of the agent's time. ship responsibility. There was a serious lack of local leadership.

Leader training meetings were held this year, by the home agent There was excellent participation by the youth of the county in foods, food preservation and cothing. Leaders attended these meet in the 4-H fair. We would like to continue this and also en-

courage somewhat more adult participation. 7. Stress on recreation and community life in the county.

attempt to evaluate the program as it has been carried on in the past struction. Mr. Wanless, County Club Agent, gave them help with year. Certainly we haven't reached all the goals, some of them won't problems of organization. Many of our Junior Leaders have been of be attained for many years. Have we come a part of the way in attaining them? We hope so, and on the following pages you'll find the home agent's attempt to evaluate the work done.

Continue the Good Homemaker's Project Work Carried on in the County.

projects which they elect to learn about each year. Rural women have

We had two very popular projects this year. One was on "Sweet program to drain away support from the elementary schools in favor Rolls and Coffee Breads" and the other on "Dry Cleaning in the

Washington County women have been noted for their fine breads homes and for an entire day. Each two leaders made a "batch" of The State Department of Public Instruction is earnestly assisting dough, which they made into various shapes. The meeting began at County Superintendents in the re-organization program. Washington 9:30 and many times lasted until nearly six. Letting the dough "rest" ment. The chairman of the Educational Committee, Mr. Wm. Dieterich, kidding and laughing about the amount of time the dough "rested" on several occasions has consulted with the State Superintendent's de- (one woman said she wished she could do as much "resting" as that partment and has received much assistance from it in planning for dough) the women felt that they learned a great deal. In fact, the Washington County. Up to now the Committee has been getting factual meeting was so popular that the home agent had more requests than information from meetings held throughout the county. These meet- she was able to fill to present this meeting to various church and

The other popular project was "Dry Cleaning in the Home". We re-organization program. Washington County has received adequate had had this project in the county eight or ten years ago and women it is the hope of the Committee on Common Schools that they will portant that they thought newer groups who had joined since that be able to re-district the county without creating any great amount time, should also have an opportunity to learn about the subject. It gram.

. The home agent was very surprised at the number of people who 3.00 a position to draft re-organization orders to fit into the whole over- buying Stoddard's Solvent, the dry cleaner that is recommended, by though they were county officers, assumed very little responsibility. At In as much as high school tuition will be eliminated, high school club and others in their community who wished to buy it ever since districts that will be organized must have adequate tax base so that they had attended the other meeting. The home agent felt that her to have had such good "carry over" after several years.

These are just two examples of very practical meetings which we have had. We have had many others throughout the years.

Stress some of the Less Tangible but Very Important Aspects of Rural Living Such as Health, Education, Child Psychology and Getting Along with People.

It is a comparatively easy matter to interest people in tangible moving in the direction of better school administration units and pos- topics such as knitting, or shaping sweet rolls. It is a much different sibly toward better methods of financing them. These are but a means matter to create an interest in nutrition, health, or home management. Yet, very often, if we take a long view of the situation, we realize to develop naturally and without much outside impetous. that the latter is of greater significance. It is our duty as extension agents to point the way to some of these less tangible things and 6. sometimes it is a difficult task.

Throughout the past few years, homemakers in the county have shown an increasing interest in some of these larger problems. Meet-Herbert Schroeder appeared before the Board and explained activi- ings on wills and other methods of disposal, saving steps and motions gracefully, are a series of meetings we have held in an effort to value for the girls by requesting that girls wear their clothing gar-

clubs, there are several areas in the county where new clubs could 1. Continue the good homemakers project work carried on in be organized-where there is interest. In some cases it is a matter of the home agent finding time to help them get started. Two or three

logy were other things which might also be stressed.

4-H members needed more project help which ultimately meant One is to work with the club member directly and the other is to give the 4-H leader enough training so that he or she may help the

ings and the home agent gave them help in planning local project

meetings and also gave the leaders the latest information available in these projects. She also visited new 4-H leaders individually to help them out with their specific problems in regard to project in-

clubs and they, also, have attended the leader training meetings. The home agent feels that these meetings are important and that we need more of them.

Much individual project help is given to club members over the telephone, during office visits, or during home visits. However, these do not make as good use of the agent's time as the training of leaders Of course the basis of our homemaker's work are the various because the agent is able to help fewer people in same length of time.

Strengthen Existing 4-H and Homemaker's Organizations-Develop Local Leadership.

We have made considerable progress in the reaching of this goal In order to have a program that is going to exist and also improve year after year, we need local leadership and we need good strong organizations.

Most of our local 4-H clubs have a pretty strong organization and function quite effectively. We have given them help occasionally on correct parliamentary procedure to use in handling their meetings but, on the whole they have and are doing a fine job. We felt, though, that our 4-H leaders organization was a little weak. It met only once or twice a year and then, largely for social reasons. It had officers but they were not particularily active. 4-H leaders were prone to let the members of the County Extension Office make the important decisions. We felt that this was not a true democratic situation.

To change this situation was not easy nor was it something that could be done in a year or two. It takes time to build up self confidence in people. We feel that leaders are assuming much more responsibility than they were-they can do even more in the years to come. Planning a county wide program and making suggestions concerning the County Fair were first steps in having the leaders assume more responsibility. This year leaders planned and executed the county wide 4-H picnic with very little help from the extension office and did a fine job of it too. They planned the 4-H achievement night. operated a 4-H stand at the county fair, as well as assuming other responsibilities in a most capable manner. We feel that they enjoy their responsibilities and feel that they are more a part of the entire

The situation in the homemaker's clubs was much the same. Local ty and obtained all the information they could. It is their hope that from the other meeting several years ago. A good many of the women club organization was good but the group was somewhat disorganized now the citizens of the county will study the problem as did the county who had attended this previous meeting said that they had done on a county wide level. Homemakers expected the home agent to do committee. When the people have done this, the Committee will be in much of their own dry cleaning since that time. One club has been much of the thinking and planning for them. Center chairmen, althe barrel and selling it in small quantities to the members of their the present time our center chairmen are very active. They decide policies of the group, arrange for meetings and meeting places, and help set up the program of work. Every homemaker in the county has predecessor must have done an excellent job of presenting the material an opportunity to express her opinion as to what she would like to see included in the program of the year and our best project suggestions have come directly from the women themselves. Each club is represented by it's officers on the Homemaker's Council. This group makes final decisions regarding the program of work. For the past two years, homemakers have planned and carried out the Home maker's Annual Achievement day and have done an exceptionally good job of it. If a good many women plan and carry out a program it is bound to be much better than if one person does it.

Both of our organizations can be strengthened much more. However, with key people planning and working together, this is going

125 women attended interesting meetings on this subject and felt they learned much about measuring furniture for slip covers and selection of material for slip covers.

31 indicated they would be interested in a series of 3 all day meetings another year to actually make a slip cover for a piece of furniture.

Handicrafts

Women in the county selected to have 3 special interest meetings on 3 different types of handicraft during the winter months. This meant considerable work for the home agent who had to learn and, in turn, teach the 3 different crafts. The 3 crafts selected were: Knitting, leathercraft and braided rug making.

Knitting

164 women participated in this craft.

81 who had never knitted, learned to knit as a result of this meeting.

79 who knew how to knit before this meeting, still felt that they learned something at this meeting.

58 non-members were helped with this meeting.

128 knitted articles have been made since the meeting

Leathercraft 156 women participated in this craft

- 48 coin purses were made.
- 10 billfolds were made.
- 9 handbags were made.
- 35 belts were made.
- 29 key caddies were made.
- 27 other various articles were made.

Rug Making

191 women participated in this meeting and were enthusiastic about the things they learned. Since this meeting was held in the spring and most craft work is done in the winter, only 15 rugs were made at that time. Many women, however, expressed a desire to make rugs the following winter.

Health of the Rural Family

As a result of this meeting, 125 women stated that their family was planning on getting some type of health insurance.

224 stated that, because of their interest in health, they plan to participate in the county-wide x-ray program to be held next year.

Dry Cleaning at Home

257 homemakers have promised themselves never to use naphtha. benzine, or gasoline for dry cleaning.

708 garments were cleaned this spring and summer with Stoddard's Solvent

341 non-members were given help on this subject by homemakers. Increase in Enrollment in Homemakers' Clubs

in enrollment in homemakers clubs. This hasn't been a sudden increase at her residence. Cause of death, pulmonary embolism following fracbut has taken place gradually over a period of years.

We had no great increase in the number of clubs this year, however, membership in individual clubs has increased somewhat.

You will notice in looking at the map of clubs that there are several areas in the county where there are groups of women interested in organizing and that we expect to develop into full fledged homemakers clubs in the next few months.

We still like to see more clubs in the northern part of the county.

4-H Enrollment and Achievement

Our 4-H enrollment dropped slightly this year from 521 to 505 Highway 55, an auto-truck collision. Cause of death, basal skull fracmembers. However, 90% of our first year 4-H members in 1947 re- ture, internal injuries, multiple lacerations to scalp. enrolled in 1948. This is much higher than the state average, with some counties having as low as 32% club members re-enrolled a second year. We feel that this is important because it means that we are death, cerebral apoplexy. offering a program sufficiently interesting so that our first year members are staying in club work. This is vastly more important than suddenly at Rockfield Canning Barrack. Cause of death, cerebral hemgetting a large group of new members each year and then being unable orrhage. to hold them. Next year we will need to stress organizing new clubs along with keeping our old ones. Our percentage of club members who finish their projects, or.

siderable increase over last year and is much higher than the state death, acute coronary thrombosis. average which is about 75%.

BONDS FURCHASED BY WASHINGTON COUNTY

The various fines collected in Justice Courts from 125 persons who The finance committee of the Board of Supervisors of Washington paid such fines for their release from jall amounted to a total of County together with the chairman of the County Board and the County Clerk of Washington County have made a purchase of United The offenses of those committed to the County Jail were as fol- States War Savings bonds from the funds in the treasury of Washington County, Wisconsin. The bonds purchased were Series F, in the amount of \$49,950.00, a twelve year serial bond, issued as per Resolution No. 36 passed by the County Board on November 17, 1942. and Series C, in the amount of \$75,000.00 as per Resolution No. 4 issued on September 29, 1943, and passed by the County Board at a special session on September 27, 1943.

The bonds purchased on June 19, 1944, were Series C in the amount of \$100,000.00 as per Resolution No. 4 and passed by the County Board in May, 1944.

The bonds, purchased and passed by the County Board in Nov ember, 1944 as per Resolution No. 32, were Series C in the amout of \$75,000.00. The total bonds purchased by Washington County \$299,950.00.

By the audit of the Wisconsin Tax Commission, United States War Savings Bonds, Series F, due 12 years and issued on Novembe 1, 1942, in a total sum of \$49,950.00, the redemption value is \$53,797.5 to December 31, 1947. Series C, a 3 year bond, in the amount of \$75 000.00 and issued on September 1, 1943 was matured September 1, 1946 at a value of \$77,430.00. Series C, a 3 year bond of \$100,000.00 issued June 1, 1944 was matured June 1, 1947 at a value of \$103.240.00, and Series C, a 3 year bond of \$75,000.00 issued on December 1, 1944 was matured on December 1, 1947 at a value of \$77,430.00. The total is \$258,100.00, Series C. 3 year bonds.

Whereas the County Board was authorized by Resolution No. 41 to transfer the sum of \$80,000.00 to the General Fund for various purposes as stated in the Resolution, and the balance of \$178,100.00 was reinvested December 1, 1947 in Series C, 3 year bonds due December 1. 1950

LEADERS' MEETINGS-Three general leaders' meetings and several project meetings were held during the year. The first leaders' meeting was held in January to discuss the proposed 1948 4-H program. Several good suggestions were made and incorporated into the new program.

In June the adult and junior leaders held a short business meeting. At this meeting, the adult leaders were selected to represent the county at the 4-H leaders' gathering in Madison. The junior leaders were chosen at an earlier meeting. Two adult and four junior leaders from Washington County attended this camp in Madison.

In September the leaders' meeting was combined with a picnic. This is the way that we in the Extension Office have chosen to express our thanks to this group of volunteer leaders who give so much of their time to 4-H club work. Business was combined with pleasure at this meeting.

CAMP CLINIC-West Bend was host to the surrounding counties at a 4-H club camp clinic, held in April. Instructions were given in camp management, recreation, handicraft, and group singing.

Since one of our important jobs in extension work is to train rural leaders, we thought it advisable to have at least one leader taking part in each activity. We would then have leaders who could take charge

of these activities at our county wide 4-H picnic held in late summer OFFICER TRAINING MEETINGS-Four 4-H club officer training meetings were held. The purpose of these meetings is to give the newly elected 4-H club officers training in the duties of the office to

which they were elected. WINDOW DISPLAYS-Considerable interest was shown in the 4-H window display contest held in March. Fourteen 4-H clubs decorated store windows throughout the county. This was another way to familiarize the people with what 4-H boys and girls are doing.

During National 4-H Achievement week in November, a window in one of the West Bend stores was decorated with articles made by 4-H club members. It made quite an effective display and attracted a large number of people.

FARM INSTITUTE I assisted the county agent with a series of ple-leaders are needed to carry out an effective program. In work farm institute meetings in February and March. Two meetings were ers were called together to plan such a program. A standard price with the 4-H leaders in the county, I find they co-operate to the scheduled in different parts of the county on the same day. These was agreed upon and any farmer wanting to have his buildings comwere all day meetings. In this way we were able to use the specialists mercially sprayed could have this service at a reasonable cost. I would like to express my appreciation to Mr. E. E. Skaliskey, who were at one place in the morning and at the other location in the County Agricultural Agent, and Mrs. Gwen Daluge, County Home afternoon. Thus we were able to make better use of the specialists' program was explained to them. In all cases, the dairy plants con-Agent, for their guidance and help. I further wish to express my ap- time and contact a larger number of people than by holding an all tacted co-operated or had a program of their own underway.

CROP PRODUCTION

Cereals fertilizer test plots were put out on the county farm.

We had nine varieties of oats, five varieties of barley and one tions with him. variety of wheat. Also fertilizer test plots were combined with these variety trials.

In July a series of result demonstrations were conducted. These group, demonstrations attracted between three and four hundred farmers

GRAIN CERTIFICATION-In Washington County there are sev-

It was planned to hold one other demonstration in the southwestern part of the county, but this was postponed because so many of the 4-H'ers were unable to get trees.

HOUSING, FARMSTEAD IMPROVEMENT AND EQUIPMENT Farm Machinery Equipment

TRACTOR MAINTENANCE SCHOOLS A series of five tractor maintenance schools were held in Hartford and West Bend. Attendthe past year, I have not attempted to give you a detailed report. Oak Grove-Mrs. Wm. Kuhn, R. 1, Rockfield, Roland Bast, Rockfield, ance at each meeting was from 30 to 35 young farmers and 4-H club members.

Local implement dealers co-operated by furnishing a meeting place and tractors to work on. They also arranged to have their company specialists on tractor care present to assist with the instruction.

These schools were very well received by those attending and there were several requests for these schools again next year.

CLOTHING FAMILY ECONOMY AND COMMUNITY LIFE **Recreation and Community Life**

WELCOMING PARTY-In co-operation with the Wisconsin Agriculturist and Farmer, a party to welcome all the new neighbors was held in the Rockfield area.

This party was a huge success. Approximately 200 people were present.

OLDER 4-H PARTY-A committee from the older 4-H group planned and made the arrangements for the older 4-H party held in Slinger. This is just one way of letting club members assume responsibility.

BARN DANCE One of the forms of amusement for 4-H club members, in this county, is square dancing. One club in particular has done a great deal with this type of entertainment. At one of their parties the parents were invited to attend and a basket social climaxed the entertainment.

This party was given quite a bit of publicity by a reporter from The Prairie Farmer", who was there to get pictures and information for an article

RECREATION LABORATORY-Recreation is a very important part of 4-H club work. To give the local leaders more help in recreation, it was decided to hold a one day laboratory in West Bend. Attendance at the school was limited to leaders and people interested in leading groups in singing, quiet games and folk dancing. Forty-five leaders attended this school.

CLUB CAMP-Twenty club members from Washington County attended club camp at Green Lake. At this camp help is given them in crafts, recreation, and other project work. It's an experience which most club members remember for many years.

JUNIOR FAIR-I was designated county leader for the group of young people who took part in the various activities which celebrated our state's 100th birthday at State Fair Park in West Allis. Besides the many entries in the livestock departments, Washington County had participants in the demonstration and judging contests and the style revue. Also a group of young people were a part of the program of entertainment on the stage of the Little Theatre.

COUNTY 4-H CLUB FAIR-This year there were 480 4-H club members who exhibited in the livestock and home economics departments. This year two tents and extra pens were built to house the animals besides the four barns which were filled with dairy cattle, sheep, and swine

COUNTY 4-H PICNIC-Over 200 4-H club members and their parents attended the county wide 4-H picnic. Competition from other activities such as the centennial exposition and community picnics in the county kept the number who attended much lower than it would have been otherwise.

LEADERS PICNIC-45 4-H leaders attended the annual 4-H club leaders picnic. This is an evening of fun with a short business meeting before the wiener roast.

MISCEI LANEOUS Insect Control

FLY CONTROL-The control of flies is becoming more and more important to the dairy farmer. It is becoming so important that counwide programs have been started. In Washington County dairy plant operators, commercial spray operators, and representative farm-

The major dairy plants in the county were contacted and the

On four farms in the county, the use of D. D. T. was demonstrated. One demonstration was held with spray operators and three were held with farmers in different parts of the county.

One of the 4-H boys demonstrated fly control at the county fair. GRAIN PLOTS-In co-operation with the county agent, grain and This demonstration was chosen to represent the county at the Centennial Exposition in West Allis. I held several practice demonstra-

> I was asked to explain the county fly control program to the Rotary Club in Hartford and to the Washington County Homemakers

Washington County had two county groups of cattle shown. They Happy-Go-Lucky-Mrs. Norman Oelhafen, R. 4. West Bend; J. L. Betty won a first and a sixth place against keen competition.

CONSERVATION OF NATURAL RESOURCES

Soil Management

SOIL CONSERVATION CONFERENCE-Three days were spent attending the soil conservation conference at LaCrosse. Many helpful The meeting was called to order by Chairman E. M. Romaine at Hilltoppers-Clarence Janz, R. 2, Hartford; Mrs. Ronald Roemer, R. 2, suggestions were given to the group on ways in which we can work for closer co-operation between extension and soil conservation workers.

FORESTRY

TREE PLANTING DEMONSTRATION-About fifty 4-H and F. F.

I worked with the vocational agriculture teacher from West Bend

in judging the window display and the crops exhibits at the Farm Festival in Hartford.

One of the graded schools in the county held a hobby show. A

SAFETY SPEAKING CONTEST-Thirteen contestants representof grass silage were emphasized by specialists from the College of ing thirteen clubs in the county, took part in the county wide safety Agriculture. A demonstration on pasture renovation, showing how to speaking contest. The winner of this contest represented the county

VOCATIONAL GUIDANCE-Every year the business men of West Bend conduct a vocational guidance school for all high school juniors and seniors. Representative men from the various occupations are invited to talk to the students, giving information about their particular line of work. I was asked to talk on agriculture as a vocation.

SCHOOL FOR NEW EXTENSION AGENTS-I attended a school

GARDEN MEETING-Twenty 4-H leaders attended a leaders training meeting in gardening. Mr. O. B. Combs, specialist from the College of Agriculture, conducted the meeting and gave them some very helpful information on the care and handling of vegetables.

CO-OPERATION WITH OTHER AGENCIES

In extension work it is necessary to co-operate with other agencies in order to reach the goals that we have set in our program of work. During the time I have been in Washington County the co-operation with other agencies has been excellent.

KIWANIS AWARD-The West Bend Kiwanis club again honored of award and money to be used in taking their projects to the State

C. R. O. P .- The county extension office co-operated with other groups in the county to get the Christian Rural Overseas Program.

ADULT WORK

My work in adult education has been as an assistant to the county agent. Since he will cover these activities in more detail and I have discussed some of them earlier in my report, I will merely list some of the adult extension activities on which I have spent considerable time during this year:

Weed control program

Field inspection of grain, alfalfa, Ladino clover, and sudan grass Sealing of certified seed Pasture renovation problems Fertilizer problems Erosion control Bull sale, pedigrees, catalog and visits to members Preparation for 4-H fair Securing farm labor Rat control program Insect control Grain plots Bangs program Farm meetings

4-H STATISTICS

In Washington County 90% of the new 4-H members in 1947 reenrolled in 1948. This is much higher than the average for the State of Wisconsin. Some counties in the state re-enrolled only 32% of their first year members in 1948. This indicates that the 4-H program in Washington County is of sufficient interest to attract and keep them in club work.

The number of club members who successfully completed all their project work, or what we call achieved, this year is higher than in in Washington County for 1948.

There was a slight drop in 4-H enrollment for this year. There In the matter of V. K., dependent child. REPORT NO. 19 Report of Insurance Committee Washington County Board It is the urgent desire of the Insurance Committee of the Washington County Underwriters Association to keep the Committee on Insurance of the County Board up to date on insurance matters pertaining to County Properties. With the continued increase in building, material and construction costs, we find, through the facilities of Engineering Departments of several large insurance companies, that the trend of building costs has gone decidedly upward since our last recommendation to your Committee. We have made a study of the appraised valuations as reported by the Rau Appraisal Company, made as of January 27, 1944. on the following properties of Washington County: The Hospital The Home

Amendment No. X of Zoning Ordinance

The County Board of Supervisors of Washington County do ordain as follows:

1. That the Zoning map of Washington County, dated September 19, 1941 be and the same is hereby modified and amended by changing from an agricultural area to a commercial area, the following described real estate: That part of the West one-half (W1) of the Northwest

Quarter (NW1) of Section 15, Township 12 North, Range 19 East, Washington County, Wisconsin described as follows:

Commencing at a point where the west line of said Section 15 crosses the center line of S. T. H. "55", said point being situated 1,557.0 feet North of the Southwest corner of the Northwest Quarter of said Section 15, and running thence South along said west line 585.7 feet, thence North 70 degrees 25 minutes East 258.7 feet to center of said S. T. H. "55", thence North 26 degrees 15 minutes West 554.2 feet along center of said S. T. H. "55" to place of beginning. Said property being

That this ordinance shall be in force and effect upon approva by the Town Board of the Town of Kewaskum, the Park Commission and upon passage and publication by the Washington County Board

a. Contents

Insurance Prior to Nov. 1, 1948 Recom-mended Increase Approximate Annual Cost \$76,000.00 \$12,500.00 \$32.50 5,000.00

We understand that material improvements and additions have been made to County property at the hospital. We suggest that any such improvements so made which effect the value of the property should be considered in placing insurance to conform with the coinsurance clause (80% on the buildings) in addition to the increases recommended above.

Since no new values were included in the appraisal made by the Rau Appraisal Company on other properties, such as the County Highway Shops at West Bend and Slinger, the oil tanks at Barton, the 4-H Barns at Slinger and the farm buildings at the Hospital, we suggest that a conservative figure of 10% be used to bring the values up to present day levels as outlined by insurance company Engineering Departments

Boiler Explosion

All boilers and compressed air tanks are insured in the amount of \$15,000 for damage to county property and the property of others, Gentlemen and for personal injury to the public, excluding employees who are covered under Workmen's Compensation.

Automobiles and Trucks

County passenger cars are covered for full value under the comprehensive form. Trucks are fully covered against loss by fire only. Windstorm and Hail damage may be added, if desired, at a rate of 10c per \$100. This coverage applies regardless of where the loss occurs. Other Highway Equipment

This equipment is fully covered under a floater policy against loss by fire, lightning, windstorm, flood, collapse of bridges, collision, etc., regardless of location. Theft is covered subject to a \$25.00 Deductible Clause.

Radio Equipment on Cars

There is a floater policy covering radio equipment on sheriff's and police cars for full value, substantially as above. Bonds

Bonds for County Officials and employees are properly filed for the statutory amounts.

We wish to again call your attention to the fact that Washington County carries no Burglary Insurance on either of its vaults or safes in the County Treasurer's Office or in the County Clerk's office. It seems reasonable that both the County Clerk and County Treasurer have on hand valuable papers and sums of money received too late for bank deposit, which should be insured.

It is a pleasure to work with your Committee and serve the County Board with the best services possible.

Sincerely yours

WASHINGTON COUNTY UNDERWRITERS ASSOCIATION INSURANCE COMMITTEE:

E. W. Eberhardt, G. C. Frey, and Arnold H. Moeller By: E. W. EBERHARDT, Pres.

PHYSICIAN'S REPOR	T
Medical Report for Washington and Home, Fiscal Year Ending	Co. Hospital June 30, 1948
During the year ending June 30, 1948 the	

June 30, 1948, there were 23 deaths at the County Hospital with the patients' ages averaging a little over 77 at the time of death. The causes of death were as follows: 5-cerebral apoplexy; 2-pneumonia; 5-heart disease; 3-arteriosclerosis; 2-septicemia; 1-pulmonary Tuberculosis; 2-carcinoma of the liver; 1-carcinoma of the bowel; 1-epilepsy; 1-Buerger's disease with gangrene. There were 5 deaths at the County Home and these averaged 79 at the time of death.

One noteworthy change in the County Hospital is the lessened number of falls and fractures resulting from falls. This is probably Maintenance attributable to the new floors which were laid during the past several Barn, Farm and Garden years and constitutes quite an improvement.

At the present time, we are planning on equipping a room to be used for medical and dental purposes exclusively. This room Total M.

(\$90,500.00) will become available from the appropriation of the fiscal year ending June 30, 1949, under Sections 20.49 (4) and 84.03 (3), for the improvement of the State Trunk Highway System in the county in accordance with the Provisions of Chapter 84 of the Statutes, BE IT RESOLVED: That the said sum available shall be placed in reserve for future allocation. SECTION IV. WHEREAS: It appears that certain additional 81.63 highway improvements in the county are necessary and warranted. BE IT RESOLVED: That the County Board does hereby appropriate the following sums for the purpose hereinafter set forth: 1. For administration, including salaries, per diem, office and travel expense of the County Highway Committee, the County Highway Commissioner, his clerks and assistants not paid from construc-\$6,838.55 tion or maintenance funds, the sum of Fifteen Thousand and No/100 Dollars (\$15,000.00). 2. For expenditures in the Insurance Fund Three Thousand and No/100 Dollars (\$3,000.00). 3. For snow removal and snow, drift, and ice prevention on the County Trunk Highway System, the sum of Forty Five Thousand and No/100 Dollars (\$45,000.00)

4. For the repair of bituminous roads on the County Trunk Highway System, the sum of Twelve Thousand and No/100 Dollars (\$12,-000.00) 6

5. The sum of Four Thousand and No/100 Dollars (\$4,000.00) for 3 the improvement with a bituminous surfacing of County Trunk Highway "W" beginning at State Trunk Highway No. 28 and extending southerly approximately 1.0 mile or as far as said sum will construct.

6. The sum of Nine Thousand and No/100 Dollars (\$9,000.00) for the improvement with a bituminous surfacing of County Trunk High-1 way "M" beginning at State Trunk Highway No. 33 and extending 23 southerly 2.5 miles or as far as said sum will construct.

7. The sum of Eleven Thousand and No/100 Dollars (\$11,000.00) for the improvement with a bituminous surfacing of County Trunk 1 Highway "Q" beginning at Colgate and extending westerly 3.0 miles or as far as said sum will construct.

8. The sum of Eight Thousand and No/100 Dollars (\$8,000.00) 147 for the improvement with a bituminous surfacing of County Trunk Highway "T" beginning at the Ozaukee County Line and extending Total westerly 2.0 miles or as far as said sum will construct.

9. The sum of Four Thousand and No/100 Dollars (\$4,000.00) for 17 the improvement with a bituminous surfacing of County Trunk High-53 way "K" beginning at the northwest corner of Section 4, Town of

Hartford and extending south 1.0 mile or as far as said sum will con-8 struct. 10. The sum of Five Thousand and No/100 Dollars (\$5,000.00) to

replace a like sum appropriated from the general fund by Resolution 13 No. 13 dated July 8, 1948 for the improvement of roads on the county 40 trunk system as follows:

(a) For County Trunk Highway C, the sum of Two Thousand Five Hundred and No/100 Dollars (\$2,500.00). (b) For County Trunk Highway S, the sum of Five Hundred

and No/100 Dollars (\$500.00), (c) For County Trunk Highway E, the sum of Two Thousand

and No/100 Dollars (\$2,000.00).

11. For emergency bridge construction to repay a deficit as the county's share of bridge construction in various towns, the sum of Six Hundred Twenty Five and 75/100 Dollars (\$625.75) to be distributed \$3,250.00 as follows:

(a) Town of Kewaskum, between Sections 20 and 21, known (a) as the Dobke Bridge, the sum of Three Hundred Twenty Five and 75/100 Dollars (\$325.75) in accordance with Resolution No. 4 dated April 21, 1948.

(b) Town of Germantown, in Section 22, the sum of Three Hundred and No/100 Dollars (\$300.00).

SECTION V. WHEREAS: Appropriations are made herein, in addition to the amount available for work in the county under Section 20.49 of the Statutes

BE IT RESOLVED: That the County Board does hereby levy a tax on all of the property in the county to meet such appropriations as follows: 3.395.00

(1) For the various purposes as set forth in Section IV hereof, the sum of One Hundred Sixteen Thousand Six Hundred Twenty Five and 75/100 Dollars (\$116,625.75).

SECTION VI. WHEREAS: The various highway activities, for 450.00 which provision is made in this resolution are continuous from year to year, and the exact cost of any work cannot be known at the time \$15,795.00 making the appropriation, therefor,

BE IT RESOLVED: That this Board does hereby direct that any balance remaining in any appropriation for a specific highway improvement after the same shall have been completed, may be used by the County Highway Committee to make up any deficit that may occur in any other improvement of the same class for which provision Sell, Chairman of the Highway Committee, suggested is herein made, and any balances remaining at the end of the year Washington County Highways be taken on Wednesday. in any highway fund shall remain and be available for the same purknowledged this invitation and informed the Board that pose in the ensuing year, and any deficit in any highway fund at the end of the year incurred pursuant to Section 83.04 (6) of the Statutes

shall be paid from the next appropriation made for the same purpose. SECTION VII. WHEREAS: The exact amount of the funds that will become available for highway purposes in the county under Sec-

tion 20.49 of the Statutes will not be known until June 30, 1949, at which time correct figures will be submitted by the State Highway BE IT RESOLVED: That the County Treasurer is hereby authorized and directed to make payments for the purposes for which such funds are to be used, as hereinbefore authorized, from any funds in the county treasury that are not required for the purposes for which appropriated prior to August 1, 1949; and to reimburse such funds in the county treaasury from the sums received under Section 20.49 of the Statutes. The County Clerk is hereby directed to levy the taxes named in Section V hereof in the county tax levy and the County The minutes of the meeting held November 15th were read and Highway Committee and the County Highway Commissioner are hereby directed to carry out the highway construction and maintenance Mr. H. B. Woldt, chairman of the Budget and Finance Committee for which provision is made herein, in the manner provided by law,

ing completion and would be quite an asset to our Institutions, if County Board would see fit to vote money for dental and media equipment to be placed into this room. This is definitely to be rece mended inasmuch as every patient at the County Hospital is in no of dental repair.

Respectfully submitted, P. M. KAUTH, M. D.

50th Annual Report of Hospital and Home Trustees, Superintendent and Matron

To the Honorable Board of Supervisors, Washington County, Wisconsin: Gentlemen

The Trustees, Superintendent and Matron herewith present annual report of the Washington County Hospital and Home for fiscal year ending June 30th, 1948.

The year 1948 marks the 50th anniversary of the Washing County Hospital. In the year 1898 on December 1st the Hospital, t known as the Washington County Asylum for the Chronic Insane, given over to the control of the Trustees and placed in charge of a Miscellaneous Supplies and Expense Superintendent. Since the Institution was not quite ready at the time, the first patients (three in number) were received from the Fond du Lac County Asylum on January 23rd, 1899. By the following September the population of the Asylum numbered 84. The per capita cost for the first Transportation and Burial year was a trifle over \$1.69 per week for each patient. The Board of Trustees consisted of Joseph Ott, C. F. Leins and George W. Jones. The

first Superintendent was Peter Lochen. From the first report of the Committee on Insane, the following Repairs to Furniture and Furnishing statements are taken: In our opinion the Asylum and farm as it appears to us at present (particularly for the reason that our gross income is already sufficient to place the Institution on a pay basis) that the investment pays well for the County.

It has been a difficult task over the years, to overcome that first impression left in minds of the public and to instill the fact that the Institution should not be conducted as a paying investment, but as an Hospital Home tees and Superintendent feel that when we are able to give better care to those whose welfare is our responsibility then we have completed a successful year.

There has been such splendid cooperation between the Trustees and Superintendent and Matron the past year, that we have decided to combine our 1947-48 report.

Thru the cooperation of the County Board in providing funds and the help of the Committee on Institutions, we were able to make the following improvements: All rooms and wards have been redecorated and made more homelike with new curtains and pictures. Radios have been installed in all wards. New comfortable furniture is being installed. An inter-com speaker and master key system were installed thru out the building. The value of both for emergency calls or fire can not be estimated. A new 75 cubic foot refrigerator has been installed in the kitchen. A station wagon was purchased for the Hospital. It is not only used by the Superintendent, but also to move patients to other Hospitals and is also equipped as an ambulance. Patients are also given rides for diversion and enjoy these trips immensely. A medical and dental room Own Course is nearly complete and will make it possible for our visiting physician Ashland to give the patients much better care and for the first time enable den- Calumet tists to give the patients complete dental care.

On the farm we have found it necessary to add more machinery. Fond du because the type of patients committed to the hospital are not able to do Forest

because the type of patients committed to the hospital are not able to do polest as much farm work, as the patients of former years. This is our first full year as Superintendent and Matron, and we have enjoyed the cooperation of the Committee on Institutions, the Trustees and the loyal support of the employes of the Hospital and Home. The Trustees join us in expressing our thanks to the Knights of Manitowe Marguett Columbus for donations which made it possible to secure Catholic Serv- Marquet ices during the past year. Our sincere thanks to all the Pastors who so graciously cooperated and donated their time in conducting services. Oconto so that all could receive spiritual guidance. Dr. P. M. Kauth deserves much praise for the conscientious man-Oneida

Respectfully submitted.

Roy W. Gonnering, Superintendent Thecla Gonnering, Matron

THEREFORE, be it resolved by the County Board of Supervisors of Washington County, Wisconsin, that there be and hereby is appropriated to the Agricultural Extension Department the sum of Four Hundred Fifty dollars (\$450.00) to be used for the purchase of such equipment. Dated this 11th day of November, 1948.

E. M. ROMAINE
ED. J. CAMPBELL
JOHN THOMA
GEO. RETTLER

Resolution No. 34 was given second reading. Moved by Mr. Knippel; seconded by Mr. Woldt that Resolution No. 34 be adopted. Motion carried, and Resolution No. 34 was adopted.

RESOLUTION NO. 34 Transfer to General Fund

10.08 WHEREAS, Eighteen Thousand Dollars (\$18,000.00) was appropriated by Resolution No. 35 by the County Board on November 13, 1947 to be \$ 31.18 used for Recreation Building conversion into living quarters and,

WHEREAS, Five Hundred Dollars (\$500.00) was expended of that um and it is not contemplated by the Institutions Committee that the balance of Seventeen Thousand Five Hundred Dollars (\$17,500.00) will be used for the purposes aforesaid because of high costs.

NOW, THEREFORE BE IT RESOLVED by the Board of Supervisors of Washington County, that the balance of said sum of Seventeen Thousand Five Hundred Dollars (\$17,500.00) be turned back into the General Fund. Dated this 11th day of November, 1948.

1948-49 COUNTY BOARD PROCEEDINGS

and William Johnson, a Deputy Sheriff of Washington County, Wisconsin, were named as defendants in an action brought by one Robert Reynolds charging said officers with false arrest while acting in their official capacity as law enforcement officers of said County praying for damages in the amount of \$30,000.00; and

WHEREAS, said officers in defending said action were required to expend the following amounts of money: Investigational services by Joseph P. Hayes, \$405.23; Attorneys fees, Cannon & Meister, \$775.00; Witness fees, depositions and etc. \$112.73; and

WHEREAS, such action was tried before a jury in the Circuit Court of Washington County, Wisconsin, which jury returned a verdict in favor of said officers; and

WHEREAS, it appears that such expenses were reasonable and that if said officers are not repaid that said officers would be subjected to personal liability without fault on their part; and

WHEREAS, Section 331.35 of the Wisconsin Statutes provides that a municipality may compensate public officials who are required to expend sums of money in defending civil actions brought against them under such circumstances.

NOW THEREFORE, BE IT RESOLVED by the Board of Supervisors of Washington County, Wisconsin, that Ray Koth, Sheriff, and William Johnson, Deputy Sheriff, be repaid the sum of Twelve Hundred Ninety Two and 96/100 (\$1,292.96) Dollars to compensate them for expenses necessarily incurred while defending themselves in a civil action in which they became involved while acting as peace enforcement officers of Washington County.

BE IT FURTHER RESOLVED, that there is hereby appropriated Dated this 10th day of November, 1948. from the general fund of Washington County the sum of Twelve Hundred Ninety Two and 96/100 (\$1,292.96) Dollars for such repayment.

MINUTES OF JANUARY 17, 1949

The meeting was called to order by Chairman, E. M. Romaine at 10:30 A. M.

00.00 except Supervisor Rettler. The minutes of the meeting held November 17th, 1948 were read

and approved as read. Report No. 33 of the Welfare Department was presented by Eugene

00.00 00.00 Brumm. Moved by Mr. Knippel; seconded by Mr. Bammel that Report 00.00 No. 33 be adopted and filed. Motion carried.

REPORT NO. 33

Report of the Washington County Public Welfare Department - 1948

January 17, 1949 Disbursements 1-1-48 to 12-31-48

COM	PARISON OF COSTS	OVER FOUR YEAR	PERIOD
Year	Total Expended	Reimbursement	Cost to County
1948	\$95,547.04	\$89,977.76	\$ 5,569.28
1947	81,295.37	73.674.68	8.620.69
1946	71,317.10	60,864.41	10,452,69
1945	63,109.10	50,901.25	12,207.85

As of December 31, 1948, there were two hundred thirty-three (233) active cases in Washington County receiving Old Age Assistance. Eleven (11) new applications were pending on December 31. The total disbursements for the Old Age Assistance Program in December 1948 were \$8,870.25, or an average per grant of approximately \$39.00. An additional average of \$3.00 per case was disbursed on the Optional Medical Program (Section 49.40) bringing the average cost per case for the month of December to approximately \$42.00.

Although the gross disbursement for the Old Age Assistance program increased considerably during 1948, the net cost to the County was much less because of increased Federal reimbursement, which now \$168,550.00 is 50% of the actual grant plus an additional \$5.00 toward each grant. State reimbursement continues at 30%. As an example, all grants paid to recipients below \$26.00 are financed entirely by Federal and State funds. A \$26.00 grant costs Washington County 20c; a \$30.00 grant costs Washington County \$1.00. The County cost for a \$50.00 grant is \$5.00. The maximum payment permissible is \$50.00.

Burial allowances of \$150.00 are paid in cases where no other provisions can be made by relatives or friends. The State pays 30% of these costs, while the County must pay the balance. During 1948, the total deaths on the Old Age Assistance program were fourteen (14). Burial expenses were paid for four (4).

1946		16,402.82	
1945	18,800.99	10,751.11	8,049.88

As of December 31, 1948 there were twenty-two (22) active Aid for Dependent Children cases, with a total of fifty-one (51) children, and six (6) Foster-Home Aid for Dependent Children payees receiving payments for thirteen (13) children. The average payment for each child was \$38.81. An additional average of \$1.52 per child was disbursed on the Optional Medical Payroll (Section 49.40) bringing the average total payment per child for the month of December to \$40.33.

Federal reimbursement is limited to 50% of a maximum of \$27.00 for the first child in the family unit, and 50% of a maximum of \$18.00 for each additional child in the family unit, plus an additional amount of \$3.00 for each child. State reimbursement is 335% of the actual grant, with no limits as to maximum. The County is responsible for the balance.

Burial expenses in an amount not to exceed \$100.00 may be allowed by the Department in the death of the dependent child or the parent. Roll was called by the Clerk and all members reported present The State shares in this expense by reimbursing the Agency 331%. There is no federal participation.

As of December 31, we had six (6) applications for Aid for Dependent Children pending.

65.00 Since Military Training has been re-established, we are required to investigate all deferment requests filed with the Local Selective Service

Board by registrants, when requested to do so by the Board. The Board of Supervisors of Washington County, by resolutions 40.00 adopted since 1935, have assigned additional duties to the agency, such as authorizing the admittance of Non-Residents and County at Large cases to the County Home; investigations as to legal settlement for the 00.00 Courts and District Attorney's office; the administration of the "Wis-37.59 consin Retirement Fund" plan for the employees and officials of Wash-00.00 ington County; advisory to the Town, Villages, and Cities of Washington County with respect to their relief problems, etc. The report follows:

Account No. 1292

Unexpended Balance December 31, 1948	3,523.50 3,000.00
Total Fund January 1, 1949	6,523.50

We have five (5) grants under this program receiving an average monthly grant of \$65.00 each as of January 1, 1949.

The Aid for the Totally Disabled Program is a State and County Program, with each unit of government meeting one-half of the total expenses

We look forward to a more liberal interpretation of the eligibility requirements for this type of assistance in the near future, at State level, and likewise we must look forward to an increase in the cost and a larger caseload.

KEWASKUM STATESMAN

1948-49 COUNTY BOARD PROCEEDINGS

Minutes of Jan. 17, 1949 (Cont'd)

REPORT OF PUBLIC WELFARE DEPT.-1948 (Cont'd)

The Optional Medical Program (Section 49.40) allows the payment Total Fund January 1, 1948 of dental care, medical services, hospitalization, surgery, optician's serv-Disbursements 1-1-48 to 12-31-4 ices, and nursing care, for the recipients of Old Age Assistance, Blind Reimbursements 1-1-48 to 12-31 Assistance, and Aid for Dependent Children, in addition to their regular (Highway and Welfare Dept grants, provided such grants are the maximum permissable under the law, and yet are not adequate to cover those costs. The program is a Net Cost to County, 1-1-48 to 1 State and County proposition, there being no Federal participation. State reimbursement is made on the basis of 35% of total disbursements.

The cost of the Optional Medical Program in Washington County 1949 Appropriation (Resolution nearly doubled in 1948 (\$10,036.14) as compared to the cost in 1947 (\$5,597.56). The average monthly disbursement for 1948 for this program was \$913.09, while the average for 1947 was \$466.46 per month.

We anticipate a further increase in the cost of this program during 1949. The Old Age Assistance people are growing older, the average age their regular matching contr at present being well over 70. Consequently the need for medical services employees and officials, plus 4. for them increases. Also, beginning Feb. 1, a new schedule of fees and allowances for medical and dental services, which are considerably will be 9.01% of which 5% wi higher than the present fees, will become effective. prior service credits.

Funds in this account are used to provide hospital care for Direct Relief clients having legal settlement in one of the several political subdivisions of Washington County. Resolution No. 12, adopted by the Washington County Board of Supervisors on May 12, 1937, and as amended by Resolution No. 52 on November 22, 1937, provides that application of the provisions o Washington County shall operate on the Township System of Relief Administration, but that, nevertheless, the responsibility for paying hos- taining to the following: (a) pital expenses for Outdoor Relief cases shall be the County of Wash- havior Problems; (d) Illegitim tion Studies; (g) Foster Hon ington

It should be kept in mind that hospital expense paid for on this Child Welfare Agencies; (i) S particular program, (Acet. No. 5668), does not include hospital expenses ancy; (k) Physically and Mer for recipients of Old Age Assistance, Blind Assistance, Aid for Dependent vices; (m) Supervision of Fo Children, but rather, are paid for on the Optional Medical Program, on Court Orders, etc. Section 49.40 of the Wisconsin Statutes as explained on page 6

FOOTNOTE: A total of \$5,240.00 was spent for hospitalization on the Optional Medical Program (Section 49.40).

TOTAL

Account No. 5616 FOSTER HOME - AID FOR DEPENDENT CHILDREN (49.19) (10) - Wisconsin Statute

The provision of Section 49.19 (10), Wisconsin Statute, provides for payments to Foster Parents for the care they are providing for neglected and dependent children, placed in their homes by the Public Welfare Department (in Washington County) on orders from the Juvenile Court. The homes must have a permit, which is granted by the State of Wisconsin Division of Child Welfare, on the recommendation of the Welfare Department.

During 1948 we had a monthly average of thirteen (13) children in six (6) foster homes. Funds for this program are drawn from account number 5616, which is the Aid for Dependent Children account. The State participates on the basis of 331% reimbursement of the total disbursements. The County is obligated to provide the balance.

	Total Disbursement	s, 1-1-48 to 12-31-48	\$5,571.37
		it (331%) 1-1-48 to 12-31-48	1,857.13
5	Cost to County		\$3,714.24

Prior to the enactment of 49.19 (10), the cost of providing care for for requests given at one time, often one or more families. There may neglected and dependent children in foster homes was a 100% County also be repetition, i. e., if a case is referred because of bad home condi- R. W. Laubenheimer cost, and was administered by the Juvenile Court. Under the provision tions and mental condition of parent, or any other combination of of the present law, the State pays ; of the expenses.

WISCONSIN GENERAL HOSPITAL (Chapter 142)

Resolution No. 52 adopted by the County Board of Supervisors of Washington County on November 22, 1937 designates the Public Welfare Department of Washington County as the responsible agency for completing investigations, and submitting recommendations to the County Court, in all applications for care at Wisconsin General Hospital, at public expense. During 1948, twenty seven (27) such applications were referred to the department by the Court for investigation.

Total Number of Applications	
Total Number of Applications	
Recommended for Approval	
Application Withdrawn	
Recommended for Denial	

A total of \$3,047.10 was paid by Washington County for hospital care received from Wisconsin General Hospital.

Total Cases Serviced During 1948	
Service Discontinued During 1948	
Cases Carried Forward to 1949 (Active)	. 8

Homes Carried Forward to 1949	12

and nineteen (19) were carried forward to 1949. Sixteen (16) received care in Boarding Foster Homes. Three (3) are receiving care in Work or Wage Homes.

Visits to the foster homes are made on an average of once a month, of County patients at Wisconsin General Hospital, during 1948. The and in most cases the parents of the foster children are worked with financial statements of Graves Registration, Veteran's Service Commitfigure quoted is that shown on the records in the County Clerk's office, regularly, although they are not counted in the caseload. The purpose tee and Veterans Service Commission was read. Moved by Mr. Bloedorn and is not complete, as all the amounts for 1948 have not, as yet, been of contacts with the parents is either to try to re-establish a home or seconded by Mr. Mueller that Report No. 34 be adopted and filed. Motion to help them accept foster care for their children.

2. Three member Administrative Board, not members of the County Board, but each elected by the County Board for a three (3) vear term.

1. State Department of Public Welfare

Division of Public Assistance

3. A Director, who administers the department, under the supervision of the State Department and the Administrative Board, Leo P. Geib bonded for \$10,000.00.

SUPERVISION

4. A Staff consisting of one (1) full time Clerk, one (1) part time Clerk, two (2) investigators.

The Director and staff hold their respective positions by virtue of having successfully completed written examinations under the jurisdiction of the State of Wisconsin Bureau of Personnel (Civil Service), and the State Department of Public Welfare

ADMINISTRATIVE BOARD

The present members of the Administrative Board are Mr. William T. Leins, Chairman; Mr. Carl Schaefer, Sec'y.; and Mr. Robert Laubenheimer. During 1948, fifteen (15) meetings were held with the Director reading. of the department. Each member received \$5.00 for each meeting, plus travel expenses. The Board has the responsibility of supervising the administration of the department as provided in Section 49.50 and 49.51 of the Wisconsin Statute, they approve all new applications for assistance, they audit claims and authorize their payment, and, in general, supervise the functions of the department, to assure its operation in Rettler, Moved by Mrs. Courtney; seconded by Mr. Peter that Report accordance with State Department and Federal regulations, so as to derive the greatest possible benefits and reimbursements for the County, from the State and Federal governments.

APPOINTING AUTHORITY

The Administrative Board also constitutes the Appointing Authority for the department, as provided by Rule No. 2, Regulation No. 1 of the State Department of Public Welfare. As such, they select personnel for the department from the State Civil Service list, and they regulate salaries within the State Department salary schedule, subject to the ap- To the Honorable County Board of Supervisors proval of the State Department of Public Welfare and the State Bureau of Washington County, Wisconsin of Personnel.

our thanks to you, the members of the County Board, the State Department, the Courts, Public Health Service Personnel, Law Enforcement Officers, Officials of Civic and Fraternal Organizations, the two (2) Red Cross Chapters, the Clergy, School Officials, and all who so willingly cooperated with us in executing our programs during 1948, and we look forward to a continuation of that relationship in the future.

> Respectfully submitted: PUBLIC WELFARE DEPARTMENT By: Eugene A. Brumm, Director,

ADMINISTRATIVE BOARD:

William T. Leins, Chairman Carl F. Schaefer, Sec'y

Brumm spoke briefly to the Board on the probable changes that can Schedule be expected in the Social Security and Public Welfare Laws, and which Schedule may be passed by the 81st Congress at the forthcoming session. He fur- Schedule 10 ther suggested that the Chair appoint a committee of Supervisors to Schedule 11 meet with him and the District Attorney to study the benefits derived Schedule 12 by the County by changing from the Township system of Relief as Schedule 13 presently administered; to the County System of relief administration. Schedule 14 This Committee to make a report to the County Board. Schedule 15

Moved by Mr. Hilt; seconded by Mrs. Courtney that the Chair ap- Schedule 16 point a committee of five Supervisors, composed of representatives of the Town, City, and Village members; who are to meet with the Director of the Welfare Department, the District Attorney; to study the feasability of changing from the Township system of Relief Administration to a During the year twenty-two (22) children received foster home care. County-wide Relief Administration, and providing for a charge back provision; in view of probable Federal and State financial participation. This Committee to make a report to the County Board on or before November 1949, on their findings and recommendations. Motion carried.

Note: Resolution No. 25 Adopted November 1948.	makes the	Following
Allotment of the estimated State Revenues. The Sum of Ninety Thousand Five Hundred		

Mr. Storck, chairman of the Institutions Committee, reported that his Committee had met with the Trustees of the Hospital and Home and the members of the West Bend School District Board and special citizens committee, regarding the sale of a parcel of land owned by Washington County; to the West Bend School District. He further informed the Board that the Trustees of the Hospital and Home were opposed to the sale of this parcel of land; but would be in favor of selling a parcel of land north of Highway 33 to the West Bend School District as a school site, Mr. Ed. Gettelman and Mr. Alfred Seefeldt, Trustees of the Hospital and Home appeared before the Board and explained their reasons for opposing the sale of this parcel of land composed of twelve acres and located south of the present farm buildings of the Washington County Hospital and Home.

Moved by Mr. Koller; seconded by Mr. Bloedorn that the meeting be adjourned until 10:00 A. M. tomorrow morning. Motion carried.

Respectfully submitted, ANTON P. STARAL, County Clerk

Page 5

MINUTES OF JANUARY 18, 1949

The meeting was called to order by Chairman E. M. Romaine, at 10:30 A. M.

Roll was called by the Clerk, and all members reported present except Supervisors Rettler and Helm.

The minutes of the meeting held January 17th were read and after an addition was made were approved as corrected.

Chairman Romaine appointed the following members to the Welfare Committee: John Thoma, Oscar Schloemer, Adolph Schmidt, George Sell and H. B. Woldt.

The following members were re-appointed to the Building Committee: E. M. Romaine, Otto Koller, Jos. Knippel, Ray Storck, and H. B. Woldt.

Resolution No. 47 was given first reading and laid over for second reading.

Report No. 36 of the Finance Committee was read. Moved by Mr. Sell; seconded by Mr. Schmidt that report No. 36 be adopted and filed. Motion carried.

REPORT NO. 36

Finance Committee Report on Audit

Your Committee on Finance respectfully reports that we have examined and compared the vouchers in the County Clerk's office and found the same to be true and correct.

The audit was made every three months as authorized in Resolution No. 38 passed in the November

S	cssion, 1937.
	Introduced by:
	H. B. WOLDT
	ALBERT BLOEDORN
	LEO P. GETB
	JOHN VAN BEEK
	JACOB HILT

The Chair called for a roll call vote on whether or not an option should be granted to the West Bend School District on twelve acres of land south of the farm buildings at the Hospital and Home owned by Washington County, Result of ballot as follows: Ayes: 8. Members voting

aye: Bammel, Bloedern, Gelb, Jaeger, Knippel, Schloemer, Walter and Romaine. Noes, 18. Members voting no: Campbell, Cleary, Courtney, Dettmann, Gauger, Hilt, Koller, Kuhn, Lofy, Meissner, Mueller, Peter, Schmidt, Sell, Storck, Thoma, Van Beek, Woldt. Supervisors Rettler and Helm absent.

Resolution No. 35 requesting an addition to the present County Trunk Highway System and deferred from the November Session to the January Session was read. Moved by Mr. Sell; seconded by Mr. Knippel that all resolutions deferred to the January Session, be laid over until the afternoon session. Motion carried.

Amendment No. 12 to the Zoning Ordinance was given first reading. Amendment No. 13 to the Zoning Ordinance was given second reading. Moved by Mr. Thoma; seconded by Mr. Mueller that Amendment No. 13 to the Zoning Ordinance be adopted. Motion carried.

AMENDMENT NO. 13 Amendment No. 13 to Zoning Ordinance

The County Board of Supervisors of Washington County do ordain as follows:

1. That the Zoning map of Washington County, dated September 19, 1941, be and same is hereby modified and amended by changing from a recreational area to a commercial area the following described real estate:

That part of the East half of the Northeast Quarter of Section One Township Eleven North, Range Nineteen East, which is bounded and described as follows:

Commencing at a point in the North line of the South 14 acres of the North half of the Northeast Quarter of said Section, which said point is situated 439.90 feet West of the Northeast corner of said South 14 acres and running thence South 12 degrees West 223.50 feet, thence North 71 degrees 40 minutes West 385 feet to the center of S. T. H. No. 144, thence northeasterly along the center of said highway 96 feet to the North line of said South 14 acres, thence East on said north line to the place of beginning. Containing 1.31 acres of land.

2. That this ordinance shall be in force and effect upon approval by the Town Board of the Town of Barton, the Park Commission and upon passage and publication.

JOHN VAN BEEK, Chairman Dated at West Bend, Wisconsin this 15 day of November, A. D., 1948.

APPROVAL OF THE TOWN BOARD TO AMENDMENT NO. 13 OF THE ZONING ORDINANCE

We, the undersigned, being all of the Members of the Town Board of the Town of Barton, Washington County, Wisconsin, in meeting assembled, do hereby approve the adoption of the attached Ordinance No. 13 to the Zoning Ordinance, by the County Board of Supervisors of Washington County, and do hereby waive any further notice of right of approval as provided by law.

Dated this 30 day of December, 1948.

JOHN VAN BEEK Chairman of Town Board ERWIN ROSENTHAL Town Supervisor EDWIN JUNK Town Supervisor

APPROVAL OF THE PARK COMMISSION TO AMENDMENT NO. 13 OF THE ZONING ORDINANCE

The members of the Park Commission of Washington County, duly assembled, hereby approve by formal action the adoption of the attached Amendment - to the Zoning Ordinance of Washington County, by the County Board of Supervisors of Washington County, and do hereby waive any further notice of the right of approval as provided by law. Dated at West Bend this 10 day of Jan, 1949.

C. M. HERMAN, President

The Chair announced the appointment of Newton Rosenheimer to the Civil Service Commission for a term of five years. Moved by Mr. Woldt; seconded by Mr. Geib that the appointment of Newton Rosenheimer to the Civil Service Commission for a period of five years be approved. Motion carried.

excuse him; but it shall not be in order for a member to be excused after the Board has commenced voting.

Section 6. A motion to adjourn shall always be considered in order and be not debatable, and a call for the previous question and a motion to lay on the table, shall be decided without debate; but a motion to adjourn shall not be received when the Board is voting on another question.

Section 7. When any member is about to speak in debate, or deliver any matter to the Board, he shall arise from his chair and respectfully address himself to the chairman and shall confine himself to the question under the debate and avoid personality.

Section 8. When two or more members shall arise at once, the chairman shall name the member who is to speak first.

Section 9. No committee shall absent themselves by reason of their appointment during the sitting of the Board without special leave.

Section 10. Every resolution or other matter shall be introduced on leave and referred to the appropriate committee if considered necessary. All resolutions shall be laid over for a second reading before voted upon. All resolutions carrying an appropriation shall after the first reading be referred to the budget committee for their recommendation as to its effect upon the budget. No resolution shall be voted upon on the same day that it is introduced except by suspension of the rules.

Section 11. When a motion or question has once been made and carried in the affirmative or negative, it shall at any time on the same or succeeding day be in order for any member of the majority, or when the Board is equally divided, for a member who voted in the negative to move for a reconsideration thereof.

A motion to reconsider being put and lost shall not be renewed. Section 12. No member or officer of the Board shall be permitted to read newspapers or magazines within the bar of the Board, while the Board is in session.

Section 13. All resolutions brought in by any member or committee shall be endorsed by the member of the committee bringing the same.

Section 14. When member is called to order he shall sit down and shall not speak except in explanation, until the chairman shall have determined whether he is in order or not; and every question or order I, ANTON P. STARAL, County Clerk of the County of Washington, shall be decided by the chairman, subject to an appeal to the Board man and the Board may be better enabled to judge.

Section 15. A majority of all the members elected to the Board must be present to constitute a quorum for the transaction of business; and three of their number, however, can adjourn from time to time and have a power to compel the attendance of absent members.

Section 16. Any committees required to or entitled to report upon a subject referred to them may make a majority and minority report. Section 17. All appropriations of money shall require the affirma-

tive vote of not less than a majority of the members present and shall be voted for by the roll call vote, and entered among the proceedings of the Board. In all resolutions where a roll call vote has been requested, or is required, the names of all members voting thereon be published in the annual report and that said report show which members voted for or against said resolution.

Section 18. The following standing committees shall be appointed the chairman of the County Board and each committee shall con-Clifford Stautz, Reinhold Kres- sist of the number of members and its duties shall be as follows:

COURT CLAIMS-To audit all circuit court, county court, sheriff's and justices of the peace accounts; to consist of five members.

GENERAL CLAIMS-To audit all other accounts which are not enumerated above; to consist of five members.

FINANCE AND BUDGET COMMITTEE-To audit all vouchers every three months and take care of all matters which come under the heading of finance. The preliminary budget of Washington County is to be presented to the County Board on or before November 1, and the final budget is to be presented to the Board before the end of November session. The committee is to consist of five members.

EQUALIZATION COMMITTEE-To take care of the equalization of taxes of Washington County. All County Board members as a committee of the whole shall act on this committee.

COUNTY INSTITUTIONS-To supervise the welfare of the Washington County Asylum, Washington County Home, and the Public Welfare Department of Washington county; to consist of five members. SALARY COMMITTEE-To supervise all salaries paid to Washington County officials and employees except those of the highway

employees; to consist of five members. EDUCATION-To provide aid for public schools, supervising teachers, and anything else pertaining to education; to consist of three members.

COUNTY FAIRS-To supervise the county's fairs and take care of the supervision and maintenance of the fair buildings of Washington county; to consist of three members.

AGRICULTURAL-To take care of the agricultural activities and 4-H Club activities of Washington County to consist of five members. PUBLIC PROPERTY-To have the supervision of the court house

printing of Washington county; to consist of five members. INSURANCE COMMITTEE-To handle all the insurance of Washington county; to consist of the following five members: chairman of the County Board, chairman of the finance and budget committee, chairman of the highway committee, chairman of county institutions committee, and chairman of the county fairs committee.
