

34 Seniors to Get Diplomas at High School Graduation

17 Eighth Graders Also to Graduate Thursday at Outdoor Exercises; Dr. Glen Eye of U. W. Speaker

Thirty-four members of the 1949 senior class of Kewaskum High school will receive their diplomas at outdoor commencement exercises to be held next Thursday evening, May 26, on the school baseball field on a special stage set up in front of the spacious grandstand. In case of bad weather the exercises will be held in the school auditorium. The program is open to the public but if moved indoors space will limit attendance to three immediate relatives of the graduates.

A class of 17 eighth grade graduates of the Kewaskum Public school will also receive their diplomas during the exercises. The senior class, consisting of 14 boys and 20 girls, is larger than last year's group of 31 graduates by three students. The valedictory and salutatory addresses will be delivered by Shirley Melius and Patricia Kirchner, respectively, who maintained the highest averages in the class for the four years of high school studies.

Dr. Glen Eye of the University of Wisconsin, Madison, will be the featured commencement speaker. School will close for the summer vacation next Friday, May 27. A picnic for the high school pupils will be held at Mauthe lake Wednesday and the grade school pupils will have theirs the same day.

The commencement programme is as follows: Invocation.....Rev. Wm. Schwemmer Salutatory.....Patricia Kirchner Vocal Selection.....Senior Girls Valedictory.....Shirley Melius Address.....Dr. Glen Eye Echolastic-Athletic Award.....Presentation of Class.....Prin. Clifford M. Rose Presentation of Diplomas to Class of 1949, Presentation of Eighth Grade Diplomas.....L. N. Peterson Class Song.....Class of 1949 Benediction.....Rev. Wm. Schwemmer

Ball Teams Have Bad Sunday, Both Beaten

After winning the opening game the week before, the Kewaskum Utensils were dished out their first setback in the young Lakes campaign Sunday at Grafton, 4 to 2, in a close, pretty well pitched tussle.

Kewaskum had plenty of runners on the bases to win handily but failed to drive them around. The Utensils out-hit Grafton, 9 bingles to 7, but could not bunch them when they counted. Both teams played spotty ball with 11 errors being committed, 5 by Kewaskum and 6 by the victors.

Marx and Eernisse, the opposing pitchers, worked the entire contest. Marx whiffed 8 and walked none. Eernisse allowed 2 walks and fanned 5. Paul Kral headed the hitting department for Kewaskum with 2 for 4, one of them a double for his team's only extra base blow. Cy Wietor and Wayland Tassar collected 2 singles apiece in 5 trips. Bintlizer and Hoffmann each got 2 for 4 to pace the winners' hitting, including a two bagger each. Schwerner also banged out a double and Dickmann a triple. The Utensils had 15 men left on the bases and twice went out with the bases loaded.

Kewaskum tallied its first run in the third on Kral's double and Tassar's single, and then was held scoreless until the ninth when successive hits by Wietor, Held and Kral pushed over the second counter. Grafton hit pay dirt once in the first, again in the 5th and twice in the 7th.

LAND O' LAKES STANDINGS

WON LOST Lannon 2 0 Menomonee Falls 1 0 Kewaskum 1 1 Mequon 1 1 Grafton 1 1 Germantown 0 1 Granville 0 2

Last Sunday's scores—Grafton 4, Kewaskum 2; Lannon 6, Germantown 0; Mequon 19, Granville 4. Games this Sunday—Kewaskum bye, Grafton at Mequon, Granville at Lannon, Menomonee Falls at Germantown.

BARTON 11; KEWASKUM 9

The Honeck Chevroleta suffered their second straight defeat in Rivers play Sunday when they were upset by Barton on the home field, 11 to 9, in a free hitting, loosely played battle.

Both teams had a picnic with the bats. Kewaskum garnered 13 hits and Barton 16, with the winners using 3 pitchers and the losers 2. Honeck started for his team and was relieved by Backhaus in the sixth. Bechwar hurled first for Barton and was replaced by A. Rick in the third with Duengel coming in in the 9th.

Both Kewaskum twirlers were given ragged support, having 7 errors behind them. Barton held their misuses down to 3. With all the hitting, there were many strikeouts. Sixteen Barton sluggers were set down on strikes, 11 of them by Honeck and 5 by Backhaus. Eleven local batters fanned.

R. Bilgo was the main power for the losers, driving out a double and 3 singles in 5 trips, while "Fritz" Kral did all right with a double and 2 one baggers in 4 times at bat. Dricken and Bechwar each lashed out 3 hits for Barton and Duengel, R. Dricken and Baehoe got 2. One of Duengel's blows was a homer, Baehoe had a triple and Bohm, J. Dricken and Dabringer hit doubles.

Kewaskum scored 2 in the 1st and 1 in the 2nd, while Barton netted 2 in the 2nd. Each scored 1 in the 4th, and Barton added another in the 5th, 2 in the 6th and 1 in the 7th to lead, 8-4. The visitors pushed over 3 more in the 9th and Kewaskum came back in the last half with a big 5-run spurge but the rally fell short by 2 runs.

HOLD READINESS FOR SCHOOL PROGRAM FOR CHILDREN HERE

Forty-nine students of Wayland academy, Beaver Dam, attained scholarship rating during the 5th six week period as announced by President W. K. Hicks. This is the largest number during the past six years to attain this honor in a six week period. This is considered an outstanding achievement for those making the honor roll.

Suzanne Rosenheimer, daughter of the M. W. Rosenheimers, Kewaskum, has attained honor roll marking for this period.

Miss Cudnohoske, Harold Laux Wed

In a nuptial ceremony performed on Saturday, May 14, Miss Olive Shirley Cudnohoske, daughter of Mr. and Mrs. Edward Cudnohoske, R. 1, Kewaskum, became the bride of Harold C. Laux, son of Mr. and Mrs. Leonard Laux, R. 1, Adell. The 3:30 o'clock rite was read in the bride's home by her uncle, Dr. Chas. Briggs.

Each room of the home had flower decorations. During the ceremony the bride's sister sang "Because" and "I Love You Truly."

The bride wore a gown of white satin with pointed bodice in back and front of the waist. The gown was styled with long sleeves, a round neck with a net yoke and imported lace shirred around the yoke, and seeded pearls arranged like a spray over the lace. White satin covered the buttons from the back of the neck to the yoke. The gown had a long train with imported lace around the gown and train. Her flowers were white roses and snapdragons with a removable corsage.

Attending the bride as maid of honor was her sister, Miss Marion Cudnohoske. She was attired in a gown of pink taffeta fashioned with a sweetheart neckline and bodice coming to a point, plus three ruffles each shirred on to each other, and cap sleeves. She wore matching long gloves and a headpiece of net to match the gown with forget-me-nots arranged in the center of six rows of net. She carried blue carnations tied with a ribbon matching her gown. The bride's cousin, Miss Doris Cudnohoske of Milwaukee, was bridesmaid. She was dressed the same as the maid of honor, only in blue, and carried pink carnations tied with a ribbon matching her gown. Another sister, Judith Ann Cudnohoske, was the flower girl and her gown was made by the bride to match her gown. She wore a headpiece of white forget-me-nots arranged in the center of six rows of net shirring and her flowers were similar to those of the bride, only in a smaller bouquet.

The bridegroom was attended by his brother, Vernon Laux, as best man. The groom's nephew, Jerry Laux, was ringbearer.

A wedding supper was served to the immediate families at the bride's home and later 200 guests were entertained at a reception at Forest Lake resort, where a private wedding dance also was held.

The young couple left on a motor trip to the West. The bride, who graduated from a trade school, has been employed at the Kewaskum Utensils Co. Her husband, a Random Lake High school graduate, is engaged in farming.

Woman's Club Members at 6th District Convention

Ten members of the Kewaskum Woman's club attended the Sixth District convention held in Sheboygan Tuesday, May 10. Those who attended were: Mmes. C. Miller, H. Rosenhofer, D. M. Rosenheimer, R. G. Edwards, C. Rose, R. Schaefer, C. Smith, L. Oppenorth, A. M. Clark, and R. Schwartz.

Mrs. K. L. Kleinpell, president of the Wisconsin Federation of Women's Clubs, gave an address to the delegates and guests in the morning. In the afternoon, Sydney Ainesworth gave a talk about his experiences as an exchange teacher in Scotland.

Three local grade school girls won first, second and third prizes in the Sixth District division of the Helen Mears art contest sponsored by the Wisconsin Federation of Women's Clubs. They are: Thelma Rosenheimer, first; Judy Kaniess, second, and Marlene Zuehlike, third. The girls were awarded their prizes at the afternoon meeting of the convention. Their entries were self portraits.

The Woman's club will meet in the clubroom on Saturday, May 21, at 3:00 o'clock. Mrs. Pike will give a talk on "Rural Welfare." Mrs. Ed. Miller will be the hostess.

KEWASKUM HIGHLIGHTS

F. H. A. The F. H. A. held their last meeting of the school year during fourth period Wednesday afternoon, May 18. Joan Miller and Carol Schmidt were elected to represent the local group as delegates to the convention at the Wisconsin Dells in June. If more than two delegates are allowed, Iones Schladweiler and Audrey Uelmen will accompany them.

Vernette Backhaus was elected as point secretary to total everyone's points and determine which members are to receive letters. A cocktail for the senior girls was discussed, and the date was set for May 19, at 4:00 p. m. A camping trip to Mauthe lake was planned for June 20.

BASEBALL

This Saturday, May 21, the district baseball tournament will get underway at Kewaskum athletic field. Although the Kewaskum High team took third place in the Tri-County league, they will still have a chance for district championship. To start the tournament off, the Indians will meet the Campbellsport Belles on the diamond. The second game will match Lomira and Grafton. The winners of these two games will play at 3:00 p. m. to decide the championship. The losers of the first two games will be automatically out of further competition. The first game will be played at 9:00 a. m. and the second at 11:00 a. m. The Campbellsport Belles lost only one game and that to Kewaskum. The Indians hope they can repeat their first win.

The results in the Tri-County league are as follows:

Table with 2 columns: Team, Won, Lost. Campbellsport 5 1, Lomira 4 2, Oakfield 4 2, North Fondy 4 2, Kewaskum 3 3, Rosendale 1 5, Brandon 0 6.

PROM

King Frank Krueger, with his queen, Virginia Haack, spent a gala evening reigning over the junior prom last Friday. In the atmosphere of the old fashioned South, they danced to the music of Johnny Darwin's orchestra, which was, perhaps, the only disappointing factor of the evening, since the music was not up to the standards of previous years. The coronation and grand march were the high-lights of the evening. The court of honor was composed of Beverly Stahl and Fred Koepke, Vernette Backhaus and Roger Wierman, Joan Miller and Frank Jenke, and Diane Schaefer and Bill Edwards, who crowned the king and queen.

The false ceiling of the gym was draped in pink, white, yellow and green paper, and rose trellises were arranged on either side of the doors. Life-sized frame drawings of southern ladies and gentlemen were high-lighted by colored spot-lights as was the theme, "Southern Moon."

COMING EVENTS

Visitors are invited to the grade and high school open house Sunday afternoon, May 22, from 2 to 4 p. m. Teachers will be on hand to meet parents and to display students' work. A movie on education in Wisconsin will be run continuously and the music department will present a program beginning at 3 p. m. High school students will recuperate from their semester examinations Wednesday, May 25, with their annual high school picnic at Mauthe lake. Games this year will be run patterned

Churches Vote for Merger at Meeting of South Synod Here

139 Pastors, Delegates From 83 Churches Attend; Rev. Schwemmer Elected President

The annual meeting of the South Wisconsin Synod of the Evangelical and Reformed church met on Wednesday and Thursday, May 18 and 19 in Peace church, Kewaskum. Rev. Wm. Schwemmer, pastor, 139 pastors and delegates representing 83 churches in South Wisconsin were in attendance. Most important issue decided upon was the acceptance of the "basis of union and its interpretations for the union of the Evangelical and Reformed and the Congregational Christian churches." Vote taken by ballot with 101 ballots cast was 88 accepting and 13 rejecting, this with full realization that the policy of the United Church of Christ formed by the merger will be congregationalistic in every sense of the word. South Wisconsin Synod is the 25th of 34 synods which voted in favor of the merger, thus giving the required two-thirds majority of the union.

Outstanding speakers at the synod meeting were Dr. Gerhard W. Grauer, pastor of St. Paul's church of Chicago and member of the general council of the Evangelical and Reformed church. Dr. O. Walter Wagner of the World Service Commission, recently returned from Europe, made an impassioned plea to all churchmen to meet the crying needs of Europe for relief.

Officers elected to the synodical council were: Rev. Wm. Schwemmer of Kewaskum, president; Rev. Helmut Crusius of Menomonee Falls, vice-president; Rev. Ralph Ley of Waukesha, secretary; Mr. Wm. Helz of Milwaukee, treasurer; and Dr. T. A. Strobel of Milwaukee, delegate-at-large.

Savings Bond Chairman Announces Drive Dates

Atty. Thomas O'Meara, West Bend, Washington county chairman of the United States savings bonds "Opportunity Drive" announced that the drive opened May 16 this year and will close June 30. The bond quota for sales of 13 bonds for Washington county has been fixed at \$25,000. According to Atty. O'Meara the objective of the campaign is to ask every American to buy bonds and to increase participation in the bond-a-month plan.

Chairman O'Meara stated, "the reason for the campaign is to distribute responsibility of our national debt among all Americans, to give every American a stake in America in the form of savings bonds, and to point out to all Americans that our savings represent an important factor in their own and the nation's economic stability. In short this is an OPPORTUNITY for everyone of us to show that he is an American."

Today there are 47 billion dollars of savings bonds in the hands of the people. This is an all time high and represents one-quarter of the liquid assets of all Americans. The local Chamber of Commerce, the Junior Chamber of Commerce, the Women's clubs, Kiwanis, Rotary, Veterans of Foreign Wars, American Legion, and all other service and fraternal organizations in Washington county are endorsing the drive and urging their members to participate.

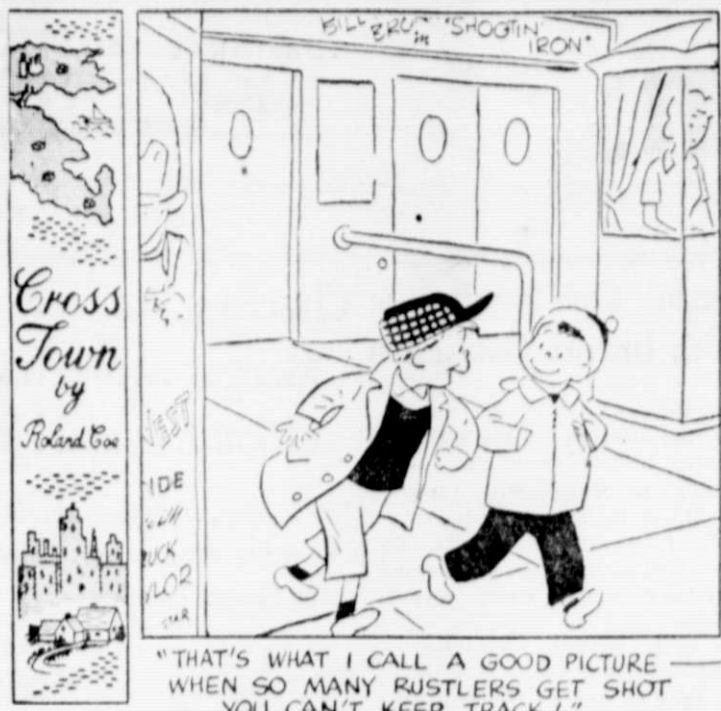

The West Bend and county superintendent of schools, county agricultural committee, the mayors and presidents of our cities and villages, our banks and all employers and labor leaders are offering their active co-operation in this campaign.

Robert H. Rolfs, Washington county war finance chairman during the critical war years had this to say: "Buying United States savings bonds without question one of the finest habits each and every one of us can acquire."

Governor Rennebohm has urged all citizens of the state to co-operate in this program.

Atlantic Pact Combed

These urgent questions affecting our hopes for peace came boiling to the top the other day behind closed doors of the senate foreign relations committee. Answering them, the men who must implement the North Atlantic pact were kept under steady fire for 4 1/2 hours.

Big, bull-voiced Senator Vandenberg set the pace, but each senator got a load of questions off his chest. They combed the pact's fine print for pitfalls and loopholes, and searched for hidden meanings between the lines. As a result, many tough problems were plowed up.

The chief targets in this verbal shooting gallery were Secretary of State Acheson, Secretary of Defense Johnson and ECA Ambassador Harriman. They talked brilliantly, but not quite enough to please the senators.

"I can't be offhand and free about information that involves other countries," Acheson retorted impatiently, when pressed for details.

Johnson also buttoned up during a barrage of questions on atomic energy from Senator McMahon of Connecticut. The queries were based on secret information which McMahon had learned at the Pentagon, and Johnson objected to going into detail in front of committee clerks.

McMahon to declare that he wouldn't support the pact if he couldn't get the information he wanted.

"If the price of the senator's vote," barked Johnson, "is my violation of what I consider the security of the nation, then we may have to forego the senator's vote."

Senate Stairs Steep To add to the turmoil, the meeting was interrupted 13 times by roll-call votes on the senate floor. This kept the senators straggling up and down stairs to the senate floor until 71-year-old Sen. George of Georgia finally snorted in disgust:

"By God, I can't go up and down those stairs any more!"

Another problem was how much to tell the press. Vandenberg was against issuing any release until the secretary of state formally presented the military program to congress. The Michigan Republican warned, however, that "Drew Pearson has a dictaphone hidden in here."

Later, chairman Tom Connally stamped angrily into the meeting after a trip upstairs to vote.

"Somebody has already leaked the amount of the proposed military aid," he thundered. "Some newspapermen told me the figure and asked if that was correct."

Following this incident, it was agreed to release an outline of the one billion, 130 million dollar plan to help rearm the north Atlantic treaty nations. Here are other highlights of the meeting.

Senator Vandenberg wanted to clarify the important question of whether the pact was just another old-fashioned military alliance or a genuine instrument of collective security. He pointed out that the U. N. charter recognizes the right of nations to "collective self-defense" in case of attack.

The charter, however, adds in Article 51: "Measures taken by members of the U. N. in the exercise of this right of self-defense shall be immediately reported to the security council."

IF MEN CAN FIGHT AND DIE AS ALLIES . . . All Races to Have One Place to Pray for Peace . . . THEY CAN WORSHIP AND LIVE AS ALLIES

By H. I. PHILLIPS

PRAYER FOR U.N. CHAPEL

("The United Nations is to provide a non-denominational chapel in its new home where men of all nations may pray.")—News Item

In this small room will be the cathedral, the mosque, the synagogue, the temple and the parish chapel.

Within these four walls will be the prayer-room of the world.

To this place let the white man and the black man, the Christian and the Jew, the yellow man and the brown man, the Hindu and the all races and creeds—gather to Moslem and the Buddhist—men of hear the still, small voice of what-

ever God they worship.

Here the representatives of all peoples shall come humbly and devoutly in their separate faiths and reach understandings that will save a stricken world.

Here let them kneel separately and at a time of their own choosing and ask their God or gods that their words and actions may never make a mockery of the precepts of whatever religion they observe and cherish.

Guide them as they invoke You. Keep their minds clear and make their decisions just; rid them of suspicions, fears and hatreds. Let them never lose sight of the belief that the Supreme Being of their own faith and of all faiths loathes war and holds peace and the brotherhood of man foremost.

Seldom have the representatives of peoples from the four corners of the earth been in a more difficult spot; rarely have human beings faced tasks more colossal; never have their decisions meant life or death, joy or misery, laughter or tears to so many millions.

Grant that they may not quibble over the details of this room, its appointments or its mood. Help them realize that if men can fight and die as allies, they can worship and live as allies; that men who serve together in the same armies and navies and in the same cause can worship in the same cloister and in the same hope!

Here let all men find that if there is to be one world there must be one brotherhood, one depth of devotion, one abiding confidence in a Supreme Being.

Make them understand that if a man is not contaminated in the use of another man's council chambers, routines and customs in daily considerations, he can never be contaminated

by the use of a common meeting place for meditation and prayer.

Here may no man forget that in every faith a man of any other faith may find the essence of his own faith; The belief in divine guidance. Prayer is universal. How strange that until now those who have come together from all parts of the earth to face the most complicated problems of recorded time have failed to provide a common meeting place in which to seek guidance!

Of all moments in history when men of every race, color and creed needed divine council, this is the most desperate. How barren and hopeless have been these edifices of world peace without recognition of a God above! How futile these proceedings in council chambers of 100 rooms without one room for a Creator!

May this quiet room be hallowed! Here there is no publicity; here no photographers, no newsreels, no microphones, no newscasters.

Here he may sit not as an important statesman, harassed diplomat or instructed agent, worried over the reactions at home, but rather as a child reaching for the hand in which he has confidence, pleading for the light, believing that nothing matters more than a cause be just.

This room shall be no device of architects, blueprinters and construction crews, its value to be measured in dollars; this shall be a room dedicated in the spirit of all faiths . . . a hushed chamber where every man may find the mood of his own temple.

Within these walls may the United Nations see the universal altar and find that guidance, inspiration and wisdom without which there can be no lasting peace and no brotherhood of man.

Here at last there is "room in the inn!"

THE MIRACLE

The pain has ceased! O heart, somewhere we met the Master on the way. It may be that we marked Him not Amid the multitude today; But it was Jesus, for behold The old, old pain is gone, and lo! A miracle, no less than that Upon the road to Jericho! No less, my heart, we leapt to meet The joy His healingsingers hold, Than he who caught the glad sweet light Across Judea's hills of old.

Ah, Master, Thou whose love still keeps My sinful, ailed heart filled With this strange, wondrous ecstasy, I think Thee that we still can find Thee close along the old earth-way; That risen, yet somehow, somewhere, We met Thee on the road today.

Star Dust

STAGE SCREEN RADIO
By INEZ GERHARD

A LITTLE over two years ago two young men, a singer and a comedian, decided to form the team of Dean Martin and Jerry Lewis. Today they are considered top entertainers, switching from night clubs to radio to movies with the greatest of ease. There is no definite format for their NBC program on Sunday nights, except that they can be expected to show up on

MARTIN AND LEWIS

time. They have just completed a Paramount picture, "My Friend Irma"; Martin is Jane's romantic interest in the movie version of the radio show, and Jerry, an orange-juice salesman is his side-kick. Give them another two years and there's no telling what they'll be doing!

Kirk Douglas is back in Hollywood after a New York visit that was strictly business; he covered the swing cafes, getting background material for his first starring role, in Warner Bros.' "Young Man With a Horn."

The famous coach in which King George V made his ceremonial drive at the Royal Ascot race meeting will be used in a sequence in Alfred Hitchcock's "Under Capricorn." Ingrid Bergman, Joseph Cotton and Michael Wilding star.

Lucille Ball, of the movies and CBS' "My Favorite Husband," may be a glamorous star to other people, but to her bandleader husband, Desi Arnaz, she's "Johnny." He gave her the nickname because, around their ranch, she looks like a tomboy. Her favorite "at home" togs are dungarees and an old sweater and straw hat.

Barbara Stanwyck, whose auburn hair is now mostly a beautiful gray, refuses to dye it for films. She feels that to dye it dishonest! Anyway, she thinks dyed hair looks artificial and gray hair is usually becoming.

ODDS AND ENDS . . . The housing shortage will never bother Raymond Massey—he has four homes, three in this country and one in London. . . Paramount has taken up its option on John Lund for one year; he has co-starred in seven pictures since he reached Hollywood in 1945. . . Tony Leader, producer-director of "Suspense," is in suspense himself these days, wondering whether the bundle the stork will deliver in June will be a boy or a girl.

The Fiction CORDIALLY DISLIKED

By Richard H. Wilkinson

I HAVE NEVER known a man to be more wholeheartedly disliked than Henry Spafford. The reason for it is his braggartly qualities, his overbearing sense of importance.

We tolerate him because we like his wife, Madge, but even so our toleration is a chore. The other night I was over to the Spafford's and sat through an hour of Henry's bragging. It seems that the big boss in New York—Henry is employed by the Jason Reid Steamship Company—called up the Philadelphia office where Henry works and Henry answered the phone.

"Jay's a great guy," Henry told me, referring to the incident. "He's asked me to run up to New York to see him a couple of times. I must remember to do that."

"Who's Jay?" I asked. "Jay?" Why, Jason Reid, who owns the line, of course. "Oh," I said.

"The way to get along in any business," Henry went on, "is to let the boss know right off the way I am with Jay."

I left the Spafford home an hour later, furious that I had stayed so long, pitying Madge and disliking Henry with a renewed sense of disgust. "Something," I told Betty, my wife, "ought to be done about that punk. Now he's calling Old Man Reid, Jay."

"The thing to do, Betty smiled, "is to be amused at his ravings, not annoyed. He doesn't hurt any one, and there's always Madge to think of."

"Even Madge," I replied, "won't keep me from hitting that guy one of these days. Something," I repeated, "ought to be done about him."

Whether or not my thinking about it had anything to do with what happened a couple of days later I will never know. Henry was fired. Without warning or explanation he was given a couple of weeks' pay and was bounced out on his ear.

My first reaction when Betty told me about it was one of exuberance, a fiendish desire to rush over there and gloat, to sneer: "I told you so! Why don't you call up your friend, Jay, wise guy?" But this feeling passed immediately. Curiously it was followed by one of pity. The more I thought about it the deeper flamed my sympathy. What greater humiliation, I thought, could a man endure than this that confronted Henry Spafford?

Midget Museum Holds Lure for Many Tourists
MIDDLESBORO, MASS. — Middlesboro's new midget museum promises to be a mecca for motorists.

Dedicated to the memory of General and Mrs. Tom Thumb, world-famous midgets, the museum is on Route 28 in the homestead.

Benjamin J. Blump, a nephew of the midget that P. T. Barnum made famous, said that on display will be the clothes and utensils.

NEXT DAY I called Hal Wheaton and asked him to have lunch with me.

"Have you heard about Henry?" I asked when we were seated.

Hal nodded, avoiding my eyes. "I met the poor devil on the street this morning. I don't mind saying that it was an ordeal."

I thoughtfully lighted a cigaret. "Hal," I said, "think of Madge. Isn't there something we can do?"

"Well," said Hal, "I've been wondering, too, Poor Madge." He coughed. "I called Bob Taylor of the Taylor Lines this morning. Bob says that he might be able to do something for

Henry on our recommendation."

"I guess," I grinned, "that's the answer."

And it was. Henry and Madge were over three days later. "I understand you've got a new job?" I remarked to Henry.

"Yes," he said with a bored look on his face. "Bob Taylor called up as soon as he heard that I was free, and asked if I'd consider a position with him. Well, you know when a man offers you more money—"

I glanced at Betty. There was a faint smile on her face. I suppose she was amused. I hope so. Because an hour later, with Henry still blowing, I was mad enough to choke him, and almost did.

Care of Floors
Question: A few months ago I had all the floors sanded, filled and varnished. I would like to wash them but have been advised not to use water, as it discolors floors. Please advise.

Answer: The manufacturers of hardwood flooring do not, as a rule, approve of using water on such flooring. As your floors have been so recently varnished, it should be fairly easy to clean them with some of the special cleaning preparations intended for this purpose. Or you can clean them by wiping with cloths damp with turpentine. Consult your hardware dealer. First take up the loose dust in the usual way.

WEEKLY NEWS ANALYSIS

Gen. Clay Out as Berlin Chief; New Rent Curb Formula Attacked; Taft-Hartley Bill Wins in Test

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

BERLIN: Clay Is Done

Gen. Lucius D. Clay, stormy petrel of American administration in Berlin, was relieved of his post as military commander in Germany. The action was taken at the general's own request.

CLAY, who has been widely criticized for his apparent "soft" attitude toward German war criminals, notably in the case of Elsa Koch, the "witch of Buchenwald," notorious German horror camp, had frequently asked to be relieved of his command. He said he wanted to return to his home in Marietta, Ga., and "go catfishing."

Clay's leaving would open the way for appointment of the first civilian high commissioner for Germany, something the army has been wanting for a long time.

PRESIDENT TRUMAN, in making the announcement Clay was to leave, said the general deserved the thanks of the American people for his execution "of one of the toughest tasks and accomplishments of American history."

It was no secret that the President and Dean Acheson, secretary of state, were trying to persuade John J. McCloy to take the assignment in Berlin. McCloy is now head of the international bank for reconstruction and development, a position which carries a \$30,000, tax-free annual salary.

Pending the appointment of a civilian commissioner, President Truman announced military government deputies and two generals would carry on Clay's work.

The United States, Britain and France have agreed to arrangements for turning over civilian control to the Germans when a provisional government is established for the western zones.

Meanwhile, hope continued for an end, through four-power negotiations, of the Berlin blockade by the Russians.

HOUSING: Nobody Pleased

The government, it appeared, couldn't please anyone in its efforts to implement the newly-enacted rent control bill.

Scores of landlords and tenants in New York turned out in angry confusion after Federal Housing Chief Tighe Woods announced a program for putting the new law into operation. Woods had come up with a plan which he hoped would provide owners of rental property with a "fair net operating income." This was one thing the new law said should be done.

BUT WOODS, in a personal appearance in the nation's largest city, stepped personally into a hot-bed of landlord's inquiries.

Landlords assailed the Woods formula as giving inadequate relief to hard-pressed property owners.

The formula was confusing because it contained so many indeterminate factors. It was intended to produce a "net operating income" of 25 to 30 per cent of gross income on some 14 million dwellings throughout the nation still under federal rent control.

As Woods expressed belief both landlords and tenants would be happier under the new formula, a surprised murmur of laughter swept the audience which overflowed the 369-seat hall. Woods dashed from the meeting, where he answered some 50 questions, to a conference with New York's Mayor William O'Dwyer.

WOODS SAID the new formula "goes right down the middle, protecting landlords against rents that would deny them a fair profit and protecting tenants against being charged a higher rent than the fair net operating income allows."

Meanwhile both property owners and tenants seethed, each fearing they were being put upon by the Woods formula; landlords obviously resentful that specific rent increases were not allowed, tenants bitter because of a "mixed-up" formula which they feared held nothing but bad news for themselves.

Most probable result of the formula was that local governmental units would be disposed to let existing conditions alone without petitioning their governors or state legislatures for lifting of rent controls in their respective areas.

NEW DRUG DISCOVERED

Anti-Allergy Medicine Battles Colds

There was new hope for cold sufferers. An industrial physician reported that an anti-allergy drug has been found effective in controlling common-cold symptoms.

Dr. Halstead G. Murray said that 75 per cent of 494 persons treated during early stages of colds reported "they were cured or had their symptoms alleviated."

ELEPHANTS: None in Tokyo

Japanese children in Tokyo were determined to see a real, live elephant.

Children of the Daito district of the capital met and decided to send two representatives to Nagoya to plead for a gift to the Tokyo zoo of one of Nagoya's two elephants.

There was a reason. All "wild" animals in the Tokyo zoo were destroyed during the war for fear they might escape in air raids.

Loyalty Queen

Radio actress Mrs. Ted Steele is shown just after she was chosen as "Miss Loyalty of 1949" in ceremonies on the steps of the U.S. treasury building in New York.

LABOR LAW: Rough Going

If a big league scout were reporting on Harry Truman's performance against congressional moundsmen, he would have to say: "The President simply can't hit fast ball pitching."

And that certainly appeared to be the case, Mr. Truman had been to bat twice already. In his turn during the Mon. C. Walzen appointment to head the national security resources board, he had struck out. Next up with his civil rights program for a bat, he struck out again. Now, with his espousal of repeal of the Taft-Hartley labor law, he was at the plate again and, with the house of representatives pitching, there were two strikes on him.

FOR THE HOUSE, by a vote of 217-203 approved the Wood bill which retained most of the features of the Taft-Hartley law.

Administration forces were plunged into gloom. But a coalition of southern Democrats and northern Republicans were jubilant. They were bent on retaining the Taft-Hartley law largely intact, and at the moment they were victorious.

The Wood bill would repeal the Taft-Hartley law on paper, but would re-enact most of its important features. For instance, it would retain the 80-day injunction in "national emergency" strikes. It would keep the present non-Communist oath requirements, but would apply them to company officers as well as union officers.

It would ban closed-shop contracts, but permit them in any state which took affirmative action to permit them by state law. SPEAKER SAM RAYBURN had made a plea to the house for a compromise bill he put forward in an effort to salvage part of the administration's program, but his speech was in vain.

Whatever else congress might be doing, and whatever good or ill might result, lawmakers were serving notice on presidential candidates that campaign promises to enact or repeal this or that law ought to be conditioned, with the candidate making such pledges adding a word to the effect that those pledges would be kept "provided congress cooperates."

LEOPOLD: Wants Throne

Disliking the common life, exiled King Leopold III of Belgium has made it clear he wants to return to the throne of his country. THIS was made known in a letter to his brother, Prince Charles, Belgium regent, in which Leopold said:

"I am convinced you are sharing my views that the time has come for a return to constitutional normalcy." That would mean, of course, an end to the regency and return to kingly rule.

HOWEVER, the outlook for any such development appeared dim. Leopold surrendered the Belgian forces to the Germans early in the war and became a prisoner-of-war. His action in that respect was criticized by many Belgians. The ex-king has not returned to his country since the war. He has been living in exile in Switzerland.

People whose feet have ever hurt them will feel a twinge of sympathy for mailman William E. Lilly, Jr., of the Los Angeles post office who took 5,000 letters home with him. Lilly was jailed despite assertions he meant all the time to deliver the letters later.

TRUMAN: Good Friend

President Truman had some better friends than he thought. David S. Wright, 84, proprietor of a feed store in Dunkirk, N. Y., offered to advance cash to President Truman on his salary check.

Reports had said Truman received only part of one month's salary because of a congressional deadlock over a deficiency appropriation bill.

SALESMEN: U. S. Press Best

The nation's press got a nice bouquet from Sen. Francis J. Myers (D., Penna.) who said the men and women who write the news are the "best salesmen the United States could have."

"There are no better arguments than that for our way of life," he said, "than the facts about us—the unvarnished facts on our faults and virtues—as mirrored in the daily press."

GRANDMAS: Enough's Enough

Grandma was getting fed up. Enough was enough. And she was becoming vocal about it.

Mrs. Lyn Greene, president of the New York chapter of the National Grandmothers' club, was the spokesman of a drive to make grandma a respected member of every family.

MRS. GREENE and all the other grandmas were in arms against all the corny gags about grandmas and mother-in-law, too. They were in a crusade to ban such alleged humor from the face of the earth forever. And they held some powerful weapons in their arsenal.

For instance, if the jokes aren't banned, the grandmas said, there would be no more baby-sitting, no more crocheting, no more cookies and cakes. That was the grandmas' ultimatum.

Also knitting needles would stop, not one lullaby would be hummed and daughters "going home to mother" after a tiff with their husbands would have to lad hotel rooms, instead.

THE GRANNIES were tired of being made to appear as jabbering, ridiculous troublemakers. But the grandmas were fair about the whole thing. In return for a new status as a "sweet, lovable old dear" they would agree to mind their own knitting.

Mrs. Greene, a professional artist, philanthropist, mother of two sons and grandmother of four small children, believes she is just the person to take the giggles out of references to grandmas.

"THERE ARE STILL a few rocking-chair grandmas, bridge-table grandmas, and drudge grandmas who need to be reformed," she said, but contends this reformation will never come about through silly radio and movie jokes and silly cartoons.

Eventually Mrs. Greene and the thousands of other grannies in the national organization hope to win so much respect that October 10 will be proclaimed as national Grandmothers' day.

HEADACHES: Stop Worrying

Have a lot of headaches? Well, stop worrying.

That, according to a Columbia university headache study will cure your noggin knocks.

THE STUDY was conducted with 531 men and women as subjects. These sufferers were given three kinds of treatment. One made use of drugs supposed to help headaches; another "make believe" drugs; and a third a technique in which doctors spent quite some time talking to patients about their worries.

In the first two treatments, the "make believe" potions worked almost as well as medicines designed especially for aching heads. The patients never knew which kind of drugs they were taking.

It was learned in the study that best results came from combining drugs with conversation about worries. The conversation-type of treatment is known as psycho-therapy. Its purpose is to discover emotional and mental conflicts. In many cases the sufferer does not realize he has these conflicts and is likely to get better when he learns about them.

HOWEVER, mere knowledge of the conflicts isn't sufficient. The patient needs faith in his doctor to make this knowledge work. Sometimes this relief depends on how often the doctor sees the patient.

So Tired

People whose feet have ever hurt them will feel a twinge of sympathy for mailman William E. Lilly, Jr., of the Los Angeles post office who took 5,000 letters home with him. Lilly was jailed despite assertions he meant all the time to deliver the letters later.

MIRROR Of Your MIND

Fits of Temper Can Be Curbed

By Lawrence Gould

Can you help losing your temper?

Answer: You can't possibly help getting angry any time that you are frightened or hurt, and telling yourself you are "above such feelings" only leads you to repress your anger out of consciousness and perhaps "take it out on yourself." But whether you'll give way to a fit of temper depends upon your emotional maturity—your ability to stop and think whether the consequences will be "worth it" in the long run, as they rather seldom will be. The old rule of "counting ten before you speak" is both good psychology and good sense.

Will "blank" remedies cure skin ailments?

Answer: Yes, when the condition is "psychosomatic," says Dr. E. William Abramowitz of New York. There are inflammations of the skin for which the best cure is to make the patient think he's going to get well, and the way to implant this "suggestion" may be to give him a medicine or salve of which the chemical effects are only temporary. Whether this "placebo" contains any actual medication or not should depend upon the doctor's estimate of whether the patient is receptive to suggestion or is skeptical about the success of the treatment.

Will feeling superior to others make you "democratic"?

Answer: It will usually make you more considerate and friendly than feeling inferior to them, since what we call snobbishness is mainly an attempt to compensate for feelings of inferiority by making helpless people "bow and scrape" before us. Only someone who feels

Tuberculosis Is Still Common

By Dr. James W. Barton

BEFORE THE X-ray was in general use for examination of the chest for tuberculosis, the physician had to strike the chest wall with his fingers, listen to sounds of the chest by aid of the stethoscope, and then look through a microscope to try to find the tubercle bacillus in the patient's sputum.

While these methods of examination, together with the temperature taken three times daily, discovered most cases of tuberculosis, it was not until X-ray examination of the chest was used that tuberculosis and its location and extent were really made known.

Just before the X-ray examination of the chest for tuberculosis came into use, it was believed that practically all of us had tuberculosis at some time in our lives, but that most of us outgrew it or else it was in a "quiet" stage and so was causing no symptoms. Today, lung specialists state that tuberculosis is present in an active or in a "quiet" state in about 25 per cent of the population.

While it would take much time and money to obtain an X-ray of the chests of everybody, it is certainly worth it as it would save many useful lives. To save time and money, and thus get individuals and whole communities to have their chests examined, it has been suggested that the fluoroscope be used in mass surveys.

The advantages of the fluoroscope where the examining physician, by means of the X-ray machine, can look directly into the chest is that it shows the extent of the movement of the lungs, and the size, rhythm and position of the heart. The entire chest can be examined, by moving the fluoroscope and the patient. The disadvantage of the fluoroscope is that no permanent study record is made for the physician or X-ray specialist. While X-ray of the chest is considered the best single detection method, the physical examination and tuberculin test also are used.

HEALTH NOTES

Even though there may be no apparent symptom of indigestion, the fact that the aging individual is not getting full value from the food eaten may cause tiredness early in the day. In such cases, foods rich in minerals and vitamins should be eaten in increased amounts and a smaller quantity of foods used.

Simple tiredness, by causing shoulders to droop, can cause pressure on the same nerves and cause pain in the neck, shoulder and arm.

While we all hope to live to a good age, life is not worth the living if we are not well physically, mentally and emotionally. And because we are more likely to be attacked by illness the older we get, the way to meet old age is to be locked over by our physician and follow his advice.

When Floods Occur

Floods on main rivers usually occur during the winter and early spring, but floods on small streams are more likely during the summer.

Forest Fire Protection

South Carolina is the only southern state which has state-wide forest fire protection.

Lumber Supply

Nearly half the lumber cut in the United States comes from some 40,000 small sawmills.

Sport on Nias

On the island of Nias, Indonesia, the men wear false mustaches and ear-lobes reaching to the waist. Minus these encumbrances, their favorite sport is jumping over 6 feet high, 3 feet wide stone pillars.

Sterling Silver

Sterling is 92.5 per cent silver and 7.5 per cent copper, the proportion used in British coinage. Our coins use the proportions of 90 per cent and 10 per cent, and this is called "coin silver."

Air Traveler

One of the most experienced air travelers is the cow. Many cows have been transported to Alaska via the air route in the last five years.

Electrical Tip

Always grasp the plug, not the cord, when disconnecting an appliance. This prevents pulling wires loose from the plug.

Certified Seed

Growers can improve the grain situation in their communities through the use of certified, treated seed of recommended varieties.

Up to the Farmer

Good cows properly fed and managed will produce good milk, but it's up to the farmer to keep it that way.

Swiss Government Modeled After U. S. Constitution

Switzerland, the mountain republic, observes throughout 1948 the centennial of her constitution. Consolidation of the 22 Swiss cantons (states) as a unified nation was achieved through the Constitution of 1848, which was modeled to a considerable degree after the Constitution of the United States. Principal difference between the Swiss and U. S. governments is in the organization of executive power. The Swiss president, elected from the seven-man federal council, serves only one year.

The right of presidential veto is replaced in Switzerland by the legislative referendum or popular vote. Swiss people vote directly for or against many important laws.

Switzerland's success in maintaining strict neutrality for more than a half century and remaining solidly secure through two world wars is due largely to her citizen army. On a per capita basis the Swiss under universal military training have the largest army in the world. A force of 250,000 could be mobilized overnight; 500,000 in 48 hours.

Historians look upon Switzerland today as a political miracle. Half the size of Maine, and with a population less than half of New York City, Switzerland has a people of four different languages and diverse religious beliefs.

Although landlocked, Switzerland has built up an amazing mechanism of banking and international trade. The Swiss franc is the only currency in the world comparable to the U. S. dollar in stability.

Simple Methods Recommended To Remove Starch From Iron

Starched clothes are indirectly blame for scars on many a hand iron, household equipment specialists say. When starch sticks and scorches on the hot iron, there's a temptation to scratch it off with a knife or any other sharp utensil handy. The result is likely to be permanent scratches on the plate of the iron. Once scratched the iron may catch on fabrics and pull threads.

There are several simple ways to remove starch without damage to the iron. If the iron is hot, do it this way: Shake salt on a piece of paper and rub the iron back and forth over the salt until the starch rubs off. From a cool iron starch may be removed by scouring with very fine steel wool or with a moist cloth dipped in fine scouring powder. Sometimes just rubbing with a moist cloth will do the job.

As a prevention against sticking starch, rub a little beeswax or paraffin frequently over the hot surface of the iron. Well-cooked starch is less likely to stick than starch which is not thoroughly cooked so it pays to prepare it carefully. A wax preparation to add when making up starch is on the market which helps prevent sticking and makes ironing easier.

Citrus Fruit for Cows

Dairy cows like to eat oranges, grapefruit and lemons. Dairy cows can be fed, as part of their ration citrus pulp and citrus fruits.

Cause of Accidents

Hand tools don't cause accidents! It's the people who misuse or misplace them.

Cost of Weeds

Weeds cost more than 2 million acres out of production in the U. S. each year.

Piping in Sleeping Car

Modern day railroad sleeping car being built by Pullman-Standard contains 4,142 feet of piping. Complexity of the job is apparent considering the average five-room house has only 200 feet of piping.

Essential to Farmers

First aid kits are essential equipment on every farm, say specialists of the U. S. department of agriculture. Such kits need not be expensive. They may be made up at home.

Cement Mixing

Don't try to "stretch" a bag of cement too far. For average wet sand, five gallons of water for each bag of cement is about right.

Certified Cotton Seed

There is a good supply of certified cotton seed available for planting next spring's crop. Look for the certified tag.

Wages for Farm Hands

Wage rates for farm hired hands continued to increase in 1948, averaging three and one-quarter times as high as in 1940.

Feeding Cows

To use grain efficiently, a balanced mixture is important in daily feeding. Feed cows on the basis of the amount of milk produced.

Cost of Palm Oil Spirals; New Sources Being Tapped

Oil that grows on tropical trees and ends up in the making of tin cans or big-city building materials has a 1948 price tag nearly five times higher than it was before the war, according to a recent steel industry survey.

This vegetable oil, obtained from the African oil palm, tops percentage-cost rises for more than two dozen raw materials of steel manufacture. It is essential, however, as a protective coat in rolling strip steel, in tin and other metal-plating operations, and as a lubricating and cooling agent in such processes as wire drawing.

The term "palm oil," notes National Geographic society, usually refers only to the product of the African palm, which in the United States goes almost entirely into the steel and tin-plate business. Other vegetable oils, notably coconut palm, at present are used chiefly in soaps, with minor amounts in margarine, candies and cosmetics.

The African oil palm, so named after its native continent, now is growing in other regions. Experimental stations which had been established in the Netherlands Indies and British Malaya were followed by extensive plantations. New palm oil operations also are rising in Latin America.

The African oil palm takes from four to eight years to mature. The fruits, which ripen to characteristic red-orange color, come in big bunches, in pointed oval forms one to two inches long.

Archaeologists to Decipher Rosetta Stone Inscriptions

American archeologists have gone to Iran in quest of the first complete copy of the "Rosetta Stone of Western Asia"—the language key which unlocked the mysteries of several ancient tongues. The expedition is using standard mountain-climbing equipment and skyscraper scaffolding to copy and photograph the enormous, 2,900 year-old inscription. The expedition is being sponsored jointly by the University of Michigan and the American Schools of Oriental Research.

The inscription which the archeologists will study and an accompanying relief were carved more than 2,500 years ago by order of Darius, king of Persia, on the rocky walls of Mount Behistun, 500 feet above the plain and 100 feet above a sheer vertical wall.

Two previous examinations of the ancient writings, the first made 100 years ago by the English adventurer, Sir Henry Rawlinson and the second by a British museum group in 1904, have been found inadequate. The present day investigators hope to bring back a cast of the relief itself, re-examine all the doubtful passages from previous translations, and copy four additional columns which have never been transcribed.

and Miss Kathryn Weber were at Milwaukee Saturday evening where they attended the wedding reception at the North Ave. auditorium given for Miss Gertrude Neuhold and John Hebein.

The ladies of the Altar society will sponsor a card party at the St. Michael's hall on Tuesday evening, May 24, at 8 o'clock, at which the usual games will be played and prizes awarded. Lunch will be served. The public is cordially invited to attend.

Among the visitors who came to witness the first holy communion and to spend the day with relatives we observed Mr. and Mrs. Edwin Seefeld of Milwaukee, Mr. and Mrs. John Stockhausen of West Bend, Mr. and Mrs. John Fellenz and Mr. and Mrs. Nic. Schiltz of Kewaskum, Joe Arnetz of Waukesha.

Mrs. John Roden, Mrs. Geo. Backhaus and Mrs. Harold Backhaus attended a cash shower at the home of Mr. and Mrs. Joe Weber on Sunday afternoon to honor Miss Kathryn Weber, a future bride. About 50 other relatives and friends were present. The afternoon was spent in playing luncheon. A delicious cafeteria supper was served.

The following from here joined with about 125 relatives and friends at the Barton Opera House last Thursday evening for a miscellaneous shower to honor a future bride, Miss Virginia Rose, who will be married to Donald Bietzer of Barton, Mrs. Ervin Rose, daughters Virginia, Shirley and Patsy, Mrs. Aaron Rose and daughter Betty of Fond du Lac, Mrs. Chas. Stracke, Mrs. Arnold Bier and Mrs. John Roden. The bride-to-be was presented with a large number of beautiful and useful gifts. The evening was spent in playing cards. A delicious cafeteria lunch was served.

Carelessness cost American farmers \$90,000,000 in damage by fire and lightning last year. Altogether farmers lost more than \$100,000,000—and more than nine-tenths of the fires could be traced to carelessness.

More than 200 million dollars worth of food will be consumed in the school lunch program this school year.
