

New Kewaskum and Community Theater Corporation Formed

Plan 141x54 ft. \$55,000 Building to Include 2 Stores or Offices; Theater to Seat 496; Opening in October

At a meeting in the village hall of some of the business and professional men last Monday a new organization was perfected called the Kewaskum & Community Theater Co.

A tremendous amount of time and effort was donated by the incorporators, and others in investigating this project and preparing and filing a long detailed application to the Department of Securities at Madison, Wisconsin, in order to get the common stock registered with that department as required by law.

It is anticipated that land will be purchased from Bartlett Realty Co., south of Schaefer Bros. garage, which will involve a frontage on the street for the theater and driveway of approximately 80 feet with an easement to a parking lot in the rear on a strip of land approximately 100 feet by 160 feet.

The building will be 141 feet long and 54 feet wide and the theater will have a seating capacity of 496 people. There will be two small stores or offices on the street floor each about 16 feet by 24 feet and a room upstairs 19 feet by 48 feet which could also be used for store or office space.

Estimates obtained indicate that the land and building will cost between \$52,000.00 and \$55,000.00. It is anticipated that the equipment for the theater will cost between \$20,000.00 and \$25,000.00. Presently the corporation only intends to purchase the land and put up the theater building.

As required by law, the incorporators have entered into an impounding agreement with the Bank of Kewaskum that all common stock that is subscribed and paid for will be deposited in escrow with the Bank of Kewaskum until the sum of \$50,000.00 has been paid in.

Those who have been active in promoting this worthwhile project for Kewaskum and community are to be highly praised for their devotion to the welfare of our community. The promoters have worked hard and have donated their services to this project. The directors and officers of the corporation are serving without pay.

Everyone knows of the tremendous value this project will be for improving the community and providing a place of recreation to the young people who will be the community of tomorrow. That in addition thereto this project will encourage people to build homes in Kewaskum and start other businesses and improve the general interest and welfare of the community.

Two Vehicles Damaged in Crash Near Campbell Farm

Two cars met at the crest of a hill one and one-half miles south of Highway H and a quarter-mile south of Campbell's farm in the town of Kewaskum Sunday. Heading north was John J. Martin, 19, Kewaskum, driving a 1949 Studebaker. Going south was a 1936 Chevrolet driven by Edward J. Berres, 60, West Bend. Both cars were quite badly damaged although the drivers were uninjured, according to the sheriff's report.

Elroy J. Egerer and Alfred F. Gessner, both residents of Kewaskum rural route, were drivers of cars which collided on County Trunk 8 at New Fane at 4 p. m. Monday. Egerer was northbound at a speed of about 30 miles an hour and Gessner was headed south. Gessner made a left turn into a driveway and Egerer was unable to stop his car and the autos collided.

Earl P. Wondra, 24, and Clarence Thill, both of R. 3, Campbellsport, damaged their cars in an accident on County Trunk W, town of Auburn, at 8:45 a. m. Sunday.

Rivers Team Shades Allenton in 2-1 Duel

LAND O' RIVERS STANDINGS (Northern Division)

Table with columns: Name, W, L, T, R, H, E. Rows include Jackson, Allenton, Slinger, West Bend, Barton, Kewaskum.

Scores last Sunday—Kewaskum 2; Allenton 1; West Bend 4; Jackson 1; Barton 7; Slinger 6.

Games July 4th—West Bend at Kewaskum, Allenton at Barton, Slinger at Jackson.

In a tight pitchers' duel here Sunday marred only by 7 errors "Killy" Honeck bested C. Schweitzer of Allenton as the Honeck Chevrolets barely nipped the visitors, 2-1. The win failed to lift the team out of the loop cellar as both West Bend and Barton also won. With Kewaskum ahead, 2-1, in the ninth, the first Allenton batter tripped but Honeck succeeded in retiring the side without allowing the runner to cross the plate as he struck out the next man and forced the next two to pop out.

The pitching was very even on both sides. Honeck and Schweitzer both struck out 5 men and walked 2. In the hits allowed department Schweitzer bettered Honeck. He gave up but 4 safeties while Honeck was nipped for 7. Each hurler allowed 1 double and 1 triple. The Chevrolets had 5 errors and Allenton 2. All told the contest was about as close as they come.

Only 1 batter on each team got 2 hits. Augie Bilgo connected for a single and triple in 3 journeys to the plate. Pitcher Schweitzer poled a single and double in 4 trips.

Table with columns: Name, AB, R, H, E. Rows include Noegel, L. Schweitzer, Wagner, Schaefer, C. Schweitzer, Roecker, Schlagenhaft, Gass, Ritter, Jonas.

Fireworks and Band Concert Here July 3

Don't forget about the giant fireworks display sponsored by the village of Kewaskum and local fire department in the village park Sunday evening, July 3. The fireworks will be preceded by a concert by the Kewaskum school band, under the direction of Elmer Schabo, starting at 8 o'clock.

This year's fireworks will be bigger and better than ever and will include a mixture of both aerial and ground displays. The band concert will be held on the park bandstand and the fireworks will be touched off across the river from the park where everyone can get an excellent view from the big park hill.

There will be no lack of refreshments. Concession stands will be operated by the firemen and hamburgers, ice cream, soda and beer will be available. Come to the park early as the refreshment stands will open at 5 p. m. No fireworks will be sold in Kewaskum this year but everyone can celebrate a safe, sane and enjoyable Fourth week end by attending the fireworks festival here.

16 Finalists in Alice in Dairyland Contest Named

Sixteen finalists from more than 200 entrants in the Alice in Dairyland contest appeared personally at the press and radio building in State Fair park, Milwaukee, Thursday, June 30, when the 1949 "Alice" was selected. Luncheon was served the 16 young ladies and their mothers at noon, while a dairy cocktail party and coronation ceremonies were held at 5:00 o'clock with newspaper editors of the state, who made the contest entries, as guests.

Included in the 16 finalists were Gloria Bidgood, Horicon; Myrtle Brunker, R. 3, Dodgeville; Barbara Lu Brunswick, Delavan; Mary Lou Collins, Broadhead; Thelma Darling, Montello; Nancy Carol Dirks, Oostburg; Elaine Falstrom, Montello; Ruth Mae Harding, Portage; Lavonne Herman, Mt. Horeb; Shirley Johnson, 2419 S. 77th St., West Allis; Lenore Hruska, R. 3, Luxemburg; Evelyn Manson, Sister Bay; Mary Noren, Montello; Urith May Naser, R. 1, Kewaskum; Rosemary Schwes, Menasha; Dorothy Westgor, Wittenberg.

Judges who selected the 16 finalists were Miss Margaret McGuire of Highland, the 1948 Alice in Dairyland; Claire Jackson, Madison, Wisconsin Council of Agriculture Co-Op; and H. W. Seranton of the Patricia Stevens Finishing school in Milwaukee.

This trio, together with Dr. O. R. Rice, Delavan, assemblyman, chairman of the Legislative Agricultural committee, and chairman of the Wisconsin Centennial committee in 1955, and Bryce Landt, Wisconsin Dells, national president of the American Dairy Assn., make the choice of Alice in Dairyland on Thursday.

Local Restaurant Changed Hands July 1

Mr. and Mrs. Otto Gehming have discontinued the restaurant business known as the Kewaskum Cafe, which they conducted in the Louis Heiser building on Main st. and on Thursday moved to a home near Lake Bernice in Fond du Lac county. The restaurant has been taken over by John and Marie Mossholder of Oakfield. The new proprietors took possession of the business on Friday, July 1, and are now open for business. In the future the business will be conducted under the name of Mari-Jon Restaurant.

Mr. and Mrs. Mossholder are experienced in the restaurant and cooking business and will spare no effort to please and satisfy their customers. They plan to arrange their hours that the restaurant will be open to best suit their patrons. They intend to open at 6 a. m. in the morning and remain open until 2 or 2:30 a. m. the next morning.

The restaurant will now serve dinners and plate lunches at noon and in the evening. Short orders and hot or cold sandwiches will be served at all times and fish fry Fridays from noon on. In a week or two, after they become settled, the Mossholders will serve special Sunday dinners.

Turn in Salvation Army Contributions

The chairman, L. N. Peterson, of the local Salvation Army unit, announced this week that a number of contributors had not responded to the annual appeal, and urges everyone to turn his contribution to the treasurer, M. W. Rosenheimer, at the bank as early as possible. So far there has been a fairly good return and only by a further response of old friends of The Salvation Army can the local quota be reached.

The chairman of the local committee pointed out that the local welfare fund is available to school principals, teachers, nurses, and social workers for visual aid, dental care, tonsillectomies, hearing aids, etc. He further reported that last year, The Salvation Army hospital for unmarried mothers cared for 259 girls and 241 babies.

A representative of The Salvation Army Service Unit department is expected in Kewaskum in the near future to confer with the committee and make a number of personal calls and finalize the campaign.

Utensils Win Easily at Granville, 10-2

LAND O' LAKES STANDINGS (Northern Division)

Table with columns: Name, W, L, T, R, H, E. Rows include Lannon, Mequon, Kewaskum, Menomonie Falls, Granville, Grafton, Germantown.

Scores last Sunday—Kewaskum 10; Granville 2; Mequon 5; Lannon 3; Grafton 3; Menomonie Falls 2.

Games this Sunday—Kewaskum bye, Mequon at Grafton, Lannon at Granville, Germantown at Menomonie Falls. Games July 4th—Kewaskum at Menomonie Falls, Grafton at Lannon, Granville at Germantown, Mequon bye.

The Kewaskum Utensils and Johnny Tassar combined to blast fifth spot Granville on their home field Sunday, 10-2, to stay right on the heels of the northern Lakes leaders. Previously unbeaten Lannon sustained its first setback of the campaign when Mequon upset them and gained a tie for the lead.

Tassar pitched himself a 5-hit ball game in downing Granville and never had a worry as his mates fattened their averages with 16 safe singles off 3 Granville pitchers. None of the 3 opposing twirlers could stop Kewaskum's onslaught. Tassar fanned 4 and walked 2. The Granville twirlers were Sieg, Gop and Batzler. Sieg walked 2, struck out none. Gop whiffed 1 and passed the same number. Batzler fanned 3 and issued 1 walk. Sieg allowed 8 hits in 4 and one-third innings. Gop 4 in 3, and Batzler 4 in 1 and two-thirds frames.

Table with columns: Name, AB, R, H, E. Rows include M. Rooney, Dorn, Marx, Kral, W. Tassar, Held, Prost, J. Tassar, Branten, Kanies, Wicker.

SPECIAL AGENT OF FBI SPEAKS TO KIWANISANS

Thrills in experiences of the FBI were related to the Kiwanis club Monday evening by Special Agent J. W. Schallie, in a very interesting program.

Mr. Schallie included in his talk history of the organization, qualifications necessary, speed of the fingerprint file system, FBI methods and training, and a special case of a juvenile delinquent's rise to national notoriety.

DRUM CORPS PLAYS 3RD & 4TH

There will be no holiday for the Legion drum and bugle corps over the Fourth of July. On Sunday, the 4th, the corps will be one of many drum and bugle units and bands participating in a giant celebration at Port Washington. This parade will be early in the afternoon. On the 4th the corps goes to Plymouth where they will be part of a big parade which will get underway at 10 o'clock in the morning to open a gala celebration in that city.

Rosenheimer in 100 Mile Outboard Race

Henry B. Rosenheimer, Kewaskum, was among the 111 starters in the Milwaukee Sentinel-Winnepigound Stock Outboard marathon Sunday. The race was run over a marked course of approximately 100 miles from Riverside Park in Neenah down Lake Winnebago to Oshkosh, Winneconne, Fremont and return. Only 51 of the original starters completed the race by four o'clock. The event began at 10 a. m.

Rosenheimer finished the race but did not place among the winners. Writing in Monday's Milwaukee Sentinel, Lew Morrison, outdoor editor, had this to say about Rosenheimer: "Typical of many entries was Henry Rosenheimer, Kewaskum, who entered his fishing boat and motor. The only difference he said is that my fishing equipment is missing."

More than 50,000 spectators all along the route were thrilled aplenty at the marathon which was run in heavy waves that played hazard with many of the boats, some even before the race started. Five boats, only a few miles from the starting point, piled up when all got caught in a heavy tail wash. The boats were placed in six classes, from A through F.

Count Over 1400 Cars at Maunthe Lake Sunday

Everybody loves a picnic and the beach is the thing in the summer time. And the weather of the past week or two really assures us that it is summer. Sandwiches served with dip pickles fished from a jar, baked beans and that home made potato salad reign as royal dishes, especially when washed down with plenty of ice cold lemonade, soda or suds.

And the many hundreds picnicking at Maunthe lake park in the Kettle Moraine state forest area near Kewaskum last Sunday were no exception. We are informed that more than 1400 cars were counted at this recreation park and beach that day and this does not include the numerous campers parked for the week end. The spacious grounds was jammed and cars extended way out to the road entrance. And this is a regular occurrence at popular Maunthe lake each week end.

Nearly all of the people are outsiders. Local people have to enjoy the park facilities during the week to have plenty of room and privacy. Even cloudy skies during the afternoon did not dampen the enthusiasm of family groups partaking of lunch at tables. Bathers who stretched out on blankets, all set for a good tan (or sunburn) dotted the scene. Amateur baseball enthusiasts were getting plenty of practice and they didn't care if they threw underhand or overhand.

Not only were cars parked in every available spot, many drivers tried to park in some that were not available. The day was not too hot for those who long to be on a horse. Many riders were to be seen cantering on the various bridle paths. And there was any number of fishermen testing their luck on the balmy blue.

Yessir, Maunthe lake and the Kettle Moraine area have proven to be among the favorite vacation spots and tourist centers of the state. And fortunately we natives have it right at our back doors.

KEWASKUM TRIMMED, 8-1, BY HARTFORD CYO IN PUDDLES

The Kewaskum Land o' Puddles entry suffered its second defeat in three games here Wednesday afternoon when the boys were clipped by the strong Hartford CYO nine, 8-1. Ronnie Vorpahl pitched for the locals with Eldon Ramthun Jr. backstopping. Kewaskum's downfall was their inability to hit the Hartford pitcher. Next Wednesday the team is at West Bend.

Big Two-Day Joint Picnic July 9-10 of Firemen-Legion

Event to Feature Saturday Night, Sunday Parades; Nationally Famous Oconomowoc Band Plays

This year for the first time the Kewaskum firemen and American Legion post are combining to run one big celebration instead of each organization holding a picnic as in former years. It will be a big two-day event on Saturday night and Sunday, July 9 and 10. The firemen and Legion have practically completed plans to make this summer's event one of the finest ever held in the village park.

To begin the week end festivities a hilarious comic and children's parade will be held Saturday evening starting at 7:00 p. m. Prizes will be awarded for the funniest and best features in the parade. Information has already leaked out that there will be some really crazy costumes and features in this comic affair.

Following the parade a water fight will take place at 7:45 p. m. between two picked firemen's teams and later the Kewaskum Public school band will present a concert for the entertainment of the folks. All of the rides, game, concession, amusement and refreshment stands will be operating Saturday night.

The Sunday doings will also start off with a parade at 12:30 p. m. and this parade will be the big or super one of the two-day celebration. Main feature will be the nationally famous Oconomowoc American Legion band, which played at President Harry Truman's inauguration in Washington, D. C. This outstanding band features a champion majorette in Connie Rhode, who has gained both state and national recognition and fame.

Other musical attractions in the parade will include the Port Washington drum and bugle corps and also the Kewaskum Legion corps, West Bend Chown band, and Kewaskum school band. The mammoth parade will have attractive floats, civic organizations, children's and other specialties, scouts, Legion and VFW drill teams, and many Legion and firemen delegations from neighboring cities and villages repaying Kewaskum's visits. Prizes will be awarded for the best floats and kiddie specialties.

The Oconomowoc band will present concerts in the park both afternoon and evening. Highlighting the entertainment by the band will be vocal solos by Elmer Kuenzie, tenor, and Carolyn Spaulding and Harold Clemens, soloists. The variety of stands again will be operating throughout the day for the amusement of young, middle aged and old. Admission to the park is free, so come, the Legion and firemen invite you all.

BOY SCOUTS BACK HOME FROM ENCAMPMENT AT SHAGINAPPI

About a dozen and a half Boy Scouts from Kewaskum were among 45 from the Badger council's four districts who participated last week in the first encampment period of this summer at Camp Shaginappi on Lake Winnebago.

During one night the campers were roused from their bunks by clanging bells, baring bugles and the roar of the Shaginappi cannon for a cannon parade. Among the winners determined were those from Kewaskum: Wayne Rommel, the prettiest; James Landmann, the most stripes; Bernard Skrentny, oldest.

Jay Van Blarcom of Kewaskum Troop 44 completed his second class scout requirements.

GARBLE GIRLS DISCUSS WORLD AFFAIRS . . .

So It Was Mickey Rooney Lost That Uranium!

. . . AND FIND IT'S ALL VERY CONFUSING

By H. I. PHILLIPS

THE GARBLE GIRLS . . .

"Do you think they'll pin anything on Mickey Rooney for losing that bottle of uranium in that fight with Scott Lucas over American aid to the Taft-Hartley act?"

"It's an even bet. Mickey had no business giving that jug to Mrs. Whittaker in the first place, even

for the honorary degree. By the way, what do you think of Margaret Vickers marrying the Ago Lillenthal?"

"You mean the Aly Acheson, don't you?"

"Oh yeah. I read so many papers so fast. I can understand it in the Aly's case because he is a Moslem but she is suppose to be a strict

vegetarian and there is no evidence that when she got on that bus with the top secret documents he got on at the same time, anyhow."

"I don't see why Martha Briten got so excited about it."

"She didn't think either of 'em should have fled the country as stewards."

"Oh. I go to the races and baseball and the movies. I loved Spencer Tracy in The Peter Pan Handicap. And that pennant race between the Dodgers and Potsdam was a thriller. I thought for a time that Old Rockport would win."

Mary Margaret at Stadium

The Yankee stadium was hired the other day for an anniversary party thrown for Mary Margaret McBride, famous radio star. More than 42,000 people attended. That's more than half the rival Yankee baseball clubs draw.

It was a sensational affair and Miss McBride scored standing up. It wasn't necessary for her to slide, although it would have pleased the fans no end.

And if she had had to slide she could have done it. Mary (Happy) McBride has the baseball spirit. She can hit and field. No position is beyond her. If you take note of the countless commercials the lady has delivered for dinner-table edibles you have to admit nobody has been more versatile "behind the plate" over so long a period.

Mary is in her way a pitcher, too. She has never had to be yanked off the mound in her career with the NBC club. Her greatest asset is her control. There is almost no wind up in her delivery. Smoothness marks her style.

The lady is a good all-around player, too. Shortstop takes her, but every other position is duck-soup—and she will name the brand of duck soup and tell you where to get it.

The striking thing about her Yankee Stadium workout was that she was the only player. It was her party and her game. She covered all positions and played an errorless game, if you overlook a couple of dropped eulogies for a prepared jolly.

Sheep Pastures
Grace Noll Crowell

OUT of the noise and clamor of the town I have come down
To this green pasture land where sheep
Graze in the golden light,
Where shadows creep
As deliberately as they across the grass.
The slow hours pass,
And I am one with the rhythm and the rhyme
Of this still land, this quiet time,
Even my hurrying heart has staved its pace
Within this quiet place.

Time is nothing here—the sun, the moon,
Come neither late nor soon;
There is no change in the ways of sheep.
They have kept
Step with the ages, hurrying not at all,
And no relentless call
Bids them keep
Appointment with the hours. If I could stay
Day after day
Here in this clean green land, perhaps I, too,
Could be more true

To the movement of the years, could march with
time
Until the far sublime
Music of the spheres
Would reach my ears,
And I could keep the tempo my life through
That sheep and shepherds do.

Star Dust
STAGE SCREEN RADIO
By INEZ GERHARD

DAN DURVEA (real name) has made his reputation on stage and screen as a heel. He has slugged Joan Bennett, Elizabeth Scott and Yvonne De Carlo. In "Manhandled," his latest film for Paramount, he twice delivers a short right to Dorothy Lamour's chin. As an actor no one can be as slicker or slimmer. In real life he's one of the nicest guys you could ask to meet, devoted to his wife and two young sons, active in PTA

and with the Boy and Cub scouts. He played a heel on the stage in "Missouri Legend," which set him for a similar role in "The Little Foxes" on stage and screen. In some 25 pictures he has given such excellent performances that someone's description, "a heel with sex appeal," will probably type him forever.

If Alexander Knox doesn't like his role in "The Judge Steps Out" it will be his own fault; he collaborated on the screen play. A reporter for 12 years before taking to the stage, he starts his 10th year in films with this one.

Ben Johnson, star of "Mighty Joe Young," was the favorite stunt man of Gary Cooper, Errol Flynn, Johnny Weissmuller and most of Hollywood's other male stars before John Ford and Merian Cooper discovered him in "Fort Apache." He was doing stunts for the picture on location at Monument Valley, Utah—now he's starring in their new picture.

The opportunity to paint Paulette Goddard posing as "Anna Lucretia" accounted for the stampede of students to enter the contest sponsored by Columbia Pictures at the Art Students League in New York. There will be money prizes, and the opportunity to have pictures exhibited at a New York gallery—but what the students want most is to see Paulette.

ODDS AND ENDS . . . Asked if he would retire after completing his co-starring role with Sinatra and Jane Russell in RKO's "It's Only Money," Groucho Marx said, "I don't know; ask me again after the picture is previewed." Beginning July 4 CBS' "The Second Mrs. Burton" goes south; 33 southern outlets are being added to the list of stations carrying the Monday-through-Friday daytime drama . . . Coleen Gray is Bing Crosby's new leading lady in "Riding High."

The Fiction Corner

AT FIRST Mr. Otis Gill had seemed to take a liking to young Arthur Forbes. But he changed his opinion when the Champion began to buck the choppy seas of the open Atlantic. She was not a large liner, and Arthur Forbes turned away suddenly and, clutching the deck rail for support, shaped an unsteady course for the companionship.

Mr. Gill burst into guffaws of laughter.

"Seasick!" he said, addressing a young couple nearby and nodding toward the companion way.

"Should have stayed home and tended to his knitting."

The young couple smiled politely but with a lack of enthusiasm. Neither of them felt equal to the task of getting up and following on young Arthur Forbes' heels.

The dining salon was located beneath the forward deck; Mr. Gill's table was at the extreme end, near that section where the vessel's bow began to narrow. He had hardly seated himself when he saw that young Arthur Forbes was placed two tables away and slightly behind. There was a plate of food on the table before the youth, but it was untouched. Like one in a trance Mr. Forbes was sitting with eyes widened greatly beyond their normal size, cheeks as pale as death.

After a time Mr. Gill saw that the youth at the other table was starting toward a port-hole, and his grin broadened. The port-hole was located far forward, and with each dip of the vessel one could see the entire slope of a wave, from trough to crest. Then for a space there would be nothing but open sky. It provided a sensation similar to riding on a roller coaster.

Mr. Gill knew that as long as young Forbes continued to stare through the port-hole his seasickness would steadily grow worse. And he chuckled at the thought.

After a while Mr. Gill found it was easier to stare straight ahead than to sit half-turned in his chair in order to watch young Forbes, who, after all, wasn't the most pleasing sight in the world. And in staring straight ahead Mr. Gill found that he was looking directly through the port-hole at the swishing seas.

HE WATCHED idly for a few moments and then looked away, conscious of a feeling in his stomach not wholly normal. The sensation passed and he looked again at the port-hole, feeling more comfortable in his position. Instantly the same strange sensation attacked him again.

Man Recovers Valuables Hid in Ground 20 Years

QUARTZSITE, ARIZ.—Felix Buba is still convinced that a hole in the ground is a safe place to hide valuables.

While digging for gold near here in 1920, he buried his tools, blasting powder, caps and two bottles of plaster gold.

Recently he visited the camp site and curiosity prompted him to see if his cache was where he buried it. To his surprise it was,

MISTER GILL
By Richard H. Wilkinson

Mr. Gill was sober now; his face pale; his eyes glassy. Realization of what was happening to him came like a shock. He was seasick! Helplessly, miserably ill. Never in his life could Mr. Gill remember feeling so utterly at the mercy of anything.

Miraculously Mr. Gill reached the doorway and disappeared up the stairs. Instantly the dining salon was a bedlam of laughter. Up toward the bow young Arthur Forbes was wiping some white substance from his cheeks and grinning broadly. Several men came over and spoke.

"I'll change your order, sir. Bring you some hot food."

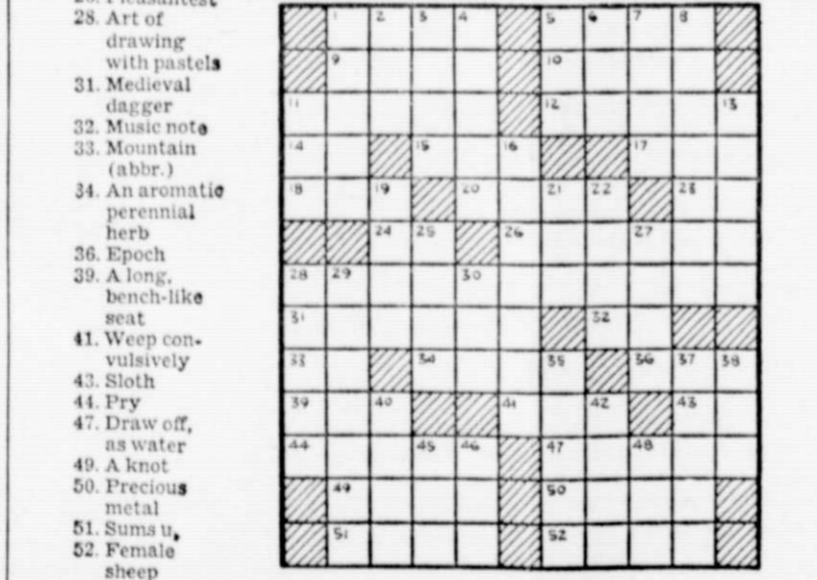

Mr. Forbes smiled. "Thanks. And say, steward, that was a smart idea of yours—asking me to play the role of the helplessly seasick passenger and placing Gill at that table directly opposite the port-hole."

The steward nodded, eyes a-twinkle. "We have a man like Mr. Gill on board every voyage, sir. And we have that table placed there for just his type. No one else is asked to sit so far forward."

Mr. Forbes chuckled. "Think of everything for the comfort of your passengers, eh? Well, if you didn't I'm afraid this voyage would have proved almost intolerable—with Gill talking the way he was."

MIRROR Of Your MIND
Should Weigh Dad's Dislike
By Lawrence Gould

Should you marry a girl whose father dislikes you?

Answer: This might largely depend on how the girl feels about her father, since your greatest danger in this situation is that her remorse at having married someone whom he disliked might in time have the effect of "turning her against you." But most fathers do not relish the idea of giving up their daughters and may take out their resentment on any man one of them wants to marry. If this is the situation, you can only go ahead on the assumption that "Dad" will eventually realize his daughter is a woman and entitled to her own life.

Does anyone want to be neurotic?

Answer: Yes. At bottom there can be no other reason for developing a neurosis. But because the person does not know what he is doing and cannot help doing it, to blame him is as unfair as it is useless. A neurotic symptom—a phobia, for example—represents the only way of getting satisfaction or avoiding danger the person can recognize with his emotions, whatever his "common sense" may tell him. And he'll cling to it like the proverbial drowning man until he is helped to realize that the same goal can be attained by less painful methods.

Are normal children interested in sex?

Answer: Of course, just as they are interested in all that goes on around them, especially if their parents make a mystery or secret of it. If you are worried over your child's concern with this subject, read a new book, "The Normal Sex Interests of Children," by Mrs. Frances B. Strain. This book

KEEPING HEALTHY
House Dust Often Causes Allergy

By Dr. James W. Barton

WE ARE familiar with allergy in which the tissues of some individuals (15 to 20 per cent of the population) react differently than most of us to certain substances that float in the air, are eaten in food, or injected under the skin. We see it in forms of hay fever, asthma, head colds, stomach upsets, hives and other skin eruptions.

Allergists, specialists in allergy, tell us that there are many substances causing allergy that are still unknown or not suspected. One of the commonest causes is ordinary house dust, to which one or more of the family are allergic but blame their symptoms on pollen or similar substances.

Some years ago a magazine mentioned a case of allergy in which the father of the household, afflicted with asthma, traveled ahead of his family to locate a district where he would be free of asthma. Finding such a place, he would send for the family. Shortly after the family arrived, his asthma

again would afflict him. It was only after several such movements that it was learned that it was the fur of the beloved family cat that was causing the asthmatic attacks.

While allergists have found some cases of allergy to be caused by street dust, it is more often substances in the air of the home that are to blame. Some of these substances are the children's toys stuffed with wool or cotton lint, insect sprays, heavy curtains, mattress fillings or feathers or cotton, certain domestic articles, the odors of perfumes, and powders, hair dyes, eyebrow and lip pencils.

The thought, then, is that where the cause of the allergic symptoms is unknown, and the usual test for foods and pollen have been made, the dust in the home—particularly in the bedrooms (mattresses) and in setting rooms (stuffed chairs and sofas)—should be carefully tested by an allergist. The cause of allergic symptoms can be found in the majority of cases if diligent search is made.

HEALTH NOTES

While all foods are nourishing, the foods that should be eaten daily in the usual servings (the protective foods) are meat, eggs or fish, milk and dairy products and green vegetables.

If all of us were to visit our physician and dentist regularly, many of us would not be afflicted with chronic illness in old age, as is so often the case.

As lying in bed for a lengthy period slows up the circulation and removal of wastes, it can be understood that continued motion of arthritic joints prevents adhesions (hardening of the tissues).

Headache centered in the forehead often is due to constipation and digestive disturbance. If over the eye, it may be sinus or an eye disturbance. Pain at the side of the head, about the ear, is in most cases caused by diseases of the ear and teeth.

Ain't It So
Dress reformers want the collar-stud to disappear. It very often does.

It costs money to practice vice; poverty covers a multitude of virtues.

Inconsistency is sometimes necessary. Nevertheless, inconsistency is a fault.

41 Per Cent of Land In U. S. in Herbage

Grass Top Resource, Cattlemen Assert

Grass is one of the greatest resources of this nation. In the United States there are approximately 779 million acres of land which will grow nothing but hay, grass and other herbage unfit for human consumption.

This great acreage represents 41 per cent of the total land of the nation. About 9 per cent of the lands in the United States are plowable but are used also to produce pasture, hay or forage crops. It can be concluded, therefore, that about 50 per cent of the United States would not be used if it were not for meat animals.

This little fellow, obviously so well-trained in life, is symbolic of what good pasturage can mean to cattle and just how much cattle depend on grass. In the United States there are approximately 779 million acres of land which cannot grow anything but hay, grass and other herbage.

Of the total feeds consumed by beef cattle 73.7 per cent is grass, hay and dry roughage. A minimum of grain is needed to bring feeder steers from 700 pounds to 1,000 pounds when the principal part of the ration is made up of hay, ensilage or other roughage.

The process of producing beef cattle normally involves the following steps:

1. The purebred operator who produces the sires and females which are the foundation of beef animal production. This branch of the cattle industry is one that requires heavy investment and efficiency in management.
2. The commercial breeder who produces the calves which are the offspring of commercial herds of female and purebred sires.
3. The pasture cattleman who grows the animal from the weaning or yearling stage to two years old, taking his profit from the poundage gained on grass and hay.
4. The feeder who "finishes" the animal from grass stage to slaughter condition, disposing of a large percentage of roughage.

How It Started...

ACCORDING TO HOYLE... A phrase meaning according to the rules—assumed to be in honor of Edmond Hoyle who wrote books on card playing and who is supposed to have formulated the rules for poker.

MAKE ONE THE GOAT... This is a shortened form of the word "scapegoat." Under Biblical law, as expounded to Moses by the Lord, the sins of the people were placed on the head of a goat selected by lot. The term of scapegoat is now used to designate anyone who bears another's blame—he is "made the goat."

Smile Awhile

Fifteen-year-old Viola had reached the crossroads of life but for her it was positively the end, but really. Her father went up to her room when he heard a lot of sobbing after she had returned from a dance.

"Why, Viola, darling, what happened?" he asked gently.

"Oh, Denny and I had a fight," she explained. "Now I just know I'll never get married. It seems I'm not old enough for the young men and not young enough for the old men."

Once there was a very rich old bachelor whose sole recreation seemed to be in leading the girls a merry chase. One young girl was a little doubtful about the advisability of chasing a man so old.

"Don't you think he is a little too old to be considered eligible?" she asked her aunt.

"My dear," she replied with a wisdom born of years of experience, "he is a little too eligible to be considered old."

Crop Rotation

Crop rotation with deep-rooted legumes, plant food and good management methods are the "gas, oil and lubricants" that keep your soil's crop producing machine going on high.

Each of these has a job to do. Each needs help from the others. They all have to work like a team.

Valuable as a good rotation is in balancing soil - building legume crops against soil-robbing row crops, it has to be backed up by wise land management methods. Cropping in even the best rotation drains the soil's supply of phosphate and potash.

And even if your good management program puts back every scrap of barnyard manure, plows under the legumes and returns straw, corn stalks and crop aftermath to the soil, you still ship away hundreds of pounds of plant food in the grain, beef and milk you sell every year.

Good Pasture Increases Dairy Herd Production

With 2.5 million fewer cows on farms now than in 1945, possibilities for profit in dairying are greater if labor-saving, high value pasture is the center of the production program. Good pasture can increase milk output and cut production costs. That means a bigger profit margin. Getting bigger pasture yields is a matter of feeding the soil plant nutrients so it can feed legume-grass mixtures.

Corn on Treated Land Returns Better Yields

Extra pounds of protein and more bushels of corn per acre are dividends from good soil management, declares H. J. Snider, of the University of Illinois. Corn grown on limed and fertilized land in a rotation built around deep-rooted legumes, averaged 5.6 pounds of protein per bushel, according to Snider. Corn on untreated land averaged only 4.8 pounds of protein per bushel.

"Having trouble cooling milk these hot days?"

When I dropped in at Ed's place one hot morning, Mrs. Jones was out at the milk cooling tank, stirring.
"Having trouble cooling the milk these hot days?"
"Had our first rejection yesterday," she said.
"Ever stop to think that stirring just opens up the can to dust and more bacteria?"
"But it won't cool right otherwise," she said.
"An International cooler brings milk temperature down to 50° in less than an hour," I explained.
"Not much chance for bacteria to multiply there! So, why not get a cooler and let it pay for itself this summer? Saves the bother of stirring, too. With stored-up cold in the icebank and exclusive pneumatic agitation, the International milk cooler chills its rated capacity in less than an hour twice each day!"
"Guess that's what we need," Mrs. Jones agreed. "I'll bring Ed in some evening and you tell him about it. Sounds like just as good an investment as our McCormick milker and cream separator."

WEEKLY NEWS ANALYSIS

GOP Leaders Rap Demo Depression And Plan Bill to Meet Situation; Brannan Plan Held Farm Vote 'Bait'

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

FARM VOTE:

Bait Is Set

There was more to the Brannan federal farm program than had met the eye. According to seasoned Washington observers, the plan would serve as a bait for the farm vote in the congressional races next year.

For instance, if administration leaders could extend wartime price support for another year, it would give voters a chance to pass on the controversial Brannan plan. Thus the plan could be dangled as a major issue when Democrats and Republicans began struggling for the important farm vote.

At a midwestern Democratic conference, both Brannan, secretary of agriculture, and J. Howard McGrath, chairman of the national Democratic committee, made a plea for extension of the price support program as they began to plan for next year's tug-of-war with the GOP.

McGrath, making it plain that the Brannan plan has Mr. Truman's endorsement, said continuation of the present relatively high-price support program was to be preferred to the Aiken long-range farm law passed by the 80th Republican congress. Unless congress acts, McGrath pointed out, the Aiken law will go into effect next year.

The Brannan plan is designed to support farm income at a "prosperity" level, but at the same time to provide consumers with lower prices for perishable foods—especially meat, dairy and poultry products—when there are surpluses. It would use government payments to assure desired farm cash returns.

PRESENT laws direct the government to support prices of major products at not less than 90 per cent of parity.

CONJURER:

Name, Smile

Franklin D. Roosevelt, Jr., who inherited a name and a smile to conjure with and wasted little time in conjuring with them, has been duly sworn in as a member of the house of representatives.

The 34-year-old congressman from New York's 20th district, filling the seat left vacant by the death of Sol Bloom, ran as a candidate of the Four Freedoms and Liberal parties, although he will operate as a working Democrat in the legislative arena.

ROOSEVELT failed to get the regular Democratic nomination during the campaign so he ran on the Four Freedoms ticket. In so doing he scored a popular upset over the regular (Tammany) Democrat, a Republican and an American Labor candidate.

The third son of the late President took the oath from Acting Speaker John W. McCormack (D., Mass.), while his mother beamed happily from the gallery.

During his first day on the job Roosevelt:

CHATTED briefly with President Truman; denied a rumor that he might run for mayor of New York; allowed that he hoped congress would repeal the Taft-Hartley labor law, enact Mr. Truman's civil rights program and put through a national housing act.

It all looked like a reasonable beginning for another Roosevelt political career.

HOUSING:

Action Seen

Indications were that despite opposition from many quarters, the administration's big new housing bill would get out of committee and go to the house floor for action.

THE RULES committee, which twice last year killed similar legislation, had refused to clear the current bill. But Rep. A. J. Sabath (D., Ill.) was predicting the committee would act to clear the measure.

Sabath was on fairly safe ground, for under the new house "anti-bottleneck" procedure adopted in January, the multibillion-dollar housing bill could be put to a house vote over the rules committee's objections.

THE housing program, one of President Truman's major campaign promises, was approved by the senate April 21 on a 57 to 13 vote. It then bogged down in the house.

The bill calls for a vast program of slum clearance, low-rent housing and farm housing aids.

SCHOOL AID BILL OPPOSED

Eisenhower Warns of Too Much Government

Dwight D. Eisenhower, speaking not as a military leader but as a college president, again saw fit to warn the nation against letting the federal government get too strong. It was the second time the supreme commander of Allied forces in World War II had issued that warning.

Declaring that he is opposed to legislation which would make fed-

CONFIRMED:

Gray Head Army

Just as everyone suspected, the senate unanimously approved President Truman's appointment of Gordon Gray, of North Carolina, as secretary of the army replacing Kenneth Royall, retired.

The senate also confirmed the appointment of John J. McCloy to be U.S. high commissioner for Germany and administrator of the U.S. occupation zone. McCloy was president of the world bank.

Bares Mission

Ex-Communist Editor Louis Budenz is shown as he told a senate committee that Gerhardt Eisler, who fled the U.S. as a stowaway, was ordered to Europe by Moscow to train "new espionage agents" for use in the United States. Budenz testified in connection with the committee's probe of subversive activities by aliens.

DEPRESSING:

'Right Now'

"I regret," the senator from Maine said, "that we are now in a state of depression. It is not a thing of the future. It is right now."

After thus evoking the spirit of the 1930's, Sen. Owen Brewster announced blandly that senate Republicans shortly would sponsor a 50-million-dollar public-works and relief-planning program "to meet the growing Democratic depression."

THE BILL to be projected along these lines would not in itself provide funds for public works, but merely would finance the planning of a "shelf" of such works to be started when deemed advisable.

Sen. Robert Taft (R., Ohio), who also is in on the deal, said that what he had in mind was a bill that would establish the framework for federal grants to states if their relief cases should reach a certain percentage of their total population.

Said Taft: "What we Republicans want to avoid is the creation of another WPA like Harry Hopkins ran."

Without trying to guess how much relief spending might be necessary under such a plan, Senator Brewster opined that would "depend upon just how bad this Democratic depression gets."

Whether this "relief bill" proposal is sincere or whether it is a cynical attempt to discredit the administration in the face of the coming 1950 elections, only time would tell.

TRUMAN:

Drops Curb Bill

There was one thing about President Truman—he was beginning to develop the ability to recognize a hint when he saw it. There have been times when the President seemed to suffer from an inability to do that, but now it's different.

THE President, obviously with an understanding ear to the ground, has decided he won't press congress to give him standby war powers.

THAT'S not only wise of the President, it's good strategy, particularly since it would have been impossible for the administration to convince the 81st congress that any such powers are needed.

However, there was an official reason advanced for the change in objectives. One authority described the revision of plan as a "quiet demilitarization" of the national security resources board on White House orders. In other words, the emphasis would be away from keeping the people agitated and alerted for possible future war.

THE war powers bill would have provided a detailed mobilization act covering priority and seizure powers, controls over prices, manpower; production and transportation. It would, if enacted, go into effect automatically on the declaration of war emergency by congress.

Mr. Truman was said to have decided it would be inappropriate to try to get such a law passed in peacetime.

RED CHINA:

Quiescent

Communism, like the worm in the bud, was creeping swiftly through China as the presence of the Red conquerors began to make itself felt.

At one village meeting in northern China, a man, bewildered and dismayed by the use of the Russian hammer-and-sickle flag in Chinese Communist meetings and parades, ventured to rise and ask a question:

"WHY IS THIS DONE?" he said. "Russia is a foreign country and we are Chinese."

And the presiding political commissar snapped, "This subject is not on the agenda."

About the only thing that did show up on the agenda throughout the country was the puzzled but ready acquiescence of the Chinese to Communist rule.

As a result, the nation appeared to be well on its way to assuming a regular orbit as a willing satellite of Russia.

FOR THE MOST PART there have been no signs of coercion or compulsion in the relationship. There is every evidence that the Chinese Communists are in fact eager to follow the dictates of Moscow. And that revelation should be enough to destroy any illusion that the Chinese Communists are just simple agrarian reformers.

They are whole-hearted, completely dogmatic Communists, following the doctrines laid down by Karl Marx and adapted for 20th century application by his disciples, Lenin and Stalin—and by Mao Tse-tung, leader of China's Communists.

THERE IS as yet no conclusive evidence that the Kremlin is giving direct, active aid to the Chinese Communists. But the affinity and spirit of cooperation that exists between Moscow and Peiping, capital of Communist China, is tangible enough.

The application of China's internal situation to the rest of the world is disturbingly clear: Through the rule of Mao Tse-tung and his party, China inevitably is becoming a massive extension of the Soviet power-bloc.

PRICE SUPPORT:

Smoke, Smoke, Smoke

Arrangements for new price support programs for tobacco were announced by the federal department of agriculture.

THE government will make loans on flue-cured tobacco at 90 per cent of the parity price—as it was June 15. Loans on burley and other types of tobacco would be at the September 15 parity price, except fire-cured tobacco, which would be 75 per cent of the burley rate, and dark air-cured tobacco 60 per cent of the burley rate.

(Parity is a price based on the relationship between prices of the things the farmers have to buy and prices of the products they sell. The government uses a basing period during which this relationship of prices gave the farmer what it considers a "fair profit".)

THE RATES a pound at which the support prices will be paid was to be announced in July for flue-cured tobacco and for other types in October.

The full loans will be made only to tobacco growers who do not grow more tobacco than they are permitted under marketing quotas. These quotas have been set up for flue-cured, burley, fire-cured and dark, air-cured tobaccos. There are no quotas on other types.

Didn't Like It

Lewis L. Strauss (left) member of the atomic energy commission, confers with Chairman David E. Lilienthal after Strauss had told a congressional committee he had no approved shipment of isotopes to "friendly" nations abroad. He was called to the chair over protests of Lilienthal who said, "It is unusual to start with dissenting views."

BUDGET TRIM:

Asked of Truman

Congress apparently wasn't feeling about its demands for more economy in government. Nineteen senators, representing both major parties joined in sponsoring a resolution directing President Truman to cut federal spending by amounts from two million to four million dollars. The reductions would be made in funds provided for the new fiscal year, which begins officially on July first of each year.

To become effective, however, the resolution would have to be approved by both houses of congress and the President himself.

Meantime, the administration's four billion dollar Marshall-plan appropriation appeared further jeopardized by "suggestions" from a congressional committee of "watchdogs" that the amount could be cut 470 million dollars "without retarding European recovery" in fiscal 1950. The effect of the proposal would be to cut back the appropriation for ECA as proposed.

INTRODUCING "OPPORTUNITY DRIVE" . . . The national capital's famed and historic Pennsylvania avenue is changing its name—temporarily—to Opportunity Drive. The purpose of this move is to aid the U. S. treasury's savings bond drive. In the photo, Miss Rachael Hudson, from the office of Sen. Alex Wiley of Wisconsin, poses with new name signs to be installed during the 4'er Opportunity Bond Drive.

BY THE LIGHT OF THE FLASH BOMB . . . This is how Manhattan Island's lower tip looked under the light of a series of 50-million-candlepower flares dropped by the U. S. air force to test its new system of night photography. This picture was taken from Governor's Island. The jagged silhouette of the sentry at the left was caused by different angles of illumination coming from flares which were dropped three seconds apart as the plane went up the river.

TOPS IN TELEVISION . . . Lodged on the pinnacle of New York's skyscraping RCA building, like a translucent bubble in the metropolitan air, is the new NBC television plexiglass radome housing receiving equipment for television. It's all-weather proof—cool in summer, warm in winter—as video star Kyle MacDonnell can attest after inspecting the "dish" which serves as a receiving antenna.

FAVORITES OF FATHER TIME . . . Luke Appling, ancient but able shortstop of the Chicago White Sox, takes a lesson on how to play his "position from Willie Hoppe, billiard wonder, who was a world champion before Appling was born. Still the world's three cushion titleholder, Hoppe won his first world's crown in January, 1906. Luscious Luke Appling has been with the Sox for 10 years, and is still going strong.

MAIL AND FEMALE . . . This lass is Barbara Ann Grosshrez who, at 22, is the youngest postmaster in New Jersey and possibly in the nation. She has been nominated for the job at Crosswicks, N. J., but has served in the position on a temporary basis for the past year.

● Identical twins (twins), those rare look-alikes who are closer than two (two) carbons of the same letter, are in a fair way to becoming immortalized more or less (less)—through the Hollywood Twin club. This organization is either one club with 36 members or two matched sets of 18 each—take your choice. Six members of the Twin club and their carbon copies (left) smile nonchalantly at the poor photographer. Meetings are held once a month for the sole purpose of getting together to relax and enjoy mutual hobbies.

Ditto Sisters

The Pope twins, Jane and Jo (right) have more in common than their faces. They have the same taste in clothes, food and frolics, including horseback riding. All members of the club are as versatile as they are beautiful, and all are engaged in some phase of theatrical work. Even in Hollywood, where illusions grow in abundance on movie lots, the twins are conceded to be unusual, unique and novel.

An effective routine used by Marion and Martha Neff is this "mirror" illusion. Martha, or maybe it's Marion, holds a hoop in the foreground and Marion, or maybe it's Martha, duplicates the pose in the background to present a "reflection" that isn't. The Twin club was formed in 1945, starting with five sets.

Jane and Jean Luther (right), who perform on skates in West coast ice shows, hold still in a pretty pose long enough for you to get a look at their faces in case you want to try to tell them apart—and what good would that do? The Costellos, Dorothy and Ruth, (below) are ballet dancers and are considered good at it. Here they carry out the twin business with identical dancing poses to match their physical appearance. The girls are both blonde and blue-eyed.

The Washington Merry-Go-Round

DREW PEARSON

Marshall Plan

WHEN Washington dignitaries gathered at dinner to commemorate the Marshall plan probably only one man present really knew how the Marshall plan got started—President Truman. And not even Truman knew or remembered all the details.

The birth of the Marshall plan—believe it or not—was influenced by the illness of Senator Bilbo of Mississippi. Furthermore, this plan—now a great force in revitalizing Europe—was a complete accident as far as the White House was concerned.

President Truman had been scheduled to make a speech at Cleveland, Miss., in the winter of 1947 and called in Dean Acheson, then under-secretary of state, to ask if he could get him out of a jam. He explained that to please some of his wife's friends he had promised to speak in Cleveland, that the folks in Mississippi had made elaborate preparations.

But, he said, he couldn't go. Senator Bilbo was back in the state, ill, after the Senate's refusal to seat him, and it would be political suicide, Truman felt, if he set foot inside the state at that time. He had written his Mississippi friends, he said, asking if they would accept a cabinet member instead, and they replied that they were greatly interested in foreign affairs and the only man they would take as a substitute was acting secretary of state Dean Acheson.

Acheson of course promptly accepted the President's personal plea, in fact told Truman he had been eager to make a major speech. But, he warned, it would be an explosive one.

Wallace's Mistake

So, having in mind Henry Wallace's famous speech on Russia which was officially cleared with the White House—but which Truman himself didn't read, Acheson took great pains to have his speech carefully examined.

His strategy was to have so many cabinet experts read it that it would not be sent to Senators Tom Connally and Arthur Vandenberg whom he suspected might pour on the cold water.

The perusers of the speech later held a meeting. Since there was nothing in the speech about bases, the army-navy had no objection. Dr. Nourse suggested a few changes of figures, which were accepted. Secretary of commerce Harriman, who had been talking to Acheson privately, was enthusiastic, while Truman was delighted that Acheson was getting him out of his Mississippi speaking jam.

The British press, however, played up the story big. And as a result Scotty Reston of the New York Times called on Acheson to ask whether this was a new American foreign policy.

"You had better ask the White House," Acheson replied.

Planted Question

So, at the next White House press conference, Reston asked a carefully worded question as to whether the Cleveland, Miss., speech represented Acheson's views or the administration's views.

Truman, still full of gratitude, and recalling that the army, navy, et al had approved the speech, replied that it represented administration policy.

A few days later, Acheson went to his chief, Secretary of State Marshall, and said in effect: "I have kicked a fairly important ball up in the air for you, but it's falling rapidly. How about catching it and giving a touchdown?"

After the speech, Acheson picked up a suggestion by Senator Vandenberg that a committee of prominent Americans be appointed to push the idea. Truman didn't like the suggestion, but Acheson argued him into it.

"Here is a man who more than anything else wants to get the Republican nomination for President of the United States," he told Truman, in effect. "Of his other two rivals, Governor Dewey never says anything about anything, while Senator Taft never loses an opportunity to attack you on domestic issues and crab at you on foreign policy. Vandenberg has played the game very well on bipartisan policy, and you ought to agree to his idea in order to keep him sweet."

Hoover, Baruch Out

The President did agree, and a meeting was held to appoint members of a committee to serve under secretary of commerce Harriman. Vandenberg was present. Acheson said he didn't care who was on the committee just so long as Herbert Hoover and Bernard Baruch were not.

Vandenberg, however, looking over the suggested names, said he had nothing against them, but that what the committee needed was an elder statesman as chairman.

Quickly, Acheson asked Secretary Marshall if he could answer that question, then went on to say that the committee's job was not to sell every filling-station operator on aid to Europe, but to get the cooperation of labor and industry leaders.

After all this preparation, however, the speech got only two or three paragraphs buried inside the newspapers. Few people in the U.S.A. realized that Acheson had launched one of the most important policies since the U.N. or the Monroe Doctrine.

HOUSEHOLD MEMOS

Plan Colorful Menus, Easily Prepared Food For Holiday Occasions

HOLIDAYS are often hard on mother because there is not only the whole family home for all meals, but also guests which may number several. Consequently, the lady of the house is so busy with food preparation and consequent clean-up activities that she never has a holiday at all.

If you're planning to celebrate Independence Day at home, use some of these simple suggestions for meals. The colors and other suggestions are in keeping with the theme of the day, but the food is kept simple by day-before preparation, and by very easy last-minute undertaking.

Weather permitting, serve supper outdoors, and save getting formal about the service as is usually the custom in the dining room. You may use colorful paper plates and napkins, too, thus eliminating much of the dish washing that always comes after eating.

HERE'S an easily prepared menu which may be started the day before:

- Tomato Onion Pie
- Celery Curls
- Carrot Sticks
- Black Olives
- Tutti Frutti Salad
- Ice Cream Cookies Lemonade

How to do: Prepare celery and carrots the day before and refrigerate. Place olives to chill. Prepare salad and place in freezing trays. Make cookies and make or buy the ice cream. An hour or so before dinner, prepare the tomato onion pie, and while it bakes, set the table on garden or porch.

- Tomato Onion Pie (Serves 4-6)
- 1 1/2 cups crisp cracker crumbs
- 1/2 cup melted butter
- 2 1/2 cups thinly sliced onion
- 2 tablespoons butter
- 1 1/2 cups canned tomato sauce
- 3 eggs, slightly beaten
- 1/2 pound sharp American cheese
- 1 teaspoon salt
- 1/4 teaspoon pepper
- 1/4 cup butter

Press into nine-inch pie plate to form crust. Bake in a moderate oven (350°) for ten minutes. Fry onions in two tablespoons butter until lightly browned. Bring canned tomato sauce to a boil. Remove from heat and add cheese. Stir well. Add eggs slowly to tomato mixture.

Add salt and pepper. Pour over onions which have been placed in the crumb crust and bake in slow (325°) oven about 45 minutes or until set.

- Tutti Frutti Salad (Serves 6)
- 1/2 cup shredded coconut
- 1 cup maraschino cherries, drained
- 2 oranges, sectioned and diced
- 1 cup crushed pineapple, drained
- 2 bananas, diced
- 1 cup whipping cream
- 1/2 cup mayonnaise

Toss together coconut and fruits. Chill and fold in cream which has been whipped. Fold in mayonnaise. Freeze until firm in refrigerator trays. Serve on lettuce cups.

- Ice Cream Cookies (Serves 6)
- 1 cup maraschino cherries, drained
- 2 oranges, sectioned and diced
- 1 cup crushed pineapple, drained
- 2 bananas, diced
- 1 cup whipping cream
- 1/2 cup mayonnaise

Toss together coconut and fruits. Chill and fold in cream which has been whipped. Fold in mayonnaise. Freeze until firm in refrigerator trays. Serve on lettuce cups.

- Orange Sugar Tarts (Makes 5 dozen)
- 1/2 cup butter or substitute
- 1 cup sugar
- 1 egg
- 1/2 cup bran
- 3 cups sifted flour
- 3 1/2 teaspoons baking powder
- 3/4 teaspoon salt
- 1/2 cup orange juice
- 2 teaspoons grated orange rind
- Colored Sugar

Blend butter and sugar until light and fluffy. Add egg and beat well. Add bran and blend. Sift flour together with baking powder and salt; add to first mixture alternately with orange juice. Stir in orange rind. Chill. Roll out dough to 1/4-inch thickness, working with a small amount at a time and keeping the remainder chilled. Cut into star shapes with floured cutter; sprinkle with colored sugar and bake on a greased baking sheet in a moderately hot (375°) oven about 10 minutes.

Whatever your menu plans for the holiday, you'll want to have plenty of cookies to serve with fruit or ice cream for snacks and dessert. Make them appropriate by having star shapes and rectangles with stripes, as pictured.

- LYNN SAYS: Flavor Tricks Improve Simple Dishes
- Grated horseradish added to hollandaise sauce will win you many compliments when served with fish, baked, boiled or fried.
- Mix strained honey with butter and heat. You couldn't have anything better for waffles, pancakes or French toast.
- Introduce flavor to waffles by adding a tablespoon or two of molasses to the batter just before baking.
- Ever tried salt pork cream gravy with trout? You'll want it often. Team the fish with baked potatoes.
- Looking for a simple supper dish? Fry small tomatoes and serve them on French toast, top with a poached egg and pour over this a sharp cheese sauce.
- Browned butter and grated Swiss cheese are a wonderful flavor addition to asparagus.
- Silvered, toasted almonds are delicious when sprinkled on top of cream of chicken soup or a party version of just plain chicken salad.

For a porch supper on the Fourth of July you can plan this "patriotic" onion pie which fits into the color scheme of things with its rich red color. The pie has a crumb crust and a filling of canned tomato sauce, onions and cheese.

- LYNN CHAMBERS' MENU
- Chicken Baked in Milk
- Baked Potatoes
- Peas with Mushrooms
- Hot Rolls
- Grated Carrot-Pineapple Salad
- Fudge Sundae
- Star Cookies
- Recipe Given

If you want to serve barbecued frankfurters for a garden supper, these may be used in the following simple menu:

- Barbecued Frankfurters
- Picnic Salad
- Corn on the Cob
- Butter
- Mustard
- Relish
- Fresh Fruit or Berries
- Cookies
- Beverage

Bake the frankfurters in an oven with the sauce, or place them in a skillet so they can be cooked with the sauce on an outside grill. The menu requires little other preparation except for the salad.

- Barbecued Frankfurters (Makes 6 rolls)
- 6 frankfurters
- 6 rolls
- 1 tablespoon butter
- 1/2 cup chopped onion
- 1 teaspoon paprika
- 1/2 teaspoon pepper
- 4 teaspoons sugar
- 1 teaspoon mustard
- 4 teaspoons Worcestershire sauce
- 1/4 teaspoon tabasco sauce
- 1/4 cup catsup
- 3 tablespoons vinegar

Melt butter, add onion and cook until clear. Add dry seasonings, sauces, catsup and vinegar. Cut a three-inch slit in each frankfurter and place them in a baking dish, slit side up. Pour sauce over them and bake in a moderate (350°) oven for 20 minutes. Place in split, toasted, buttered rolls. Garnish with green onions, if desired. Serve extra sauce separately, if desired.

- Picnic Salad (Serves 6)
- 4 cups cubed, cooked potatoes
- 1/2 cup chopped green onion
- 1/2 cup diced celery
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 1/2 hard-boiled egg, sliced
- 1/2 cup mayonnaise
- 2 cups grated carrot

Combine potatoes, onions, celery and seasonings. Add eggs and mayonnaise. Toss lightly with carrots, chill and serve with greens.

HERE are some cookies which will be appropriate for the holiday:

- Orange Sugar Tarts (Makes 5 dozen)
- 1/2 cup butter or substitute
- 1 cup sugar
- 1 egg
- 1/2 cup bran
- 3 cups sifted flour
- 3 1/2 teaspoons baking powder
- 3/4 teaspoon salt
- 1/2 cup orange juice
- 2 teaspoons grated orange rind
- Colored Sugar

Blend butter and sugar until light and fluffy. Add egg and beat well. Add bran and blend. Sift flour together with baking powder and salt; add to first mixture alternately with orange juice. Stir in orange rind. Chill. Roll out dough to 1/4-inch thickness, working with a small amount at a time and keeping the remainder chilled. Cut into star shapes with floured cutter; sprinkle with colored sugar and bake on a greased baking sheet in a moderately hot (375°) oven about 10 minutes.

Orange marmalade is an old favorite with toast, but try this idea for a real treat: place slices of cream cheese on top of the marmalade and broil until the cheese is bubbly.

Broccoli looks good and is tasty, too, if you dress it with plenty of melted butter and garnish with rice, hard-cooked egg.

Save your sausage drippings for gravy. Sauté a few mushrooms in the drippings, then thicken with flour and add milk. This is especially delicious for chicken.

Small squares of browned bread will make any soup more interesting but they're especially good for cream of tomato or cream of mushroom soups.

An omelet can turn from a simple breakfast dish into a party meal if you serve it with creamed chicken and a sprinkling of chopped parsley.

If you don't care for breakfast, try egg beaten with orange juice and milk. Flavor with honey and salt and you'll have a breakfast that gives energy plus.

ENTRANCE AGE FOR BOY SCOUTS TO BE LOWERED
In an unprecedented move, the Boy Scouts of America have lowered the entrance age for its three programs of cub scouting, boy scouting and senior scouting, effective next Sept. 1.
In announcing the far-reaching change authorized by the National Executive Board of the organization, Dr. Arthur A. Schuck, chief scout executive, said the decision was reached after a three years' exhaustive study during which opinions were obtained from experienced leaders as well as parents.
After Sept. 1, boys may become Cub Scouts at eight years of age instead of nine; Boy Scouts at eleven instead of twelve, and Explorers at fourteen instead of fifteen years of age.
The program known as senior scouting, now becomes "Exploring" with its scope broad enough to include land, sea and air activities as well as life exploration. Units specializing in seamanship or in aviation will be known as Explorer Ships or Explorer Squadrons.
