Elnor Hintz Fatally Injured in Accident at Utensil Co. Friday

Elnor H. "Jigger" Hintz, 27, son of Mr. and Mrs. Oscar Hintz, Campbellsport, formerly of Dundee, an employee of the Kewaskum Utensil Co., was fatally injured at about 9:15 a. m. Friday, Sept. 2, while at work at the plant.

The young man was unloading a car of aluminum circles and storing them in the metal room when in some manner a heavy box of metal fell on him from above, causing fatal injuries. He was dead when discovered by another employee of the company. Hintz is in charge of metal at the plant and was at his regular position. He had been employed at the Utensil Co. since Oct. 7, 1946.

Born Oct. 8, 1921, Hintz was married and the father of an infant child. Funeral services will be held Monday. The time and place had not been arranged at the time of this writing.

Games Labor day—Germantown at Kewaskum (second game of Rivers-Lakes doubleheader), Grafton at Granville, Mequon at Meno. Falls, Lannon bye.

The Utensils were beaten on their home hunting grounds Sunday when Mequon, which team is tied for the Lakes lead with Lannon, turned the trick by an 8-3 margin. The setback gave the team a 500 rating for the season, eight games won and eight lost. The team will end its season this week end with home games both Sunday and Monday.

Although beaten, Johnny Tessar pitched one of his best games of the campaign and didn't deserve to lose, especially that bad. He allowed the Mequon sluggers only seven hits, struck out six and walked three. Five costly errors hurt considerably. H. Ruchl opposed Johnny on the hill and did a six hit job, fanning only three and passing two. Kewaskum tallied all three runs in the big eighth inning while the visitors struck in three frames.

W. Tessar and Prost collected two bingles apiece for the losers and each had a double. H. Gengler and Gerach smacked out two each for Mequon.

UTENSILS 8, CAMPBELLSPORT 5

Last Thursday night the Utensils played an exhibition game under the lights at the West Bend city park against the Campbellsport Athletics of the Kettle Moraine circuit and were victorious by a 5-3 score.

It was a comedy of errors under the West Bend lights and the boys on both teams were kicking field goals all night. The scoremarker chalked up 16 miscues, nine against Kewaskum and seven for the Athletics. Each team col-

Holy Trinity School Will Open Sept. 12

Holy Trinity Parochial school will open on Monday morning, Sept. 12, for the 1949-50 term. This is later than usual due to the fact that there usually is a polio epidemic at this time of year and the opening in past years has been delayed anyway. A sizable increase in enrollment is expected. Last year about 100 pupils were enrolled and this year's attendance is expected to reach about 120 mainly because of the large class entering first grade.

All children who will be six years of age by Dec. 1, 1949, will be accepted in school this fall. Those entering the first grade registered with the school sisters at the school Friday, Sept. 2.

The staff of school sisters is the same as last year. Sr. M. Maurita will teach the 6th, 7th and 8th grades; Sr. M. Janet the 3rd, 4th and 5th grades; and Sr. Marie the 1st and 2nd grades. The domestic sister is Sr. Georgiana.

LAND O' RIVERS STANDINGS (Northern Division)

Table with columns for team names and scores. Includes Kewaskum, Allenton, West Bend, Barton, Jackson, Slinger.

Scores last Sunday—Kewaskum 9, Barton 3; West Bend 4, Slinger 1; Jackson 7, Allenton 3.

Games this Sunday—Allenton at Kewaskum (first game of Rivers-Lakes doubleheader starting at 12 noon), Jackson at West Bend, Slinger at Barton.

Game Labor day—Slinger at Kewaskum (first game of Rivers-Lakes doubleheader starting at 12 noon).

The Honeck Chevrolets dood it again Sunday when they shaded Barton there, 9-8, in a free-hitting contest. This victory almost clinched the northern Rivers championship for the team as Allenton lost to drop a game and a half behind Kewaskum. West Bend won to gain a tie for second with Allenton. Allenton and West Bend have only one more game to play on Sunday while Kewaskum has two tilts to complete, on Sunday and Monday.

The Chev's have only to win one of the two to cop first place. The game at Barton was well played. Honeck was the starting pitcher for Kewaskum and was relieved by Backhaus with one out in the 6th. Honeck gave up eight safeties, struck out nine and walked four during this time. In the last three and two-thirds innings Backhaus allowed five hits and whiffed one. A. Duenkel relieved Barton's starting twirler, Bechwar, with one away in the eighth. Bechwar was touched for 12 hits, struck out two and walked one in seven and one-third frames. Duenkel finished with two hits and three strikeouts in one and two-thirds innings.

Dreher had a great day with the bat for the winners with four hits, all singles, while Korth and Stahl pounded in seven hits. Marx hurled for the winners and mowed down 12 Athletics on strikeouts. He walked only one batter for a great job. Lichtensteiger and J. Wondra shared the mound chores for Campbellsport. The former whiffed three and walked one, while Wondra fanned four and also passed one. All three pitchers did all right and it wasn't their fault what happened.

Prost with two doubles and Stautz with two singles paced the Utensils hitting. A. Wondra and Timler collected two apiece for the losers.

Kewaskum Votes 205 to 23 For New Elementary School

Citizens Endorse New \$98,000 Building by 9-1 Margin in Special Referendum Election Tuesday

Citizens of Kewaskum voted 205 to 23, a margin of almost nine to one, for a new \$98,000 five-room grade school and kindergarten building in a special off-season referendum ballot Tuesday. The election was held in the high school gym and a fairly heavy vote of 228 ballots was cast. Polls were open from 7 a. m. to 8 p. m.

The referendum ballot was to approve an initial resolution authorizing \$98,000 school building bonds of Joint School District No. 5 of the village and town of Kewaskum for the erection of said building and equipping same with heat, ventilation, light, and other necessary apparatus.

Designs for the new school call for the latest developments in lighting and seating. All rooms will be on one floor eliminating all stairs. Ceilings, lower than is conventional, will be appropriate to its youthful inhabitants. The acoustics of each room will be carefully planned. The building will be entirely fireproof.

Seating arrangements will be on a 45 degree angle to eliminate glare reflections. Blackboards will be in color and tilted for better vision. It is hoped to start work on the construction of the building yet this fall.

County Polio Chapter Advanced \$2,000 by National Foundation

Another advance from the National Foundation for Infantile Paralysis was received at West Bend last week when Palmer E. Daues, state representative, visited West Bend and turned a \$2,000 check over to Anton P. Starni, chairman of the Washington county chapter of the foundation. The check was from the state polio fund committee which had recently received a request for that amount from the Washington county group. The photo above shows Mr. Starni (seated) accepting the check from Mr. Daues.

Although Washington county received \$3,900 as its share of 1949 March of Dimes contributions, the continuing expense of cases from 1948 and earlier years has depleted the chapter's treasury five months before the next March of Dimes.

Although only one 1949 case has been reported here at this writing, about \$4,000 has been paid out for the care and treatment of polio victims so far this year, according to Starni, and the \$2,900 just received will be used to pay bills outstanding. All bills paid thus far and all outstanding bills are for cases originating in 1949 or earlier years. The \$5,900 in bills represents aid to about 25 Washington county

polio victims. To emphasize the high cost of polio, Starni pointed out that one recent case has cost the chapter almost \$4,000. The chapter will probably need more help before the next March of Dimes campaign. The national foundation has sent more than \$60,000 in additional aid to Washington county in the past four years. More than one-half million dollars has been returned to Wisconsin chapters for this purpose during the same period. Also, \$177,000 has been spent in Wisconsin for polio research and many scholarships and fellowships granted to Wisconsin citizens.

The respirator, purchased by the chapter several years ago for St. Joseph's hospital, has been transferred temporarily to Wisconsin General hospital at Madison where an urgent need existed. Officers of the Washington county chapter, in addition to Starni, are: F. S. Clausen, Hartford, vice chairman; Miss Caroline Richter, West Bend, secretary; W. J. Gumma, West Bend, treasurer; Mrs. Marion Haebiz, West Bend, women's chairman; and Judge Frank W. Bucklin, West Bend, chairman of the executive committee.

Bunkelmann-Jeske, Etta-Warinius Rites

Lloyd E. Etta, son of Mr. and Mrs. John Etta, R. 1, Kewaskum, took as his bride Miss Rita A. Warinius, daughter of Mr. and Mrs. John S. Warinius, R. 3, Campbellsport, in a ceremony performed by Rev. Schouten at 2 o'clock Saturday afternoon, Aug. 27, in the rectory of St. Mary's parish, Cascade.

The bride's sister, Marcella Warinius, was her maid of honor. Another sister, Joan Warinius, and Marilyn Buss and Patricia Fox, friends of the bride, acted as bridesmaids. All wore gowns of identical style with nylon marquisette over taffeta fashioned with round neckline, sheer yoke outlined with shirred chantilly lace, fitted basque and full skirts in pickup style with revealing rows of lace at the hemline. They wore long mitts and poke bonnets and carried handkerchiefs in matching colors. The maid of honor was dressed in white and carried an arm bouquet of peach colored glads and blending roses and asters. The bridesmaids were attired in blue, bon bon pink and yellow respectively and their arm bouquets consisted of glads and pom poms to match their gowns.

Little Duane Etta, niece of the groom, was flower girl. Her gown was of white nylon marquisette over satin. The frock was styled with a sweetheart neckline edged with shirred lace, puff sleeves and fitted bodice. The full skirt in pickup style revealed rows of shirred lace at the hemline. She carried a colonial bouquet of pastel flowers.

The bride's mother wore a long sleeved, fitted dress suit of cocoa brown and Mrs. John Etta was attired in a short sleeved dress in cocoa brown. The mothers each wore a corsage of white carnations and mums.

Burno Felms served as best man for the groom, and David Backhaus, Glen Backhaus and John Warinius Jr. were groomsmen. The groom's nephew, Ethan Etta, was ringbearer.

Gifts of the bride, Theodore Kahnt, attended the bridegroom as best man, while Sylvester Schemenauer, brother of the bride, and Donald Bietzer were the groomsmen. Stanley Wolf and Hubert Becker served as ushers.

For her marriage, the bride chose a gown of gleaming white satin. It had a wide fold at the yoke edged with a flounce of Chantilly lace. A fitted bodice topped the very full skirt detailed with a shirred panel front and pick-up hemline revealing ruffles of lace. The long train was also edged with a ruffle of lace. A seed pearl crown held her veil, and she carried a bouquet of white roses, white gladioli and a lavender orchid.

The bridal aides wore identical colonial styled satin gowns, fashioned with portrait necklines edged with satin ruffles. The fitted bodices were attached to bouffant skirts, gracefully draped, and trimmed with matching ribbons at the hemlines. Matching gauntlets and satin picture hats completed the ensembles. Mrs. Klein was garbed in pale green and the bridesmaids in pink. All carried cascades of deep pink gladioli and lavender orchids.

Following the services, the newlyweds were feted at a dinner and supper served at the home of the bride's parents, and at a wedding dance at Goring's hall, Nabob.

They will reside at 423 Washington st., West Bend. The bridegroom graduated from the Waldo High school with the class of 1945. His bride has been employed at Anity Leather Products Co.

BUNKELMANN-JESKE

In St. Lucas Ev. Lutheran church at Kewaskum on Saturday afternoon, Aug. 27, at 3 o'clock, the wedding of Miss Ruth Jeske, daughter of Mr. and Mrs. Erich F. Jeske of Kewaskum and Harold Bunkelmann, son of Mr. and Mrs. William Bunkelmann, also of Kewaskum, took place.

The Rev. Gerhard Kanies officiated using the double ring ceremony with Mrs. Kanies at the organ. Miss Betty Jeske, as her sister's maid of honor, and Byron Bunkelmann, brother of the groom, as best man were the attendants of the couple.

The bride chose a forest green satin dress with brown accessories as her wedding costume and wore a corsage of white roses. The maid of honor wore a steel blue satin dress with wine accessories and a deep red rose corsage.

A reception was held at the bride's home from 4 to 6 p. m. followed by a wedding supper. Garden flowers created a lovely setting for the reception and supper. The net covered refreshment table was centered with a three

Car, Semi-Trailer Involved in Two Highway Accidents

John H. Crook, 23, Campbellsport, escaped injury at about 9 p. m. Monday when the car he was driving went out of control on County Trunk V, several miles north of Kewaskum. Crook told police that he was traveling at a moderate rate of speed when the steering shaft broke. The driver collided into a stone fence, mounted the fence, struck one large rock and rolled back onto the road. The entire front end of the car was damaged. Forest Braun, Washington county police officer from Kewaskum, reported that a motorist stopped him and reported that Crook had run the motorist off the road. The car also hit a truck in Kewaskum some minutes before crashing, it is reported.

A tractor, owned and driven by Marvin Diering, Kewaskum, pulling a semi-trailer owned by the Bird Trucking Co., also of Kewaskum, left the highway and rolled over Monday morning west of Lighthouse on the Hwy. 55 detour running from the Lighthouse to Hwy. 33 around Barton, where the road is being reconstructed. The driver, who reported that he fell asleep at the wheel, was hauling a load of canned goods from Kewaskum to Chicago. Diering escaped injury. The tractor and trailer were quite badly damaged.

lied wedding cake flanked by crystal candelabra holding white tapers.

The destination of their honeymoon was not disclosed by Mr. and Mrs. Bunkelmann, who will reside at Kennilworth, Ill. The bride is a graduate of Kewaskum High school and the Dodge County Normal school at Mayville. She taught one year at Washington township school. The groom graduated from the Kewaskum High school and Platteville State Teachers' college. He will teach industrial arts at Kennilworth, Ill.

ROSE-SCHENENAUER

The Rev. Robert Schweizer performed the ceremony in St. Mathias church, Nabob, Saturday morning, at 9 o'clock, uniting in marriage Miss Bernice Schenenauer, daughter of Mr. and Mrs. Joe Schenenauer, R. 5, West Bend, and Richard Rose, R. 2, Kewaskum, and Richard Rose, R. 2, Kewaskum, and Mrs. Erwin Rose, R. 2, Kewaskum, is a lineman at the Wisconsin Gas & Electric Co.

The bride was attended by her sister, Mrs. Lawrence Klein, as matron of honor, and Miss Shirley Rose and Mrs. Donald Bietzer, sisters of the bridegroom, as bridesmaids.

A cousin of the bride, Theodore Kahnt, attended the bridegroom as best man, while Sylvester Schemenauer, brother of the bride, and Donald Bietzer were the groomsmen. Stanley Wolf and Hubert Becker served as ushers.

For her marriage, the bride chose a gown of gleaming white satin. It had a wide fold at the yoke edged with a flounce of Chantilly lace. Following the services, the newlyweds were feted at a dinner and supper served at the home of the bride's parents, and at a wedding dance at Goring's hall, Nabob.

They will reside at 423 Washington st., West Bend. The bridegroom graduated from the Waldo High school with the class of 1945. His bride has been employed at Anity Leather Products Co.

HETEBRUEG-LEHNERZ

On Saturday, Aug. 27, at 9 a. m., Miss Mercedes Lehnerz, daughter of Mr. and Mrs. John Lehnerz, R. 2, Kewaskum, became the bride of Robert Hetebrueg, son of Mr. and Mrs. Walter Hetebrueg, R. 2, West Bend. The ceremony took place at St. Michael's church with the Rev. John Grasser officiating.

The bride, who was given in marriage by her father, wore a white marquisette gown with a full skirt and a long train edged with two rows of ruffles. Lace formed a V shaped neckline. Her fingertip veil fell from a sweetheart bonnet. She carried a cascade bouquet of white gladioli centered with an orchid.

Genevieve Lehnerz, sister of the bride, was maid of honor. She wore an orchid marquisette gown with a square ruffled neckline, full skirt falling in three tiers from a fitted bodice. She wore a picture hat matching her gown and carried a basket of yellow gladioli

Vandals Tip Over Grave Stones in Peace Cemetery

A total of ten grave stones were found tipped over at the Peace Evangelical and Reformed church cemetery, a short distance west of the village, last Friday.

It is believed that thoughtless young vandals probably committed the offense last Thursday night or early Friday morning. Sheriff Sylvester Naumann stated. The sheriff indicated that the investigation is being carried on but that no suspects have yet been picked up. He added that tipping over each stone is an offense in itself. In other words, there were ten offenses.

The smaller tomb stones could be pushed over by one man, but the larger ones would take at least two men, Naumann said. Officers who investigated the damage Friday included Edmund Haack, chief of police in Kewaskum; Joe Bruenger, deputy sheriff, and Sheriff Naumann.

Elsewhere in this issue the Peace church is offering \$100 reward for information leading to the arrest and conviction of the person or persons responsible for the vandalism.

KIWANIS TAKEN BACK TO HORSELESS CARRIAGE DAYS

Automotive scenes from the early horseless carriage days down to the present swift moving age were presented to the Kiwanis club Monday evening in an interesting and laugh-provoking motion picture.

America and Americans were pictured in typical scenes as the automobile and its important place in this county were traced through the years. The increasing reliability on service station assistance was emphasized. The film was shown through the courtesy of club member Norman Jaeger.

Club Pres. Ted Schmidt reported on doings at the Wisconsin-Upper Michigan district convention held recently at Appleton, which gathering he attended along with members Al Hron and Pete Peterson.

SHOWER FOR SCHOOL SISTERS

The ladies of Holy Trinity parish held a canned goods shower for the local school sisters at the church hall on Monday evening with the sisters and a large representation of the ladies of the parish present. The sisters were presented with a large variety of canned goods and other edibles. Bingo was then played with prizes awarded. A fine lunch was served by the hostesses of the evening namely: Mrs. Albert Hron Jr., Mrs. Lloyd Hron, Mrs. Harold Marx and Mrs. Frederick Miller.

MR. AND MRS. KARNITZ MOVE HERE; SIMONS LEAVE TOWN

Mr. and Mrs. Linus Simon and family on Sunday moved from the upper flat in the Eugene Zehren home on North Fond du Lac avenue to Campbellsport. Mr. and Mrs. George Karnitz of Wayne have moved into the flat vacated by the Simon family. The Karnitzs conducted a tavern business in the Forester building at Wayne.

SHOWER FOR MISS BARTELT

Miss Marjorie Bartelt was honored at a shower given by Joyce Bartelt and Marilyn Buss Tuesday evening, Aug. 23. Court whist was played with prizes going to Lois Koch, Mrs. Wayland Tessar, and Lois Klukas. Miss Bartelt was the recipient of many useful and beautiful gifts. Miss Bartelt will be married to Ivan Buss on Sept. 10.

and white daisy mums.

The bridesmaids were Mrs. Cecil White, sister of the bride, and Mary Agnes Hetebrueg, sister of the groom. Their gowns, hats, and baskets were identical to those worn by the maid of honor.

Susan Hetebrueg, sister of the groom, was flower girl. She wore a white organdy dress and carried a basket of orchid and white gladioli. The crown in her hair consisted of white gladioli and white daisy mums.

Merlin Geldel, brother-in-law to the groom, was best man and Albion and Harold Lehnerz, brothers of the bride, were groomsmen. Ushers were Cecil White and John Lang Jr.

After the ceremony a reception for 150 guests was held at the home of the bride followed by a wedding dance at Vivian's "This Is It" resort.

Following a wedding trip to northern Wisconsin and Minnesota, the couple will reside at 209 A. South St., West Bend.

MIRROR Of Your MIND

Wishing Won't Make It So By Lawrence Gould

"Is it morbid to feel you are useless?"

Answer: It is certainly not morbid to wish you could be of more use to your family and to society, provided you don't just "take it out in wishing," for you cannot enjoy normal self-esteem unless you feel that you are of value to somebody besides yourself.

would love them and take care that their needs were supplied. The life histories of these potential delinquents show that there has generally been some serious disturbance of their home lives during their first five years which prevented normal character development.

Is psychosomatic medicine misunderstood?

Answer: Sometimes rather dangerously. Because disease is an unpleasant fact and most people try to find an excuse for ignoring such facts, the idea that much disease starts in the mind is twisted into the belief that a "psychosomatic illness" is imaginary and can safely be neglected.

Can delinquency be foreseen?

Answer: Yes, says Dr. Kate Friedlander, British child psychiatrist. Children whose essential attitude is "anti-social" all have one characteristic: inability to wait for gratification of their desires, which in turn springs from the fact that they have never felt sure anyone

KATHLEEN NORRIS Altering a Mate

WHY DO HUSBANDS, so often, after marriage, want to change the women they found so completely perfect in pre-marriage days? And why do so many engaged girls speak with assurance of the alterations they expect to make in their mates, once they are sure in their minds?

Early married life consists, for such couples, in an unending war between Dick's preconceived ideas of what a wife should be, and Betty-Lou's iron determination that he shall abandon all his old ways, friends, amusements, interests.

Whatever threatens successful marriage is of vital national importance in these domestically-shaken days, and this is one of the most serious threats. It seems to me that any mother or father who wants the future of a daughter or son to be somewhat secure, could do worse than warn that daughter or son of this particular danger.

Here are some quotations from the letters of two June brides of 1947; one written from Montreal, one from Tucson, Arizona, and both with the same complaint.

Two Letters

"Harry," writes Joan, the Canadian wife, "used to come down to Buffalo on business, and our courtship was there. He liked everything I did then, he likes nothing that I do now. My manner with his friends, my occasional loyal mention of my own country, my resentment of my mother's interference, the words I use, my handwriting, my liking to sing now and then, though my voice isn't anything remarkable, my planning of meals—

"... crushed, dumb feeling . . ."

everything! For days I go about with a crushed, dumb feeling of being an utter failure. Sometimes I try to discuss matters with him, but he resents that. He is the master, and what he says goes, and what I say is just annoying and boring."

Now here is the Arizona letter, in part. "Fred," writes Ethel Nelson, "knew when I married him that he had faults, serious faults. He promised to amend them. He was, and is, a successful businessman, but without any background. He never finished grammar school, rarely reads a worth-while book, knows nothing of music or art, has abrupt gruff manners at times, poo-poofs me when I talk of college for the baby, goes with his old crowd of poker-playing noisy associates, and in no way has shown any inclination to improve, or to take my constant suggestions seriously.

"I hate nagging wives," the letter goes on, "and I try not to nag. But I want Fred to be a gentleman. I want to be proud of him, and have him a man who will never shame or embarrass little Peter. But I make no headway and, on the contrary, Fred is getting into a chronic state of ugliness and resentment, slams doors, eats meals in silence, talks or gulps coffee with a mouth full of food, slings his clothes about, and last week made a real scene when I spoke of the baby's daily bath and said before several of my friends, that he never had seen the necessity for it himself.

"Wants Perfect Marriage" "We love each other," Ethel concludes. "If I didn't love him, I wouldn't bother with all this. I keep a spotless house and am a good cook; financially we have always been solvent. But I want my marriage to be perfect, and want your advice about mine."

Well, my advice to Ethel and to Canadian Joan is the same. In the early years of married life, it is salutary to remember that you two girls picked these men to be your mates, and the fathers of your children. You picked them as they were, and they chose you the same way.

To all of us character changes are distasteful, to say nothing of their being extremely difficult. The impulse to improve must come from within, never directly from without.

If his wife is gentle, good natured, appreciative and companionable, Fred can be brought to a condition so improved as to astonish even the rather smug and faultless Ethel. She has only to tell him that he was wonderfully nice with her friends tonight, she has only to say that considering what Fred has made of himself without much schooling, it is not surprising he doesn't feel that Peter—aged less than two years at this writing!—may not need college. If Ethel has any sense at all, she will let the far future take care of itself.

As for Joan Well, she must remember that between the two great English-speaking races there is a jealous cousinship. Harry is anxious to be proud of his American-born wife. Her Americanisms in pronunciation, in customs, her expectation of finding all the freedom in her girlhood in this marriage, cause him constant wincing, constant sensitiveness. If she'll keep that constantly in mind for a year or two, there is nothing in her problem that cannot be solved for the happiness of them both.

KEEPING HEALTHY

Teeth May Cause Heart Disease

By Dr. James W. Barton

SOME YEARS AGO an old boyhood friend called me up and asked me if there was anything that could be done for his 12-year-old boy who had heart disease. He told me that his family doctor had called in a heart specialist who said nothing could be done.

However, since I was an old friend he thought I might know of something. I had to admit that in this type of heart disease, inflammation of the lining of the heart, endocarditis, once the inflammation was under way, rest was the only known treatment. The boy died a few days later.

Today physicians are not helpless in the treatment of endocarditis, now that we have penicillin and streptomycin which render these dangerous organisms harmless.

lining of the heart can do a lot of damage to the valves of the heart in a short time, heart specialists advise proper dosage of penicillin into a vein at once. While streptomycin is also effective, reactions to streptomycin occur in some patients so penicillin is the treatment of choice.

In "Modern Medicine of Canada," Dr. Leo Loewe, assistant professor of clinical medicine, Long Island college of medicine, warns patients and families of the danger of further attacks of endocarditis despite the fact that an eight weeks' course of penicillin cures the great majority of cases. He reports a series of 33 dangerous cases in which 81 per cent were cured by penicillin.

To prevent further attacks Dr. Loewe and his associates state that they early recognized the danger of infection as a cause of new attacks and following attacks. Dental infections are particularly notorious as planting the seed of infection in the blood stream. It is dangerous to try to continue to keep infected teeth; heart disease and rheumatic fever may result.

HEALTH NOTES

When the pain of a headache is at the top of the head, it may be caused by thin blood, mental and physical tiredness (neurasthenia), hysteria, and diseases of the bladder and the generative organs.

Emotions can increase or decrease the flow of digestive juices and the regularity or irregularity of the heart beat.

Physicians are now able to show some heart patients how to live as long as if they did not have heart ailments.

Appendicitis was once thought to be inflammation of the bowels.

Anxiety causes rapid heart beat, indigestion, headaches, while happiness begets good health.

Nose drops, as prescribed by physicians, give relief in mild cases of sinus inflammation.

More than half of all patients with heart diseases will have heart failure during their lifetime. With the first sign of heart failure, the physician now takes a long time view and plans the patient's method of living for years ahead.

One of the symptoms now known to be caused by the emotions is pruritis, or itching.

Symptoms caused by lack of water in the body are tiredness, weakness, headache, dizziness, loss of appetite, nausea, cramps and delusions.

Don't take chance with hernia if the doctor recommends its repair.

Tonsils were placed in the throat as a filter to remove harmful organisms from the blood, and unless infected, should not be removed.

WEEKLY COMIC SECTION

Health Unaffected By Soil Fertility

Status Of Land Not Disease Cause

Any statement that cancer, arthritis or heart disease are increasing because the foods we eat are raised on mineral-starved land is hokum according to specialists on the subject.

An article in Successful Farming magazine contends there is more oratory than knowledge about the effects of soil fertility on human health. The experts talked to doctors of the soil, doctors of plants, doctors of humans, nutrition experts and evangelists who say we are facing "race suicide."

It was pointed out that heart disease is often linked to diet, but not because food is of poor quality. Rather stoutness and heart disease show a correlation. As to arthritis and cancer, millions will call you blessed if you can show definitely how to stop them through diet. Meanwhile, it is dishonest to give the false hope that soil treatment can cure these diseases.

Other myths blasted in the article are (1) that the baby won't have good bones if its formula is made of milk from a cow whose feed was deficient in phosphorus and calcium; (2) that the adult won't build muscle and blood from beefsteak devoid of protein-building minerals and iron; (3) that all chemical fertilizers are poison and that compost and earthworms are the only means of soil enrichment we should use; and (4) that we are being starved to death because the grains, fruits and vegetables we eat come from soils which lack needed minerals.

Discussing starvation from a mineral deficiency in foods, it is asked why we have a generation-by-generation increase in the size of the bony structure of our young people if we are mineral-starved.

So far as scientists know, man needs some 12 mineral elements for growth. Ruminant animals need cobalt, to make 13. Plants also need 13 mineral elements, 11 of them the same as needed for man and animals. Except for cobalt and iodine, plants won't grow unless all the man-needed minerals are present, according to the article.

As to statements that some milk is low in phosphorus and calcium, it is said a cow will take calcium from her own bones and put it in her milk if her diet is low in calcium. As that supply runs low, she will give less and less milk. But it will contain honest weight in minerals. When her mineral supply is gone, she quits giving milk and often dies from the effects of robbing her body.

A fertilized farm will produce more milk than one unfertilized—but not better milk. That's because it produces more grass. There is no evidence to prove the grass is any better, blade for blade.

How It Started..

NUMBER THIRTEEN—Ancient Hindus, who counted with sticks, considered 12 a divine number because it could be divided equally into good luck symbols, triangles or squares. Thirteen could not be divided, therefore they put a curse on it.

SPILLING SALT—Among early tribes salt was scarce and precious—to spill any of it was a calamity. To bribe evil spirits from punishing the salt-spiller, some of the salt was tossed over the left shoulder.

THE PHILIPPINES—These islands were named in honor of King Felipe II.

AROUND THE HOUSE

Did you know that table napkins may be folded in triangular fashion for an informally served breakfast, lunch, supper or tea.

In making tucks, pleats or darts, it's a good idea to reinforce them, by turning the fabric around and stitching back half an inch.

Mace, as well as nutmeg, is delicious sprinkled on baked custard before baking. Try it on bread pudding and on sugar cookies, too.

My school-age children enjoy scrubbing their faces now. I tacked a large mirror below our own at the proper height for them.

Buy a 10-cent scrapbook, then when sewing save a large piece of any material you think you may need for patches later, put paste on one edge and paste it in the book. Devote separate pages to "Mary's clothes" or "Bob's clothes" or other members of the family. It's much simpler than hunting through a bag of scraps.

When milk needs to be scalded for a cream sauce or a custard or pudding dessert, heat it carefully; if placed over too high heat it scorches easily.

CRISP! Crunchy in milk! Try 'em! America's favorite ready-to-eat rice cereal. Oven-fresh Kellogg's fresh! So crisp they snap! crackle! pop! In milk. Nourishing. Good!

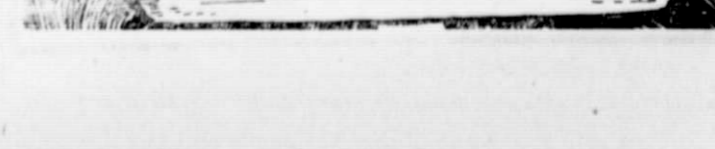

MOTHER KNOWS BEST! Kellogg's RICE KRISPIES

Contour Crop Plantings Saves Soil, Boosts Yield

Topsoil can be saved and crop yields boosted by planting crops on the contour instead of up and down the slope. Each furrow makes a tiny dam that prevents the swift runoff of water. By holding back the water, these dams allow time for the soil to soak up moisture. When contouring is teamed with cover crops and adequate fertilization, top soil conservation benefits result.

When Plants Turn Yellow Many Factors Involved

When plants turn yellow, the sick condition is called chlorosis. The reasons are many and may be obscure. Not enough of certain elements and too much of others may cause it to occur. Over-irrigation, poor drainage, lack of soil aeration, insects and disease are all probable causes. It is much worse following bad winters and cool, damp springs. Results obtained by treatment are erratic.

WEEKLY NEWS ANALYSIS

Deep Freeze Gifts 'Chill' Demos; Senate Kills Welfare Setup Plan; Taft Is Target of AFL Vote Drive

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

DEEP FREEZE:

Capitol 'Chilled'

To paraphrase an old tune, it was "January in June" in Washington as the story of the gifts of the home freezer units unfolded and expanded. Finally, the sordid angles of the "5 per centers" operations reached to the White House.

WITNESSES before a group probing the extent and results of "influence" obtainable by the "5 per centers" testified that of several deep freeze units given away by the manufacturers, one went to Mrs. Harry Truman, wife of the President of the United States. Others who apparently received a similar gift were Chief Justice Vinson of the U. S. supreme court, James K. Vardaman, Maj. Gen. Harry H. Vaughan, Mr. Truman's military aide. In fact, General Vaughan got two, so the witness said.

In connection with that development, there was a question which it seemed should have been answered long ago by the man most concerned. The man was President Truman. The question was: Why hasn't the President declared that White House influence and prestige are not for sale, cannot be wheedled by favorite hangers-on, and cannot be swayed by anything except the best interests of the people of the United States?

ANY FAIR-MINDED citizen will concede that there is no reason to think the acceptance of the gifts mentioned involved any law violation. Even though the company which paid the bills for the home freezers is linked with the ubiquitous John Maragon and the inquiry into the activities of "5 per centers" the mere fact of receiving personal gifts does not constitute legal offense.

In any sense of the word, it seems to be an offense against propriety. It is further evidence of a downward trend in political morals, a not too new development in these changing times. On the evidence at hand thus far, the deep freeze affair is not important—it is merely symptomatic.

ELECTIONS:

Taft Is Target

The American Federation of Labor, looking to the 1950 congressional elections, set plans for raising a million dollar war chest with which to knock off candidates obnoxious to the organization.

THE MILLION DOLLAR figure was the "minimum" officials said, with a voluntary contribution of \$2 a head to be asked of the federation's members for work in the 1950 campaign.

It was no secret that Ohio's Senator Taft was the main target of AFL efforts, with the second target being Senator Donnell (R., Mo.) who was described by AFL's William Green as "more like Taft than anyone in the senate."

The per capita contribution, double that of the organization for the 1948 elections, will be split evenly with the state federations whose share is to be used in working at the precinct level.

AFL's election activity will have an important bearing on the future of the Republican party in the nation. For instance, if Taft should be knocked off in his race for reelection to the senate, it would mean that Dewey would remain as a top figure in the GOP hierarchy. On the other hand, if Taft should win and Dewey were defeated in a bid for his third term as New York's governor, the party would be all Taft's.

SYRIA:

New Cabinet

The fighting, the blood-letting were over. Peace of a sort reigned in Syria after a lightning like army coup that overthrew and executed President Hossni Zayim. The army committee which took things into its own hands was replaced by a new coalition cabinet which was organized by Col. Sami Hennawi who headed the revolution.

IT APPEARED that civilian rule would predominate, inasmuch as the new cabinet was composed mostly of civilians. The new government represented three political parties and various independent groups that opposed both Zayim and the constitutional regime which fell last March.

TOO MUCH WHEAT?

Problem of Farm Price Support Mounting

It might be an unpleasant task, but an inescapable one—the demand for wheat was falling off. That was the conclusion of the National Industrial Conference Board.

This organization reported that total domestic consumption for the year beginning July was expected to be lower than at any time since 1941.

BRADLEY:

Top Staffer

Gen. Omar N. Bradley now holds the nation's highest military post. THE FORMER army chief of staff was sworn in by defense secretary Louis Johnson as chairman of the joint chiefs of staff. He is the first to hold the office which was recently created by congress.

The joint chiefs of staff are the operating heads of the three armed services — army, navy and air force.

Slim Pickings

It will be slim pickings for holdup men who go after Frank B. Tappan's store in Miami. Twice within one month holdup men came and got a total of \$513. Smartened up now, Tappan will no longer be a lure for robbers.

WELFARE:

No Cabinet Status

The senate was having none of President Truman's proposal for creation of a federal department of welfare with cabinet status. A coalition of Republicans and southern Democrats dealt the project a pulverizing blow by a vote of 60 to 32.

WITH a constitutional majority in either house able to veto any such plan, the senate action meant complete and final defeat of the plan to transform the federal security agency, which handles the nation's education, health, and social security functions, into a department of welfare.

This proposal stemmed from the recommendations of the Hoover commission which spent two years seeking ways and means to make government more efficient and economical.

OHIO'S Republican Senator Taft, denying the Republicans were repudiating Hoover in opposing a plan they believed ran counter to the Hoover commission recommendations, declared:

"I believe very strongly that Mr. Hoover was misled."

This led Senator Lucas, Illinois, Democratic floor leader, to state that he was both "shocked and surprised that the good Republican from Ohio would deal with Mr. Hoover in this manner."

'THOUGHT' LAW: Held Too Broad

The fallacy of attempting to deal with ideologies through laws has been highlighted by a Maryland circuit judge. The judge, Joseph Sherbow of Baltimore, ruled that the state cannot punish a person for what that person thinks.

The opinion was given in a case involving a state law against people who join or work with subversive organizations. It was the first courts test of the new law that required loyalty oaths by public employees and candidates for office.

"The supreme court," Judge Sherbow said in his opinion, "has made it clear that laws may punish acts and conduct which clearly, seriously and imminently threaten substantive evils."

"They (the laws) may not intrude into the realm of ideas, religious and political beliefs, and opinions. The law deals with overt acts, not thoughts. It may punish for acting, but not for thinking."

The law which Judge Sherbow tossed out did not specifically ban the Communist party. Its preamble said communism is a dangerous, world-wide conspiracy that fits the definition of subversive activity. Anything that aims at the overthrow of this government by force was deemed subversive.

Justice Sherbow said the law was too general. Declaring it violated the first, fifth and 14th amendments to the constitution, and Maryland's declaration of rights, he added:

"As stated by Justice Jackson (in a West Virginia case before the supreme court):

"If there is any fixed star in our constitutional constellation it is that no official, high or petty, can prescribe what shall be orthodox in politics, nationalism, religion or other matters of opinion, or force citizens to confess by word or act their faith therein."

BARKLEY:

"Much Ado . . ."

Although he had declared it was "much ado about nothing," the nation wasn't dismissing Vice-President Barkley's seeming romance with a pretty 37-year old widow so lightly.

RECEIVING almost as much publicity as the Rita Hayworth-Aly Khan love story, Barkley's attentions to Mrs. Carlton S. Hadley, St. Louis, was second only to the "5 per center" probe as a topic of national speculation.

The "Veep"—as Barkley likes to be called—didn't seem too distressed by all the furore. He was smilingly posing with the widow for pictures; he had taken her to "meet the folks" in his home town of Paducah, Ky., and he had squired her to some baseball games and social affairs.

WOULD HE and the widow get married? Most folks seemed to think so. And, if that were current opinion, it was touched off by the "Veep" himself. Newspaper readers would remember that, crowning a heated queen at Culpepper, Virginia, Barkley had declared that one day he would crown a "queen" of his own. The fact that later, at Paducah, he referred to his granddaughter as being the "queen" to whom he referred, few people believed him.

MacARTHUR:

Problem for Truman

No matter how the Truman administration plays it, Gen. Douglas MacArthur is a tremendous public relations problem.

THE GENERAL has twice declined the invitation to appear before senate committees, the second refusal being in connection with a bid to come home and tell a probe group what he thinks about the Chinese situation. The general replied that he thought he could do better staying in Japan.

Of course, President Truman could order the general home, but if he did so, and MacArthur accepted the order, both the White House and the state department would be in a constant case of jitters over what the 69-year-old prima donna might say in speeches throughout the country.

If the President chooses not to order the general home, then his critics will have fuel for added clamor that MacArthur is being isolated and persecuted.

APPARENTLY, no one seems to know the procedure in the event MacArthur refused to come home if ordered. There seems to be a prevalent conviction that MacArthur can stay in Japan forever, if he so chooses.

There are those who say for the general to make that decision would be a typical MacArthur gesture and that it would fit in superbly with his fine sense of the dramatic.

STALIN:

Very "Courteous"

The delayed report on how U. S. Ambassador Alan Kirk made out with Russia's Joe Stalin in a talk in Moscow held nothing more important than Kirk's report that the Soviet ruler was very "courteous and pleasant." However, anyone who might have expected anything else was indulging in wishful thinking.

SOME EXCITEMENT was stimulated by Kirk's refusal to comment immediately upon his interview with Stalin. He told reporters following the conference that he'd have something to say later.

The ambassador, a retired admiral and former envoy to Belgium, held the first meeting with Stalin that any American official has had in nearly a year. He described his visit to Stalin as a "courtesy call."

In for Year

Seeking to win a bet of \$1,000 against \$25,000, Don Haynes, Ashland, Ore., is to spend a year in this deluxe car. He made the bet with rancher D. W. Mouldin, a neighbor. The year will be up next February. Haynes holds a girl's picture he found in the road and she was to be given a new car if she identifies herself.

SAILORS:

Pockets, Mac!

The navy has relented at last. Harkening to a complaint stemming from 1797, the seagoing branch of Uncle Sam's forces has promised sailors they'll have pockets in their pants—but not until June, 1952. But, having waited this long, sailors could wait two more years. And that wasn't all. Promised, too, was elimination of the 13-button front on sailors' trousers, to be replaced with a zipper.

The traditional bell bottoms—a trouser safety device to permit quick shedding in water—will be retained, but the tightly buttoned cuffs are out in favor of loose-styled sleeves.

The updated pants and the new look in sleeves will be a part of a new dress blue uniform whose jumper, in all other respects, will be the same as that worn now. This will mark the first major change in navy uniforms since the service was established in 1797, and adopted a uniform patterned after that of the British navy.

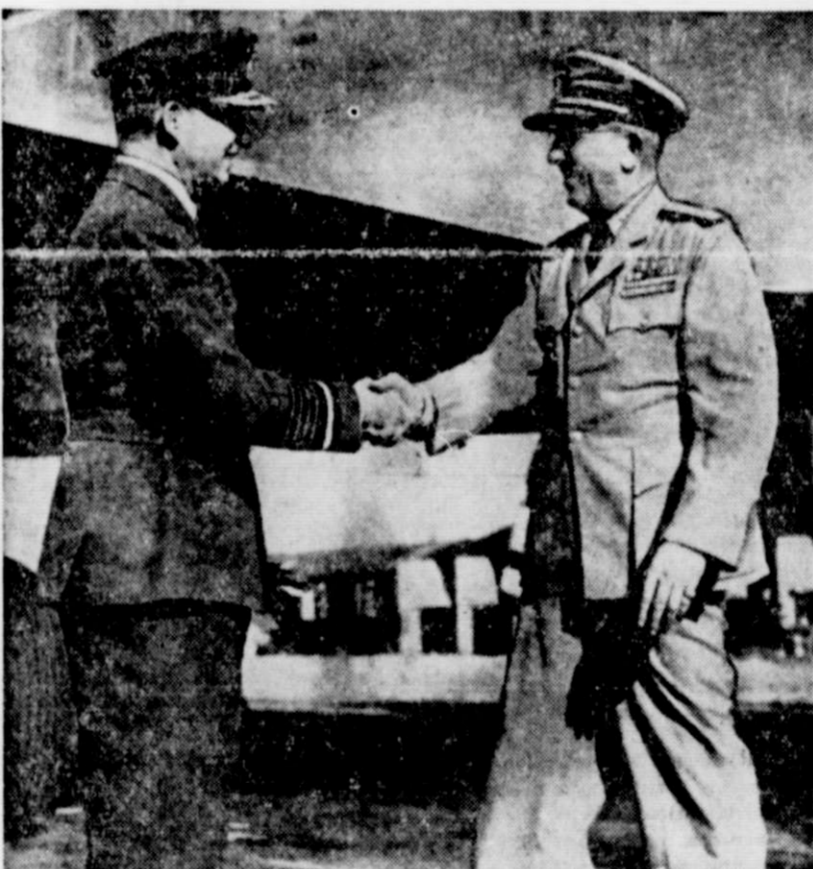

CHALLENGE CHANNEL . . . Four aspirants to swim English channel.

ONE THAT GOT A "WEIGH" . . . This blue marlin weighs 370 pounds and is believed to be the largest fish ever landed in Bermuda on rod and reel. It was caught by Durham Stephens (left) of Bermuda who, with his guide, Roy Taylor, displays it. The huge fish measures 11 feet and four inches and was brought to gaff after a fierce two-hour battle. It was caught off St. David's Deep, Bermuda.

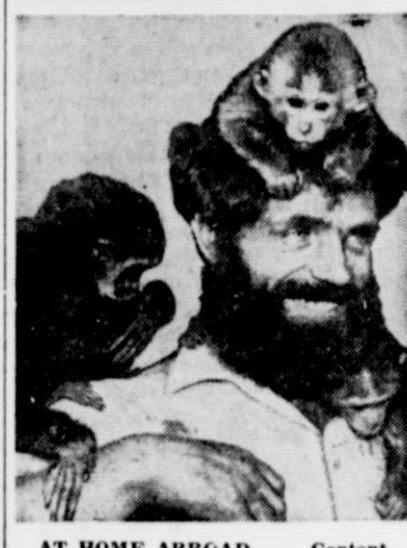

DOWNCAST . . . Gun-shy Mickey Cohen, Los Angeles gambler (right), emerges from self exile at his barricaded command post to take stand at the inquest into the "rubout" of "Neddie" Herbert, his chief lieutenant. Cohen was one of the victims of the ambush from which Herbert was felled by gunfire, but the gambler's wounds were not serious. With Cohen is his henchman, Johnny Stompanato. Passersby did not recognize Cohen. Several Los Angeles policemen were arrested in connection with the Cohen shooting.

GREETINGS . . . Admiral Louis E. Denfeld, chief of U. S. naval operations and spokesman for three U. S. chiefs of staff who visited Europe to discuss Atlantic pact military organization, is greeted at Northolt airport, England, by RAF Marshal Lord Tedder (left), chief of the air staff after the London conferences. Denfeld told newsmen all that was sought at the conferences was an exchange of views, and he said the talks were highly satisfactory.

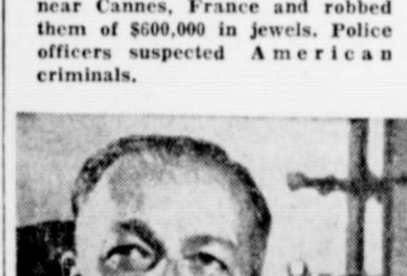

LOOKING FOR PASSES . . . Many girls are indignant at "passes" from soldiers, but these two girls ask most every GI they meet for his pass, or permission to be away from post. Happily wearing their M. P. brassards, Sgt. Beulah Jackie Coates (left) and Pvt. Marjorie Shepherd are among the first seven members of the WAC to become military police. Pvt. Shepherd of Seattle is stationed in New York with Sgt. Coates of New York.

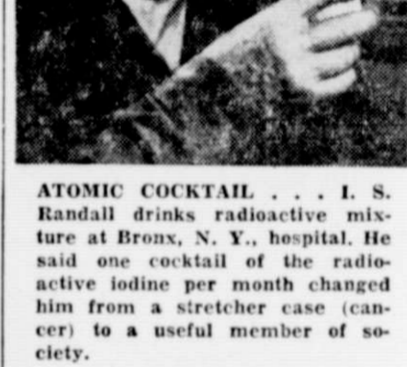

AT HOME ABRGAD . . . Contented and secure as these two stubbed-tail monkeys and a black gibbon in the jungle of seaman Iztren Elsinga's hair and beard. They are arriving in New York from Java.

SHE WAS ROBBED . . . The Begum Aga Khan, wife of the Moslem prince, smiles a few days before armed bandits forced the royal couple's car to the roadside near Cannes, France and robbed them of \$600,000 in jewels. Police officers suspected American criminals.

COLLEGE GRAD . . . I. S. Randall drinks radioactive mixture at Bronx, N. Y., hospital. He said one cocktail of the radioactive iodine per month changed him from a stretcher case (cancer) to a useful member of society.

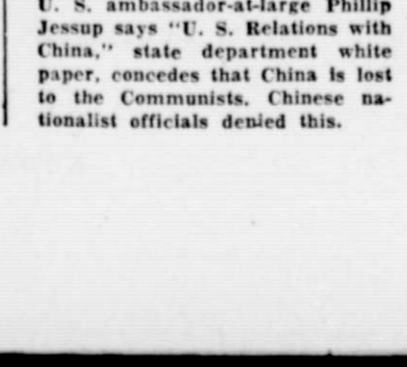

REAL ESTATE—BUS. PROP. Modern Dairy and Lunch Room, \$15,900. Coal and Lumber Yard, Office and Sheds, \$15,000. Inventory of stock, E. W. Getchell, Redgranite, Wis., Tel. 5374.

REAL ESTATE—MISC. Michigan hunting, fishing, resort lands; Marquette and Baraga counties, on Huron, Iron and Yellow Dog rivers; Big E., Cakes, Superior and Independence. Call L. Sheridan, 303 N. 4th Marquette, Kerry & Hanson Flooring Co., Grandville, Mich.

GOOD DEBTOR . . . World bank president Eugene R. Black announces at Washington, D. C., press conference that the bank has approved loan to Finland.

CONCEDES REDS' VICTORY . . . U. S. ambassador-at-large Phillip Jessup says "U. S. Relations with China," state department white paper, concedes that China is lost to the Communists. Chinese nationalist officials denied this.

California Olives Practically all the olives produced in the United States are grown in California. This includes about half the country's eating olives—44 per cent during the five years before the war and 53 per cent during the war years. Most of the country's olive oil, however, was imported before the war. With 49 per cent of its olives used for making oil, California furnished only 7 per cent of the edible oil used in the United States from 1935 to 1939.

STIFF COLLARS, CUFFS TAKE ALL . . . Yours Truly, for More Flexible Shirt Tails . . . THE 'STARCH' OUT OF PHILLIPS

By H. I. PHILLIPS

'NO STARCH'

"THEY STARCHED my shirts again," we said to the wife. "Well, don't say it so accusingly," she replied. "I didn't do it. It's the laundry."

"But the laundry has been told again and again not to put any starch in 'em," we said.

"I'm all in from repeating the word 'No starch' to it," said the

wife. "What does the laundry say?" "It says 'O. K. No starch.'"

"And back it comes starched in technicolor, with the collars on summer shirts as hard as lawn-mower blades, and the cuffs so hard you have to button them with a chisel and hammer. Why don't we change laundries?" we moaned.

"Hah!" snorted the missus.

"Change 'em and what do you get?"

"More starch," we suggested.

"Exactly! The laundries or the laundry workers are in a great national conspiracy in restraint of soft collars and cuffs. They are in a secret society dedicated to the use of starch. Their motto is 'You'll take starch and like it!'"

We leaped through the second story window.

"I know," called the wife, looking out. "Starch!"

"Starch," we admitted, crawling from the shrubbery, cut and bleeding.

VIDEO AND EDUCATION

College courses by television are now being announced. We suppose the grads will win iceboxes instead of diplomas.

And get minkskins instead of sheepskins.

We can see it all now . . . the baccalaureate by Howdy Doody.

But a lot of people have felt that our educational system flickered too much as it is.

Personally we feel that education hasn't been dramatic enough. A jackpot could have helped us through ancient history. And we are positive that we would have done better under our professors if they had introduced puppets in the Latin, French and mathematics courses.

We just had to get an education, such as it was, by study. We had no outside aerial.

"I've been putting notes 'no starch' on my shirts for years," we said.

The laundryman looked surprised. "I can't remember that," he said. "Are you sure they came back starched?"

"Look at my neck. You think these red circles are from rope?" we demanded.

"Some laundries are careless, you know how it is. With us when a customer says no starch he gets no starch. We got a system."

"What is it?"

"We have a starch department and a no-starch department. All the stuff that don't want starch goes to the starch department. Also we got a starch superintendent, and on top of that we got starch and no-starch classification clerks and inspectors. Here's something else, we don't use much starch anyhow, even if you ask for starch."

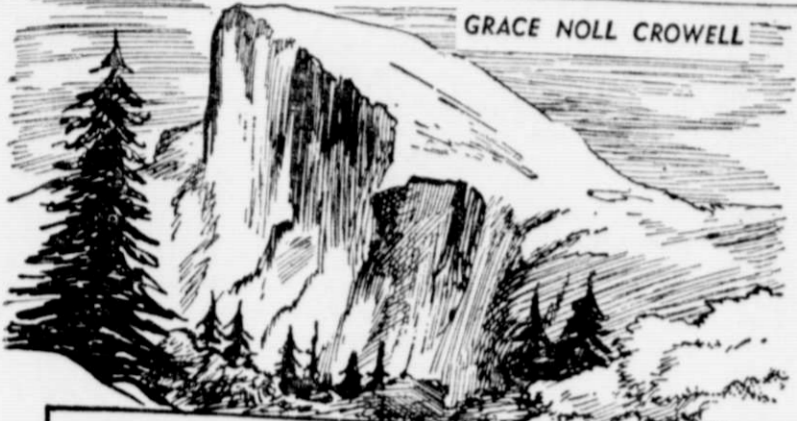

"So these shirts will come back with no starch then?"

"You may take my starch—beg pardon—my word for it."

"Positively no starch!"

"Positively!"

The laundry came back in a few days. We felt confident and carefree as we opened it. Then

The Everlasting Arms

AROUND me and about me and beneath me,
Closer than breathing, closer than any friend,

The everlasting arms draw near to shield me,
To comfort and to keep me to the end.

Earthy arms grow weary in their holding,
Earthy arms may fail the weight they bear,
But oh, these everlasting arms, enfolding,
Have never one brief moment failed me there.

I wake each morning in their blessed keeping,
I rise to serve, or wait his blessed will.
Life passes—whether waking, whether sleeping,
God's everlasting arms will hold me still.

PRETTY ROSEMARY PETTIT thinks she's just like any American girl; had no exotic birthplace for Hollywood to make a fuss about—she was born in Tulsa, Oklahoma. She went to high school and college, one year, in California, where she lives. She had to go to New York for Hollywood to discover her and take her back for bits in Michael Curtiz productions.

ROSEMARY PETTIT

She returned to New York to study, went back again, really ready for films this time. You will see her in Warners' "The Lady Takes a Sailor," and later in Curtiz' "Young Man with a Horn," for which she's just gone west, after a season in summer stock at Princeton, N. J.

Paul Henreid, seen currently in Paramount's "Rope of Sand," will be long remembered for his appearance as the family counselor on "The Second Mrs. Burton" August 31. Vivially interested in doing what he can to further the conquering of polio, Henreid's own experiences when a member of his family was struck by the disease gave him touching material for his talk.

Joan Crawford's six-year-old son, Christopher, believes that his mother is the bravest woman in the world. So does Joan. During her vacation in the wilds she caught six lizards for him, put them in a box and brought them home.

Helen Hayes returns to radio's "Electric Theatre" Oct. 9 in "The Barretts of Wimpole Street"; meanwhile she and her daughter Mary are doing a new play for six weeks in summer stock; if good enough they will do it on Broadway. 12-year-old Jamie, last member of the family to become an actor, has appeared in "The Corn Is Green"—once in a part all written in Welsh!

ODDS AND ENDS . . . The secret destination of Lowell Thomas' Asiatic trip is Tibet; he is believed to be the first occidental in the past 50 years to be personally invited by the Dalai Lama . . . Berry Kroeger, recently returned from Hollywood and menace roles, has stepped into the part of "Sam Williams" in "Young Dr. Malone" . . . The new "Maggie Lowell" you hear on "Road of Life" is Helen Lewis . . . Now that James Stewart is married, Howard Duff seems to be Hollywood's No. 1 bachelor.

The Fiction * ON BUSINESS * Corner

By Richard H. Wilkinson

WHEN DOUG PRINGLE signed a contract to illustrate stories for Midweek Fiction magazine at a figure that surpassed any amount he had earned in the rather uncertain past, he felt that he had reached a milestone in his career.

3-Minute Fiction

"Now," he declared to his wife, Aggie, "we can begin to have a few of the things we've been doing without for the past seven years."

"And the first thing we'll have," Aggie told him, "will be a nice little camp on Spur Lake where you can work amid surroundings that you love and where, accordingly, things will be easier for both of us."

"The camp," he told her gravely, "will come immediately after Mrs. Pringle has replenished her wardrobe."

It turned out that Aggie could have her new clothes and not feel too extravagant. They went up to Spur Lake the following week and talked to a real estate agent. They had been there many times before. They knew just what they wanted for a camp site and where they wanted it. That afternoon the real estate agent made the easiest sale he'd transacted in years.

The Pringles sat down and made up a schedule of guests for week-ends. They wanted to have company. This was the first time they had lived in a place big enough to hold guests conveniently. They were eager to share their possession.

And so two weeks later the first guests arrived. Doug and Aggie slept in the work room and everything was fine. All hands had a swell time. The guests departed in high enthusiasm. In fact, their enthusiasm apparently bubbled over, for in the middle of the following week some friends dropped in who had "heard so much about the cute little camp the Pringles had bought." Aggie and Doug asked them to stay over night and they did.

The summer hadn't progressed very far when Doug decided they ought to turn the present workshop into another bedroom.

"I'll build a studio for myself down by the lake. It seems there are a lot of people who are just Gosh! After all, I'm a working dandy to see our cute little camp man."

It's fun having guests, though," Aggie said.

"Sure," Doug agreed.

So the Pringles built a studio for

Doug, a rather attractive building that added to the general outlook. He moved into it with all his equipment—and the next week-end Aggie moved in with him.

In August the Hollands arrived. The Hollands were bored. Steve Holland belonged to Doug's golf club. They were friends of some of the Pringles' friends.

HOWEVER, they arrived and Mrs. Holland spied the studio and wanted to look at it. Aggie smiled wearily. She was getting used to this sort of thing. She led them down to Doug's workshop and Mrs. Holland peeped inside.

"Why, there's no one there!" she exclaimed.

Aggie nodded. "Doug's away. On

business."

The Hollands were disappointed at not being able to see the artist at work, but there was nothing they could do about it. They departed shortly after.

At dinner time Doug came home. He was in high spirits.

"I've found just the place I wanted. A room right in the heart of Goodwin's business district. Plenty of noise and dust—a place where a man can do a real day's work without being bothered."

Aggie smiled fondly.

"The Brants are arriving tomorrow."

"Swell!" said Doug. "Show them the works and tell them I'm away—on business."

Delicious Fruits Still Available for Housewife In Canning, Preserving

IF YOU'VE suddenly decided to embark on canning, there's still time to put up jellies, pickles and jams for your favorite winter meals. Then, too, some of you may still have space on your canning cupboard shelves for some of the late arrivals.

Peaches, pears, grapes, plums and apples are now reaching markets to be available for preserving.

All these fruits have a definite canning appeal whether you're past master at the art of preserving or a new bride about to embark on her first jelly-making adventure.

HERE ARE SOME colorful and delicious jam combinations which are guaranteed to please because the flavors of fruits used compliment each other:

Peach-Plum Jam
(Makes 12 6-ounce glasses)
4½ cups prepared fruit
7½ cups sugar
1 bottle fruit pectin

Prepare fruit by peeling and pitting 1½ pounds soft ripe peaches, chop or grind fine. Pit but do not peel 1 pound fully ripe plums. Cut in small pieces or chop. Combine fruits and measure 4½ cups into a large saucepan.

Add sugar to fruit and mix well. Using high heat, bring to a full boil and boil hard 1 minute, stirring constantly. Remove from heat and add pectin, stirring. Stir and skim by turns for 5 minutes, ladle quickly into glasses and paraffin at once.

Pear-Peach Jam
(Makes 6 8-ounce glasses)
2 cups finely chopped pears
1½ cups finely chopped peaches
1 box powdered fruit pectin
4½ cups sugar

Add powdered fruit pectin and sugar to fruits which have been mixed together. Mix well and heat to the boiling point, stirring constantly. When a full rolling boil is reached, boil for 1 minute. Repeat from heat and skim. Seal in hot sterilized glasses.

Pear-Plum Jam
(Makes 8 6-ounce glasses)
1½ pounds peeled, ripe pears, chopped
1½ pounds ripe plums, chopped
4½ cups sugar
1 box powdered fruit pectin

Mix fruits, stir in pectin and sugar and heat to a full rolling boil. Boil hard 1 minute. Remove from heat and skim. Ladle into sterile glasses and seal at once with paraffin.

Crabapple-Grape Jelly
½ peck crabapples
4 pounds Concord grapes

Many delicious combinations of jam may be made from two favorite fruits in place of one. A good example of colorful and appetizing jam is the use of peaches and plums, as illustrated here.

LYNN SAYS: Quickly Prepared Snacks Are Always Popular

Children will cheer when you serve them bananas which have been speared with wooden skewers, then dipped in melted semi-sweet or milk chocolate and placed in the cube compartment of the refrigerator to freeze until chocolate is firm.

Make a man-sized snack by placing corned beef hash slice on a piece of bread and spread with barbecue sauce. Broil until hot.

Keep jars of cheese spread handy in the refrigerator and serve these with potato chips for dunking purposes. No work to this! Ever tried hamburgers with catsup mixed with a little soy sauce spooned over them? It's a Hawaiian accent you'll like.

Ladies for luncheon? Toast slices of bread on one side, top with thin slices of ham and add two thin slices of cheese to form an "X." Broil until cheese melts, then top with fried pineapple slices and garnish the center of the fruit with red jelly.

Make certain your canning cupboard has shelves well laden with pickles, jams and jellies for good winter eating. There's still time to make the pickles and jellies from late-ripening fruits, berries and vegetables.

Water barely to cover Sugar

Select under-ripe apples and grapes. Wash and pick over. Add just enough water barely to cover the fruit and boil until soft. Mash into a jelly bag to drip. Do not squeeze. Measure juice and let boil for 5 minutes. Add sugar (¾ cup sugar for 1 cup of juice) and cook until a drop jells on a cold plate, or until two drops come off spoon at the same time. Pour into sterile glasses and seal with paraffin at once.

Delicious Cucumber Pickles
6 quarts of cucumber slices
1 quart sliced onions
4 large green peppers, cut fine
6 cups vinegar
6 cups sugar
3 teaspoons turmeric seed
Few whole cloves

Place layers of cucumber slices, onions and green pepper in a crock or large vessel and cover with salt water, made by using ½ cup salt to 1 quart water. Let stand for 3 hours. Drain. Mix together vinegar, sugar and spices; heat thoroughly but do not boil. Pour over the vegetables and seal in sterile jars.

Raw Tomato Relish
(Makes 6 pints)
1 peck ripe tomatoes
2 cups chopped celery
6 large onions, chopped fine
2 cups sugar
½ cup salt
2 ounces white mustard seed
1 quart vinegar

Peel tomatoes and chop fine. Drain in a bag overnight. Add celery and onions and remaining ingredients to tomatoes. Mix thoroughly and seal in sterile jars. This may be served just as it comes from the jar with sandwiches, or it may be warmed slightly to serve with leftover meats.

Sweet Pear Pickles
1 peck ripe pears
6 large onions
2 red peppers
2 green peppers
1 cup brown sugar
1 tablespoon mustard seed
3 cups vinegar
1 teaspoon salt

Pare and quarter the pears. Slice onions thin and mince the peppers. Combine all ingredients and cook until the pears are tender. Seal in sterilized jars.

Hungry men will appreciate a sandwich from the pork roast when it is made by placing slices of the meat on buttered bread, then topped with thin slices of unpeeled, cored apples. Top with a slice of buttered bread and serve with cheese-stuffed celery stalks and potato chips.

Combine canned fruit juices for interesting beverages to serve with sandwiches and cookies. Half and half combination of apricot whole fruit nectar and sweetened grapefruit juice is most refreshing.

Mix deviled ham with a small amount of white sauce, and add to this massed yolks of hard-cooked eggs. Refill egg whites, for a delightful deviled egg!

Leftover roast beef sandwiches take on glamor when they're served with a garnish of canned yellow cling peaches which have been filled with chutney.

Frozen concentrated orange juice mixed with chilled gingerale makes a delightful beverage when you want something energy-packed for a hot afternoon.
