

Tessar Beats Lannon, Tourney Champs, Loop Leaders in 2-1 Duel

LAND O' LAKES STANDINGS (Northern Division) Won Lost Lannon 10 3 Granville 6 5 Waukesha Dales 6 5 Mequon 6 6 Waukesha CYO 5 7 Kewaskum 3 10

The last place Kewaskum Utensils and Johnny Tessar rose to the heights Sunday in the second game of a Rivers-Lakes doubleheader here by surprising everyone and upsetting Lannon, league leaders, who also won the District No. 7 semi-pro baseball tournament last week, 2-1, in an air tight pitching duel.

Lenke and Tessar each struck out five batters but Tessar walked three to Lenke's one. Lenke deserved to win as well as Tessar but those two consecutive errors cost him the game. Neither team threatened seriously to score after the initial inning. Along with Johnny Tessar, Proat proved a standout, getting two hits in two times at bat, the first of which sent home the winning run.

July 27-30 Dates of 93rd Washington County Fair

The 93rd annual Washington county 4-H club fair, which will open Thursday, July 27, is expected to draw record breaking entries over previous fairs if one is to judge by the requests for premium books.

The purchase of additional land by the county board last fall and the leveling of much of this newly acquired property will enlarge the exhibit space and the car parking facilities. The Snapps Greater Shows will provide the midway as in past years. There will be a stage show and band concert each evening and on Sunday afternoon.

The fair will continue through four days, Thursday, July 27, will be entry day. All exhibits must be entered on that day. Entries will close by 9:00 p. m. Those planning to exhibit are cautioned to observe the requirements as listed in the premium books. Anyone desiring a premium book may obtain a copy by phoning or writing the agricultural extension office, post office building, West Bend.

The fair will be held on the county highway park located on the north end of the village limits of Slinger. The fair, unlike many other fairs, is under the management of the county board. Three members serve as a committee. They are Otto Koller, Barton; Emil Gauger, West Bend, R. 1; Adolph Lofy, Hubertus, R. 1; E. E. Skalsky, county agricultural agent, serves as secretary and manager of the fair.

Plans are under way for the erection of two barns to provide additional shelter for the increased number of livestock entries. However, no construction work was done prior to this year's fair as most local contractors could not take on additional work. More than 30 tents to provide additional housing space will be erected next week.

Officers Are Elected by Red Cross Chapter

At a meeting in West Bend last week, the board of directors of the West Bend chapter of the American Red Cross elected officers for the coming year. Elected were Atty. Clyde Schloemer, chapter chairman; Fred R. Holt, vice-chairman; Mrs. Arnold Moeller, secretary, and Roy W. Christensen, treasurer.

Board members who attended the meeting included Mrs. Leonard Benedict, Joseph Schuster, Mrs. Gregory Matener, James Burchhardt, Mrs. Joseph Weiss, Dr. J. R. Hausmann, Donald Ripple, and August Koch. Mrs. Albert Gensman, chairman of the local Junior Red Cross chapter, told the meeting of the activities at the convention for both junior and senior Red Cross which she attended at Detroit, June 26-29. A total of 12 resolutions adopted at the convention were read and discussed at the meeting of the local group, among which were included:

A resolution requesting that the time of the annual fund campaign be changed from March to some other time of the year; that annual conventions of the organization be changed to biennial conventions and alternate years be designated for area conferences; that the board of governors of the national organization and boards of directors of chapters be commended for a successful reduction of expenses, including a 74 per cent reduction in national operating budgets and a 54 per cent reduction in chapter operating budgets in 1946, and that they be urged to continue seeking further economies without endangering the charter obligations of the Red Cross.

Youths Seized Here Confess Burglaries

More than a score of burglaries have been cleared up in the Green Bay area as the result of confession of a gang of youths taken into custody at Kewaskum this week by Chief of Police Edmund Haack.

Police Chief H. J. Bero of Green Bay said that the three suspects captured Monday on County Trunk V near Five Corners several miles north of Kewaskum, and a fourth companion who eluded authorities have admitted burglarizing of filling stations, a meat market, a restaurant and several automobiles in Brown, Outagamie and Oconto counties.

The three suspects picked up are Donald Landsverk, 18, Green Bay, owner and driver of the car; Theodore Martin, 21, Oneida, and James Calkins, 16, also of Oneida. The Green Bay police chief said that the youths would be taken into municipal court for arraignment soon. They admitted the burglaries in the Fond du Lac county jail when questioned by Sheriff John Hardgrove and Deputy Sheriff Leo Treleven. They admitted seven burglaries alone in one night in Green Bay. According to authorities the three young men, accompanied by a fourth who escaped, burglarized two shops on Highway 141, between Green Bay and then headed south, swinging over to Highway 55 and going through Fond du Lac county. They turned onto County Trunk V and were headed towards Kewaskum. Near Five Corners their automobile went out of control and ran into a ditch. The occupants walked to a nearby farmhouse owned by Henry Schultz and took a car. The farmer heard a commotion in his yard, saw the four come take the car and notified Chief Haack here, who took three of the youths into custody and brought them and their car to this village. Chief Haack then notified the Fond du Lac county sheriff's department and Traffic Officer Jack Colward sped to Kewaskum and seized the trio.

In the suspects' car were two car tires, two cases of motor oil, a couple of storage batteries, a few sets of socket wrenches, tin shears and a small amount of cash. All of the loot was brought to the police station here by Chief Haack, who turned it over to Fond du Lac county authorities. The loot is believed to have been stolen from the two shops.

KEWASKUM TEAM LOSES TO KOHLVILLE IN SOFTBALL

The Kewaskum softball team took its second setback of the season on the chin Sunday here when Kohlville did the trick by a 9-5 score in a Cross Country league tilt. Kohlville's victory avenged an earlier defeat to Kewaskum. With the win Kohlville gained a tie for the loop lead with the local team, each having won 7 and lost 2. This is the first time Kewaskum has lost hold of undisputed first place. "Tony" Elsingner was the losing pitcher and Bernie Hafemann hurled the win for the visitors. This Sunday the Campbellsport VFW plays here.

Area Drenched by Heavy Rains; Tree is Uprooted

The heaviest rainfall of the season poured down upon this area Wednesday as the county had one of its wettest weeks on record. A total of between five and six inches of rain fell during a period of one week from last week Wednesday until Wednesday of this week.

It rained hard all day Wednesday and at times the rain reached torrential proportions, accompanied by brisk gusts of wind. A literal cloudburst hit this area late Sunday afternoon and this too was accompanied by wind. There were also rainfalls on Wednesday, July 12, Thursday, July 13, and Saturday, July 15. There was more precipitation during the past week than is normally had in a period of more than two months.

Fields were drenched and grain flattened, power and telephone lines were disrupted, roads and streets were temporarily flooded, trees were uprooted as a result of the soft, rain-soaked ground and branches torn loose by the wind and heavy downpours. Local gardens looked a flat, flooded mess. A large tree on the front lawn of the home of Village President Charles Miller was uprooted Wednesday and fell across Main street, blocking traffic for a time. It was cleared away as soon as there was a letup in the downpour. Many streets were flooded on Sunday and Wednesday as the water blocked sewers and filled them faster than they could take it. Many basements were filled with water.

Semi-Trailer Jackknifes, Several Cars in Crashes

A semi-trailer driven by Fred H. Koerschner, Milwaukee, jackknifed at 3:30 p. m. Tuesday when the driver applied air brakes to prevent a collision with another car. The tractor-trailer left Hwy. 55, one mile north of the Washington-Fond du Lac county line, and tore down a section of farm fence owned by Jack Haug, Campbellsport, R. 2. Koerschner told police that he tried to stop in time to prevent hitting a car driven by Henry J. Schultz, Kewaskum, who had attempted to make a left turn off Hwy. 55, then returned back to his own lane of travel when he noticed the semi-trailer was close. No one was hurt.

Dozing at the wheel of his car, Victor Simons, 21, Milwaukee, lost control of the vehicle at 4:30 a. m. Monday, causing it to leave Hwy. 55 in the town of Auburn and run into a bridge railing. The left front of the machine was damaged. Simons was unhurt. On Sunday a car driven by Albert P. Degenhardt, 21, Milwaukee, suddenly slowed down on Hwy. 45 just south of Kewaskum. A second later, a car driven by Mabel Degenhardt, 23, Milwaukee, crashed into the rear of the other car. Damage was estimated at \$150. Hurt in the accident was Betty Janowski, 6, Milwaukee, with head injuries. She was taken to St. Joseph's hospital, West Bend.

Automobiles driven by John Kuester, R. 2, Kewaskum, and Donald Schneider, 18, R. 2, Kewaskum, figured in a collision on Hwy. 55 about a mile and a half north of Barton Sunday afternoon. Only property damage resulted. Two youths were hurt last week when cars driven by Milton Griepentrog, 19, R. 3, Kewaskum, and Jerome Jaeger, 48, Campbellsport, collided head on on a town road near Allenton. Griepentrog suffered cuts and bruises and Lloyd Martin, 17, R. 3, West Bend, a passenger, incurred cuts and bruises.

Scores last Sunday—Kewaskum 8, Allenton 7; Barton 9, Newburg 2; West Bend 5, Jackson 3; Slinger 1, Saukville 0.

The Honeck Chevrolets came from way behind with a big six-run rally in the seventh inning here Sunday to shade Allenton, 8-7, in the first contest of a Rivers-Lakes twin bill. The win gave Kewaskum a tie for second place with Allenton.

Glen Backhaus worked the whole game for the winners and held Allenton to eight hits but these were well utilized in scoring seven runs. The Chevys nailed Schlaghaft and Schoenecker for 15 safeties, good for only eight runs. Allenton built up a 6-2 advantage in the first six innings but the big seventh for Kewaskum put them on top 8-6. The opposition scored one more in the eighth. Backhaus whiffed five and walked six batters. Schlaghaft fanned two and passed three in six and one-third frames. Schoenecker struck out none and walked none in one and two-thirds innings. Four of Kewaskum's bingles were off Schoenecker.

Heading the Chevrolets assault were Don Lutz with three for four and Alton Stahl and Bud Korth with three in five trips. Each of these also had an extra base blow. Clem Schweitzer was the big gun for the losers with three for five. Schweitzer also plays with the West Bend Lithias in the Mid-Wisconsin Night league and tops the team in batting with a .529 average.

Soak mildewed garment in milk overnight, then put it out in sun all day. Repeat several times if necessary.

Use a rubber mat in the bath tub to prevent slipping.

If wine is spilled on the tablecloth, sprinkle salt on it immediately.

Use separate clothespins on garments with colors not fast, so the pins won't discolor white garments later.

Stale soap lasts longer than fresh soap. Buy in advance and remove wrappers before storing.

If you shake the crumbs out of an electric toaster, shake it gently so the filaments won't break.

The grids of an electric waffle iron should never be greased or washed—the grease belongs in the waffle batter.

Youth Wins Bet by Socking Officer, But Goes to Jail

RIPON, Wis. — Robert Stahowiak, 19, bet a friend \$100 he would have the nerve to punch a policeman in the nose. He did.

But the one punch cost Stahowiak \$100 fine on an assault and battery charge, plus \$59 costs, plus six months in the county jail.

He had also been charged with gambling, but it was dropped. The judge also ruled that Stahowiak could not be probated or paroled.

Homemade Mix Gives Versatility to Baking
(See Recipe Below)

Make Your Own Mix
HOMEMAKERS WHO want to have an easy job of baking cakes, cookies, hot breads as well as a large variety of goodies in their own kitchen can accomplish this with the greatest of ease. The answer lies in making your own mix of carefully measured shortening, flour, baking powder and salt. This saves measuring all the ingredients required at the time of mixing cakes, cookies and breads, thus cutting out many steps and saving time, dishes and work.

All ingredients in the mix are fresh, since the homemaker adds them herself, and baking success is easily assured. The mix given here has been rigidly tested, and in every case, the final dish was judged to be as good as could be made from starting with an original recipe of the product.

Make-Your-Own Mix (Makes About 13 Cups)
2 cups shortening
9 cups sifted all-purpose flour
1/4 cup (4 tablespoons) double acting baking powder
1 tablespoon salt
Combine sifted flour, baking powder and salt. Stir well. Stir into large bowl, large pan or onto heavy paper. Add shortening. Use finger tips or pastry blender to distribute shortening throughout the dry ingredients until mixture resembles coarse cornmeal. Store the mix in a close container on the pantry shelf. It's ready to use for any of the following recipes.

Tender-Quick Pastry (Makes 2 8-inch crusts)
2 cups make-your-own mix
(do not pack)
1/4 cup butter or substitute
1/4 cup hot water (scant)
Heat butter in water until melted. Sprinkle over mix, blending with spatula or fork. Turn dough onto waxed paper. Shape into ball and cover with paper. Chill in refrigerator for at least 30 minutes before using. Roll out for pastry as needed.

Cream Puffs (Makes 5 large puffs)
1 cup make-your-own mix
3/4 cup boiling water
2 eggs
Add mix to boiling water in saucepan. Stir over low heat about one minute until dough is smooth, follows the spoon and forms a ball. Remove from heat immediately. Add eggs one at a time, stirring and beating. Beat vigorously. Drop by spoonfuls on baking sheet, and bake at 350° to 400° for 15 minutes. Let stand in a warm oven (with door open) about 10 minutes to dry out.

Apricot Bread (Makes 1 9"x5" loaf)
3 cups make-your-mix
1/2 cup sugar
1 cup chopped, dried apricots
3/4 cup milk
1 egg, beaten
If apricots are dry, soak in hot water a few minutes, then dry thoroughly and chop. Blend mix.

LYNN SAYS: Guests Will Appreciate These Special Refreshments
Cauliflower steamed to tenderness, then dipped in egg and bread crumbs and deep-fat fried will send you after second and third helpings for a company dinner.

Spinach can go to a company dinner or luncheon if it's dressed up in this way: mix cooked, chopped spinach with a cheese sauce and place in a casserole. Top with place in a casserole and grated cheese and heat thoroughly.

For afternoon entertaining, there's nothing nicer than small cream puffs filled with chicken salad, especially if you add some toasted almonds or walnuts to the chicken mixture.

When unexpected guests drop in for an afternoon, serve waffle strips dusted with sugar and cinnamon and broiled lightly. These go well with a hot or cold beverage.

Chopped watermelon pickle goes beautifully with those mashed yolks for deviled eggs. Try this as a surprise for a special picnic.

sugar and apricots. Add combined egg and milk. Beat until well blended. Turn into a loaf pan (9 x 5 x 2 1/2 inches) after rubbing bottom of pan with shortening. Bake in a moderate (350°) oven for one hour.

Chocolate Cake (Makes 8x8x2 inch cake)
2 cups make-your-own mix
3/4 cups sugar
1/2 teaspoon soda
1/2 cup sour milk
1/2 teaspoon vanilla
1 1/2 ounces unsweetened chocolate, melted and cooked
1 egg, well beaten
Blend mix, soda and sugar. Add milk and vanilla; beat well. Stir in chocolate. Add egg and blend. Pour batter into cake pan, the bottom of which has been rubbed with shortening. Bake in a moderate oven (350° F.) for 35 minutes. Turn out on rack when cool. Frost as desired, or serve with whipped cream or sprinkled with confectioners' sugar.

Baked Fudge Pudding (Serves 9)
1 1/2 cups make-your-own mix
1/2 cup sugar
2 tablespoons cocoa
3/4 cup chopped nuts
1/2 cup milk
1 teaspoon vanilla
Combine mix, sugar, cocoa and nuts. Stir in milk and vanilla. Blend thoroughly. Spread in a pan 8x8x2 inches, the bottom of which has been rubbed with shortening. Combine the following ingredients for topping and pour over fudge batter: 1/4 cup cocoa, 1/4 cup brown sugar and 1/2 cup hot water. Bake in a moderate (350°) oven for 40 minutes. Two excellent dishes for summertime eating used in the menu are a Hot Ham Mousse which uses leftover ham, and a Cole Slaw which has the piquant flavor of bacon.

Hot Ham Mousse (Serves 4)
2 cups ground cooked ham
2 tablespoons butter or substitute
1/4 cup thin cream
6 tablespoons milk
1 egg yolk
2 tablespoons flour
1 1/2 teaspoons lemon juice
1/2 teaspoon grated onion
2 egg whites
Melt butter, blend in flour and mix well. Stir in cream and milk and cook until thickened; add egg yolk, lemon juice and onion. Stir in ham; fold in stiffly-beaten egg whites. Turn into one-quart mold which has been buttered generously. Bake in a slow (325°) oven for 50 to 55 minutes. Serve with mushroom, parsley cream sauce.

Small thin gingersnaps prepared as follows make a hit with oldsters or youngsters: mix together orange marmalade and cream cheese and spread this paste as filling for two gingersnaps.

Mix Roquefort cheese with heavy cream and add to French dressing with a peppery salad dressing with greens. It's excellent for that special steak dinner.

For late evening snacks, try spreading toast with chutney and pouring Welsh rarebit over it.

Here's an excellent sauce for spaghetti for your next covered dish supper: Thin canned mushroom soup with cream, heat and add some sauteed mushrooms, small slivers of ham, strips of tongue and a few sliced, stuffed olives.

Teen-agers appreciate a sandwich like this: Lay broiled, well-seasoned hamburgers on toasted English muffins and spread smoke-flavored cheese on top of 'burgers. Place under broiler until cheese bubbles and serve hot.

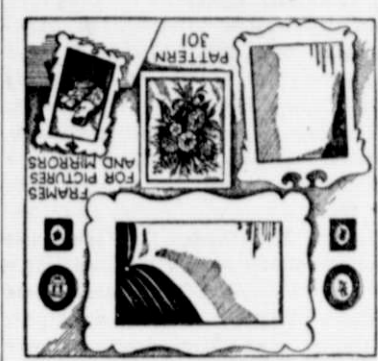

"COPPERETTES" ADDED... The mayor and police chief of Newton, Mass., inspect newly-created auxiliary safety patrol. Twenty "copperettes" were assigned to duty at school crossings.

Don't Be Satisfied With Only Temporary Relief—Now It Is Possible To TREAT ALL THE CAUSE OF ANY SICKNESS

DUE TO DEFICIENCIES OF VITAMINS B₁, B₂, NIACIN AND IRON

Mr. John McClelland, P. O. Box 8191, Los Angeles, California. "My age is 44. My trouble is stomach distress. Can't eat and when I do, it makes me sick. But HADACOL has done me more good than anything I have tried. My mother lives in Mobile, Alabama, and sent it to me. I don't think there's anything better than HADACOL, and if there is you can have it." (A very thoughtful mother to send her son HADACOL. Why don't you send a bottle to a relative with this trouble?)

Mrs. Ophelia Jefferson of Gulfport, Mississippi. "I'd been suffering from neuritis pains and aches and was advised to have my teeth extracted, but received no relief. I'm now on my severe headache of HADACOL and it's given me entire relief from the aches and pains. I'm able now to do a full day's work. The makers of such a marvelous remedy should certainly be praised."

Mrs. Virginia Finley, Route No. 1, Monterey, Tennessee. "I was weak and run-down. I was writing that I could hardly sleep any, and was so nervous I could hardly do my housework. My stomach had so much gas on it that everything I ate seemed to hurt me. I had tried all kinds of medicine and nothing seemed to help me. I started taking HADACOL a few weeks ago and believe me it surely has helped me. Now I can eat anything and am sleeping well at night. I cannot praise HADACOL enough and I have taken only 4 bottles." (Mrs. Finley is a wise woman. She knows continued use of HADACOL prevents such distress from returning.)

Mrs. George F. Taff of Poplar Bluff, Missouri. "I am 57 years old and I have started on the third bottle of HADACOL. I never have taken a medicine that helped me like HADACOL. I don't have neuritis aches or pains since I took the first bottle. I was so nervous, I had pains in my back, legs and arms till I couldn't work. Now I feel good and go all the time to work." (HADACOL gives such wonderful results because it treats the cause of such deficiencies.)

Mrs. Harry W. Smith, 10 North Water Street, Harrisburg, Illinois. "I am 41 years old. I have been bothered with aches and pains of neuritis and feel sleepy all the time, but my wife heard your broadcast on the radio about HADACOL. So I bought a trial size and it has helped me so wonderfully that I buy the large family size now. I can't begin to describe how I would feel if I couldn't buy it at all. I want everybody who feels bad to know about it."

Mrs. L. L. Martin, 4207 Woodland Street, Houston, Texas. "I am sixty years old. For the past few months I have been suffering from almost constant heartburn and a heavy feeling in my chest. I had read about HADACOL in the papers but as I take care of all the expenses at home, I just couldn't buy any. Three weeks ago, my son in Kansas sent me \$5, telling me it was not for groceries but to please buy something for myself with it. I bought four bottles of HADACOL at \$1.25 a bottle. After the first few doses of HADACOL I was free of heartburn and also of the heavy tired feeling I had been experiencing."

Mrs. Helen Barron of Milledgeville, Georgia. "My little boy had been sick for quite some time. Until I heard about HADACOL over the radio, he was weak, run-down, and apt to catch anything boys did, and he couldn't run and play like other boys did, and he wouldn't eat anything. I can't praise HADACOL enough. He has taken 4 bottles and eats anything, and sleeps good, isn't tired when he gets up, runs and plays as much as anyone. He has gained weight, and feels good. I have taken some myself. He is 11 years old now. I can't tell enough about what HADACOL has done for my son. He even looks better. I want all my friends to try HADACOL."

Mrs. Tom Kennedy, 1302 Rector Street, Hot Springs, Arkansas. "My trouble was leg pain—very terrible pains right after I ate my meals. I have tried pills but they didn't do any good, so I thought I would try HADACOL. After the first bottle of HADACOL, I got relief, so I wouldn't be without HADACOL. I have already told all my neighbors about HADACOL, how good it is. They are also taking it. I am 49 years old and I sure do feel a lot better, thanks to HADACOL." (What a wise woman Mrs. Kennedy is. She realizes continued use of HADACOL helps prevent such stomach misery from returning.)

Mr. John R. Criss, Jr., 4903 B. Chaperon, Dallas, Texas. "I'm writing you to let you know just what HADACOL has done for me. I was feeling bad—so nervous, had headaches, lost my appetite—so my mother advised me to get HADACOL and try it. My baby is only 2 1/2 months old and it sure has helped me. I've taken only one bottle and it has done wonders. My husband is taking it now too, and he surely feels better, and not so tired after a day's work. I recommend HADACOL to everyone who needs a tonic, and it surely will make you feel better. I hope this will help someone to feel better by reading or hearing this information."

Mr. John Kumpelman, 127 Warren St., Lexington, Kentucky. "Four months ago I was suffering from lack of energy, no get up and go at all. I also had a lack of appetite and great irritability. Then my friends recommended HADACOL, and in a very short time my appetite began to go back to normal and it seemed as though a miracle had happened because everything was once again very bright."

Mr. Clifford Crum, 511 West Commerce Street, Greenville, Alabama. "I am taking my third bottle of HADACOL and it has done more for me than any other medicine. I was awfully weak and nervous and run-down. I would have weak nervous spells and I had no appetite for food. So I heard different people praising HADACOL over the radio. My wife wanted me to give it a trial and I sure am glad I did. My back would hurt me so with neuritis pains till I couldn't sleep at night, but that is all in the past. My backache is gone now and I am feeling good so I am going to continue taking HADACOL. I am 35 years old, employed by Greenville Ice and Coal Co., Greenville, Ala. I hope everybody that needs medicine will try HADACOL. I just can't praise it enough as it seems to be just the medicine I needed."

Mr. Aldore Kramer of Morrow, Louisiana. "I want you to know how your wonderful HADACOL helped me. I suffered so from neuritis pains and aches, I hurt so, and I could hardly use my right hand. I even had my teeth out but got no help. I started to get HADACOL. Now I sing while I plow my fields. I'm so happy. I'll never be without HADACOL. I take it every day." (That's the spirit—Isn't it great to have that wonderful HADACOL feeling? Why don't you try it?)

500 Holstein Breeders Attend Summer Meeting

The Oscar Klein farm located two miles west and two miles south of West Bend was visited by approximately 500 Holstein breeders and members of their families last Friday evening. The occasion was the annual summer meeting of the county Holstein breeders association.

The program opened with a Holstein classification contest under the leadership of Charles Brace of Lone Rock, Wis. Mr. Brace is fieldman of the National Holstein-Friesian Association of America. Mr. Brace selected one of Mr. Klein's excellent animals for his demonstration. Few dairymen realize the high standard of perfection an animal must have to score good plus or better in an official herd classification.

The principal speaker of the evening was Dr. J. T. Schwab, state veterinarian. Dr. Schwab spoke on livestock disease with special reference to brucellosis or Bang's control.

He pointed out the need for immediate action by dairymen to free their herds of this disease. He cited the city of Chicago which recently passed an ordinance to purchase milk only from Bang's free herds by 1955. Other large cities will adopt similar requirements in the near future, Dr. Schwab said. He urged farmers to eliminate all possible traffic in dairy cattle, to raise their own replacements and to follow

CARD OF THANKS

With deepest gratitude we extend this word of thanks to all our rela-

tives and friends for the many kind acts of sympathy and assistance expressed in our bereavement, the sad loss of our beloved wife and mother, Mrs. Frank J. Keller. Those kindnesses have meant much to us. Special thanks to Father La Buwi, the organist, choir, pallbearers, drivers, members of the Ladies' Altar society, for the beautiful floral tributes and spiritual bouquets, to the traffic officers, Miller's Funeral home, and all who showed respect.

BOLTONVILLE BUSY BEAVERS 4-H CLUB

The regular monthly meeting was called to order by the president, Joanne Fay, on July 12, at the Modern Woodmen lodge rooms. It was opened

with the singing of "America the Beautiful," followed by the pledge of allegiance and the 4-H pledge. Caroline Brabender read the minutes of the previous meeting.

Since arranging flowers was the theme of the meeting, each member at roll call responded with the name of a favorite flower. Elmer Belger read the financial statement, collected dues, and accepted bills.

Mrs. George Swearingen, Barton, assisted by Mrs. Ida Wiebe, president of the West Bend Garden club, gave a most commendable demonstration for us on "How to prepare and arrange flowers for exhibition." The flowers and containers for the demonstration were brought by the members and leader. The information given us will be very helpful when we exhibit our flowers at the fair.

The birthday song was sung for Roger Groeschel and Rose Mary Staehler whose birthdays are on July 11 and July 30 respectively.

Caroline Brabender, Walter Dishno, and Joanne Fay related their interesting experiences at Camp Awana. Joanne further told of her trip to the Lake Geneva camp July 5-8. These three club members will tell the Modern Woodmen about camp life at their next meeting, Aug. 2. Carol Riley, Marilyn and Eugene Laatsch, Rose Mary, Evelyn, and Arlene Staehler attended the 4-H picnic the last evening at Camp Awana.

The club participated in the firemen's parade at Boltonville July 2 and at Fillmore July 9. The float showed the home and activity of our animal friends—the busy beavers. The club is very grateful to Messrs. Fred Belger and Lawrence Staehler, fathers of our club members, who so generously gave us their tractor and trailer for the use

in the parade. The committee under the chairmanship of Norbert Dettman did an excellent job in preparing the float. The prize money was turned over to the treasurer.

The club decided to have an agricultural booth at the county fair. It was one of the three submitted. A committee of volunteers will prepare and arrange the booth.

A short meeting to check on all the county fair exhibits, record books, and transportation will be held at the Modern Woodmen lodge Tuesday evening, July 25.

The next monthly meeting will be held on Aug. 9. Refreshments will be in charge of Carol Belger and Arlene Staehler. After adjournment the refreshment committee served sugar rolls, chocolate milk, and the candy birthday treat.

WEEKLY NEWS ANALYSIS

United States Ground Forces Sent Into Korea; Uneasy World Fears Crisis May Lead to New World War

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

KOREA WAR: U. S. Fights

Eight days after the Communists of North Korea invaded the United States sponsored South Korea the people of the democratic nations were breathing a little easier, with only an occasional shiver of fear sweeping down their spines.

Developments in the crisis, which could yet plunge the world into World War III, came quickly after the initial invasion.

Using tanks and planes which the southern forces lacked, the Communists swept through Seoul and within 12 miles of Suwon, important air base of South Korea.

The army of South Korea made stand after stand, but could not halt the Russian made tanks and planes used by the Communists. Within 48 hours after the opening attack South Korea was in a difficult position and for a time it appeared the invaders would sweep south with less and less opposition.

Then came the historical order of President Truman sending United States navy and air force units to the aid of South Korea. It was followed two days later with an order sending U.S. troops to the battle line.

Military operations developed quickly and with surprising efficiency. Observers throughout the world were astonished at the speed with which the United States got fighting forces into the field.

Following the President's first order, the air force in Japan and naval units in that area, were put under command of General MacArthur. The planes immediately attacked Communist troop concentrations, tanks and planes. The navy blockaded the Korean coast.

Within 24 hours after the second order, troops had landed in South Korea and were well on their way to the front.

Meanwhile, the South Korea army had rallied and established a temporary line along the Hon river. The Communist army crossed the river at one point and advanced toward Suwon.

General MacArthur has at his disposal in Japan four U.S. infantry divisions, consisting of 15,000 men each, a number of tanks and heavy guns. Whether or not he will use all of them depends upon developments within the next week or two, observers reported.

The military picture in Korea remains confused and the future depends almost entirely upon what the Russians decide to do in the way of aid to the North Korea army.

Responsible sources report American and South Korea forces, using tanks, planes and heavy guns which the United States will provide, should check and then drive out the Communists. Experience and material throws the advantage to the democracies—that is, if the Soviet Union decides not to take an active part in the affair.

MURDER: Admits Arson

Newspaper readers throughout the country forgot the Korean crisis long enough to express horror over the confession of a 20-year-old Circleville, O., youth who admitted setting the Ringling Brothers circus fire in Hartford, Conn., in 1944 that killed 168 persons and injured 412 others.

The youth, Robert Dale Segree, also admitted that he was personally responsible for the slaying of four persons.

The youth admitted setting between 25 and 30 major fires in Portland, Me., between 1939 and 1946 and other fires in New Hampshire and Ohio.

He confessed killing a watchman who caught him setting a fire in a warehouse in Portland, Me., March 16, 1943; a 12-year-old boy, strangled to death on the beach at Cape Cottage, Me., in 1943; a 9-year-old girl, beaten to death with a stone during a fit of anger, and a Japanese boy, killed in Japan in 1949 while Segree was in the United States army of occupation.

Segree gave this explanation of the fires: "A flaming red Indian horseman awakens him at night and tells him to set the fires. Then his mind goes blank and the next thing he remembers is that the fires have been started. The red Indian then is off his horse. He drives Segree away with taunts and sneers."

RAILROADS: Strike Goes On

The government asked striking A.F.L. switchmen to end their walk-out against five midwest and western railroads because of the "current critical developments" arising from the Korean war, but the railroaders refused.

They offered to help the railroad move any material the government deemed essential. The union said the reference to patriotism "borders on insult."

The switchmen said they previously had offered to send back to work enough strikers to help railroads move wheat, ore, or any other shipments the government regarded as essential.

A union spokesman added that the strike would be ended only if President Truman declared a war is on.

Nearly 4,000 switchmen are idle on the Chicago, Rock Island & Pacific, the Great Northern, the Chicago Great Western, the Denver & Rio Grande Western, and the Western Pacific.

Red Amazons

These poker-faced girls, held at a South Korea guardhouse, were members of a Communist guerrilla band that crossed the border and which was finally driven back. The girls said they were conscripted as guerrilla fighters when they proved too weak to help pull plows.

EUROPE: A Case of Shakes

Europe suffered a severe case of "shakes" following the outbreak of the Korean conflict. Europeans saw the horrors of World War II as it progressed across that continent from east to west, and what they saw will not soon be forgotten.

With this memory and a strong belief that Russia had finally come from behind the iron curtain to fight World War III, the nerves of Europeans were at the breaking point for the first week of the crisis.

As the situation developed, however, the tension eased, but by no means vanished. In many areas, Berlin for instance, the majority felt World War III had begun. In other sections the thought persisted that it was a dangerous situation, but with hopes it would not set the world afire with war.

Some of the reactions: Vienna—Austrians were beginning to breathe easier after the first week of war jitters, but there remained widespread fear of war. There was a notable surge of growing confidence in the United Nations and the United States.

Frankfurt—The Germans, both east and west, were plainly scared at the possibility of the Korean struggle drawing Europe into a shooting war.

Berlin—War fears in Berlin apparently were worse than at the start of the Soviet blockade of Berlin two years ago.

London—Extremely disturbed over the possibility of war, but approved the action of the United States. The thought persisted that the Russians are not ready for a full scale war.

UNITED STATES: A United Front

More than anywhere else in the world, the Korean incident was uppermost in the minds of Americans. There was a great fear of war in all sections of the country. But most surprising reaction was the united front presented to the rest of the world.

Americans in every walk of life approved of President Truman's action. One and all approved the decision that told communism that the United States would stand by its commitments and the point had been reached where democracy would make a stand against totalitarianism.

Even congress, which has presented a confusing picture of inconsistencies during the Truman administration, approved of the chief executive's action.

Senator Taft of Ohio, apparently unwilling to rise above the political view took the opportunity to demand the resignation of Secretary of State Acheson. Many observers found his senate speech untimely. He demanded the resignation of Acheson on the grounds his policy in the Far East had been reversed completely by President Truman and he had, therefore, been operating under the wrong policy. For that reason he insisted Mr. Acheson had outlived his usefulness.

Rep. Vito Marcantonio, noted for his Communist leanings, added his voice of protest, but most people were inclined to consider the source and let it go at that.

Politics

A new movement was seen in the Republican party following a meeting in Philadelphia of representatives from 10 states and issuance of a "declaration of principles."

Henry V. Poor, former president of the New York Young Republicans, said the group drafted the "declaration of principles" as a basis of "revitalizing the Republican party."

He declared the group wanted to "help our party by encouragement of progressive thinking, by gaining new members from independent voters and by helping to make a genuine appeal to young men and women whose lives and interests lie ahead." He added the meeting was an attempt to "organize in support of a positive Republican program."

Observers saw the move as one to eliminate some old guard thinking and possibly add new blood to Republican thinking in the 1952 presidential campaign.

TAXES: House Votes Cut

The 1950 tax bill, much to the amazement of Washington observers, won the approval of the house of representatives with a top-heavy vote of 375 to 14. As the measure went to the senate, observers were not making any predictions.

The bill calls for \$1,010,000,000 of reductions in the excise taxes annually paid on furs, jewelry, luggage, toilet articles, admissions, communications, transportation and many other items.

The revenue loss, however, is offset by provisions to increase corporation taxes \$433,000,000 annually and close loopholes in other tax laws.

Observers were making no predictions about senate action because of complexities stemming from the Korean war. Many senators have indicated the tax problem would be much different and any relief might be ruled out if the situation developed demanding increases in this country's military budget.

The Republicans have been fighting the measure because of the proposed increase in corporation taxes.

Also in the tax news, federal revenue in May soared nearly half a billion dollars above that of the same month a year ago.

But the total for the first 11 months in the fiscal year ending July 1 was still more than a billion below that of the corresponding period of the preceding fiscal year, the internal revenue bureau reported.

The revenue in May from individual and corporation income taxes and from employment taxes was well up last year. For example, the individual income taxes collected in May were \$1,878,357,644, as compared with \$1,604,794,824 in May 1949.

DRAFT LAW: Boys Must Register

President Truman signed the draft bill into law. It gives him unrestricted authority to order inductions resumed at any time and empowers him to put the National Guard and the reserves on active duty any time he sees fit to do so.

The law runs until July 9, 1951, and males from 19 to 26 are subject to induction.

Observers were not much surprised at the extension of the selective service law after the Korean incident hit the headlines. Before that, however, congress was in a knock down drag out battle over the bill.

When first considered last spring there was considerable doubt that the lawmakers would grant a continuation. At the minimum, they wanted to limit the President's power to start inductions going again. The Korean situation, however, brought about quick agreement.

GAMBLING: Blow to Bookmakers

A senate subcommittee investigating gambling throughout the country has released the names of more than 2,000 subscribers to racing news wire services.

The move was newsworthy in that it should prove "useful" to local law enforcement officials in combating gambling.

Senator Ernest W. McFarland, chairman of the committee, said his group had no proof that any particular individual on the list was a bookmaker. He pointed out that some listings—for newspapers, radio stations and the like—obviously fall outside the gambling realm.

But he added: "I believe the majority of those listed are bookmakers."

The committee has announced plans to hold hearings this month in Miami, St. Louis, Kansas City and Chicago.

Nominated

Willis Smith and Mrs. Smith cast their votes in the North Carolina run-off primary. Smith defeated Sen. Frank Graham, one of President Truman's southern supporters. The Democratic nomination is tantamount to election in North Carolina.

EMPLOYMENT: Near Record

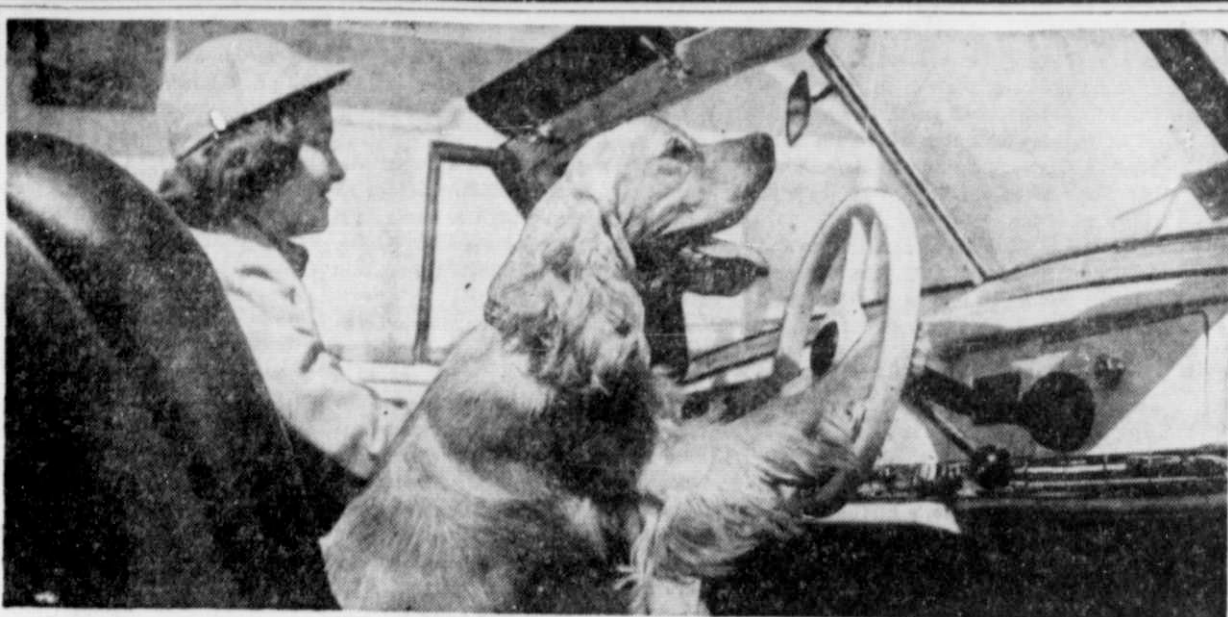

Employment in the United States in June soared to the highest levels reached since the record month of July, 1948, statistics from the bureau of the census revealed.

Agricultural employment rose to 99,046,000 compared with 8,062,000 in May. Nonagricultural employment rose by 750,000 to a total of 52,436,000 between May and June.

For five straight months the employment has increased.

The census bureau reported buyers went \$481,000,000 deeper into debt for retail purchases—352 million of that plunge was on the installment plan.

Also on the economic front, reports from some sections of the country reported excessive purchase by many housewives of sugar and other items that would be scarce in case of war. Automobile dealers also reported a sudden flurry of orders for new cars from individuals who evidently expect the Korea incident to develop into World War III.

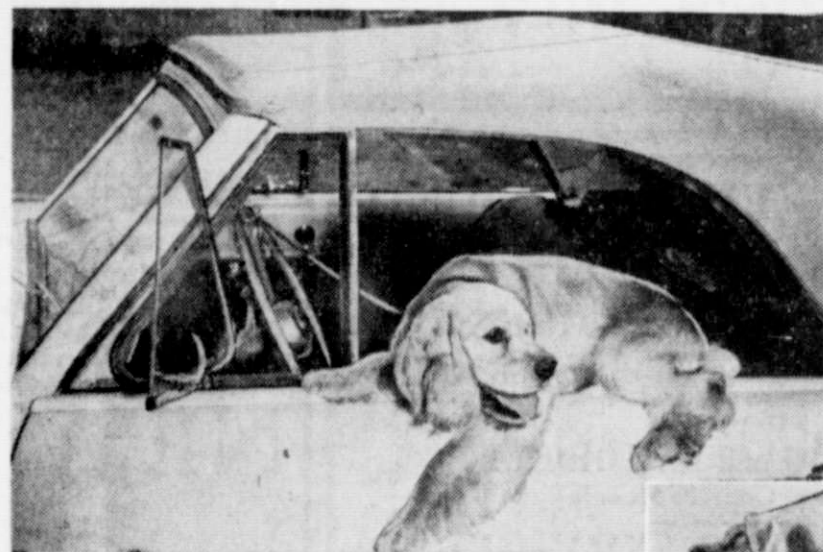

TAKE ROVER ALONG

● Vacation time is here and many pet owners are wondering what to do with them while they are at the beach or touring the country. Why not take Rover along? Dogs are better travelers than most people—or at least so claims Miss Carol Lane, an expert who ought to know. She's woman's travel director of Shell Oil company and she knows every trick in the book for making travel more comfortable for people and pets. Here she demonstrates how both can make fine traveling companions for each other.

● Here's what you need (above) to keep Rover happy: a supply of dog biscuits, an indestructible bone to chew, a sweater or coat for rough weather, an oversize collar tag (left), disinfectant, collar and leash, currying comb and brush, flea powder and water and food dish.

● Leashing a dog to the steering wheel with windows down is a common, and cruel fault of inexperienced travelers. In a few seconds Rover (left) will slip from the door and hang himself. Miss Lane advises leaving the dog free, with windows open just enough to give him plenty of air.

● For rainy days and cool nights a dog has a right to comfort, too. Miss Lane recommends a combination blanket and rain cape for Rover. Many pet owners will think the outfit (right) is ridiculous, but it is very practical for long haired dogs. By keeping them dry it will keep the automobile clean and reduce the odor of wet fur in the car when bad weather forces the traveler to keep the windows closed.

● One of the first things to teach Rover is riding obedience. With a little discipline he'll soon learn to stay on his side of a small handbag or suitcase dividing the front seat as pictured above. It will make Rover happy and the driver, too. A dog that will not obey, that insists on jumping about in the car and into the driver's lap, is better off at home. Teach him to stay on his side of the seat and it will improve the trip for all concerned. It's an important safety rule.

● If you stay at tourist camps or motels, here's a fine trick to bed Rover down for the night. Put him in the luggage compartment, with a small block of wood, prop the cover up enough to give him plenty of air, but not enough to let him escape. And—if he's anything of a watchdog—he'll guard your car.

Only Bad Health Can Get Irish Down

WACO, TEX.—Mrs. Tom C. Gaddy, 910 Washington Ave., claims the only thing that will get a good Irishman down is bad health—and that won't happen in the Gaddy home because Crazy Water Crystals are very much a part of the family.

She says: "For twenty years, I haven't been without a box of Crazy Water Crystals. Every morning I take a teaspoonful in a glass of warm water. I have had a lot of stomach trouble—and I believe Crazy Water Crystals has done more for me than all the rest of the medicines on the market. It stops heartburn, indigestion and stomach bloating right now! My husband and I both use Crazy Water Crystals when our systems are sluggish. There isn't enough that can be said about the wonderful results we get from them."

No matter how old you are or where you live—Crazy Water Crystals are good for you because they are nature's own product. GOOD CITIZEN Jury Duty Chance for Front-Row View of U.S. Justice at Work

This is the third of a series of 10 articles from the booklet "Good Citizen" published by the American Heritage Foundation.

The second promise of a good citizen: I will serve on a jury when asked.

When you receive a notice of jury duty, your first reaction may be, "Brother, how can I get out of this?"

Yet anyone who dodges responsibility or jury duty digs his little spadeful away from the foundation of one of our country's broadest freedoms.

The obligation to serve on a jury is the reverse side of the right of trial by jury.

When you sit in a jury box and look at the accused on the stand, how can you fail to say, "There, but for the grace of God, go I?"

JURY DUTY is a chance to have a front-row view of how our democratic justice is administered.

BROADWAY AND MAIN STREET Uncle Charlie, Delancey Street Machiavelli, Sets a Trap

My Uncle Charlie is a man like this: Do him a favor and you've got—or are stuck with—a friend for life.

Later, when my uncle got a job and began bringing home a fairish buck, he kept up his friendship with Schultz, and to this day if my aunt so much as buys an onion roll from another baker he'll shout, "Ingrate! You're nipping the hand that once was feeding us!"

A couple of months ago, Charlie finally got a chance to square up his long-standing debt when a Viennese gentleman named Dunkelmeier opened a bakeshop a few doors away from Schultz's rundown establishment.

SHORTLY AFTER he opened, the Viennese began to spread it around that his competitor used unsavory methods and that the raisins in his cupcakes sometimes had wings.

When the Viennese gentleman named Dunkelmeier opened a bakeshop a few doors away from Schultz's rundown establishment, it was quite a layout—newly-furnished, complete with chromium counters and, as if that weren't enough, an hermetically-sealed display window outlined with neon tubing.

THE NEXT EVENING as the old man was closing the store, Charlie asked to borrow his keys.

30-Year-Old Police Horse Retired After 17 Years JERSEY CITY, N. J.—Peanuts, 30-year-old police horse, a veteran of 17 years of outstanding service with the Jersey City police force, has been officially retired.

You may have wondered why justice moves so slowly and why so much expense is justified in some of our minor cases.

in the jury box you will gain a new and comforting realization that the system of plea bargaining, rules of evidence, objections, exceptions and legal briefs and arguments, complicated as it is, gives time and opportunity for the slightest ray of possible innocence to shine out.

Lack of familiarity may have given you a distorted view of courtroom procedure, and a fear of dislike of courts in general.

Jury duty gives you a new insight into the reasons for the many happenings of the courtroom which cannot fail to send you home a better citizen.

There are three kinds of juries on which you might be called to serve:

The grand jury's function is to hear complaints of the commission of an offense and to inquire, by aid of testimony presented by the district attorney, whether there are "prima facie" grounds for criminal prosecution.

IN A FEW states the grand jury may be done away with, even in murder cases, and the charges may thus be brought by the prosecutor, to avoid delays incident to grand jury hearings.

A trial jury, petit jury or common jury is used in all cases except when the accused elects to be tried by the court or is charged with only a "petty offense."

THE PETIT or common jury is employed in civil cases, except where the issue is one of such a nature that the case may be decided by the court (judge) without a jury.

A coroner's jury is impaneled by the coroner to help decide facts surrounding death of one or more persons when there is cause to believe that death may have resulted from a criminal act.

This article is Chapter 5 of the booklet "Good Citizen" produced by the American Heritage Foundation.

3-Minute Fiction THE WIND FOR THE MILLS

It WAS THE FAMOUS wind storm of 1935 which lasted three days and which nearly devastated the town of Mapleridge that gave Silas Kent the idea of selling his windmill to the town.

Gardner had, apparently, thought Si's idea about the best joke he'd heard in years, and had proceeded to let every one in on it.

It TOOK MAPLERIDGE about a half day to grasp the significance of all this, and then things began to happen.

Triumphantly the committee withdrew and Si went back into his house. He closed the door and began to laugh, which was almost a phenomenon.

With Russia transferring its action from subversion to aggression and sponsoring a hot war as opposed to a cold war in Asia, the hope goes up that this Crusade for Freedom will get underway as fast as possible.

SEAGOING . . . Cuban swimmers will try to swim from Bahia Honda to Key West, Fla., about 120 miles.

THE FICTION CORNER

By Richard H. Wilkinson THE WIND FOR THE MILLS

"How's that?" said Asa, regarding Si in astonishment. "Sell the town that rickety old windmill?"

Gardner had, apparently, thought Si's idea about the best joke he'd heard in years, and had proceeded to let every one in on it.

It is necessary to note that coincidence played a big part in the events that transpired during the next week.

Within an hour every resident of Mapleridge knew that the great J. Allen Brown had spotted Si Kent's windmill, and wanted to buy it for \$1500 to add to a collection of American relics he was making.

It TOOK MAPLERIDGE about a half day to grasp the significance of all this, and then things began to happen.

Presently they returned, Bert Englewood, a lawyer who was considered quite an orator, made a speech. He wound up by offering \$2000 cash for the windmill, and Si weakened.

Triumphantly the committee withdrew and Si went back into his house. He closed the door and began to laugh, which was almost a phenomenon.

With Russia transferring its action from subversion to aggression and sponsoring a hot war as opposed to a cold war in Asia, the hope goes up that this Crusade for Freedom will get underway as fast as possible.

SEAGOING . . . Cuban swimmers will try to swim from Bahia Honda to Key West, Fla., about 120 miles.

THE HOME TOWN REPORTER IN WASHINGTON WALTER SHEARD, WNU Correspondent

Crusade for Freedom

THE GREAT moral crusade for freedom, based on the spiritual belief in the dignity, worth and accountability of the individual human soul is the one factor lacking in the materialistic, godless United Nations set-up.

Gen. Lucius D. Clay, former military governor of the American sector in Germany, General Eisenhower, James A. Farley, Sen. Herbert Lehman and others who have identified themselves with this global movement, have sparked a "spiritual airlift" which is expected to carry our message of American friendship and goodwill to men and women everywhere over the most powerful and extensive network of radio power that it is possible to assemble.

The huge freedom bell which was struck at Croyden, England from metals brought from all the free nations of the world, is expected to be hung at Templehof airfield in Berlin, behind the iron curtain, probably October 21, United Nations day.

The bell, weighing 10 tons, bears the inscription: "That this world, under God, shall have a new birth of freedom."

Millions of Americans are expected to join in this great freedom crusade and plans are underway to publicize it throughout the nation, to have great rallies in major centers throughout the country following an opening rally set for Labor Day in New York.

According to present plans, the world dedication ceremony on October 24 will call simultaneous celebrations throughout the civilized world.

Purpose Outlined In a statement of purposes the Crusade for Freedom looks toward the soul of the world . . . freedom, friendship and faith.

"Our nation is the symbol of these fundamental principles to liberty-loving men and women everywhere. Today these principles are being denounced and reviled. We have suffered seriously set-backs in the contest of ideas between our way of life and totalitarianism.

In the five years since the United Nations charter proclaimed the determination of all nations to reaffirm in fundamental human rights and in the dignity and worth of the human person we have seen the most highly organized and widespread campaign against human rights and fundamental freedoms that the world has ever known."

"In the conviction that countless citizens throughout our country would welcome the opportunity to participate in such an effort, representatives of all the major groups of American life are joining forces to initiate the crusade for freedom . . . We are the greatest, most enthusiastic nation of salesmen in the world. In the cause of freedom and friendship we have the greatest product in the world to sell."

Speed Up Crusade With Russia transferring its action from subversion to aggression and sponsoring a hot war as opposed to a cold war in Asia, the hope goes up that this Crusade for Freedom will get underway as fast as possible.

For the world's soul is sick, and the ideal of the crusade for freedom is to feed human souls. "The crusade will give all of us an opportunity to help wage the peace; to reaffirm our devotion to the principles of freedom and human dignity; to nullify the constant propaganda claims that our aim is world domination and war; and, at the same time to assure the victims of tyranny overseas, that we, to whom liberty has meant more than to any other people, will not forsake them."
