

Geo. H. Schmidt, Former Publisher, Postmaster Dies

George H. Schmidt, 63, of this village, director and agent for the Kewaskum Mutual Fire Insurance company, and a widely known citizen in this community, passed away at 1 a. m. Saturday, Nov. 17, at his home. He had been ill for the past five years.

Mr. Schmidt was former owner and publisher of the Kewaskum Statesman. First he was in partnership with the late Charles Krahn in the business and later purchased sole interest. This was before the Statesman was sold to Don Harbeck and the late Arthur Schaefer. Mr. Schmidt was also former postmaster of the village and was a charter member of Kewaskum American Legion Post No. 384.

Mr. Schmidt was born Feb. 27, 1887, in West Bend, but had lived in Kewaskum many years. A son of the late Mr. and Mrs. Joseph Schmidt, he was married to Miss Clara Mortes, who survives. The deceased was the father of three children. One daughter, Georgia, died in 1940 at the age of 18 years. Surviving are one daughter, Ione (Mrs. Clarence Kierdan) of Waukesha and one son, Howard, who is with the state forestry service, stationed at Brule, Wis.

Surviving further are three grandchildren, Michael, Daniel and Timothy Kierdan; one son-in-law, one daughter-in-law, two sisters, Augusta (Mrs. John Marx) and Miss Edna Schmidt, both of this village; two brothers, John Schmidt of Detroit, Mich., and Theodore Schmidt of Kewaskum, and many relatives and friends.

The deceased was in state at Miller's funeral home. Funeral services were conducted at 2 p. m. Monday at the funeral home, Rev. Wm. Schwemmer presiding. Burial was in Union cemetery, West Bend. The Robert G. Romaine Post 384 of Kewaskum American Legion conducted military services at the grave. Members of the post also served as pallbearers.

WE ARE sincerely grateful to friends and neighbors for their many kind acts of sympathy during our sad bereavement, the death of our dear husband and father, George H. Schmidt. Our appreciation cannot be adequately expressed. Special thanks to Rev. Wm. Schwemmer, members of The American Legion, pallbearers, donors of cars, for the floral pieces and memorial tributes, to the traffic officers, Miller's, and all who helped in any way and showed respect.

Mrs. George Schmidt and Family

RALPH J. WONDRA Ralph Joseph Wondra, 24, resident of St. Kilian, died at 5 p. m. Tuesday, Nov. 21, at St. Agnes hospital, Fond du Lac, following a short illness.

Born May 14, 1926, at St. Kilian, he was the son of Anton and Regina Wondra and resided with his parents. Besides his parents he is survived by a brother, Sylvan; two sisters, Annabelle and Alexia, at home; his grandfather, Joseph Wondra, also at the St. Kilian residence.

The body was in state at the Two-High Funeral Home, Campbellsport. Funeral services were held from the funeral home at 10 a. m. Friday, and at 10:30 a. m. at St. Kilian's church, the Rev. John Reibel officiating. Burial was in the church cemetery.

GRAND OPENING OF PUBLIC LIBRARY HELD SATURDAY IN NEW MUNICIPAL BUILDING; CITIZENS JUSTLY PROUD

Saturday afternoon, Nov. 18, marked a great epoch in the history of the Kewaskum Public Library. The new library is beautiful in design, lasting in quality, and now the many-colored threads of memory are being woven there. The kindly vision of the citizens of Kewaskum made this library a reality. They and neighboring friends spread their enthusiasm at the opening which was sponsored by the Woman's club and the Library board. Mrs. Augusta Clark, president of the Woman's club, graciously welcomed the guests. Mrs. Charles Miller, president of the Library board, introduced the present board members, namely, Mrs. Fred Schiefel, librarian; Mrs. Carl Schaefer, secretary and treasurer; Henry Rosenheimer, village board representative; Clifford Rose, superintendent of Kewaskum Public schools.

According to Mrs. Schaefer in her interesting presentation of the library's history the Kewaskum Public library was started in 1913 by the Woman's club. For 3 years its members took turns acting as librarians. In December, 1915, the village took over the management of the library at the request of the Woman's club. During the next 9 years Miss Adela Gottlieb, Mrs. F. E. Colvin and Mrs. Norton Koerble were librarians. This month marks Mrs. Schiefel's 25th year as librarian. Past library board members with outstanding records are Mrs. D. M. Rosenheimer, Mrs. Karl Hausmann, Mrs. Edward C. Miller, and Mrs. L. P. Rosenheimer.

FIRE SIREN REMOVED

The fire siren on top of the old village hall was removed by village workmen on Tuesday. It will be repaired and painted and then mounted on the new Kewaskum municipal building, the future home of the fire department.

C., Mayville Aces, Hartford Zivkos, Kewaskum Honecks, Random Lake, Gratton, and Cedarburg Legion and Hamilton Behrens.

Local Couple Honored on 45th Wedding Anniversary

A 6 o'clock surprise duck dinner for brothers and sisters, followed by an 8 o'clock surprise reception for nieces and nephews was given by Mr. and Mrs. Elmer Moldenhauer for Mr. and Mrs. Anton Backhaus of Kewaskum. It was held on Saturday evening, Nov. 18, at the home of Mr. and Mrs. Moldenhauer in the town of Scott. Wearing an orchid two-piece dress, Mrs. Backhaus was presented with a corsage of yellow roses and pom poms with green satin ribbon, and Mr. Backhaus a yellow boutonniere, which was given to them by their great-grandson, Gary Gruendeman.

The large two-tiered wedding cake was placed on the buffet in the dining room, while the center pieces on the tables consisted of fall flowers, yellow and bronze mums and oak leaves, accented by deep green lighted candles.

Each of the attendants of 45 years ago was presented with a yellow pom pon by Mrs. Moldenhauer.

Those present for the dinner were: Mr. and Mrs. A. Backhaus, Roy and Mrs. G. Kanieser, Mr. and Mrs. Walter King of Kewaskum; Mr. and Mrs. Walter Albert, Mr. and Mrs. Paul Leifer, Mrs. Anna Backus, Mrs. Adele Smith, all of Milwaukee; Mr. and Mrs. Jake Lewin of Oak Park, Ill., Mr. and Mrs. Edwin Klug, Mr. and Mrs. William Koepke, Mrs. Louisa King of the town of Scott; Mr. and Mrs. Herman Klug of Batavia, Mr. and Mrs. Ed. Klug of Random Lake, Mrs. Mathilda Bleck, Mr. and Mrs. Chas. Stage of Beechwood, Mr. and Mrs. Dale Gruendeman and Gary of Boltonville.

Later in the evening relatives from Milwaukee, Beechwood, Batavia, Sheboygan Falls, town of Scott, and Random Lake came to greet the couple. A cafeteria style supper was served at midnight. Mr. and Mrs. Backhaus were the recipients of many cards and a purse.

OBSERVE 50TH WEDDING

Deer Hunters Back; Expect Record Kill

Scores of Kewaskum hunters were among the army of more than 200,000 who moved into the north woods of Wisconsin last week end to shoot deer as the state had its first any-deer season of modern times. The season opened last Saturday and closed this Friday.

Hunting was especially good this year. The highways were filled with hunters as early as Saturday afternoon, who were traveling homeward with their deer just a few hours after the season had opened. A steady flow of cars bearing deer began their trek through Kewaskum on Sunday and Monday. There were large bucks, small bucks, does and little fawns, all some bear, foxes and wolves. Nearly all hunters bagged their deer on the first two days of the season and were back home by Monday or Tuesday. By Wednesday the north woods was practically cleared of hunters, although the season did not end until Friday. Few returned home empty-handed.

The absence of antlers on many of the carcasses brought back was particularly noticeable. It is expected that hunters will wind up with an all-time high harvest of deer. If state conservation commissioners devised the any-deer season to reduce the northern herds they apparently accomplished their purpose judging from the number of animals transported through here over the opening week end. In a ten minute period Monday afternoon, the writer counted 21 deer halted through the village. This gives you an idea of how heavy the traffic of deer was. There should be enough venison on hand for hunters' families, relatives and friends (not excluding editors) for a long time to come.

One local hunter, Bud Korth, reported that his large party of hunters bagged a total of 26 deer. We believe this is a record kill for any one group from this vicinity.

There were so many local men and boys, including many of high school age) who went deer hunting this year that we won't even attempt to give you an account of all of them and their successes. However, call the Statesman at 2871 if you have any "deer news" you would like published. Some news of the hunters will be found in the "Around the Town" column in this issue.

ROSENHEIMER STORE PRESENTS CHRISTMAS PROGRAM ON WBKV

"The Magic Christmas Window," presented by L. Rosenheimer Department store, Kewaskum, Washington county's complete department store, over Station WBKV, West Bend, every day, Monday through Sunday at 4:00 p. m. is a program built on every child's delightful anticipation of the holiday season and every adult's happy memory of childhood. The world of toyland is transplanted right into each listener's home, and tales that never grow old live again, as Susan and Peter, two typical American youngsters, wander into the realm of fantasy.

The children flatten their noses against the pane of a department store window, and as they press closer, the glass dissolves and "The Magic Christmas Window" comes to life. Each time the window glass disappears, an exciting tale in the lives of make-believe characters unfolds. Such stories as "The Shoemaker and the Elves," "The Snow Queen," "The Discontented Fir Tree," "A Visit From St. Nick" and other never-to-be-forgotten tales are dramatized in "The Magic Christmas Window."

CARD OF THANKS

The recent bereavement which has visited our home, the death of our beloved mother, Mrs. Margaret Kudek, has brought to us a greater appreciation of our neighbors and friends. Such kindnesses and neighborly thoughtfulness can never be forgotten. We are deeply grateful to Fr. Springob, organist, choir, pallbearers, donors of cars, for the floral pieces and spiritual bouquets, to members of the Ladies' Altar society, Miller's Funeral home, traffic officer, and all who showed respect.

THE SURVIVING CHILDREN

FIRST SNOW AND COLD

The ground in this area was covered with snow for the first time this fall following a snowfall Wednesday night. Only enough snow came down to cover the earth but it made roads slippery and hazardous for Thanksgiving holiday. Up to this time only snow flurries filled the air on several occasions. After Wednesday's snow the mercury took a nose dive and the temperature dropped below zero for the first time Thanksgiving night.

BACKHAUS BABY BAPTIZED

The infant daughter of Mr. and Mrs. Howard Backhaus was baptized by Rev. Gerhard Kanieser in St. Lucas Ev. Lutheran church Sunday. She was given the name Jode Irene. Sponsors were Mrs. Wayland Becker, Mrs. Milton Eisenbraut and Reuben Martin.

Highs Lose Opener to Kohler; Deteat Falls

In the season's basketball opener at Kohler Friday night, Kewaskum High school's Indians absorbed a 58-25 defeat at the hands of the rangy Kohler quint. The local eagles were on the winning side, however, Tuesday night when they entertained Sheboygan Falls. They easily downed the Falls five, 42-24, to even matters to date.

Kohler is the team that went on to win a consolation place in the state tournament at Madison last March after being defeated in the tourney opener. The Blue Bombers have most of that same team back this season and should go a long way with their powerhouse. Kohler's height advantage and experience were too much for Coach Mitchell's Indians. After a spirited first half, in which Kohler took a 24-15 lead, the Bombers unleashed a whirlwind attack to submerge the visitors. Kohler plunked in 20 points in the last period. Forward Badura sank 22 points and 6 foot, 5 inch Center Gascoigne hooped 17. Fans will remember those boys as stars of the state meet. Guard Hilly Justman was high man for Kewaskum with 13 tallies. The Mitchellmen did well on a strange floor against the strong Bombers.

Kewaskum had little trouble taking care of Sheboygan Falls here Tuesday in another non-conference tilt. Seven players helped the team trip the Falls with Justman and Center Schultz racking up nine points each. Center Dobnik was the loud noise for Falls with 13 markers.

Kewaskum will play a return game at Falls next Tuesday, Nov. 28, and the first conference tilt will be played at Oakfield Friday, Dec. 1.

MRS. ROSENHEIMER ELECTED

Mrs. Henry Rosenheimer of Kewaskum was recently re-elected director of the West Bend Sweet Adelines singing group. She also was one of 11 members of the organization who attended the national convention of Sweet Adelines in Chicago.

ALL THAT FOOD brings a happy grin of anticipation to 11-year-old Kjell Tomter, in Oslo, Norway, as he uses his hunting knife to open the CARE package sent to him by friends in America. He is just one of thousands of children who have received CARE packages since 1945.

WORLD RELIEF

CARE Sent 9,500,000 Parcels Of Food to Europe in Five Years

An organization rarely talks about a customer it loses. But CARE, the overseas service agency which is unique in so many respects, can lay claim to this distinction, too. In the files at its headquarters office, 20 Broad St., New York city, is a recent letter it is proud to show: "You are losing a good and regular customer," the writer stated. "Since late 1946 you have handled my orders for parcels of different types addressed to my mother in Germany. You can hardly imagine how much joy each of your parcels brought to her, the safety she felt with the so urgently needed food in her pantry, the words of praise about the quality of the contents, the never-ending gratitude. "Now there will be no more packages to her. She is coming to this country to spend the rest of her life with her new only son. Without CARE parcels to keep her alive, I doubt she would be coming. This is why you are losing a customer, but you are not losing two true, very grateful friends."

Expands Operations

While it rejoices in the "happy ending" for this mother and her son, the Cooperative for American Remittance to Europe approaches its fifth birthday with one primary concern—to continue to aid the millions of people who can not come to this country and must have help brought to them.

With a record of over 9,500,000 packages of food, clothing, textiles and other supplies—valued at \$100,000,000—delivered to date as a gift from Americans, CARE within the few short years of its operation has far outgrown the geographic boundaries of its name. From Europe it has spread to Israel and Asia—to Japan, Okinawa, the Philippines, India and Pakistan.

Its types of services have also grown. To the standard price CARE packages of supplies it has added "food for the mind"—a book fund program whereby cash contributions in any amount are used to provide new American scientific and technical books for overseas schools and libraries, so that doctors, engineers, teachers, farmers, can gain the latest knowledge in their field. This program, launched in co-operation with UNESCO, has penetrated to Thailand, Ceylon, Burma and Jordan in addition to the package areas, until a total of 24 countries are now receiving some form of CARE aid. And going from "theory" to "practice," came the newest \$10 CARE package—a plow to help farmers in India and Pakistan grow more of the food their countries need.

Founded in 1945

CARE remembered, too, the many people overseas who have no uncle in Milwaukee, no ex-G.I. friend in Arkansas, no one in all the United States to whom they could appeal for help. For them, the agency developed its "general relief" plan, which permits Americans to order packages for a type of person or group—"a Greek orphanage", "a stenographer in France", "a widow in Manila". Such gifts, like orders for designated relatives and friends, are delivered safely and promptly, in the donor's name, with CARE returning a receipt signed by the recipient.

All of this has come about since November 27, 1945, when 26 major United States welfare agencies—with the approval of President Truman and the state department's committee on voluntary foreign aid—incorporated

International Show Opens November 25 Cattle Class Prizes Largest Ever Offered

The 51st International Live Stock Exposition will be held this year in the International Amphitheatre at the Chicago stock yards from November 25 through December 2. Increased prize money for the show should help to encourage the exhibition of top livestock from both the United States and Canada, exposition officials reported. Prizes for all cattle classes will be \$61,370, the largest total ever

offered. Many prize increases made in other breeds to mark the occasion of the golden jubilee show of 1949 are retained this year.

Dr. A. B. Weber, of Kansas State college, will judge the steers again this year. He is the only American to judge these classes since the exposition departed from the custom of having foreign judges two years ago.

Other features in connection with the international that have been familiar in the years since 1900 include the grain and hay show, recognized as the world's largest competitive showing of farm crops.

Farm Expenses Increased Five Fold in Past Decade

Farm expenses have increased almost five-fold over the past decade and not many farmers would care to return to the "good old days" of low expenses—if they had to accept the level of income that accompanied them.

This increase in cost of farm operation has been accompanied by some phenomenal changes in the composition of expenses. Machinery expense made up only 14 per cent of the total in 1935-39 while in 1947-49 it accounted for 21 per cent. Also, farmers are spending proportionately more for feed, fertilizer and crop expense than they spent 15 years ago.

These changes have been accompanied by a substantial increase in man labor efficiency on farms.

Improved Seed Flat

An idea that might be useful when growing next spring's plants is the seed box with removable sides as shown in the above illustration.

The sides are nailed together and attached to the bottom by means of hooks and screw-eyes. When the plants are large enough to be transplanted from the flat, the sides are unhooked and lifted up from the bottom, the soil with the plants in it remaining undisturbed on the bottom board. The plants are then easily separated and pulled up. When ready to use again, the sides are hooked to the bottom, and the flat filled with new soil. Very little root disturbance will result when the small plants are cut from the mass of soil with earth clinging to their roots.

Low Temp. Rendering Of Lard Is Recommended

Your home-rendered lard will be of better quality if you use a low temperature for rendering, nutrition specialists report.

A low temperature is needed to give the greatest yield of lard from the fat and to prevent scorching and sticking, which changes the flavor. Render the lard as promptly as possible after the carcass has been thoroughly chilled—preferably within 24 hours.

Sound Farm Management Records Pay Dividends

Sound farm records can point the way to earning enough larger income to buy another farm every 15 to 20 years.

A veteran farm management specialist says the usual difference in net earnings between the one-fifth highest and one-fifth lowest earning farms is enough to pay for the farms. That's based on his study of 30 years of farm records from throughout the U.S.

Turkey Topics

MR. GOBBLER can score several triumphs over the big feast is over if he's dressed with the proper trimmings. Even the smaller turkeys which are purchased for small families have much good eating on them, and certainly the large ones do, too, even though you may have had the whole big family around the table.

As long as the bird can still be sliced, serve the succulent slices just as they come from the bird, with salad or for sandwiches. Then when you get to the smaller pieces, put them in delicious pie, and casseroles.

\*Turkey Pie (Serves 6)

- 3 tablespoons butter
- 5 tablespoons flour
- 1 teaspoon salt
- Few grains pepper
- 2 1/2 cups milk
- 1 1/2 cups diced cooked turkey
- 1/2 cup cooked lima beans
- 1/2 cup cooked whole kernel corn

Melt butter in saucepan, blend in flour, salt and pepper. Gradually add milk, cook until thick, stirring constantly. Add turkey, lima beans and corn; heat. Pour into 6 individual casseroles and top with cheese pastry cut in turkey shapes. Bake in a hot oven (425°) for about 12 minutes, or until pastry is lightly browned.

\*Turkey Pilaf (Serves 6)

- 7 tablespoons cooking oil
- 4 mushrooms, finely sliced
- 3 tablespoons finely shredded green pepper
- 1 tablespoon tomato puree
- 1 cup light cream or top milk
- 1/2 cup sour cream
- 2 tablespoons prepared mustard
- 2 teaspoons salt
- 1/2 teaspoon cayenne pepper
- 2 cups diced cooked turkey
- 2 medium onions, sliced
- 1 cup raw rice
- 3 cups meat stock or bouillon
- 1/4 cup blanched, fried almonds

Heat three tablespoons of cooking oil in heavy pan. Add sliced mushrooms and cook over fairly high heat for two minutes. Add green pepper and tomato puree. Stir in the light cream or top milk and sour cream very slowly. Add mustard, one teaspoon salt, the pepper and mix well. Add diced, cooked turkey. Heat two tablespoons of the cooking oil in a heavy skillet and brown sliced onion until crisp. Add browned onion to turkey mixture.

To prepare rice, heat one tablespoon of the oil in a heavy pan, add rice and remain in a 1/2 cup of salt. Cover with meat stock or bouillon and bring to boil. Cover pan with waxed paper, then lid. Bake rice in moderate oven (350°) for 25 minutes or until tender. Mound rice on a serving dish and pour hot turkey mixture over. Scatter almonds that have been fried in the remaining cooking oil, over the top.

LYNN SAYS: Try these Tasty Treats During Cool Weather

Put hot sweetened apple sauce through a sieve and spread over hot croissants. Sprinkle with a mixture of cinnamon, sugar and chopped nuts; serve in dessert dishes. Vary your Swiss steak by using one of the following liquids to replace tomato juice; canned mushroom or onion soup, consommé with grated carrots, chopped onion and celery, or sour cream diluted with milk.

Spread slices of pound cake with jam and fit together like sandwiches. Cut in attractive shapes with cookie cutters. Serve with milk or fruit juice. Leftovers are more interesting if they're served in toasted roll baskets. Split the rolls and scoop out centers. Brush with melted butter and toast until golden brown. Fill with creamed leftover meat, fish, fowl or vegetables.

Make meringue shells and serve baked apples in them. Top with whipped cream or ice cream if you want to get fancy with this treat.

Cheese Pastry

- 1 cup flour
  - 1/4 teaspoon salt
  - 1/2 cup butter
  - 1/2 cup grated cheese
  - 2 to 3 tablespoons water
- Sift together flour and salt. Cut in butter and cheese until consistency is like coarse cornmeal. Add water, mixing lightly with fork and form into ball; chill. Roll out and cut with round or turkey shaped cutter.

Turkey Corn Casserole (Serves 4-6)

- 2 cups cubed, cooked turkey or chicken
- 1/2 cup finely chopped celery
- 1 1/2-ounce can (1 1/2 cups) whole kernel corn
- 1/4 cup chopped pimiento
- 1 tablespoon chopped onion
- 1/4 cup fat
- 3 tablespoons enriched flour
- 1 tablespoon salt
- 1 cup turkey stock
- 2 well-beaten eggs
- 1/2 cup buttered bread crumbs
- 1/4 cup grated American cheese

Arrange turkey, celery, corn and pimiento in greased baking dish. Cook onion in hot fat until golden. Add flour and salt; blend. Gradually add stock; cook until smooth and thick, stirring constantly. Quickly stir sauce into eggs. Pour over turkey mixture. Top with green-pepper rings. Mix crumbs with cheese; sprinkle over top. Bake in moderate oven (350°) 30 minutes.

Bones, Skin and Scraps For Rich Stock

To prepare broth, crack the bones if possible. For the cracking use a steak pounder, a mallet or a pair of pliers. If you can't crack them go ahead anyway for you'll still get a good broth. Place bones in a sauce pan. Add water to cover, 1 small onion, a carrot, a few ribs of celery, and soup herbs if you have them. Simmer 2 or 3 hours. Strain, cool promptly, then store in coldest part of refrigerator.

Cream of Turkey Soup (Serves 4)

- 2 tablespoons butter
- 2 tablespoons flour
- 1 1/2 cups turkey stock
- 1/2 cup cream or top milk
- 1/2 to 1/4 cup chopped cooked turkey meat
- Chopped parsley

Prepare a sauce of the butter, flour and stock. Set over hot water, add stock and meat. Heat. Season to taste with salt and pepper. Serve very hot garnished with parsley.

Turkey in Toast Cups (Serves 4-6)

Combine one 10 1/2-ounce can condensed cream and mushroom soup and 1/2 cup top milk; blend; heat; add 1 1/2 cups diced, cooked turkey and 1/2 cup chopped canned pimiento. Add some of hot sauce to 1 egg yolk; stir into remaining hot sauce. Heat thoroughly over low heat. Serve in toast cups.

One-half cup of seedless raisins added to your favorite recipe for cranberry sauce adds interest to the relish. This is especially good with pork.

A good sauce to serve with asparagus, frozen or canned, is to make a thin white sauce. Pour over the vegetables and garnish with rice, hard-cooked egg.

Good to serve with chilled vegetable juice as a first course is a thin slice of ham spread with well seasoned cream cheese and rolled, then fastened with a toothpick.

Strong cartons safeguard these CARE packages, shown rolling off the assembly line in the agency's Philadelphia packing plant, for their journey overseas as a gift from Americans to relatives, friends, or needy strangers in Europe and Asia.

Communists Ban CARE Packages

CARE, like other American relief and charitable organizations, has had to fight Communist opposition in every part of the world. CARE parcels to Europe tell their own story of American living standards which Communists have tried to keep from Europeans. Several countries have banned the organization, saying it merely serves the "interests of American imperialism" and "creates a wrong impression of the American standard of living."

**Modern Medicine Studies Old Witch Doctor Cures**

NEW YORK, N. Y.—His face grotesquely painted, his gourd rattles beating, the tribal medicine man's antics may be just a lot of mumbo jumbo to the casual observer. To modern medical researchers, however, this weird artist of healing has a lot to contribute. They know there is still much to be learned from the medicine man. In their efforts to catch up with

the hidden knowledge of medicine men, many modern laboratories have "gone native." At Western Reserve university, navy scientists are experimenting with over 1,000 plants which have been used by Indian witch doctors. Some of the results may make medical history. One herb, possibly the most remarkable so far, has totally neutralized the virus of polio in experimental cultures. This sub-

stance is now being tested. Product of no modern laboratory, quinine, one of the most precious of all drugs, came to us from the primitive medicine men of South American Indian tribes who first used the bark of the cinchona tree to relieve fever. The American Indian used the foxglove plant, source of digitalis, for heart ailments long before the white man came along.

WEEKLY NEWS ANALYSIS

Republicans Make Sweeping Gains For Both Senate and House Seats; Korean Situation Is Called Serious

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

An estimated 80,000 Chinese Communists are reported driving southward (broken arrows) in an attempt to split U.N. forces. U.N. troops withdrew, although some units were surrounded and cut to pieces. Observers report the Korean situation serious.

ELECTION:

Republicans Gain

Taking the administration by surprise, the Republican party made sweeping gains in the senate and house in one of the most hotly contested national elections in years.

As final tabulations were being completed, observers believed that the Democrats would retain 49 senate seats and the Republicans would have 47. To all practical purposes the Republicans will have a working majority in the senate and will control legislative voting with the aid of rebellious southern Democrats.

In the house the Republicans made sweeping gains, but not enough for control. Most startling aspect of the election, in the opinion of most observers, was the defeat of such men as Democrat Sen. Millard E. Tydings of Maryland and Sen. Scott Lucas of Illinois.

Lucas was the Democratic majority leader in the senate and Tydings was a strong supporter of the administration and the state department.

In Ohio, Sen. Robert A. Taft won a resounding victory over the labor-Truman purge attempt. Foreign policy played an important part in Taft's campaign and the results of the battle may shake the foundations of the Republican party. Some observers saw Taft's victory as a plain indication that the people were not happy with the administration's foreign policy.

The administration took another blow in Connecticut. Republican John Davis Lodge ousted Fair Deal Democrat Chester Bowles in the governor's contest. Democrat Sen. Brien McMahon, however, was re-elected.

In New York, Gov. Thomas E. Dewey, twice-defeated Republican nominee for president, won a third term as governor of that state. The governor's running mate, Lt. Gov. Joe R. Hanley, was defeated by Sen. Herbert Lehman. Here again was evidence of that trend where neither Republicans or Democrats were able to sweep all offices. This split across party lines was evident in many sections of the country.

In California, Republican Gov. Earl Warren, seeking a third term, won re-election over James Roosevelt, son of the late President. Rep. Richard M. Nixon also defeated Democrat Helen Gahagan Douglas in a senatorial battle.

In a congressional fight that attracted nationwide attention, American-Labor party Rep. Vito Marcantonio of New York, the only minor party representative in the house, was unseated by a Democratic-Republican-Liberal coalition formed for the sole purpose of beating him. Marcantonio's foes charged that he followed every twist and turn of the Communist party line during his service in the house.

As final tabulations were completed, observers agreed that Democratic control of the senate and house was so slight it did not constitute a safe working majority. As a result, the next two years will see a number of bitter battles on legislation and much of it being passed or killed by incredible small margins.

OFFICIAL CENSUS

U. S. Population Now 150,697,316

As of April 1, 1950, there were 150,697,316 persons in the United States. That is the official count as recently released.

This represented an increase of 19,028,068 since the 1940 census. In the last 10 years there has been a considerable shift in the concentration of the population. As a result seven states will gain a total of 14 seats in the house of representatives; nine states will lose that same number.

JOBS: Exceed 61 Million

The census bureau reported that 61,764,000 persons were employed as of October, and the number of persons out of work declined to 1,940,000, the lowest in nearly two years.

Unemployment was lower than at any time since November, 1948, when 1,831,000 were idle. The October figure was 401,000 below September, the bureau stated in its report.

Headliners

Gov. Thomas E. Dewey added a marathon television show to his list of political-campaigning devices. He had Mrs. Dewey on the show with him a while. He asked her, "Why don't you take your hat off." She replied, "Because my hair's a mess. Why do things like this happen just when I need a permanent?"

"The Communists committed one of the most offensive acts of international lawlessness of historic record," Gen. Douglas MacArthur said in his report on Chinese intervention in North Korea.

George Bernard Shaw, Irish author and wit, who died at the age of 94, for years had kept the world in a whirl with his use of words. Here are some Shawianisms: Success—"The secret of success is to offend the greatest number of people." Truth—"The truth is the one thing nobody will believe." Love—"Sir, there are two tragedies in life. One is to lose your heart's desire. The other is to gain it."

KOREA:

Situation Serious

The war in Korea which seemed on the verge of complete victory for the United Nations forces took a dangerous turn with the invasion of Chinese Communists. Political observers termed the situation serious, including Gen. Douglas MacArthur, the U. N. commander.

According to available reports, between three and six Chinese divisions crossed the boundary between Manchuria and Korea and went into battle beside the North Koreans. The immediate military result was a withdrawal of U. N. troops south, in some instances as much as 50 miles.

MacArthur summed up the situation by reporting that the North Korean army was finished as a fighting force in October by the inflicting of 335,000 casualties. This included 135,000 Reds who were captured.

His communique on the situation said: "In the face of this victory of U. N. arms, the Communists committed one of the most offensive acts of international lawlessness of historic record . . ."

There are available in Manchuria about 300,000 troops—veterans of the Chinese civil war—which could be thrown into the battle immediately. Another 300,000 are believed to be either in Manchuria or North China.

The dangerous question now facing the free nations is what attitude the Chinese will take to MacArthur's charge that "alien Communists" have entered the war. Whether the Communist world is prepared to take this colossal step is a secret, most probably locked in the depths of the Kremlin.

If the Communists are ready to take this risk it may mean the start of World War III and the end of the world as we have known it.

Under the new census figures California gained 7 seats; Florida, 2; Maryland, Michigan, Texas, Virginia and Washington, 1 each in the house.

Pennsylvania was the big loser, 3; Missouri, New York and Oklahoma, 2 each; Arkansas, Illinois, Kentucky, Mississippi, and Tennessee, 1 each.

Census officials said the westward movement of the population had continued at an increasing pace and for the first time led all sections in the rate of population growth.

GERM-WARFARE:

Infected Rats Found

One of the most frightening and horrible discoveries of the Korean conflict was made public when the army disclosed it had found five thousand rats and mice inoculated with deadly plague and other germs in a secret laboratory near Pyongyang.

The army reported more than 5,000 rats and mice were inoculated with such diseases as bubonic plague, encephalitis, and currawaddy fever immediately after the U. N. landing at Inchon.

Only 380 of the carriers were alive when discovered and 200 of these were mad from hunger. None were believed to have been turned loose or to have escaped from their sealed cages, though fleas from the dead animals might spread disease.

The project was reported under the supervision of a Russian woman scientist who fled northward after the landing.

The animals were kept in cages in groups of from two to 20. They were well fed and their furs sprayed with a chemical that encouraged the multiplication of fleas.

The discovery will provide a clue to the type of germ-warfare experimentation Communist countries might be carrying out and give the free nations of the world an indication as to what horrors the Communist will resort to.

SPAIN:

Ban Is Lifted

After four years the United Nations had lifted its diplomatic ban against the Spanish government. The action accomplished two objectives:

1. It withdrew the 1946 recommendation to all U. N. members that they withdraw ambassadors and ministers from Madrid.

2. It lifted the 1946 ban against admission of Spain to the U. N.'s specialized agencies.

The United States, however, will not return an ambassador to Madrid. President Truman said publicly recently he would not appoint one.

The U. N.'s resolution left intact the condemnation of the Franco regime for its aid to the Axis during World War II.

The United States voted in favor of removing the boycott which was spearheaded by Catholic Latin American nations.

Revolutionist

Pedro Albizu Campos, Harvard graduate, leader of the Nationalist party that threw Puerto Rico in turmoil, was arrested after the attempt to assassinate President Truman. FBI agents were trying to connect him with the attempt on the President's life.

WORLD WAR III:

Thunder Can Be Heard

The capitals of the world trembled because many observers believed they heard the thunder of World War III on the horizon.

The thunder was caused by Communist China, which adopted the attitude that "American intervention in Korea signals an intention to invade China."

All Communist dispatches and broadcasts hammered out the same recurrent themes:

1. The Chinese Communists will oppose "American imperialist aggressors" with concrete action.

2. American use of the atom bomb will mean retaliation in kind. Observers were further troubled because the Chinese evidently meant business. From three to six Chinese divisions had been identified in action in Korea against United Nations forces. They forced U. N. troops to make withdrawals, and, from early reports, intended to continue their march south.

No one in his right mind could overlook the fact that China could be the strongest nation in the world. The Chinese Communist armies already are estimated at 5,000,000 men of whom 1,000,000 are in Manchuria. Peiping recently announced organization of 5,500,000 armed militia, bringing the country's armed strength to more than 10,000,000.

Its industrial might never has been exploited, but could, within a few years, become one of the greatest in the world. China's war supplies at present are furnished in great part by Russia. There is no reason to believe they will be discontinued.

Observers believe that if China is determined to do so, she can take over Korea. It would mean a defeat for United Nations forces and the first phase of World War III. The answer seems to be hidden in the brain of Mao Tse-tung, China's Communist leader.

STOCKS:

Prices Tumble

General Douglas MacArthur's charge to the United Nations that Chinese Communists had intervened in North Korean fighting, touched off a violent selling spree on the New York stock exchange.

A wave of selling swept over the market and prices fell \$1 to \$5 a share before holding. Selling pressure let up for a while and a few minutes before the close a lively rally started.

Weekly Picture Story G.I. JOE & IVAN

In the "friendly city" of Vienna, occupied by the big four powers under an allied control council, G.I. Joe and Ivan were once friendly. Strained by recent incidents, however, that friendship is now fast disappearing. In the scene above American and Russian officers take the salute from passing red army troops, and at right an American and Russian soldier are friends. Those days are gone.

Above four soldiers use an American vehicle to patrol the international district. The patrols continue, but they are often grim. Let to right in the car are: Soviet, British, French and American members.

A glimpse of surface amiability is given in the picture above during the change-over ceremonies of troops in the city. Soviet officers (above) are mustering the nearest thing to a smile that the Reds ever display these days. At close range (right) the red soldiers appear young and tough. He is the counterpart of the American combat infantryman. A closer look discloses the results of months of rigorous training and discipline.

Reminiscent of the Nazi goose-step is the heavy-booted "parade" strut of a Soviet army company as it marches into the square for the change-over ceremony of the big four control. Vienna, once a friendly and gay city even under occupation, has turned sour in recent months.

Gems of Thought
Success usually represents the one unpardonable sin against one's friends.
The self-made man is often a horrible example of unskilled labor.
One formula for success is to start from scratch and keep scratching.

Here's a way to stretch your Christmas money and please your friends at the same time! The cigarette smokers on your list will welcome a carton of cool, mild Camels. And to the pipe smokers and men who "roll their own" — give a one pound tin of Prince Albert Smoking Tobacco. When you give Camels or Prince Albert you're giving a very best in smoking enjoyment. Mild, full-flavored Camels are made of the world's choicest tobaccos, expertly blended — a good reason why more people smoke Camels than any other cigarette! And mellow Prince Albert is America's largest-selling pipe tobacco. What's more, both Camels and Prince Albert are already gift-wrapped in gay, red and green packages. All you do is fill-in your personal greeting on the built-in card. No fuss. No bother. Save time, save energy, save money. Give Camels and Prince Albert. The perfect Christmas gifts for smokers! —Adv.

A chicken with yellow legs and cold, shriveled comb can be culled out of the flock this time of year. She's not laying eggs.

### TELEPHONE SERVICE... biggest value in the basket

When you buy telephone service, you buy a big package of convenience, protection, service and efficiency all rolled into one. Having this service means more minutes in a day for you—more things done more easily. You also buy contacts with people—a quick dependable way of keeping in touch with almost everybody, everywhere.

With our constant expansion, more new telephones are put into service every day. So this big package, your telephone package, keeps on getting bigger—and more valuable to you and your family—every day.
