

Five Kewaskum Men Leave With February Draft Group of 27

A total of 27 young men left from the Washington county draft board office in Hartford Friday morning for induction into the armed forces. The February quota was 29 youths but only 27 men were available.

The men inducted Friday included the following: Oscar W. Hetzel, R. 4, Slinger; John N. Curley, West Bend; Robert A. Werner, West Bend; George J. Sherman, Allenton; Gerald J. Drickien, Barton; Alfred C. Strauss, Jackson; Edward H. Schmitz, Barton; Vernon A. Heldner, West Bend; Robert W. Oeming, R. 3, Campbellsport; Jack A. Relland, West Bend; Lloyd J. Reinke, West Bend; JOHN J. MARTIN, R. 3, KEWASKUM; Richard F. Kurth, R. 1, Jackson.

Roland A. Feber, R. 3, Hartford; Earl J. Bubltz, R. 1, Cedarburg; Fred A. Senfelen, Colgate; HAROLD E. STERN, R. 2, KEWASKUM; Harold T. Mapes, Barton; Merlin J. Stockhausen, R. 2, West Bend; Elroy F. Lande, R. 3, West Bend; ANTHONY J. VORPAHL, KEWASKUM; David A. John, R. 5, West Bend; LESTER M. SCHAUB, R. 3, KEWASKUM; Edward P. Schaefer, Slinger; Richard E. Mertz, R. 1, Hartford; Anthony M. Wolf, Slinger, and PETER YEARLING, JR., R. 1, KEWASKUM.

SCHOOL BAND, GLEE CLUB TO GIVE MID-WINTER CONCERT

The date of Tuesday, Feb. 27, has been set for the mid-winter music concert at Kewaskum High school. The program will be given in the school auditorium starting at 8:00 o'clock in the evening.

The first part of the concert will be given by the girls' glee club with the second part featuring the school band. The concert is free. No admission will be charged. It is the hope of the school music department that a large crowd will attend to hear and encourage the students in their music work. The complete program will be published in next week's paper. Remember the date, Feb. 27, for the mid-winter concert.

From Our Readers...

Here are some of the dream-letters the editor received on a Monday morning after falling on his head: "Will you please call the attention of your advertising manager to the fact that our ad in last week's paper ran upside down? I think it was a wonderful stunt for him to run it that way because I enjoyed seeing my wife stand on her head to read it. Enclosed find check for twice usual cost. I want you to have a good time at my expense. (Signed) A prosperous advertiser."

"Last week when you printed the names of students on the school honor roll, the name of my son was omitted. I want to thank you sincerely for leaving out his name because he's already reached the point where he thinks he doesn't have to study any more. Thanks for giving us such a swell break. I think you are wonderful. (Signed) A Proud Parent."

"I was amazed to discover that my subscription is two days overdue. Please accept my sincere apology and be assured that I will never ever do it again. Enclosed find subscription money plus interest for the two days at 6 per cent annum, compounded. (Signed) A humble subscriber."

"In an editorial in your latest issue, you accused me of being unfit to hold a state office. You said I was spending money like a drunken sailor on a stormy night in Hristow. What you said about all my relatives who I funny on the state payroll surely was funny. I think you have a wonderful sense of humor. Enclosed find check for subscription for each of my seven relatives and thanks for proving that people are funny. (Signed) A politician."

"As you know, I have been in business here for over 35 years and I run an ad in your paper every week. In all this time you have never carried a single line on the front page about me but you mention my competitor in a news story nearly every week. I really appreciate this because we have more business now than we can handle, and if I got the free publicity on top of the advertising I'm doing I'd have to hire more help. Thank you for your whole cooperation. (Signed) A successful business man."

Evening School Attended by 18 Young Farmers Here

Eighteen young farmers of this vicinity attended an evening school on farm tractor maintenance conducted by D. W. Scheid, agricultural instructor of the local high school agricultural department.

This evening school started in October and consisted of sixteen lessons of farm tractor maintenance.

According to Scheid, the maintenance of farm tractors is especially important at this time because of the fact that farmers of today are again faced with the prospect of shrinking supplies of farm equipment and machinery due to the national emergency. He stated that this was especially true for farm tractors.

Scheid expressed special thanks to the farm tractor dealers of Kewaskum who supported this evening school by supplying tractors for demonstration purposes.

The program of young farmer classes was discussed in a radio program over station WBKV, West Bend, by Scheid last Monday morning. Alan Stoffel, one of the young farmers, participated in the program.

A series of programs on vocational agriculture and its program is being put on by Scheid over station WBKV each Monday morning so that the people of this community can get a better idea of what vocational agriculture really is and so that the students in the department can get credit for their accomplishments.

THELENS LEAVE VILLAGE, TWO FAMILIES MOVE HERE

Mr. and Mrs. Edmund Thielen have moved from the rear flat in the Schnour home on Prospect ave. to a place near Plymouth where Mr. Thielen has purchased a dairy route. He was formerly employed at the Kewaskum Dairy. Mr. and Mrs. Howard Hess and family have moved from the Ernest Hamman house on North Fond du Lac ave. into the flat vacated by the Theleens. Mr. Hess is a teacher at the Kewaskum Public schools.

Mr. and Mrs. Christ Kober, Sr. and daughter have moved from Fond du Lac into the upper apartment in the Boyd Smoley building on Main st., recently vacated by the John Wink family.

Mrs. Lorena Dettmann and family have moved from their farm home a short distance south of Kewaskum into the Harry Maaske residence on East Main st. Mrs. Dettmann recently traded her farm for the Maaske home.

BIRTHS

KLEINKE—A son to Mr. and Mrs. Marvin Kleinke, Kewaskum, at St. Joseph's hospital, West Bend, on St. Valentine's day, Feb. 14. PETERSON—A son, Joel Norwood, to Mr. and Mrs. L. N. Peterson, village, Tuesday, Feb. 13, at the Milwaukee hospital. Mr. Peterson is secretary-treasurer of the Kewaskum U-tensils company. BUNTJER—A son to Mr. and Mrs. Clarence Buntjer, village, Sunday, Feb. 11. LECHER—A daughter to Mr. and Mrs. John Lecher, R. 2, Kewaskum, Friday, Feb. 9. DOPKE—A son to Mr. and Mrs. Harry Dopke, Kewaskum, Monday, Feb. 12. STROBEL—A daughter to Mr. and Mrs. Bernard "Barney" Strobel, R. 3, Kewaskum, Tuesday, Feb. 13. LEMKE—A daughter to Mr. and Mrs. Hugo Lemke, R. 3, Campbellsport, Tuesday, Feb. 13. DINN—A son to Mr. and Mrs. Ronald Dinn, Dundee, at Memorial hospital, Sheboygan, Friday, Feb. 9.

SCOUTS HOLD FATHER, SON BREAKFAST; AWARD GIVEN

On Sunday, Feb. 11, at the Town Cafe, a scout father and son breakfast was held. It was in honor of Boy Scout week. Those taking part were the Cubs, Boy Scouts, and Explorer Scouts, also with the scout committee. After a short program the fathers and sons attended church together. In the afternoon Edward Miller, Jr. was awarded the Ad Altare Dei which is the Catholic scout award. Edward is the first scout to receive this award in Kewaskum.

HOSPITAL NEWS

Mrs. Arnold Jaekels, village, returned home last week from St. Joseph's hospital, West Bend, where she submitted to a major operation recently. Mrs. Byron Klein, R. 1, Kewaskum, underwent an operation in Milwaukee Thursday.

Death of Jos. Feiten, Kewaskum Farmer

Death claimed Joseph Feiten, R. 1, Kewaskum, aged 83, at the Nic Feiten home on Friday morning, Feb. 9. Mr. Feiten had been ailing for the past two years.

He was born in the town of Farmington on June 20, 1867, and grew up in that township, where he engaged in farming. Mr. Feiten spent his entire lifetime at that occupation except for a number of years of service during World War I. He made his home with a brother and sister-in-law, Mr. and Mrs. Nic Feiten.

Surviving are a sister, Mrs. Lena Berres of the town of Barton, and the following brothers: Theodore and Math, Feiten of West Bend, Fred of Tomah, John of Handom Lake, Nic on the homestead and William of Milwaukee. His parents and a brother, Edward, preceded him in death. Further surviving are five sisters-in-law.

Funeral services were conducted from the Schmidt Funeral home, West Bend, at 9:15 Monday morning to St. Michael's church, St. Michaels, at 10 o'clock. The Rev. Eschweiler officiated and burial was in the church cemetery. Mr. Feiten was a member of Triangle B Post American Legion of Hometown.

MRS. LILLIE THEIS

Word was received by friends here of the death of Mrs. Lillie Theis, nee Stark, a former resident of Kewaskum. Mrs. Theis died the forepart of this week at the Port Washington hospital.

Three Campbellsport Youths Hurt in Crash

James R. Karoson, 19, suffered a possible fractured pelvis and a shock; Jack Mullen, 19, sustained a right knee injury and bruises, and Bernard Brown, 19, injuries to his left eye, right wrist and face at 4 p. m. last Thursday when their car went out of control on Highway 55 near Light-house Lane south of Kewaskum, and crashed into a telephone pole and tree. All of the youths are from Campbellsport.

Karoson, driving his father's 1949 model vehicle, was passing another northbound auto when the machine struck a patch of ice and went out of control. The impact broke the pole and the machine then bounced into a tree. The youths were removed to St. Joseph's hospital in West Bend for treatment. The car was badly wrecked.

Cars driven by Herbert Yogerst, R. 2, West Bend, and William Dahm, R. 3, Kewaskum, collided on County Trunk W, a mile south of County Trunk H on Saturday. Dahm was pulling out of a driveway when the two vehicles collided. A snow bank blocked the visibility of both drivers.

HONOR DISPLACED PERSONS AT SUPPER, GIFT SHOWER

A pot luck supper and gift shower was given Sunday from 3 to 7 p. m. by the Ladies' Guild at Peace Evangelical and Reformed church for the displaced persons family from Yugoslavia recently given a home by Mr. and Mrs. William P. Schaefer. The family consists of Grandmother Zinadisa Sadownikowa and her daughter, Tatiana and the latter's two children, Konstantin and Eugenia. The Sadownikowas arrived in Kewaskum on Jan. 26 from their native Yugoslavia.

Some 60 persons attended the supper and shower, consisting of members of the congregation and friends, who brought gifts and food to serve. The family was introduced by the pastor, Rev. Wm. Schwemmer and each replied with a brief "thank you" talk.

HONOR MISS ANNABELLE GROTENHUIS AT SHOWER

Miss Annabelle Grotenhuis, who will be married to Allen Tessar this Saturday, Feb. 17, was honored at a miscellaneous shower given by Mrs. W. D. Tessar at the J. J. Tessar home on Thursday evening, Feb. 8. Sixteen guests were entertained and bridge and canasta were played. The bride-to-be was presented with a corsage. A delightful lunch was served.

Mrs. Clyde T. Smith entertained fifteen guests at her home at Mausthe lake recently at a luncheon honoring Miss Grotenhuis.

POST OFFICE HOURS FEB. 22

The post office will close on Thursday, February 22, at 9 a. m. There will be no window service after that time. There will be no rural delivery and no money orders issued. The lobby will remain open all day.

SKAT TOURNAMENT MONDAY

A skat tournament will be held at Heiler's tavern, Kewaskum, Monday night, Feb. 19, starting at 8 p. m. All skat players welcome.

Johnny Tessar Scores 59 Points to Set All-Time Record in Lakes

Chevs Beat Mayville 117-86; 203 Point Total, Team's 117 Also All-Time Records

LAND OF LAKES STANDINGS (Northern Division)

Table with columns: Team, Won, Lost. Rows: Kewaskum (11-1), West Bend (10-1), Horicon (6-4), Hartford (6-5), Waupun (4-7), Oakfield (4-8), Rosendale (4-9), Mayville (3-7), Campbellsport (3-9).

The Kewaskum Chevroleto and Mayville re-wrote the records in the Land of Lakes league in their game here on Sunday night. Three all-time scoring records in the loop were shattered as the locals trounced Mayville, 117 to 86.

Firstly, Johnny Tessar, leading scorer in the entire Lakes organization, set a new individual high scoring record in the league when he poured in 59 points alone on 23 field goals and 13 free throws. Kewaskum's 117 points made in the contest also is an all-time high for the league and so is the 203 point total of the two teams. The previous individual record was held by Jan Slauson of Pewaukee, who scored 55 points in one game in 1948. The Chevroleto's single game record of 117 points exceeds the previous record, which was set this season, by more than 20 points. All of these totals also are new records for the Kewaskum gymnasium and should stand for a long time although basketball is becoming faster with the stress on offense.

At one stage in the game the Mayville team had 46 points and Tessar had 45, just one less than the entire visiting team. And Johnny did not play the full game, taking a rest on the sidelines for a time.

In drubbing Mayville by 31 points, Kewaskum easily maintained its half game first place lead over West Bend, which walked over Campbellsport the same night, 80-38. The Chev walked away from Mayville from the start and the score was never close. Kewaskum held a commanding 31-9 advantage at the end of the quarter and it was 55-29 at the intermission. The Chev continued to pour it on in the second half and defensive play was thrown to the winds. Mayville, too, worked strictly on offense and began burning the baskets. The third quarter score stood at 89-51. Mayville's 86 point total ordinarily would have won 9 out of 10 contests but was small stuff compared to Kewaskum's 117.

Tessar wore himself and the score marker out racing up and down the floor and dropping the ball through the hoops. He tallied 30 points in the first half and 29 in the second. Four other local players netted 10 points or better. Forward Will also went wild for the visitors and swished in 24 buttons. His running mate, Del Krueger, also one of the Lakes top scorers, was next with 19. Fifty-one fouls were called and 22 free throws made in the marathon.

MISS PETRI ENGAGED

Mrs. Alma Petri, Wayne, is telling of the engagement of her daughter Betty Jane to Kenneth W. Koepke, Kewaskum. Miss Petri graduated from Dodge County Normal, attended Mission House college and State Teachers college and is teaching grades 5 and 6 in the local public school. Her fiancé, who served six years as quartermaster 1/2 in the United States Navy, is the son of Mr. and Mrs. Charles Koepke, Kewaskum, R. 2.

BENEFIT CARD PARTY

A benefit card party will be given by the Kewaskum Woman's club in the new library on Wednesday, Feb. 22, starting at 2 p. m. for the benefit of the library. All popular games will be played and lunch served.

LAND OF RIVERS STANDINGS (Northern Division)

Table with columns: Team, Won, Lost. Rows: Mayville (8-2), Kewaskum (8-3), Cedarburg (5-3), Hartford (4-9), Horicon (3-8), Grafton (1-9).

RIVERS TEAM WINS THREE CONTESTS IN FOUR NIGHTS

The Rivers team had a very successful but also a tiresome week, winning three games in four nights. The three victories give them a record of 3 wins and 3 losses for the season and they stand a good chance of winning or tying for the title. They are a half game behind Mayville, which has 3 and 2. However, Mayville has three tough games still to play while the Honecks have but one left, with Hartford here Sunday night.

Dimes Drive Ends Far Short of \$10,000 Goal

Thursday marked the final day of Washburn county's 1951 March of Dimes. Already extended two weeks beyond the official national closing date, this year's campaign to close is still far short of the \$10,000 goal it hoped to achieve. But according to Atty. L. J. Goring, general chairman of the drive in this area, it is still too early to label this year's drive a success or failure. A large majority of town, village and city chairmen have yet to submit their final reports, and these reports, the chairman hoped, would paint a more cheerful picture than the one which now exists.

Goring reported late Tuesday night of this week that he had received approximately \$4,000 in contributions since the beginning of the drive. These funds represented the amount received in personal contributions, a limited number of checks from industry, two town reports, two village reports, the porch light campaign staged two weeks ago, and receipts from the West Bend parking meters.

The first town to submit its report was the town of Barton, which sent the chairman a check for \$300; the town of Wayne, with a check for \$92 was a close second. First village to report, said Goring, was the village of Jackson, from which a check of \$191 was received. The village of Kewaskum with a check for \$527, was not far behind.

With the drive now in its final stage, Goring called upon all chairmen in the county to submit their final reports to him at the earliest possible date. He promised to report the results of the drive through their newspapers and issue a detailed statement on the campaign as soon as he is able to do so.

DALE'S LACE INDIANS TO GIVE BELLES TITLE

DALE'S LACE INDIANS TO GIVE BELLES TITLE. SPECIAL NOTICE: KEWASKUM'S GAME WITH OAKFIELD HERE FRIDAY NIGHT WAS POSTPONED TO SATURDAY EVENING FEB. 17, DUE TO THE ICY ROADS AND FOG.

PAIRINGS ANNOUNCED FOR DISTRICT TOURNAMENT

Tournament pairings were announced by the W.L.A.A. Saturday. The North Fond du Lac district tournament will be divided into two events this year with four teams playing in that village and the four others at Winneconne. The lineup for the first two nights of play are as follows: At North Fond du Lac—Campbellsport, Kewaskum, North Fond du Lac and Oakfield, At Winneconne—Hortonville, Rosendale, Winneconne and winner of Brandon-Green Lake playoff contest. Finals will be played at Winneconne this year. The 30 district tournaments will meet North Fond du Lac in the opening round.

ingly easy 72-49 triumph over Kewaskum gave the Belles a clear title. With only one game to play, the Indians trail by two hits. A victory at Rosendale would have kept them in the running, although there was little hope that the Belles would lose to last place Lomira in the finale.

The Dalers jumped to a 17-5 first quarter lead and rolled to a lop-sided win over the Indians. Bob Klimko with 22 points was overshadowed by Pat Slinger with 23 for the winners. Hal Bert Justman scored 21 for the losers. Kewaskum trailed at the half, 32-15.

On Tuesday night of this week Kewaskum played a return non-conference contest at Handom Lake and was defeated. The Indians played a satisfactory floor game but couldn't connect on their shots.

OAKFIELD, HARTFORD PLAY LAST HOME GAMES HERE SUN.

The last home basketball games of the season will be played this Sunday night. The Lakes team meets Oakfield following the preliminary in which the Rivers eagles square off with Hartford. The game with Hartford is a make-up of the one postponed by them a couple of weeks ago when the Rivers squad played the Old Timers. This will be the Rivers team's last scheduled contest of the season but the Lakes five still has three tough ones to play. All away. They are Campbellsport Feb. 25, Rosendale Feb. 27, and WEST Lomira, March 4.

Farmers Night Feb. 22 at Kewaskum Opera House

Koch's Feed Mill of Kewaskum and the county agricultural agent's office are sponsoring a Farmers' Night program to be held at the Kewaskum Opera House on Thursday evening, Feb. 22.

The program will start at 7:30 o'clock with a colored film, "Growth of a Nation." This will be followed with short talks on livestock feeding by George Werner, dairy husbandry specialist, College of Agriculture, and grassland farming by F. V. Bureau, extension agronomist, College of Agriculture. County Agent E. E. Skallisa will discuss our commercial fertilizer needs in 1951.

In connection with the speaking program a quality hay and good silage contest will be conducted. Farmers are asked to bring in a small bundle of about 2 lbs. of loose hay, or a peck of chopped hay for this contest. If tested hay is brought, a 3 or 4 inch section of the bale will suffice. A half peck of corn or grass silage should be brought in for the silage contest. These may be brought in as you come to the meeting. These will be judged during or immediately following the program and suitable prizes will be awarded to first and second place winners.

At the close of the meeting a number of attendance prizes will be awarded and coffee and doughnuts served. All prizes and refreshments are furnished by Koch's Feed Mill of Kewaskum, who are dealers of Old Elm and Koch's feed. Anyone interested is invited to attend.

THELENS LEAVE VILLAGE, TWO FAMILIES MOVE HERE

Mr. and Mrs. Edmund Thielen have moved from the rear flat in the Schnour home on Prospect ave. to a place near Plymouth where Mr. Thielen has purchased a dairy route. He was formerly employed at the Kewaskum Dairy. Mr. and Mrs. Howard Hess and family have moved from the Ernest Hamman house on North Fond du Lac ave. into the flat vacated by the Theleens. Mr. Hess is a teacher at the Kewaskum Public schools.

Mr. and Mrs. Christ Kober, Sr. and daughter have moved from Fond du Lac into the upper apartment in the Boyd Smoley building on Main st., recently vacated by the John Wink family.

Mrs. Lorena Dettmann and family have moved from their farm home a short distance south of Kewaskum into the Harry Maaske residence on East Main st. Mrs. Dettmann recently traded her farm for the Maaske home.

BIRTHS

KLEINKE—A son to Mr. and Mrs. Marvin Kleinke, Kewaskum, at St. Joseph's hospital, West Bend, on St. Valentine's day, Feb. 14. PETERSON—A son, Joel Norwood, to Mr. and Mrs. L. N. Peterson, village, Tuesday, Feb. 13, at the Milwaukee hospital. Mr. Peterson is secretary-treasurer of the Kewaskum U-tensils company. In the afternoon Edward Miller, Jr. was awarded the Ad Altare Dei which is the Catholic scout award. Edward is the first scout to receive this award in Kewaskum.

HOSPITAL NEWS

Mrs. Arnold Jaekels, village, returned home last week from St. Joseph's hospital, West Bend, where she submitted to a major operation recently. Mrs. Byron Klein, R. 1, Kewaskum, underwent an operation in Milwaukee Thursday.

Henry Renard Named to Direct 1951 Red Cross Fund Campaign

Appointment of Henry F. Renard to direct the 1951 Red Cross fund campaign was announced this week by Attorney C. J. Schloemer, chairman of the West Bend chapter of the American Red Cross.

Renard, a native of West Bend and a graduate of West Bend High school, recently completed his studies in the law school in the University of Wisconsin and has started a legal practice in West Bend. He is a veteran of World War II during which he served in the air force.

In accepting the appointment, Renard disclosed that he will announce within the next week the appointment of chairman to assist him in directing the 1951 Red Cross fund campaign in this area. The drive will begin on Thursday, March 1. Quota for the West Bend chapter area has not been announced as yet.

Chapter Chairman Schloemer expressed a hope that the residents of this area will give their whole-hearted support to the 1951 fund drive.

"Red Cross fund campaign this year comes at a time when the nation is at a critical period in its history—a time when the resources of every individual and organization must be prepared for an all-out effort to strengthen their spiritual and material forces," Schloemer said.

"As an organization, the Red Cross has an important part of the job to be done. The government has assigned to it the duty of procuring blood for military and civil defense needs; the training of twenty million people in home nursing and hundreds of thousands as nurse's aids. In addition, the Red Cross must carry forward its responsibilities to the armed forces—personal services which cannot be provided by the military but which must be provided if we are to have a strong-hearted fighting force," he continued.

"The Red Cross campaign slogan, 'Mobilize for defense of your family, your community, and the nation' points up on way the average American can put his strength into effort for the defense," Schloemer said.

"The American people have always given generously to the Red Cross—now we must do more. We must, of course, provide the funds for the organization's operations. In addition, we must give our blood, our talent, and our time—to help protect ourselves in any catastrophe which may strike. The Red Cross belongs to all of us—all who want to help, all who need help. It deserves our whole-hearted support," Schloemer concluded.

HIGH SCHOOL HONOR ROLL STUDENTS FIRST SEMESTER

Honor roll students for the first semester of the 1950-51 school year at Kewaskum High school areas follows: Freshmen—Judith Kaniess, Richard Keno, Theodore Melahn, Thelma Rosenbelder, Audrey Schaefer, Raymond Skrentny.

KEWASKUM MEN ON PROGRAM OVER RADIO STATION WBKV

Dan Scheid, agricultural instructor at Kewaskum High school, and Alan Stoffel were on the "Up and at 'Em" program over radio station WBKV, West Bend, Monday morning at 7:10 a. m. They spoke about the agricultural program which is conducted at the local high school. Mr. Scheid broadcasts regularly over the station on Monday mornings.

ATTENTION CROSS COUNTRY SOFTBALL LEAGUE MANAGERS

A meeting will be held Sunday, Feb. 25, at 2 p. m. at the Kewaskum Opera House for the purpose of reorganizing the Cross Country league for the 1951 season. All teams will be notified by mail. Teams not represented at this meeting will be replaced.

Table with columns: Team, FG, FT, PF. Rows: Kewaskum (3-1-4), Rosendale (1-1-3), Ramthun (0-4-5), Bier (0-0-2), Meisenheimer (0-0-0), Klug (2-0-5), Kempf (0-0-0), Justman (0-0-0), Koller (0-0-0), Cudoshski (0-0-2), Lomira (0-1-0).

WEEKLY NEWS ANALYSIS

**Government Issues Stopgap Order Freezing All Wages and Prices; AEC Conducts Atomic Experiments**

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

The mystery of the vanishing Chinese armies who failed to take advantage of their breakthrough in South Korea remained unsolved as U.N. forces advanced toward the 38th parallel. The advance was not an all-out push, but a probing action by U.N. forces in an effort to locate the enemy.

**KOREA: Mystery Unsolved**

The mystery of what happened to the Chinese armies that pushed United Nations forces south of the 38th parallel and seriously threatened to cut them off from Pusan remained unsolved.

An unexpected lull swept over the Korean battle front as Chinese pressure ceased. Then probing attacks northward by U.N. forces failed to make contact with the main armies of the enemy.

Latest reports told of continued movement of U.N. troops northward and only minor resistance.

The situation raised a number of questions and possibilities. For one thing, it raised the question of whether or not the Communist armies had been hurt to the extent they were unable to continue a strong attack. The possibility seemed unlikely in view of the numbers of men available to the Communists.

There were also rumors to the effect the Communists had suffered severely from cold and disease. There were other reports that the Chinese would not fight below the 38th parallel.

The mystery was still unsolved after two weeks of minor fighting. The battlefield lull also relieved the tension on the political front. The urgency of branding China the aggressor in Korea was lessened.

**POLITICS: Republican Policy**

The drums of politics, which will grow louder in the next few months, were sounded by Sen. Robert Taft of Ohio when he called on Republicans to meet head on any Truman "trucking" to Communist sympathizers or any appeasement of Russia. Taft made it plain that he thought the Republicans could defeat the Democrats in the next presidential election on the issue of foreign policy. Whether or not the campaign shapes up along these lines depends greatly on events in the next few months. On the surface it appears that Senator Taft may face some opposition along this line from within his own party.

Senator Taft's influence with Republicans is tremendous, however. He heads the senate G.O.P. policy committee and has been called the leading Republican contender for the 1952 presidential nomination.

In his own words, this seems to be the core of Taft's policy: "We must meet head on any trucking to Communist sympathizers, any appeasement of Russia which is likely to lead to more aggression, and any waste of our resources with the idea that we can buy the support of nations."

**DRAFT: Bitter Controversy**

The all-powerful house armed-services committee stepped into the bitter controversy over drafting 18-year-olds for armed service duty with an order to the defense department to consider raising the top draft age from 26 to 30 as an alternative.

The move virtually put a stop to the department's plan of drafting 18-year-olds. Congress may still act on the measure, however, which the defense department reports would provide between 350,000 and 450,000 men during the first year.

Also in the draft news was the announcement by the defense department that non-veterans 19 through 25 who have married since the Korean war began June 25, 1950, should be drafted. Only single non-veterans now are being taken.

Plans also were underway to lower the draft standards. This move would provide perhaps 150,000 men now barred for physical and mental reasons.

**ECONOMISTS: Urge Stiffer Taxes**

Four hundred economists, members of 30 institutions throughout the country, recently urged the government to increase taxes and tighten controls.

Their views were interesting in that they all believed that emergency fiscal and credit policies, rather than price-wage controls, constitute our primary defense against inflation.

They recommended: 1. Scrutinize carefully all government expenditures and postpone or eliminate those that are not urgent and essential. 2. Raise tax revenues even faster than defense spending grows, so as to achieve and maintain a cash surplus. Merely to balance the budget is not enough. 3. Restrict the amount of credit available to businesses and individuals for purposes not essential to the defense program.

The recommendation to achieve a cash surplus would require a tax increase of more than \$16,000,000,000, the minimum required to balance the new budget.

**BRITAIN: One Bite a Day**

While the housewives of this country were grumbling about high prices and hoping price controls would help the situation, British housewives were protesting a drastic new cut in that nation's fresh meat ration.

It was the third cut in three months and this time amounted to 20 per cent. It shriveled the ration for each person in Britain to about a bite a day.

Until the latest cut the British housewife was allowed to purchase the equivalent of 11 2/3 cents worth of meat per person in her family each week. The cut reduced that amount to 9 1/3 cents. At the prices prevailing in the United States that would not be a healthy bite.

Shortly after the announcement that meat rations had been cut, Prime Minister Attlee called on the nation to speed a new and expanded defense program against Soviet imperialism. He warned that it would demand sacrifice for every person in the nation.

**WAGES-PRICES: A Stopgap Order**

A stopgap order freezing wages and prices was issued by the government. Although unsatisfactory as far as the average consumer was concerned, the measure at least was a stab toward stopping the wage-price spiral that had swept across the nation in the last few months.

The main effect of the order was that it brought to a standstill hundreds of collective-bargaining negotiations in industry. Prices on a number of goods and services were frozen, but there also was a number of exemptions, the most important one being the price of food.

According to administration spokesmen the price freeze would be replaced as fast as possible by specific ceiling prices, industry by industry. Such a procedure could go on forever.

The wage freeze would be wiped out as soon as a flexible wage policy could be compiled, it was announced. The "flexible policy" was considered necessary to permit lagging wages in some industries to come up to a certain standard.

The price order was complex and confusing, especially with respect to farm products and food.

First of all, there was no freeze of any food prices at the farm level.

But on the processing, wholesale, and retail levels, food prices were frozen if the farm prices of those foods were above parity. Thus, beef, veal, pork and lamb prices were frozen.

(Parity is a sliding scale designed to keep farm prices fixed at a relation to the farmer's costs. The law prohibits price ceilings below parity.)

Most farm products at the time of the wage-price freeze were below parity. Poultry and eggs were examples. If and when the farmer's price went up on those things, the wholesaler and retailer could not raise prices to increase their margins. The increase, however, would be automatically passed along all the way to the consumer.

Other things exempt from price controls included communication and publication fields—like news papers, books, magazines, radio, television and theater admission.

**Controls**

Price administrator Michael V. DiSalle (right) looks on as Attorney General J. Howard McGrath administers the oath of office to 13 officials who head regional and district offices of the economic stabilization organization. These men will direct the price-wage freeze laws.

**CASUALTY LISTS**

**Nation's Traffic Deaths Top 966,000**

Military deaths in all American wars, including Korea, reached a total of 994,000 near the end of January. And it appears likely, should the Korean conflict continue for several more months, that the total could climb well over the 1,000,000 mark.

Americans in every walk of life, from the big cities to the home towns of the nation, shuddered at

**WHOLESALE PRICES: Up 11th Straight Week**

On the day limited price-wage controls were announced, the bureau of labor statistics had another announcement of interest to the average American. The bureau reported the average wholesale prices were 14.7 per cent above the level just preceding the Korean war. It was the 11th straight week that wholesale prices had advanced. The commodity index stood at 179.9 per cent of the 1926 average.

**AEC Tests**

Captain Carroll Tyler, manager of the AEC Santa Fe operations office at Los Alamos, N.M., announced test detonations at the atomic testing range near Las Vegas. Tyler gave no details of the tests. His announcement was a warning to residents of the area that such tests were scheduled.

**A-BOMB: Tests Rock Las Vegas**

While most of the world waited with apprehension at the result and announcements of the first atomic explosion in this country in a number of years, residents of Las Vegas, Nevada, 40 miles from the atomic testing range, were irked about the whole business.

The atomic energy commission shrouded its experiments in silence. It was known, however, that three explosions took place. Las Vegas witnesses reported a tremendous white flash in the sky, closely followed by another flash, orange in color and not as bright.

Las Vegas residents reported windows shook, houses trembled and burglar alarms in business establishments were set off.

The last explosion was felt and seen in Boulder City, about 65 miles from the test range.

**EUROPE: Time for Co-operation**

In the last few weeks, especially since General Eisenhower made his tour of Europe, there seems to have developed a feeling of mutual co-operation between the United States and our allies.

The reluctance to arm and speed up production that was evident only a few months ago disappeared. Britain has launched a production speed-up and rearmament program. And now France has announced plans to take her place beside the U.S. and Britain.

To further this co-operation, French Premier Rene Pleven argued in Washington for conferences with President Truman. After a series of meetings it was announced Pleven and Truman were in agreement as to policy in the far east, especially in Korea and Indochina.

Most observers agreed the talks would open the way for greater co-operation among the western nations in the defense of Europe, with much greater participation on the part of France.

● If you own a radio you are probably going around with a vacant expression and your ears bent down to your shoulders. This is a direct result of listening to "The Thing", a musical monstrosity. Since everyone else is doing it, we have come up with a "thing" of our own, a series of pictures of Parisian gogglers. The question is what is the "thing" causing the gogglings? The two little girls above, for instance, seem to make it obvious that they are seeing something they never saw before.

**the THING!**  
Weekly Picture Story

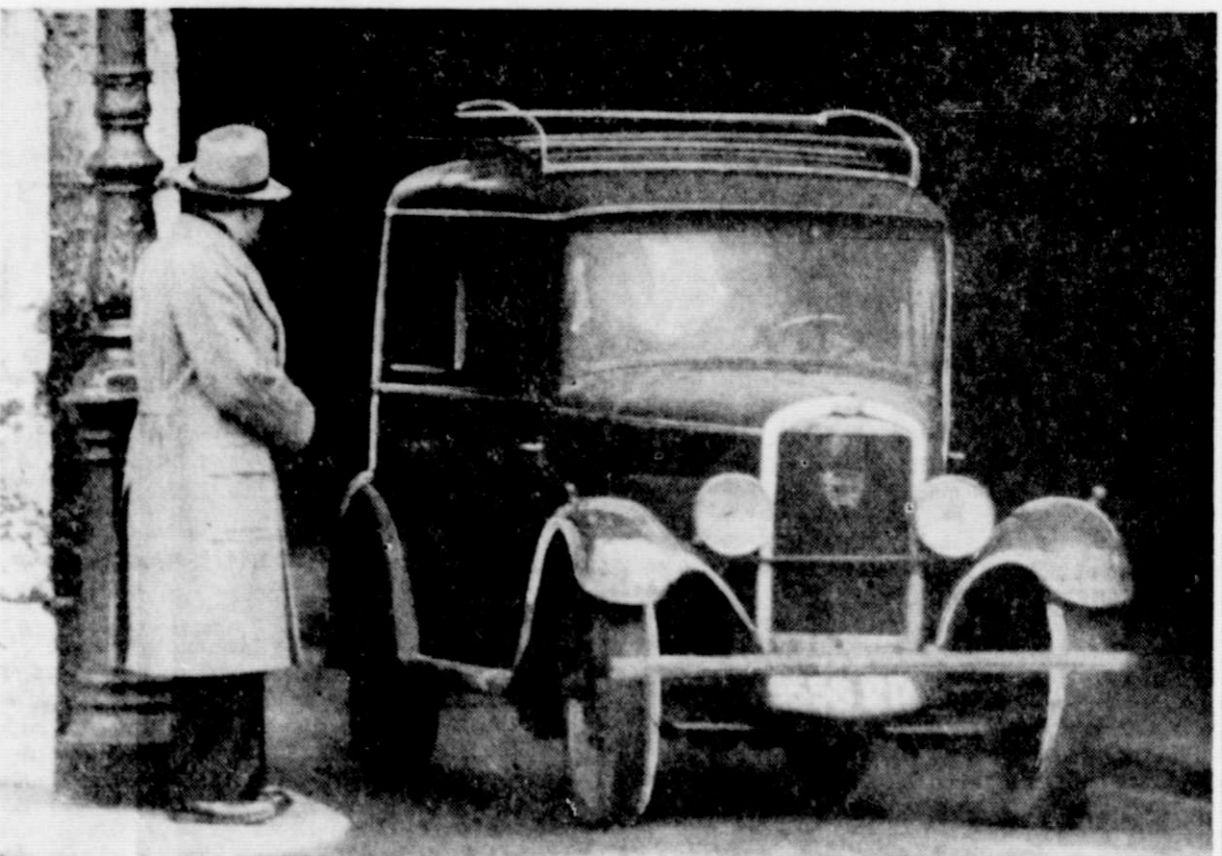

● It can't be something breaking the law, or thegendarme (above) would not have such a benign expression. However, he, too, hugs that corner. Well, as Parisians say, anything can happen in Paris. Among other things, it has been called the place where good Americans go when they die.

● Even the Parisian dog (above) knows enough to stick close to the protecting corner as he surveys "The Thing". He isn't scared or angry. His breed carries the ears sharply pricked under the throes of such emotions.

● Nor does the goateed Parisian (above) seem unduly put-out by what he sees. The little boy (left) seems to be doing the looking for his girl friend as well as himself. Enough! Enough! The picture below explains the mystery. All were peering around the corner where this pedestrian stands. It leads into a tunnel-like passage way which has no sidewalk and pedestrians who use it must watch and wait until no traffic is coming from the other end.

● The two youths at right would tell you that they might look silly, but a good look around that corner has saved a number of lives. Not a bad idea at that. Americans could do a little more looking themselves when they cross streets.

Save \$2.00 On This Home Mixed Cough Syrup

Easily Mixed. Needs No Cooking. Cough medicines usually contain a large quantity of plain syrup—a good ingredient, but which you can easily make at home. Mix 2 cups of granulated sugar with 1 cup of water. No cooking! Or you can use corn syrup or liquid honey, instead of sugar syrup. Then get from your drugstore 2 1/2 ounces of Pinex, pour it into a pint bottle, and fill up with your syrup. This gives you a full pint of wonderful medicine for coughs due to colds. It makes a real saving because it gives you about four times as much for your money. Never spoils, and children love it. This is actually a surprisingly effective, quick-acting cough medicine. Swiftly, you feel it taking hold. It loosens phlegm, soothes irritated membranes, makes breathing easy. Pinex is a special compound of proven ingredients. In concentrated form, a most reliable, soothing agent for throat and bronchial irritations. Money refunded if it doesn't please you in every way.

FOR EXTRA CONVENIENCE GET NEW! EXTRA-MIXED, READY-TO-USE PINEX!

Value Your Health More Than Riches

Some folks think that fine clothes and fine, big houses are the most important things in life, but these things really don't mean too much if a person doesn't feel well enough to enjoy them. Most folks don't realize that it's possible to live this, but Mrs. Lucy Braswell, of Route 2, Stone Mountain, Ga., realizes it very well. Mrs. Braswell takes HADACOL, and by taking HADACOL she found she is helping her system overcome deficiencies of Vitamin B1, B2, Nicotin and Iron, which HADACOL contains.

Here is Mrs. Braswell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it about six weeks. I am so much better and much stronger. I will continue to take HADACOL. It sure has helped me. I tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old."

If your druggist does not have HADACOL, order direct from The LeBlanc Corporation, Lafayette, Louisiana. Send no money. Just your name and address on a penny post card. Pay postman, State whether you want the \$3.50 hospital size or \$1.25 trial size. Remember, money cheerfully refunded unless you are 100% satisfied. —Adv. © 1950, The LeBlanc Corporation.

CIVIL DEFENSE

Millard F. Caldwell Faces Task Of Building U. S. Civil Defense

(This is the first of a series of five articles on civil defense as written by Walter A. Shrad, Washington Newspaper Union's Washington correspondent.)

WASHINGTON, D. C. — A tall, lean, square-jawed, broad-shouldered man sits in a temporary office in one of the many converted government buildings—a short two blocks from the White House—whose name is destined to become well known to millions of Americans. He is Millard F. Caldwell, former governor of Florida, who has been handed the tremendous responsibility of the nation's civil defense and who will head up a volunteer army of civilian Americans which will total some 20,000,000 men and women in every state of the union.

His immediate job is to weld together a small force of approximately 3,000 paid employees, approximately 1,000 of whom will be administrative workers here in Washington, the rest to become field officers in various states and strategic areas.

At the same time he must start from scratch to train these people, who will in turn train his 20-million-man army, in the new field of civilian defense.

Governor Caldwell must come up with the answers to these questions: What can I do to protect myself and my neighbors if an atomic bomb is dropped in or near my home? What about a hydrogen bomb? What protection do I have in case a bacteriological bomb or balloon is loosed in my community? What defense is there against radiological warfare, or the dropping of insect pests or plant diseases to destroy crops and animals?

Governor Caldwell believes that it is entirely within the realm of possibility that the American people face one or all of these horrible methods of modern warfare if the nation should get into a full-scale war with Russia. The extent would depend only upon the enemy's ability to pierce our air defenses, our sea defenses and just how far the Russians were determined to go.

So a well-trained civilian army is as essential to the nation's defense as a well-trained and equipped military force; it is just as essential, and possibly more so in saving the lives of American civilians.

THERE ARE DEFENSES to these atomic bombs, to attacks against health, crops and animals. But every citizen must be as well educated in these defenses, as acutely aware of the danger, and as alertly conscious of just what action to take as he is of any chore of his daily life, for it is possible we shall be living with these dangers for many years to come, if we live.

So the job of the civilian defense administration is to educate the people, to organize defenses, to set up this volunteer army, to see that state legislatures pass such enabling legislation and appropriations as are necessary, and to train men and women in scores of facts incidental to a catastrophe such as certainly will happen if a bomb is dropped in their midst.

These include, not only protection against the bomb itself to minimize loss of life and injury, but efficient first aid, fire fighting, evacuation, health facilities, water supply, medical attention, food supplies, social services, warning signals, and an efficient organization for any contingency, which spreads from the cities into the small towns and rural sections of every area in the nation.

The help of every organization in the nation and of every individual will be enlisted not only to join in the civil defense, but to help make the masses of the people bomb-conscious, to prevent fear and hysteria so that a major catastrophe may be averted.

The government has been for months making detailed studies of the bombing of European cities in World War II, of the effects of the atomic bombs at Nagasaki and Hiroshima. They have worked out pattern and effects and defenses. The Public Health Service and the American Red Cross have worked out detailed plans for health protection; the bureau of animal husbandry and the bureau of plant industry have a plan of action for defense against release of gases, pests and plant disease aimed at animal and crop destruction.

However the effective civilian defense program cannot work on a basis of "let George do it." Every citizen, every organization must constitute himself or itself a committee to learn first-hand just what each can do in the emergency should an enemy plane, bearing death or injury for thousands, pierce the nation's military defenses.

(The second of this series of articles will appear next week.)

JOHN LAIR, one of the first to enter the so-called hillbilly field in radio, was well known on the air before he returned to his boyhood home in Renfro Valley, Ky., to rebuild the old settlement and set up a shrine to American folk music. He originates, produces and emcees all radio programs emanating from the Valley, programs based on reality. If a possum hunt is to be broadcast, movable equipment is taken to the woods and the hunt is actually staged. All of the program's personnel actually live in the settlement. Lair's music library is one of the biggest sources of music collections in the United States.

Harold Lloyd and Jimmy Conlin spent three weeks filming one sequence in "Mad Wednesday" they are seen chasing a 400-pound lion up and down fire escapes, in and out of offices and along narrow ledges of a skyscraper.

THE night was a murky one. Only the stark bulbs sending their light through the steaming windows of Joe's Diner relieved the darkness. Bill Owen lounged against the door wondering whether to go in. He fingered the lone nickel in his pocket. It would get him a cup of coffee anyway.

"You here again?" Joe kidded. "What'll it be—porterhouse?" Bill grinned. "Hand me a menu. I might want breast of guinea." Then he noticed the girl. She stood by the pinball machine watching the metal balls roll down as a fellow played. There was something about her that made Bill feel uneasy inside. The rain had pelted her hair into thin honey-colored wisps around her small face. She hugged her old polo coat about her. There was a searching look in her grey eyes as she scanned each face. They made him think of somebody.

That was it! She reminded him of the way his kid sister, Kathy, might have looked. Kathy had that same kind of hair and that same expectant look on her face, even at twelve when he left home. Kathy was probably quite a girl by now! It made him wince to think of home.

He watched this one fingering the change in her cheap purse. It was only chicken-feed, but she selected a nickel carefully and put it in the slot. Somehow her eyes were too bright as she followed the dancing balls down the incline. It looked as if a lot depended upon whether or not she won.

THE door slammed and Bill looked around. Here she was back again. She came striding straight toward him. Well, he was through. She needn't try any more tricks. She slid onto the stool beside him. "Listen, mister, what's your name?" she asked breathlessly.

"J. Pierpont Morgan. What's your's—Barbara Hutton?" "No, seriously. You're in mind me of some one. I didn't notice at first—I was so set on winning at the pinball. Could you be Bill Owen?" "Yeah, I could. Why?" He eyed her curiously.

"Because I've been hunting you. I've covered every joint like this, hoping I wouldn't find you in such a place, but knowing I would. You always had the crazy idea you could get rich the easy way, ever since you hit the jackpot the first time you played when you were a kid. Well, where did it get you?" She was out of breath now.

"Hey, how do you know so much?" he demanded. "I'm Kathy, your sister Kathy. Oh, Bill, Mom's sick and she's been asking for you. You've got to come home with me." "Yeah? You are Kathy then? And they'd want me to come home—even this way? Na-ah!" He flicked at his ragged cuff.

"Sure. They knew you weren't making good, or you'd have been back. They just want you to come home—to make Mom better." Her big grey eyes were welling with tears and her hair hung down wispier than ever, but she was Kathy and his kid days and home all rolled into one. He slipped off the stool and took her arm. He'd been playing out of luck, but at last he'd hit the jackpot.

"Come on, then," he said. "What are we waiting for?"

THE principles involved mean nothing. The one thing being considered is the amount of business each nation stands to lose. It is on the rock of selfish interests that the United Nations has run aground. The United Nations has proven no more substantial as a war preventive than did the League of Nations. It is only a debating society in which principles are forgotten when selfish business interests are endangered.

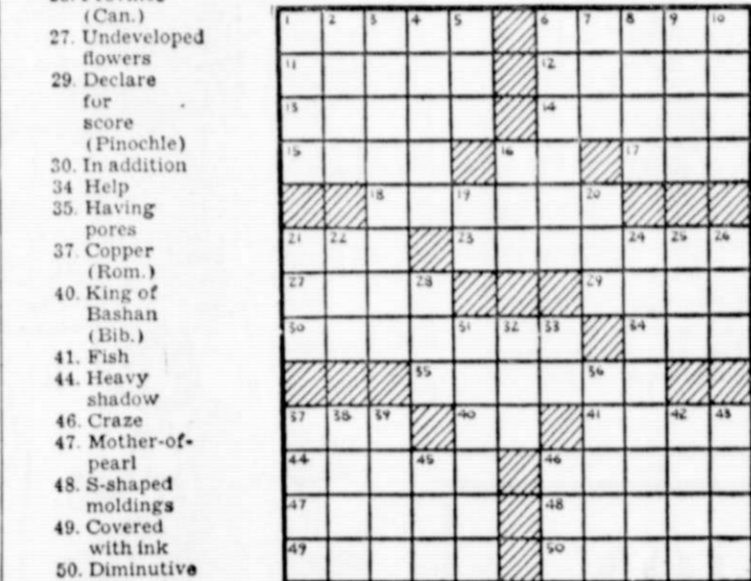

When it was organized in San Francisco less than six years ago, it was hailed by the people of all nations, with the possible exception of Russia, as marking the end of wars.

Magazine Names Soldier U. S. 'Man of the Year'

NEW YORK, N. Y.—Time magazine's "man of the year" (1950) was the United States "fighting man". The annual selection was reported January 1. The cover of the magazine was a portrait of a grim faced soldier symbolic of all the United States armed forces. It was the first time the magazine had chosen a symbol rather than a specific individual, as the "man of the year".

## PAYMENT OF 2ND SPECIAL DIVIDEND TO HOLDERS OF NLI POLICIES ANNOUNCED

Payment of a second special dividend totaling \$685,000.00 to the holders of some 3,000,000 National Service Life Insurance policies, was announced by Carl H. Gray, Jr., administrator of veterans affairs, according to George A. Koth, veterans service officer.

Dividends will be calculated through the anniversary date of the policy in 1951 and payment will follow a general schedule over the period of one year. The first checks will be ready in April. VA emphasized that no deviation from calculations or advancement in the production line can be made.

Veterans were urged by VA not to write regarding the second dividend, since correspondence will cause removal of the file from the production lines and delay payment.

The payments will cover a three-year period, from 1948 to 1951. Policies held in force from a total of three months or more during this period will be eligible for dividends. This applies both to term and permanent plan policies, including those which have lapsed or were terminated by death of the insured.

The amount of dividend earned by each policy will vary according to the number of months it was in force, the plan of insurance, face value of the policy and the age of the insured at the time it became effective. Studies on rates still are being made, VA said.

The first special dividend of \$2.8 billion, payment of which now is virtually completed, covered the period each policy was in force up to its anniversary date in 1948. The second dividend will be for the number of months in force from that date to the corresponding date in 1951. Policies issued in 1948, 1949 and 1950 will earn dividends up to their anniversaries in 1951.

Of the more than 16,000,000 policies involved in the first special dividend payment, only 40,000 for which application has been filed remain to be paid. These require special handling, VA said that the vast majority of the remaining policies required extensive search for development, many of them from records outside of the VA, to verify premium payments. This is a vast reduction from the approximately 400,000 of these cases requiring special handling that remained to be paid on June 1, 1950.

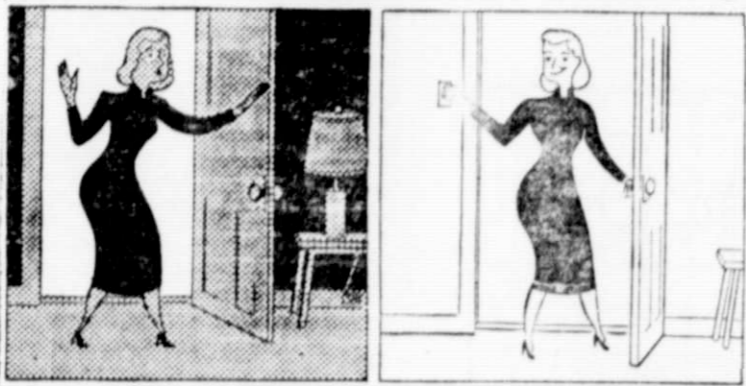

Vets who have applied and are entitled to payment of the first special dividend and who have not received checks were assured by the veterans administration that every effort is being made to effect payment.

Unlike the first dividend, no application will be required for the second dividend. In any case where there may

be a question as to the address of record, a special, two-part return card will be mailed for verification of the proper address before a check is sent. Special dividends are payable only in cash and may not be left on deposit.

## ELECTRICAL TIPS FOR THE HOME

If You Have to Grope Around in the Dark to Find a Light . . .

**DON'T** think you have to stumble along with old-fashioned, inconvenient lighting arrangements.

**DO** install switches at each entrance to a room. Then, lights can be flicked on or off near any door.

**MILK HOUSE BUILDING AND EQUIPMENT MEETING AT ELECTRIC CO. HALL FEB. 21**

Wisconsin's new milk regulations require that every farm producing milk have an approved milk cooling house by Nov. 15, 1952. New milk houses must be built on many farms, others may need remodeling.

To help you plan your milk house, give information as to the location, size, insulation, and kind of materials to use in building, a one day milk house building school will be held on Wednesday, Feb. 21, at the Electric Power Company hall, 337 North Main St., West Bend. The school will begin at 10:00 a. m. and continue into the afternoon. Speakers will be Carl Nettek, College of Agriculture; Wm. Roper, Portland Cement association, and Ralph Bowen, Wisconsin Electric Power Company engineer.

This meeting is to help dairy plant operators and fieldmen, contractors and farm builders, lumbermen and electrical equipment dealers and dairy farmers who need to build or remodel their milk house within the next year or two. This one-day milk house building equipment school will help you make your milk house building plans

so as to meet all inspection requirements.

CO. REPRESENTED ON NATIONAL DAIRY ADVISORY COMMITTEE

Herman G. (Jim) Engleke of Hartford has been appointed as a member of the Dairy Processing Equipment Industry Advisory committee at Washington, D. C., according to an announcement made by E. E. Skalsky,

county agricultural agent.

Mr. Engleke attended the first meeting of the committee on Wednesday of last week. The committee is composed of 14 members, three of which are from Wisconsin. Mr. Engleke is president of the firm of Engleke Eng-

neering, Inc. of Hartford. They manufacture stainless steel dairy equipment.

Last year this country produced about 140 million bushels of potatoes—the fourth largest crop in record.

Bunkelmann Sunday in honor of the latter's birthday: Mr. and Mrs. Harold Bunkelmann of Kenilworth, Ill., Mr. and Mrs. Leslie Smith and son of Green Lake, Mr. and Mrs. Oliver Diener and family of Hartsville, Mr. and Mrs. Arthur Roscher of Milwaukee, Mr. and Mrs. Carl Klumb of West Bend, Mr. and Mrs. Stanley Kashner of Milwaukee, Mr. and Mrs. Marvin Martin, Mrs. Celesta Koerblin, Ma and Mrs. John Dobke, Mr. and Mrs. Carl Johnson and family, Mr. and Mrs. Byron Bunkelmann, and Mr. and Mrs. Wilmer Bunkelmann and family.

—CPL. PIERCE HOME ON FURLOUGH AFTER FLIGHT

Marine Corporal Kenneth L. Pierce of Camp Lejeune, N. C. arrived last Thursday to spend a furlough with his mother, Mrs. Margaret Pierce in this village. Cpl. Pierce just recently returned from a flight that took him halfway around the world. His mission was maneuvers with army units in which the latest marine corps techniques in naval gunfire and close air support for infantry was demonstrated to army units of the Far East Command in Japan. Pierce is a member of the Marine Corps Naval Gunfire Liaison company, composed of communications specialists. He will report back for active service on Mar. 10 and then will be transferred to Hawaii.

—WIN SHEEPSHEAD PRIZES

Winners of prizes at the sheepshead tournament held Tuesday night at Heister's tavern were: 1. Eddie Oaja, 4-1-34; 2. Ervin Schmitt, 4-10-34; 3. Wilmer Prost, 28-10-34; 4. Walter Schmidt, 26-2-34; 5. Arnold Bier, 28-4-34.

—The Wisconsin Agricultural Experiment association noted for its work in quality seed distribution—is celebrating its 60th anniversary this year.

**TESTED LENTEN DAIRY RECIPES**

An Appetizing Vitamin-packed Salad Will Make a Highly Nutritious Main Dish for Lenten Meal

Salads may be almost a whole meal in themselves, filled with vitamins for winter days. Fun to make and delicious to eat, they add a tasty, colorful note to the meal.

Here's a recipe suggested by the Wisconsin Department of Agriculture that will be a treat for any lenten meal:

**FRESH VEGETABLE AND CHEESE SALAD**

- 2 heads lettuce, cut in eights
- 4 tomatoes, peel and cut in squares
- 1 onion, finely chopped
- 2 cups celery, diced
- 1 bunch radishes, sliced
- 1 cucumber, diced
- Whites of 4 hard-cooked eggs, sliced
- French dressing
- 2 cups Wisconsin Natural American cheese, grated
- Yolks of 4 hard-cooked eggs, sieved

Toss first 7 ingredients together in salad bowl. Pour French dressing over contents. Garnish with cheese and egg yolks.

**TV SETS CAN TUNE IN STATE RADIO COUNCIL FM STATIONS**

State Senator Warren Knowles of New Richmond reported in a press interview that owners of television receivers in his district have discovered that they can tune in the State Radio Council FM stations on Channel 6 on their sets and that they are using them to follow the state-station educational features.

Senator Knowles urged TV set owners to supplement their listening with FM programs during hours when TV programs are not available. The state FM stations operate from 7:00 a. m. to 11:00 p. m. daily and are heard in all except the far northwestern and southwestern corners of the state. The University of Wisconsin basketball games are carried on the FM network and are rebroadcast by many stations in Wisconsin and adjacent states.

**YOUNG ADULTS CLUB**

The Young Adults club will have a tobogganing party on Sunday, Feb. 18, at the Daniel Wagner home, starting at 8:15 p. m. promptly. Everyone is invited to attend.

Club Reporter, Abby Meyer

Annual lumber production in the Great Lakes states is around 675 million cubic feet. The area uses, on the other hand, about 850 million cubic feet of lumber.

## THE WEEK In Religion

INSPIRATION

### Sympathy

AN EDITORIAL

ALL HUMAN BEINGS crave sympathy. Everyone wants to be loved and understood, to have some one who shares his woes and troubles. A life without some consolation would be hard to contemplate, much less endure.

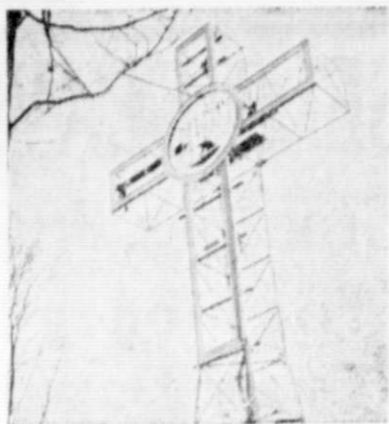

Only a praiseworthy self-deception would prompt a man to boast that he can get along "on his own" without any dependence on others. Even the Perfect Man—Christ Himself—Craved at times for sympathy. There is no more harrowing experience on record than the loneliness and desolation of the Savior as He underwent the Agony of Gethsemane.

The followers of Christ are sometimes called upon to bear the cross of apparent complete abandonment. There are occasions when human hearts, it seems, must seek vainly for comfort and relief in the midst of trial or sorrow. But this is true only when sympathy is sought on earth alone.

There is no moment so dark, so weighted with despondency or fear, that a man cannot look to heaven for the sympathy and encouragement he needs. God never turns His face from the troubled spirit of any man. Indeed it is often in times of greatest stress that He pours forth His love in the most superabundant measure.

Whoever feels that life is a cold, comfortless, lonely thing, lacks a full faith in the ever-accessible sympathy of God. What man is there who prays well and often who does not sense the warming presence of the Creator everywhere and in everything? Where is the man who cherishes the thought of God's watchful solicitude and is ever overcome by fear?

Every believer in God may well rejoice over the wealth of sympathy to be found in Him. Someone has described sympathy as "two hearts tugging at one load." Man, being weak and vulnerable, may grow faint in the hour of testing; but with God on his side, he can triumph and overcome all.

**PEACE SYMBOL . . .** This 110-foot steel cross has been erected atop a mountain near Sherbrooke, Que., as a beacon calling the countryside to prayers for peace.

### Law Bans Shipment Of Slot Machines Across State Lines

WASHINGTON, D. C.—Crusading clergymen who launch anti-gambling drives have a powerful new weapon in a measure which President Truman has just signed into law.

The bill makes it a federal offense to transport a slot machine or other coin-operated gambling device across a state line. It provides up to two years in jail and fines up to \$5,000 for violation.

Prohibited is interstate shipment of any slot machine or other device which has a drum or reels bearing insignia and which operates on a basis of chance; any machine or mechanical device operated by coin or token on the basis of chance; any subassembly or part intended for use in such a machine.

The measure was strongly endorsed when it was before congress by a number of church leaders.

Crusading clergymen attacking law enforcement of anti-gambling statutes will now be able to call upon the U.S. district attorney and the F.B.I. for assistance. Heretofore, slot machines were considered purely a local matter, and it was frequently difficult to get local authorities to act. However, a presumption of violation of federal law can now be established and federal assistance called upon.

The law is also going to have the effect of making slot machines more difficult to obtain.

### Irish Firms Reorganize On Christian Basis

DUBLIN — A number of Irish firms are reported to be planning a reorganization of their factories with a view to introducing Christian social principles into the relations between management, workers and consumers.

They are following a lead set by Alan Turner, British industrialist who is a pioneer in the Christian factory movement.

Mr. Turner is the managing director of the Spa Lane Mills in Derby, owned by the Ernest Turner Group, textile manufacturers. He is the founder of a system based on the Papal encyclical, *Reform Novarum*, whereby owner and employee may work together in a Christian spirit as real partners.

Representatives of the Irish firms recently held discussions with Mr. Turner and with the owner of the Harmel factory at Vel-des-Bois near Rheims, France, who also operates on the principles of the *Reform Novarum* encyclical.

### Pope Affirms Tomb Of St. Peter Found

ROME—Discovery of the tomb of St. Peter under the great Basilica in Rome that bears his name was officially announced recently by Pope Pius XII.

Reports in the summer of 1949 stated that Vatican archeologists had found a mausoleum under the basilica which enclosed the tomb of the Apostle. The discovery climaxed 10 years of excavation work.

"In a very short time," Pope Pius told the sacred college of Cardinals, "a documented work will be published which will bring to the knowledge of the public the results of these explorations, which have been carried out with the greatest care."

"This work has had most fruitful and important results. But the essential question is this: Has the tomb of St. Peter really been found? To that question the answer is beyond all doubt: Yes, the tomb of the prince of the apostles has been found. Such is the final conclusion after all the labor and study of these years."

Twice previously the Pontiff had referred to the "actual resting place" of St. Peter beneath the Basilica, but his Christmas message announcement was the first official declaration that the tomb had been found and identified.

### Pray for Rain

SANTA PAULA, Cal.—A drought-ravaged California is turning to its ministers to "do something about the situation."

Churchgoers here gathered with a Baptist minister, the Rev. Gen. W. Fussell, to pray for rain, so badly needed in this community.

Biblical quotations citing God's promises to provide for man's needs flowed freely from the lips of those attending service.

It was just a little over a year ago that the pastor and his flock held similar "pray for rain" services at the First Baptist church. Before the services were well underway way rain began to fall and the city received 1.45 inches, the first real rain in more than 10 months.

Services for rain this year in the dry area lasted up to 90 minutes and all present hoped for the same results that last year's prayers received. California this year has experienced devastating floods as well as droughts, and prayers have been lifted for relief from high waters.

## Farm Topics

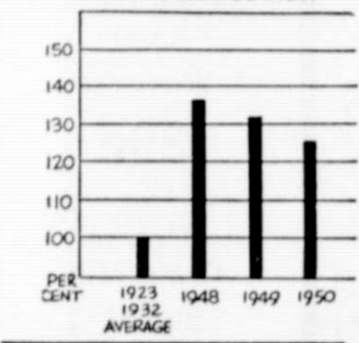

### '50 Crop Production Is Near Record Peak Output Exceeds Average For Previous 8 Years

The United States department of agriculture reported crop production in 1950 was the third largest on record. This output exceeded the average of the previous eight years, the most productive period in American agriculture.

Farmers attained this result despite reduction in acreage of several important crops and a growing season that had many unfavorable aspects.

The composite yield per acre in 1950 was the second-best on record. A prolonged fall season for maturing and harvesting crops helped improve both quantity and quality. Few crops contributed record

### CROP PRODUCTION

The above chart illustrates crop production for 1950 on U.S. farms. The agriculture department reported the output was the third highest on record.

returns to this relatively large 1950 total—only soybeans, sorghum grain, sugar beets and red clover seed. The corn crop of 3,131 million bushels slightly exceeded forecasts.

Others in this class of very large crops are oats, all hay, rice, potatoes, popcorn, tobacco, cranberries and alfalfa and sweet clover seeds. Cotton and cotton seed, peaches, and apricots were relatively small crops, while rye, buckwheat, sorghum forage, dry peas, velvetbeans, broomcorn, sergo and sugar cane sirup were among those with small outputs.

### Dairymen Up Production By Feeding Good Legume

A number of dairymen are advising keeping your cows literally stuffed with good legume hay to step up milk production and cut feed costs.

C. S. Rhode, of the University of Illinois, says 25 pounds of high-quality alfalfa hay will furnish all the protein a cow needs to produce 30 pounds of 4 per cent milk. It will also furnish all the needed calcium and is the best source of carotene and vitamin D during the winter months.

Alfalfa will provide both one pound of protein and 100 pounds of total digestible nutrients at lower cost than soybean oil meal, oats, or corn and cob meal.

One pound of protein in alfalfa hay costs only eight cents, but it costs 11 cents in soybean oil meal, 22 cents in oats and 25 cents in corn and cob meal.

Alfalfa will furnish 100 pounds of TDN for \$2.50, but it costs \$5.56 in soybean oil meal, \$3.76 in oats and \$3.13 in corn and cob meal.

### New Pens

The Chicago Stock Yards, which marks its 83th year on Christmas day, 1950, moves ahead toward better service for the livestock farmer. Here is shown a row of galvanized steel pens that are replacing the old wooden pens at the yards. They are fire-proof, rust-resistant and their smooth edges prevent bruising of cattle.

### Bovine Type Tuberculosis Is Rare in United States

In some major livestock producing countries, 25 to 50 per cent of the cattle are tuberculous, and thousands of new cases of the bovine type of the disease in man are being reported annually, says Dr. A. K. Kuttler, in charge of brucellosis and tuberculosis eradication work by the U. S. department of agriculture. In this country the bovine type of tuberculosis in man is becoming very rare.

### New Sorghum Varieties Up Yield by 50 Per Cent

New early maturing sorghum varieties have increased yields in southwestern Nebraska over old varieties up to 50 per cent, according to Nebraska agronomists.

Varieties such as Martian and Midland made a heavy contribution to the bumper grain sorghum crop in 1950. Yields in southwestern part of the state ranged up to 90 bushels per acre, it was reported by the agronomists.

## HOUSEHOLD MEMOS... by Lynn Chambers

Serve Eggs for Breakfast Variety (See Recipes Below)

### Breakfast Pointers

IF YOU VALUE your family's health and well-being, don't send husband and children off to work and school without a good breakfast. Don't expect to get a good morning's work out of yourself, either, if you nibble on some fruit and gulp a cup of coffee. You simply can't do it.

Plan a breakfast menu as you would lunch, dinner or supper.

Start off with fruit or fruit juice, such as citrus, because this is a good opportunity to get oranges and grapefruit in the day's menu. Follow with cereal, eggs, bread and butter and beverage.

Eggs can be prepared in many ways and give you good protein for what you spend. They add lots of appeal to the breakfast, and can make a feast of the one simple meal of the day. Don't forget to tuck eggs into the breakfast bread every now and then, too, for that extra treat to the appetite, and for that extra nourishment.

They're simple to prepare, of course, those eggs, if you remember not to treat them roughly. Moderate to low temperatures whether you soft-cook, fry or bake them is of utmost importance in keeping them tender and palatable.

### Baked (Shirred) Eggs

Break and slip 1 or 2 eggs into greased individual shallow baking dishes. Bake in slow oven (325°), 12 to 18 minutes, depending upon firmness desired. Serve from baking dishes.

### French Omelet (Serves 2)

3 eggs  
3 tablespoons milk or water  
½ teaspoon salt  
¼ teaspoon pepper, scant  
1 tablespoon fat

Mix eggs, milk, salt and pepper thoroughly. Avoid foaminess. Heat fat in skillet (approx. 8-in.) just hot enough to sizzle a drop of water. Pour in egg mixture. Reduce heat. As the mixture at the edges begins to thicken, draw the cooked portions with the fork toward the center so that the uncooked portions flow to the bottom. Tilt the skillet as it is necessary to hasten flow of uncooked eggs. Do not stir and keep mixture as level as possible. When eggs no longer flow and surface is still moist, increase heat to brown bottom quickly. Carefully loosen edge. Fold in half or roll. Total cooking time is 5 to 8 minutes.

### French Toast (Serves 4-6)

3 eggs, beaten slightly  
½ teaspoon salt  
1 cup sugar  
1 cup milk  
6-8 slices (2-3 day old) bread

Fat for frying

Combine eggs, salt, sugar and milk in shallow dish. Dip bread in egg mixture turning to moisten. Brown on one side on well-greased

### LYNN SAYS: Treat the Family To these Breakfast Tricks

Combine 3 tablespoons of cocoa with the same amount of sugar, then add 1½ cups milk, 1½ cups water and stir in 1½ cups rolled oats. Cook as usual.

Make this eggnoo topping to serve over hot cereal: to beaten egg, add 2 teaspoons sugar, 1 cup rich milk and ¼ teaspoon vanilla.

Children will like butterscotch cereal for a change. Simply serve with brown in place of white sugar.

Circle a small baking dish with cooked bacon, then line the dish with buttered crumbs. Break an egg over the crumbs and bake slowly until egg sets.

Combine bacon and pancakes in this way for good effect: cook bacon as usual, then pour pancake batter over the strips and bake as usual.

Quick scrapple is ideal for cold mornings. Fry ½ pound pork sausage meat; drain off fat. Add sausage to cornmeal mush or cooked oatmeal; mold in loaf pan. Chill, slice and pan-fry.

### LYNN CHAMBERS' BREAKFAST MENU

Orange-Grapefruit Juice  
Bowls of Oatmeal, Brown Sugar and Cream  
Soft-Cooked Eggs  
\*Bacon Muffins  
Beverage  
\*Recipe Given

### Whole Wheat Muffins (Makes 24 small muffins)

1 cup whole wheat flour  
1 cup white flour  
2 teaspoons baking powder  
½ teaspoon salt  
2 tablespoons sugar  
½ cup evaporated milk  
½ cup water  
1 tablespoon vinegar  
1 tablespoon soda  
1 egg  
3 tablespoons shortening, melted

Sift flour with other dry ingredients into mixing bowl. Combine milk, water and vinegar and add soda. Beat egg, add the soured milk and shortening. Stir quickly into dry ingredients. Pour into greased muffin pans. Bake in a hot oven (425°) about 15 minutes.

### \*Bacon Muffins (Makes 12 muffins)

2 cups sifted enriched flour  
3 teaspoons baking powder  
½ teaspoon salt  
3 tablespoons sugar  
1 egg, well beaten  
1 cup milk  
4 tablespoons shortening, melted  
7 strips of bacon, cooked, crumbled

Sift dry ingredients together in bowl. Combine liquid ingredients and add to flour mixture. Stir only enough to partially dampen flour. Add bacon and stir only enough to blend. Fill greased muffin pan (12 2-inch cups) two-thirds full. Bake 20 minutes in hot oven (400°).

### Butterfly Cinnamon Rolls

2 cups sifted all-purpose flour  
3 teaspoons baking powder  
1 teaspoon salt  
½ cup shortening  
1 egg, beaten slightly  
½ cup milk  
2 tablespoons butter, melted  
½ cup sugar  
1 teaspoon cinnamon

Sift dry ingredients. Cut in shortening until mixture resembles the texture of coarse cornmeal. Combine egg and milk and stir in dry ingredients until just blended. Turn out on flour board or cloth. Pat out dough. Fold in half. Repeat six times. The last time roll to ¼-inch thickness. Spread with melted butter, sugar and cinnamon. Roll up and cut into 1-inch slices. Cut a slit through center parallel to cut edges of slice down to but not through bottom layer of dough. Spread halves from center out on baking sheet. Bake in a hot oven (425°) until browned, 15 to 20 minutes.

### Give poached eggs a new pedestal.

Dip round, shredded wheat biscuits in hot water quickly, just to soften. Drain, dot with butter and top with hot poached egg.

Poached eggs served on toasted buns or home-made biscuits are a nice variation of an old theme. Sausage patties or links, fried to crispness add appeal.

Bake your eggs in cream: add one to two tablespoons of thick cream for each individual baking dish; break in egg; bake slowly for 15 to 18 minutes.

Sweetened fruit juice such as raspberry, blackberry cherry juice makes a novel serving with cereal in place of milk.

Roll cooked pork sausages in baked pancakes and serve with hot, sweetened applesauce for a good company breakfast.

Give your waffles a different flavor by using one-half buckwheat mix and one-half plain pancake mix.

Add some finely chopped ham to eggs which you're scrambling, just before they're done. You'll get ham and eggs all at once.

## The Way it Happened . . .

IN HAMILTON, OHIO . . . When Detective James Parker, treasurer of the annual police picnic, deposited the picnic receipts at a local bank a bogus \$20 bill was among six of that denomination taken in.

IN ASHTABULA, OHIO . . . Police are listening for the sound of sirens since the city's \$400 air raid siren, purchased during World War II, was stolen.

"This New Dry Yeast Takes Only A Few Seconds To Dissolve"

## MILWAUKEE WOMAN WINS 28 PRIZES AT WISCONSIN STATE FAIR

One of Milwaukee's busiest housewives is Mrs. Herman Pittelkow. In 1949 she won 13 prizes at the Wisconsin State Fair, and 20 at the Midwinter County Fair. And in 1950, she topped that record by walking off with 28 prizes for her State Fair entries.

A user of Fleischmann's Yeast for many years, Mrs. Pittelkow says: "I don't know of any yeast that beats Fleischmann's New Improved Active Dry Yeast. I never thought any Yeast could be so fast dissolving and it's so easy to use."

When you bake at home use yeast. The delicious goodness and wholesome nourishment of yeast-raised treats make them a top family favorite. And when you use yeast—use the best—Fleischmann's New Improved Active Dry Yeast. It's easier to use, faster working. Get it when you bake at home—treat your family to delicious, nutritious yeast-raised goodies.

CRUSADER . . . The Rev. Owen Barrow, a one-man crusader for church union in action, gives a sermon during inter-denominational services in Marathon, Ontario.

### Religion Question Box

Q: What is the Zenana Bible and Medical Mission?

A: An interdenominational evangelical society founded in England in 1852. It carries on missionary work among women and children in India by means of schools, babies' homes, women's hospitals and dispensaries, and also through evangelistic programs in the community.

Q: What is the purpose of the Perpetual Lamp in Jewish synagogues?

A: According to tradition, it symbolizes the invisible presence of the eternal. Every Jewish house of worship has one projecting over the front of the Ark. The lighting of the Perpetual Lamp is an important ceremony at the dedication of a synagogue.

Q: What is the Seal of the Confession?

A: In the Roman Catholic church, the obligation resting upon priests to keep secret and make no reference to facts learned through sacramental confession.

Q: What is Lent?

A: The 40-day period of fasting and penance preceding Easter. It begins this year on February 7.

Q: What is Millenarianism?

A: Belief in the millennium, or period of 1,000 years before the end of the world, when Christ and the saints will rule upon earth.

### Council Seeks Change In Radio Crime Schedule

FRESNO, Cal.—A resolution requesting radio network to move their crime and mystery stories to late evening hours was adopted by the Fresno council of churches. Council members want the stories scheduled after 8 p.m. to prevent children from listening to them.

"We recognize that the crime and mystery stories presented over the radio act as a definite menace," the resolution said.

"We also recognize that many people of adult years enjoy crime and mystery stories. We do not ask that these be taken off the networks, but moved to an hour when adults will listen to them."

The resolution also asked that early afternoon hours on Sunday be freed from this type of program.

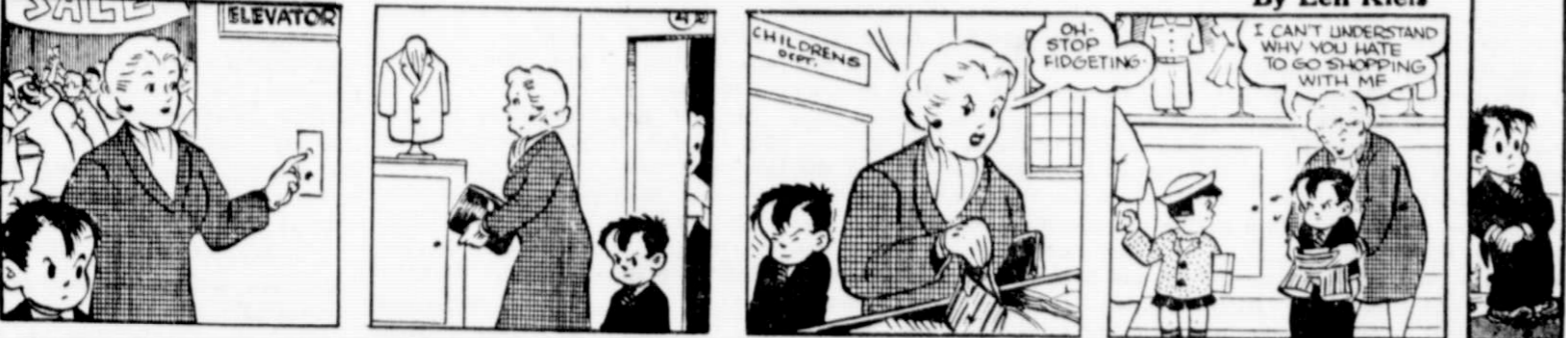

School authorities across the nation have issued many complaints that crime programs on radio and television are impinging on the hours that children should use in preparing lessons. Comic books have been criticized by churches.

Bedford Hills, New York.

**Big Fellows**  
Superman of comic-strip fame has a plenty of competition in American folklore, which is filled with tall tales of mighty men. Among them is Big Paul Bunyan, hero of the American lumberjacks. Bunyan is described as being so enormous as a baby, his mother had to use "the wheels off a wheelbarrow as buttons for his jacket."

**Suez and Wheat**  
The Suez Canal owes its construction to wheat. It was built so that the journey of wheat from India to England would be greatly reduced, the American Bakers Association reported.

**TO KILL Chicken Lice AND Mites**

Apply Black Leaf 40 to roosts with handy Cap Brush. Fumes rise, killing lice and feather mites, white chickens perch. One ounce treats 60 feet of roosts—90 chickens. Directions on package. Ask for Black Leaf 40, the dependable insecticide of many uses.  
Tobacco Products & Chemical Corporation • Richmond, Virginia

**Barefoot Cobbler**

John Greenleaf Whittier, who became famous for his poem "The Barefoot Boy," once worked as a shoemaker's apprentice! The young Quaker poet put himself through school by making shoes and slippers for fine New England ladies.

**Bakery Workers**  
More than 450,000 persons are directly employed in the baking industry, more than in any other phase of the food industry.

**Baking Parties**  
In rural Greece, loaves of bread for engagement parties are kneaded in public with friends and relatives tossing coins into the dough so that the engaged couple can afford a large wedding.

**Cereal Consumption**  
The average American obtains between 28 and 30 per cent of both the food energy and protein of his diet by direct consumption of cereal products.

**WHEN SLEEP WON'T COME AND YOU FEEL GLUM**  
Use Delicious **Chewing-Gum Laxative REMOVES WASTE NOT GOOD FOOD**

• When you can't sleep — feel just awful because you need a laxative — do so millions do — chew FEEN-A-MINT. Doctors say many other laxatives, taken in large doses, start their "flushing" action too soon . . . right in the stomach where they often flush away nourishing food you need for pep and energy! You feel weak, tired.  
But gentle FEEN-A-MINT is different! Taken as recommended, it works slowly in the lower bowel — removes only waste, not good food! You avoid that weak feeling — you feel fine, full of life! Get FEEN-A-MINT, 25¢, 50¢, or only 10¢!

**FEEN-A-MINT**  
FAMOUS CHEWING-GUM LAXATIVE

**IF PETER PAIN KNOTS YOU UP WITH Muscle Aches.**

**FOR FAST RELIEF**, rub in Ben-Gay. Contains up to 2½ times more of those two famous pain-relieving agents, methyl salicylate and menthol, than five other widely offered rub-ins!  
Also for Pain due to RHEUMATISM, NEURALGIA, HEADACHES and COLDS. Ask for Mild Ben-Gay for Children.

**QUICK! RUB IN Ben-Gay**

**Only Firestone TRACTOR TIRES Give You All These EXTRAS**

**Let the Facts Speak For Themselves . . .**

You can believe the facts when you see the proof right before your very eyes. Look at the tires and you'll see that Firestone offers you—

**A Choice of TWO Tread Designs**, a choice between the new and advanced Open Center and the one and only Tractor Center Tire.

**Curved and Tapered Bars** in both tires . . . tapered for a sharper bite, and curved for greater leverage.

**Flared Tread Openings** in both tires . . . wider at the shoulders to prevent soil jamming and to permit easy, automatic soil release.

**Wide, Flat Treads** in both tires for full shoulder-to-shoulder traction power and life.

Only Firestone gives you all these extras. That's why Firestone Tires pull better, last longer, and turn out more work for your tire dollar.

**Always buy Tractor Tires built by FIRESTONE, Originator of the First Practical Pneumatic Tractor Tire**

Listen to the Voice of Firestone on radio or television every Monday evening over NBC. Copyright, 1951, The Firestone Tire & Rubber Co.
