

Candidates File, Haebig in Race for Re-Election

The deadline for filing nomination papers for Washington county offices passed at 5 p. m. Tuesday. Both Democrats and Republicans filed a slate of candidates.

The names of Kenneth W. Haebig, Kewaskum, incumbent assemblyman, and Theodore Holtebeck, former state assemblyman from this district, headed the list of Republican candidates for nomination.

County Clerk Anton P. Staral reported Wednesday morning that two Democratic candidates were ruled out of the running because both failed to file declarations of acceptance with their nomination papers.

Democratic candidates and the offices for which they filed papers are Donald N. Koerbie, Kewaskum, county clerk; Robert A. Johnson, R. 5, West Bend, county treasurer; Eugene Monroe, town of Erin, sheriff; Dr. P. M. Kauth, West Bend, coroner; Alfred J. Leverance, Slinger, register of deeds, and Forest J. Laycock, R. 5, West Bend, surveyor.

IN THE SERVICE

GRUBER HOME AFTER 3 YEARS AT OKINAWA; WIFE, DAUGHTER HERE; TO BE DISCHARGED

Cpl. Joseph Gruber, who has been stationed at Okinawa the past three years, his wife, an Okinawan girl whom he married there, and their daughter arrived here last Thursday to spend a 30-day leave with Cpl. Gruber's parents, Mr. and Mrs. John Gruber. Following his leave, Cpl. Gruber will report at Camp Atterbury, Ind., where he will be honorably discharged from the U. S. Army.

SGT. JESKE HAS LEAVE

Sgt. Frank Jeske of the U. S. Marine Corps, stationed at Camp Le Jeune, North Carolina, arrived Tuesday to spend a 15-day leave at the home of his parents, Mr. and Mrs. Erich Jeske, Kewaskum.

JOHN DEERE DEALER TO ANNOUNCE NEW HEAVY-DUTY TRACTORS

Two new heavy-duty John Deere 2 and 3-pow tractor successors to Models "A" and "B," will be announced Saturday, July 19, by L. Rosenheimer.

According to L. Rosenheimer, these new tractors feature a host of engineering advancements and major improvements which make them the greatest values ever offered by John Deere. Rosenheimer states that one of the new models will be on display Saturday, July 19, and he extends a cordial invitation to everyone to stop by and see the new tractor.

Free coffee and doughnuts will be served from 11:30 a. m. to 1:30 p. m. and there will be a registration for several door prizes.

Honeck Hurls 9-1 Win Over Saukville

LAND O' LAKES STANDINGS (Northern Division)

Table with columns: Team, Won, Lost. Rows include Granville, Grafton, KEWASKUM, Mequon, Slinger, West Bend, Germantown, Cedarburg.

Scores last Sunday—Kewaskum 9, Saukville 1; Germantown 6, Cedarburg 4; Granville 5, Slinger 4; West Bend 12, Newburg 0; Grafton 11, Mequon 7.

Games this Sunday—Newburg at Kewaskum, Grafton at Saukville, Slinger at Mequon, West Bend at Germantown.

After getting a loose game out of their systems at Granville the Sunday previous, the Kewaskum Chevrolets returned to fine form last Sunday when they trimmed Saukville there, 9-1, behind the five-hit pitching of "Killy" Honeck.

KEWASKUM VS KEWAUNEE WEDNESDAY AT PLYMOUTH IN DISTRICT TOURNEY

The Kewaskum Chevrolets will play Kewaunee at 9 p. m. next Wednesday night, July 16, at Plymouth in the State Semi-Pro district tournament. Ten teams will participate in the meet and the winner will earn the right to compete in the state tournament at Borchert Field, Milwaukee.

or, and J. McGaw, who relieved him when he left the contest. Backing Honeck's five-hit job the way they did, the victory came easy over the Sauks, on whom they had revenge coming. Honeck added to his laurels by striking out 10 batters. He walked four.

Helm, who shut out the Chevrolets on three hits in the season's opener here, was banged freely Sunday. He yielded eight hits in the six frames he toiled and was touched for seven of Kewaskum's runs. McGaw was nicked for four more bingles in the last three innings. When the Chevs weren't hitting, though, they were striking out. Helm whiffed 11 batters in six innings. McGaw fanned two more. Helm gave up three walks and McGaw one.

Although ahead 3-1, Kewaskum sat the win in the fifth inning with a four-run spurge on four hits, two stolen bases and an error. Leading the Chevs' outburst was Clayton Stautz with three hits in four trips, all singles. His brother Jerry, Barney Prost and Norm Held each contributed two hits and the latter two included doubles. No Saukville batter was allowed more than one hit. The losers' lone run was scored in the fourth, Honeck ranging goose eggs on them before and after. Don Lutz was a cousin to the Saukville pitchers. He fanned five times in six tries. The other time he was hit by a pitched ball.

This Sunday Kewaskum finally plays a home game again after three straight on the road. Newburg will furnish the opposition and the Chevs will try to avenge an early season 6-5 setback. The boys blew a 5-2 lead in that game to be nosed out by Newburg in the late innings.

Table with columns: Player, AD, R, H, E. Rows include D. Lutz, J. Stautz, E. Dekker, W. Prost, A. Bilgo, N. Held, C. Stautz, L. Petermann, K. Honeck.

Mrs. Ferd. Ramel, Others Pass Away

Mrs. Ferdinand Ramel, 71, nee Mary Moldenhauer, of this village, passed away Tuesday, July 8, following an illness of several months. She was born Feb. 20, 1881 in the town of Kewaskum. After her marriage to Ferdinand Ramel the couple farmed in the town of Scott for many years until they retired and moved to Kewaskum. Her husband predeceased her on Oct. 2, 1950. One daughter born to the couple died in infancy.

Surviving are two sisters, Martha (Mrs. Fred Haack) and Mrs. Clara Ramel, both of the town of Scott, and two brothers, Joe Moldenhauer of Kewaskum and Paul Moldenhauer of the town of Kewaskum.

The body was in state at Miller's Funeral home from 2 p. m. Thursday until 1:30 p. m. Friday. Services were held at 2 p. m. Friday in St. Lucas Ev. Lutheran church, the Rev. Gerhard Kamies presiding. Burial was in the parish cemetery.

ROBERT M. CULLOUGH

Robert McCullough, 91, lifelong resident of the town of Wayne, where he was engaged in farming, died Sunday, July 6, at his home of carcinoma following an illness of four months.

Mr. McCullough was born Dec. 26, 1870 in the town of Wayne. He was married to Agnes Murphy on April 9, 1907 at St. Kilian and she survives together with two daughters, Marcella (Mrs. Corrie Kohl) of Theresa and Ann (Mrs. Al Flaach) of St. Kilian; three grandchildren, Robert Flaach and Mary Agnes and John Kohl; two sisters, Mrs. Mary McLaughlin of Kewaskum and Nellie (Mrs. Fred Buddenhagen) of Milwaukee, and one brother, John McCullough of Billings, Mont. One grandson, Zeno Flaach, preceded him in death.

The deceased was a member of the Holy Name society of St. Kilian's congregation, St. Kilian, and the Catholic Knights of Wisconsin.

The body was in state at Miller's Funeral home after 7:30 p. m. Monday. Funeral services were held at 9:30 a. m. Wednesday at St. Kilian's church, the Rev. J. B. Reichel officiating. Burial was in the St. Kilian cemetery.

FRANK SARAUER

Frank Sarauer, 53, farm resident of the town of Wayne, died Wednesday, July 9, at his home of carcinoma following an illness of 15 months.

Mr. Sarauer was born Sept. 8, 1898 at Bloomer, Wis. He had lived on a farm in the town of Wayne for the past 24 years. Prior to this he and his wife, the former Rose Zwiefelhofer, whom he married on May 18, 1919, resided in Lomira for three years.

Surviving together with the widow are seven children, Bernard of Ashford, Sylvia (Mrs. George Roecker) of Allenton, Vernon of Kohlsville, Dolores (Mrs. Maurice Finch) of Las Vegas, Nev., and Kenneth, Beverly and Donald at home. He also leaves 14 grandchildren, three sisters, Rose (Mrs. Casper Dudek) of Bloomer, Theresa (Mrs. Jake Schwab) of Cornell, Wis., and Anna (Mrs. Ed. Bischof) of Bloomer, and four brothers, John of Canada, Joe of Stanley, Andrew of Chippewa and Peter of Milwaukee.

The deceased was a member of the Holy Name society of St. Kilian's church, St. Kilian.

The body is in state at Miller's Funeral home since 8 p. m. Thursday. Funeral rites will be held at 9:30 a. m. Saturday at St. Kilian's church, the Rev. J. B. Reichel officiating. Burial will be in the parish cemetery.

Table with columns: Player, AD, R, H, E. Rows include J. Seyfert, C. Feiber, R. Dickman, O. Dommer, H. Frank, R. Helm, E. Schultz, W. Masely, F. Lueder, J. Deley, A. Dickman, J. McGaw.

Annual Kewaskum Picnic Saturday Night and Sunday

Arrangements are completed for the annual Kewaskum picnic, held each year on the second Sunday in July. This year's event, sponsored by the fire department and Robert G. Remaine Post No. 384, American Legion, will be held in the village park on Saturday evening and Sunday, July 12 and 13.

All of the rides, concessions and amusement stands will be in operation to start off the picnic on Saturday night. As a special attraction there will be a square dance exhibition with music by Fred Steffen and Byron Held as caller. Prizes are to be awarded for the three best squares by impartial judges. Come early Saturday night and stay late.

Festivities on Sunday will get under way and be highlighted by a big parade starting at 12:30 p. m. sharp. The parade will feature the Oconomowoc champion American Legion band, Mercy High school girls' drum and bugle corps of Milwaukee, Kewaskum Legion junior drum and bugle corps, and many other units, including the West Bend Civil Air Patrol, visiting fire departments and their equipment, neighboring Legion posts, floats, decorated bikes and tricycles, etc.

The nationally famous Oconomowoc band will present concerts in the park during the afternoon and evening and entertainment will be provided by the band's group of singers, musicians and performers. There will be plenty of entertainment and amusement all day. The firemen and Legionnaires won't let there be a dull moment.

There is no admission charge for this event, which is sure to be a well worthwhile occasion. No one should miss it—come and have a grand time.

PLAN ANNUAL PICNIC AT ST. KILIAN JULY 20

Arrangements are being made for the annual picnic at St. Kilian's parish at St. Kilian, sponsored by the Holy Name society, to be held in the parish park on Sunday afternoon and evening, July 20.

A good time is in store for all, from 1 p. m. on. There is ample car parking space on the church grounds.

HOSPITAL NEWS

Mrs. Kari Kreif, Campbellsport, was removed to the Madison General hospital on Thursday morning, July 10, in the Kewaskum ambulance to submit to an operation.

MRS. CHESTER SCHULZ

Funeral services for Mrs. Chester Schulz, 52, of Cascade, R. 1, a sister of Oscar Hintz, Campbellsport, who died early Wednesday, July 2, at the farm home, east of Dundee, was held Sunday at 2 p. m. at the Trinity Lutheran church at Dundee. Burial was in the church cemetery.

The former Cordula Hintz was born Oct. 22, 1899, in the town of Scott, a daughter of Mr. and Mrs. Herman F. Hintz. She was married to Chester J. Schulz at Batavia June 3, 1922.

A lifelong resident of the Cascade area, Mrs. Schulz had resided on the present homestead farm for the last six years.

Survivors are her widower, two daughters, Mrs. Arno Luedtke, Cascade, R. 1, and Gay, at home; W. Masely, at home; her father, Herman F. Hintz; three grandchildren; one sister, Mrs. Herbert Leifer of Batavia, and three uncles, Oscar, Campbellsport, and Ervin and Herman of Batavia.

JOHN WUEST

John Wuest, 90, retired farmer of Dotyville, died Tuesday, July 1. He was the father of John Sippel of Kewaskum rural route. Funeral rites were held Thursday at St. Cloud.

Donkey Baseball Game Here July 19

Robert Romaine Post No. 384, American Legion, will sponsor a donkey baseball game at the Kewaskum ball park on Saturday night, July 19. The game will get underway at 8:00 p. m.

The Legion is organizing a team of baseball players (?) who will take on Strobel's Wayne champs for the encounter, Barney promises that Wayne will send their topnotch jackass-busters for this tussle and the Kewaskum veterans will try to out-veteran the donkeys and take Wayne into camp.

Advance tickets for this donkey world series can be purchased at Miller's Furniture Store, Wittman's Barber Shop and Wietor's Barger Shop. They can also be bought at the ball park on the night of the game. There'll be plenty of seats for everyone so why stay away?

Anyone who has ever seen a donkey ball game knows how hilarious they can get. It's a real comedy seeing the willing-to-take-punishment riders try to mount the stubborn, bucking donkeys and round the bases. Come for a side-splitting treat.

Allenton Bets Rock River Juniors, 5-3

"Bones" McLaughlin's Allenton team successfully invaded Kewaskum Sunday afternoon, beating the Rock River Junior league team, 5-2. The setback was Kewaskum's third in five games. Two of their defeats were by one run and Sunday's by two, which shows the boys have hard luck.

Meisenheimer and Erdman opposed each other on the mound and both did very well. "Meisy" deserved to win but the hitting and fielding wasn't behind him. Erdman allowed only 5 hits, struck out 6 and walked 4. On the other hand Meisenheimer was nicked for but 6 hits and he fanned 11 batters and passed only 2.

Kewaskum had no extra base hits and Allenton got three when they counted. R. Wolf and R. Bruchert were the big guns for the winners with 2 hits each. Wolf's included a triple with a man on and Bruchert pushed out a double. The losers' 5 safeties were divided. Both hurlers threw scoreless ball until the 5th frame when Allenton pushed over the first marker. Four errors were committed behind "Meisy" and only one behind Erdman.

The Loyals play another home tilt this Sunday against Leroy. Because the Lakes team also has a home game in the afternoon, the Juniors will play at 10 a. m. So there'll be two ball games in Kewaskum and a picnic. A pretty good number of fans were on hand for the last game and the Juniors hope they will turn out again Sunday morning. Kewaskum was shaded by Leroy, 13-12, in the opener there.

Allenton 000 121 010-5 Kewaskum 000 003 000-3

MAN IS SERIOUSLY HURT WHEN TRAIN STRIKES CAR

Caspar J. Ogran, 55, Elm Grove, was seriously hurt at 6:45 p. m. on Thursday, July 3, when his speeding car collided with a fast Chicago and North Western streamliner on the County Trunk V crossing two miles north of Campbellsport.

Engineer Herbert Murphy, Fond du Lac, told Fond du Lac county police that the train was speeding toward Milwaukee at 70-miles-per-hour and that he noticed Ogran's car rushing toward the crossing at a high rate of speed. The impact tossed the automobile 30 feet, demolishing it.

Ogran suffered internal injuries, cuts and bruises and was removed to St. Agnes hospital, Fond du Lac, where attendants said later he was in improved condition. The mishap was the worst occurring in the area during the holiday week end.

ACCIDENT ON CURVE

Gordon J. Fleming, 22, Park Falls, R. 1, lost control of his auto on a curve at Pete's Grove on Hwy. 55, just 300 feet north of the Washington county line on Monday. It left the highway and overturned. The driver was unhurt.

Lois Koch Wed to Richard Rossmiller

Before an altar decorated with white gladioli and white daisies by the Peace Evangelical and Reformed church on Saturday afternoon, July 5, nuptial vows were exchanged by Miss Lois Catherine Koch, daughter of Mrs. Herbert J. Koch of Kewaskum, and Richard A. Rossmiller, son of Mr. and Mrs. Harold C. Rossmiller, R. 2, Burlington. The Rev. F. L. Rodenbeck performed the 4 o'clock ceremony.

During the service Mrs. Joseph Faulkner sang "At Dawning" and her mother, Mrs. Elwyn Romaine, presided at the organ.

The bride's white chapel length gown of embroidered organdy was styled with a portrait neckline and scalloped detailing extending from the neckline to the hem on either side of a pleated front panel. The waist length veil fashioned of tulle fell from a flower trimmed halo. She carried a cascade white bouquet of orchid and trailing stephanotis.

A blue embroidered organdy gown styled like that of the bride was worn by her only attendant, Miss Ann Elizabeth Rossmiller, the maid of honor. White roses and blue daisies comprised her bouquet.

John D. Rossmiller served as best man for the bridegroom. Ushering duties were performed by Carl Terlingen and Dormund Grams.

Dinner was served to members of the immediate families at the Bauer Hotel, Campbellsport, and a reception was held at the home of the bride. Later the newlyweds left on a two-week wedding trip.

The bridegroom will enter military service in the near future and the bride will return to her position as assistant cashier at the Bank of Kewaskum. She is a graduate of Kewaskum High school, Mr. Rossmiller graduated from the University of Wisconsin and is a member of Alpha Zeta and Phi Kappa Phi fraternities. He is engaged as a vocational agriculture teacher.

GRUENDEMAN-SCHACHT

The parsonage of St. Michael's church, St. Michaels, was the setting for the 2 o'clock ceremony on Saturday afternoon, June 28, during which A. I. C. Earl Gruendeman claimed Miss Natalie Schacht as his bride. The couple repeated their vows after the Rev. Steven Dzuban, O. D. S.

A reception at the home of the bride's parents, Mr. and Mrs. Henry Schacht, R. 1, Kewaskum, was followed by a 5:30 o'clock wedding dinner for 125 guests served in St. Michael's hall and a wedding dance at the MWA hall, Boltonville. The newlyweds left on a honeymoon in northern Wisconsin.

The newlyweds will reside at Elroy Trailer Court, Wichita Falls, Texas. A 1/C Gruendeman is stationed with the air force at nearby Sheppard Air Force Base. He is the son of Mr. and Mrs. C. F. Gruendeman, R. 1, Kewaskum, and prior to entering the armed forces he attended Spencerian Business college and the University of Wisconsin Extension at Milwaukee. His bride had been employed as a stenographer at B. C. Ziegler and Company, West Bend, prior to her marriage. Both are graduates of Kewaskum High school.

The bride's lovely gown of white brocaded organdy was styled with a fitted bodice, mandarin collar and long sleeves. The full skirt ended in a long train. Her fingertip veil was gathered to a half hat of ruffles and seed pearls. White carnations comprised her shower bouquet.

Miss Vernell Schacht served as maid of honor for her sister in a yellow brocaded organdy gown with a nylon net yoke. The short scalloped overskirt was worn over a ruffled underskirt. Her head piece was fashioned from a ruffle of starched net. She carried pink and blue carnations. Identically styled ensembles in blue and pink respectively were worn by Mrs. Milton Bocher, sister of the bridegroom, who served as the bridal aide together with Barbara Gelb, cousin of the bride. They carried yellow carnations.

The bridegroom had a friend, Eugene Fay, as his best man, while Norbert Dettmann, also a friend, and Jerry Schacht, the bride's brother, served as groomsmen.

Colgate Boy, 10, Drowns at Mauthe Lake on Thursday

A ten-year-old Colgate boy, Robert Melville, son of Mr. and Mrs. Earl Melville, drowned while swimming in Mauthe lake, seven miles northeast of Kewaskum, on Thursday afternoon, July 10. Colgate is located near Menomonee Falls.

The youth was swimming with a party of friends at a picnic at the lake. He swam out beyond the raft into deep water where he apparently sank suddenly. Other swimmers failed to see him go under but discovered his absence in a short time.

The incident was reported to the lifeguard at the beach and she and other swimmers went to the boy's rescue. They recovered the body in about 10 or 15 minutes, took it to shore and immediately began artificial respiration. The lifeguard was on her first day of duty at the beach and did all she could to save the lad's life.

The Kewaskum fire department rescue squad was summoned shortly after 3 p. m. and rushed to the lake in their ambulance. They worked over the boy with the resuscitator for about an hour very efficiently but failed to respond to the efforts to revive him. Robert was pronounced dead by a local physician but at the request of the boy's mother, who was with him at the lake, the rescue squad continued to work on him for a time longer.

The body of the youth was brought to Miller's Funeral home in Kewaskum in the ambulance to await transportation to a Menomonee Falls funeral home.

80th Birthday Surprise for Albert Sommerfeld

A surprise party was given for Albert Sommerfeld's 80th birthday here on Sunday. Guests were Mr. and Mrs. Albert Voight, Waupun; Mr. and Mrs. Perry Thompson, Dodgeville; Dr. and Mrs. Geo. Parish, Mayville; Mrs. Ed. Hamberger and Lena, Miss Frances Schwandt, Mr. and Mrs. Lawrence Hamberger and son, Fond du Lac; Mr. and Mrs. Gust. Loehrke, Mr. and Mrs. Herb. Arndt and Carlton, Mrs. Bertha Loehrke, Hubert Bartelt, Mr. and Mrs. Wm. Rahjes and daughter Theresa; Mr. and Mrs. John Martin, Mr. and Mrs. Carl Johnson and family, Mr. and Mrs. Des Smith and family, Mr. and Mrs. Donald Koerbie and family, Mrs. Celesta Koerbie and Betty, Mr. and Mrs. John Dobke, Kewaskum; Mr. and Mrs. Vernon Krueger, Lomira; Mrs. J. Keating, Auburndale; Mr. and Mrs. Wm. Koch, Campbellsport.

Guests on Saturday were: Mr. and Mrs. Otto Richard, daughter Mary of Saskatoon, Sask. Canada, Geo. Martin of Florida, Mr. and Mrs. Len Saers of Evansville, Ind., Mr. and Mrs. Walter Wagner and daughter Audrey of Milwaukee, Mr. and Mrs. F. E. Thompson of Dodgeville and Mr. and Mrs. Alb. Voight of Waupun.

Plaque Is Awarded to Kewaskum FFA Chapter

The Kewaskum Chapter FFA has been awarded a plaque in the Wisconsin Alumni Research Foundation's national rat and mouse control achievement campaign. It has been announced by Clarke A. Richards, educational director.

Participating organizations—FFA chapters and 4-H clubs—could qualify for a gold award, a silver award, or both. To qualify for the gold award, the groups encouraged community participation in the campaign, using demonstrations, displays and publicity. To merit the silver award, each member of the organization conducted a successful rat and mouse control program on his premises.

Judges for the nationwide campaign were: Elsworth H. Fisher, extension entomologist, University of Wisconsin; Robert C. Clarke, Jr., state 4-H club leader for Wisconsin; and Louis M. Szymanski, chief, agricultural education, Wisconsin State Board of vocational and adult education.

**Behind The Scenes
In American Business**

By Reynolds Knight

NEW YORK—The relaxation of Regulation X has pushed second-hand houses out of the limelight in favor of new houses—in the press at least. But three significant factors cited by housing experts indicate there is a continued substantial market in older homes.

First, according to Minneapolis-Honeywell Regulator Company researchers who made an extensive study of the situation, many families, as they grow, find themselves running out of elbow room in the type of small houses going up today. Second, the new homes being built are either very large or very small; there seem to be very few "middle-size, middle-price" homes for the middle-income bracket families. Third, though remodeling is expensive, it is still cheaper, usually, to buy an older home and remodel it than to buy a comparable new house.

To substantiate their belief, the Honeywell people point to the fact that spring home buyers are looking for "middle-aged homes" at a rate that is at least 50 per cent higher than they did last year.

SUGGESTION DOLLARS—Do employee suggestion programs really pay off? Republic Aviation Corporation, which manufactures the famous F-84 Thunderjet for the Air Force, thinks yes, not only to the company but to the taxpayers. Cost sheets show that in 1951 Republic's suggestion program shaved off several hundred thousand dollars in expense—even after paying for all the awards (which ran up to \$700 per individual).

Among the suggestions which Republic employees came up with were:

A method for reclaiming the jet fuel that is pumped through a Thunderjet's fuel system to test it before the engine is installed, which brought an estimated saving of \$10,000 annually; a new machine for drawing extremely accurate geometrical figures used in drafting plans, with an estimated saving in draftsmen's time of \$20,000 annually, and a new method for shipping empty jet engine containers with an estimated saving of \$70,000 a year.

Mundy I. Peale, president of Republic, says: "The employee suggestion box may still be fair game for cartoonists, but at Republic we evaluate our suggestion system in cold cash."

THINGS TO COME—New wallpaper paste which won't stain is said to allow easier adjustment of wall paper after it has been applied to wall. Easily installed permanent traffic markers which won't sink into asphalt even on the hottest days, are being offered. The markers are disc-shaped and are available in white or yellow. A new "flameproof" protective coating can be sprayed or brushed on and won't peel, blister or flake. The product can be used on composition roofs, metal, masonry, textiles, etc. Kitchen design possibilities have been multiplied considerably by the introduction of an "island" sink which is located away from walls and is accessible from all sides. Newest cigarette lighter gives you music as well as a light.

IS EVERYBODY HAPPY?—Business has had a number of jobs dumped in its lap over the years and probably few people carry the responsibility toted around by American executives. Business is required, among other things, to work towards a sound economy, fill every demand, keep employment up, maintain high standards of quality, arm the country with the best equipment for defense, undertake or maintain services which are often unprofitable or costly—and help pay for government at all levels.

Now, according to Jervis J. Babb, president of Lever Brothers, business leaders must be responsible for helping people become happy. Babb told a meeting sponsored by the Harvard Business School Association that the object was "to get people to want to do the things that are important to a healthy business, a sound economy, a free nation and a better world—because doing those things brings the satisfaction in life they are seeking."

Some people will doubt that the activities Babb mentioned will bring happiness. And as for management's responsibility for happiness—that goes beyond even the Declaration of Independence, which wisely said that what people were entitled to was the right to "pursue" happiness, not to have it thrust upon them.

Lincoln, Nebr. — Wallace C. Richter, Lincoln's oldest cab driver, is dead at the age of 90. Richter, who began driving a horse-drawn hack in 1904, drove his taxi until the day before his death.

FIRST AID for Everybody

XI—General Directions for First Aid

(This is another of a series of articles, written especially for Central Press Association and this newspaper on first aid, a subject gripping the nation in the light of threatened atomic aggression. The articles are based on the American Red Cross First Aid course. First aid principles, applicable to atomic as well as other disasters, are outlined. The Red Cross offers a 22-hour course free which teaches fully the technique of first aid.)

By Central Press

PREVIOUS ARTICLES on first aid, based on the Red Cross textbook, went into as much detail as possible regarding treatment for various injuries or illnesses. This article is in the nature of a recapitulation to emphasize the purposes of first aid training and the directions for first aid.

In general, first aid principles as outlined in the standard Red Cross course apply even in an atomic tragedy though the approach may necessarily be changed to fit conditions. Civil defense first aid will be discussed in tomorrow's article. But to continue with purposes and general directions.

Purposes: To prevent accidents through ordinary precaution in or outside the home; to do the right thing at the right time in the event of injuries; to prevent added injury and danger by careful handling, and to procure the proper transportation. Remember that first aid is only temporary pending medical assistance.

DIRECTIONS:

- 1—Keep the injured person lying down, head level with the body. You may raise his head if the face is flushed and turn the head to one side if he vomits.
- 2—Look for severe bleeding, stoppage of breathing, poisoning, wounds, burns, fractures and dislocations. Remove enough clothing to determine the extent of the wound. If the victim is conscious, he can help you locate the injuries. If the patient is unconscious, or semi-conscious after an accident, the cause usually is a head injury.

Shock victim gets drink of water from first aider.

A weak pulse and pale face mean poor circulation.

- 3—Keep the injured person warm—body temperature.
- 4—Send someone to call a doctor and ambulance.
- 5—Keep calm. Don't be hurried into moving an injured person unless it is absolutely necessary.
- 6—Never give liquids to an unconscious person. If he is conscious and there is no evidence of abdominal injury, or that an operation may be necessary, give him all the water he wants, slowly and in sips. Tea and coffee may help to keep him warm.
- 7—Keep onlookers away from the injured. Frequently they interfere with treatments.

- 8—Make the patient comfortable and try to keep him cheerful. Quiet his fears. It is important for him to have a good mental attitude in order to promote co-operation and aid recovery.
- 9—Don't let the victim see his own injuries. In severe cases, do not let him know how badly he is hurt. Be sure that nothing is done to cause him further injury. You may wish to notify the patient's family, telling them where he is and whether he is being taken to a hospital, but it is not the first aider's job to describe the injuries or give the family any medical details.

TOMORROW: Civil Defense.

Harvest your hay with care this summer to avoid rain damage. Poor hay next winter can lower milk production and the milk check, says Gus Bohstedt, animal feeding specialist at the University of Wisconsin.

VIEW OF PERU—Airline hostess Isabel Carrion of Lima, Peru and Chicago, holds one of the 1500 pieces of ancient Peruvian art on display in Chicago. The exhibition, which runs until September, traces the artistic development of the ancient Peruvian Mochica and Nazca Indian tribal cultures.

Perpetual Motion?

Commander Ivan Monk, of the Navy's Bureau of Ships, has obtained a patent for a rotary engine, powered by atmospheric energy. It will run for years without fuel and requires only a small amount of water to operate. The engine draws its power from differences in temperature.

Sealed within the engine is a liquid with a low boiling point that alternately condenses (in a cylinder cooled by evaporation of water from a wick) and vaporizes (in a hollow wheel).

The uneven distribution of liquid in the spokes causes the wheel to turn.

Commander Monk kept a gadget like this in operation on his desk for over a year and now he is convinced that it might operate for many years at a time, as long as there is water. That is, perhaps, the nearest approach to perpetual motion yet developed by man, although the naval officer's gadget is of little practical use.

CONGRESS

With just a few weeks left before the political conventions open in Chicago, prospects are that Congress will not be able to adjourn before the conventions but will have to come back to Washington to finish up. So far, not one of the bills that comprise the absolute minimum program has gone to the White House, including the appropriations bills, foreign aid bills, defense production act, war powers, etc.

Treat Foot Rot In Dairy Cows At First Sign

Foot rot is a pesky disease—not often fatal in dairy cattle—but one that causes a loss of milk and meat.

The disease is an inflammation of tissues in the foot caused by bruises, cuts, or punctures.

Veterinarians at the University of Wisconsin report that it can be controlled, especially when caught in early stages.

Some dairymen make it a practice to watch every cow carefully as she comes into the barn, the veterinarians point out. Lameness, shortening of the stride, even a slight swelling above the hoof—all are danger signals that should be heeded.

Many times a careful inspection will reveal a minor wound that can be easily treated at the time. Clean, dry barnyards are always desirable. Remove stones, sticks, or other debris that may cause injury in the barnyard.

No treatment will fit all cases, the veterinarians say. Removal of dead tissue and disinfecting plus bandaging may be all that is necessary.

Sometimes a major operation by a veterinarian is needed. Tissues inside the foot are delicate and easily injured. Too much trimming can be dangerous and painful to the animal. Sulfa drugs or amputation may be necessary to check the foot rot. It pays to seek veterinarian advice if in doubt on foot rot.

Keep Informed On Poultry Matters

With new developments constantly coming onto the poultry scene, the modern-day poultryman is almost compelled to keep up with his reading and attend as many poultry meetings as possible. This may sound like a big task, especially with the many duties that the average poultry-raiser has today, but successful operators will testify to the importance of such activities.

A lack of knowledge, an ignorance of poultry facts, is a severe handicap to the poultryman. Operating on such a basis, he decreases his farm's efficiency rather than increases it. By missing out on new and better ways of carrying on his poultry operations, he deprives himself of extra poultry profits—and, in many cases, eventually forces himself out of the poultry business.

Read Widely

One of the best ways to keep informed is through reading. There are countless poultry bulletins, circulars, books, and periodicals on subjects of interest to every poultryman. These writings cover many of the facts underlying modern poultry and egg production, and the smart poultry-raiser will be quick to take advantage of them. Here's an example of what is available in poultry literature for today's poultry-raiser:

Consider the subject of poultry diseases. Diseases are a constant threat to poultry flocks, and at one time or another most every poultryman has experienced an outbreak of some kind in his flock. There is much material that can be obtained on this subject. For example, there are bulletins, folders, and manuals which describe poultry diseases, tell how they usually appear in a flock, and also give treatment recommendations. Such information as this can be of great value to the poultry-raiser.

Educational Meetings

A poultry-raiser can also increase his knowledge of poultry and management methods by attending educational poultry meetings. There are many poultry farming short courses, community courses, or other formal poultry education groups which welcome interested persons to their meetings. The information obtained at such meetings can be of considerable help in poultry-raising.

It is also a good idea to consult more experienced poultrymen about individual poultry-raising problems. By interviewing persons who are well acquainted with the poultry industry, the less experienced person can pick up many good ideas.

Fall seeding of pastures is definitely second choice to spring seeding, according to Vic Burcalow, agronomist at the University of Wisconsin.

Bible Comment:

Hebrew Prophets Saw Law and Order In Creator's Work

IN reading the Book of Job it is important to remember that it is an ancient drama in which various characters are speaking and note in each instance just who the speaker is. Otherwise we find ourselves taking as the "word of God" statements of Eliphaz, Bildad, or Zophar, all three of whom are specifically represented by God, later in the Book, as not having spoken the "thing that is right."

The late Professor Moulton, in his "Modern Readers' Bible," sought to guard such misrepresentations of Biblical truth by presenting and arranging the Scriptures in their proper literary form. This is particularly helpful in portions of the Bible like the Book of Job.

But in general the practice of taking texts at random, or even indiscriminating use of proof texts, is not conducive to enlightened study of the Bible, in which every passage ought to be read in relation to its setting and context.

But if one must read the Book of Job with care to realize who it is speaking in the various portions, it is only in considering the Book as a whole that its full significance and message appear. All leads up to certain conclusions regarding the fact of God and His world.

The Hebrew poets and prophets laid hold of the great, positive, incontrovertible facts of a world that could not be, or be upheld, without a Creator and Ruler. They found evidences of law and order and goodness. And they related the moral law and order to the law and physical universe.

They asserted, "The heavens declare the glory of God, and the firmament sheweth His handiwork. Day unto day uttereth speech, and night unto night sheweth knowledge."

So, here in the Book of Job, as elsewhere, they asserted the fact of God in His world. "The earth is the Lord's and the fullness thereof—the world and they that dwell therein." It was the fool, they said, who had declared in his heart that there was no God. And their wisdom was justified. For without faith, and without God, what is there for man?

Sports Afield

By Ted Kesting

The sportsman about to buy a binocular is faced with some tough questions: How much should I pay? What power should I get? Do I want a binocular, monocular, telescope or spotting scope? What do I look for? Now I am not an expert on optics, but here is an attempt to answer some of these questions.

The first confusing thing is the wide range in prices. You'll find two binoculars apparently identical, but one will be marked at \$49.50 and the other at \$180.00. But you can also buy a watch for \$10 or \$100. The price is decided by: 1) Where they were made, 2) What workmanship and material went into their making, 3) What they will do for you.

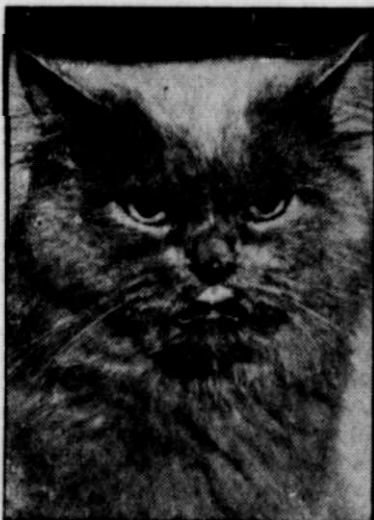

Good binoculars are made in Europe, particularly Germany and France, in the U. S. and in Japan. And poor binoculars are also made in Germany, France, the U. S. and Japan. Workmanship and materials are the determining factor. The grinding of lenses is an art; cheap lenses and poor prisms mean an inferior binocular, no matter how it resembles a good one externally.

When it comes to coated lenses versus uncoated ones, I throw in the sponge. I have been assured by optical authorities that it absolutely does nothing to achieve the effect desired and I have been assured by optical authorities that it absolutely does improve the transmission of light to the eye. You take your choice.

Some binoculars focus with a wheel in the center of the frame and some with individual focusing devices on the eyepieces. Briefly, the center focus is easier and quicker, but the individual eye focus will last longer and possibly give sharper definition.

In choosing power, pay attention only to the 7X or whatever it might be and not to the second numeral which refers to the diameter of the objective lens in millimeters and only indicates its light-gathering capacity. Newcomers to optics often make the mistake of buying the strongest glasses they can get, such as an 18X.50, and then wishing they hadn't. There is a use for such high-powered glasses, but it does not lie in the general outdoor field.

According to Bill Wolf, well known outdoor writer, the average sportsman probably will find his most useful binoculars are the standard 7X.35, the wide-angle 7X.50 or the 7X.50. The last is the best of all for night work or when the light is dim.

SOUR PUSS—Sticking out his tongue at a Parisian cat show, this grim-faced two-year-old Blue Persian says, "Some people hate cats. Well, I hate people." His name is Xylophone de la Cize, and he belongs to the Baroness de St. Palais, of Paris.

THREADS HER WAY THROUGH CONSTITUTION—Ahn Neccetti, seated, will have used more than 124,000 yards of thread and put in 200 hours of labor when she finishes sewing the more than 10,000 words of the Constitution. Model Anne Manco, 20, of Rome, Italy, watches the demonstration of sewing-machine skill at an Italian manufacturers' fair held at Grand Central Palace, New York.

WAGE STABILIZATION AT A GLANCE

THESE ADJUSTMENTS MAY BE MADE WITHOUT WSB APPROVAL

- Employer and employees
- A total 10% increase over average straight-time earnings of January, 1950.
- Periodic wage changes based upon the BLS cost-of-living index.
- Merit or length-of-service raises if established company practice.
- Promotion or transfer raises if bona fide new duties and increased responsibility.
- Bonus of \$40, or the same amount or percentage given in 1950 or in accord with established plan.
- Catch-up and cost-of-living allowances applicable to commission and piece-rate employees.

THESE ADJUSTMENTS REQUIRE APPROVAL OF THE WSB

- Any increase in excess of those allowable under self-administering regulations.
- Any change in established piece-rate plan or incentive system.
- Wage rate structures for new businesses or plants.
- Increase in paid holidays, overtime, shift differential, paid vacation or call-in pay.
- Increase in other "fringe" benefits or such supplementary pay practices.
- Annual improvement increases and new cost-of-living "escalator" clauses.

THESE ADJUSTMENTS REQUIRE A REPORT AND 30-DAY WAITING PERIOD BEFORE BEING PUT INTO EFFECT:

- New or improved health-and-welfare, pension and profit-sharing plans not exceeding WSB standards.

ADMINISTRATIVE, EXECUTIVE AND PROFESSIONAL PERSONNEL AND WORKERS IN THE CONSTRUCTION INDUSTRY ARE GOVERNED BY OTHER SETS OF RULES.

For more detailed information, contact the nearest office of the Wage and Hour Division, U. S. Department of Labor

This chart, designed as a general guide only, prepared by the Information Division, FPH Regional WSB, Atlanta

QUESTION: We have a ledge across one end of our basement, three feet above the floor and extending out about nine feet. We'd like to remove this ledge for more floor space. Can you advise how to go about it?
—C. S., Battle Creek, Mich.

ANSWER: Aside from the fact that the ledge may conceal old rats or roach, removal is a simple-if heavy-work. Chances are, however, the house foundation behind the ledge is not basement-deep. In removing the ledge, you'd probably undermine the foundation, unless care is taken to shore it up as you go. Easier way is to build a retaining wall inside the footing of the foundation along these sides, dig down to the depth of the basement foundation of the fully excavated portions.

QUESTION: I have an oil circulating heater and I seem to be using too much oil. Was wondering if this condition could be due to the fact that the inside diameter of the chimney is much greater than the stove pipe that leads to the chimney.
—J. E. S., Vancouver, Wash.

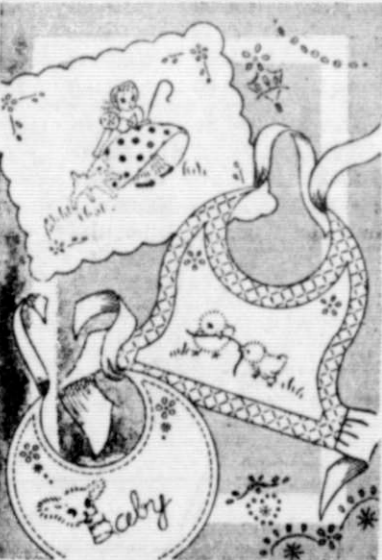

ANSWER: More than likely the trouble with your furnace lies in the nozzle of the burner, rather than with the draft. As long as the draft is good, relative size of pipe and chimney can be ignored.

QUESTION: Is there any way to repair a tear in a chair seat covered with a plastic covering?
—R. S., Keyport, N. Y.

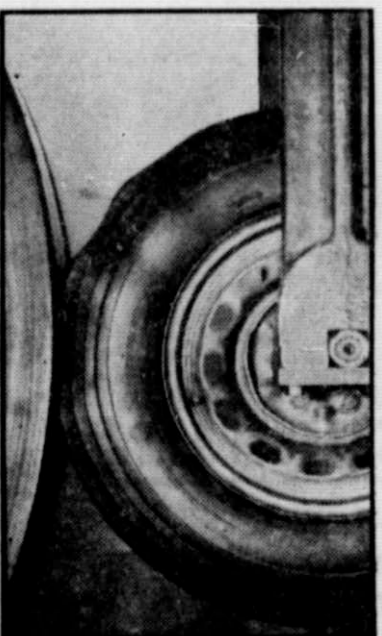

ANSWER: First take a number of tacks or staples out on each side of the tear. This releases the strain. You'll need a strip of the same material as the cover, cut to twice the size of the rip, and one of the new plastic glues. Insert the patch, covered with glue, under the tear and press down all around, then stretch a few strips of tape across the rip to hold it in place until the glue has dried.

This column is prepared by the editors of THE FAMILY HANDYMAN MAGAZINE as a service to home-owners. If you have any questions or problems relating to your own home, please address a letter, stating your problem to THE FAMILY HANDYMAN, 211 East 37th Street, New York, New York. Attention of News Syndicate Editor. If the question has widespread appeal in the opinion of the editors, it will be printed with the answer in this column at a later date. However, we cannot enter into detailed correspondence with everyone. THE FAMILY HANDYMAN is available at newsstands and hardware stores everywhere.

DESIGNED FOR BABY

Here is a group of designs for the wee ones' protection and enjoyment. Included are patterns for two bibs and a pillow slip with clever motifs for each plus miscellaneous motifs for dresses, sacques and many other uses. You will enjoy making these. Send for No. C3215 now, only 20c. Send orders to: Homcraft Service, Journal Pub. Co., Inc., 2500 Buchanan, Kansas City 16, Mo.

WHEEL OF TORTURE—At a speed of 135-miles-per-hour a new high-speed tire developed by Goodrich engineers pulls away from the simulated road faster than inside pressure can restore the rubber to its original shape. The grueling test would tear an ordinary tire apart, but the new one is said to be able to withstand hundreds of miles of sustained high speed driving. Photo was made at 1/10,000th of a second.

ANSWERS TO Intelligence Test

New Playclothes Are Sturdy and Fashionable

BY EDNA MILES

THE playclothes in your summer wardrobe should be able to take it. They should, that is, be in a fabric sturdy enough to stand up to really hard wear, to go through countless launderings and come out looking trim as a top-sail.

They should also be in a fabric that's sanforized so that it won't shrink into something fit only for a midget.

Once these basic requirements are well in mind, look for playclothes that provide the most fashion for your money with the maximum in comfort and freedom-of-action. You'll find many such clothes this year; designers have gone all-out to do sun fashions that are different, that are flattering, that hide figure defects.

The skort, for instance, is a newcomer under the sun. Sure fire for girls who want to slim the hipline, it's really a part-skirt that buttons across each hip, revealing shorts front and back only. Further, the skort opens up flat for easy washing and ironing. In sanforized blusurf denim, worn with matching, tailored bra, this is a fashion that can take it all summer long.

The pop-over shirt, cut the length of a man's shirt, and given tapered sleeves, is another sun fashion that's sturdy when it's done in express stripes. Given a V-shaped turtle-neck yoke and worn with tapered pedal pushers, it has a smart silhouette.

← Pop-over shirt in express stripes has a V-shaped turtle-neck yoke. Shirt is worn with tapered pedal pushers for smart overall line.

→ This denim skort, a combination skirt-and-short, minimizes hiplines. Part-skirt buttons across each hip, revealing shorts front and back only.

MALLARD DUCK

© National Wildlife Federation
Mallard Duck

If census takers could count every duck in North America, it is likely that they would find more Mallards than any other kind. There are tame ones on farms and wild ones living in most parts of the continent. Wild Mallards spend their summers from Alaska to Greenland and south as far as California and Virginia. In the winter, they live in the southern half of the United States, and down into Mexico and Central America.

With the change of seasons, great flocks of them take to the air. They make good time on their journeys, says the National Wildlife Federation, because they can fly up to sixty miles an hour. While beating their strong wings, they watch for pools or lakes of fresh water where they can live and find food. In the water they get mosquito larvae, insects, snails, and shellfish. Around the edges they feed on the seeds and stems of plants.

Among the weeds and bushes near the water, the Mallards build nests of leaves and grass, with linings of dark gray down. When their nesting place is ready, the female lays from six to thirteen large eggs. The eggs may be light greenish or gray-brown.

After she sits on them for 26 to 28 days, the eggs hatch. The baby ducklings, covered with soft yellow down, quickly learn to walk and swim.

As they grow, the young birds begin to look more and more like their parents. The females are mostly brown, with marks of black. They have dull yellow bills and feet.

The males have green heads and necks, white collars, and purple-brown breasts. They are light gray underneath and darker on their backs, with a touch of blue in their wings. Their bills are yellow and their legs and feet are orange.

Mallards grow to be about 28 inches long. They weigh between 3½ and 4 pounds. The females are slightly smaller than the males. According to the National Wildlife Federation, they are among our most valuable wild ducks.

Interesting information on other wildlife species can be obtained by writing to the National Wildlife Federation, Washington 10, D. C.

POLISH KILLS BOY
Arlington, Va. — Little Ronald Worrell, one-year-old son of Mr. and Mrs. W. B. Worrell, of Washington, died recently after drinking furniture polish.

NEVER A SOLDIER
Hamelin, Germany — Although Carl Borowy celebrated his 100th birthday recently and has lived through five wars, he has never been a soldier. In the wars of 1846, 1866 and 1870-71 he was thought too young and in the two world wars, 1914 and 1939, he was too old.

While streptomycin has not been an overnight miracle work-er against TB, there are many patients alive today who might have died without the help of this drug.

Test Your Intelligence

- Score 10 points for each correct answer in the first six questions:
- The distance by air between Berlin and London is: —1018 miles —2090 miles —1452 miles —575 miles
 - The capital of South Carolina is: —Durham —Columbia —Spartanburg —Charleston
 - The 1945 baseball world championship was won by the: —N. Y. Giants —St. Louis Browns —Detroit Tigers —N. Y. Yankees
 - The president of France is: —Vincent Auriol —Rene Pleven —Antoine Pinay —Charles de Gaulle
 - What famous military leader crossed the Alps with elephants: —Alexander —Pericles —Hannibal —Charlemagne
 - The chemical symbol H2SO4 means: —water —sulfuric acid —chlorine —hydrochloric acid
 - Listed below are four universities and opposite them the states in which they are located. Match them, scoring 10 points for each correct answer.

(A) Harvard	—Connecticut
(B) Columbia	—Iowa
(C) Yale	—New York
(D) Drake	—Massachusetts
- Total your points. A score of 0-20 is poor; 30-60, average; 70-80 superior; 90-100, very superior.

Half of Navy's Weapons New Since World War II Says Ordnance Bureau

One-half the ordnance appropriations of the Navy are for weapons which were not in existence in World War II, according to Captain R. L. Adams, Assistant Chief of the Navy Bureau of Ordnance, Director of the Materials Division.

At the weekly industrial briefing in the Pentagon, Captain Adams explained to the press that the principal concept behind the design of new naval ordnance is that the warfare of the future will be on a high-speed basis—that future targets will be much speedier targets.

Production of naval ordnance for this high-speed future got off to a slow start, however, principally because the tools needed for the new weapons were not in existence either.

Production is now getting under satisfactory way in three programs on which Capt. Adams said the Navy Bureau of Ordnance has concentrated. They are: Aviation ordnance, air defense against enemy aircraft; and defense against submarines.

Aircraft Gets 60%
Sixty per cent of the budget of the Navy Bureau of Ordnance goes to weapons for aircraft, Capt. Adams said. Among the new developments is a family of streamlined bombs which reduce the "air-drag" at the higher speeds of delivery by jet planes.

In the field of air defense, Capt. Adams said, much time, energy and money has been devoted to guided missiles. He said the Navy guided missile Terrier was marked for speedy production fourteen months ago, after the over-all missile production program was put in charge of K. T. Keller of the Chrysler Corporation. It was Keller's immediate judgment that if a thousand of these missiles could be made and shot the Navy would learn more of practical use than the research and development engineers could turn up in three years. Capt. Adams could not discuss this subject any more than to say these missiles have reached the production line stage.

Defense Against Submarines
In the third major problem, defense against submarines, Capt. Adams said, we have made much progress. The new submarine is very different from the types used in World Wars I and II. To maintain our overseas bases and carry any war to the enemy, we must keep our lines of supply and communications open against a newer and faster underwater threat. To meet it, according to Capt. Adams, we have equipped our Navy fire-control devices with faster-sinking depth charges, with heavier rockets effective at longer ranges, with torpedoes adapted to the kind of submarine we are hunting.

As some measure of the size of the job, Capt. Adams said the pre-Korea staff of the Navy Bureau of Ordnance numbered 700 persons and its total budget was \$219 millions; compared to its present personnel of 1800 in Washington and its existing appropriations of \$1,440 millions. Pre-Korea the Navy Bureau of Ordnance was responsible for 400 contracts. Now it has 2600. Capt. Adams says he expects the totals to "level off early next fiscal year, according to present plans."

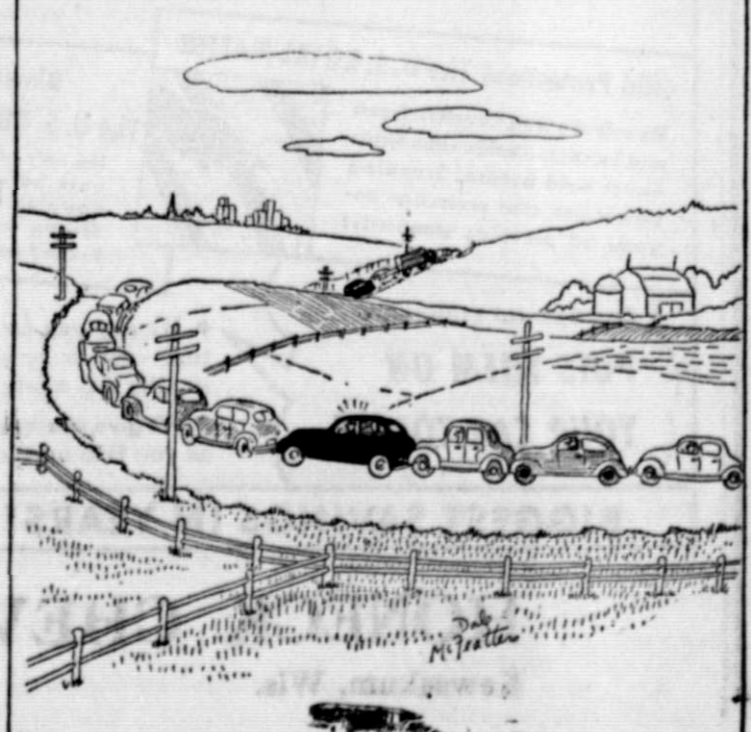

Answering questions from the press, Capt. Adams said the Navy was buying ordnance abroad but only for experimental purposes. He said the question of manufacturing abroad, or of manufactur-

BUT WHAT'S THE USE HELL GROW UP LIKE ANY OTHER BOY...

Teacup Topics by Betty Ann
EDITOR THE MILWAUKEE JOURNAL WOMAN'S PAGES

In summer, especially, it's the "bathtub look" that's going to get a girl places says Betty Ann, editor of The Milwaukee Journal Women's Pages. Nothing in the way of beauty could be simpler, certainly—or cheaper—than bathing. Just whip up the lather and wear out the body brush, and come out of that tub glowing from top to toe. It's a lesson you might as well learn early. It's a nice long soak in the tub that makes a girl's face look smooth and free from tired lines. And a good scrubbing puts lights in her eyes, pink in her cheeks, and a satin finish on her complexion. Add a shampoo, and there's an extra sparkle to her hair. Beauty begins in the bathtub.

Many a homemaker who is handy with the paint brush has copied the well known brush strokes used by artist Peter Hunt to create his whimsical Pennsylvania Dutch designs. But, simple as they are to create, these charming decorations do take some time, energy, the right materials and at least a little skill.

Now, to save you the trouble of doing it yourself, a manufacturer of decals has brought out a line of Peter Hunt designs. The decals include 18 different versions of such Pennsylvania Dutch themes as hearts a-d flowers, four leaf clovers and quaint boy and girl figures dressed in brilliantly colored costumes. The colors are the bold, bright peasant hues typical of "P.D."—blues, reds, yellows and greens.

Peter Hunt, as you may know, became widely known for his knack of taking old and discarded furniture from attic and garage, refinishing it and with a few deft brush strokes turning the pieces into chairs and cabinets of distinction. He and his many imitators have helped popularize the Pennsylvania Dutch style, which is particularly suitable decoration for children's rooms, kitchens, breakfast nooks and furniture for country cottages.

The Peter Hunt decals are available in dime stores, most paint stores and the paint departments of department stores.

Knee length hose and ventilated undersoles are creating leg interest with a "cooled for comfort" slant. The short hose have an elastic lacy band to keep the top snug below the knee. Tiny perforations in the ventilated stockings placed under the arch and toes, not visible when worn with open shoe styles, provide a foot cooling system that can't be beat. Wash often in lukewarm soapsuds to keep these nylon pores open; pat elastic tops with a thick towel to absorb moisture.

Minted Pear Molds
The delightful color contrast is the minted strawberry pear mold. Ingredients are two cups fresh strawberries (halved), three tablespoons sugar, two packages lime flavored gelatin, two tablespoons chopped fresh mint leaves, two cups hot water, two cups canned pear juice and water and six canned pear halves sliced lengthwise (use fruit packed in heavy syrup).

Combine strawberries and sugar; let stand about 20 minutes. Meanwhile, combine gelatin and mint. Add hot water and stir until gelatin is dissolved. Let stand about 15 minutes, strain, and add pear juice and water. Pour gelatin mixture into two quart loaf pan. Add pears, distributing the fruit as evenly as possible. Then add berries. Pears will sink and berries will float, forming two layers with a clear layer between. Chill until firm. Unmold and cut in slices. For salad, serve on salad greens with mayonnaise. For dessert, serve with whipped cream. Makes eight servings.

Chicken Salad Sandwich
Combine these ingredients for chicken salad tea sandwiches: Two-thirds cup chopped, cooked chicken or turkey, one-fourth cup chopped celery, one-eighth teaspoon salt, three tablespoons mayonnaise or salad dressing, two tablespoons chopped green olives, if desired; four slices enriched bread and four teaspoons soft butter. Combine chicken, celery, salt and mayonnaise. Spread each slice of bread with one teaspoon butter, then with three tablespoons chicken salad mixture. Cut crusts off and divide each slice crosswise into four finger sandwiches. Yield: 16 chicken salad tea sandwiches.

State of Wisconsin)
Washington County,) as
Village of Kewaskum)

**PUBLIC NOTICE IS HEREBY
GIVEN** That the Board of Review
of said Village of Kewaskum will
meet at the Municipal Building on
the 14th day of July, 1952, at 10:00
o'clock in the forenoon, for the
purpose of reviewing and exam-
ining the assessment roll of real and
personal property in said Village,
and all sworn statements and valua-
tions of real and personal property
therein, and bank stock, and of
correcting all errors in said roll,
whether in description of property
or otherwise, and to perform such
other duties imposed by law.
Dated this 5th day of July, 1952.
William S. Martin,
Village Commissioner

NOTICE OF MEETING OF BOARD OF REVIEW

Public notice is hereby given
that the Board of Review for the
Town of Kewaskum will meet at
the town clerk's office on the 14th
day of July, 1952, at 10:00 o'clock
in the forenoon, for the purpose of
reviewing and examining the as-
essment roll of real and personal
property in said town, and all
sworn statements and valuations
of real and personal property there-
in, and correcting all errors in said
roll, whether in description of prop-
erty or otherwise, and to perform
such other duties imposed by law.
Dated this 11th day of July, 1952.
A. H. Seefeldt, Clerk,
Town of Kewaskum

CARD OF THANKS

Our recent sad loss, the death of
our dear husband and father, Rob-
ert McCullough, leaves us with
grateful hearts toward neighbors
and friends. We wish to extend
thanks to all who visited him dur-
ing the time of his sickness and for
the sympathy and kindness extend-
ed us during our time of sorrow.
Special thanks to Rev. Reibel, the
choir, organist, Holy Name society
members, Catholic Knights, pall-
bearers, drivers and donors of cars,
for the many spiritual offerings and
floral pieces, to the traffic officer,
Miller's Funeral home, and all
who showed respect.
Mrs. Robert McCullough & Family

CARD OF THANKS

Words cannot adequately express
our deep appreciation for the man-
ny kind and sympathetic acts that
came to us at the time of our be-
reavement, the death of our be-
loved sister, Mrs. Ferdinand Hatmel.
We are deeply grateful to Rev. G.

Kanies, the organist, choir, pall-
bearers, drivers, for the memorial
tributes and floral pieces, to the
traffic officer, Miller's, and all who
showed respect.
Surviving Sisters and Brothers

EXPRESSES THANKS

Mrs. Rudolph Kolafa wishes to
express her sincere thanks and ap-
preciation to all those who called
on her and sent cards while she
was a patient at St. Agnes hospital.
Mrs. John Kent, who had been vis-
iting the past three weeks at the
Kolafa home, has returned to her
home in Seattle, Wash.

Dundee

Mrs. Ed. Wittkopf of Plymouth
visited Sunday with her sister, Mrs.
Henry Haffermann.

Mr. and Mrs. Herbert Heider and
children Joan and Allan spent the
week end in South Dakota.

Mrs. Emma Heider and son Har-
ry visited several days last week
with friends in Rockford, Ill.

Mr. and Mrs. Anton Mueller and
children of Chicago visited the past
week with Mr. and Mrs. George
Mueller.

Mrs. Delores Ebert and son Dale
of Kohlsville visited from Friday
until Tuesday with Mr. and Mrs.
Ed. Lepp.

Mr. and Mrs. H. Brest and her
daughter of Milwaukee visited the

week end with Mrs. Louise Goetz
at Long lake.

Mr. and Mrs. Clarence Reigle and
son Gary returned home from Ohio
Friday after a week's visit with
relatives there.

Mr. and Mrs. Al Leisses of Fond
du Lac and the Misses Joan and
Bernice Trapp of Kewaskum spent
Tuesday with Mr. and Mrs. George
Gilboy.

Paul Hellmer of Cascade and Mr.
and Mrs. William Schaub of Ke-
waskum visited Sunday afternoon
with Mr. and Mrs. C. W. Baetz and
Charles Roethke.

Herman Krueger and Rhinart
Hintz of Marion called on the C.
W. Baetz family Monday. They had
attended the funeral of their cous-
in, Mrs. Chester Schulz, on Sunday.

Mr. and Mrs. William Benson and
children spent the past week in
Iowa visiting the latter's sisters
and brothers-in-law, the Rev. and
Mrs. Carl Gutekunst and the Rev.
and Mrs. Gerhard Schaefer.

Mr. and Mrs. Alfred Gaertner
were surprised at their summer
home at Long lake Sunday when
their grandson Michael Joseph La
Barbera of Milwaukee, who was
born June 19, came to visit them.

Rev. and Mrs. H. A. Kohrs left
Monday for a two weeks' vacation
but there will be services on Sun-

day, July 13. Prof. C. Toppe of Wa-
tertown will conduct the services
and on Sunday, July 20, Prof. D.
Rhode, also of Watertown.

New Prospect

(Received too late for July 4 issue)
Mr. and Mrs. Erwin Matthies
visited friends at Marinette over
the week end.

Miss Virginia Trapp is attending
summer school at Milwaukee State
Teacher's college.

Mr. and Mrs. Frank Bowen visit-
ed Mrs. E. Bowen and son David
Watertown on Sunday.

Dr. and Mrs. Leo Uelmen of
Campbellsport and Mr. and Mrs.
Leo Bowen and daughter Mary Ann
of Plymouth visited Mr. and Mrs.
Frank Bowen Sunday evening.

Mr. and Mrs. John Meyer of

Campbellsport, Mr. and Mrs. Da-
vid Tennessen and family of Fond
du Lac, Mr. and Mrs. David Han-
rahan and Mrs. Cyril Wieter and
sons of Kewaskum and Mr. and
Mrs. Thomas Hart and family of
Shabonna Grove, Ill. called at the
George H. Meyer home during the
week end.

Around The Town

—Jac. Meinhardt spent this week vacationing with relatives in Milwaukee.
—Mr. and Mrs. Ray St. Mary and son Eddie spent a vacation last week in Michigan.
—Mrs. Mary Hauerwas of Milwaukee is visiting here with her sisters, Misses Margaret and Tillie Meyer.
—Mr. and Mrs. Fred Meinhardt visited relatives in Milwaukee on Tuesday and also called on the Oscar Quast family at Jackson.
—MODERN PAINLESS CHIRO-PRACTIC. ROBERT G. ROBERTS, D. C., 702 ELM ST., WEST BEND, WIS. 7-27-47
—George Martin of Bradenton, Fla. and Mr. and Mrs. Len Sairs of Evansville, Ind. called on Mr. and Mrs. John H. Martin Saturday.
—Mrs. Roy Schreiber and children, Sharon and Kim of Rockford, Ill. visited over the holiday week end with her parents, Mr. and Mrs. Carl Hafemann.
—Misses Pat Perkins, Donna and Joan Miller and Dolores Schmitz left Thursday morning, July 19, on a week's conducted Greyhound tour to Washington, D. C.
—Mrs. Tillie Zeimet and her guest, Mrs. Rose Smith of Menasha, who had been visiting her, are spending a vacation with relatives at Bangor in La Crosse county.
—YES, It's Miller's at Kewaskum for quality home furnishings at most reasonable prices. Open daily until 6, Fridays until 9 p. m. Free deliveries. 17
—Mr. and Mrs. Roman Felber and Paula Ann Uhlman, the latter's cousin, who is vacationing here, have returned from a week's vacation on Lost Lake in Vilas county.
—FOR ANY information to buy homes under F.H.A. government insurance loans, about monthly plan see, call or write Harry H. Maaske, Kewaskum. Phone 2. 6-13-47
—Mr. and Mrs. Baldwin Kuntz of Juneau and Mr. and Mrs. Otto Richardt of Saskatoon, Sask., Canada, visited at the Marvin Martin home Wednesday. Mr. Richardt is a nephew of Albert Sommerfeld.
—Captain and Mrs. Howard Weinberger and son Michael returned to Washington, D. C. after spending a month's vacation with Mrs. Weinberger's parents, Mr. and Mrs. August Bartelt here and other relatives.
—Mr. and Mrs. Gerald Stoffel attended the funeral of Mrs. Joseph Behrens at Racine last Wednesday. Mrs. Behrens, who died on Sunday, June 23, was the mother of Mrs. Ida Weyres of Barton and grandmother of Mrs. Stoffel.
—Mr. and Mrs. Howard Schmidt of Wautoma visited on the Fourth of July with their mothers, Mrs. George H. Schmidt and Mrs. Elia Eberle. On Saturday they all returned to Wautoma where Mrs. Schmidt and Mrs. Eberle are staying while Mr. and Mrs. Schmidt are gone on a vacation trip in Canada.
—Mr. and Mrs. John Vorpahl and son Anthony visited on the Fourth with Mr. and Mrs. Elmer Footland and son Johnnie at West Allis. They were accompanied home by their son Junior, who spent a vacation there, and by the Footland's son Johnnie who spent this week with the Vorpahls, his grandparents.
—SEE FIELD'S FURNITURE MART AT WEST BEND BEFORE YOU BUY YOUR FURNITURE, RUGS AND HOUSEHOLD APPLIANCES. YOU CAN BUY FOR LESS AT FIELD'S, WHY PAY MORE? FIELD'S FURNITURE MART, WEST BEND, WIS. TELEPHONE 383. OPEN FRIDAY EVENINGS, OTHER EVENINGS BY APPOINTMENT. FREE DELIVERY.—adv.
—Arnold Zeimet and Joe Schwind spent a week's vacation fishing at Chetek, Wis. "Jimmy" Miller, Byron Martin, Lee Honeck and "Tiny" Terlingen spent the beginning of the week at Chetek with "Foot" and Joe and caught their fish for them. It was a beauty of the variety we spear in the spring down here only they overlooked entering the big fellow in the Sentinel fishing contest. The boys were treated to fine cooking and enjoyed the hospitality but we didn't catch the name of the restaurant. However, they returned home because of the poor lighting in the cottage.

—Billy Guth returned home after being gone on vacation for some time.
—Mrs. John Marx spent several days of last week at Watwatosa with the Carl Malischke family.
—Mr. and Mrs. Arnold Huck and son of Fond du Lac arrived Thursday evening to spend the week end vacationing with Mr. and Mrs. Bob Ours, Miss Mary Jane Mayer, and other relatives and friends.
—Many of our residents attended the centennial celebration at Fond du Lac over the Fourth of July week end, and the mammoth two-hour parade on Saturday morning. An estimated 75,000 people witnessed the parade.
—Mrs. Louis Opgenorth, Mary Carol Opgenorth, Jerry and David Opgenorth and Lillie Schlosser were to Milwaukee Tuesday, from where Jerry and David left for Tacoma, Washington, to visit relatives. While at Milwaukee they also visited Mrs. Lena Selp.
—Dinner guests at the home of Mr. and Mrs. Norman Jaeger Wednesday evening, July 9, were Mr. and Mrs. Jack Ogie and children, Bobby and Mary, Mrs. Elizabeth Jaeger, Agnes Jaeger and Bonnie Bauer, all of Fond du Lac; Mr. and Mrs. Vern Carey and children, Jim and Sharon of Chula Vista, Calif.
—A birthday party was held in honor of the birthday of Mary Ellen Jaeger at the Jaeger home on Wednesday evening, July 9. Games were played and dancing was enjoyed. A delicious lunch was served. Out-of-town guests were Bonnie Bauer, Fond du Lac, and Jim Carey of Chula Vista, Calif. Both are cousins of Mary Ellen.

—Mrs. Elizabeth Schaefer entertained a number of relatives Sunday in honor of her birthday.
—Fifteen baseball fans from Kewaskum and vicinity were to Chicago Thursday where they attended the Chicago Cubs- Brooklyn Dodgers game at Wrigley field. The Cubs won, 7-6.
—Miss Lillie Schlosser, who had a week's vacation from her duties in the L. Rosenheimer store office, Mrs. John F. Schaefer and Mr. and Mrs. William Guenther enjoyed a week's vacation in Upper Michigan, Canada, Mackinac Island, the King's Gateway, Eagle River, and Land o' Lakes in northern Wisconsin.

Mr. and Mrs. Glenway Ehnert and Mrs. Wm. Quandt of West Bend and Mrs. Alfred Pirks are visiting relatives in Michigan.
Mr. and Mrs. Hugo Kempf and family of West Bend and Mr. and Mrs. Wm. Kempf visited Sunday with Mr. and Mrs. John Kempf and family.

JULY IS MONTH OF COUNTY FAIR—DATES JULY 24-27
Preliminary plans and prepar-

ations for the 95th annual Washington county fair are now being made by those in charge of the fair. The earlier than usual opening season will bring out a larger vegetable display. Also all indications are that the agricultural and home economics exhibits will be larger than in past years.
There will also be about 30 or more tented housing commercial exhibits, the largest of which will be a 40x100 foot tent under the sponsorship of the Wisconsin Power company.

Wife of Chilean President Visits U.N.

Mrs. Rosa M. de González-Videla, wife of the President of Chile, visited United Nations Headquarters while in New York City. She came to N. Y. to receive the "Mother of the World" award for 1952, for which she was selected, as a tribute to her social work. Here she is seen in one of the United Nations Radio studios, recording a broadcast to the women of Chile. Seated at her right is Mrs. Franklin D. Roosevelt, Representative of the United States on the United Nations Commission on Human Rights.

11,000,000 Minnesota Acres Affected By Tent Caterpillars

Members of the Minnesota entomology department, and representatives of other state agencies concerned with weed, seed, and insect pests met in Itasca State Park recently under the leadership of T. L. Aamodt, State entomologist, for a three-day meeting.

Chief interest of the meeting was the opportunity to make a field study of the forest tent caterpillar infestation and to gather information for methods to fight the pest in the future. Aamodt said that about 11,000,000 acres had been infested, some very heavily, but that natural controls of starvation and the increase of parasites which kill the caterpillar have been reducing the extent of the damage.

Various state and federal agencies, and private organizations and individuals paid for the spraying of about 50,000 acres under the direction and general supervision of the State Entomologist. This was a large and important effort in control, Aamodt said, but the entire area could not have been sprayed because of the estimated cost of about \$38,000,000.

Representatives of the division of Forestry and State Parks attended the meeting.

KERRY DRAKE

MARY WORTH'S FAMILY

KILLED BY OWN CAR

Silver Springs, Md. — Norman Howard Smith, 49-year-old former Government auditor, was run over and killed by his own car after he made a left turn in front of another automobile.

A NOSE FOR CLUES—In a deep reflective mood, Jimmy Durante chews a cigar under his Sherlock Holmes hat just before leaving Southampton, England, for the United States aboard the Queen Mary. After a series of stage appearances in Britain, the famous comedian was reported to have announced that everything was "elementary, my dear Watson."

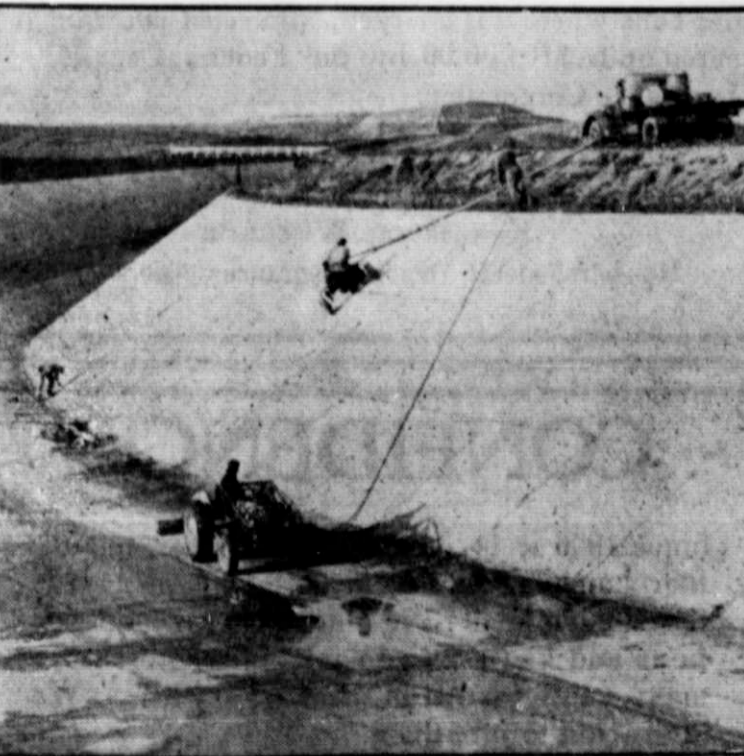

ITALY HONORS FALLEN G.I.'S—Workmen at an Anzio, Italy, cemetery head toward completion of a monument honoring the American boys who fell at the famous battle of Anzio Beach during World War II. Built in the center of the cemetery, the all-marble monument will feature two bare-chested G.I.'s, in G.I. trousers and shoes, walking arm in arm with heads uplifted.

CANNED MEAT "PARTY" TRAY

Straight from the canned meat shelf come the spreads for these gay appetizers which you can easily duplicate in your own kitchen. Use your cookie cutters to make the designs, then top them with deviled ham, smoked tongue, Vienna sausage slices or chipped beef. Canapes are garnished here with stuffed olive slices, pearl onions and parsley and arranged around colorful cream cheese stuffed crab-apples.

CLEAN SWEEP FOR THIRSTY ACRES—Final touches of a gigantic cleaning job are applied by workers on the Delta-Mendota Canal, a man-made river of California's Central Valley project. The sweeper, foreground, works with the men cleaning the expansion joints on the steep concrete banks. The 102-foot-wide and 117-mile-long trough is cleaned every summer before irrigation season.

"Mister Fixum's Handy Hints"

BY ERNIE GARDNER

HOW TO BUILD A WALL SEAT

It is possible to build a wall seat with car cushions. It also can be built by placing one cushion across the corner.

But, by so doing, you will have a rebuilding problem on the cushions where the wall cushions join the corner cushion.

Unless you are experienced at upholstery work, this is a tough problem.

I have illustrated both plans, but have taken the liberty to add a few details in each case. I believe the shelf and corner details in each case will simplify the construction, because whole cushions can be used without rebuilding them.

The frame for the cushions should be built so the backs can be fastened in place. The bot-

oms should have a piece across the front to hold the seats in place.

The frames should be finished to match the woodwork, or they may be covered with upholstery to match the cushions.

ORDER TODAY

"MR. FIXUM'S HANDY HINTS" is a collection of 31 selected jobs from this column, printed in attractive form, for 35c.

Send coins, not stamps, to Ernie Gardner, 14189 Faust Avenue, Detroit 23, Michigan.

Fair Enough

"Will," said a newly married friend of Will Maupin, the Nebraska poet, "I'm in a quandary as to just what I should call my wife's mother. I don't like to call her mother-in-law on account of all the comic-paper jokes on that name, but somehow there's a certain sacredness about 'Mother' that makes me hesitate to apply it to any but my own."

"Well," replied Maupin, who was a rather rough-and-ready sort of fellow, "I can tell you my own experience. The first year we were married I addressed my wife's mother as 'Say'; after that we simply called her 'Grandma.'"

Restricted Sale

The law says the Government surplus ships can be sold only to an operator. Not a ship operator, necessarily—just an operator.—The Hartford (Conn.) Courant.

"Monthly Pains" stopped or amazingly relieved

in 3 out of 4 cases in doctors' tests!

• Chances are you're putting up — unnecessarily — with the functionally caused pains, cramps and weak, "no good" feelings of menstruation!

For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!

Lydia Pinkham's is modern in its action!

So get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron. See if—taken through the month—it doesn't give relief from those backaches, jitters—help you feel better before and during your period!

Or—if you suffer from functional "hot flashes" of "change of life," find out how wonderful Pinkham's is for that, too!

It has a quieting effect on uterine contractions that often cause "period" pain!

A PERFECT CASSEROLE—one that's a breeze to make—is the answer to every homemaker's prayer in the good old summertime. And a dish that really fits that description is one made with tuna, condensed cream of mushroom soup, potato chips, and peas. Every item is standard stock on the kitchen shelf. So for the easiest-ever dinner, just reach and mix.

Perfect Tuna Casserole
1 can (1 1/4 cups) condensed cream of mushroom soup
1/2 cup milk
7-ounce can (1 cup) tuna, drained and coarsely flaked
1 1/2 cups crushed potato chips
1 cup cooked green peas, drained
Empty soup into a small casserole; add milk and mix thoroughly. Add tuna, 1 cup potato chips and peas to soup; stir well. Sprinkle top with remaining 1/2 cup potato chips. Bake in a moderate oven (350° F.) for 20 minutes. Makes 4 servings. NOTE: Frozen peas may be added to the dish uncooked; bake at 350° F. for 45 minutes and they will be done.

"GONE FISHING": You can hang that sign on your door any day this summer. Just turn mealtime matters over to the dandy soup-way to good eating. Keep a supply of condensed soups and there's always a quick lunch or dinner at your finger-tips—like this: Vegetable or tomato soup, pimiento cheese sandwiches, crisp vegetable relishes for nibbling. Melon wedge with ice cream is the sweet finish.

HIGH NOTES in summer eating are bright-hued salad plates like this diet. Arrange two lettuce cups on a plate. Place a peach half in one, a scoop of cottage cheese in it, sprinkle with chopped nuts. In the other lettuce cup, put tuna salad made with crunchy celery and chopped stuffed olives. Garnish with celery curls. A basket of warm cheese-sprinkled toast goes well with the salads.

The Wild Lupine

Wild Lupine
© National Wildlife Federation

When an amateur gardener first sees the bright blossoms of Wild Lupine, he may be tempted to transplant some of the flowers to his yard at home. They seem hardy enough, for they grow well in soil that is dry and sandy.

But when he tries to dig up and move a few plants, he is in for two surprises. The first, says the National Wildlife Federation, is the discovery that the roots of Wild Lupine go deep. It is hard to get them out of the soil without damaging them.

The second surprise comes later—after the plants are in the gardener's flower beds. He soon notices that they are not thriving. Though they are standing in better soil and getting more moisture than they did when growing wild, they become weak and sickly. They may win the struggle to live, but they do not flourish.

If left in its native haunts, however, Wild Lupine is one of our strongest and hardiest flowers. It grows to a height of about two feet. At the tops of the straight stalks are clusters of small, sweet-smelling flowers. Each blossom is about three-fourths of an inch long. When you examine it, the shape may remind you of a pair of small wings underneath a hood. The flowers may be blue, pink, white or purple, and they bloom from May through June.

Wild Lupine also bears long, slender seed pods. Each one is about an inch and a half in length. When ripe, it breaks open into colls and frees from four to six seeds.

But the most interesting parts of Wild Lupine are the leaves which grow along its stalks. Each leaf has from five to fifteen leaflets, all attached to one point, like the spokes of a wheel.

With carefully taken photographs, it has been proved that the leaflets move almost constantly during the day. Only at night and on dark days do they rest. When taking it easy, they either stand straight up or they turn downward and cover their stem like the ribs of a folded umbrella. The place to find the flower with these unusual leaves is in the eastern half of the United States. Wild Lupine grows from Maine to Florida and west to Minnesota, Missouri, and Louisiana. It likes both sandy soil and plenty of sunlight, so it stays away from the shade of trees.

Sometimes it is called old-maid's bonnet, Quaker bonnet, or sundial. But the National Wildlife Federation reports that the only correct name is Wild Lupine.

Interesting information on other wildlife species can be obtained by writing to the National Wildlife Federation, Washington 10, D. C.

DOES IT AGAIN

Denver, Colo.—In a hospital for treatment for a fractured leg, suffered in an automobile accident, a man got permission from his doctor to leave the hospital for a few hours. Shortly after midnight, he wound up at another hospital after having driven his automobile into the side of a switching train. He received cuts on the head.

MOUTHFUL OF GOLF—Claiming that golf is the easiest sport in the world to master, the gentleman in the long flowing robes, who bills himself as Count Yogi, demonstrates on a San Francisco course how he drives while holding the club with his teeth. He claims the lowest 18-hole score ever posted, 29-26-55. Why not play in the big tournaments? He claims he's been barred "because I debunk the teachings of the professionals."

Sarah Anne's COOKING CLASS

Meat Loaf Takes Spring Style

Diced cooked ham and grated American cheese maddled with unflavored gelatine hearten the dinner at a spring day meal. This main course loaf extends a last portion of ham to family size portions. It has interesting texture, too, because the meat and cheese are skillfully blended by the gelatine with crisp celery and sweet pickle, another example of gel-cookery. Parsley potatoes and asparagus complete this dinner with the seasonal compliments of spring.

Molded Ham And Cheese Loaf

1 envelope unflavored gelatine
1/2 cup cold water
3/4 cup hot water
1/4 teaspoon salt
1/4 cup vinegar
1/4 cup diced celery
1/4 cup diced sweet pickle
1 cup grated American cheese
1 cup diced cooked ham
Soften gelatine in cold water. Add hot water and salt and stir until dissolved. Add vinegar. Chill until the mixture is the consistency of unbeaten egg white. Mix in celery and pickle; divide mixture into two parts; to one add the grated cheese, to the other the diced ham. Turn ham mixture into loaf pan and chill until almost firm; add cheese mixture. Chill until firm. Unmold on crisp greens and serve with tomato wedges. YIELD: 6 servings.

The different kinds of meat patties on the market are so attractive it is hard to pass them by. These cuts when ground make the most desirable patties: the round, top chuck, shank and neck. A medium grind makes the best patties. Care should be taken not to overcook the patties, as they should be juicy and tender with a good meat flavor.

Beef Patties

1 lb. beef, ground medium fine
1/4 cup bread crumbs
1/2 cup milk
1/2 tablespoon salt
9 slices bacon
Mix meat, bread crumbs, seasonings and milk. Handle very lightly to avoid packing. Shape 1/4 cupful of mixture into patties about two inches in diameter. Wrap bacon around each patty, holding it in place with a toothpick, or form into a rectangular shape, placing bacon strips over top and lapping on the bottom. Place in a baking pan on rack about 5 inches from top of oven. Cook at 450 degrees for 8 to 10 minutes.

Barbecued Patties

1/2 cup soft bread crumbs
1/4 cup milk
1/2 lb. chopped bottom round
2 tablespoons melted fat or salad oil
2 tablespoons Worcestershire sauce
1 tablespoon vinegar
2 tablespoons sugar
1/2 cup ketchup
1 onion, chopped
Moisten crumbs with milk, add meat and seasonings. Form into 4 large patties. Brown on both sides in fat or oil. Add remaining ingredients. Cover, and cook 10 minutes.

Veal Patties on Casserole

1 lb. lean raw veal finely chopped
2 ounces finely chopped salt pork
2/3 cup soft bread crumbs
2 eggs slightly beaten
1/3 cup flour
1/2 cup milk
1/2 teaspoon pepper
1/2 teaspoon salt
1 1/2 tablespoons butter
3/4 cup veal stock
Mix ingredients thoroughly and form into 8 patties. Arrange in baking dish, dot over with butter, pour stock around veal. Cover and bake 1 hour in an oven 350 degrees, basting every 10 minutes of the cooking. When ready to serve, remove to hot serving dish and surround with tomato sauce.

Chicken Patties

1 cup finely chopped cooked chicken
1 tablespoon cream
1 egg slightly beaten
1/4 teaspoon salt
Pepper
1 cup white sauce
1/4 cup finely chopped celery
Add cream, egg, salt and pepper to chicken. Shape into small flat patties, dip into egg and crumbs and saute in butter until well browned. Add celery to the sauce and pour over patties just before serving.

Lamb Patties

1 1/2 lbs. ground lamb
2 tablespoons grated onion

1 teaspoon salt
1/2 teaspoon pepper
Mix all ingredients thoroughly. Shape into three patties. Place on a rack under preheated boiler, about 3 inches from heat, so that by the time the patties are browned on the top they will be half-done. Turn and brown on the other side.

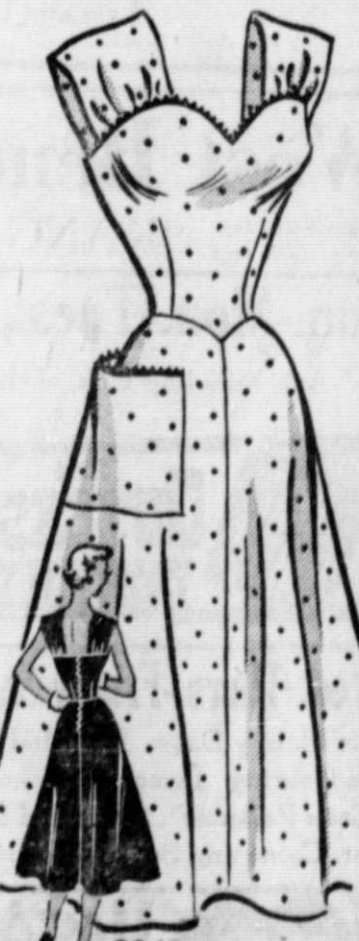

Maple Nut Brittle

1 cup light brown sugar
1 cup maple sugar
1/2 cup water
1/2 teaspoon salt
1 teaspoon vanilla extract
1 cup nut meats broken up
2 tablespoons butter
Boil the sugar and water to the stiff ball stage or 246 degrees. Then add the butter and cook to the brittle stage or 290-300 degrees. Add the vanilla and salt. Pour over the nut meats, which have been placed in a buttered pan. When cold break into pieces.

Cheese Platter

1/4 lb. American cheese sliced
1/4 lb. Swiss cheese sliced
1/4 lb. aged Cheddar cheese sliced
3 ounces cream cheese
2 portions Gruyere cheese
Pretzels
Salted wafers
2 portions Roquefort cheese
Whole-wheat wafers

U.N. Agency Plans Aid to Women Workers

A proposal to grant at least 12 weeks maternity leave before and after confinement to women workers in industry, commerce and other non-manual jobs will be considered by government, worker and employer delegates at the general conference of the International Labor Organization (I.L.O.), next June. Under the proposal, working mothers—like the one above—would receive cash benefits as well as pre-natal, confinement and post-natal care. Benefits would be paid by compulsory social insurance or out of public funds.

DIRECT DIPLOMATIC ACTION—During a melee at a Mexico City soccer game between the Pelmeiras of Brazil and the Atlante team of Mexico, Gerardo Rocha, right, member of the Brazilian embassy staff in Mexico City lands a sock on the jaw of soccer player MacDougal. When the Brazilians protested the expulsion of one of their players the battle ensued. They played shorthanded and Mexico won, 1-0.

"CHUM" CHUMMY—Probably the only U. S. Marine able to do the native folk dance, "Chum," is Staff Sgt. Raymond Harlen, left, of Indianapolis. The 23-year-old Leatherneck decided to learn while on liberty from a nearby airbase, so he joined in the fun with a group of villagers.

county PMA committee for 1953. These elected officers will take office on August 1, 1952 and will serve until the next annual election. The community and county PMA committees are charged with the local administration of such national farm programs as the agricultural conservation program, sugar program, price support programs, and others. This election is a democratic means of insuring that the voice of all farmers will be heard in developing and carrying out national farm programs. Since these programs affect the daily operations of every farmer, it is important to have program decisions and suggestions made by committeemen who represent the choice of a majority of farmers in the community. This will be certain if every eligible farmer votes in the elections.

Following is the schedule of meetings. Each farmer is asked to

Annual Farm Management Tour of County Tuesday

The annual farm tour sponsored by the Washington County Farm Management members will be held on Tuesday afternoon, July 15, at 1:00 o'clock. Any farmer is cordially invited to attend.

Here is the program:
1:00 p. m.—Assemble at the Oliver Vogel farm, located to the west of County Trunk G and 2 1/2 miles north of Rockfield, or two miles south of State Highway 60. See: 7 varieties new type oats, 5 varieties barley, 1 variety wheat. Also: Commercial fertilizer trials with 0-20-20 and 0-10-30; also trials with rock phosphate and with nitrogen.

2:00 p. m.—Royal Clausen farm, located one mile east of Kirchbryn on black top road. See: Fly control in barn and milk house, contour strips, terraces, grassed waterways, tilling. N2 fertilization on corn with cultivator attachment, Cobey power take-off manure spreader, hay crusher in action (courtesy Ed. Luenders). Also: High producing Guernsey herd.

All interested should arrange to attend; also feel free to invite neighbors and friends.

DISABLED AMERICAN VETS ORGANIZE COUNTY CHAPTER

The Disabled American Veterans are organizing a county chapter in West Bend and have at this time enough eligibles to secure a charter.

The Disabled American Veterans has been chartered by the United States Congress and has been active in rehabilitation for disabled veterans for the past 32 years.

The Disabled American Veterans has had full-time National Service Officers on the job in Wisconsin for over 23 years and these trained experts appear before the rating board of the Veterans Administration in behalf of the claimant.

The Disabled American Veterans prosecuted over a million claims for

disabled veterans since it has been organized.

Only those Americans who have been wounded, gassed, injured or disabled in the line of duty while serving in the armed forces of the United States are eligible to belong to the Disabled American Veterans.

In order to be a charter member of the newly organized West Bend unit, all eligible disabled veterans should contact John Gutjahr, R. R.

5, West Bend, who has the authority to accept applications from eligibles.
