

Lenore's Lunch Sold to Fond du Lac Man

Ed. Albrecht of Fond du Lac has purchased Lenore's Lunch which is located in the Harry Maaske building on North Fond du Lac avenue. The new owner took possession of the business on Monday, June 21. Mr. Albrecht has had a food background for the past 15 years in various capacities.

The name of the restaurant will be changed to Eddie's Diner. The new proprietor will continue to operate the business as it had been conducted by the former owner, Lenore Thome. For the present it will operate with the same personnel as it has in the past.

Lenore had conducted a restaurant in the building for the past two years. She has been in the business in Kewaskum for three and one-half years. Her plans for the future have not been announced.

Eddie's Diner will be open daily on Sundays from 7 a. m. to 12 midnight and possibly later if the demand merits it. Mr. Albrecht invites the public to come in and make his acquaintance and will appreciate your continued patronage.

Recreation Program

MONDAY
9-11—Puddles baseball, all boys; 11:45-12:00—Softball, girls; 1-3—Games for boys and girls; 2-5—Handicraft and games.

TUESDAY

9-12—Games for boys and girls; Afternoon—Puddles game, Slinger here. Game time 2:00.

FRIDAY
9-12—Games, tournaments will be organized; 1:15—Swimming (bus).

FIVE INDUCTEES LEAVE AS PART OF JUNE QUOTA

As part of the June draft quota, five Washington county men, including two from Kewaskum, left Hartford recently for induction into the armed forces, the selective service office reported.

Inducted were: James Aulenbacher, 20, R. 1, Hartford; Kenneth Koright, 20, R. 2, Kewaskum; Emmett Norton, 20, R. 1, Kewaskum; Allen Rundquist, 18, R. 1, Colgate; James Pollnow, 18, R. 1, Hartford. The latter two were volunteers.

A total of eight men are slated to leave July 7 as the quota for that month. Twelve will also report for pre-induction examinations.

CROSS COUNTRY SOFTBALL LEAGUE STANDINGS

Kewaskum upset the West Bend Bears in league action Sunday, 12-8. It was the first loss of the season for the Bears and knocked them out of a first place tie with Wayne. Ronnie Vorpahl and Bernie Hafemann paced Kewaskum's 13-hit attack and pitcher Frye limited the Bears to 10 hits. Frank Werner was top batter for the losers and Earl Graff was losing pitcher. It was the first time Kewaskum defeated the Bears in league play.

PARISH BAKE SALE

A bake sale will be held Saturday, June 26, at 2 p. m. in the Peace E and R church basement, given by the Ladies' Guild.

West Bend Kiwanians Guests of Local Club

Thirty-seven members of the West Bend Kiwanis club were guests of the Kewaskum Kiwanis club Monday evening, June 21. The occasion was the "victory dinner" won by the West Bend club in maintaining the best attendance record during the first quarter of this year.

Dr. R. G. Edwards, Kewaskum club president, welcomed the West Bend members. George Carbon, Bender president, responded and accepted a "surprise" gift in behalf of his club, Bernard Gettleman, U. S. collector of customs, was the main speaker at the joint meeting.

Gettleman gave a complete summary of his new appointment as collector of customs. Under his jurisdiction are all ports of entry in Wisconsin with the exception of Superior. He told of his department's work in uncovering illegal crims, food, literature and films being sent to this state. As a legislator for 28 years in Madison, he experienced many humorous incidents, some of which he related to the Kiwanians. Gettleman also covered some of the work done by the "Little Dies Committee" of which he was chairman. It was this committee that did much in uncovering subversive activities in this state in the late thirties.

The speaker acknowledged publicly the able and sincere performance of Washington County Assessor Wm. K. Wm. Haebig of Kewaskum during his term of office.

Rain Cancels All Lakes, Rivers Tilts

Rain and wet grounds washed out all Land o' Lakes and Rivers baseball games Sunday afternoon. However, one Rivers contest was played under the lights at West Bend Friday night in which West Bend trimmed Campbellsport, 14-1.

Because this coming Sunday was scheduled to be an open date, all Lakes games postponed last Sunday will be played this week end. These tilts are Cedarburg at Kewaskum, Mequon at Germantown and Port Washington at Saukville, West Bend at Grafton.

The local Rivers team was scheduled to play at Newburg last Sunday and this game will be made up later. This Sunday Kewaskum was scheduled to meet West Bend here, because the Lakes nine is at home Sunday this contest was moved up to Friday night and was played under the lights at West Bend instead.

As no games were played in the Lakes Sunday the standings are unchanged but there was one Rivers tilt Friday night and this altered the standings as follows:

LAND O' RIVERS STANDINGS

Team	Won	Lost
West Bend	2	0
Kewaskum	1	0
Slinger	1	0
Barton	0	1
Newburg	0	1
Campbellsport	0	2

ANNUAL SCHOOL MEETING

Notice is hereby given that the annual meeting of the Kewaskum Community Union High School District No. 11 of the towns of Kewaskum, Barton, Farmington and Wayne, Washington County, and the towns of Ashford and Auburn, Fond du Lac County, Wisconsin, will be held at the Kewaskum High School Building on Tuesday, the 6th day of July, 1954 at 8:00 o'clock p. m.

Deane Bascom, Chairman Washington County School Committee
Dated June 24, 1954.

ENGAGEMENT TOLD

Mr. and Mrs. Alex Sippel of R. 5, Campbellsport, announce the engagement and approaching marriage of their daughter, Frances Jane, to Alvin A. Wiesner, Jr., son of Alvin H. Wiesner, R. 2, Campbellsport. The couple will be married in a ceremony on July 10.

DR. HAXBY LEAVES VILLAGE

Dr. and Mrs. Richard Haxby and family moved from the Dr. Lloyd residence on South Fond du Lac ave. to De Kalb, Ill. to make their home. Dr. Haxby served as a veterinarian here.

MARRIAGE LICENSES

Wm. H. Barrett, West Bend, and Janice A. Jandre, Kewaskum; wedding June 26. Earl A. Marks, Hubertus, and Florence M. Ruth, Campbellsport, R. 2; wedding June 26.

Miss Wallenfels Weds Geo. Wallner

Miss Bernice Wallenfels, daughter of Mr. and Mrs. Lawrence Wallenfels, Kewaskum, and George L. Wallner, son of Mr. and Mrs. Frank Wallner, R. 1, East Troy, were joined in marriage in a ceremony performed at 9:30 o'clock Saturday morning, June 19, in Holy Trinity church, Kewaskum. The solemn nuptial high mass was celebrated by the Rev. F. C. La Buwi, assisted by the Rev. Roman Arment of Mt. Calvary officiating as deacon and the Rev. John Reichel of St. Kilian officiating as sub-deacon.

The bride chose a gown of white chantilly lace over satin. The fitted bodice with scooped neckline was outlined with a band of tulle. It was styled with long fitted sleeves and a bouffant lace and tulle over satin skirt with long back peplum. Her headpiece consisted of a lace scalloped edge tiara trimmed with seed pearls and translucent sequins. From it extended her full finger-tipped veil of finest imported English illusion with a straight edge. She carried a cascade bouquet of star-like roses and carnations.

Miss Mildred Wallenfels, sister of the bride, attended as maid of honor. She wore a strapless gown of Nile green bouffant lace and net over taffeta, fashioned with a fitted bodice with bouffant lace cape. Her headpiece was a Nile green half hat of lillies of the valley. The bridal aides were Patricia Metz, cousin of the bride, and Germaine Jochem, cousin of the bridegroom. They were attired identically like the maid of honor. All of the attendants carried cascade bouquets of pink delight roses and carnations and wore gold necklaces with captive pearls as gifts of the bride.

Arthur Wallner served as best man for his brother, while Henry Miller, cousin of the bride, and Donald Knaf, cousin of the bridegroom acted as groomsmen. Daniel Wallenfels ushered the guests to their places.

Dinner was served to 60 guests at the Barton Opera House and it was followed by a reception there for 225 guests.

Following a wedding trip to an unknown destination, the newlyweds will make their home in Milwaukee where the bridegroom is employed as a welder at the Simplex Machine Tool Corp. The bride, a graduate of St. Mary's Springs academy, Fond du Lac, was employed in the office of Amity Leather Products Co., West Bend, before her marriage.

REV. ENGELKING INSTALLED AS PASTOR AT TOWN SCOTT

The Rev. E. R. Engelking of Immanuel Lutheran church, town of Scott, was installed as pastor of that congregation on Sunday evening, June 20, at 8 o'clock. The Rev. E. J. Zanow of St. John's New Fane, gave the sermon and the Rev. R. Jagow of Fredonia performed the installation.

A reception was held in the church parlors for the new pastor, his wife and three sons following the installation. Rev. Engelking came to the Scott parish from Darlen, Wis., where he was pastor of Trinity Lutheran church for several years.

PEACE CHURCH PICNIC SUN.; REV. RODENBECK ON RADIO

The annual Peace Evangelical and Reformed church picnic will be held in the village park Sunday, June 27, following morning services. A potluck dinner will be served. On Sunday morning at 8:30 o'clock the pastor, Rev. F. L. Rodenbeck, will speak over radio station WBKV, West Bend.

Rev. Rodenbeck was to Hubbard, Iowa, last Sunday where he spoke at the dedication of the Zion E and R church. He was a former pastor at the parish for eight years.

DR. HAXBY LEAVES VILLAGE

Dr. and Mrs. Richard Haxby and family moved from the Dr. Lloyd residence on South Fond du Lac ave. to De Kalb, Ill. to make their home. Dr. Haxby served as a veterinarian here.

MARRIAGE LICENSES

Wm. H. Barrett, West Bend, and Janice A. Jandre, Kewaskum; wedding June 26. Earl A. Marks, Hubertus, and Florence M. Ruth, Campbellsport, R. 2; wedding June 26.

Board Allows Fire Dept. \$900 Out of Fire Tax Fund to Purchase Truck

Regular Meeting June 7, 1954
The Village Board of Kewaskum, Washington County, Wisconsin met in regular monthly meeting with President C. Miller presiding and all Board members present.

The minutes of the previous meetings were approved as presented.

Motion by C. Schaefer, seconded by J. Stellflug and carried that the Commissioner secure an estimate of cost of material and labor required to illuminate the new Kettle Moraine sign recently erected south of the village.

Motion by J. Eberle, seconded by M. Schaefer and carried that a ten dollar (\$10.00) entry fee to the Puddles Baseball League be paid to Jack Runkel, West Bend Athletic Director.

Motion by C. Sparks, seconded by J. Stellflug and carried that the renewal applications of Gilbert Buechel, Walter Del, Louis J. Heisler, Sr., Edna McKee Johnson, Althea Keller, William Meredith, Roman Miller, Walter C. Schneider, Sylvester Serwe and Boyd Smoley for Combination Class "B" Fermented Malt Beverage and Intoxicating Liquor Licenses be approved and that the Commissioner be authorized to issue the proper license upon payment of the required fee.

Motion by M. Schaefer, seconded by J. Reigle and carried that the Commissioner be authorized to enter into a contract with the Lang Engineering Co. of Racine, Wisconsin for the application of Road-binder to approximately one (1) mile of village streets.

Motion by C. Sparks, seconded by J. Eberle and carried that the Kewaskum Fire Dept. be allowed nine hundred (\$900.00) dollars out of the 2% Fire Tax fund to purchase a 1949 IHC Metro Van Truck.

Motion by C. Sparks, seconded by J. Stellflug and carried that the Police Officer, Gerhard Guttman, be authorized to purchase a police speedometer for his car not to exceed fifty dollars (\$50.00).

Motion by J. Eberle, seconded by M. Schaefer and carried that all bills and wages as recommended and approved by the Finance Committee be allowed and paid.

Cancer Drive Gets Help from Slinger 4-H Project

A picnic and dance conducted recently by members of the Slinger Happy Workers 4-H club has put the Washington county cancer drive \$50.00 nearer its goal, according to County Chairman Thomas Kenny. A check in that amount was received last week from club secretary Shirley Mayer, who wrote that the group had netted \$50.00 on the social event and voted to contribute its profit to help fight cancer.

Kenny praised the spirit of the 4-H clubbers and expressed thanks on behalf of the American Cancer society for the generous contribution.

Summarizing other developments of the first week of the campaign, the chairman said returns from the county-wide mailing are still coming in and indications are that the goal will be reached within another week to ten days. This prediction is based on the experience of last year's drive when many people did not get around to mailing in their contributions until the second and third week of the drive.

"We hope that we can reach our county quota before the end of this week and we urge all those who have not yet made their contributions to do so at their earliest convenience in order that we can immediately notify the American Cancer society that Washington county has once again lined up solidly in support of the fight against cancer," the chairman reported.

56 WATCH PUDDLES TEAM WHIP FREDONIA THURSDAY

According to Ernie Mitchell, recreation director, an official unpaid attendance of 56 kids watched the Kewaskum Land o' Puddles baseball team whip Fredonia here Thursday afternoon, 23-8. The spectators ranged all the way from the ages of 6-16. The 56, in addition to the roster of 23 players, kept a total of 75 kids off the streets and busy for the afternoon. Harold Marx umpired.

The Puddles nine (really 3 1/2) has split even in two games to date. Last Thursday they lost to Port Washington, 11 to 4.

HOSPITAL NEWS

Mrs. Henry Dillinger, Kewaskum, is a patient at the hospital.

Ken. Opgenorth Gets UW Degree

Kenneth L. Opgenorth, Kewaskum, was awarded the Bachelor of Science (Agr.) degree at the University of Wisconsin's 101st annual commencement late Friday afternoon, June 18, at the university.

More than 2,000 students filed across the platform to receive diplomas. Bachelor degrees were awarded to 1,500 students, while some 500 men and women received higher degrees. Over 400 of the graduates are war veterans, and over 500 are married. Exactly 72 per cent of them come from Wisconsin homes, while the other 28 per cent come from 41 other states, the District of Columbia, and from 27 foreign lands scattered throughout the world.

Graduation highlighted a week of intensive activity on Wisconsin's campus. A reception by Pres. and Mrs. E. B. Fred in honor of the graduates, their parents, and alumni was held Thursday evening, Friday morning the All-University Honors convocation cited 426 students for their fine academic achievements. Members of 12 classes graduating from the UW over the years from 1899 to 1949, holding reunions this year, were among the thousands who attended the colorful commencement.

Annual Red Cross Meet, Election Monday Night

The annual dinner meeting of the West Bend chapter, American Red Cross, will be held on Monday evening, June 28, at 6:30 o'clock at West Bend. The dinner meeting will be held at Fellowship hall of the Fifth Ave. Methodist church. Price of the dinner is \$1.50 per person, and reservations may be made by calling 392.

Principal speaker will be Philip K. Robinson, vice-president of the Northwestern Mutual Life Insurance Co., Milwaukee. He is very active in Red Cross work in Milwaukee county, and also nationally.

At the business meeting directors will be elected. Members of the nominating committee are, Douglas Ziegler, chairman; Mrs. O. P. Klein, C. A. Collins, A. C. Kieckhafer and Luke Kauth. Members of the board of directors whose terms of office expire are: Rev. D. L. Wandschneider, Herbert Hammer, Dr. Wm. Nielsen, Mrs. Paul Bruhy, William Steiner, F. W. Bucklin, Francis Ackerman and Mrs. Clarence Kircher. Members of the board whose terms of office expire in 1955 are: Eugene Otten, Mrs. Henry Rosenheimer, Mrs. Arthur Schoedel, Ben Zinke, Judge Milton Meister, Roy Grignon, Mrs. Carl Peters, Jack Pischke and John Hetzel. Terms expiring in 1956 are: Erbert Muth, Mrs. Victor Bauer, Carl Schneiss, Mrs. Robert Berger, Mrs. Robert Dunlop, Leonard Drieken, Dr. Robert Kauth and Charles Stracka.

The executive committee is composed of the officers, F. W. Bucklin, chapter chairman; Judge Milton Meister, vice-chairman; J. E. Pischke, treasurer; Mrs. Victor Bauer, secretary, and the following members of the board: Mrs. Paul Bruhy, Roy Grignon, Dr. Robert Kauth, Francis Ackerman, Mrs. Clarence Kircher, Mrs. Robert Berger, and Ben Zinke.

The public is urged to attend this important meeting. Call 392.

JUBILEE DINNER AT WAYNE CHURCH SUNDAY, JUNE 27

The ladies of Salem church, Wayne, will serve a jubilee dinner on Sunday, June 27, on the parish grounds. The country style Swiss steak dinner will be served from 11:00 o'clock through 4:00 o'clock in the afternoon. The price for the dinner is \$1.50 adults and 50c for children to 12 years. Tickets to reserve time are on sale now. See Mrs. Kenneth Koepke, Kewaskum, Mrs. A. M. Petri, Wayne; Ray Jonas, Allenton. 6-18-54

BIRTHS

MANTHEI—A daughter to Mr. and Mrs. Earl Manthei, Kewaskum, Friday, June 18.

WEDDING—A son to Mr. and Mrs. Henry Weddig, Jr., Boltonville, Friday, June 18. Mr. Weddig is a son of the Henry Weddigs, Sr., Kewaskum.

Kewaskum Ag Instructor Attends UW Conference

Orval E. Behnke, instructor in agriculture at Kewaskum High school, was at the University of Wisconsin this week attending the 37th annual conference of instructors in vocational agriculture. The conference is conducted annually at the university in co-operation with the State Board of Vocational and Adult Education.

This year's program included general sessions on June 21 and 24 and workshops in various phases of technical agriculture on June 22 and 23.

Dean R. K. Froker of the College of Agriculture extended greetings on Monday. Other speakers were C. L. Greiber, director of the State Board of Vocational and Adult Education; Raymond J. Penn, chairman of the Department of Agricultural Economics at the university, and D. N. McDowell, director of the State Department of Agriculture.

Speakers on Thursday were Gov. Walter J. Kohler, Louis N. Sasmann, chief of agricultural education with the State Board of Vocational and Adult Education, and Dr. John Schindler of Monroe.

The workshops on Tuesday and Wednesday dealt with farm records, farm management, marketing, farm law, plant breeding, forage crops, gardening, animal disease, poultry breeding and management, livestock feeding, farm woodlots and school forests, farm radio and TV, meat and meat products, welding, farm electrification, farm buildings, farm insects, landscaping, artificial breeding, and dairy cattle selection. These workshops were conducted by members of the university faculty.

There were also meetings of the Wisconsin Association of Vocational Agriculture instructors on Monday and Thursday. The 29-Year Club banquet was held on Tuesday and the annual conference banquet on Wednesday.

Joanne Ferber Attending Badger Girls' State

Joanne M. Ferber, Kewaskum, is among the 296 Wisconsin high school girls who are attending the 11th annual Badger Girls' State on the University of Wisconsin campus this week, June 20-27.

Badger Girls' State at the UW is sponsored by the American Legion Auxiliary and the University Extension Division, and the high school girls attending are selected by the faculty of their schools.

Program of the Badger Girls' State is designed to acquaint the girls with the functions of municipal, county, and state government and initiated them into the duties of citizenship. While attending the state program, the girls take part in discussions of the forms of city government, why we have political parties, duties of state officers, what is county government, where does the state money come from and how it is spent, and many more citizenship topics, and practical aspects of citizenship and government are emphasized when the girls themselves nominate and elect their own city, county, and state officials.

Carol Gernach of Thiensville has been chosen to rule as queen of the Festival of Music this year. Her court of honor will include Kathleen Bartlein, Karen Hunt, Carolyn Iwert and Anne Roebken.

Bands represented will be: Courtesy Youth of Kenosha, Chicago C. Y. O., Chicago Boys' Club, Town of Lake Recreational, Lodi High School, Kenosha C. Y. O., Wueri Band of Sheboygan, Hiawatha Band, Cedarburg High School and Clive Bands.

Drum and bugle corps are: Hayward Legion, Madison Boy Scouts, Racine Kitties, Port Minute Men, Cedar Rapids Cadets, St. Joseph Academy, Mercy High School, Armenian Youth Federation, Port Legion, Racine No. 74, Oshkosh No. 70, Sheboygan Legion, Falls Amvets, Wolf-Olson Junior and Oshkosh C. Y. O.

At 12:30 p. m. all the musical organizations plus fire departments will take part in the giant parade.

DATES OF FIREMEN-LEGION PICNIC ARE DRAWING NEAR

The dates of the annual picnic sponsored by the Kewaskum firemen and American Legion post are drawing near. The event will be held on Saturday evening and Sunday, July 10 and 11, so reserve these dates now and plan to attend. Watch this newspaper for detailed announcements the next two weeks.

Fireworks Here Night of July 3

Kewaskum will again have a grand display of fireworks over the Fourth of July holiday. This year the fireworks will be shot off in the village park on the night of Saturday, July 3, and will be sponsored jointly by the fire department and village board with the fire department in charge.

With the fireworks on the 3rd, persons planning to take a trip over the holiday may still do so on Sunday and Monday. The fireworks will be touched off directly across the river from the park. Spectators may view the display from an excellent vantage point on the large hill at the west end of the park.

The shooting will begin soon after dark. Lunch and refreshments stands will be operating and will be manned by the firemen. Hamburgers, beer, soda and ice cream will be available. Before and after the fireworks musical entertainment will be provided by the popular "Rusty" and partner.

Come early, relax and have your supper in the comfortable, shaded park. Let the firemen entertain you at the stands and with a spectacular display of fireworks, both loud and beautiful.

Badger Firemen Tournney, 7th Festival of Music at Cedarburg this Week End

Cedarburg will be hosts to thousands of musicians and firemen this week end, June 26 and 27, when the 7th annual Festival of Music will be held here in addition to the annual tournament of the Badger Firemen's association.

More than twenty-five bands and drum and bugle corps from Wisconsin, Illinois and Iowa will take part in the big musical extravaganza plus delegations from each of the twenty departments which belong to the Badger association.

The various firemen's contests will be held under the lights at Firemen's Park on Saturday evening, June 26. Included will be relay hose coupling, relay ladder, single man's coupling and climbing and the new contest known as the four-man hose lay-out.

Departments belonging to the Badger Firemen's Assn. include: Barton, Belgium, Boltonville, Cedarburg, Campbellsport, Fredonia, Germantown, Glendale, Grafton, Jackson, Kewaskum, Menomonee Falls, Mequon, Newburg, Random Lake, Saukville, Slinger, Thiensville, Waubesa and West Bend.

Band competition gets under way at 9 a. m. Sunday. Drum and bugle corps competition starts at 6 p. m. There is no charge for admission to the grounds or for parking.

Carol Gernach of Thiensville has been chosen to rule as queen of the Festival of Music this year. Her court of honor will include Kathleen Bartlein, Karen Hunt, Carolyn Iwert and Anne Roebken.

OUR DEMOCRACY — by Mat

The sober second thought of the community is the firm base on which all law must ultimately rest.

HARLAN F. STONE - CHIEF JUSTICE OF THE UNITED STATES, 1941-1946

NOT ONLY JURISTS AND STATESMEN, BUT PEOPLE IN ALL WALKS OF LIFE REALIZE THAT OUR DEMOCRACY'S STRENGTH COMES FROM THE VARIETY OF VIEWS, IDEAS, AND BACKGROUNDS THEY REPRESENT — WITH FINAL DECISIONS HAMMERED OUT ON THE ANVIL OF PUBLIC OPINION.

Food Sense — Not Nonsense

To be Kept in the Past — Pellagra

Just as engineering progress has surfaced once muddy streets, knowledge of nutrition has paved the way to better living. Spring arrives, as ever, with showers, May flowers and a lift to our spirits. Spring showers, however, in grandmother's day signaled the season for muddy streets and muddied gowns. And, even worse, to some, spring brought the dread disease — pellagra. Pellagra has become almost a thing of the past by the teaming up of the public health and enrichment programs. Enrichment of bread and flour is now done by the bakers and millers.

SPIDERWORT

The National Wildlife Federation is dedicated to the "intelligent management of the life-sustaining resources of the earth—its productive soil, its essential water resources, its protective forests and plantlife, and its dependent wildlife—and to promote and encourage the knowledge and appreciation of these resources, their inter-relationship and wise use, without which there can be little hope for a continuing abundant life."

There are more than 30 species of Tradescantia, the genus to which the spiderwort belongs. Some are cultivated for their flowers, some for their foliage. The flowers may be small and inconspicuous or large and brilliantly colored. Railroad embankments in the Middle West often in late spring and early summer glow with the blue patches of spiderworts that may be reasonably identified from a speeding train.

The flowers of Spiderwort may be deep purple, pale blue to white or rose-colored depending in part on the species involved. Almost invariably they do not survive picking and quickly fade when picked for bouquet purposes. However the fine hairs on the stems are frequently sought by biology teachers who have noted the conspicuous streaming of protoplasm which may be seen in them with the help of a micro-

scope. Some schools even keep a supply of Tradescantia living on the windowsill for the purpose of supplying this material for use in classes.

Pollination of Tradescantia in the wild is supposed to be effected primarily by queen bumblebees that seek the pollen for food and in gathering it carry some to the receptive stigmas of the pistils of the flowers. Some botanists

have a great interest in studying what happens during the period when the elements of the stamens and pistils come together and in the rather great variation we have in the chromosome number in members of the genus Tradescantia. While it is the usual thing for the members of a genus to have the chromosome numbers relatively close together, in Tradescantia the number may be 6,

8, 12, 13, 15, or 18, or even 24 with it going on up to 26, 32, 60 or 72 in species not found in North America in a native state. In the house plant Wandering Jew it may be 60. All this may be of little interest to the casual reader except to suggest that here on your windowsill or in your backyard may be a plant that may seem to be meek, demure and innocuous, yet it packs secrets

that challenge the best of us. In view of this, who can say it is just a pretty weed?

—E. Laurence Palmer

What? "Robert," chided mother, "why are you always wishing for things you haven't got?" "Why, mother," retorted the thoughtful lad, "what else can I wish for?"

MARINE MILESTONES... this week "Birth of Tradition" ...

THE FACE IS FAMILIAR—But you've recalled the wrong name if you think that Vice President Richard M. Nixon, right, is chatting with Harry S. Truman during cornerstone-laying ceremonies for the Robert A. Taft High School at Cincinnati, Ohio. The man who bears such a striking resemblance to the former President is Claude V. Courter, Cincinnati's superintendent of schools.

STRICTLY FRESH

SOVIET archeologists say they've found the "missing link"—skeletal remains having features of both Neanderthal and modern man. In other words, a prehistoric two-faced diplomat.

Japanese weatherman says his bad-weather forecasts are late because he hates to inform the public of bad weather. Warm sympathy is cold comfort during a typhoon.

Experts say a person's hearing is keenest around 7 a. m., and dullest around 1 p. m. Ours is

worst when we're called to dry the dishes.

Fellow in Petersburg, Va., parked his 32-year-old car illegally, but couldn't be ticketed because the traffic code says a ticket must be attached to the windshield. (The car had none.) Gave the police department a "pane," though.

Two Minnesota teen-agers, bound for Virginia to get married, were nabbed in Cincinnati when they wired for money. Sure found out early two can't live as cheap as one.

HAIR-BREADTH HARRY

FASTENING TO CEMENT WITH HEAD ANCHORS

The home repairman is often faced with the problem of fastening an object to a masonry wall. The most efficient method is by means of the lead anchor, of which, there are many shapes and sizes. I have illustrated two common varieties.

After locating the spot where the fastening is to be made, a hole should be drilled into the cement or masonry.

A star drill has long been the standard tool for drilling holes in masonry. But of recent years, the carbide tipped masonry drill has taken the place of the star drill. It should be used in a portable electric drill.

One type of anchor as shown, is made for various sizes of screws from medium sized wood screws up to large lag screws. The anchor is placed in the hole drilled to the proper size. Do not get the hole too large. Tamp

the anchor tight. Insert the screw through the piece to be fastened, and into the anchor. As the screw is tightened and lead will expand and cling to the sides of the hole.

The second type shown is more elaborate, and is made for a machine screw. A seating tool is needed to properly expand the lead sleeve. See illustration.

When using a lead anchor of any type, it is important that the hole be the right size, and that all dust and dirt is cleaned out of the hole.

Now is the time to order the pocket size booklets of home repair jobs, MISTER FIXUM'S HANDY HINTS. Send 35c to Ernie Gardner, 14189 Faust Ave., Detroit 23, Michigan, for each booklet. All 3 for \$1.00.

MAIL JUST 19 YEARS LATE
Salem, Va.—Mrs. R. L. Gibson, recently received a card which was mailed 19 years before in the same city. An accompanying explanation from the post office said the card, mailed on Dec. 18, 1934, was stuck in a crevice of a machine which had been required to the basement for some years.

A Gasoline Tragedy

An event occurred some time ago which points up a growing carelessness on the part of motorists and filling station attendants. Daniel Molina was filling the tank of a car in Miami. It was just a routine job and is duplicated millions of times in every part of the country each week.

Molina was working in an indoor garage where cabs were filled, and many drivers were waiting to have their tanks filled. A pool of gasoline had formed where Molina was standing—probably when several tanks were filled, or maybe just one, and overflowed before the hose nozzle was removed from the gas tank pipe.

Suddenly someone threw down a match or a cigarette, or a spark came from somewhere (the origin isn't clearly established), and the gasoline at Molina's feet flashed into flame. Molina was caught like a human in a frying pan. He ran screaming through the buildings as horrified fellow workers yelled to him to roll over and extinguish the flames from his clothes.

Terrorized, Molina continued racing away from the scene, until friends knocked him down and rolled him over to put the fire out. By then he had been badly burned with second and third degree burns.

This incident is pointed out because of the frequency of similar disasters in this country. Every few weeks some such tragedy occurs in some part of the country. Filling station owners and attendants in most of the nation don't hear about most of these accidents. They only hear about the ones in their areas, which are, of course, not frequent.

Thus a carelessness on the part of motorists and filling station attendants has developed, partly because of a false feeling of security—a feeling that it can't happen here, so to speak. It can happen here, though, and whenever you see an attendant filling your car with a cigarette in his mouth ask him to stop until he puts his cigarette away. The gasoline can always overflow and the cigarette can always drop into the wasted gasoline. That usually results in a burned attendant and a partly damaged automobile.

Molina's tragic experience a few days ago should be taken as a timely word of caution by both motorists and filling station operators alike in any community.

PRE-MIX SUDS TO MAKE DOG'S TUB-TIME HAPPY

If your family dog acts as though his bathtime is his bad time, a bit of efficiency on your part can make it a happier event for you and the dog. Mix the soapsuds "batter" ahead of time in a large bottle so the bath water won't get cold while you're building up suds. Then when you have filled the dog's bathtub—a handy, large galvanized steel tub—with warm water, you'll be ready to pour on the thick suds when you need them without delay.

Pattern of the Week

Cereal And Milk Make Glamour Souffle

THERE'S nothing quite like a well-stocked cereal shelf and milk in the refrigerator when it comes to convenience, not only in preparing quick, easy, and nourishing breakfasts. But these two good foods—cereal and milk—provide always-on-hand ingredients for many a bread, main dish, cookie, and dessert.

Nor do they stop with wholesome, mouth-watering goodness. This team of cereal and milk, served at breakfast time and through the day, helps prevent the calcium deficiency in teen-age and adult diets, which recent nutritional studies have shown to be greater than any other nutritional deficiency. . . . You never outgrow your need for cereal and milk! Whether you serve this popular pair in a cereal bowl for breakfast and snacks or combine them in a dish like this Crispy-Top Corn Flake Souffle, you can do a great service to the farmers of the nation by serving your family milk more often and in different ways. There is a milk surplus but there's no limit to what the good home-

makers of the country can do for the dairy farmers—and their own families—when they combine cereal and milk in a dish as good as this.

Crispy-Top Corn Flake Souffle
2 tablespoons butter
2 tablespoons flour
2 cups milk
1 1/2 cups grated American cheese
2 1/2 cups corn flakes
4 eggs, separated
1 teaspoon salt
1/2 teaspoon dry mustard

Melt butter, add flour, and stir to a smooth paste. Add milk gradually; cook over low heat, stirring constantly, until thickened. Add cheese and stir until melted. Crush 2 cups of the corn flakes slightly; add to cheese sauce. Beat egg yolks with salt and mustard. Stir hot mixture gradually over the yolks. Beat egg whites until stiff and fold in cheese mixture. Turn into 2-quart casserole. Sprinkle remaining 1/2 cup corn flakes around edge or in center of casserole. Bake in a slow oven (325° F.) about 50 minutes. Yield: 6 servings.

Cheese has increased in popularity because of the way it fits into modern menu planning and because of the many wonderful cheeses you can buy in your super market.

Danish Cheese Dish
4 eggs
1/2 lb. mushrooms
6 sprigs parsley
1 1/2 tablespoons butter
1 teaspoon salt
1/4 teaspoon pepper

Hard boil the eggs, when cool enough to handle, cut lengthwise and scoop out the yolks. Mix mashed yolks with very finely chopped mushrooms and parsley. Add melted butter, salt, and pepper. Fill egg whites with yolk mixture and put in a greased baking dish. Pour sauce over eggs and bake 35 minutes in an oven 375 degrees.

Sauce
1 tablespoon butter
2 tablespoons flour
1 cup milk
1 cup grated American cheese
1/2 teaspoon salt
Melt butter, stir in flour, add milk gradually, stirring constantly. Add cheese and salt and cook slowly until sauce is smooth and slightly thick.

Swiss Fondue
2 tablespoons butter
3 tablespoons flour
1 teaspoon salt
1 1/2 cups milk
1 lb. Swiss cheese
2 tablespoons Parmesan cheese
4 tablespoons dry white wine
1/2 teaspoon monosodium glutamate
1/2 teaspoon salt
1/4 teaspoon cayenne

Melt butter, stir in flour and salt. Add milk gradually and stir constantly until sauce is smooth and thick. Put saucepan over boiling water, add grated Swiss cheese and stir until melted. Add grated Parmesan cheese, wine, monosodium glutamate, salt, cayenne. Mix thoroughly. Serve hot in individual bowls or a casserole with thick slices of French bread. Each person breaks off a piece of bread, holds it on a fork and dips it into the hot fondue.

Fondue Celestine
8 ham sandwiches
1 lb. cheese, sliced or grated
4 eggs
2 cups scalded milk
Salt

Cut sandwiches in quarters. Arrange sandwiches and cheese in layers in a shallow baking dish. Beat eggs slightly. Add milk, season and pour over sandwiches. Let stand 30 minutes. Set in a pan of hot water. Bake 30 minutes or until firm in an oven 325 degrees.

To make sandwiches, cut the crusts from bread. Put slices together with the following mixture. If you like substitute crab meat, lobster or tuna for the ham.
1 lb. cooked, chopped ham
1 cup diced celery
2 tablespoons chopped onion

1/2 cup mayonnaise
1 tablespoon prepared mustard
1/2 teaspoon paprika
Salt

Hot Cheese Tomato Bacon Sandwich
4 slices bread
2 tablespoons mayonnaise
2 tablespoons chopped onion
4 slices American cheese
4 slices crisp, cooked bacon
Spread bread with mayonnaise. Place onions and a slice of cheese over mayonnaise. Slice tomato into 8 slices and place 2 slices over each sandwich. Place sandwich on a cookie sheet and brown under preheated broiler for 5 minutes. Top each sandwich with a strip of bacon.

Hot Shrimp and Cheese Sandwich
1 7-oz. can shrimp, cleaned & chopped
1 cup grated American cheese
1 egg slightly beaten
1/2 teaspoon salt
1/2 teaspoon Worcestershire sauce
1/2 teaspoon dry mustard
1/2 teaspoon vinegar
Cayenne pepper to taste
7 slices bread
2 tablespoons soft butter
Combine shrimp, cheese, beaten egg, salt, Worcestershire sauce, mustard, vinegar, and pepper. Toast bread on both sides and spread with butter. Spread 3 tablespoons of shrimp mixture on each slice of toast. Place on a cookie sheet and toast in an oven 400 degrees for 5 minutes. Serve immediately.

HOT TAMALE—Spicy, vivacious Sarito Monteil keeps the boys south of the border from dwelling too much on the charms of American movie actresses. She'll soon appear in her first American movie.

A Famous American Ship

The JAMES BAINES, built in 1854, was in many ways the finest of all Donald McKay's designs. A record breaker in every line, she had 13,000 square yards of sail area, according to the American Merchant Marine Institute. On her first voyage from Boston to Liverpool, which she made in 12 1/2 days, she was timed as making 20 knots as she raced along the Irish coast with the wind strong and very squally. This is twice as fast as the Liberty ships built for World War II. Instead of a graceful lady as a figurehead, the JAMES BAINES boasted a statue of her red-haired owner on her bow, complete from drooping whiskers and chimney-pot hat to peg-top trousers. Modern-day American merchant ships may not have figureheads, but are equally essential to your high standard of living in peace and security in war.

OLD TIME-ERS—Elliott Stennes, 3, wonders why his dad is always busy, when he's got so much "time" on his hands. Watchmaker Elmer O. Stennes collects old Boston subway clocks, and has 50 on hand. Stennes uses the Swiss movements to construct his specialty, Grandfather clocks.

"THINK SHE'LL WIN A PRIZE?"—Tired after his tussle with this monster from the deep, Karey Sater wistfully hopes that he's got the biggest one that didn't get away during the Mount St. Fish and Game Club "Kids' Derby," held at Northbend, Wash. Hatchery Superintendent Cecil Nixon, right, had the sorrowful task of telling Karey that someone beat him by a fin.

VANISHING AMERICANA—Bill Schilling, 81, of Northfield, Minn., examines some of his 101-piece collection of a once-necessary item of pottery, outmoded in large part in recent years by the welcome and widespread availability of indoor plumbing. The "china department" forms only one section of the former newspaperman's \$150,000 museum of American household items of yesteryear, as well as other curios.

It's grand as a sauce...a salad dressing and a spread!

Made by KRAFT from the one and only MIRACLE WHIP and special pickle relishes.

Tasty Tip for Quick Meals!

Tender, delicious MACARONI-AND-CHEESE home cooked in 7 minutes

Kraft Dinner is a timesaver and a menu-maker! Stock up today—it costs only pennies. So handy for school lunches, emergency meals. And good eatin' always!

PILES SHRUNK without surgery!

IN CASE AFTER CASE PAIN STOPPED!
NEW STAINLESS FORM now ALSO AVAILABLE!
In 90% of cases of simple piles—tested by doctors—amazing Pazo ointment stopped bleeding, reduced swelling, healed cracking... WITHOUT SURGERY! Pain was stopped or materially reduced. Pazo acts to soothe, relieve itching instantly. In tubes, also modern Suppositories. Get Pazo at drug stores for wonderful fast relief.

NO COTTON PICKIN'—Alice Thomas hopes there's no boll weevil near St. Petersburg, Fla. She's wearing an all-cotton bloomer-bottom bathing suit, right out of the bale. It's not designed for swimming—just to get attention.

"Monthly Pains" stopped or amazingly relieved

in 3 out of 4 cases in doctors' tests!

• Chances are you're putting up — unnecessarily — with the functionally caused pains, cramps and weak, "no good" feelings of menstruation!
For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!
Lydia Pinkham's is modern in its action!
So get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron. See if—taken through the month—it doesn't give relief from those backaches, jitters—help you feel better before and during your period!
Or—if you suffer from functional "hot flashes" or "change of life," find out how wonderful Pinkham's is for that, too!
It has a quieting effect on uterine contractions that often cause "period" pain!

DUNDEE

Mr. and Mrs. John Harbrecht and granddaughter Sharon Lavey of Sheboygan visited Sunday with Mr. and Mrs. John Lavey. The latter remained here for a week's vacation.

Mr. and Mrs. Ted Badura and Mr. and Mrs. Russell Lakoski and daughters of Milwaukee visited the week end with Mr. and Mrs. Walter Lakoski.

Mr. and Mrs. Carl Becker and son Jr. of West Bend visited Sunday evening with Mr. and Mrs. C. W. Baetz.

Rev. H. A. Kahrs and delegate Erwin Matthies attended the conference at Cleveland, Wis. from Monday until Thursday.

Mrs. George Gilboy attended the

funeral of her aunt, Mrs. Peter Berg, at Marshfield Friday.

Kenneth, seven-year-old son of Mr. and Mrs. Carl Schmidt was operated for appendicitis at the St. Agnes hospital Wednesday.

Mr. and Mrs. Albert Weidekiss of Racine, Wis. visited Sunday with Mr. and Mrs. John Waranus.

Mr. and Mrs. Richard Stern chose the name David Richard for their infant son who was baptized Sunday at the Trinity Lutheran church by the Rev. H. A. Kahrs and the sponsors were Arthur Uteek, Marvin Marquardt and Mrs. Clarence Stern.

Sunday, June 30th, the following children were confirmed at the Trinity Lutheran church by the Rev. H. A. Kahrs: Joan Heider, Delores Ludwig, Curtis Klostermann, and Gerald Thompson and also at the sister congregation at Campbellsport, Lucinda Klatt, Dale Scheid, Lillian Seefeld, Virginia Weasler and Elmer Zimda.

Mr. and Mrs. Herbert Heider, for the pleasure of their daughter Joan's confirmation and for the pleasure of their daughter Delores Ludwig, Mr. and Mrs. Vilas Ludwig entertained at the Ludwig home for dinner and supper the following: Rev. and Mrs. H. A. Kahrs, son Mark and daughter Eunice, Mr. and Mrs. Walner Pieper, W. Wachs and son, Otto, Mrs. Margaret Haegler, Mr. and Mrs. Herbert Pieper and children of Waucousta; Mr. and Mrs. Leo Sammons of Eden, Mr. and Mrs. E. Tuttle and family of Lomira, Mr. and Mrs. Arthur

Bartelt and Mr. and Mrs. Oscar Schultz of Fond du Lac, Mr. and Mrs. Elton Ludwig and son Billy and daughter Karon, Mr. and Mrs. Harold Bath and Sue, Mr. and Mrs. John Wahnschaffee and son, Mrs. Lorena Dettman and son of Kewaskum; Mr. and Mrs. William Benson and sons Billy, Loren and Charles of Round Lake; Mrs. Lena Mielke of Long Lake, Mr. and Mrs. Alfred Ludwig of Campbellsport, R. R., Mr. and Mrs. John Ludwig and daughter and son-in-law and grandson, Mr. and Mrs. Henry Hess and Mrs. Loretta Schneider of Milwaukee; Mr. and Mrs. Walter Jandre, Mr. and Mrs. Kenneth Jandre, Mr. and Mrs. C. W. Baetz, Anna, Bethel, Ethian and Paul Kahrs, Janice Jandre, Lloyd Gatzke and Donna Raether, Bill Barrett, Harry Heider, Mrs. Emma Heider and Mr. and Mrs. E. Justman.

Mr. and Mrs. Ed Droege and family of Milwaukee spent Sunday with Mr. and Mrs. Walter Mohr and daughter Karon.

Mr. and Mrs. Louie Ramthun, accompanied by their daughter and son-in-law, Mr. and Mrs. Alvin Brandenburg of West Bend left Saturday on a two weeks' vacation trip through the western states.

IN THE SERVICE

PFC. KIRCHNER IN KOREA

Pfc. Howard Kirchner, son of Mr. and Mrs. Erwin Kirchner, R. 2, Kewaskum, is serving in Korea with the Second Division. He was inducted into the armed forces in January, 1953, and received his basic training at Camp Roberts, Calif. Recently Pfc. Kirchner enjoyed an eight day leave from his duties as cook. He spent it at Camp Hakata, Japan, which is sometimes called the "Miami of Japan" because of its scenic wonders and fine beach. The post has become famous as a vacation site for soldiers on rest and recuperation leave from Korea. Upon returning to duty he assumed his new duties as first cook.

Look AUCTION Look
June 27th, at 2:30 P. M.
Lawrence Wallenfelsz Property

Located 1/4 mile South of Kewaskum, and 6 miles North of West Bend, on Highway 45 & 55. Consists of a beautiful 1 1/2 story Cape Cod, 4 room home, with bath. Has large walk-in cooler in basement, with full basement, hot and cold running water. A large block building 30x60 with another extension of a 10x10 room; building now used as an electric appliance store and television service room, could be converted into most any kind of business, to suit your business. About 1 acre of land more or less, and running 204 feet North and South on Highway 45 & 55 and 181.60 feet on County Trunk H. These buildings are heated by one hot water system, with automatic oil burner. A new septic tank has just recently been installed. Dug well, with ample supply of water. A beautiful fireplace has been built on lawn. Has about \$5,000.00 of stock on hand, with 1/2 ton Chevrolet pick-up truck. All new ladders, all tools and equipment to go with stock, including 14 cedar electric light poles. Stock can be bought with or without building. Reason for selling, owner has been advised by his Dr. to sell all, and must go to a warmer climate, and to do so soon.

This is a wonderful opportunity for anyone who wants to come near a good going town, and cheap taxes, and a rich farm community, whether he be in business now, or wants to start a business himself. Up to now the owner has a very good contracting business and has run his shop with all electric appliances and selling televisions and given television service. Terms of sale—\$2,500.00 down on date of sale and the balance on delivery of deed.

This place can be seen by appointment by calling Kewaskum 24W. Col. Lester Dreher, Auctioneer. Harry H. Maaska, Real Estate Broker, Kewaskum, Wisconsin. 6-18-5t

New engine power!
New operating economy!

New Chevrolet Trucks...
do more work per day... more work per dollar!

You save hours on the road. Thanks to greater acceleration and hill-climbing ability, you can save time without increasing your maximum road speeds.

You save extra trips. That's because of extra load space. New pickup bodies are deeper, new stake and platform bodies wider and longer.

You save time on deliveries. New truck Hydra-Matic transmission saves time and effort at every stop. Optional at extra cost on 1/2-, 3/4- and 1-ton models.

You save on operating costs. The "Thriftmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261"

(optional on 2-ton models at extra cost), deliver greater horsepower plus increased operating economy.

You save with lower upkeep, too. There are heavier axle shafts in two-ton models, bigger clutches in light- and heavy-duty models, stronger frames in all models.

And your savings start the day you buy. Chevrolet, you know, is America's lowest-priced line of trucks!

Come in and see all the wonderful new things you get in America's number one truck.

Now's the time to buy! Get our BIG DEAL! Save with a New Chevrolet!

Around The Town

—John McLaughlin of Wausau visited Monday with Miss Rose McLaughlin.

—Mr. and Mrs. Louis Schaefer received the sad news of the death of Mrs. Hattie Mueller, who died at the home of her sisters in Milwaukee on Friday morning. Mrs. Mueller was a frequent visitor at the Schaefer home and was well known by many in this community. Mr. and Mrs. Walter Meilahn, Mr. and Mrs. Irvin Schulz and daughter Norma, Miss Meta Schulz, Mr. and Mrs. Louis Schaefer and Christ Backhaus, accompanied by Mrs. Milton Coulter of Mayville and Mrs. Erna Dahm of Woodland, attended the funeral of Mrs. Mueller at Milwaukee on Monday.

—WANTED — FARMS FOR SALE. INQUIRE — H. MAASKE. PHONE 24, KEWASKUM. 5-28-47

—Banns of matrimony were announced in St. Bridget's church Sunday for Alvin Wiesner of St. Kilian and Frances Sippel of St. Bridget's.

—Mr. and Mrs. Frank Heisler and children and Mrs. L. C. Kraft of Fond du Lac visited Saturday with the Louis J. Heislars and Harvey Ramthun family.

—Mr. and Mrs. Roman Keller and Mr. and Mrs. Leroy Keller spent from Sunday evening to Tuesday evening at Rhineland.

—MODERN PAINLESS CHIRO- PRACTIC. ROBERT G. ROBERTS, D. C., 702 ELM ST., WEST BEND, WIS.

—Atty. and Mrs. L. W. Bartelt visited the latter's folks at Rhineland over the week end.

—Lloyd Keller, LeRoy Keller, Jr. and Floyd Dreher of here and Jim Wink of Milwaukee spent several days the forepart of this week in the northern part of the state.

—A farewell party was held at the Kewaskum Opera House last Wednesday night for Lawrence Nigh, who left Friday for induction into the armed forces from Fond du Lac county. Dancing provided the entertainment.

—Don't forget the dates of the annual Kewaskum Firemen-American Legion picnic in the village park Saturday evening and Sunday, July 10 and 11. Plan to attend.

—Jeanne Felix entertained several of her friends, namely Janet Dreher, Mary Ellen and Katherine Green, Bernadette and Kathleen Simon, and her cousin Lana Lee Harbeck at a birthday party at her home Tuesday in honor of her

ninth birthday.

—YES, it's Miller's at Kewaskum for quality home furnishings at most reasonable prices. Open daily until 6, Fridays until 9 p. m. Free deliveries.

Martha and Lay Gibson of San Francisco, Calif. arrived last week to spend a vacation with their grandmother, Mrs. Otto E. Lay.

—Harvey Ramthun, Jr. is spending a week's vacation at Shawano with relatives.

—A Father's Day family reunion was held at the James McElhatton home and in the village park Sunday. All of the children and grandchildren attended.

—Mr. and Mrs. Clifford Rose spent a vacation at Lac Vieux Desert in northern Wisconsin. Mr. and Mrs. Wm. F. Schaefer and children and Mrs. John F. Schaefer also spent a week at the same lake.

—SEE FIELDS FURNITURE MART AT WEST BEND BEFORE YOU BUY YOUR FURNITURE, RUGS AND HOUSEHOLD APPLIANCES. YOU CAN BUY FOR LESS AT FIELDS. WHY PAY MORE? FIELDS FURNITURE MART, WEST BEND, WIS., TEL. 988. OPEN FRIDAY EVENINGS, OTHER EVENINGS BY APPOINTMENT. FREE DELIVERY.

—Bragging might be termed the loud patter of little feats.—Pierce County Herald.

NEW PROSPECT

Mr. and Mrs. Frank Klostermann entertained the following at a dinner Sunday at the Republican House at Kewaskum in honor of the confirmation of their son Curtis: Mr. and Mrs. Frank Klostermann, Sr., Mr. and Mrs. Mantas of Milwaukee, Mr. and Mrs. Herbert Hilgen of Bark Lake, Dr. and Mrs. Klostermann and daughter of Fairwater, Mrs. Arthur Timm of Racine, Mr. and Mrs. Frank Licko and Mrs. Alvir Skimmer of Oshkosh, Mr. and Mrs. Norbert Heise and Mrs. Jake Hammon, Sr. and Mrs. W. Janssen and Mrs. Clara Janssen of Beechwood, Mr. and Mrs. Clarence Schrieber and daughter of Fond du Lac and Mr. and Mrs. Erwin Matthes. In the afternoon Rev. and Mrs. Kahrs and family of Dundee were entertained by Mr. and Mrs. Frank Klostermann.

Mr. and Mrs. Frank Bowen, in company with Mr. and Mrs. Jerome Bowen and family visited Mr. and Mrs. Phillip Oxner of Le Roy on Sunday.

Mr. and Mrs. David Tennesen and family visited Mr. and Mrs. Geo. H. Meyer Sunday afternoon.

Mr. and Mrs. Richard Trapp visited Mr. and Mrs. Wm. Peterson at Waldo Sunday afternoon.

Mr. and Mrs. Manto, son Leonard and daughter Shirley of West Burlington, Ohio, visited Mr. and Mrs. Richard Trapp the past week.

Miss Virginia Trapp left Monday for Milwaukee to attend summer school at the Milwaukee Teachers college.

ROSENHEIMER DEALER FOR FEATHER CRAFT BOAT LINE

L. Rosenheimer Dept. Store has just been appointed dealer representative for Kewaskum on the Feather Craft aluminum boat line. L. Rosenheimer will be actively representing the line and says that representative models are currently in stock for display, demonstration and delivery.

Headlining the greatest array of the sleek, silver-skinned craft ever produced will be the "Voyager 22". It will be the first complete luxury outboard cruiser equipped with four berths and soundproofed hull. This new vacation home afloat affords privacy accommodations, performs capably with one or two outboard motors, trails conveniently behind a passenger car, and is moderately priced at \$2,810.00.

L. Rosenheimer says the line also features hunting and fishing mo-

dois, dinghies, skiffs and floaters, sport craft, and speed hulls of flat, Semi-V and round chine design.

"The new line is necessary," said Rosenheimers, "because aluminum boats have increased in popularity in the last several years due to maintenance, ruggedness and durability".

Advice to girls: Never play ball with a man unless he furnishes the diamond.—Viola News.

BULL FIGHTING DID NOT ORIGINATE IN SPAIN

Bull fights were common among the Thessalonians before 308 B. C. The Moors introduced bull fighting into Spain in the 8th century. I. "Handy Book of Curious Information"—Wm. S. Walsh.

We didn't originate the principles of fair dealing and courtesy but we certainly bide by them.

JUNE IS DAIRY MONTH

During the month of June all America salutes "Queen Bess" for her untiring efforts throughout the year in providing you with more in food, more in refreshment, and more in health than you could get for your money in any other way. MILK is your dependable source of health-giving minerals, vitamins, and essential proteins. That's why MILK is first in foods. That's why we say "Hats off to Queen Bess ... the dairy farmers and dairy foods!"

Teacup Topics

By Betty Ann

Editor, The Milwaukee Journal
Woman's Pages

Nylon, dacron and rayon are the fibers combined in a newly developed fabric now in use by one manufacturer of lingerie, says Betty Ann. The resultant fabric is a smooth, rich, durable crepe which washes easily, dries quickly, hangs smoothly under dresses, has the desirable weight and opacity required in a slip.

The fabric is offered as static resistant and is promised not to cling or pull under knits or wools, under silks or any other dress or suit fabric. It is comfortable all year round, say its makers.

It is a real crepe, thanks to the rayon content, and wears well, because of the abrasion-resistant nylon. Dacron provides the static resistance and abets the no ironing feature. The fabric feels somewhat like a pure silk with a crepe de chine weave.

Several styles in slips are available. All are carefully made, with details of workmanship designed to insure long wear. Adjustable straps are anchored thru the deep lace border of the bodice, for example, to the sturdy slip fabric itself. Hems are also edged in lace. And the slips have the body contour fit characteristic of the manufacturer's line.

The lustrous, pebbly crepe can be swished through suds for a few moments, rinsed until the water is clear, then hung on a hanger from the shoulder straps while wet. No ironing whatever is needed.

Hints for the heavy woman begin with the warning that dresses should not be worn too tight. You can't subtract inches that way. V necklines are good, but avoid chokers or necklaces that encircle your throat.

Dull fabrics look well, while shiny or stiff fabrics catch all the wrong highlights. Don't mix two colors or two fabrics in one ensemble. The monotone is more flattering.

It is best to spray perfume on a handkerchief rather than dab it on, since this covers a greater area and does not concentrate the scent on one spot. Never fear that perfume will damage the sheer fabric of the handkerchief. An ordinary sudsing will wash it out, ready to be scented anew.

Grilled Hash and Eggs

Two cans corned beef hash; 8 eggs; salt; pepper.
Remove both ends of cans and push hash through. Slice hash into eight equal portions. Make a well in the center of each piece of hash. Heat table grill to medium temperature. Place portions of hash on grill. Drop an egg into the well in each portion of hash. Cover with a square cake pan 9 by 9 by 2 inches. Cook 15 to 18 minutes. Season and serve. Yield: Eight servings. These can also be prepared on a frying pan on top of the range. Use a tight fitting cover.

Veal Cubes En Brochette

Two pounds veal shoulder; 2 teaspoons prepared mustard; 1 teaspoon salt; 1/8 teaspoon pepper; 1 tablespoon butter; 2 eggs, slightly beaten; 2 cups corn flakes, crushed; 3 tablespoons lard or drippings; 1/4 cup water.
Cut veal into one inch cubes and thread on six to eight wooden or metal skewers. Mix mustard, salt, pepper and butter together and rub on skewered veal. Dip in beaten eggs, then in crushed corn flakes. Brown on all sides in lard or drippings. Add water, cover closely and cook slowly about 40 minutes. Yield: Six to eight servings.

Cornbread makes a fine base for a creamed dish. Have the cornbread piping hot, cut in squares, slit each square through the center and then sandwich the creamed food between the slices.

When laundering sheets and pillowcases, best results will be obtained by keeping the wash water between 120 and 140 degrees, or as hot as your hands can stand.

A little finely grated carrot makes an excellent garnish for a fish salad; top carrot with a sprinkling of minced parsley, if you like.

To remove rust from white clothing, sprinkle the stain with salt, squeeze lemon on it and spread in the sun to dry. Add more lemon juice if the stain still shows. Rinse well.

Keep a buffet size can of sliced beets on your kitchen supply shelf. It makes a delicious quick salad when teamed with salad greens, hard cooked egg and dressing.

About Your Home

By FRANCES DELL

Free growing trees and shrubs should be used to create privacy much more frequently than they usually are. The main point is in knowing how to do this.

There are certain points in this type of planting that should be given special attention. First—be sure to use bold curves when creating your border or back ground. When the curves are too flat, the whole effect is feeble.

The curves should be so arranged that a bold outcurve corresponds to a receding bay across from it. This important point has great bearing upon achieving a sense of spaciousness. Outcurves opposite outcurves would pinch the area.

These curves supported by banks of trees and shrubs create the structure of the garden. The trees and shrubs alone are beautiful and give privacy. They make a perfect green background for small flowering plants and shrubs.

Relate the height of the planting to the width of the bed. As a general rule, the height of mature planting should be about one-and-one-half times the width of the bed.

Because the bold outcurves automatically become the high points of the planting, plan the outcurves as much as possible to screen some undesirable objects.

Be sure your trees and shrubs are suited to their surroundings—choose plants that do well in your section of the country.

MINNESOTA GRAIN MARKETS

Kansas City probably has the world's greatest grain elevator capacity, officially listed 62,867,000, then Chicago 53,857,000 bushels. Both of Minnesota's major grain markets are listed in tandem: Minneapolis-St. Paul at 97,596,000, Duluth-Superior at 56,275,000. Chicago receipts topped 1952 at 234,085,000 bushels, Kansas City handled 178,287,000; receipts in the combined Twin Cities elevators totaled 296,326,000 bushels, at Duluth-Superior 103,455,000. Wheat is tops in both Twin Cities and Duluth-Superior, barley second, oats third in Minneapolis-St. Paul, corn third in Duluth-Superior. Corn, oats, wheat, and soybeans lead in Chicago; wheat, corn, and oats in Kansas City.

Make a Fiesta of Your Next Informal Luncheon

BY DOROTHY MADDOX

FOR your next informal luncheon party, try these individual cheese casseroles. Served with sliced cold meats, a green salad and crusty rolls or French bread, they will delight your friends.

Mexican Cheese Casserole (Yield: 4 servings)

One teaspoon salt, 2 cups boiling water, 1/4 cup corn meal, 1 cup cold water, 3 tablespoons butter, 3 tablespoons flour, 1 cup milk, 3-ounce can sliced, broiled mushrooms; 1/4 teaspoon kitchen bouquet, 1/4 teaspoon salt, 1/2 teaspoon pepper, 1/2 teaspoon powdered oregano, 4 ounces American cheese, cubed; 1/2 cup finely diced green pepper, paprika.

Add salt to boiling water in top of double boiler. Combine corn meal and cold water. Add moistened corn meal to boiling salted water, stirring constantly. Cook over moderate heat until mixture becomes thick.

Place over boiling water and cook, covered, for 30 minutes. Meanwhile, melt butter in small saucepan over moderate heat. Stir in flour. Add milk and broth from can of mushrooms. Cook over moderate heat, stirring constantly, until sauce thickens.

Add kitchen bouquet and seasonings. Add cheese, stirring constantly until it is nearly melted. Add drained mushrooms and green pepper. Pour cooked corn meal into 4 greased, individual 8-ounce casseroles, or shallow 8-inch baking dish.

Top with cheese and mushroom mixture. Sprinkle with paprika. Bake in moderately hot oven (375 degrees F.) for 15 minutes, or until thoroughly heated. Serve immediately with crisp green salad. (The Tomato Rarebit recipe below is good any time, and children love it.)

Tomato Rarebit (Yield: 4 servings)

One can condensed tomato soup, 1/4 cup milk, 1/2 teaspoon Worcestershire sauce, 1/2 teaspoon celery salt, 1/2 pound processed, aged American cheese; 6 slices toast, or hamburger buns split and toasted.

Combine tomato soup, milk and seasonings in top of double boiler. Heat over hot water. Add cheese, cut in small cubes.

Individual Mexican Cheese Casseroles make a delicious main dish for an informal luncheon. They'll bring you many compliments.

Stir constantly until cheese is nearly melted. Beat with rotary beater until creamy smooth.

Cut toast in halves diagonally; arrange 3 pieces on each of 4 luncheon plates. Cover with the rarebit. If buns are used, arrange three halves on each plate and cover with rarebit. Garnish with broiled bacon, if desired.

NOTE: To dress up this recipe for company, add a 3-ounce can of sliced, broiled mushrooms—using the mushroom broth in place of milk.

NATURE NOTES

Grey squirrels are sometimes found in black and albino coloring. . . . Rainbow trout migrating from fresh to salt water fades to bluish steel, becoming a steelhead when returning to fresh water. . . . Minnesota is fourth in California, Michigan, and Wisconsin in number of fishing licenses—all just around a million—and second in revenue: \$2,283,316 compared with leading California's \$3,475,705. Michigan leads in hunting licenses, 1,166,720 at \$3,535,084. Minnesota is seventh, issuing 527,407 for \$1,392,132. . . . A wild duck banded in '32 was shot in '52 at the ripe age of 20.

AND WITHOUT A DRIVER'S LICENSE!

Little Karen Jensen, two-and-one-half-year-old daughter of Mr. and Mrs. Paul Jensen of Detroit Lakes, decided to take her nine-months-old sister for a ride one morning. After her mother had gone into one of the stores, Karen started the car and backed it out of the parking spot and down the main street of the business district before the car was stopped by a pedestrian.

Factual News About The Eyes And Their Conservation

Out Of The Corner Of Your Eye

If you had lived in the eighteenth century, the only kind of spectacle lenses you could have obtained would have been those of the so-called "flat" type, according to the Better Vision Institute. But in our modern, scientific age you are probably wearing lenses that are curved in a saucer-like shape.

Back of this modern shape lies a long struggle to enable men to see better through spectacles. The old-fashioned "flat" lenses were seriously at fault because the wearer could only see perfectly when he was looking right through the middle. When his line of vision passed through any point away from the center, the object viewed became blurred or distorted.

If the human eye were fixed rigidly in its socket, so that a person had to move his head like a bird to see in different directions, the old-style lenses would have served very well, says the Institute. But the human eye rolls in all directions, while a pair of spectacles remains fixed in one position on the nose. So the problem was to design a lens through which the eye could see equally well all over.

It was a tough problem, for there are no less than six different kinds of aberration that make their appearance as the eye travels from center to edge of a lens. Not all of these difficulties

can be corrected with any lens, but fortunately four of them are unimportant.

Lens designers tackled the other two. A century and a half ago it occurred to an English physicist named Wollaston that a lens ought to be saucer-shaped, so that the line of vision would tend to be perpendicular to it at all points, and would strike both inner and outer surfaces at nearly the same angle. His "periscope" lens was on the right track, but it took years of calculating and experimenting with "toric" and "meniscus" (meaning crescent) designs before a good solution was found. Generally speaking, the answer lay in the ratio between front and rear curves of the lens.

The corrected curve glasses you wear today are made to one of thousands of formulas which scientists have worked out, in order to give every eye exactly the power of lens it needs, all over the surface of the lens.

Frozen Cheese Salad

3 ounces cream cheese
1 cup grated American cheese
6 green minted cherries, chopped
1 cup cream, whipped
1 cup mayonnaise
Mash cream cheese and work in American cheese. Add cherries. Combine whipped cream and mayonnaise. Fold into cheese mixture and freeze.

HERE'S HOW . . .

MAKE A FARM FENCE

A wood fence is a more attractive and neighborly way of indicating ownership than is a "Keep Out" sign. It is generally respected, while a broken or rusted wire barrier is often ignored.

The post and rail fence has many variations, but the easiest to construct is made of 6 inch (or 4 by 4 inch) posts, set 10 feet apart, and 1 by 6-inch rails. Often the posts are 8 feet apart, and the rails are either 8 or 10 feet long. Rails may be left unpainted, or they may be painted or white-washed.

Many farmers obtain their posts from the woodlot, and purchase rails from the local lumber yard. The farmer should check with his lumber

dealer to obtain lumber most resistant to decay, or to obtain treated posts.

Rails are usually placed to 8 inches apart, but where snow drifts are common, it is well to place the rails 10 to 12 inches apart.

Hinged gates are provided at frequently-used openings. A simpler entry for little-used areas is made by setting double posts so that bars of 1 by 6-inch lumber may slide out when access is wanted. A number of sliding-bar openings may be made for the cost of one gate.

Needed tools are few—a post-hole digger; hammer and nails, handsaw and a carpenter's level for plumbing the posts and leveling the rails.

Bible Comment:

Matthew Was Greatest Recorder Of Jesus' Words

TRADITIONALLY, a government official is not easily pried loose from his job. Yet Matthew, a customs official, gave up handsome receipts to follow Jesus and later become a saint and apostle.

He does not appear so prominently in the narrative incidents, but he was destined to be the greatest recorder of the sayings of Jesus.

It is to him that we owe the three glorious chapters of his gospel that we call the Sermon on the Mount.

Jesus said that the Holy Spirit would bring to the remembrance of the disciples all things that He had said to them. Surely this was verified by so amazing an achievement of listening, remembering and recording as Matthew has given.

Here in these three chapters is set forth the nature of the Kingdom, which Jesus said was among men, but not of this world. Here is its constitution, its principles, its way of life. Here is the heart of the Gospel.

The parable of God's love, in the story of the Prodigal Son, and of human brotherhood in the story of the Good Samaritan, and the accompanying parables, are but amplifications and exemplifications of all that the Sermon on the Mount teaches and implies.

It is a sermon for this world, if not of this world. At almost every point the principles of action and motives that commonly actuate men are challenged:

It is more blessed to give than to receive; love is better than hate, and man by his own spirit of forgiveness defines the nature and the measure of the forgiveness that he seeks—"Forgive us our debts as we forgive our debtors."

It might all seem visionary and impractical but the fact is that many have lived it and demonstrated it in action.

BOY 4, WALKS 16 MILES

Deciding that he didn't want to stay at day nursery, LeRoy Eckbold, Jr., 4, put on his galoshes and snow suit and started for his home. The little boy was found by a motorist 8 miles from the day nursery and half the distance to his home in nearby Bristol. He was trudging up the middle of heavily traveled U. S. Route 1, dragging his leggings behind him.

THESE WOMEN! By d'Alessio

"Dinner'll be ready in twenty minutes, dear. It shouldn't take you any longer than that to run out and get some sliced ham and potato salad!"

STRICTLY BUSINESS by McFeatters

"Are you sure that was the coffee pot you plugged in?"

SPORTS AFIELD

By Ted Kesting

We credit game with super intelligence, and we act accordingly. But many of us credit fish with no brains at all, and act accordingly. And we get no fish.

The experience that started me wondering about the comparative intelligence of fish and men happened when the city of Lakeland, Fla., hired a company to make a fishing movie and gave Fred W. Jones the job of technical director. To get underwater shots a "submarine" boat was used; Jones fished from the deck and movies were shot through special port-holes three or four feet below the surface.

I had always believed that the idea in casting was to be accurate—to hit the bass on the nose. But that's not the way it is. Jones and his party found that when a lure—surface or underwater plug, bug or fly—landed within two feet of a fish, he invariably ran away. Sometimes he turned and came back, but fish invariably ran away from a close-hitting lure.

It was found that they invariably ran toward a lure that landed three to six feet away. But that does not mean they always hit. In fact, fewer than one out of 10 struck, even when the lure was allowed to lie where it hit.

And there's another thing. Less than one out of 100 of those that ran at the lure hit at the end of the run. They charged right up there all right, and if it was an underwater bait they usually followed it a bit. Some even tasted it. If it was a surface lure, such as a bug or plug, they'd charge up and then stop six inches below it and watch intently. If it was "popped" or moved sharply, they invariably ran away. But if it was moved only slightly, after a long wait, sometimes they hit.

So, in spite of all you might have been told by "smart" fishermen, we learn from the fish

themselves that they're frightened by a close-hitting lure, and will run from it. We learn they are curious (and maybe hungry) so they run toward a lure that lands far enough away not to present an immediate threat. But again, caution, and fear, keeps them from hitting immediately. Rather, they stop and look the lure over from close by.

You say you do catch a few, even a limit now and then? Well, Jones is convinced that fish vary in intelligence, just like people. And that's why you do catch some fish. You've been catching the idiots and morons!

PLUMB PERFECT—They're pretty, but it's their posture that won these pretties posture honors during a "best posture" contest at a Las Vegas, Nev., resort. Barbara Lohman, 21, of Los Angeles, is at left, and home-town charmer Jacqueline Johnson, 18, completes the charming duo.

MOMENTOUS NEWS—News of the Supreme Court's historic decision that segregation in the public schools is unconstitutional rolls off the presses of the Atlanta, Ga., Daily World. Managing Editor William Gordon, right, and Pressman Kimmer Boddie check copies of the Memphis edition of the paper. Enforcement of the unanimous ruling is many months in the future, as arguments on issues connected with the ruling will not be heard by the court until next fall.

Parents Warned of Sandlot Injuries

Spring baseball in the sandlot sometimes brings minor, but really dangerous, injuries to young players.

These mishaps are called to the attention of parents and school authorities because they are so often ignored or neglected until a grave injury has been done to growing bones. They are likely to occur as the result of a twisting fall such as often befalls a boy trying to steal second. Nine times out of ten the boy picks himself up without much injury except, perhaps, to his playing pants. But on the tenth time the trouble caused may be all out of proportion to the pain.

That time the player may feel a little lame and the lameness may continue longer than might be expected. That may be all—until it is discovered that the injured thigh bone has stopped growing and one leg is shorter than the other. Then it becomes clear that what happened that day on the sandlot was a break in the growth plate, that is, in the cartilage disk near the joint where all the new cells are formed. Growth in the bone has stopped, and nothing much can be done, then, to right matters except, possibly, a major bone operation to shorten the uninjured leg and even it up with the other.

The average age for injuries like this one is 15. But it may happen at any age from one to 20, so long as bones are growing. Fractures to growing bones heal quickly and easily so long as the growth plates are not damaged, the doctors point out. But growth plates are vulnerable and injury to them may slow growth for weeks, months or years.

Parents and teachers are warned never to allow growing youngsters to play in heavy competition and never without proper athletic safeguards. Especially they are warned never to neglect what may appear to be minor injuries from twists and falls.

LILA A: Are sugar substitutes dangerous?

ANSWER: There is no evidence that sugar substitute tablets are harmful. They are inert substances and have no specific effects on the body.

Coffee At \$1.50 A Pound

A major coffee roaster recently predicted that the day was not far off when housewives will be paying \$1.50 for a pound of coffee. This prediction came after a new increase was announced by several major coffee producers, the increase ranging from five to six cents a pound.

That increase pushed coffee prices well over the \$1-mark and the prices of some brands rose to just under \$1.20.

The new increase indicates that the investigation by a Senate Banking subcommittee has done little to check the steady rise in coffee prices, and that the consumer is going to continue to feel the pinch of higher prices. Testimony in the subcommittee has indicated that coffee consumption in general has already decreased as the result of higher prices.

If prices of coffee continue to go up, no doubt consumption will continue to go down. At some point along the line, the market will be stabilized and prices will halt their advances. Evidently, there are not enough coffee drinkers who prefer to curtail consumption rather than pay higher prices, and as long as this is the case, coffee prices will probably continue to rise.

The wild barrier islands of South Carolina's coast have a storm warning system of their own. When marshmen hear a big bull alligator bellowing in August or September, long after the saurian mating season, they believe he is predicting a hurricane roaring up from the Caribbean.

Scottie for House Number

A TIME TRIED method of displaying a house number in an attractive manner is illustrated. Either the Scottie-dog cutout or some other animal will serve the purpose. Set in a parkway, on the lawn or at the curb, the jaunty puppy, with its sparkling eyes, will prove to be an attractive addition.

Scottie is 15 inches long and his height is 11 1/2 inches. Cut him from two pieces of Masonite 3/16"

Tempered Presdwood, holding the panels, screen sides together, with C-clamps and following a pattern with a coping, keyhole or band saw. Slightly round the edges with a file or sandblock.

Reflector-type bolts used for car licenses serve as eyes and reflect the light from passing cars. The numbers are saved from the Tempered Presdwood and glued to each side of the cutout.

Two wooden stakes, shaped from 1 by 2-inch lumber, are laid between the two cutouts and fastened with screws applied through holes drilled in the hardboard. Paint Scottie in appropriate colors, first using a primer. Push the stakes into the ground, and your new house number will be in service. All the materials needed are available at lumber yards.

Foreign Travel To Increase

Ralph T. Reed, president of the American Express Company, predicted recently Americans will set a new spending record on travel abroad this year. If Reed's prediction is correct, the outlay of Americans visiting foreign countries will reach well over a billion dollars in 1954.

Last year Americans traveling abroad spent an estimated \$1,291,000,000. Reed reports there has already been a ten per cent increase in European bookings made in American Express offices here and in Canada this year. On the basis of this trend, he predicts American travelers will probably spend \$1,368,000,000, or more, in foreign countries this year.

That represents a six per cent increase in spending by American travelers in one year.

The most-often visited European capital is Paris, which expects 350,000 Americans this year. London expects 240,000 and Rome, 210,000. After these three, Amsterdam expects to draw the next largest number—100,000. Brussels expects 60,000 Americans and Zurich, 73,000.

Fish flour has been considered as a possible substitute for milk in countries where cows are scarce, reports the National Geographic Society. Odorless and tasteless when properly prepared, it can be used in biscuits, soups or mixed with corn meal.

INVENTIONS that serve you

ALEXANDER GRAHAM BELL

Many of America's greatest inventions were developed by persons in no way associated with inventive projects. Alexander Graham Bell was employed as a teacher at the Boston School for the Deaf when he began experimenting with vibrations that would excite an electric current. The fathers of two of his pupils, relying on the protection of the U. S. Patent System, helped him financially to carry on experiments that led to his invention of the telephone, for which he was granted Patent No. 174,465 March 7, 1876. Except for our Patent System we might never have had the telephone or, for that matter, many of the other like-magic inventions that serve us.

"patents make jobs"

prepared by NATIONAL PATENT COUNCIL Gary, Indiana

The SNAPSHOT GUILD

This picture was made with a new box-type camera that is especially suitable for children—one that sells for less than \$4.

Cameras and Children

Recently someone asked us about buying cameras for children—at what age they can make good use of them.

It is hard to answer such a question in general terms—because so much depends on the individual youngster. Some of them might be able to make good use of a simple camera as early as 7 or 8. However, generally about 10 is the right age for a youngster to begin his snapshotting career.

A five dollar bill will buy a good simple camera and a couple of rolls of ordinary snapshot film—and you'll even have a little change coming. By the way, that's a good idea for a birthday present. As long as the camera is used on a sunny day, and the film are both sufficiently foolproof that the youngster can hardly fail to get satisfactory results.

A little parental supervision in the beginning can help pave the way to snapshot success. Basic pointers for the child—hold the camera still... don't get too close to your subject... and don't try to photograph moving objects.

Once the child learns those things... and we know lots of adults who could do well to pay more attention to them... he should have good luck with his picture taking.

However, a word of warning about the parental supervision—don't carry it too far. That may spoil the fun for the youngster. Let him select his own picture subjects—let his pictures reveal his own interests. You may be surprised at the things he picks, and they may give you some valuable information.

—John Van Guider

Behind The Scenes In American Business

By Reynolds Knight

NEW YORK—Purchasing agents look for steady improvement in business from its present level, but do not anticipate any sensational upturn.

There has been a halt to the cutting down of inventories, but buying terms still are predominantly short—hand-to-mouth to 60 days.

The country's purchasing agents, by their buying policies, are predicting: 1. There won't be a steel strike. 2. This country won't get into the Indochinese war. (They aren't storing steel, and they aren't bidding up Asian raw materials.)

MORE MILK CARTONS—Production of paper milk containers in the United States last year approached the ten-billion mark. Industry-wide output of milk cartons, reported a leading can company, set an all-time record of 9.7 billion, enough to package almost half the beverage milk marketed annually in the United States.

The record output of 1953 was approximately 1.2 billion units above the 1952 figure. More impressive, it represented a ten-fold rise since 1940. Production has gained steadily since the first successful paper milk cartons were introduced in the 1930's by this can company. Increases of a billion a year or more have been common in the last few years.

Anticipating an expanding demand for the paper cartons in the years to come, the company is now building a new milk container plant in Needham, Mass., and during the current year plans to install new milk carton lines at its Maywood, Illinois; Stockton and Los Angeles, California, and Brooklyn plants.

Production of paper milk containers in 1953 consumed 325,000 tons of paper-board and more than 125,000 tons of paraffin.

THINGS TO COME—If your young are bored with old inner tubes, you can now buy a plastic hippopotamus which fits around the small bather... Putting up screens? Plastic-coated glass mesh can be had which won't stain the walls below the windows... A reflector, 22x10 inches, uses two light bulbs to produce a bright field on the do-it-yourselfer's work at lathe or bench... A short-run duplicating machine makes up to 50 copies without carbon sheets, ending the danger of dirtying the typist's clothing or hands... Washable pot holders contain little magnets, so they can be parked on any steel surface to be handy if you must wrestle with a hot container.

PROBLEM SOLVED—One of the major civil defense problems in the event of enemy attack upon an American city would be provision in quantity of sterile water, essential for mass transfusions of blood plasma and other uses in hospitals and first aid stations.

A device has now been developed by a Philadelphia firm to supply up to 20 gallons of bacterin-free water per hour. The device is simply connected to any operating industrial steam line. It is completely automatic and can be installed in an hour's time.

As steam enters the unit, known as the Steril-Aqua system, it is reduced in pressure and passed through a ceramic filter. The filter contains half a million openings per square inch. These block passage of harmful organisms and other contaminants. When the steam condenses, it is sterile water. An electronic device rejects water not absolutely pure. The units, little larger than table model TV sets, can be readily transported to disaster areas in time of need.

VENTURESOME—There are a million more business concerns in the United States now than there were at the end of 1945, the Office of Business Economics of the Department of Commerce reported the other day. That's a jump of almost one-third.

The newcomers, and smaller businesses, are doing well, said the OBE report. The number of companies increased in every category except the largest—the 10,000-employees-and-over list. Of the 5,000,000-worker increase in jobs in the period studied, some 55 per cent were added by companies with fewer than 20 employees. This is the category which suffered the greatest shrinkage during the war, when workers were drawn into the massive defense establishments. Now the under-20 firms are bouncing back.

BITS O' BUSINESS—Coal's answer to the diesel-electric engine is a locomotive which is a coal-fired electric power plant on wheels, developing 7,200 horsepower... Cotton planting is 3.5 per cent below allotted acreage, but fertilizer buying is up some 20 per cent, so it's not likely the crop will be short.

Ten Word INTELLIGRAM

Check the correct word.

1. The world's fastest mile was recently run by Roger Bannister at (Oxford) (Cambridge) in England.
2. Loss of memory is (amnesia) (anemia).
3. The St. Lawrence Seaway will link the Gulf of St. Lawrence and Lake (Erie) (Ontario).
4. (New York) (Los Angeles) is larger in area.
5. A group of lions constitutes a (pride) (herd).
6. Tomatoes were once called (love apples) (devil's fruit).
7. Snakes (do) (do not) sting with their tongues.
8. The Apostle, Luke (was) (was not) a physician.
9. Some butterflies (do) (do not) have a floral fragrance.
10. Largest living bird is the (ostrich) (South American condor).

Check your answers, scoring yourself 10 points for each correct choice. A score of 0-20 is poor; 30-60, average; 70-80, superior, and 90-100, very superior.

Decoded Intelligram

1—Oxford, 2—Amnesia, 3—Ontario, 4—Los Angeles, 5—Pride, 6—Love apples, 7—Do not, 8—Was, 9—Do, 10—Ostrich.

400 at Meeting of Holstein Breeders

More than 400 Washington county Holstein breeders and members of their families attended the annual summer meeting of the County Holstein Breeders association held on the Guido Schroeder-Egoert Muth farm on Wednesday evening, June 16.

The meeting, held in the large new barn drew many breeders, some from outside the county, to hear the speaker, Laton M. Henderson, sales manager of Doughboy Industries, Inc., who spoke on the topic of "The Magic of Milk". In his talk Henderson pointed out the many new uses of milk in industry, and as a human food. Other speakers who made brief remarks on the program included Charles Brace, national fieldman, A. J. Sontag and Elmer Berg, both of the state association.

The sire calf awarded as an attendance prize by the Schroeder-Muth farm was won by Richard Englebert of Route 2, Hartford.

Preceding the speaking program of the meeting a livestock judging contest for those under 21 years was conducted. Each group judged a class of young and a class of aged cows.

Winners for the adult group were: Gordon Berg, Brownsville; Elmer Berg, Brownsville; Gordon Griesmer, Juneau.

Those who won the junior judging contest were: Richard Mayer, Slinger, R. 1; Fred Mayer, Slinger, R. 1; Roy Brinkman, West Bend, R. 3; Donald Peters, West Bend, R. 3; Gerald Rosenthal, West Bend, R. 3.

The meeting was concluded with

4-H Club News

BOLTONVILLE BUSY BEAVERS 4-H CLUB NEWS

Tearing the appetite with new and interesting food combinations was the theme of the June meeting of the Boltonville Busy Beavers 4-H club on Wednesday evening, at the Modern Woodmen club rooms.

A potato chip sandwich filling demonstrated by Eileen Laatsch made every mouth water so that when she asked who wished a taste every hand was raised and there was a chorus of "I DO!" Here's the recipe—try it: one can tuna fish, one-half cup celery, one-fourth cup green pepper, 2 cups chopped potato chips and one and one-half tablespoons mayonnaise. Spread on rye or toast bread and complete sandwich with a lettuce leaf.

Sandra Riley and Sharon Fay showed new ways with salads that they prepare frequently. Sandra combined a tasty toss salad with a tangy dressing of salad oil, vinegar, paprika and sugar. Sharon prepared coleslaw with a novel combination using crushed pineapple and French dressing.

"I never had so many different kinds of bugs bite me in all my life, nor saw such large snakes, lizards, and frogs as I did when I made the trip through Oklahoma with my Dad the past week to see some of the oil wells," stated Harold Gilford, president, as he reviewed his recent trip to that state the

WHEAT ALLOTMENTS FOR COUNTY FARMS WITH NO WHEAT FOR THREE YEARS

Farmers operating land on which no wheat was seeded for grain for all of the years 1952, 1953, and 1954 may apply for a 1955 wheat acreage allotment, according to Christ Hoffman, chairman of the Washington County Agricultural Stabilization and Conservation committee. To be considered for a winter wheat allotment on a farm which had no wheat seeded for grain for

LIQUOR LICENSE APPLICATION

Notice is hereby given that Edward Ludwig, Kewaskum, has made application for Class "B" Combination Liquor and Fermented Malt Beverage License in the Town of Kewaskum for the period from July 1, 1954 and ending June 30, 1955, at the location described as South Side of Highway 28, St. Michaels, in the N. E. 1/4 of Section 13, T12 R19E.

Said application will be acted upon at a meeting of the Town Board to be held in the Town Clerk's office on June 28, 1954 at 8:00 p. m.

A. H. Seefeldt, Town Clerk
