'Mush' Bauer, Rev. Barth, Others Die; Hansen Rites Held

Edward J. "Musch" Bauer, 50, operator of Bauer's Hotel at Campbellsport, for the past 28 years, and one of this area's most widely known residents, died Sunday, Jan. 27, at St. Agnes hospital, Fond du Lac, at 4:20 a. m. Death was attributed to uremic poisoning resulting from a heart ailment of long standing. He was admitted to the hospital on Jan. 9.

"Mush," a friendly man with a keen sense of humor, gained national attention because of his extreme weight. At one time he tipped the scales at 785 pounds and laid claims to being the nation's "biggest" restaurant and tavern owner. By constant dieting, "Mush" had reduced his weight to 370 pounds at the time of his death.

Bauer's hotel and restaurant was started by the parents of "Mush" in 1913 and has been operated by the family for 44 years. Until three weeks ago when his condition became worse, "Mush" was active in running the business. Associated with him were his brother, George, and a sister, Mrs. James Farrell. The amiable disposition and good humor of "Mush" made friends for the establishment and it has been a popular dining place for many years.

Bauer's tremendous weight was attributed to a siege of scarlet fever when he was a boy. Physicians said the disease affected his pituitary gland and his excess weight resulted from this disorder.

Though he was too big to enjoy athletics himself, he was always interested and an ardent sports fan. He entertained high school athletes from Campbellsport, Kewaskum and other communities at a dinner which became a tradition in the area each year. Until recent years he followed his favorite athletic teams at home and away.

"Mush" could usually be found in a huge red leather chair which Miller's of Kewaskum had specially built to give him comfort and hold his enormous weight. He liked to entertain children and for many years was organizer of the annual village Christmas parade. He liked to distribute treats to the youngsters and during summer months he used to provide them with ice cream cones.

Mr. Bauer was also active in community activities. He was a charter member and one of the founders of the Campbellsport Lions club. The Lions met at his place and he was an active supporter of the club's program. Until this year when health prevented, Bauer served as fund chairman for the Wisconsin Heart association in Fond du Lac county. He became interested in the association after learning of his own heart condition. For years he guided the county association's campaigns successfully.

"Mush" was born at Necedah on Nov. 6, 1906 and moved to Campbellsport with his parents as a small boy. In addition to George Bauer and Mrs. Farrell, he is survived by two brothers and three sisters, Joseph and Floyd of Campbellsport, Mrs. Edward Mitchell, Hollywood, Calif., Mrs. Alfred Scheld and Mrs. Ray Sprankel, Milwaukee.

Funeral services were held at 10

Vote to Continue Sportsmen's Club

At the annual meeting of the Kettle Moraine Sportsmen's Association, Inc. of Kewaskum members decided in favor of continuing the present club rather than joining the West Bend-Barton club as was previously decided. The meeting was held at Heisler's tavern Monday night and was largely attended by about 30 enthusiastic members.

This was the largest attendance at a club meeting in years. Several members of the West Bend-Barton club also were on hand to give their views and Atty. Tom Merriam explained the by-laws and constitution of the Kewaskum club. It was voted to raise the yearly dues from \$2.00 to \$3.00.

A new board of directors, consisting of nine members, was elected. This board will meet in February to appoint four new officers, namely the president, vice-president, secretary and treasurer.

Elected to the board were Wilmer Pfost, Lee Honeck and Leroy Bier, one-year terms; Earl Dreher, Walter Schmidt and Gerry Guttman, two years; Myron Backhaus, Floyd Dreher and Roger Reindl, three years.

LEGION AUXILIARY MEETS. PLANS TO HOLD CARD PARTY

It was decided to hold a public card party at the Legion clubhouse on Feb. 27 at 8 p. m. The public is cordially invited to attend. All games will be played, lunch will be served and door prizes will be awarded.

After the meeting a delicious lunch was served by the hostess Mrs. Viola Prost.

Area Has Light, Power Failure Monday Night

The entire village and part of the surrounding area was without light and power for about three-quarters of an hour on Monday night as the result of a power failure caused by a faulty transformer located near the L. Rosenheimer Malt & Grain company plant.

All of the lights, including street lights, and power suddenly was shut off around 11:15 p. m. The lights went on two or three times for fractions of a second and then stayed out for about three-quarters of an hour until Wisconsin Power and Light Co. crews got the trouble corrected. The light and power came on again around midnight, went out for another brief period, and then came back and remained on.

Not only was the area without light and power but telephone service was disrupted as well. Factories had to shut down temporarily. The only means of communication available was by police radio. Squad cars and members of the fire department and ambulance squad were alerted in case of an emergency.

Many residents who own electric clocks and who had already retired for the night were late for work and school the next day as their clocks were almost an hour behind time. The church clock also stopped. Light and power isn't appreciated enough until one has to do without it even for a short time. Then it is realized how important and convenient it is. It was really dark and what an inconvenience results when freezers, refrigerators, TV sets, radios and other appliances and oil burners (especially in cold weather) etc. are not working.

Youth Killed in Head-on Crash; Other Mishaps

Washington county's first traffic fatality of the year was recorded at about 4:16 p. m. last Thursday when a 16-year-old West Bend High school student was killed in a head-on collision on Hwy. 45 about a half mile south of County Trunk C south of West Bend. Killed was Gene Schmidt, 16, R. 1, Jackson.

Injured in the accident was Mrs. Charles Geiger, 47, of 555 Highland View dr., West Bend, driver of the other car, whose husband is general manager of the Wm. H. Heinemann Creameries, Inc. of Kewaskum. Mrs. Geiger suffered a fracture of the right leg and shock. She was taken to St. Joseph's hospital where her condition was described as good.

Schmidt son of Mr. and Mrs. Glen Schmidt, apparently was returning home from school at the time of the crash. Witnesses said Schmidt was traveling south, passed several cars and a school bus when it collided with the northbound Geiger auto. Both cars were badly damaged.

Schmidt, a junior in high school, was pronounced dead at the scene of the accident.

A car driven by Helmuth Lubitz, Jr., R. 3, West Bend, sideswiped a Hillside Transit Co. semi-trailer driven by John L. Jasensky, 25, of 3874-A E. Edgerton st., Cudahy, at about 3:35 a. m. on Saturday on Hwy. 45 in the Kewaskum swamp area. The Lubitz auto struck the rear wheel of the truck, which was parked at the roadside, according to Traffic Officer Forest Brown, who investigated. Lubitz was removed to St. Joseph's hospital, West Bend, in the firemen's ambulance. He was charged with reckless driving following the mishap.

Jacob Hawig, 52, R. 3, Kewaskum, was charged with operating his car on the wrong side of the road after the vehicle collided with one driven by Duane Gundrum, 21, Slinger, Sunday evening. According to police, Hawig was traveling north on Hwy. W and Gundrum was going south. Gundrum reported Hawig was driving with his lights out and was in the center of the highway. He swerved to the right to avoid a head-on collision and was sideswiped by Hawig's car.

Autos driven by Richard Wagner, 63, R. 5, West Bend, and Lyle Schacht, R. 2, Kewaskum, were involved in a mishap on Hwy. 45 south of West Bend Tuesday morning. The accident happened when Wagner stopped to turn into his driveway. The Schacht vehicle skidded when the driver applied his brakes, struck the right rear fender of Wagner's car, and then continued into the ditch, knocking down two mail boxes.

'Teens Against Polio' Dance Is Fine Success

KEWASKUM CLOSEST TO GOAL WITH \$120 IN TICKET SALES

About 250 people danced to the music of the Tony Berres orchestra, which was donated, last Saturday night at the Washington county polio dance held at the McLane school gym, West Bend, from 8:30 p. m. until 12:30 a. m. This dance was sponsored by the "Teens Against Polio."

At 10:30 o'clock the county chairman, Luella Cypher, announced the results of the advance ticket sales in the four high schools. The tickets and money were not turned in at the time.

At the same time Jeanne Weiss of West Bend, a teen fighting polio, sang a solo, "Two Different Worlds." Then her triple-trio joined her in singing the "Holiday Polka" and "May the Good Lord Bless and Keep You." The gathering was very thankful for Jeanne's co-operation in providing this student talent.

As of Monday morning these are the results of the four schools and other amounts obtained from the dance. Not all of the money has been turned in as yet, but this includes most of it.

Kewaskum was closest to their goal of \$150 with \$120. Next came West Bend with \$191, their goal being \$350. Slinger placed third with \$65 of a goal of \$150 and Hartford was next with \$23. Their goal was \$175. At the dance a total of \$77 was taken in from the sale of tickets and soda water. The county chairman also collected \$40.

As county chairman, Miss Cypher wishes to thank her four co-workers, Aldwin Seefeldt of Kewaskum, Ralph Mayer of Hartford, Susan Kissinger of West Bend and Marilyn Wolf of Slinger for the wonderful co-operation they showed and she is sure they each did the best they could. Thanks are also due to all the students of the four high schools who helped sell the tickets and assisted at the dance taking tickets, selling soda and putting up decorations.

The chairman also wishes to thank the following business places for their splendid donations and co-operation, which made the dance a success: Pilot Press, Inc., Washington County Publishing company, Tony Berres orchestra, West Bend public schools, West Bend police department, the radio stations and newspapers for carrying the stories as the dance progressed and everyone else who helped.

The "Teens Against Polio" committee wishes to thank everyone for coming to the dance, the janitors for all their help, and the following fine chaperones: Mr. and Mrs. Robert A. Stodola, West Bend; Mr. and Mrs. Merlin Luedtke, Kewaskum; Mr. and Mrs. Roy Wolf, Slinger; Mr. and Mrs. Lee Kissinger, West Bend, and Mr. and Mrs. Paul Cypher, West Bend.

More than \$10,000 Americans died of the heart and blood vessel diseases in 1955, American Heart Association figures show. Cardiovascular diseases thus cause more deaths in the United States than all other causes combined.

At least 10,000,000 persons in the United States, or one out of every 16, suffers from some form of cardiovascular disease, the American Heart association reports.

Around The Town

Our mail this week included a letter from a Chicago woman who visited Kewaskum Sunday, which was sent especially to publicly thank Chief of Police Roland Piedl for the courtesy and attention shown her while here. We are printing the letter below but urge the chief to open his coat before reading it to save the buttons.

Jan. 28, 1957

Dear Editor:

My husband and I drove from Chicago to Kewaskum yesterday, Jan. 27th, to visit a friend, Sr. M. Thoma O.S.F. Upon arriving in Kewaskum I discovered that she had not mentioned the name of the school at which she was teaching. She just had a R. R. number and P. O. box address in her letter.

What to do? Well, we stopped at your police station and that is why I am writing this letter. We do not know the name of your police chief but we would like to publicly thank him for the courtesy he showed us. He told us that it must be St. Michaels where she was teaching. Then he called the convent for us but got no answer as the sisters were in church. He then gave us instructions on how to get out there. Ten minutes later we were visiting with our friend.

We are moving up to Marshfield, Wisconsin, between now and May. As I have never lived in a small town, I am hoping that maybe just a few people we meet when we get up there will be just one-half as nice as your Kewaskum police chief.

Sincerely yours,
Mrs. Harry Zimmerman
5162 N. Leavitt St.
Chicago 25, Illinois

According to a notice published in last week's issue the Kewaskum theatre is on the verge of closing its doors again unless it receives better patronage and support. This shouldn't happen. A town of this size needs and should have a theatre. You readers want a theatre as well as we do. Then, for Heaven's sake, let's get behind it and attend the movies. Sure, we know there is television, it is cheaper, more convenient and all of that but let's keep the theatre doors open. The present operators have put themselves out and deserve much credit for keeping the theatre going, even at a loss at times. The least you can do is show your appreciation. And send in those postcards to the management, asking them to keep the theatre in operation or you may never have one again.

We were glad to see that the Kettle Moraine Sportsmen's Association, Inc. of Kewaskum finally decided at a meeting held Monday night to continue the local club instead of joining the West Bend-

Barton club. The West Bend-Barton club is a good, sound organization but we feel that Kewaskum should have its own club with the many members it has. There is no reason why the local organization cannot be just as sound and successful with the co-operation of all of the members. Now is the time to throw in your three bucks and join the club.

Manager "Cisco" Backhaus must have fed his Land o' Lakes basketball players a full box of Wheaties or injected them with atomic energy before Sunday night's game in which they scored a record-breaking 120 points in beating Rosendale. That's hot nets.

For the first time this winter the village crews hauled away the snow from the main streets Tuesday. Monday's two inches added enough so that it was beginning to pile a little high at the curb. Now there is room for more in February and March, usually pretty abundant snow months.

A Boston man fell dead one day while cursing an editor. Our citizens are invited to take note of the above circumstances and govern themselves accordingly.

Wasn't it dark Monday night?

Heart diseases cause more deaths in the United States each year than all other causes of death combined.

MEETING OF WOMEN'S BOWLING ASSOCIATION

There will be a meeting of the West Bend Women's Bowling Association at Jack's alleys in West Bend on Tuesday evening, Feb. 5, at 7:30 p. m. The coming city tournament, the election of a city tournament manager, and the election of delegates to the state bowling convention in Beloit will be some of the important business to be transacted. If there is anyone interested in managing the city tournament, please make this fact known to the city association secretary, Audrey Mayer. It is requested that every captain or a representative of each

In addition to respecting all the ordinary rules of traffic safety, the wintertime driver must consider how he will react to reduced visibility, inadequate traction and temperature changes. Any of these three factors can spell trouble for the motorist who forgets them, says the Wisconsin motor vehicle department.

Chevs Set Record in Lacing Dalers, 120-83; Take Undisputed Lead

Kewaskum's steam rolling Chevrolets took over the undisputed lead in the second half of play in the Lakes league and set a new scoring record in doing so when they soundly trounced Rosendale here Sunday night, 120-83. The win was the team's third straight without a setback.

The 120 points in one game set a record high for the season and probably is the most points scored in many seasons. The Chevs hit this record by pumping in 49 field goals and 22 free throws. Besides they missed 10 other free throw tries but still sank 22 out of 32 for a very good average.

Kewaskum took over sole possession of first place as Beaver Dam, which had been tied with the Chevs, was knocked off by Mayville, 86-82.

In the Chevrolets' victory over the Dalers by a whopping margin of 37 points, eight of the ten players scored 10 points or better. John Tassar, one of the loop's best, as usual led the parade with 28 points, followed by George Hanrahan with 15, Don Meisenheimer 14, and Frank Krueger, Gordie Wierman, Bob Dreher, Ellie Ramthun and Leroy Keller with 10 each. And Aug. Bilgo contributed 7 more with Dick Edwards adding 6. All of the players saw plenty of action as substitutes were poured in and out of the action. Rosendale's best scorers were Belling with 25 and R. Smit with 21.

The Chevs kept the score fairly respectable in the first half, leading 29-21 at the quarter and 56-43 at the intermission. But they pulled farther and farther ahead in the second half. Oddly Kewaskum scored 32 points in both the third and fourth quarters and the Dalers scored 20 points in each of the same periods. The third stanza count was 88-63.

After playing three of the weaker teams in the circuit so far in this half the honeymoon is now over for the Chevs. Four tough ones are ahead starting at Beaver Dam this Sunday afternoon. Then the team plays Hartford and Mayville away from home before entertaining West Bend here. That is really a tough row to hoe and the Chevs can be thankful they have the first half title sewed up. Sunday's tilt at Beaver Dam will start at 2 p. m.

RIVERS TEAM FINALLY WINS FIRST GAME, 47-38

After many close defeats and a lot of hard trying the Kewaskum Land o' Rivers team finally came through with their first win of the

season here Sunday, beating Rosendale 47-38. The victory moved the team out of the cellar for the first time and into 7th place with a 1-2 record.

Kewaskum trailed the Dalers in the first half, 15-11 at the quarter and 23-22 at the intermission. But they outscored the visitors in both of the final periods to win. They tallied 13 points to their opponents' 6 in the third quarter to go ahead 35-29 and stay on top.

Pacing the team to victory were Russ Rodenkirch with 11 points, Gil Hammer with 10, and Norbie Rohlinger and Barney Skrentny with 8 apiece. Madigan was best for Rosendale with 14 and Klimke added 9.

This Sunday Kewaskum plays the strong Thiensville team there.

Farmers to Be John Deere Day Guests Feature Film to Highlight Complete Entertainment Program

Some of the most beautiful scenery in the country provides the backdrop for the picture "Heavens to Betsy," feature film of the John Deere Day program to be staged for farmers and their families. This photo shows the cast and camera on location in Colorado.

Area farmers and their families will be guests at John Deere Day, a full day of entertainment prepared especially for them by the hosts for the affair, L. Rosenheimer, the local John Deere dealer. The event will be held at the Kewaskum theatre, Wednesday, Feb. 6. Beginning at 1:30 p. m., the program will be highlighted by six all-color motion pictures, including the feature picture "Heavens to Betsy" and will include demonstrations and displays of new tractors and equipment.

The feature "Heavens to Betsy" is described as a picture tailored to the tastes of modern farm folks and which centers around a typical farm wife and mother who, to her own surprise, is nominated as a candidate for "Mother of the Year." According to Rosenheimer, it is a lifelike story that intimately touches upon the trials, the anxieties, the joy, and the comedy which is so much a part of family life and which makes the fictitious Roper family seem as "the folks next door."

SEE FIVE ADDITIONAL MOVIES

In addition to the feature picture, the John Deere Day audience will be treated to five additional all-color films Mr. Rosenheimer said. In one, Tom Gordon, perennial John Deere Day favorite, will "ride again" on the rocky road to wisdom. All who have attended previous John Deere Day programs will remember Tom affectionately as the delightful skeptic who, in spite of

himself, usually bumbles his way out of his difficulties. He does it again in the picture, "Please Pass the Pasture."

The latest in the popular series, "Oddities in Farming" will take the audience to Holland, Michigan, for the annual tulip festival where it will be shown how in that region beautiful flowers become a paying crop. The audience will also be introduced to the unusual business of mink farming and the intricate steps that go into producing pelts for the fine furs which draw gasps of awe and delight from the ladies.

NEW EQUIPMENT FOR 1957

Other films on the program are devoted to an introduction to new farm equipment for 1957. The farmers will see the complete new line of John Deere tractors under actual working conditions and will be given an explanation of all the fine new features that promise to make possible new strides in progressive agriculture. Among new implements to be shown are plows, integral and semi-integral side-delivery rakes, planting equipment, and many other machines destined to cut time and labor on the farm.

FREE TO FARMERS

In his announcement, Mr. Rosenheimer said that the program will be free to all farmers and their families and friends. He cautioned, however, that admission would be by ticket only. Farmers who have not yet received their tickets may have them by calling at L. Rosenheimer, Kewaskum.

Jackson Farmer Is County Corn King

Lawrence Ritterbusch, Jackson, was announced a county corn king in Washington county by Wisconsin Farmco Service Co-operative during an award dinner held in Madison recently.

In winning this award, Ritterbusch produced 141.33 bushels of corn per acre in a corn growing contest sponsored by Farmco, a Wisconsin Farm Bureau affiliate. The contest, run along the lines of the University of Wisconsin pacesetter contest, stresses the use of good farming practices, including good seed and the correct utilization of fertilizer.

Yields in the contest are reduced to a 15 per cent moisture, 70 pound per bushel basis. The minimum size field was five acres and Farmco products were used throughout.

Grand winner of the contest was Saalsaa Bros., South Wayne, Wis., who won an International one-half ton pick-up truck as a result of their yield of 195.28 bushels per acre.

Farmco is the procurement agency for Washington Farmco Co-operative, Lawrence Rens, Manager.

Since 1911 a total of 21,166,980 merit badges were earned by the Boy Scouts of America.

The total investment in Boy Scout camps throughout the nation exceeds \$55,000,000.

INCOME TAX FACTS No. 2

Selecting the Correct Form Saves Tax Dollars

(This is one of a series of articles on federal income tax filing. These articles are based on information provided by the American Institute of Accountants, and the Wisconsin Society of Certified Public Accountants in cooperation with the Internal Revenue Service.)

The government gives you the alternative of using the simplified income tax form 1040-A, the "short form" 1040, or the "long form" 1040, depending on the amount and circumstances of your income. Selection of the wrong form may cost you unnecessary tax dollars.

The easiest form to file is the 1040-A, and according to Treasury records, one out of four taxpayers use it. To be eligible to file a 1040-A form your total income must be less than \$5,000, consisting entirely of wages subject to withholding (or of wages, dividends, and interest, providing not more than \$100 of such income came from a source outside that listed on your W-2 slips). The simplified form makes no provision for "Head of Household" status or itemized deductions. If you use this form the government will figure your tax and send you either a refund or a bill, if you so desire. However, for the first time this year, you can compute your own tax on form 1040-A and either send in the balance due with the return or show thereon the amount of refund you have coming.

Whether to Itemize

Should you decide to use the regular form 1040 you still have the choice of itemizing deductions or using a standard deduction which amounts to about 10 percent of your income. If your income was less than \$5,000 and you use the standard deduction, you determine your tax from the special table given in the instruction book.

You are likely to save by itemizing if you:

- (1) Own real estate
- (2) Had unusual medical expenses
- (3) Had deductible child-care expense
- (4) Suffered losses from fire, storm, accident or theft
- (5) Made fairly large contributions

It is important to remember that if you incur such expenses as transportation, meals or lodging in connection with your work, check carefully the instruction book to find how these expenses may be deducted even though you decide to use the standard deduction.

If your deductions are close to 10 percent, it is wise to itemize them and figure your tax both ways to see which results in the smaller tax. As the Treasury Department

has pointed out: "The law expects you to pay your correct tax—no more—no less."

Married Couples

Most married couples save tax dollars by filing a joint return instead of separate returns. This is because the tax is figured on a joint return as if the husband and wife each had one-half the total income (even though the wife may actually have had no income). Income-splitting, as it is called, may bring the couple down into a lower tax bracket.

Watch for the exceptions, however. If you had capital losses or unusually high medical expenses, you will be wise to figure both jointly and separately to see which results in less tax.

If you are supporting a dependent and maintain a home for that person although you are single, widowed, divorced or legally separated, you may be able to qualify as a "head of household," and figure your tax on a special table which gives you part of the advantage enjoyed by married couples filing joint returns.

Surviving Spouse

Also, if your husband or wife died in 1954 or 1955, and you have as a member of your household a dependent child or stepchild, you are entitled as a "surviving spouse" to the same income-splitting benefits this year as you would have on a joint return—unless you remarried before the end of 1955. The privilege to file as a surviving spouse applies to the first two years following the year in which your husband or wife died.

The instruction book which comes with your tax forms gives further information. Help is also available by telephone or at offices of the Internal Revenue Service. The Revenue Service urges you to consult a properly qualified advisor if you decide to seek outside help.

Indians Win Two Close Ones from Dalers, Oaks To Tie for 4th Place

The high school Indians, who got off to a slow start, are gaining momentum as the season progresses and now have moved into a tie for fourth place with Campbellsport by winning two tight games the past week in Tri-County action. Last Friday night at Rosendale Kewaskum won by five points, 58-53, and on the home floor Tuesday the Indians won an even closer contest from Oakfield by two points, 61-59.

Dave Mertzig paced the winners in their triumph over the Dalers by scoring 22 points. G. Oppenorth added 12. DuWayne Belling took honors for Rosendale with 23 tallies. The Indians led by a big margin, 27-11, at halftime but the Dalers came back in the second half, outscoring Kewaskum 12-31 to almost pull the game out of the fire. The Mitchellmen were on top, 48-29, at the end of the third period but Rosendale outscored them in the final quarter, 27-10.

Competition was very keen Tuesday night as Kewaskum nosed out the rival Oaks in a hard-fought, rough battle, 61-59. The score was close nearly all of the way with the Indians leading throughout the tilt after the first stanza. Kewaskum trailed, 14-12, at the quarter but moved ahead by two points, 32-30, at the intermission. The winners pulled away some in the third quarter, 51-42, but the Oaks closed the gap in the final period before finally being edged with the fans screaming.

Mertzig again led the Indians with another 22 points, followed by Oppenorth with 17. Jerry Shady was tops for Oakfield with 17 while Huth had 13.

This Friday the Indians entertain neighboring Campbellsport in a fight for a tie for third place. The winner will be tied for third with the loser of the Hustisford-Brandon game.
