Three Passenger Trains Cancelled By Northwestern

The Northwestern railway has announced a revision of its train service through Kewaskum and the cancellation of three trains. Acting with the permission of the Wisconsin public service commission, the new schedule was put into effect by the railway on Sunday, June 16.

Dropped from the schedule were two southbound trains, No. 154, leaving Kewaskum at 4:49 p. m. daily except Sunday, and No. 244, leaving Kewaskum at 11:30 p. m. Sunday night only. Northbound train No. 121, passing through Kewaskum at 12:15 a. m. daily has also been discontinued. This train did not stop in Kewaskum but did take on passengers at West Bend.

With the revised schedule, southbound train No. 224, leaving Kewaskum at 12:15 a. m. daily except Sunday, now stops in Kewaskum. This is the only train left which passengers from Kewaskum can take to Milwaukee.

The public service commission's permission to reduce train service was granted to the railway early in May. Involved in the cutback are 18 passenger trains, whose discontinuance is expected to save the railway \$1,806,000 a year. Nine trains serving Milwaukee, including the last two between Milwaukee and Madison, were taken out of operation. Dropping some Northwestern passenger trains was necessary to insure adequate freight service so vitally important to the industrial advance of the state.

Chevs Hand Saukville First Loss of Season In 4-2 Upset Sunday

The surprising Kewaskum Chevrolets upset Saukville, league leaders in the south section of the Lakes loop, in a well played game at Saukville Sunday afternoon. The defeat was the Sauks' first of the season after five straight wins. The win gained the Chevs a tie for second place in the north section with Sheboygan, each team having won 4 and lost 2. West Bend is on top with 5-1.

Kewaskum took the lead with a run in each of the first two innings. Bob Dreher's walk, Don Meisenheimer's sacrifice and John Tessar's single drove in the first button. In the second frame Dave Mertzig was safe on an error, stole two bases and scored on "Pete" Petermann's sacrifice fly. They iced the contest in the 6th frame when Herb Fischer's single, Augie Bilgo's triple and Mertzig's sacrifice pushed over two more runs. Saukville scored once in the fifth inning and again in the seventh.

Dandy Dave Mertzig pitched another fine ball game. He gave up seven hits but was really tough in the clutches. He was relieved with one out in the eighth by John Tessar and the bases loaded. Tessar immediately got Dickman to ground into a double play without a run scoring. Mertzig fanned eight and walked four. Tessar also whiffed

one. W. Mueller and D. Didier held Kewaskum to four hits but the boys got them when they counted and scored four runs on them. Seven Chevs struck out and two got on base on walks.

W. Kohn and Didier collected two hits apiece for the losers. The Chevs' four safeties were divided with the only extra base blow being Bilgo's three bagger.

This Sunday Kewaskum, which has played all of its games away from home so far this season, hits the road again when they go to Germantown. Germantown of the south section and the Chevs have identical records of 4 won and 2 lost and the contest should be a dandy.

Summer officially begins today, June 21. But we think the calendar is mixed up. In these parts it began last Sunday and Monday when the temperature was in the 90's. That's the weather we've been crying for, so no complaints. Only bad part of the beginning of the summer season is that the days start getting shorter already and up to this week we had everything but summer weather.

How about that firemen's water fighting team? After beating all the other teams in the fights at Thiensville the week before they made another clean sweep of the water fights at the Barton picnic Sunday evening. The five-man team defeated Boltonville in the first round and then took on Saukville, Saturday night's winner, and trimmed them two straight for the championship. This Sunday they go at it once more at the Saukville picnic.

Want to get rid of that noise in your car? Let her drive.

We've heard of upside down cake but now it's a new one—upside down onions. It seems one local gardener planted his set onions upside down. They started growing down, then made a U turn underground and are now growing up at last. Don't know if it was the first time this gardener planted onions or whether there was a reason for planting them in reverse. Anyway if you want to buy some upside down onions we can give you his phone number.

Being put on a picnic committee gets to be quite a headache. After meeting just about every Monday night for the past two months and using up a lot of time that could be used for other purposes, things are finally shaping up pretty well for the annual firemen's-Legion affair to be held July 13-14. Tickets have been on sale by members the past couple of weeks and posters will go out next week. The entertainment has been booked. Saturday night will feature an amateur contest again and Les Schneider's sock 'n hole orchestra. The big parade Sunday will start at 12:30 and will feature the high school band, little German band, and we are promised the old Kewaskum Legion drum and bugle corps will be resurrected for one day's marching, among other features. The Marlene Sisters of the WTMJ-TV Hot Shot Revue and Silent Sam and Gloria, a comedy knockabout act, will entertain afternoon and evening. The little German band will move about the park all day to furnish music, fun and

laughs. There'll be water fights by four teams at 7 p. m. Sunday. Never knew there were so many things to take care of to line up a picnic. And besides all of this preparations must also be made for the fireworks display to be sponsored by the firemen on the night of Wednesday, July 3.

Understand the four local fishermen who spent the week end up at Ceell experienced quite a sea disaster. Their ship had just left port when it was rocked by a sudden explosion. The skipper was just about to abandon his smoking ship which was floundering helplessly in the weeds when he began to wise up on what had happened. All kidding aside, you know the kind of bombs they put on car motors that make a loud noise and lot of smoke. Well, some joker attached one to the motor on their boat with the same result. You're right, Reindl had a hand in it.

Down at the ball game Tuesday night it almost seemed like Milwaukee playing Milwaukee with four former Braves—Antonelli, Crone, Thomson and O'Connell—in the Giants' lineup. Had to think first who was playing who before deciding whether to cheer or boo.

Guess the 12 Boy Scouts and six adults who spent the week end fishing at Eagle River had quite a

time and really fished. They caught about 100 walleyes and used up 50 dozen or 600 minnows for bait. They had almost more pounds of fish with the bait than after catching the walleyes. The 600 minnows alone would make several fish fries.

Received further communications this week from Dr. and Mrs. Edwards and Donald Seil and "Tiny" Terlinden who are touring the West on vacations. The Edwards had reached San Francisco and Donnie reported from Boulder City, Nev., writing that they visited the Grand Canyon and million dollar Golden Nugget gambling hall, saloon and restaurant at Las Vegas, along with seeing hundreds of miles of nothing but desert wasteland. "Doc" also sent in the first of two articles he is writing for this paper while on the trip. It appears on another page.

In closing, I am proud to have your son as a member of my organization.

Let's All Go To Our Local Show - Boost Kewaskum

Thanks and Thoughts from Your Family Doctor

For the past 25 years of our life we have been happy to be with you in Kewaskum, and we do sincerely hope to be with you many more enjoyable years, God willing.

When Washington Irving wrote the fable "The Legend of Sleepy Hollow," he must have felt somewhat like I now feel about all my friends in Kewaskum, which is a desire to arouse all the sleeping Rip Van Winkle's into concerted action for the good of our ever-expanding village. Why not form a new club, take in every one young and old alike, pay no dues, have no meetings—the only requirement of a member is that he or she will, at all times, be an enthusiastic booster for the good accruing to our village and to all of Kewaskum's inhabitants.

Such a club I propose to be known as the "RIP SNORTERS" in contrast to the "RIP SNORERS" we now have in our midst. A true RIP SNORTER will only speak well of one another at all times; he will greet his friends with a real sincere "Hello" or "Hi, Jack"—truly as if he meant it from his heart—not as I have so often heard, a guttural unintelligible syllable or two, grunted out between clenched teeth—a most uninviting way to boost friendship or business.

Another test of a truly active RIP SNORTER is best expressed by the slogan, "Service with a Smile."

which denotes a sincere man in business who greets his customers with a cheerful greeting and then takes active interest in that customer to see that all his wants are fulfilled. If not able to do so yourself, call your competitor at once to learn if he has that item needed to satisfy your customer—such an act of kindness will be repaid in kind by customer and competitor alike—try it!

Of course, all good RIP SNORTERS will want to boost Kewaskum so sincerely that they will always try to buy locally and, if treated fairly and honestly, Kewaskum will flourish and grow amazingly fast and will remain so as long as competition is met in price and sincere service with a smile is provided in abundance.

The coming of the Great Lakes Seaway to the shores of Lake Michigan will be a secondary boom to our area such as few can even dream about today.

Opportunities for RIP SNORTERS to do civic good abound in every village or city and Kewaskum is no exception. When a community of people put forth concerted sincere efforts to accomplish a project, it amazes everyone how much can be accomplished at so little cost per person (plus RIP SNORTER service). As you all know now, when any project to improve our community is proposed, the RIP SNORTERS loudly proclaim that "it can't be done" or, some will be more honest and admit, "to do that means work

for me."

Be not dismayed or disillusioned RIP SNORTER members for, as everyone knows, "where there is a will, there is a way, God willing!"

The need for a swimming pool in our community has become a very important issue to me and I wish to bring my reasons to your attention. It saddens me very greatly to be called to the water's edge to try to revive a small child, blue in color, lifeless and limp, the innocent victim of deep water and an inability to swim even a few life saving strokes.

Our village is confronted by this danger at all times by our river and nearby lakes. Every year there is at least one unnecessary life lost in our vicinity and, sad to say, this lifeless body belonged to a NON-SWIMMER in nearly every case.

When World War II began, I had learned that only about 20% of the inductees could swim, hence, the cause of many a soldier's life to be lost later was directly due to his inability to swim. Our government, the army, could not take time to teach all inductees the art of swimming to save one's own life.

I know that very few people now living in Kewaskum, who are over 20 years of age, will take that time to learn to swim in our proposed new pool, but I do know that over 90% of all children living in our community now and in the future will be good swimmers.

Hence, the basic reason for Kewaskum community to have a swimming pool is to save one's own life, but may I also suggest that swimming is a healthful exercise for all ages, and that a free public pool (except for small service charge) will bring people to our fine village from miles around to the everlasting endearment to all of our inhabitants.

Next week, I hope to relate to you how all this can be done by a real RIP SNORTER community.

Sincerely,

Doc Edwards, R. S.
