All during this spring clean-up drive any large amount of refuse will be picked up by village crews at any time. Just call the municipal building.

Let's all get behind this drive and help clean up our village.

## TEST ALERT IN KEWASKUM

On May 6 and 7, Civil Defense forces throughout the United States and Canada will conduct a practice alert. The purpose of the exercise is to train personnel and to test emergency operations plans. This alert will take place in Kewaskum on Tuesday, May 6, and your Civil Defense asks that all residents take special notice of this practice test.

Some time during the morning, a warning of impending disaster is expected from the U. S. Air Force Continental Air Command at Colorado Springs, Colo. The warning will come direct to Milwaukee over the National Air Warning System maintained by the Air Force and the Federal Civil Defense Administration. A steady blast on our fire siren for three to five minutes will announce the alert. All Milwaukee radio stations will carry Civil Defense information on Tuesday from 10:00 a. m. to 10:30 a. m.

Later in the morning, the siren will be sounded in the rising and falling tone of the take-cover signal for three to five minutes. It will be sounded after the warning has been given to the main control center at Milwaukee and in turn given to our control in Kewaskum.

The local school heads have been advised, and will be cooperating in evacuating the children from the buildings.

As Civil Defense has so often urged, KNOWING what to do is your family's best safeguard in the event of a disaster, as a tornado, or in time of war. A practice alert such as this is a very important part of your knowledge.

## Firemen Answer Three Calls to Same Woods

The firemen had a busy day Wednesday, answering three calls, all to the same fire in the Arnold Bier woods in the town of Kewaskum, located southeast of the village.

The first call came at 11 a. m. It is believed that burning paper or embers from a fire at the village dump were blown into the wooded area across the road by a strong west wind. Burning leaves blown about by the terrific wind caused fire to break out in numerous places in the woods. Almost as fast as firemen got one blaze put out the flames broke out in another spot. It took about an hour and a half before the various small fires were under control.

A second call to the woods was received at 1:30 p. m. when embers from burning stumps and fallen trees blown by the wind again started grass and leaf fires.

The department was summoned to the woods for the third and last time at 3:15 p. m. when a blaze broke out anew on the hills at the north end of the large woods, which covers an area of about 70 acres.

## Michael Kohns Celebrate 50th Wedding Anniversary

Mr. and Mrs. Michael T. Kohn of Kewaskum had the honor of observing their golden wedding anniversary on Sunday, Apr. 27, with an open house and reception held from 2 to 7 p. m. in the Holy Trinity church parlors. At 8 a. m. on Monday, Apr. 28, the date of their wedding 50 years ago, a high mass in the couple's honor was read in Holy Trinity church, during which Mr. and Mrs. Kohn renewed their marriage vows.

Mr. Kohn, 75, was born near Kewaskum on Oct. 12, 1882. Mrs. Kohn, 71, the former Amanda Kleinhaus, daughter of Mr. and Mrs. Frank Kleinhaus, was born at Elmore on July 16, 1886. They were married on Apr. 28, 1908, at Campbellsport by the late Rev. July.

The Kohns lived on the river road north of Campbellsport until 1920 at which time they had a milk route in that village. For 40 years Mr. Kohn was a cheesemaker. They retired in 1951 and moved to Kewaskum.

Attendants at their wedding were Paul Kleinhaus, now of McCallen, Tex., and Margaret (Opengorth) Botzkovis, now of Tacoma, Wash. Both attendants are ill

at present and were unable to attend the 50th anniversary.

The couple has three sons, Lester and Clayton of Kewaskum and Michael, Jr. of Norrie, Wis., rear Birmamwood and five grandchildren, Vivian, Janis, Karen, Robert and Diane Kohn. Mrs. Kohn has five brothers, Frank Kleinhaus of Milwaukee, Alvin Kleinhaus of Donna, Tex., Paul Kleinhaus of McCallen, Tex., John Kleinhaus of Fort Lauderdale, Fla. and Norman Kleinhaus of Wayne, Mich.

Mr. Kohn has two brothers, John Kohn and Alvin Kohn, both of North Fond du Lac.

For their anniversary celebration Mr. and Mrs. Kohn wore corsages of gold and white carnations and yellow roses. A golden wedding cake flanked by two gold candles furnished the table centerpiece at the reception Sunday. Table decorations consisted of yellow mums, snaddragons and roses.

Persons from many distant cities as well as nearby communities were present at the anniversary celebration. Mr. and Mrs. Kohn wish to extend thanks for the lovely gifts and cards received and all who attended the event.

## 'Big Mice' Steal 50 lbs. Of Cheese from Factory

It must have been some pretty large mice that broke into the Orchard Grove cheese factory southeast of St. Michaels Monday night or early Tuesday. In the break-in reported to the sheriff's office Tuesday morning the loot included 75 pounds of grade A butter, 50 pounds of brick cheese and 45 gallons of gasoline.

Also taken were two 10-gallon milk cans. It is believed that the burglars used the cans to haul part of the gasoline they stole from the pump. The dial indicated that 45 gallons had been taken.

The burglary was discovered by Erwin Kempf, who operates the factory in the town of Farmington. Entry was gained through the boiler room by kicking down the door. The lock on the gas pump was also smashed.

**Our Police Chief Says**

Those of us who are baseball fans know that a pitcher wouldn't stay on the mound very long if he didn't know the rules of the game and follow them to the letter. Neither would a football player or a basketball player last very long not knowing and obeying the rules of the game from the outset.

The motorist is in much the same position as the athlete. To be successful, he must know and obey the rules of the road. He must regard his fellow motorists as his teammates of the highway and he must work with them to help bring about a safe journey for all.

In one respect, the motorist is in a much different situation than the athlete: His failure to know or failure to obey traffic laws can lead to consequences far more serious than those faced by the rule-breaking athlete. Failure by the motorist in this area can lead to costly accidents, serious injury—death.

There are "referees" on our streets and highways. They are

called traffic officers—and they "call 'em as they see 'em." Many a driver has been guided toward the law-abiding path by the timely intervention, or the mere presence, of a traffic officer.

The wise driver needs no referee. He understands that the rules of

the road exist for his own protection; that breaking these rules may mean being "taken out of the game" by sudden tragedy.

Education covers a lot of ground but it doesn't always cultivate it.

## Around the Town

Sure seems good to have daylight saving time back in effect again and enjoying those long pleasant evenings of mowing lawn, working in the garden and doing other chores around the yard and house. Now if we only get the weather to go with it. That temperature in the low 20's Tuesday night wasn't exactly what we ordered. But cheer up, the aroma of bratwurst will soon be in the air again (some barbecues have already been held) and the weather will soon be right for evening picnics, fishing, outings, driving, or what have you? Even the cows are getting used to DST, although it took a lot of pull.

Congratulations to all you lucky parents who don't have daughters and don't have to buy prom dresses.

The Kiwanis club's action in conducting a spring clean-up drive is a fine civic move which should make our village shine. Be sure to lend your co-operation.

Did you hear about our local bachelor who spent \$25 on chlorophyll tablets before he found out that women didn't like him anyway?

Congratulations also to H. Ramthun & Son, celebrating their 50th anniversary and grand opening sale this week end in their newly remodeled store. The business was established by the late Henry Ramthun in 1908. The entire front of the store was remodeled last

fall during the time new Fond du Lac ave. was being built. The firm is serving refreshments and giving many prizes and gifts on their anniversary, including a grand prize of an electric water heater at the end of the sale which continues through May 10.

Effective May 1 the price of single copies of the Statesman purchased at our office, the drug store, variety store or Gambles is seven cents per copy. This is due to increased costs as well as to give those selling the papers a little more profit and to make it cheaper as an inducement to subscribe by the year. All other weekly papers are selling for at least 7c and we are the last to up. There will be no raise on regular subscriptions at present.

Mystery of the week: No one saw a horse in Kewaskum this week but yet the evidence was right there at the intersection of Main and Fond du Lac Wednesday morning. Could it be night riders? Or a low flying Russian sputnik with a horse in it this time?

The car hop opened again for the summer season last week end under the new name of Wigwam Drive-in, in keeping with the Kewaskum Indian tradition. A large sign bearing the new name has been installed on the street in front of the drive-in by Dick Edwards, manager. You kids better look for the Wigwam ad elsewhere in this issue because by clipping the ad and presenting it at the drive-in you will receive a free penquin.

The final phase of the annual cookie sale of the Girl Scouts took place last week when the scouts delivered the cookies ordered by customers several weeks ago. The local chairman failed to report how many boxes of cookies were sold here.

Don't overlook the two sections of county board proceedings included with this week's fat issue.

It's evident that all of the people acting foolish aren't acting.

## Indians Trim Brandon, 15-1, in No-Hitter

The Kewaskum Indians moved into a three-way tie for third place in the Tri-County conference Monday by trouncing Brandon, 15-1, as two Indian pitchers combined for a no-hitter.

The hurlers were Jim Marx and Jerry Wickert who struck out 15 batters, walked six and did not allow a single safety. Brandon scored its lone run in the fifth inning after Wickert walked Ben Redman, who stole second and a bad throw put him on third. He crossed the plate on a passed ball.

Tom Smith led the Indians with two hits. Kewaskum scored at least two runs in every inning but the fifth, pushing across 2 in the first and second, 3 in the third and fourth and 5 in the sixth. The winners collected 10 hits.

Brandon committed 6 errors behind their pitchers. Glen Supernand received the loss.

Kewaskum's scheduled game at Campbellsport last Thursday was postponed due to rain. The game will be made up on May 12 after the regular season. On Thursday of this week the Indians played at Hustisford and Monday Oakfield is here.

The meeting was called to order by E. M. Romaine. The clerk read the certificate of membership of the Washington County Board of Supervisors as follows:

CERTIFICATE OF MEMBERSHIP

To the Honorable Board of Supervisors: Washington County, Wisconsin

I, Anton P. Staral, County Clerk in and for Washington County, Wisconsin do hereby certify that the following is a true and correct list of the members of the Washington County Board of Supervisors as certified to me by the various town, village and city clerks:

Table listing members of the Washington County Board of Supervisors, including names of representatives from various towns and wards.

The Clerk called the roll and all members reported present except Supervisors Meissner and Schroeder.

The first order of business announced by the Chair, was the election of a board chairman for the coming year. The Chair named Supervisors East and Campbell as tellers. The first informal ballot cast, was for a chairman and the result of the ballot was as follows: Romaine, 22; Schroeder, 4; 2 absent. Because Mr. Romaine received a majority of ballots cast, the informal ballot became formal and Mr. Romaine was declared elected as chairman of the Board, for the ensuing year. ROMAINE ELECTED CHAIRMAN

The board proceeded with the election of a vice-chairman for one year. PETITION NO. 2

To the Board of Supervisors  
Washington County Court House  
West Bend, Wisconsin  
Gentlemen:

The Washington County Park Commission does hereby present a proposed amendment to the Zoning Ordinance for Washington County No. 1 together with revised zoning map, made a part thereof, for the consideration and approval of the Washington County Board of Supervisors and the respective townships excepting the Towns of German town and Richfield which have withdrawn from the jurisdiction of this ordinance and have established zoning ordinances of their own according to the provisions of Section 60.74 Wisconsin Statutes. The Washington County Park Commission unanimously recommends to the County Board the adoption of this amendment.

With the continued substantial growth in population and the migration of homes and industries from cities to suburbs and rural areas with its problems of increased car, truck traffic, it is felt that the proposed amendment will make possible a more orderly planning for the future. After almost two years of study and consideration including consultations with each of the Town Boards of the townships affected and State Planning Board and after two public hearings, the Park Commission is unanimous in its recommendation of the proposed amendment for your approval. We believe that the proposed amendment will make for a better ordinance, land usage with allowance for greater industrial and commercial activity as will be required for our increasing population and will tend to avoid much spot zoning that otherwise would be requested.

We recommend and sincerely trust that prompt approval may be granted.

Very truly yours,

In every case where a variance from these regulations has been granted by the board, the minutes of the board shall affirmatively show that an "unnecessary hardship" or "practical difficulty" exists, and the records of the board shall clearly show in what particular and specific respects an "unnecessary hardship" or "practical difficulty" is created.

Resolution No. 9 was given second reading. County Judge M. L. Meister appeared before the board and spoke in behalf of Resolution No. 9. He explained much need for a Youth Administrator in the county who would work with the County Judge, the Welfare Department, and the Police Department on the juvenile problems that presented themselves in the county. The Judge stated that juvenile problems were keeping pace with the population growth in the county. A youth administrator could assist in obtaining records that would be of great help in correcting youth problems. It was felt that it would be best not to place the youth administrator in the Welfare Department so that better cooperation would be given to the worker by the youths involved. It was suggested by Mr. Kan that many times it is better to bear entire costs of a program to avoid regulations that go with state and federal aids. It was suggested that office quarters might be available in the Welfare Department for a youth administrator. Moved by Mr. Bast, seconded by Mr. Bunke that Resolution No. 9 be adopted. Resolution was adopted unanimously by roll call vote of members present. 23 ayes, no noes, 5 absent.

Two factors which may operate to equalize the demand even more are: (1) The rapid population increase in the Southern area of Ozaukee County and (2) more frequent contacts with referring agencies which will be possible with two full-time staff members.

Mr. Bauer extended an invitation to all members to stop at the center located on Main St. during the session.

Moved by Mr. Bammel, seconded by Mr. Lofy that the Board recess until 2:00 p. m. Motion carried. Board recessed.

Resolution No. 13 was given first reading and laid over for second reading. Mr. Schroeder inquired regarding the appropriation to be made in his resolution since it provided for expenditures for the Child Guidance Center.

His report enumerated the various aspects of the work of the Committee. He explained the extent to which the Committee participated in the approving of bus routes for High School Tuition Students.

REPORT No. 11

Table with 3 columns: 1957 Actual, 1958 Proposed. Rows include Members Salary & Mileage, Secretary Salary, Secretary Mileage, Postage, and TOTAL.

The work of the Washington County School Committee during the year 1956-1957 was confined to three main areas. Reorganization of elementary districts in the Towns of Erin and Wayne and the attempted reorganization of the Slinger School District.

The electors of School Districts one, two, and four in the Town of Erin overwhelmingly approved the plan of the committee that consolidated the three districts into one new one. This new district is now in the process of acquiring a new centrally located site and will in the near future erect a modern multi-room school structure.

In the Town of Wayne, the plan of the committee was, again, overwhelmingly approved by the electors and all of the elementary districts in that town were consolidated into one district. For the present, the new district is operating five attendance centers, but will in the future consider building and operating one centrally located new school building.

The electors in these areas of our county have through this type of reorganization provided a large and sound tax base for their district giving it far more strength and flexibility than the smaller separate districts had. They are now in a position to provide expanded and up-to-date facilities in an economic manner. They have, also, placed themselves in a more favorable position in the matter of finding teacher personnel. The general shortage of teachers has caused teachers to be more selective in their choice of schools, and those districts offering new and modern facilities with multi-room plants find it easier to hire teachers. It is, also, felt that the teacher can do a better job of instruction if her effort can be confined to fewer grade levels and not spread over all eight.

The electors in the Slinger area turned down the proposal of the committee that would have created a Union Free High School District out of the present Slinger District and certain territory adjacent to it. The plan received majority support in the Village of Slinger itself, but was defeated in the rural area. This represented a tremendous amount of work on the part of the committee, and may as in the past ultimately result in the electors themselves asking for the reorganization originally proposed by the committee.

The committee engaged in several other more or less minor matters involving work with the School Committees of Dodge, Fond du Lac, and Ozaukee Counties. The committee found these neighboring committees to be most co-operative in their work and found rewarding satisfaction out of its work with them.

Approval of bus routes in the county, also, commanded the committee's attention, and is always a very difficult and demanding aspect of the committee's work.

The legislature adopted many important changes in the state statutes governing school laws. Among them being the repeal of Section 40.075, and the adoption of a new law that makes the orders of the committee effective on the date of issue rather than the July 1st following the date of issue.

The committee has under study now plans for reorganization both in the elementary and high school level and hopes to be able to present them to school and municipal officials and electors after the first of the year.

It is the responsibility of this committee under the laws of this state to provide for the orderly and proper reorganization of the School District of the county to the end that each child shall have an equal educational opportunity. It has been to this end that the committee has directed its effort. The committee proposes suggested plans of reorganization to the electors of an area. Whether the plan is finally adopted or not is ultimately a decision of the electors. But the responsibility for reorganization is and remains that of the committee.

The committee has lost in the passing of Thomas Manning, a fine and able worker who brought to the work of this committee a deep and firmly rooted sense of fairness and a background of educational experience that will be sorely missed. His loyalty to the work of the committee and his dedication to its goals will be remembered and acknowledged by his co-workers and our entire community will benefit from the work he so unselfishly did.

DEANE R. BASCOM, Chairman

REPORT No. 12

To The Honorable Board of Supervisors Washington County, Wisconsin Ladies and Gentlemen:

Home Demonstration work in Washington County during the past year is briefly outlined in this report. Major projects are outlined statistically. A detailed report of all activities carried out will be available at my office.

The primary purpose of the Home Demonstration program is to improve home, family, and community living. It is a completely voluntary program and depends upon homemakers for leadership. Over 700 women from all areas of the County are enrolled in 48 groups, with two in the process of organization.

Monthly, from September through May, nearly 100 leaders from the groups attend training meetings on educational phases of homemaking. They return to their local groups with project information which they teach within their membership.

Home Demonstration work is carried on through the leader training meetings, news items, telephone, office calls, bulletins, circular letters, home calls, general meetings, and personal contacts. To carry out objectives of this program it becomes necessary to use all of the above media continually.

Your generous support has been appreciated in building and working with the Extension Service. Without the assistance and cooperation of many people throughout the county, a program such as this could not function. Much appreciation is extended to everyone who has worked with Home Demonstration program. I also wish to thank the County Extension staff which assists in many areas of the program.

Sincerely, MYRA FIEREK Home Agent

Moved by Mr. Gauger, seconded by Mr. Schmahl, that the Board adjourn until tomorrow morning at 10:00 a. m. Motion carried. Meeting adjourned.

Respectfully submitted, ANTON P. STARAL, County Clerk

MINUTES OF MEETING HELD NOV. 5, 1957

The meeting was called to order by E. M. Romaine, chairman of the Washington County Board of Supervisors at 10:00 a. m. The clerk called the roll call and Larson and Woldt were reported absent.

The minutes of the meeting held November 4 were read and the same were approved as read.

Mr. Lofy, chairman of the Highway Committee, informed the board that the date set for the highway tour would be November 7 at 11:00 a. m. Discussion followed regarding the transportation for the tour. The chair asked for an expression of the board regarding this matter. Since a majority favored the bus, it was decided to take a bus tour, those wishing to take cars for their transportation, would also be permitted to do so. Moved by Mr. Gundrum, seconded by Mr. Zuern, that the members of the board approve the highway tour for November 7 at 11:00 a. m. Motion carried.

Report No. 13, of the Sheriff's Department, was presented by the sheriff, Alvin Schmidt. He stated that with the growth of the population, additional work is being placed on the sheriff's department. He stated that the Sheriff's Committee had approved the employment of two additional traffic officers in the 1958 budget. He also stated that the present cars would also have to be replaced in 1958. Discussion followed regarding the assistance given by the State Traffic Police. Mr. Schroeder suggested that it would be well to make an effort to get better coordination between the state traffic police division and the sheriff's department. Moved by Mr. Schroeder, seconded by Mr. Van Beek that the report of the sheriff be adopted and filed. Motion carried.

REPORT No. 13

To The Honorable Board of Supervisors of Washington County, Wisconsin Gentlemen:

I, the undersigned Sheriff of Washington County hereby submit to your honorable body the report of the Washington County Sheriff's Department from November 1, 1956 to November 1, 1957.

There were registered in the county jail 219 adult prisoners. There were committed and conveyed to the various institutions as follows: 53 to Winnebago State Hospital, 3 to Wisconsin School for Boys at Waukesha, 2 to Wisconsin State Reformatory at Green Bay and 6 to Wisconsin State Prison at Waupun.

The following is a report from the Traffic Department from October 1, 1956 to September 30, 1957. The patrol traveled a total of 201,534 miles and investigated 639 accidents. There were 380 arrests made and approximately \$7,678.50 was collected in fines imposed by various justices.

Respectfully submitted, ALVIN SCHMIDT Sheriff, Washington County

Mr. Adolph Schmidt reported to the board that it has been the custom over the years that the incoming sheriff would provide the use of his equipment and utensils in the jail and sheriff's residence. He felt that inasmuch as such equipment is used largely for the care of prisoners, it would only be fair that the county own such equipment as freezers, washers and refrigerators.

Report No. 14 was presented by the Clerk of Circuit Court, Mr. Lawrence Berend. He explained the receipts and expenditures of his office during the fiscal year ending October 1, 1957. Moved by Mr. Campbell, seconded by Mr. Kuhaupt that Report No. 14, of the Clerk of Circuit Court be adopted and filed. Motion carried.

Chairman Romaine offered a short history on the memorial plaques erected at the entrance of the court house. He explained that the Public Property Committee had followed the wishes of the board whereby they authorized the purchase of a proper memorial to honor the soldiers who had died in World War II and the Korean conflict. He thereupon introduced Mr. D. J. Kenny who proceeded to present some ideas that he had regarding the memorializing of Washington County Heroes. He commented briefly on the history of the Dough-Boy Memorial which was erected in honor of the soldiers of World War I. He stated that he had engaged a landscaper, a surveyor and an architect at his own expense to supply a possible design for a proper memorial. He presented a design that was submitted to him. It was his thought that this memorial would be erected for about \$15,000.00 of which it was entirely possible that a local veterans organization would contribute about \$4,400.00. The plan submitted would incorporate the present Dough-Boy monument, the new plaque and a roster of all of those people who served as well as a new flag pole on the court house property. Mr. Kenny also suggested that popular subscription would also bear part of the cost of this memorial. Moved by Mr. Schmahl, seconded by Mr. Geib that the Public Property Committee be authorized to cooperate with veterans' organizations and other interested citizens in the matter of the erection of a proper memorial. Motion carried.

As in past years, the Board of Public Welfare has been of great help in administration of the welfare programs. Each of the members have given unstintingly of their time and efforts to make our program successful.

I should like to take this opportunity to thank the members of the Board of Public Welfare, the County Board of Supervisors, county officials, voluntary and public state and local agencies who have been both helpful and cooperative in the administration of the public welfare programs. Last, but not least, my appreciation to my staff for their loyal and conscientious performance of their duties.

First Reading Nov. 5, 1957 Second Reading Nov. 12, 1957 Adopted Nov. 12, 1957

Resolution No. 23 was given second reading. Mr. Rettler, Highway Commissioner, stated that a bridge in the Town of Polk should be added since the petition was referred to the Highway Committee during the session. The discussion again developed around the legality of the Bridge Aids since most of the spans of these bridges did not meet the requirement as laid down by the Attorney General. Mr. Schroeder stated that he could not support this resolution since it was not legal to grant the aids to bridges of a lesser span than 40 feet. Hereupon the chair declared a recess to wait for the appearance of the District Attorney. When the District Attorney appeared the chair declared the Board in session. Mr. Goring declared his position that, in his opinion no bridge could be included in bridge aids unless it met with the approval of the requirements as set down by the Attorney General. Mr. Goring and the Highway Committee were asked to investigate this matter some more and to check if need be with the Attorney General's Office for more information. Moved by Mr. Lofy, seconded by Mr. Rode that Resolution No. 23 be laid over until the District Attorney and the Highway Commission be given more time to investigate the matter of bridge aids. Motion carried. Resolution No. 23 laid over.

Moved by Mr. Helm, seconded by Mr. Van Beek that the Board recess until 2:00 p. m. Motion carried. Board recessed.

The Board reconvened at 2:00 p. m. Chairman Romaine presiding. The District Attorney stated that he had given the matter of Bridge Aids further study with the Highway Committee. He stated that it was possible to include the bridge aids in another section of the Statutes where a County Board could grant aids to towns for roads and bridges. This section was 83.03 (1) wherein such power was vested in the County Boards. It was his thought that the Board could by a special resolution authorize the expenditure of funds for such purpose. Moved by Mr. Bast, seconded by Mr. Zuern that an ordinance be drafted by the District Attorney that would allow the expenditure of funds for bridge aid to Towns. Motion carried.

The Chairman informed the Board that this was the time designated by the Budget & Finance Committee as per publication, as the Public Hearing on the 1958 proposed Budget. This hearing was considered the first reading of Resolution No. 44, and the same was conducted by the chairman of the Budget & Finance Committee, Mr. Woldt. Mr. Woldt explained the various budget appropriations and compared this budget with the previous budget adopted for 1957. Discussion followed on an appropriation of \$150.00 in the Clerk of Circuit Court Budget for extra help. Moved by Mr. Rode, seconded by Mr. Larson that the item for extra help of \$150.00 be removed from the Budget. Motion carried. Moved by Mr. Woldt, seconded by Mr. Meissner that the Public Hearing on the 1958 Proposed Budget be closed. Motion carried.

BUDGET HEARING Resolution No. 38 was given second reading and was adopted on roll call vote, as follows: 25 ayes; no noes, 2 absent.

WHEREAS it is deemed advisable to specify in more detail the duties and functions of such Youth Administrator; to change his title to Juvenile Court Officer which is more descriptive of his duties; to add to the budget of the Juvenile Court such sum as may be necessary to pay Washington County's share of the Retirement Fund, Social Security, Blue Cross and Blue Shield payments for such officer and to authorize said Juvenile Court Officer to attend such meetings and conferences necessary and beneficial to his services as are authorized and approved by the Judge of the Juvenile Court of Washington County;

NOW THEREFORE BE IT RESOLVED That the title of said officer shall be changed from Youth Administrator to Juvenile Court Officer and that the duties of said Juvenile Court Officer shall be under the supervision and direction of the Judge of the Juvenile Court to:

- 1. Organize and maintain a county-wide record system of juvenile offenses.
2. Intake for Juvenile Court on referrals to Juvenile Court from community sources.

MINUTES OF MEETING HELD NOVEMBER 13, 1957

The meeting was called to order by E. M. Romaine, chairman of the Washington County Board of Supervisors at 10:00 a. m.

The Clerk called the roll and all members reported present except Supervisors Bunke, Courtney, Larson, and Romaine.

The minutes of the meeting held November 12, 1957 were read, and the same were approved as read.

Chairman Romaine stated that the seven-county regional committee of which Washington County was included as a member, has been interested in industrial development in this area. Mr. Bast stated that his town was nearest to the Milwaukee area and therefore he was contacted on several occasions regarding the problems of the metropolitan district of Milwaukee. He advised that the County Board proceed with caution in this matter so that we would not become responsible for the solutions of problems that are strictly local for the City of Milwaukee. He suggested that the county investigate the matter of a County Park System and set aside certain geographical areas that would lend themselves for such use. He stated that such planning on a county-wide basis would provide for continuation of shoe-string parks along streams, etc. Mr. Schroeder stated that he had attended a regional meeting and therefore was interested in the comments made by Mr. Bast. Mr. Kant likewise stated that it would be well to give this matter a good deal of thought and consideration before any action is taken. Moved by Mr. Knippel, seconded by Mr. Schroeder that the matter of Industrial Development in the seven county area be laid over for further study and consideration. Motion carried.

MOTION, INDUSTRIAL DEVELOPMENT
Chairman Romaine informed the Board that the Johnson Bus Co. did provide a bus for the road tour without charge to the County. Moved by Mr. Helm, seconded by Mr. Meissner that the County Board enter into the proceedings a vote of thanks for the bus on the Highway tour and the clerk be instructed to forward such action to the Johnson Bus Co. Motion carried.

Report No. 26 of the coroner was commented upon by the chair in the absence of Dr. James Albrecht. A letter attached to the report was called to the attention of the Board.

Moved by Mr. Bammel, seconded by Mr. Troedel that Report No. 26 be approved and filed. Motion carried.

The employee's and official's contribution will be 3% for the Wisconsin Retirement and 2.25% for Federal Social Security, a total of 5.25%.

The County Judge, as per state statutes is included in a separate classification. Under this plan, the County Judge contributes the maximum to Social Security which is \$94.50 in 1958.

When the maximum to Social Security is reached, the County Judge continues to contribute the full 7% of his salary to retirement. The county does not make any contributions for the County Judge.

The Traffic Police and the Radio Operators likewise have elected to make additional contributions which have been approved by the County Board. Under their plan, they contribute 5% instead of 3% to Retirement. They also make a contribution of 2.25% to Social Security.

Dated this 13th day of February, 1958. Read Feb. 17, 1958. Respectfully submitted, ANTON P. STARAL, County Clerk

Chairman Romaine stated that he had attended a meeting with a group of advisory members comprising a special soil conservation committee. These people were interested in promoting the best use of our great natural resource, namely soil.

County Judge M. L. Meister appeared before the Board and explained the great need for additional space in the Court House. In the not too distant future he could foresee the creating of a municipal court and such court would also need facilities. He also explained the need for additional vault space in his court. He mentioned also the need for a building program to provide adequate jail facilities.

Correspondence received from a state engineer on correcting the ailing heating facilities at the County Home and Hospital was read. Mr. Bloedorn stated that an estimate for such improvements has been set at about \$40,000.00 and the present balances in the institutions account could pay for the cost.

Report No. 15, an annual financial report as prepared by State Auditors was commented upon by the County Clerk. Moved by Mr. Rode, seconded by Mr. Zuern that Report No. 15 be adopted and filed. Motion carried.
