Mission Accomplished, New Bathing Beach at River Now a Reality

Members of the Kiwanis club, village workers, firemen, truck drivers and other volunteers, including boys and girls (who will get the most use out of the beach) really pitched in over the week end to make the new bathing beach on the west side of the river in the park area a sudden reality. Result: the beach is now ready for use by swimmers for the remainder of the season.

Sponsor of the project, the Kiwanis club, was given the go ahead by the village board at their meeting last week Monday and the work was practically completed over one week end with the volunteer workers doing a remarkable job. This week end anticipation and co-operation overcame the village skeptics and Kewaskum again has a beautiful bathing beach.

After removing a gate from the dam and lowering the water level considerably, the work was begun Saturday afternoon when the muck was blown off of the river bottom with fire hoses and the debris and weeds removed with machines and by hand. On Sunday morning, using the village front end loader and grader and shoveling by hand the river bank was cut down and leveled off. In the afternoon between 500 and 600 yards of sand were hauled in and dumped into the river and on the bank. Seven or eight truck drivers volunteered their help and trucks in hauling the sand from the Arnold Bier pit. The sand was pushed into the river with village equipment and late in the afternoon "Booby" Bohn moved in with his caterpillar from the sand pit where he had been loading trucks and leveled off the sandy beach.

The gate was placed back into the dam and all that remained was for the water level to return to its normal height. Because of the dry weather this week and a few leaks in the dam, the water was slow in rising to its regular level. It is getting there gradually and soon all the sand at the river bottom will be covered with water.

Money for the necessary items at the beach, including a life guard, will be provided from the Kiwanis turkey shoot fund for the remainder of the year. Floats and a raft will be on hand and lights installed by this week end. The beach adds considerably to the natural beauty of the park. Village children (and adults) are invited to take advantage of the beach.

The water in the river has been tested three times by the State Board of Health of Madison within the last year or so and found to be excellent for swimming. Each time two tests were taken, one south of the bridge and the other north. The tests were made on June 30, 1958, June 8, 1959 and July 15, 1959. The water showed a bacteria test of 100, which is of a very good sanitary quality for swimming. The water will continue to be tested at regular intervals during the swimming season each year.

Kewaskum and vicinity can be proud of the co-operation put forth by townspeople, neighbors and bus-

Kiwanis Announces Sept. 20 As Date for Annual Turkey Shoot

INDIAN DANCERS TO BE NEW FEATURE; FISH POND, OTHER ACTIVITIES SCHEDULED; EXPECT 5,000 - 7,500

The Kiwanis club of Kewaskum has announced that its 7th annual live turkey shoot will be held on Sunday, Sept. 20, at the Bar-N Dude Ranch.

In addition to the turkey shoot, many other events and activities will be scheduled so that there will be sporting activities and entertainment for all members of the family. Over the years, the trap shoot, the deer target shooting, the cross-bow event and other carnival type games have proven themselves to be very popular.

Last year the fish pond was started for the first time. If its initial popularity is indicative of things to come, it will soon be one of the most popular events of the day.

A brand new program of entertainment is being scheduled for everyone. A group of Boy Scouts and leaders from Milwaukee will perform authentic Indian dances throughout the day in original Indian dress and make-up. This group has been in existence for several years and it has been accorded great recognition for their accomplishments wherever they have appeared. The Kiwanis club is certain that they will be a fine addition to the turkey shoot program.

It is estimated that between 5,000 and 7,500 people will participate in this 7th annual shoot. No even of this size could be a success without a food stand. The customary bratwurst, hot beef and hot dog sandwiches, along with other delicacies will be available.

During the past six years, the profits from the turkey shoot have been used for the benefit of the Kewaskum area youth in many ways, to mention a few:

Annual Christmas party at the theater.

Cooperation with American Legion and Woman's club, in sending one boy and one girl to Badger Boys' State and Badger Girls' State.

Holiday packages for needy families.

Baseball game and movies for the school safety patrols.

Sponsor Little League program.

Little League uniforms, \$750.00.

School district \$500.00 for playground equipment.

Playground equipment, village, \$500.00.

Swimming beach in park, \$500.00 estimate.

Handicapped person to Camp Waubeek each summer.

Teachers scholarship each year, \$100.00.

Kiwanis hopes to continue these and many more activities.

Obviously, it is impossible for a club with less than 40 members to carry out as extensive a program as this without considerable help. Over the years many groups and individuals have wholeheartedly pitched in to make the turkey shoot a success. Without all of this help, the Kiwanis club knows that the turkey shoot would not be possible and hopes that it can count on the

smoothest ride!

One of the 7 big bests Chevrolet gives you over any other car in its field

Anyone who's ever taken a Chevy over a choppy country road can tell you how lightly Chevrolet's Full Coil suspension handles rough going—and coil springs never squeak, never need grease! Try this velvet way of going for yourself. Once you do, you'll find your own way of saying what MOTOR TREND magazine puts this way: ". . . the smoothest, most quiet, softest riding car in its price class." But the happiest part of it all is that this Full Coil ride is just one of seven big bests—all documented by published opinions of experts and on-the-record facts and figures.

BEST ROOM—Official dimensions reported to A.M.A.* show that Chevrolet sedans offer more front seat head room than all but one of the high-priced cars—more front seat hip room (by up to 5.9 inches) than the "other two" of

the leading low-priced three.

BEST ENGINE—Chevrolet engines have long won expert praise from virtually every automobile magazine, and, just recently, Chevrolet received the NASCAR† Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ECONOMY—A pair of Chevrolet sixes with Powerglide won their class in this year's Mobilgas Economy Run, topping every other full-sized car. And the winning mileage was a whopping 22.38 m.p.g.

BEST BRAKES—Chevy's bonded-lining brakes are the biggest in their field, built for up to 66% longer life. In a direct competition conducted by NASCAR, Chevy out-stopped both of the other leading

low-priced cars in a test of repeated stops from highway speeds.

BEST STYLE—It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST TRADE-IN—Any N.A.D.A.‡ Guide Book can give you the figures on Chevy's extra value. Looking Thru the Field Glasses . . .

BY BOB LAKE

Washington County Conservation Warden and area headquarters at Oshkosh

Mr. and Mrs. Daniels, on the former Wickert farm near Little Cedar, raise turkeys, geese and ducks on a commercial scale. After the loss of a dozen ducks and several nights sleep, they shot a very large great horned owl.

Received a card from our local game manager, Armin Schwengel. He is banding young ducks for the U. S. Fish & Wildlife Service in the vicinity of Moose Jaw, Saskatchewan. I quote from his card, "Water is low and not too many ducks where we are. The weather has been wonderful up here, but we sure could use some rain."

Speaking of ducks, Elmer Hensler, walking boss for the Line Material Co., found five young wood duck in Barton; apparently the

mother had been killed. We agreed that he would attempt to raise them and release them when they were able to fly. Guess I gave him the wrong formula, the birds died. They were very hard to keep in a cage, and when they did get out would walk up the basement wall. The toe nail of the baby wood duck is as sharp as that of a kitten.

The Friess Lake Fish & Game association placed a set of grappling hooks at George Stolber's storage shed across from his cottage No. 218. The hooks are hung on the side of the shed and may be available to anyone, at any time. We hope they will never have to be used.

At this time of the year, damage to crops, etc., by various game animals are called to the attention of the local warden many times and many questions are asked about laws and regulations covering damage.

Some of the questions asked and the answers to them are:

1. Q. Does the state pay for damage caused by all wild animals?

A. No, the state only pays damages caused by deer and bear and this damage must be caused on agricultural lands to growing crops, orchard trees, nursery stock, apiaries, or to farm animals and poultry. Such damage cannot be paid for on land which is posted against trespassing or hunting in any manner.

2. Q. What procedure must one follow in filing a damage claim?

A. Any person suffering such damage must file a claim with a conservation warden within 10 days from the time such damage first occurred.

3. Q. Is it possible to obtain a permit to destroy or capture wild animals which are causing damage to crops or livestock?

A. Yes. A complaint must be filed in writing to the local con-

servation warden explaining such damage. An investigation is then made by the warden, and if it appears the complaint is justifiable, such a permit may be issued by the area office upon recommendation of the local warden.

4-H Club News

AUBURN 4-H CLUB

We met at the home of Barbara Jean Bartelt on Aug. 6 with Barbara Nigh calling the meeting to order. We recited the pledge of allegiance to our flag, after which our secretary, Carole Ann Erdmann, read the minutes of the previous meeting. Roll call was taken with nine members present. The treasurer's report was given and accepted.

It was voted on to pay all admission tickets to the county fair at Fond du Lac for the members. Many last minute details were worked out for the fair, which is this week, from the 12th to 16th of August. The booth committee planned their entry, which is an activity booth on painting mail boxes, which our club is doing. Rachel Kluever is helping at the 4-H building during the fair.

Everyone is to bring their record books to the next meeting at Sharon Wesenberg's home on Sept. 3.

After the 4-H pledge we adjourned. A delicious lunch was served by Mrs. Robert Bartelt and Barbara Jean.

With all her faults, the back seat driver at least has enough interest in life to look ahead.

Spanish Rice Topped With Cheese-Glazed Pork Chops

If your husband insists on inviting friends to dinner, and the children's playmates linger as suppertime draws nigh, if your name leads all the rest of church supper volunteers—Lady, you must be a marvelous cook!

Obviously, too, you have real affection for delights of the table. Giving a different twist to old favorites is your idea of fun.

Like pork chops and Spanish rice, for instance. Pork chops served "as is" are reasonably good, though certainly not exciting. YOU would never be guilty of this, we suspect. So here is a new way of presenting them to your happy family.

Your dessert, of course, lives up to the entree. It's an ice cream pie comprised of vanilla ice cream and orange sherbet in alternate scoops, enlivened by a bit of toasted coconut. The crust is really something special. Made from a packaged biscuit mix and delicately flavored with orange rind, its simple preparation positively defies failure! And it can be baked days before and frozen 'til the occasion demands it. Just spoon the ice cream and sherbet into the baked shell shortly before the dinner bell, and in the freezer it happily awaits a dramatic entrance.

Onto the table go a basket of hard rolls, peeking out from under a napkin, lots of golden butter and mugs full of icy cold milk.

PORK CHOPPED-TOPPED SPANISH RICE

- 2 quart casserole 6 servings
- 350 degree preheated oven 40-45 minutes
- 6 pork chops
- 3 tablespoons butter
- 1/4 cup butter
- 1/2 cup chopped celery
- 1/2 cup chopped green pepper
- 1/2 cup sliced onion
- 1 1/4 cups quick cooking rice
- 2 8 oz. cans tomato sauce
- 1 1/4 cups water
- 1 teaspoon salt
- 1/8 teaspoon pepper

- 1/4 teaspoon sweet basil
- 1 cup shredded sharp Cheddar cheese
- 2 tablespoons grated Parmesan cheese

Brown pork chops in the 3 tablespoons butter. Meanwhile, melt the 1/4 cup butter in a saucepan. Add celery, green pepper, onion and rice and cook and stir until rice is lightly browned. Add tomato sauce, water and seasonings and mix well. Bring to a boil. Cover and simmer for 10 minutes. Pour cooked rice into well buttered casserole. Arrange pork chops on top of rice. Top with Cheddar and Parmesan Cheese. Cover and bake in a 350 degree preheated oven for 30 minutes. Remove cover and bake for 15 minutes longer or until cheese is melted and pork chops are thoroughly cooked.

ORANGE COCONUT ICE CREAM PIE

- 9-inch pie plate
 - 450 degree preheated oven
 - 8-10 minutes
 - 1 1/4 cups prepared biscuit mix
 - 2 tablespoons grated orange rind
 - 1 tablespoon sugar
 - 1/2 cup soft butter
 - 1/2 cup boiling water
- Put biscuit mix, orange rind and sugar in pie plate. Mix well. Add butter. Pour boiling water over butter and stir vigorously with a fork until dough forms a ball and leaves the sides of the pie plate. Dough will be puffy and soft. With fingers and heel of hand, pat dough evenly onto bottom and sides of pie plate, bringing dough up to cover sides of pie plate. Flute edges. Prick thoroughly with a fork. Bake in a 450 degree preheated oven for 8-10 minutes or until lightly browned. Cool and fill.
- 1 quart vanilla ice cream
 - 1 pint orange sherbet
 - 1 cup toasted coconut
- Just before serving, fill the pie crust with vanilla ice cream and orange sherbet, alternating spoonfuls of the two. Top with toasted coconut and serve at once.

CHILDREN and SAFETY

This mother is showing some of the common things used around a house which can be dangerous to infants and small children unless they are kept out of their reach.

Just as a mother keeps her children out of contact with matches, knives, scissors, electrical devices, etc., she should also exercise the same caution with the disposable ultra-thin plastic bag which protects her family's freshly cleaned clothes.

Mis-use of this disposable ultra-thin plastic film as substitute covers for cribs, play pens, baby carriages, furniture, etc., has resulted in a number

of infant deaths attributed to suffocation when the non-porous material came in contact with the child's face.

National experts in safety, health, and medical fields are cooperating with the Society of the Plastics Industry in a campaign to save lives by urging parents not to mis-use this ultra-thin material by letting it come into contact with small children.

These experts urge that once the ultra-thin plastic bag has served its intended purpose it should be shredded or knotted and disposed of in a covered can, safely away from children.

Rainbow Team Wins 5th In Row at Boltonville

In Rainbow league play Sunday, Kewaskum won its fifth contest in succession at Boltonville, 5-2, to remain right on the heels of loop leading Cascade. The locals, with a 6-2 record, are in second place a game behind the leaders.

Dan Coulter was the winning pitcher over Doug Wierman. Coulter was touched for 8 hits but struck out a total of 13 batters, while walking only 3. Wierman gave up 9 hits, fanned 9 and issued 5 bases on balls.

Wiedmeyer, Felix and Peerling each slammed out 2 hits for the winners, Felix getting a triple and Wiedmeyer a double. Nigh also banged out a three bagger. Hitting aces for Boltonville were Yahr and Dean, each with 3 hits, Dean's including a triple and Yahr's a double. Kewaskum can gain a tie for first place with a victory when they play at Cascade this Sunday in an all-important tilt. A defeat will as good as drop them out of the championship running and put them 2 games behind. The locals upset Cascade in their first meeting but little Hughes, ace pitcher, did not finish the contest.

On Sunday evening, Aug. 23, the Rainbow nine will play a team of Kewaskum old timers under the lights here in an exhibition game.

Carp Carnival

Lowering of the river level really provided a "fisherie" without the use of fish poles for the kids over the week end. The water north of the old dam site was only a few inches deep and the carp and redhorse could barely keep their backs under water. Dozens of boys and girls, and some grown ups, too, immediately got hep to the opportunity. They went after the fish with bows and arrows, spears, nets, garden spades and rakes, sticks and all other available devices to bag the fish. Others just chased the fish until they were so pooped out they could be caught by hand. The poor fish didn't have much chance to escape with all those kids on their tails. We have to laugh yet every time we think of little Joey Fehhaber, Little League pitcher, chasing a huge carp up the middle of the river with a garden spade. The carp always managed to stay about three feet ahead of Joey until fi-

There were a lot of wet kids and belly laughs for the spectators who lined the shore but nearly 200 carp, redhorse and other rough fish were removed. Most of the fish were hauled to the village incinerator but those who wanted them could keep the whoppers.

Tasty Strawberry Ice Cream 'n' Cake Roll

Serve a triumphant dessert like this and people will expect the impossible from you!

This dessert is a Baked Alaska par excellence, consisting of light golden cake and strawberry ice cream rolled up together like a jelly roll. Freeze it firm. Then just before serving time, frost it generously with fluffy meringue—tinted palest pink—and pop it into a hot oven to lightly brown.

If you prefer, substitute Cherry Vanilla or Bing Cherry ice cream for the strawberry. In any case, this dessert is incomparable.

ICE CREAM 'N' CAKE ROLL
8-10 servings 375 degree oven, preheated 13-15 minutes

15 x 10 inch pan (jelly roll pan)
1/4 cup sugar
4 egg yolks
1 teaspoon vanilla
1/2 cup cake flour, sifted
1/4 teaspoon baking powder
4 egg whites
1/4 teaspoon salt
Confectioner's sugar
1 quart ice cream

Beat egg yolks until light and lemon-colored. Add sugar and vanilla and mix well. Sift the flour and baking powder together, and add them slowly to the

egg mixture, beating until it is smooth. Add salt to the egg whites and beat until stiff but not dry. Fold them lightly into the cake batter. Butter the bottom of a 10 x 15 inch jelly roll pan. Line it with wax paper that also has been well buttered. Spread the dough in it and bake in a 375 degree oven about 13 minutes. Turn out onto a long, clean tea towel or cloth that has been sprinkled evenly with confectioners' sugar. Remove waxed paper from bottom of cake. If edges are brown and crisp, trim them off. Roll cake up in towel. The towel, rolled along with the cake, will keep it from sticking together while cooling. Let stand until cool. Then carefully unroll and spread with softened ice cream. Roll up again and freeze until firm. Just before serving time remove it from the freezer and frost it with meringue. Then put it on a wooden board and place in a 450 degree preheated oven for about 3 minutes, or until meringue is lightly browned. Cut and serve immediately.

MERINGUE

4 egg whites
1/4 teaspoon salt
1/2 cup sugar
Few drops food coloring
Have the egg whites at room temperature. Add the salt and beat until frothy. Then add the sugar, two tablespoons at a time and beat until the mixture becomes shiny and stiff. Add a few drops of food coloring and blend thoroughly.
