GIFTS TO SEND MONEY TO NEEDY FAMILIES

Rather than exchange gifts at their annual Christmas party, the student body of Kewaskum Community High school made donations to CARE. This made it possible for more than 31/2 tons of food to be sent to needy people in foreign countries.

Each donor's name was included with the CARE package. Enclosed was a letter indicating that the gift was sent by an, American friend, who would be very happy to get response. The students are now anxiously waiting for letters from the recipients.

Get the quiet proof of Chevrolet's superior performance on the road-No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

Supple Full Coil suspension-Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function-they don't have to anchor the rear axle.

Butyl rubber body mounts-Thicker, newly designed body mounts further insulate you from the road. Body by Fisher-Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.

Foam cushioned seats-Chevy offers foam cushioned seats in both front and rear in all series but one.

Safety-Girder frame-X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.

Hydraulic valve lifters-Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

Cushioned steering shaft-A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

Precision balanced wheels and tires-Here again Chevy has shown concern for your comfort by eliminating vibration in this vital areatire life is longer, too.

Easy steering ratio-Chevy's high ratio Ball Race steering takes the work out of steering for you.

Superior weight distribution-Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

Wide choice of power teams-Choose from 24 different power combinations to satisfy

the itchiest driving foot-more than any other car.

IN CINCINNATI, Dr. Albert Sabin has developed a live virus oral vaccine with March of Dimes funds. When ultimately available for general use the live virus vaccine may make protection against paralytic polio easier, cheaper and even more effective than that of the Salk vaccine. Other health targets in the New March of Dimes campaign for January 1960 are birth defects and arthritis.

IN DES MOINES, more than 50,000 persons jammed vaccination centers after a polio epidemic erupted. Here Mrs. Robert About half of all Americans still do not have Salk vaccine protection.

IN DENVER, John Freeland, 39, is visited by his wife and daughter, Linda, after a polio attack left him almost totally paralyzed in an iron lung. Mr. Freeland thought he was "too, old" for the Salk vaccine. Lag in vaccination made 1959 at year of serious polio outbreaks in many parts of the country.

IN KANSAS CITY, hit by a mid-summer polio epidemic, Salk vaccine was rushed to inoculation centers. Outbreaks also J. Brown and her four children line up for their Salk shots. occurred during 1959 in Des Moines, Little Rock, New Haven and Montreal. In 1959 paralytic polio cases rose by more than a third over 1958.

Veal parmigiana fits into the current rage for foreign foods. It is an Italian dish.

Two Italian cheeses are used here-Parmesan and Mozzarella. Parmesan is mixed with bread crumbs into which the veal chops are dipped, while Mozzarella is sprinkled on top.

Recently Mozzarella has seen a great increase in popularity due to its use in foreign dishes. You probably first met it as a topping on pizza pie or lasagna.

When melted and hot, as in veal parmigiana, Mozzarella is very chewy. Its flavor, along with that of Parmesan and the tomato sauce, contrasts pleasantly with the veal. Having a bland flavor itself, veal needs stimulating seasonings.

Browning the veal chops in butter tends to enhance their flavor. Perhaps you have noticed that foreign recipes generally call for butter for frying.

This is done for a good purpose. It's because of the matchless flavor butter gives to foods with which it is used.

A little butter goes a long way. For instance, only a small done, arrange them in the bakamount is needed for browning ing dish. Pour tomato sauce the chops for veal parmigiana over them and top with shredded cheese. Broil until cheese is melted and lightly browned. well worth the results obtained.

the outside, contains a flash of spice on the inside . . . as fine a formula for romance as it is for cake. Under the pink, elegant frosting and heart decorations is a cake tangy with chopped canned apple slices, raisins and nuts. Yet with it all, the cake is soft, light and rises cloud high. Minus its Valentine decorations, this cake can grace any party. In fact, any occasion it's served practically becomes a party. Happily, too, the cake is easy and fun to make. Here's how it goes.

^{1/2} teaspoon cloves ^{1/2} cup milk ^{1/4} cups finely chopped canned

apple slices

- ³/₄ cup butter 1¹/₂ cups sugar
- eggs, large
- cups sifted all-purpose flour
- 1 teaspoon salt 1½ teaspoons baking soda 1½ teaspoons cinnamon
- 11/2 teaspoons nutmeg

¹² cup chopped walnut meats ¹² cup seedless raisins Confectioners' Sugar Frosting Chocolate Candy Hearts

Cream together butter and sugar; add eggs, one at a time, beating after each. Sift together flour, salt, baking soda, cinnamon, nut-meg and cloves. Add to creamed mixture alternately with milk. Mix to smooth batter. Add apples, nut meats and raisins. Mix well. Pour into greased and floured 9" or. 10" tube pan. Bake in moderate oven, 325 degrees, 60 to 70 minutes. Cool 10 minutes. Remove to wire rack. When cold, decorate: Tint confectioners' sugar, frosting a delicate pink with red vegetable coloring. Reserve ½ cup to be tinted a darker pink. Smooth frosting over cake. Tint remaining frosting dark pink and press through rose tip of pastry tube and make heart design of roses on side of cake; also put a row of roses around bottom of cake. Place candy hearts on top. Makes 18-20 servings.

Chevs Blow Lead, Lose To Hartford, 1st Half **Champs in Overtime**

The Kewaskum Chevrolets came close to pulling the upset of the season but, after being ahead through most of the game, they blew a good lead with only minutes left in the contest and were forced into overtime before losing to Hartford's unbeaten first half champions, 85-79, here Saturday night. Hartford won the title with an 8-0 record and the Chevs surprised the Muellers by outplaying them here. Kewaskum had a 4-4 record in the first half.

The Chevs were a very tired team against Hartford. They had already played a hard game in the Mt.
