Ollie Staehler, Sr. Seriously Hurt in Car-Trailer Crash

PASSENGER IN CAR WHICH
RAMS SEMI IN VILLAGE
EARLY THURSDAY

Alois M. Staehler, 58, of 617 Main st. was seriously injured when an auto in which he was a passenger struck the rear of a parked GMC tractor and trailer on South Fond du Lac ave. in this village at about 6:30 a. m. on Thursday, Nov. 10.

Staehler was riding in a car driven by Alois J. Beisbier, 22, of 623 Highland st. and the two were on their way to work when the crash occurred. Chief of Police Roland Pledl reported that the driver's vision was impaired because of a frosted windshield and he failed to see the semi-trailer which was parked at the curb on the west side of the street. The auto was southbound when it struck the trailer, owned by Francis Bohm of 1149 Fond du Lac ave.

The front center of the auto struck the left rear of the (Low Boy) trailer. The impact shoved the truck and trailer four feet. It also jammed the car doors and it took some time before the driver and Staehler could be removed. Both vehicles were damaged.

Staehler suffered deep lacerations to his face and head from the car's windshield, which required about 50 stitches to close the wounds. He also suffered from shock and other complications and lost a large amount of blood. Beisbier escaped with lacerations to his face and a possible nose fracture. Both were removed to St. Joseph's hospital, West Bend. Beisbier was released from the hospital later but Staehler was removed to St. Luke's hospital, Milwaukee, on Monday evening in the local ambulance because of the seriousness of his injuries.

Northbound on County Trunk G in the town of Auburn, Fond du Lac county, about five miles north of Kewaskum, Albert E. Gross, 62, of R. 1, Cascade, sustained injuries at about 3:13 p. m. Monday when his car left the road and rammed into a power pole after running along the ditch for some distance. He was removed to St. Joseph's hospital, West Bend, in the Kewaskum ambulance. Gross told Traffic Officer Richard E. Hargrove of the Fond du Lac county police that he blacked out. The front of Gross' 1954 model car was damaged.

John Steilen, 18, of West Bend, suffered cuts and bruises last Friday night when the auto he was driving left a town road about 1½ miles south of County Trunk Hwy. H at the Oscar Kirchner farm and entered a ditch, rolled onto its left side and slid against a tree. The driver was pinned in the vehicle about four hours until discovered by Dick Frings and Bob Wenzlaff of West Bend, who freed him. He was removed by ambulance to St. Joseph's hospital, West Bend.

Be the type of person who brings happiness wherever you go — not whenever you go.

Master Spoerl also received the merit badges for pets, firemanship and home repairs.

The first class rank was bestowed on the two able assistants, Fritz Kral and William Key, Jr.

L. N. Peterson was the speaker and told the boys that the work and study habits they form now will carry on through life with them. That wonderful day in the year when we pause to give thanks . . . thanks for the right to work and worship as we choose, to play, plan and build a future for our loved ones.

Talks on Student Life In Germany to Club

Student life in Germany was discussed by Jerry Liepert on Thursday evening, Nov. 10. Mr. Liepert, a graduate of Kewaskum High school, is a language teacher at Muskego. He presented the talk, "Experiences with My Students in Germany" with slides for the teachers of the Kewaskum public schools, their husbands or wives and husbands of Woman's club members.

Mr. Liepert stressed that the students he took to Germany were not "hand picked." Any student who was maintaining a satisfactory grade in his German class was eligible to take the trip.

"Don't sell the American school system short," emphasized Mr. Liepert. "Our Muskego students did a better job in many subjects, including physics, chemistry and other sciences." While the students went to a school near Frankfurt, Germany, Mr. Liepert taught English to the German students in the same gymnasium. The strict regimentation of schools in Germany has changed to a lack of discipline since World War II, according to Mr. Liepert.

His German students are now selling light bulbs in an effort to make money to bring German students to Muskego this spring or the following spring.

Hostesses for the evening were Mrs. H. Rosenheimer, Mrs. C. Schaefer, Mrs. N. Sengpiel and Mrs. J. Schwind.

FINED FOR FAILING TO REPORT EARNINGS

On October 24, Allen L. Taylor, R. 3, West Bend, was arraigned in the county court in Washington county on a charge of making false statements to obtain unemployment-compensation benefits. The defendant pleaded guilty and was fined \$75.00 and costs.

The charges in this case were brought by Wisconsin's Industrial Commission which administers the state unemployment compensation law. The commission stated that this defendant claimed benefits falsely by concealing his employment and earnings, and was prosecuted accordingly, pursuant to law.

The commission also recovered from the defendant the benefits received illegally.

The Industrial Commission has requested this newspaper to publish this news story as a preventive measure in the public interest, in the hope that it will act as a deterrent to any other claimants in this area who may be failing to report their wages while claiming unemployment benefits.

Women drivers, notwithstanding the many jokes to the contrary, are not involved in as many accidents as are men drivers. However, before they begin to make life difficult, it should be mentioned that their record is steadily getting worse.

Kewaskum Kitchenettes

Our club met at the home of Mrs. Allen Schoofs on Monday, Nov. 14.

During our business meeting we discussed our spring outing. A committee was appointed to make dinner reservations for our Christmas party at which our husbands will be our guests.

Our project for this month was small electrical appliances and we learned how to buy, use and care for them properly from our leaders, Mrs. Lloyd Backhaus and Mrs. Edward Volm.

A delicious cake and coffee were served by our hostess.

The white elephant exchange we had brought many laughs and we all agreed to have this kind of entertainment again some time.

A tagged walleye stocked in Pike lake in Washington county on April 17, 1959, was caught recently in the Rock river, more than 25 miles away. The walleye apparently escaped from Pike lake into the Rubicon river and then

traveled downstream to the Rock. This is the first tagged walleye stocked in the lake that has been caught in another location.

Thanksgiving Begins At Home

Indeed the big day's festivities may well mean a football game, a long ride in the country to gather leaves or a ride to Grandma's for dinner. But it begins at home with that snack before taking off no matter where you go. So easy, too, and so family-warm, just make an extra batch of biscuits at breakfast, reheat later and serve with a freshening beverage and pretty plates of Imperial margarine spreads. Make the spreads the day before, store covered in the refrigerator and when the biscuits are ready, so are the spreads. It is as easy as that. Make this moment the time to make your second Thanksgiving — the first took place at breakfast — and count your blessings of good family, good friends, good foods.

JAR AND A BAR SPREAD
1 bar (1/2 cup) Imperial margarine
1 5-ounce jar relish cheese spread or olive-pimiento cheese spread or pimiento cheese spread

Let margarine soften in mixing bowl, then cream thoroughly with mixing spoon. Add cheese spread and cream until well blended. Yield: about 1 cup.
PINEAPPLE CHEESE SPREAD
1 bar (1/2 cup) Imperial margarine
1 5-ounce jar pineapple cheese spread
1/4 teaspoon grated orange rind
Let margarine soften in mixing bowl, then cream thoroughly with mixing spoon. Add cheese spread and orange rind and cream until well blended. Yield: about 1 cup.
Serve with Orange Biscuits made by adding 1 tablespoon grated orange rind to dry ingredients in biscuit recipe before adding the liquid.

IMPORTANT NEWS ABOUT U. S. SAVINGS BONDS

Now you can turn E Bond savings into a current income investment... without decreasing the principal

*New privilege of conversion into H Bonds
allows you to postpone paying taxes on your
accumulated E Bond interest; the tax money
continues to earn interest for you.*

Effective now, owners of Series E Savings Bonds can trade them in for current-income H Bonds without having to include the accumulated E Bond interest in their taxable income for the year in which the conversion is made.

This new conversion privilege has special benefits for people near retirement, or who, for

other reasons, want the cash interest which H Bonds pay twice a year. But study your own situation carefully. Current income may not be needed just now—and, of course, the cash interest on H Bonds is taxable. Or perhaps your E Bonds—depending on their dates of issue—are yielding more currently than you would get on H Bonds. Your banker has tables which can help you decide what's best for you.

**Here's a simple example
of how it works:**

Let's say you put \$3,750 into E Bonds back in the spring of 1943. By this spring they would have earned \$2,402 interest and their cash-in value would be \$6,152.

Until this year, if you cashed your E Bonds to buy H Bonds you would have to pay the tax on the E Bond interest with your next return. If you happened to be in the 30% tax bracket, this would amount to \$721. The remaining \$5,431 if put into H Bonds, would pay an average of \$205.56 interest per year for 10 years.

Under the new rule, you can put off paying the tax on your E Bond interest until you redeem your H Bonds. You can put the entire \$6,152 to work and earn over the 10 years an average of \$232.85 interest per year. This gives you an extra \$272.90 over the 10-year life of your H Bonds.

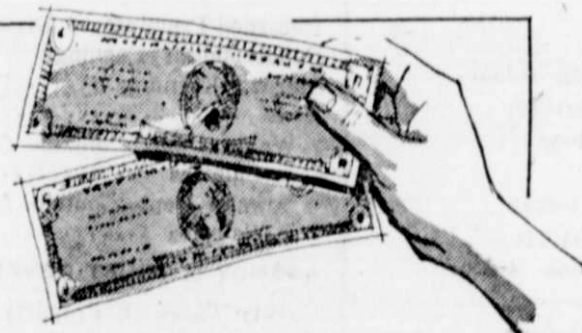

To match the extra interest you would have to get about 4¾% on the after tax cash-in value of your E Bonds.

**Your tax money earns interest
currently and you may pay less tax later**

Of course, tax on your E Bond interest will have to be paid when you redeem or otherwise dispose of your H Bonds. But by the time you pay the tax, you may be in a substantially lower bracket—due to retirement, for example. In the meantime, the tax money is earning interest for you.

You save more than money

You help save the peace by buying Bonds and holding on to them. The money you save helps keep our country's economy strong.

- ☆ E Bonds may be converted to H Bonds through your bank.
- ☆ All E Bonds having a combined value of \$500 or more, matured or unmatured, are convertible.
- ☆ H Bonds are issued in denominations of \$500, \$1,000, \$5,000 and \$10,000.

Looking Thru the Field Glasses . . .

BY BOB LAKE
Washington County Conservation Warden

From Nov. 6 to the 13 inclusive, ten deer were killed in Washington and Ozaukee counties, nine by car and one by gunshot. Eight were bucks and two does.

Deer hunting opens Saturday, Nov. 19, in Washington and Ozaukee counties. Shotgun and slug only. Legal deer, BUCK, and the horn must be three inches or longer. No hunting of rabbits, squirrels, foxes, etc. with a 22-rifle during the deer season. All hunters must wear red clothing during the deer season. Deer transported from the place of kill to a registration station must be on the top of a car, the fenders or in the trunk with the head exposed.

Parties who plan to hunt in Waukesha county where there is an deer season must register there deer in that county. DO NOT bring them into another county without the registration tag attached. You will possibly pay a fine and the deer may be confiscated.

The sale of Christmas trees in Wisconsin is big business. There are a number of laws which regulate persons engaged in it.

A Christmas tree dealer's license is required for ANY PERSON WHO TRANSPORTS CHRISTMAS TREES FOR SALE FROM ONE COUNTY INTO ANOTHER. This does not prohibit an individual from buying a tree or two in one county and transporting it to his home in another county.

NO LICENSE is required to sell the trees within the county in which they were cut, either by a dealer or producer.

IT PAYS TO ADVERTISE

More than half of all the pedestrians killed by automobiles in Wisconsin last year were 55 years old or older; and of that number 60 per cent were over 65 years of age. The slower reactions, poorer eyesight and hearing, and the generally less robust health of our senior citizens, as well as their inability to adjust to changing traffic conditions; sets them up as the most likely victims of drivers who fail to recognize, and compensate for, the handicaps of elderly folks.

NOW! THE GREATEST SHOW ON WORTH!

Bel Air Sport Coupe. There's up to 2 inches more head room in this trim new hardtop; more leg room, too—front and rear.

NEW-SIZE YOU-SIZE SIXTY-ONEDERFUL CHEVY

This '61 is built on the principle that the place you want space is *inside*. We put it there, too. Actually trimmed the outer size to give you extra inches of clearance for parking and maneuvering, and still worked wonders with inner space. Door openings are as much as 6" wider. Seats as much as 14% higher. We've thought of everything. Increased rear foot room by slenderizing the driveshaft tunnel. Worked in sensible new ideas all the way back through that huge bin of a baggage compartment. See how thoughtful this one is? Full of good new things. Full of good *old* things, too, like Chevrolet's well-known thrift and dependability. See it soon.

Brookwood 9-Passenger Station Wagon. One of 6 for '61. Each features a cave-size cargo opening and a new concealed compartment.

Biscayne 4-Door Sedan—with the same sensible design, you get in all the likeable '61 Chevies.
