## Board of Education Sets Up Interview Dates With Architects

**NEW GUIDELINES FOR CLOSING OF SCHOOLS IN HEAVY SNOWFALLS SET**

By Ruth Held  
of the Kewaskum Statesman  
The board of education decided Monday night to set up interview dates with several designated architects regarding a proposed building expansion program involving three schools in the Kewaskum district.

To be interviewed next Monday night are Schutte-Mochon, Inc. and the Bray architectural firm. That decision was made after three board members, two of the Citizens Advisory Committee and Supt. Marshall Boyd visited schools in New London, Kimberly and Seymour Monday, to view structural and architectural designs.

Making the tour were Jack Jadro, Mrs. Zona Miske and Richard Theusch of the school board and Byron Gessner and Howard Zemlicka of the advisory group. It was reported they viewed two elementary schools and one middle school and evaluated them from a standpoint of general appearance both in exterior and interior; general use of materials; traffic patterns; acoustics; lighting and ventilating; amount of storage spaces, bulletin boards and chalk boards; and general overall atmosphere.

The Schutte-Mochon firm prepared preliminary drawings and cost surveys last June. But board members indicated they feel it is necessary to check out others in order to come up with one that is acceptable to district electors. It was noted some have an "ill feeling" for the Schutte-Mochon firm resulting from the swimming pool project.

The subject of a year-round school plan came up again. Points brought out are that it results in a 25 to 30 per cent permanent increase in operating costs and of 100 schools that tried the plan, 98 had abandoned it. "The principals are analyzing the facts and they will come up with some answers," Boyd stated.

The Jan. 3 snowstorm gave rise to the board's setting up some new guidelines in determining whether road conditions warrant closing of schools. Acknowledging that trying to run the buses on Jan. 4 was "a mistake," the board said in any future heavy snowfalls, each town chairman in the district will be contacted by phone for an accurate picture of road conditions for it is the town chairmen who order out the plows.

Boyd said the decision to hold school Jan. 4 was made after the sheriff's department told him at 5 a. m. that all county trunk roads and some town roads were open following a 12-hour snowfall and freezing rain the day before. An announcement that school would be held was then made on the West Bend radio station.

"By 6:30 we realized this was the wrong thing but some drivers leave their homes at 6 a. m. They could not be contacted so we kept the busses coming so all would be accounted for," Boyd explained. About mid-morning, the announcement was made that school was

being closed down.

A number of bus drivers were present at Monday night's meeting. One said she arrived at her school "with exactly two students" and then was told school was closing down and she should return the children to their homes.

Boyd said he followed "the usual rules-of-thumb" in deciding whether or not to cancel school. "If the plows have had 12 hours plowing time after a heavy snow and we think we can get 60 to 70 per cent of the students, we hold classes," he said. He added, however, that some townships did not plow on that Sunday because it meant paying the operators double time.

Others present said because of their location on town roads, they did not expect to be plowed out but that they were and busses came through.

The board granted the request of Miss Rita Featherstone that she be released from her contract to teach kindergarten at Farmington beginning with the second semester. In her place, a contract was approved for Miss Lynn Carol Leon of Elkhart Lake, a graduate of WSU-Oshkosh.

Also approved were the dates for summer school. Classes will be held from June 14 to July 30 with a recess between July 3 and 11.

The remaining 21 fire calls were to minor blazes.

One of the fires was a mutual aid call from the City of West Bend when the local firemen were summoned to assist at a barn fire in the Town of Barton on March 30.

Jan. 19, 1 p. m. at Strobel's Hall, Wayne.

## Children with Birth Defects Aided by Recreational Therapy

By WILLIAM G. THURMAN, M.D.

Director  
March of Dimes Birth Defects  
Special Treatment Center  
University of Virginia Hospital  
Charlottesville, Va.

We win! You're out! Our team's ahead! These are familiar cries of the playground. No child should be denied his right to join in the fun.

Yet, regrettably, too many youngsters around the country get no chance at bat or to shoot a basket. The fault is not theirs. They were born with birth defects.

At the Children's Rehabilitation Center we believe that handicaps should not keep children on the sidelines. With my colleagues, Dr. Robert E. Merrill and therapist Ronald Adams, we have set up a year-round program of recreational therapy. About 80 children participate.

Games and exercises provide treatment and rehabilitation and offer young patients a chance to share in the fun and excitement of team play. The youngsters also learn the give-and-take of the playground.

**Play Ball!**

Group participation stresses teamwork and making points, both builders of self-confidence. Once a child learns to play he develops socially and no longer feels "different" or left out of normal activity. We are constantly working out new kinds of recreational therapy. There are now programs for children with spina bifida (open spine), orthopedic deformities, rheumatic fever, congenital amputees, blindness, diabetes, asthma, mongolism, cerebral palsy, muscular dystrophy and other afflictions.

Simple games are encouraged for those under nine years of age.

For those confined to wheel chairs, table tennis, finger shuffleboard, target tennis, pool, BB gun shooting are suitable, and, if there is medical permission, archery and bowling.

If the patient is confined to bed, there are quiet table games, crafts, hobbies and a mild exercise program.

Naturally there are fewer restrictions on children who can walk. Mr. Adams has adapted many popular sports to meet the restrictions imposed by various birth defects. This summer we launched horseback riding.

Joyce Jones takes aim under the watchful eye of therapist Ronald Adams during a recreational therapy session. The program offers a wide range of games and activities.

His BB-gun trap shooting program has become extremely popular. It can be modified for home use, children's and veterans' hospitals, school and summer camps.

Wheel chair hockey is another favorite and can even be played by patients on stretchers. Putt-putt golf, basketball, volleyball and swimming all have been revised to meet different disabilities.

During the summer we have yeoman service from members of the Teen Action Program (TAP) of the March of Dimes. Each volunteer is a "buddy" to a child with birth defects at a day camp in Portsmouth. As part of a civics course, the teen-agers are trained at our Center, which also provides special equipment for the city park.

**Public Is Concerned**

TAPs plan daily song fests, story-telling sessions, arts and crafts, rides on miniature trains, soccer, target shooting, croquet, archery and assorted sports.

Portsmouth is a good example of public concern about birth defects. Participating in the summer program, underwritten by the local March of Dimes chapter, are church groups, the public library Story Teller, the Jaycees, Modern Woman, the Junior Women's Clubs and individual citizens.

All of us working in this

field are adamant about the need to provide modern facilities for the handicapped. It is staggering to learn how few schools are equipped to deal with children on crutches or in wheel chairs, despite the fact that installing ramps, adequate bathrooms and playgrounds can be done at such little cost.

**Training Professionals**

We can take a child without arms or legs and teach him to write and walk. We then have to prepare his community to include him in daily life. If he is to be a productive citizen tomorrow, he must know how to live with other people and how to perform in our world.

Frustration comes from caring for a child's medical needs and then watching him return to a home or community where nothing at all is done to help him. To counteract this, we have emphasized professional education and public health projects.

A grant from The National Foundation-March of Dimes has enabled us to train health professionals in comprehensive recreation therapy for the handicapped child; to create new programs; and to develop special studies at physical therapy schools.

We had 300 applications this year for 45 places at our annual professional therapy demonstration course.

## Indians Win 2 More, Retain Tie for Lead

**GERMANTOWN, PEWAUKEE ARE LATEST VICTIMS**

The Kewaskum Indians posted two big victories the past week to run their Scenic Moraine Conference streak to five in a row and retain their first place tie with Mayville. After losing their opener at Hartland, Coach Mike Williams' Indians have shown improvement in each game and have again now become a strong contender to defend their championship although losing five starters off last year's championship team.

Playing at Germantown Washington Friday night, Kewaskum won surprisingly easy, 68-41, a margin of 27 points. Previously the Warhawks had shown some strength on occasion. Tuesday night at home the Indians bested Pewaukee, 68-58, in a victory that was not so easy but one Kewaskum had to work for to come out on top. Pewaukee, which came here boasting a 3-2 record, has a big team and one that is pretty sound all the way around.

In burying Germantown, the Indians outscored them in every quarter. After jumping off to a 17-12 first quarter lead, the Indians ran away from them in the second period, 17-8, to take a commanding 34-20 halftime advantage. They continued to outpoint them in the third quarter, 18-8, and went way ahead, 52-28, before easing up in the final stanza but still outscoring them, 16-13.

It was sort of a battle between the Eichstedt brothers for Kewaskum against the colored Henry brothers for Germantown. Clark, the senior brother, rammed in 28 points for Kewaskum with brother Glen hitting 13. Clark hauled down 9 rebounds and Glen 7. Junior Wilbur Henry got 14 points for the Warhawks and his brother Mike collected 12. The Henry brothers also accounted for a majority of Germantown's 31 rebounds.

While Kewaskum was defeating Pewaukee Tuesday, Mayville also won over Germantown to keep pace with the Indians in the first place race. But Germantown gave Mayville a surprisingly rough game, losing by only 7 points, 59-52, while Kewaskum blasted the same Germantown team Friday by 27 points.

The Indians outscored Pewaukee in 3 of the 4 quarters but the Pirates stayed within catching distance all the way. Kewaskum possessed a 16-10 lead at the quarter and increased it to 35-24 at the intermission. The visitors outscored Kewaskum in the third period, 16-14, to narrow the gap to 9 points. After a close final quarter, Kewaskum wound up with a 10-point victory.

Clark and Glen Eichstedt poured in 20 and 18 points respectively to pace Kewaskum's win. But the high scorer for the evening was Pewaukee's Gary Thomas, who meshed 23. Tom Theusch and Bob Mertz each contributed 9 points

for the winners. Wank and Beno each contributed 10 to Pewaukee's score.

Besides their scoring, the Eichstedt brothers did a lot of rebounding, Clark especially off Pewaukee's board. Mertz was also very active on the boards but had to sit out a good part of the game due to foul trouble with 4.

Tonight (Friday) the Indians travel to Grafton to take on their old rivals. Grafton has a 2-4 record but could prove tough.

## Indians Host Triple Dual Wrestling Meet

**CEDAR GROVE WINS ALL THREE MATCHES**

Kewaskum High School played host to a triple dual wrestling meet on Saturday with the three visiting teams including Plymouth, Cedar Grove and North Fond du Lac. In a triple dual meet, each team wrestles the other three, with separate team scores being kept.

Cedar Grove had the top team, winning all three of their matches. They beat Kewaskum 23-16, Plymouth 31-9, and North Fondy 24-18. North Fondy won two out of three matches, Kewaskum one, and Plymouth lost all of its matches.

es. Nine wrestlers won all three of their individual bouts, four of them being from Cedar Grove. They were Chuckie Vilarreal 107, Ken Yoho 134, Dave Watry 140 and C. Meeusen 187. Watry and Meeusen were unscored upon. North Fondy had three boys undefeated, Mark Kohl 114, Jim Luema 128 and Greg Bellmer 169. Plymouth's Bob Goelzer won all his matches, two at heavyweight and one at 187. Kewaskum's Doug Bindrich 157 bested all his opponents.

Jeff Ketter of the Indians won one and drew one without a loss at 128. Other Indians who fared above 50-50 were George Muckerleide 107, Cal Tackes 114 and John Jadro 121. Each won two and lost one.

Two of Kewaskum's top wrestlers were out with injuries or they might have done far better. They were Dave Schacht 187 and Kim Rodenkirch, heavyweight. This forced their team to forfeit or use underclassmen.

### SLINGER 26, KEWASKUM 23

In their first match after the holidays Kewaskum dropped a close match to Slinger, 26-23. The match was not decided until the final bout when the Owls' Ed Weasler pinned Al Schmidt. The Indians' top heavyweight, Kim

Rodenkirch, 8-2, who recently won the Horicon Invitational, was out with an injury and watched Schmidt fall to Weasler.

Kewaskum built up a big 15-2 lead at the start but lost it in later matches. The Indians' Muckerleide and Schacht remained unbeaten in conference action and Jadro won to better his record at 8-2.

Kewaskum's JV's and freshmen both won over Slinger teams, 22-21 and 22-8.

### HOLY TRINITY WINS 4TH STRAIGHT, TIED FOR LEAD

The victory was the fourth straight for Holy Trinity without a setback and they are now tied for first place with Barton. Both have 4-0 records. Paul Petri was high scorer with 23 points.

The "B" team also won over Dotyville, 10-6. Jim Dean scored 5 points for the winners.

This Friday, Jan. 15, the Holy Trinity teams play at Lomira.

# Send a letter to North Vietnam.

Right now hundreds of Americans are being held captive in North Vietnam.

A few prisoners have made it back. They talk about bamboo cages. Vicious beatings. Malnutrition. Humiliation.

But the North Vietnamese will tell us nothing. And it's this silence that makes our appeal more urgent.

For the families at home, there is no word on who's alive. Who's dead. Or even who's being held. There is nothing. Except the anguish of not knowing.

Maybe you can change this. By writing to the one man who can change it: The President of North Vietnam.

Ask him to release the names of prisoners, allow them to write to their families, and let the Red Cross inspect the prisons to

insure proper medical treatment and living conditions.

Remind him that he is bound by the 1949 Geneva Convention which his country signed. And by the Istanbul resolution.

North Vietnamese leaders do care about American public opinion. And if they think they can gain something by bowing to it, they will.

But one letter won't do it. Or a thousand. Maybe it will take millions. So we've got to write now. All of us. And often.

Write a letter tonight. And send it to: Office of the President, Democratic Republic of Vietnam, Hanoi, North Vietnam.

It'll cost you a quarter. But it might save a life.

**THE AMERICAN RED CROSS** ✚

# Maybe they'll open it.
