NUMBER 14

Wayland Tessar Promoted to Bank of Kewaskum President

Wayland D. Tessar has been elected president of the Bank of Kewaskum. His promotion was announced after the organizational meeting of the board of directors Jan. 24, 1972. He succeeds James D. Reigle, who will continue as a director.

Tessar began his career at the Bank of Kewaskum in 1949 as a teller. He is a native of the Kewaskum area, a graduate of Kewaskum High School, served in the U. S. Navy in World War II, and attended Milwaukee State Teacher's College prior to his employment at the bank. He and his wife Adeline have two sons, Dan and Jay. An active participant in community affairs, Tessar served on the Village Board for 14 years, the last six as president. He is presently a member of the Zoning Commission.

Gerald Zimmel was promoted from assistant cashier to cashier, succeeding Wayland Tessar. Zimmel has been with the bank for ten years. He is a native of West Bend and a U. S. Navy veteran. Zimmel is active in local organizations and is presently a member of the School Board. He and his wife Carol reside at R. 2, Kewaskum with their children, Angie, Mitch and Kristin.

Newly elected to the board of directors is Charles J. Ogi, D.V.M. Ogi, a native of Ohio, received his degree in veterinary medicine at Ohio State University. He has practiced in the Kewaskum area since his graduation. He and his wife Donna reside at R. 2, Kewaskum with their children, Ken, Mitch, Greg and Lizbeth.

The Bank of Kewaskum was founded in 1904 by Adolph L. and Moritz Rosenheimer. The family maintained control of the bank until June 1971, when it was sold to the Valley Bancorporation. Under its present management, the bank still maintains its independence as a business member of the community of Kewaskum.

Record 87 Building Permits Issued in Village During 1971

A check with Village Commissioner William Martin revealed that a record number of 87 building permits were issued in Kewaskum during the year 1971.

This total exceeds by far the previous high of 33 permits issued in 1970. Of the 87 permits issued, 42 were for new homes in the village, one was for a 10 family apartment building, one for a 4 family apartment building, and the remainder for smaller buildings and remodeling.

Almost three times as many building permits were issued last year as in 1970 in our rapidly growing little city. The main reason for the large increase in 1971 was the many new homes and apartments going up in the new Bel-Ric Acres and Country View Estates subdivisions.

Life can be pretty grim when you reach 80 — especially if there's a motorcycle cop behind you.

To Register Kindergarten Pupils Feb. 15-16

This year's annual "round-up" for the parents of prospective kindergarten pupils in the Kewaskum school district will be held during the day on Tuesday, Feb. 15, and Wednesday, Feb. 16, from 9 a. m. to 12 noon, and 1 to 3 p. m. in the Beechwood, Farmington, Kewaskum, and Wayne school offices. Please register your child at the school in your area. It is not necessary to bring the child while registering.

To be eligible for enrollment in kindergarten, children must have attained their fifth birthday prior to Sept. 1, 1972. Evidence of date of birth, either a birth certificate or a baptismal certificate, must be brought to the office at the time of enrolling.

Parents will be asked to register their children for next year's term and to get the necessary health forms. If you know of any new families in this district, please pass this information on to them.

Richard E. Zarling, director of elementary education, said, "I should like to impress upon you the importance of registering your child on either of these two days so that we may plan for them."

Village Heart Fund Drive in February

The annual Heart Fund campaign will be conducted in Kewaskum and throughout the country during February which has been declared American Heart Month by an Act of Congress.

Mrs. Robert Schmidt will act as chairman of the drive in the village, assisted by members of the Kewaskum Woman's club and other volunteers. Mrs. Schmidt has announced this year's goal is to surpass last year's contributions of \$605.55.

Wisconsin Heart Fund volunteers will be supervising the circulation of neighbor-to-neighbor collection envelopes in their own or nearby areas. It is expected that canvassing will be completed by the end of February.

Heart Fund contributions help fight a vast complex of diseases, including heart attack, stroke, hardening of the arteries, high blood pressure, rheumatic heart fever and inborn heart defects. Statistics indicate that heart attack alone, kills more than 674,000 Americans a year.

Envelopes will be circulated beginning on or about Feb. 1.

8 Seniors of KHS Graduate In January

A January graduation for eight Kewaskum Community High School seniors was approved by the administration earlier this week.

After meeting all course requirements for a diploma from Kewaskum Community High School, these students have requested early graduation in order to develop their own interests.

Two are now full-time students at state universities. Three attend the Moraine Park Technical Institute at either Fond du Lac or Beaver Dam, following farm implement and repair or hospital ward clerk courses. Another three have been approved to start working at full-time jobs at area businesses. One more graduation is pending.

Ten early releases have been requested by seniors desiring to attend college or work only half a day, then complete required high school courses the other half of the day.

AFS Student Tells Woman's Club of Her Country, Customs

Miss Eva Hast, Kewaskum's AFS student from Sweden, addressed members of the Kewaskum Woman's Club at their January meeting, held in the lounge of Peace Church.

Dressed in her native costume, Eva told of her family and her country in what was her first speaking engagement. The students may not be called upon for speaking engagements prior to Jan. 1, according to AFS regulations.

The native costume, which Eva said is worn only for special occasions, is an almost ankle length dirndl type in red and black pin stripe. It is worn with a long sleeved white blouse. Worn over the skirt is an apron in natural shade with red pin stripe. An envelope-type purse is snapped at the waistline. Over her shoulders Eva wore a long-fringed shawl, loosely tied. Her stockings were red.

Petite and fair-haired, Eva said her family consists of "me, my dog and my parents and we live in a flat like most people do." Her home is in Gavle, on Sweden's east coast where her father is a retired office worker of a shipbuilding firm. "My mother is an office clerk," she said.

Steel, paper, pulp and shipbuilding are the country's main industries with forest products accounting for 25 per cent of exports. Except for mountains which peak up to 6,000 feet, Sweden is comparatively flat, Eva noted. It has about 96,000 lakes. Agriculture is possible in most parts of the country but is concentrated in the southern part, Eva related.

In the extreme north is Lapland, home of the Lapps, who Eva described as "nomads with a language of their own." They have large reindeer herds and a common livelihood is fur trapping. Eva's colored slides testified to

Overflow Crowd At Open Meeting To Discuss Resignation of Principal

Seven File for Trustee Offices, Primary Possible

Seven candidates, including the three incumbents whose terms expire, have filed for the position of village trustees at the Spring Election April 4. The deadline for filing was 5 p. m. Tuesday.

Filing for re-election are incumbents Raynor Herriges, Gregor Nigh and Elmer Yoost. Newcomers seeking election are Richard E. Zarling, Daniel S. Schmidt, Alvin H. Wiesner and Robert A. Staehler.

Board terms are for two years. Three other trustees hold over in office for another year, as does the village president.

In view of the seven candidates, it is possible that a primary election may be held but Village Commissioner William Martin said he did not think so. State statutes state a primary may be held but it would be up to the governing body. The village board will decide at its Feb. 7 meeting if a primary election will be held.

Early Morning Fire Damages Village Home

Kewaskum firemen answered a call at 2:05 a. m. yesterday (Thursday) in five below zero weather and on ice glazed streets to the home occupied by the Gerald Stern family at 417 Main St. The home is owned by Ray Gaffke of 5876 N. 84th St., Milwaukee.

A son of the Sterns, who reside on the second story of the building, awoke complaining of a headache and smelled smoke. He awoke his father, who investigated and found the lower story filled with smoke and summoned the fire department. The lower part of the building at one time housed a blacksmith shop.

The blaze is believed to have started in a trash can in the storage area below the living quarters and spread to the floor, wall and ceiling. The fire burned a hole in the west wall and damaged the floor and ceiling. Firemen sawed a hole about three feet square in the floor and also opened a hole in the ceiling to get at the flames.

Fire Chief Armin Oppermann said a rubbish can containing tin cans and paper was smoldering when firemen arrived. He believes that a cigarette or some other hot object placed in the can caused the fire. Damage was estimated at between \$150 and \$250. Twenty-four firemen fought the blaze for about an hour.

A standing room only crowd that overflowed into the corridor was on hand last Thursday night (Jan. 20) at a Board of Education meeting, called to discuss events that led to the sudden resignation of High School Principal Edward E. Connors the day before. A custodian estimated the crowd at 375.

Board Chairman Richard L. Edwards presided over the 2 1/4 hour meeting that was punctuated with accusations and denials, emotion and flared tempers. Many grievances were aired.

He called first on Supt. of Schools Floyd Brenholt who traced the events that led to Connors' resignation. The meeting was then opened to comments from the audience. Parents backed Connors but most of the 8 or 10 teachers who spoke "had an axe to grind." And when it was all over, it was the consensus of the electors that the Board of Education is elected to run the affairs of the district and that this is a board issue. One commented she thought the situation was "a little fault of everyone's."

The open meeting was adjourned and the board, along with Connors, moved to the board room for an executive session. As they came out about midnight, Brenholt was asked what transpired.

He said Connors had indicated he did not want the board to reconsider his resignation. Brenholt said the resignation was not acted on for the reason that a vote cannot be taken in an executive session but that the resignation would be accepted at the next board meeting Jan. 31. He said the board authorized him to begin the search for a new principal.

Brenholt commented later that he wants to emphasize that the matter of Connors' resignation is closed. "We must forget about it and go on."

Edwards has since been asked if he had any comments. He issued the following statement: "Anyone who attended the meeting would have to admit we did have a problem in our high school and that no one individual or group was to blame. I would suggest the cause of the problem was a clash of personalities in honest efforts to perform a difficult duty."

"I also believe there was no way to solve the problem and still preserve the integrity of the individuals. As a graduate of Kewaskum High School and as school board president, I would now ask that everyone with a fond memory for our school, and all those with a sincere interest in the education of the children of our community, forget what has happened in the past few days."

"Now is the time to put your faith and trust behind your superintendent, Floyd A. Brenholt, the school board, the fine members of our faculty and the people we're all really talking about—the student body."

Seeing all these new cars on the road makes you realize that you certainly have to give the American people a lot of credit.

EDITORIAL

When a situation occurs like the one that resulted in the resignation of Principal Edward Connors last week it cannot easily be overlooked or hurriedly forgotten. There is no simple way out of a personal matter of this kind.

Misstatements, accusations and denials were made, grievances were aired, sides were taken, and emotions aroused where reason should have reigned instead of drawing conclusions without a knowledge of all the facts.

At first it appeared like a spur of the moment thing brought on by the ridicule in the unauthorized school paper, the suspending of two students and the student "sit-in" protest but as more facts were learned it became apparent that the situation had been building up for a length of time. It was not only a problem between some of the students and the principal but involved other administrators, teachers, the school board and the community.

It will take time to die down but the entire affair will be forgotten a lot faster if all factions involved decide to pull together in the future and work to get and keep our school system on the

right track. There is no purpose in continuing the repercussions that came to light in this matter.

At last Thursday's open meeting comments from the audience showed most parents backed Connors while some of the teachers present voiced dissatisfaction. Maybe the situation was a little the fault of everyone. We agree with the consensus of the electors that the board of education is elected to run the affairs of the district and this is a board issue. It is up to them to make the decisions as to what procedures to take.

The suddenness with which the resignation burst into full proportions made it difficult to handle. Now that it's over people in the community should think calmly on the future of the school educational system. Let's solve our problems and keep our educational structure running well by pulling together with the goodwill and cooperation of all and a common general purpose from all residents of the community. This is especially needed during the transition period to a split-shift school schedule.

Lapland's many beautiful waterfalls which she said are harnessed for power.

The concept that "a woman's place is in the home" is not a common one, said 18-year old Eva. "Women make up about 40 per cent of the labor force," she noted. Compulsory education between ages 7 and 16 has been in force for 130 years. "Every child receives a public allowance until age 16. It is to improve the standard of living. At childbirth, every mother receives \$256 in U. S. dollars," Eva told her audience.

In keeping with the concept of equality between men and women, boys and girls alike must take child care courses. Sweden has compulsory health insurance and free dental care, Eva said.

English is taught, beginning in fourth grade and Eva seems to have learned her lessons well. She is articulate. She said she likes Sweden very much, describing it as "very free and not as corrupted as some other countries. We have no slums—Stockholm is the only city with over one million population."

Responding to a question of the attitude toward religion among

Swedish people, Eva said the Lutheran Church is state-supported but there is religious freedom. "We have religion in school but the tradition is not to go to church. Religion is not as big a part of our lives as it is of yours," Eva told her listeners. "We don't think about it too much," she added.

Questioned on how many homes have television, Eva answered "most everyone has one but only a few are colored sets." She noted luxuries such as cosmetics and television are twice as costly in the United States. "And meat is expensive—we eat lots of fish," she said. Eva was introduced by Mrs. Richard L. Edwards, president of the adult AFS Chapter.

In official business, it was noted Mrs. O. E. Behnke and Mrs. Robert Schmidt will head up the Heart Fund campaign in the village. Mrs. Behnke said a fruit basket and a \$10 gift certificate was a combined gift of the club and the local Salvation Army fund to five families at Christmas.

Hostesses were Mrs. L. N. Peterson and Mrs. Dan Schowalter. Centered on the tea table was a world globe. A small Swedish flag marked Eva's home. Encircling the globe were other AFS mementos from Mrs. Peterson's collection.

Rumsey Returns From Chiropractic Seminar in Texas

H. L. Rumsey of Kewaskum recently returned from Dallas, Texas, where he participated in a Seminar and Congress on Research conducted by the Parker Chiropractic Research Foundation. Over 2,200 chiropractors from all over the world attended.

The sessions included improved methods of neurological and orthopedic examination, research, and improved techniques on correcting nerve pressure and irritations resulting from misaligned spinal vertebrae. A comprehensive report was given on results achieved in cases of backache, headache, nervousness, and other conditions often encountered by the chiropractor in his daily practice.

Several nationally celebrated speakers addressed the seminar. Bob Cummings, star of stage, screen, and television, spoke, commenting favorably on his long personal experiences with chiropractic. W. E. Shute, M.D., a pioneer in researching the medical and

physiological properties of Vitamin E, presented his clinical findings to the doctors.

Rebecca Liswood, M.D., nationally known writer and lecturer to medical groups on the subject of marital counseling, addressed this large chiropractic audience as did Herb True, Ph.D., former professor at Notre Dame, who once again impressed upon the group their service and health responsibilities to their patients. Marcus Bach, Ph.D., the University of Iowa, spoke on the mission and destiny of the chiropractic profession and its role in providing improved world health care. Dr. Bach's "The Chiropractic Story" is a comprehensive chronicle of the history of the profession.

Mr. John Jadro moved to record the votes as listed, Richard

Theusch seconded. Motion carried. The board extended their thanks to Mrs. Berg for the work she had done in urging Women Voters League of Women Voters to vote and also to the Girl Scouts for handing out the "Reminders to Vote" at local business places. Mrs. Berg questioned the board as to whether all host schools served lunches to the athletic participants after athletic events, particularly wrestling boys. Motion was made that donuts and milk or orange drink are provided at KCHS.

Discussion was held relative to questions from Mrs. Garman and Mrs. Ryan regarding the effect of the alternative plan which would go into effect because of the loss of the referendum and the possibility of having further meetings for the electorate to discuss the split shifting schedules, etc.

Gerald Zimmel moved to adjourn to executive session. Richard Theusch seconded. Motion carried.

SNOBARGER OF TELEPHONE CO. TALKS TO SECRETARIES

Sixteen members and two guests, Marilyn Gust and Rita Meyer, were present at the Glacier Inn meeting of the National Secretaries Association of the Kettle Moraine Chapter of the National Secretaries Association (International).

H. J. Snobarger of the General Telephone Company had a most interesting and educational program on the "Laser Beam." Laser is light amplified by stimulated emission of radiation. Snobarger described the many uses of the laser such as repairing a detached retina; holography, which is a lensless photographic method that uses laser light to produce three dimensional image; and he demonstrated voice communications using the Helium Neon Laser

Beam.

This month is one of social entertainment in the village. Besides movie shows every Sunday and basketball games, the local recreation group will present a vaudeville program at the opera house consisting of singing, dancing,

music and a one-act comedy. There will be all home talent entertainment with about 40 young ladies of Kewaskum participating. The Woman's Club will also finance a home talent play, "Safety First," at the opera house with 10 characters. Arthur Schaefer will coach and direct both productions. There will also be grand opening dance at the opera house, Royal Neighbor card party at the M.W.A. hall, chicken supper given by the Ladies Aid of Peace Church, card party at Holy Trinity parish, and Woman's Club white elephant sale.

A tarantula with several young ones was discovered in a bunch of bananas at the L. Rosenheimer store by Rudy Casper, clerk in the grocery department. The tarantulas were killed before any of the employees were bitten by them.

Icey, the Statesman devil, says he likes the way the women dress with that extremely low cut back. He can tell at first glance whether they are coming or going.

The Kewaskum Aluminums basketball team will make their initial appearance in their new uniforms when they meet Shep's Indians at the opera house. The new suits furnished by the Kewaskum Aluminum Co., are navy blue with burnt orange trimmings. The head of an Indian chief is on front of the jerseys and the sweatshirts have the initials K.A.C. The line-ups: Shep's Indians—Bilgo and Ramthun, forwards; Runte, center; A. Rosenheimer and Shep, guards. Aluminums—Tessar and M. Rosenheimer, forwards; Spatz Miller, center; Carl Schaefer and Carl Schnurr, guards.

A mass meeting will be held at the opera house Tuesday evening. The question of building a sewer system will be discussed. All residents are urged to attend.

Husband: "I'm awfully sorry, my dear, but these questions have already cost me an awful lot of money."

Hospital Drive Exceeds Goal by Large Margin

The St. Joseph's Community Hospital (West Bend) Expansion and Development Campaign has gone over the top, exceeding its goal of \$2.4 million by a substantial margin.

Figures released this week by Bernard C. Ziegler, general campaign chairman, show that the drive for public subscriptions to provide new health care facilities for the area has surpassed its goal by over \$475,000.

Ziegler indicated that the total raised to date now stands at \$2,875,100. He termed the drive "an unqualified success" and said that a late surge due to year-end contributions and intensive "clean-up efforts" put the campaign over the top.

"This campaign began last October with the highest of hopes," Ziegler said. "Though some felt the goal was too ambitious, the campaign committee never wavered in its belief that we would succeed. Our task was too important, our workers too dedicated and our citizens too public-spirited to ever doubt success. Certainly the results that we are announcing today more than justified the expectations that we had."

In extending his personal thanks to both workers and contributors, Ziegler went on to say:

"Our community has long been a doing community and this campaign certainly has enhanced that reputation. It will, in my opinion, be long remembered as one of our community's most outstanding

accomplishments. The thousands who gave and the many hundreds who worked have through their efforts achieved something which will be of untold benefit to our community for generations to come."

A breakdown of the various divisions and their chairmen, each of which "contributed greatly to the campaign's success" according to Ziegler, follows:

Advance Pattern Division — James R. Brown, Robert T. Rolfs, co-chairmen; Special Gifts Division — Robert J. Steiner, Alfred F. Ramsthal, co-chairmen; Medical Division — Thomas J. Kenny, Alvin T. Grundahl, co-chairmen; Employees Division — Joseph J. Zadra, Richard A. Larson, Lee E. Eichstedt, co-chairmen; Area Division — James D. Reigle, John L. Kratz, co-chairmen; and General Teams Division — Robert S. Barber, Elbert A. Yagow, co-chairmen.

Ziegler pointed out that the overall hospital expansion and development program totals over \$5,000,000. Consequently, he said, every dollar contributed helps to hold down the amount that must be borrowed.

"We are striving for the lowest possible indebtedness so that the hospital will be able to hold down operating costs for the benefit of all," the chairman said.

Though the official campaign period has ended, pledges will continue to be accepted from those who may not as yet have been reached and who wish to

contribute. Anyone desiring information or wishing a personal contact is asked to call Fred J. Bury, Hospital Administrator, at 338-1888.

Norman A. Schowalter, chairman of the hospital's board of directors and associate campaign chairman, in commenting on the drive said:

"On behalf of the board of directors and the entire hospital staff, I would like to express our most grateful appreciation to everyone, contributors and workers, for their magnificent efforts which have resulted in such a successful campaign. A "doing" community has done it again. We can now move ahead with assurance and finalize the plans for our new hospital unit so that construction can begin. Ground-breaking is set for approximately March 31."

Indians Break Even in Two Overtime Games

The Kewaskum Indians played 2 games on successive night over the weekend and oddly both of them were overtime tilts. Kewaskum split the 2 close contests, shading Slinger there Friday, 48-44, in overtime and being nipped by Kettle Moraine here Saturday, also in the extra period, 70-68. The third place Indians are now 5-4.

It was Kewaskum's 2nd close win over Slinger this season. After both teams had a cold shooting night in regulation time, the Indians blanked the Owls in overtime while scoring 4 points on baskets by Tom Theusch and Glen Eichstedt to notch the victory. Slinger had a 2 point lead with 2 minutes left in regular time. Two Indian free throws tied it up but another free throw that would have given Kewaskum a one point victory went astray and forced the contest into overtime.

After a 10-10 first quarter the Indians took a cozy 27-22 lead at half-time. But a hot hand by Dave Hunter in the third period turned the tide in the Owls' favor and they went ahead, 36-34. Kewaskum checked Hunter with one bucket and outscored Slinger in the final quarter, 10-8, to tie it up and then win it in overtime.

Hunter was the top scorer with 20 points, almost half of his team's total. Craig Carr was top gunner for the Indians with 14 points and Eichstedt contributed 12. Kewaskum sank only 8 of 21 free throws.

Lady luck smiled on the other team Saturday night and Kettle Moraine turned the tables in overtime, 70-68. The teams were knotted at 60-60 at the end of regulation time but the Lasers outgunned the Indians in a high scoring extra period, 10-8. Mike Maryarski's 6 free throws in the 3 minute overtime were largely responsible for his team's win.

Kewaskum started fast and took an early 13-4 lead with Theusch scoring 7 of his team's first 10 points. With some hot outside shooting, Kettle Moraine caught up and went ahead at the quarter 18-17. With Theusch still hot the Indians regained the lead at intermission 39-38 in the nip and tuck battle. Kewaskum came out cold in the third stanza and managed a mere 4 points, while the Lasers tallied 13 to take a 51-43 advantage. The Indians warmed up again in the final quarter and reversed the situation by pouring in 17 points to the Laser's 9 with Carr and Theusch setting the pace.

With the score at 58-58 Theusch hit with 10 seconds left and it appeared victory was in the bag. But Curt Barringham, driving in, was fouled with 3 seconds left and sank both free throws under pressure to knot the score and send the game into overtime. Paced by Maryarski's 6 free throws, the Lasers hung on in the overtime to win by 2. The loss was the Indi-

ans' 4th, all of them by close scores except the Mayville game.

Theusch was the leading scorer with 23 points. Carr chipped in 18 and Eichstedt 12 for the losers. Maryarski paced the Lasers with 20 and Jay Seeboth was next with 14.

Tonight the Indians host their rivals, the leading Mayville club, which won 2 last weekend, while Germantown split to drop into second.

Indian Matmen Win 3 Matches

Kewaskum's wrestling team won its last 3 matches, 2 of them over Scenic Conference opponents, to bring their league record to 3-3.

The Indians came from behind at Pewaukee Jan. 13 to win 30-24. At 167 lbs. Al Schmidt pinned his opponent to tie up the match. Then in the finale heavyweight Kim Rodenkirch forced his opponent to the mat to give Kewaskum the victory. Other winners against the Pirates were Mike Strigenz, Cal Tackes, Mike Nigh, Rex Bindrich and Doug Schacht. Kewaskum's JV's and freshmen also won their matches to cop all the honors.

Last Thursday the Indians won a decisive victory at Mayville 37-15. Kewaskum won 9 of the 10 matches, 3 of them by pins, and 12 of Mayville's points because of forfeits. Freshman Alex Flynn started the Indians off by pinning his opponent and then after 2 forfeits, Tackes, Jeff Ketter, Nigh, Bindrich and Schacht all won decisions to go ahead 21-12. Jeff Czerwinka lost his match but Chuck Buss, Schmidt and Rodenkirch won with a decision and 2 pins to notch an easy win. Rodenkirch is still unbeaten in the conference. Mayville won the close

JV match 32-30.

Kewaskum made it 3 in a row in a non-conference match with Random Lake here Tuesday, winning a tight one, 26-25. Two quick pins by Schmidt and Rodenkirch in the final bouts provided the victory. Actually the margin of victory was a penalty point. The two teams drew but Random Lake lost a point for unsportsmanlike conduct. Rodenkirch ran his record to 11-1-2 overall, including his 2nd straight Horicon Invitational championship. He is unbeaten with 5-0 in the conference. Schmidt, only a sophomore, is 5-1 in the conference and junior Jeff Ketter also has a fine 13-4-1 record. Other Indian winners were Schacht, Nigh and Buss, and Tackes drew.

The Indians hosted Germantown in their last match here Thursday.
