Village Board, Police Reach An Agreement

By Ruth Held

Members of the village board agreed Monday night to recognize the Kewaskum Police Association as such and to enter into an agreement for 1974 as had been proposed by the three-man force last October, the first of its kind.

The 12-page document was signed Monday night during a session called for the express purpose of salary negotiations with all village employes.

The police contract calls for a monthly salary, retroactive to Jan. 1, of \$690 for the first year's employment. Previously, the starting wage was \$625 per month.

Salaries, under the new contract, will be \$800 monthly for the second year; \$835 for the third year; \$875 for the fourth and \$915 for the fifth. Previously, the pay scale was set up in six-month steps and a police officer could work up to \$650 in grade 4; to \$675 in grade 3; to \$725 in grade 2; and to \$750 as a senior officer after three years.

The pay schedule asked for in the original proposal to the board was slightly higher than the one agreed to. It called for \$693 monthly the first year; \$842 the second; \$879 the third; \$919 the fourth; and \$960 in the fifth year

The new contract gives local police other benefits. Pay for hours worked beyond the standard work week of 44 hours will be on a time and one-half basis instead of the previous straight time. Officers will be reimbursed for use of their private autos at the rate of 12 cents per mile.

Each officer will be granted one additional paid holiday, bringing the year's total to 8½. Beginning with his 16th year of employment, each officer will earn four weeks' paid vacation. The maximum previously was

Sick leave was increased from 10 to 12 days per year per man and the limit on accumulated sick leave was raised from 30 to 40 days. After 40 days has been accumulated, accrued sick leave goes into a sick leave bank from which each officer may borrow an additional 40 days per illness.

Under the new agreement, the village will contribute the full amount into the Wisconsin retiremnt fund for each officer, instead of its previous 97.64 per cent contribution.

Entirely new is a duration of agreement which states that the policeman's association will give written notice by June 30, 1974 of its requests for any changes or for requests in negotiations. The village will give notice to the association, in writing. (Continued on page 2)

Remodeled St. Lucas Lutheran Church to Be Rededicated

St. Lucas Lutheran Congregation of Kewaskum will rededicate its church on Sunday, Feb. 3 after an extensive remodeling program. The date of the rededication is also the 60th anniversary of the dedication of the church.

In identical morning services at 8:00 and 10:15, the Rev. Donald Bitter, pastor of St. Lucas from 1959 to 1965, will be the guest speaker, He is presently pastor of St. Paul's Lutheran Church of Fort Atkinson and the 1st Vice-President of the Western Wisconsin District, Wisconsin Synod. At the afternoon service at 3:30, the Rev. Clarence Koepsell, pastor of Grace Lutheran Church in Oshkosh and founder of the Lutheran Radio Mission broadcast each Sunday by radio station WAGO of Osh-

kosh, will deliver the sermon. Pastor Koepsell is also the chairman of the Winnebago Conference, Wisconsin Synod, of which St. Lucas Congregation is a member. The liturgist in all services will be the pastor of St. Lucas, the Rev. Paul Hoenecke. The public is invited to attend any of these services.

The remodeling program was undertaken last September at a cost of about \$40,-000.00. Included in the project which was designed and executed by the Studios of Potente, Kenosha, were redecoration of the church interior, new lighting, a new chancel arrangement, new carpeting and a new ventilating system. Contractors who worked in cooperation with the Studios of Potente were Miller's Furniture, Kewaskum; Kirchner Electric. West

Bend; Gardner Manufacturing, Horicon; Henry Becker, carpentry. Kewaskum, and Elmer Belger, ventilation, Boltonville.

St. Lucas Congregation was organized on Aug. 20, 1877 and has been served by seven pastors: F. Hilpert, F. Opitz, F. Greve, H. Heidel, Gerhard Kaniess, Donald Bitter and Paul Hoenecke. Present membership in the congregation is 802 communicant members and 1.084 baptized members. Howard Laubenstein was chairman of the congregation during the remodeling program. August Bilgo, Jr. was elected as chairman at the annual meeting in December and is now serving in that capacity.

At noon on Sunday, a congregational dinner will be held at the Kewaskum High School where 560 people will

be in attendance. Orval Behnke will be master of ceremonies and entertainment will be provided by a vocal group from Wisconsin Lutheran Seminary in Thiensville, the congregation's Junior Choir and an accordian band made up of several children of the congregation. Speakers at the dinner will be Pastor Emeritus Gerhard Kaniess, Pastor Donald Bitter, Eugene Potente, Jr., of the Studios of Potente, and Pastor Hoenecke. At the conclusion of the afternoon service, the congregation's Guild will serve light refreshments in the church basement.

Committee members who planned the rededication events were Gerald Buchel, Chairman, Gerald Zimmel, Edgar Jones, Mrs. Hilda Becker, Mrs. Harold Krueger and the pastor.

Recycling Project Begins to Move

By Ruth Held

Plans for a recycling project for the Village of Kewaskum began to move this week, although no formal plans

were made.
Fourteen persons turned out for a meeting called by village President C harles Miller at which he hoped a local civic group or organization would volunteer to take charge of the project. For the moment, Miller said he is thinking in terms of collecting papers, cardboard, magazines and the like. Perhaps later on the project could be expanded to include cans, glass and aluminum, he said.

Present were interested citizens, a village board member and representatives from the Kewaskum Junior Woman's Club, Cub Scouts and the Kewaskum Lions. No

one made a commitment, but Kenneth Neldner, Lions president, said he will bring it before his members at the next meeting Feb. 12.

Also present was a representative of McGraw-Edison of West Bend which uses 25 to 30 tons of paper daily in its manufacture of sewer pipe. He said his firm is willing to bring in wire-bound containers in which to deposit discarded paper. Each holds about 1,500 pounds. When filled, the firm will move them out. Paper brings \$20 per ton currently, he said.

The snag in the paper collection plan was who will pick it up and how. Hooking a trailer to the rear of the garbage truck would not work because it backs up to collect refuse from industrial containers. Attaching baskets to the sides of the garbage

one made a commitment, but packer also was mentioned as Kenneth Neldner, Lions a possibility.

Supt. of Public Works
Armin Oppermann said he
estimates between 12 and 15
tons of paper could be collected monthly in the
village. Presently about 16
tons of refuse is being collected weekly and hauled to
a sanitary landfill site 16
miles away. About 70 per cent
is paper and cardboard, he
estimated.

The village must pay \$9.60 to deposit a load at the land-fill site. Those present were enthusiastic for such a recycling program to begin. Miller assured them the village board "will work on it," but added that collections must be made regularly, and someone must be in charge to make the project success-

negotiation offers, by July 31. Negotiations between the two groups shall begin no later than Aug. 15 and be concluded no later than Sept. 15. 1974.

Housing restrictions are relaxed under the new contract in that an officer is no longer required to live within the village limits, so long as he is on time for work each day.

At the time of signing, the police force was made up of Gary Jack Woolman, Richard L. Knoebel and Thomas A. Bauer. However. Woolman has resigned effective Jan. 31 and is being replaced by Michael Johnson of Hartford Police Chief Don Hlavaty is not covered by the contract.

Plans Approved For Farmington School by Board

Basic structural plans and floor plans were approved for Farmington Elementary school at the board meeting Monday evening. The addition will house the equivalent of six classrooms in an open

The addition at Farmington will allow the elimination of the shuttles between Beechwood and Farmington. Presently all students in grades one, two and three attend school at Beechwood, while kindergarten and grades four, five and six attend Farmington. To accomplish this, an upgraded approach will be used in instruction in the two schools.

With six candidates for two board positions open this year, there will be a primary election on March 5, the first Tuesday in March. Tom Gundrum and Dick Edwards are the incumbents. They will be running for reelection. Also filing for the two positions were Paul Berg, Richard

In other business, the board agreed that Mr. Brenholt should begin work on refinancing notes on the present Farmington school and the 1966 high school addition. At the time these buildings were built, the financing plan built in a large "baloon" at the end of the pay schedule, with the intent that this would be refinanced. This coming due next year, and refinancing must be arranged in this fiscal year.

At the request of one board candidate, student standardized test averages will be released, as approved at the board meeting.

Remember when — if you were late for church—you could never find the button hook for your shoes? . . . Remember the cigar store gas flame burning like the Eternal Light? . . Ordinary autos had wooden spokes, but the snazzy ones had wire wheels? . . . There were 913 dogs in town, but the hardware store didn't sell five leashes a year? . . .

Didn't every farmer's sleigh carry a buffalo robe?

... Wasn't the minister always dressed in black? ... Did your "Doc" look like he never got enough sleep? ... Whatever happened to the Barry boy next door who was always yelling "You're another?" ...

You mean you've forgotten the town where last year's circus posters stayed up until covered by this year's circus posters?... Weren't you personally acquainted with the cow that supplied the milk your milkman brought in a quart can?... Weren't you the boy who hated to play "Postoffice" at the party—and stayed the longest?...

Did you have these records for your Victrola: "Whispering", "Japanese Sandman" and "Three O'Clock in the Morning?"... and Sir Harry Lauder, singing "Quit Tickling, Jock?"...

Did Ma ever catch you lookin' over the ladies' underwear section of the Sears-Roebuck catalog? . . . Remember when there were no snow suits? (Kids wore "leggins" and only mother or teacher could straighten 'em right) . . . How about those overnight trips with Pop when he took along a suitcase—with straw sides . . .?

Those were the days when kids didn't keep "jaw-breakers" in their mouths. (Had to take 'em out constantly to see what color they'd turned) . . . That was the era when measurements were free, 'cause the lumber yard gave away yardsticks and the dry goods store handed out tape measures as advertising . . . That was the time of life when there was one bathroom in the town's only hotel . . .

Remember when Spanish-American war veterans were deferential to Civil War Veterans, and World War I vets were young fellows just getting their start in life? (There were more members of the G.A.R. than of the Legion post) . . . And can you forget those distant mornings—then the first one up had to sindle and make the fire in the range? . . .

Remember the first day you went to school alone?... deal candles on Christmas ees, with buckets of water earby?... The kerosene an with a potato for a stopper?... Ma's mason jars of home-preserved fruits and vegetables?... And the day in eighth grade when that beautiful girl in the third row finally answered your notes?

The county will be called upon to build the approaches.

Savings & Loan Adds New Director, Reports on Meeting

Wayne B. Hultquist, Executive Vice President of the West Bend Company, has been elected a director of West Bend Savings and Loan Association at its directors meeting Jan. 16.

At the association's annual meeting preceeding the directors meeting Richard A. Larson, President of West Bend Savings, indicated that 1973 had been a year of progress and change for the association and assets had increased to a new high of over \$35,-000,000.00, or over a 15% increase. During the year interest rates paid on savings accounts of all types were increased to new historic, high levels and West Bend Savings is paying the highest rates authorized by the United States Government according to Larson.

With the higher savings rates and the over-all increase in all costs, mortgage loan rates were also higher in 1973, but no reduction in available home mortgage funds is foreseen and Larson said that mortgage rates at West Bend Savings are somewhat lower than those asked by most savings and loans.

At the association's annual meeting, A. V. Weessler H. C. Kaemofer and Richard A. Larson were re elected to the association's board Other directors are C. J. Schloemer, E. J. Altendorf, Ronald J. Larson, Joseph J. Zadro and E. W. Kannenberg.

Hultquist, the association's newly elected director, lives at 842 East Badger Lane and has been a resident of West Bend since December, 1972 when he moved here from Anoka, Minn., where he had been serving as President of Thermo-Serv Company, subsidiary of the West Bend Co. Hultquist joined Thermo-Serv in 1962 as Controller. He became Treasurer and a director in 1965; was later made Vice President and Treasurer and in 1968 was named Executive Vice President. He became President of Thermo-Serv in 1969. He and his wife, Helen, have three children . sons, Steven and Tim, and a daughter, Elizabeth.

The community has reacted so favorably to the programs at the Samaritan and has provided many supplementary activities that I would like to express my appreciation and that of our clients and staff to all those people who in any way helped our volunteer program during 1973. These people include many individuals, both adults and teens: and community groups sponsoring weekly and monthly programs. Many seasonal projects are also provided by individuals, clubs and other community organizations.

I hope the community will remain interested in our clients and continue to offer their services. Hopefully, even more individuals groups will become involved in 1974

Township Heart Fund Campaign

Kewaskum will join more than 1,800 other Wisconsin cities, villages and townships on Friday, Feb. 1, officially opening the Wisconsin Heart Association's 1974 Heart Fund, Arnold Amerling, R. 2, Kewaskum, who heads the fund-raising drive in the Town of Kewaskum, announced.

"Latest figures show that heart disease continues to be Wisconsin's number one killer, claiming more lives than all other causes combined," said Amerling. "Approximately one in every eight residents of Kewaskum suffers from heart and circulatory disorders, and nearly 25,000 Wisconsinites will die this year from these causes."

Contributions from past campaigns have helped medical researchers come closer to pinpointing the causes and finding possible cures for heart and blood vessel disease, the local chairman explained. Heart Fund donations also help support public and professional education, and community service programs.

"But much more needs to be done," Amerling added. The 1974 Heart Fund in Kewaskum will continue to help Wisconsin Heart enable more scientists to search for the answers to this problem. These gifts will also add year-round educational and service programs by our Wisconsin Heart Association," he

Indians Win At Home Again, Lose at Slinger

The Indians followed a pattern by winning another one at home Friday night when they defeated Pewaukee, 59-50, and then lost again on the road at Slinger Tuesday, in a make-up game from Jan. 4, by the close score of 64-59.

The victory over the Pirates got the Indians out of the cellar, where they were replaced by Pewaukee. The Indians now have won 3 games, all ot home, and lost 7. They have yet to win away from home. Their only loss at home was a 76-74 squeaker to leading Germantown.

Kewaskum got balanced scoring to down Pewaukee with 4 of the 5 starters scoring in double figures. Scott Koth, back after an injury. sparked the team with 14 points, followed by Don Gruber and Randy Koepke with 12 and Mike Koepke with 10. M. Koepke also did a bang-up job on the boards with at least 15 rebounds. Ron Mikulce didn't start but led the Pirates with 15 points.

The Indians got off to a fast start and led all the way. They were ahead 16-10 at the quarter, 33-25 at the half and 51-35 at the end of the 3rd quarter. Their 16-point lead dwindled, however, in the final period when they were outpointed 15-8, and failed to sink a basket, all 8 points coming on free throws. Pewaukee was cold in the 1st 3 quarters.

After other games Friday Germantown, Mayville and Hartland found themselves locked in a 3-way tie for 1st place. Germantown beat Mayville's previous leaders, 57-52. Hartland routed Kettle Moraine, 72-48, and Slinger ruined Grafton's chance of sharing the lead, edging them

The 64-59 loss at Slinger Tuesday was a real barn-burner with both teams setting a fast pace. The Owls came out on top even though they were outboarded by a one-sided 49-23 margin. It was Slingin the last five starts and they are now in 5th place with 5-5. Kewaskum, 3-7, is tied with Kettle Moraine for 6th place.

The Owls outscored the Indians in every quarter but never by more than 2 points. They outpointed them by 1 point in 3 of the quarters and by 2 in the other, the 3rd. Slinger led at halftime, 33-31.

Slinger's Tom Luken and Kewaskum's Don Gruber shared scoring honors with 18 each. Mike Koepke hauled down 21 of the Indians' rebounds. Scott Koth took 2nd scoring honors for the Indians with 12 and Koepke had 11. German scored 13 and Karius 12 for Slinger.

Kewaskum fell behind by 8 points in the 3rd quarter but then Gruber got hot with 3 straight baskets to put his

team right back in the thick of it. In the last quarter the Indians narrowed the gap to 61-59 in the closing minutes on Koth's drive-in before a screaming crowd. Kewaskum had some chances to score but missed and then 3 free throws iced the game for Slinger.

Missed free throws hurt the Indians while the Owls hit on 16 of 19.

This Friday the Indians are at Grafton, which team they upset in their first meeting
