Board Opens Bids; Bel-Ric Acres Presents Muddy Problem

By Ruth Held

Bids were opened for permanent phosphate removal equipment and a truck chassis for the village waste water control center during the regular meeting of the village board Monday night.

No action will be taken until the bids are tabulated and examined by Robinson and Welch, consulting engineers. A recommendation to the board will follow.

The R. P. Honold Co. of Sheboygan was apparent low bidder of two for the mechanical portion of the bidding, which consists of the equipment itself. Their bid was \$21,367. The other was for \$26,374.

There were also two bids for the electrical portion. Apparent low bidder was Kettle Moraine Electric, Kewaskum, on a bid of \$13,198. The other was for \$13,953.

Blohm Bros. Steeplejack Construction of Cudahy filed the apparent low bid of \$6,840 for general construction, which consists mainly of removing the existing incinerator. There was one other bid for \$9,760.

There were three bids for a truck chassis which will be used in hauling sludge from the waste water plant. Coolley's, Inc. of West Bend was apparent low bidder on its base bid of \$6,444. The two other base bids were for \$6,771 and \$6,928.20.

On orders of the Department of Natural Resources, the village must remove phosphate from its sewage effluent. It is now being removed with temporary equipment. The permanent equipment will be installed in the space now occupied by the incinerator.

Several residents of Bel-Ric Acres were present to inform the board that streets there are extremely muddy, especially on the lower end of Memorial Drive. Richard Smucker said he "would like to know what is going to be done with the streets." The post office has cut off mail delivery and milk delivery is being stopped because "if you go down the street, you can't get out," he said. Sunday's heavy thawing with frost still in the ground compounded the problem.

One woman chipped in with this quip: "The old adage that nothing will stop the U.S. mail is now changed to 'nothing will stop the mail except Bel-Ric Acres.'"

Sympathizing with the residents, Village President Charles Miller assured them that something will be done but that "at the moment we are at a loss as to what to do." He said the board is well aware of the residents' plight. Instead of working on garbage pick-up Monday, he said village crews spent the day in Bel-Ric Acres trying temporarily to improve the situation. Some muck was taken out and pushed into a field, he said.

Town Kewaskum Public Hearing On Reassessment

An appeal and application for a reassessment of the Town of Kewaskum, Washington County, Wisconsin, for the year 1973, was made to the Wisconsin Department of Revenue by Marilyn Reinhardt and others, owners of more than 5% of the assessment valuation of all the taxable property in the Town of Kewaskum, for the reassessment of all taxable property in said taxation district, according to provisions of Section 70.75 of the Wisconsin Statutes.

The Wisconsin Department of Revenue has notified the Town Clerk, Barbara Hinz, and the Town Assessor, Raymond Schaefer, that a Public Hearing on said complaint will be held on Thursday, March 14, at 1:00 p. m., at the Kewaskum Savings and Loan meeting room, Kewaskum.

Property owners of the Town of Kewaskum are urged to attend this hearing and are advised to offer testimony in favor or against the application in order to protect their rights as a property owner and taxpayer. All persons interested in this complaint will be given an opportunity to be heard regarding this application for a 1973 reassessment throughout the entire township.

If you have any questions, be sure to contact the Town Chairman, Merv Thompson, any Supervisor, Jerome Heriges or James Andre, or the Assessor or Town Clerk.

NO SCHOOL APRIL 5

One school day was left unscheduled in April so that teachers could attend the NWEA Convention. At the time the calendar was completed, this date was not known, but it is now set for Friday, April 5. There will, therefore, be no school on that day.

The vote was Theusch 353; Gundrum 285; Edwards 280; Mrs. Trapp 201; Paul Berg 164; and David Wenzel 131.

Lions to Take On Recycling Project Here

By Ruth Held

Members of the Kewaskum Lions Club have agreed to take on the project of collecting discarded newspapers, magazines, catalogs and cardboard (except waxed cartons) in the village for the purpose of selling them for recycling.

The Lions will collect every third Saturday, beginning March 16. Papers must be tied in bundles and placed at the curb.

The Lions responded after a recent meeting called by Village President Charles Miller at which he hoped some local organization or civic group would volunteer to take charge of the project. Miller felt such a project is needed here.

At the meeting it was noted that about 70 per cent of the refuse picked up by village crews and hauled to a sanitary landfill site is paper and cardboard. The village must pay \$9.60 to deposit a load at the landfill site.

'Oklahoma' to Be Presented at KHS

Kewaskum High School will present Rodgers and Hammerstein's first big hit, "Oklahoma," on May 3-4. Some big songs included in this play are "Surrey With a Fringe on Top," "People Will Say We're in Love," "O What a Beautiful Morning," "Oklahoma" and "I Cain't Say No."

The double cast chosen for the play is Aunt Eller, Sharon Schoofs - Viv Schacht; Curly, Dan Ryan - Greg Ogi; Laurie, Kathy Baumhardt - Dawn Schall; Laurie (in the dream), Pat Roe; Will, Rich Loof - Mark Slegler; Jud, Matt Berg - Jon Slegler; Ali Hakim, Rick Edwards; Ado Annie, Kris Meilahn - Deb Strigenz.

Greg Ebert will serve as stage manager. Tickets will be available on or about April 1.

Girl Scout Style Show On Monday

"SPRING FLING" is the title of the style show being presented by Cadette Troop No. 72 of the Kewaskum Girl Scouts on Monday, Mar. 11, at the Amerahn Hall just north of Kewaskum on Hwy. 45. Dessert will be served at 7:00 p. m. with the style show starting at 7:30 p. m. The fashions will be furnished by Alston's of West Bend.

Along with the attractive outfits for spring, the girls (and leaders) will be modeling the smart new-style Girl Scout uniforms from the Brownie up to the leader's outfit.

The models will be: Robin Acker, Sharon Amerling, Cheryl Beisbier, Bonnie Boden, Mrs. Sue Charland, Jenney Dreher, Tammy Jo Hoepner, Mary Beth Kardos, Vickie Key, Mrs. Fay McClain, Shawn McElhatton, Janice Panzer, Jeanne Panzer, Denise Perkins, Bonnie Prost, Theresa Reindl, Jean Scannell, Bonnie Schrauth.

The area businesses have been generous in their donations — some of the door prizes are: Cookware sets, blender, can opener, coffee pots, jewelry, cologne, candy, merchandise certificates and many more nice items.

The proceeds of this fund-raising event will be used for the Girl Scout camping activities. Tickets will be available at the door — \$1.00 for adults, 75c for students and 50c for children under age 10.

Have Openings for Auxiliary Police

The Kewaskum Auxiliary Police recently had several members retire from their ranks. These men had a total of more than 100 years of service, both as members of the Auxiliary Police and the Civil Defense Corps which was the beginning of the unit.

The Auxiliary is engaged in providing volunteer police service to the community at picnics, parades, and ball games. They are also involved in preparing the skating rink in winter, an engraving system to safeguard valuables, helping in bicycle safety and other projects. They hold monthly training and business meetings on the second Thursday of each month.

The membership has several openings to fill the positions of the retired men. Anyone who thinks they may be interested should contact Chief Hlavaty at the Kewaskum Police Dept.

The Kewaskum Kiwanis Foundation Board has gone on record to recommend to the club membership that "it donate approximately \$77,000 for some 35 acres to be used as a park site" in Kewaskum. It also recommends that village residents be given a voice in determining the type of pool that will be installed.

The announcement was made in the weekly Kiwanis newsletter and comes after members of the village board were Kiwanis guests at its weekly meeting to discuss the proposed village park.

According to the newsletter, the discussion covered the proposed park site, costs, the type of swimming pool to be installed and the role of the Kewaskum Kiwanis Club in the project.

Last December the village board voted to take a 12-month option on approximately 34 acres of land for park purposes at \$2,200 per acre. The option is with Mrs. Viola Spoerl on land at the southwest village limits.

The village is seeking funds through the state Outdoor Recreation Act Program (ORAP 200) toward purchase of land for a park that would be suitable for recreational facilities including the pool.

The first requirement set by the state was that the village have a comprehensive park plan, and it called upon the Department of Natural Resources to develop one. Adoption of the plan then paved the way for the village to become eligible in the federally-sponsored Land and Water Conservation (LAWCON) program and the state-sponsored ORAP 200.

At this point, the village is still waiting for the DNR to approve the site.

Board Approves Extra Teacher, Other Business

At its meeting last week the school board approved a request to begin looking for an additional learning disabilities teacher to work with students from the three outlying schools of Beechwood, Wayne and Farmington.

They also approved the hiring of an extra half-time person for the evening custodial staff. There are presently four, 8-hour people on the staff cleaning the Kewaskum Elementary and high schools.

A special meeting was set for 7:30 p. m. Wednesday, March 6, to canvass the results of the primary election.

In other business, the board reviewed progress on the buildings. The Wayne building is nearing completion. The carpet has been installed and the walls have been delivered and were to be installed last week.

Village Board

(Continued from page 1)

Smucker then had a compliment for village workers. "They go all out in doing their job."

Smucker noted that blacktopping for the subdivision was turned down by the board last year because it was reported the village didn't have the money. Miller replied that blacktopping was not put into the budget because it would have been impossible to keep the tax rate down as required by the state if it had been included. "But we will still give it consideration, although blacktopping materials are at a premium."

It was agreed to offer for sale an irregular-shaped piece of land to the rear of Holy Trinity property to Herriges Oil Co. for \$500 with the provision that Herriges take care of any expense incurred to obtain title evidence and with the option that he may decline the purchase

if he is not satisfied with the title.

Herriges offered to buy the land at a recent meeting and Robert Kirst, local realtor, was asked to appraise it. Kirst appraised it at \$500, stating that although it is zoned M-2 (heavy manufacturing) it is too small for usage and it does not meet any of the minimum requirements of M-2 zoning. Originally, the Bank of Kewaskum acquired it when it took over the Farmers and Merchants Bank. Later Holy Trinity Congregation decided it to the village. The piece of land is adjacent to storage tanks of Herriges Oil.

Mrs. Laura Passer, President of the Cook's Club stated the public is cordially invited to this annual event. Proceeds go toward the purchase of new equipment or some other worthy project.

Mrs. Elizabeth Schladweiler Dies

Mrs. Elizabeth (Jacob) Schladweiler, nee Schneider, 83, of the Town of Farmington died Wednesday, March 6, at St. Joseph's Community Hospital, West Bend.

Visitation will be at Miller's Funeral Home after 3 p. m. Friday and a rosary vigil will be held at 8:30 p. m. Funeral services will be held at 11 a. m. Saturday at St. Michael's Church, St. Michaels. A nephew, Rev. Vincent

Schneider, will officiate and burial will be in the church cemetery.

A fitting obituary will be published next week.

Director of Youth Camp Visits Lions

The director of the Kettle Moraine Youth Camp, Kermit Traska, presented a slide program of the camp itself and its many activities to the Kewaskum Lions Club.

The camp is funded under the Outdoor Recreational Activities Program, providing

summer employment for 16 to 18 year olds working in natural resource projects. There are four such camps in the state, but our local one has four dormitories which are heated and can be used all year round. The camp is situated on the old Thorn farm which many here may remember.

Traska was quoted as saying "Our camp is putting everyone together and giving all a chance who are interested". Recreational activities include archery, baseball, volleyball and hiking. Work days consist of maintenance, cleaning up, forestry and wildlife.

Woman's Club to Hear Seefeldt

The Kewaskum Woman's Club will meet on Saturday, March 9, at 2 p. m. in the Peace Church fellowship rooms. He will reminisce about the events and experiences of those years.

New officers for the next two years will also be elect-

ed at this meeting. Mrs. Earl Buswell and Mrs. Robert Schmidt are serving on the nominating committee. Members who ordered

commemorative plates issued for the American bicentennial will be able to obtain their plates at the March meeting.

Increase in Postal Rates Now in Effect

The U. S. Postal Service implemented a scheduled increase in postal rates on Saturday, March 2.

This increase, previously scheduled for Jan. 5, but delayed until March 2 by a directive of the Cost of Living Council, raises first-class mail from 8 to 10 cents, airmail from 11 to 13 cents, and postal cards from 6 to 8 cents.

Rates for other types of mail including second-, third- and fourth-class were also increased.

International mail rates increased an average of 20 percent. The letter-mail rate to Canada and Mexico, however, was the same at the new 10-cent first-class domestic rate.

The cost of mailing a one-ounce surface letter to countries other than Canada and Mexico increased from 15 to 18 cents. Airmail to Western Hemisphere countries increased from 17 to 21 cents and other countries from 21 to 26 cents for each half ounce up to two ounces. Surface and air parcel rates increased about 15 percent.

The Postal Service's new rates are temporary until it receives a recommended decision on its proposal from the Postal Rate Commission which is currently studying the increases. The Postal Rate Commission is required to make a recommended decision to the Governors of the Postal Service under the 1970

Postal Reorganization Act. That act also gave the service authority to raise temporarily rates while the commission studies its requests.

The Postal Service said, however, that the Cost of Living Council order which delayed the rate increases eight weeks had resulted in further losses in fiscal 1974 of \$236 million. Congress has been asked to grant the service this amount in a supplemental appropriation.

Without the new rates the service predicted a fiscal 1974 deficit of \$1.3 billion, but after the March 2 increase, and if Congress approves the supplemental request, this deficit is expected to be reduced to \$385 million.

Projected revenue resulting from the new rates will help offset sharply rising labor costs due to a new wage contract effected on July 21, 1973, which included pay increases due to occur in fiscal 1974 and 1975.

The Postal Service said mailers having envelopes pre-printed with the old rates are authorized to use such permit imprints through May 4, 1974. Mailing statements accompanying such permit mail must show, however, that proper postage amounts were paid.

This is the first increase in first class, airmail and postal cards since May 16, 1971 when first class, airmail and postal card rates rose, respectively, to 8, 11 and 6 cents.

"How's your boy getting on in school?"

"Well, he's reached the age when he thinks less of passing an examination than of passing the car ahead."

VERY WARM—SNOW GONE—EARLY SPRING?

Unseasonably warm weather the past week, which peaked in the upper 60's Sunday for a record high, has melted all the snow of our two recent severe storms except for a few scattered patches and piles. The temperature hit 60 again Wednesday, and it has been warm all week. The fast melting snow caused flooding of lowlands, basements, roads and streams. The ice went out Monday (below the dam), and this is exceptionally early. Some geese and songbirds are back. Mrs. Clifford Stautz reported Wednesday morning that she spotted a robin taking a bath in a puddle of water. The ground is drying off and the grass is getting a tint of green.

PUBLIC HEARING ON REASSESSMENT

There will be a public hearing on a petition for reassessment of taxable property in the Town of Kewaskum Thursday, March 14 at 1 p. m. The hearing will be held at the Kewaskum Savings Office of West Bend Savings and Loan in the downstairs public meeting room. It will be conducted by representatives of the Wisconsin Department of Revenue. All interested persons are invited to attend. If you have any questions you can call Elton Liepert or Marilyn Reinhardt.

50 YEARS AGO 1924

Following the most severe snowstorm in years the week before, John F. Schaefer, who delivers milk to the West Bend condensary from this village, still had a force of men at work this week Thursday opening the road between Kewaskum and that city. The road between Kewaskum and Campbellsport has also now been opened, making it possible to travel via automobile, although a great deal of detouring is still necessary. The recent storm lasted from Tuesday afternoon until Thursday morning. As far as traffic and mail was concerned Kewaskum was completely shut off from the outside world from Wednesday to Friday. All public highways were completely blocked. Business was at a standstill and practically all businesses were closed. All schools were closed. The Chicago & North Western Railway was completely closed as trains with their snowplow were stuck in deep drifts between Milwaukee and Fond du Lac. The village was without mail for 48 hours.

Polacheck's tailor will be at L. Rosenheimer's next Wednesday. Suits ordered that day will be delivered before Easter.

The midnight train will stop here next Monday evening for all those who want to take in the show at Milwaukee.

25 YEARS AGO 1949

Four young Kewaskum men enlisted in the U. S. Army recently and are now in training. They include Harlan Gruber, whose two older brothers, Robert and Eugene, both are veterans of World War II, Ray Keller, Eugene Keller and Ralph Ketter.

Charlie Palt and Robert "Corky" Michels, brothers-in-law, have leased the tavern in the Mermac Hotel at West Bend. Palt and his wife have been operating the Bar-N Ranch near Mauthe Lake for the past two years. Palt and Michels formerly operated the Wagon Wheel tavern south of West Bend.

Mr. and Mrs. F. E. Colvin moved from the upper apartment of their home on West Water St. to West Bend, where they purchased another home.

Mrs. Harry Koch is now employed as an operator at the local telephone exchange.

Mr. and Mrs. Thomas Bouchard and family, who recently sold their new home on Park St. to Mr. and Mrs. Roman "Jimmy" Miller, moved to Beloit.

Escape attempt proves costly

By Ruth Held

Charges of fleeing an officer, reckless driving and disorderly conduct that led to the destruction of a Kewaskum police car resulted Friday in fines totaling \$450, a 45-day county jail sentence and a 60-day driver license revocation for John E. Kocher, 21, of Route 2, West Bend.

Kocher was the driver of a van that fled police in the early morning hours of Feb. 23 and took Kewaskum patrolman Thomas Bauer, 21, on a 10-mile chase over snow-

packed roads.

Jail sentence was stayed, and Kocher was placed on probation for 18 months to the state Department of Health and Social Services. He pleaded guilty to all charges when he appeared with an attorney before Judge Robert J. Stoltz in Branch 2 of Washington County Court.

Kocher was fined \$191 plus \$9 costs for fleeing an officer, \$193 plus \$7 costs for reckless driving and \$45 plus \$5 costs for the disorderly conduct charge.

He fled after a street dis-

turbance in West Bend. A West Bend police car had to drop out of the chase when his tire chains came loose. Bauer was alerted to carry on the chase which ended about 500 feet west of Highway 41 when the van rolled over.

In doing so, it swirled snow and blocked and blocked the vision of the pursuing patrolman. The squad car was demolished when it careened off the wheels of the van and struck two illegally parked cars along the roadway.

Mark Rodenkirch, representing Honeck Chevrolet, Kewaskum, submitted a proposal on a new 1974 Chevrolet Bel-Air 4-door auto which they had in stock for immediate delivery at a net cost of \$3,475.00.

Because this was an emergency situation, motion was made by Trustee Herriges, seconded by Trustee Strack

that the proposal of Honeck Chevrolet for the immediate delivery of a new auto as proposed shall and hereby is accepted.
