Plan Commission Opposes Location Of Hwy. 45 By-Pass Around Village

By Ruth Held

The Plan Commission for the Village of Kewaskum has gone on record as opposing the location of the proposed Highway 45 by-pass west of here.

The decision came after commission members viewed the Washington County jurisdiction map at its regular monthly meeting July 30. The map shows the proposed by-pass around Kewaskum located along the west side of the proposed Kewaskum Kiwanis Community Park.

Members of the commission went on record that they would prefer the by-pass be located one mile farther west in view of the fact that the proposed park will be a recreational site, and because they feel that the area west of Kewaskum is the one most likely to be developed in the future.

The proposed by-pass from the Highway 41 interchange about 10 miles south of West Bend will eliminate the bottleneck for traffic from the interchange to and around West Bend and Kewaskum.

Board Approves Contracts for Three Teachers

A special meeting of the Kewaskum Board of Education was held Monday, Aug. 5.

The resignation of Linda Gronholz was accepted.

Approval was given for contracts for three teachers. Mrs. Ruth Cords will teach science in the Middle School. Mrs. Cords received her BA from Concordia and has done graduate work in a number of colleges. She has 20 years of experience. Charles Anderson will work as guidance counselor at the high school. He is a graduate of Valley City State College in North Dakota, and has done graduate work at the University of North Dakota, U. of Wisconsin, U. of Minnesota and Stout. He has seven years of experience as a counselor and four years of teaching. Mrs. Marlene Domasky was approved for an elementary teaching position. She is a graduate of Lakeland and has 3½ years of teaching experience, all at Sheboygan.

A discussion of the schedules for fall was held. The primary question is what the schedule should be assuming split shifting is necessary for a time at the beginning of the school year.

Allen Tessar volunteered to act as WASB correspondent.

The board adjourned to executive session to conduct an interview for the Farmington Principal's position, and to discuss both administrative positions (Farmington and Assistant High School Principal) still open.

Village Beach To Close for Season Aug. 16

The Kewaskum Village Beach will officially close for the season at 7:00 p. m. Friday, Aug. 16. This means that no lifeguards will be present after this date, and anyone swimming will be doing so at their own risk. Parents are especially urged to inform younger children of this situation.

It was an excellent summer for swimming, weather-wise. Lessons could be conducted without interruption and many youngsters passed their courses under the excellent guidance of Nancy Backhaus. For the most part it was also a safe summer. A few rescues and assists were made by guards, although fortunately no major incidents occurred. Once again, the youth of Kewaskum are to be commended in particular for recognizing the dangers of, and avoiding, swimming activities by the dam, and in general for safe behavior in the beach area with a minimum of horseplay around the pier and raft.

KCHS Summer Play Changed to UWWC Theater

The Kewaskum Summer Players production of "The Curious Savage" has been moved from Kewaskum High School to the University of Wisconsin, Washington County Campus. The play will be presented at 8:00 on Friday and Saturday, Aug. 9 and 10 at the UWWC Theater. To get to the theater, drive west of West Bend on Hwy. 33 and turn left one block east of the Holiday Inn Motel.

The plot of the three-act comedy centers on Mrs. Ethel Savage (Sharon Schoofs) whose three greedy stepchildren (Jon Sleger, Kristine Meilahn and Mike Strigenz) are attempting to place her in "The Cloisters," a mental institution, in order to gain control of her fortune. At the asylum, which is run by Dr. Emmet (Matt Berg) and his nurse (Mary McNamara), we learn that the disturbed souls who inhabit "The Cloisters" (Deb Strigenz, David Ayer, Julie LaFleur, Kurt Zarling, and Jeanne Karl) are perhaps more in touch with reality than many of those on the outside. The amusing comedy leaves us with a gentle message and a feeling of warm humanity which is most refreshing.

The play is directed by Clyde Brehm. Admission is \$1.50 for adults, \$1.00 for

AFS Student Sends Letter From Austria

Doug Strack, who is spending the summer in Austria under the American Field Service Exchange Program, sent the following letter to his parents, Mr. and Mrs. Roger Strack, Kewaskum, telling of his trip and experiences:

Gramastetten,
July 29, 1974

Greetings from Austria!

Sorry I did not write sooner, but life on this beautiful Austrian farm keeps me very busy. My experience started June 24th with a 21 hour bus ride from Milwaukee to New York. Approximately 20 kids from southern Wisconsin and then another 20 kids from the Chicago area rode along with me. In New York there were 500 other AFS kids starting their experience. We had a tour on Manhattan during our 1 day stay in New York. That night the students going to Austria and other European countries took off from JFK Airport. We flew into the sunrise and arrived in Brussels, Belgium at 11:00 in the morning. We were treated to a delicious lunch and our first taste of European beer. From lunch to 6:30 we toured the city.

From Brussels we boarded an overnight train bound for Linz, Austria. The train traveled along the Rhein and then across Germany, but because it was dark we couldn't see too much. Once in Linz the next morning, the 33 Americans to stay in Austria changed trains. This train took us to Spital am Phryn, a small village in the Alps. We then traveled by cable car to Wurzeralm, a ski resort, for our language orientation camp. The mountains were magnificent and looks a bit like Colorado. The kids are all very interesting and I made friends quickly, as 29 of the 33 were girls!

At this Camp we were to learn basic German and about Austrian society. The students were divided into six groups, depending on how much German they knew. I was in the second group because I had two years of Deutsch. My teacher was a young Austrian girl that did not speak much English, but we spoke German all the time anyway. The last two nights of camp we tried to learn Austrian polkas and waltzes. We had fun trying, but when we were finished we danced to American rock and roll.

Our language camp came to an end and everyone was disheartened to leave. But we were looking forward to meeting our families and we knew that we would all meet again at the end of our stay.

The fifth annual Regal 25 Year Club Banquet was held Tuesday evening at the Wigwam Supper Club in Kewaskum. This annual event honored some 90 Regal employees who have served the firm 25 years or more. Also present were many of the original members who helped start the club on Aug. 6, 1970, the 25th anniversary of the company.

The evening's invocation was given by club member, the Honorable Milton L. Meister, who is also a member of Regal's Board of Directors. During the banquet, James D. Reigle, President of the Company, introduced the 12 new members. Two of the original founders were also on hand for the festivities. They were Edna M. Oster, Executive Assistant, and L. N. Peterson, Executive Vice President.

Other highlights of the evening included a cocktail hour and dancing after dinner. The entire evening provided many opportunities for new and old club members alike to reminisce and recall the many memories gathered over the last 25 years.

New members of the club are: Clarence Schmitt, Allen Tessar, Bernetta Bruessel, Christine Neckuty, Malinda Aupperle, Merlin Luedtke, Herbert Ramel, Irene Brandenburg, Elmer Ebert, Mary Gillard, James Urban, William Hofheinz.

in Vienna. The cable car took us down the mountain and we then walked to the train station. My train took me back to Linz on the not-so-blue Danube River.

There had been much rain in Austria in June and the farmers were very far behind in their hay crop. The day I arrived in Linz (July 2nd) was a beautiful day, therefore my family was in

the fields and could not pick me up. Some friends that are not farmers met me at the station and took me to the farm.

My AFS family consists of 5 members. My father and mother, aunt and two brothers, Pepi, 25 and Hansi, 13. I am their 5th AFS son from the U.S.

I will try to write again soon and tell you about Austrian life and our farm. I had a special experience this weekend that I know everyone will be interested in. A few weeks ago I wrote to Gudrun Gansterer (Kewaskum's AFS student) in Vienna. I had asked her to visit our farm for the weekend of July 26th. A friend of the family, Heidi, was in Vienna and would hopefully return with Gudrun. I waited for a letter, but there was no answer. Then on Friday, we received a telephone call from Heidi that we should pick them up at the bus station. Gudrun was on vacation all this time and Heidi made many phone calls and finally succeeded to find her.

During Gudrun's brief stay, I got to know her and tried to familiarize her with our area. She speaks English quite well. Saturday night we went dancing at a Sommernachtfest with some friends, and I know she has

the ability to get along with everyone. She is a beautiful, mature, and intelligent young woman, and we are all going to love her very much during her stay in Kewaskum.

Annual Seefeldt Family Reunion Attended by 213

Two hundred thirteen members of the Seefeldt family gathered at the Kewaskum Village Park for their thirty-fifth consecutive reunion on Sunday, July 28.

A certificate of commendation was received by the group from the Wisconsin State Genealogical Society. The Society recognized the Seefeldt family on the occasion of their 35th reunion for "holding to the belief that family unity is the very foundation of the American way of life and that the family reunion is one of our most cherished traditions."

The reunion brought together descendants of Christian Friedrich Seefeldt and his wife, Anna Sophia Kobs, of Plantkrow, Pomerania, Germany. Reunion secretary, Rosella Peisker, Fond du Lac, reported that their known living descendants now number 1,097—residing in 25 states and Canada.

The day's activities began with a picnic dinner at 12:30 p. m. The invocation was given by the Rev. Maurice Jones, Baraboo. In the after dinner program and business meeting, special recognition was given to the two living members of The Ninety Club who were in attendance. Honored were Mrs. Fred Klein, Sr., Kewaskum, age 94 and a granddaughter of Christian Friedrich, and Mrs. John Weber, Fond du Lac, age, 91, a great-granddaughter of the family head who was born in 1795. There have been eight other family members who have reached the age of ninety.

Family historian, Mrs. Ray Thornton, Fond du Lac, reported that during the past year there were 4 marriages, 20 births, 1 in military service and 7 deaths. A moment of silence was held in the memory of those who had died since the last reunion.

Attendance prizes were awarded to: Mrs. Fred Klein,

Sr., Kewaskum, as the oldest lady in attendance at age 94; Louis Seefeldt, Kewaskum, the oldest gentleman in attendance at age 84 and Tricia Schultz, 5 months, daughter of Mr. and Mrs. Richard Schultz, Kewaskum, youngest member in attendance.

Recognized for traveling the greatest distance to attend was Gary Meyer, Glendale, Calif. The most recently married couple attending was Mr. and Mrs. Daniel Ribbens, Kiel, married June 2, 1974 and honored as the longest married couple were Mr. and Mrs. Walter Hanke, Campbllsport, celebrating 54 years together.

Greetings were read from family members in Minnesota, Arizona, Alberta, Canada and Taiwan, Republic of China by Fred Seefeldt, Neenah, reunion president.

During the afternoon a group photograph was taken by Ray Thornton, Fond du Lac, games were played and the family history and reunion scrapbooks were viewed. A group sing was led by Mrs. Gerald Vigansky, Kenosha, and featured lyrics especially written for the reunion by Mrs. Vigansky and her mother, Mrs. Hubert Buss, Green Bay.

Officers elected for next year's reunion were: Fredric Seefeldt, Neenah, president; Gerald Vigansky, Kenosha, vice-president; Philip Majerus, Fond du Lac, second vice-president; Mrs. Reuben Schultz, Kewaskum, treasurer; Miss Rosella Peisker, Fond du Lac, secretary; Mrs. Ray Thornton, historian and Alfred Seefeldt, Kewaskum, genealogist.

Committee chairmen appointed for next year's reunion are: Oscar Knoeck, Kewaskum, Gerald Knoeck, West Bend, and Lloyd Keller, Kewaskum, refreshments; Mr. and Mrs. Jerome Klein, Kewaskum, kitchen; Dean Seefeldt, West Bend, ta-

bles; Mrs. Alvin Seefeldt, Campbllsport, tickets; and Mr. and Mrs. Gerald Vigansky, Mr. and Mrs. Dale Lightfuss, Neenah, Mr. and Mrs. Warren Heinke, Fond du Lac, recreation.

Village Board Approves SWR Sewage System Plan

By Ruth Held

Members of the village board Monday night gave their approval to a resolution which adopts the Southeastern Wisconsin Regional Sewage System Plan. It carries projections from the present to the year 1990.

In looking over the good-sized volume, Village President Charles Miller noted that 13 sewage treatment plants in Southeastern Wisconsin are scheduled to be discontinued but Kewaskum's is not among them. He also noted that while some municipalities will be obliged to provide sewage systems to adjacent townships, Kewaskum will not be obliged to serve any adjacent areas, except to that which is acquired through annexation.

William Ruth and Al Tennes of Ideal Land Co. appeared and stated they have complied with all requirements set down by the board May 13 and that the Ideal subdivision at the west limits of Kewaskum is now complete. Ruth asked what direction they can now take and when they can expect to have their money, held in escrow by the village for what was then uncompleted items, returned.

Quoting from the village subdivision ordinance. Vil-

lage Attorney Roger McKenna stated that the money will be returned upon receipt by the board of proof of payment for manhole covers, utilities and road graveling and upon approval by the village engineer and ultimately the village board.

The subdividers were also told that the escrowed money was deposited, according to their stipulation, in an account that would yield for them the highest possible interest, a one-year golden passbook account at Valley Bank.

Village Commissioner William Martin explained that three-months' interest must be sacrificed if the money is to be drawn out before the anniversary date. Tennes and Ruth were assured that the village engineer will be brought out to give approval to the work.

Board members approved taking out an insurance policy from Kettle Moraine Agency to cover the topographical map which are presently being done for the village. Premium cost will be \$20 per year. Cost of reproducing the maps, if des-

troyed, would be 25 per cent of the \$14,000 project cost, it was noted.

A bartender's license was approved for Ray M. Smith, 52, of 821 Bel-Ric Drive. Willard Manthei was given permission to replace his driveway at his own cost. Authorization was given to recalibrate the flow meter in the sewage treatment plant at a cost of \$375. Arthur and Associates of Fond du Lac were present to explain the services they can provide as engineering consultants. No action was taken by the board.

President Miller reported that the "no parking" signs on a portion of River View Drive leading to Hon-E-Kor Country Club have brought complaints from some residents and compliments from others and that for the time being the signs will remain.

LIST AGENDA FOR BOARD OF EDUCATION MEETING

The Kewaskum Board of Education will meet Monday evening, Aug. 12, at 8 p. m. Included on the agenda will be readings of various policies, discussion of progress on the building program, schedules and lunches for fall, and discussions on audio-visual and industrial arts budgets.

Fire Destroys Barn Near Campbellsport

An 80-foot barn and an attached milk house were destroyed Sunday night when fire broke out in the hay mow of the barn located one mile north of Campbellsport on County Trunk V.

Two passersby, Jim Peterson and Butch Roth, saw smoke coming from the barn at 10:30 p.m. and stopped to notify the owner, Alvin Straub, who was in the lower section of the barn waiting for a veterinarian, unaware that fire had started in the mow.

All of the livestock was removed from the barn except two calves and two pigs which could not be set free before flames spread to the lower section of the barn. Approximately 6,000 bales of hay were lost in the fire.

According to Joseph Thelen, chief of the Campbellsport Fire Department, the barn was already engulfed in flames when the three fire

trucks arrived. Firemen strove to contain the blaze by hosing down nearby buildings and the area above underground gas tanks. A 100-foot pole shed and a machine shed were not damaged.

Thelen said the cause of the blaze was not fully determined. "It's not definite, but we feel it was possibly caused by electrical wiring," he stated. The fire started near a light switch in the hay mow. Approximately 25 firemen fought the blaze through the night.

Additional tank trucks were supplied by Eden and Kewaskum Fire Departments.

Special Bulletin from the Beach

Jim Backhaus and Robert Theusch have won the 1st annual "River Float" inner tube race, each in their respective age division. The race, marked by fierce competition, and even more vicious splashing, commenced behind Regal Ware and ended at the beach where winners received medallions for braving the frequent onslaughts of snapping turtles and, at one point, a man-eating frog (but since all contestants were under 18,

no one was nibbled upon). The course was covered in an as yet undetermined time which sets a new record, because there is no past undetermined time (a little Watergate logic). Next year it is hoped more kids will enter the race and vie for the top prize of a cinnamon flavored, giant, corn-fed frog leg and an autographed picture of Tom Larsen and canoe being capsized by a 6' 5" carp under the Main St. bridge.

6th Feature for Heisdorf Team

By Deb Heisdorf

John Hartwig, 1973 Badger Midget champion, drove the No. 1 Heisdorf Special to victory lane Sunday night at Sun Prairie, where on the last lap of the Al Fredenberg Mem. 50-lap feature, he stormed out of turn 4 to take the checkered, just 1 car length ahead of the second place finisher. Hartwig did a tremendous job coming from the outside of the 7th row. It was his first week back after an accident which occurred 3 weeks ago in which he sustained 2 cracked ribs. He also won his heat race.

Bob Walldan, driving the No. 2B car, was well in the lead after 35 laps of racing but the car let loose in turn 1, causing him to get high and losing it. Walldan made a great comeback, finishing 5th in the feature, coming from the back of the pack on the re-start. Walldan also posted fast time, a 17.51 on the one-third mile dirt track, took trophy dash honors for the 3rd week in a row and finished 2nd in his heat. Walldan holds the No. 1 spot in the Badger Midget point standings with Hartwig in second place.

The midgets have 1 race left at Sun Prairie and then the Heisdorf team will be competing at the Fond du Lac Fairgrounds on Aug. 18, with time trials at 12:30 and races at 2:00. The No. 1 car and driver will be at Forest Mall Saturday, Aug. 10.

Drain
cleaners
really CAN'T
BIO-SURE
do!

WHY DRAIN CLEANERS CAN'T WORK

Every good plumber knows waste almost NEVER stops up traps. Most of your pipes lie on their sides. When a sufficient number of healthy bacteria are not present, undigested waste builds up on the sides and across the top of your pipes—like this. These build up in grease traps, drain fields, etc., too. Gravity keeps heavy chemicals from climbing the walls to reach waste solids. Besides, chemicals dilute away, losing strength, and would be too costly—even if they worked.

BIO-SURE "hungry" Enzymes split wastes into simple solids. Our "friendly" Bacteria feed on these simple solids (which ARE their natural food) and multiply themselves. They don't "dilute away" as chemicals do. Our Bacteria digest and turn these solids into liquids. Solid accumulations that cause slow, backed-up drains . . . odors, too . . . run away as liquid. They are recycled back into clean parts of soil they were formed from. Your system is left shiny clean, like new again. Ever hear of new/clean plumbing backing up? Of course not!

NEVER clean out, pump, or dig up, AGAIN. BIO-SURE guarantees it in all systems. BIO-SURE is NOT a chemical product.
