Village, School Board Candidates Tell Qualifications for Office

The voters of the Kewaskum area will have an opportunity to hear candidates for the Village Board and the School Board this coming Tuesday evening, March 18, in the Kewaskum High School Cafeteria.

The Kewaskum Woman's Club and the Washington County League of Women Voters are co-sponsoring the Forum which will start at 7 p. m. with the appearance of the Village Board candidates. Running for the three open trustee positions are incumbents Alfred Kral, Daniel Schmidt, Roger Strack and challengers Oscar Knoeck, David Nigh and Roger Schmitt. Charles Miller, unopposed, seeks the village presidency again.

In response to the question, "Why do you feel qualified to be an effective village board member?" David Nigh made the following statement: "Having been an area resident my entire life, I have a deep concern in all matters that will affect our village, not only for the present, but also for the future. These are challenging times we live in and I would like to take an active part in some of the decisions concerning our community."

Roger Schmitt stated, "I have lived in the village for the past 13 years, been a member of the Kewaskum Fire Dept. and Rescue Squad for the last 8½ years, and have been a home owner and taxpayer of the village for the last 7 years. I have attended 18 monthly board meetings in the last 22 months so you can see I am interested in what the village board is doing at the present time."

Daniel Schmidt said, "I am a concerned and dedicated citizen of our community. I have researched the different issues and worked hard with others on them and have tried to maintain an open mind on the issues. I have tried to make myself more knowledgeable on the different subjects in which the Village is commonly involved. This I have done by attending federal, state and county sessions."

When asked about what he felt was the major problem with the Village at present, David Nigh mentioned "the economy, inflation and rising prices. I feel one item in most people's mind is how to hold the line on taxes and to get the most value out of every tax dollar spent." Daniel Schmidt likewise felt the local, state and federal economy to be the main problem at present.

At 8:30 p. m. candidates for the Kewaskum School Board will present their views. Vying for the three seats are the incumbents James Oelhafen, Charles Ogi, Allen Tessar and challenger Dan Stoffel.

The Town Board of the Town of Kewaskum will meet Wednesday, March 19, at 7:30 p. m., at the Clerk's Office, 9055 Kettle Moraine Drive, Kewaskum.

Candidates

(Continued from Page 1)

In reply to the question on their qualifications to be an effective school board member, Dan Stoffel stated, "I feel the basic requirements of an effective school board member are concern for the welfare of the schools in the district and to have the time available to do a proper job of managing the business of the district. I think I can honestly say that I fulfill these two requirements, and my interest in giving the people of the district the best education possible within the limitations of the system is also important."

To the same questions James Oelhafen said, "As a businessman, I feel I am acquainted with the problems of the area. My entire life has been spent in the Kewaskum School district, ranging from student, to parent, to taxpayer... gaining valuable experience in each phase. The experience gained in my first term of office gave me the ambition to want to continue."

Allen Tessar commented, "This is a very broad question, however, I feel the primary responsibility of a board member is to the student. We must offer the best education possible at a reasonable cost to the taxpayer. This education must be directed to all students not just potential college students."

Responding to the question of major problems in the school system at present Dan Stoffel said, "I think the major problems of the school system can be looked upon in a positive rather than a negative light. First, I think school board - teacher relations must be improved so that the two become a more cohesive group rather than groups on opposite poles of many issues. Second, we must keep a careful watch on the population trends in our district as the population influences any further building needs. Whether we follow the rest of the state with its leveled-off population growth or not should be ob-

served so that we do not end up with empty rooms. Third, debt retirement should be completed on the present bondings as soon as possible."

According to James Oelhafen, "Problems are ever-present in any educational system, but I see no major problems that an open mind and positive attitude cannot solve. It takes a combined effort of all parties concerned to eliminate problems as they occur."

Allen Tessar felt, "I would prefer to be positive and state that we can be very proud of the majority of our administration, staff and student population. Few schools are offering the curriculum of Kewaskum at the same cost per student ratio. We had excellent guidance in our building program with the problems involved. The potential problem is the misinterpretation of misleading statements by a few looking for personal gain."

There will be an opportunity for written questions from the audience as well as informal discussions with coffee and refreshments immediately following both Forums.

Moderator will be Mrs. Bernice Popelka of West Bend while timekeeper is Mrs. Diane Feiten of Kewaskum.

Bicentennial Notes

When they were built in the late 1880's by Rosenheimer Brothers the buildings pictured above must have added a sense of job security to Kewaskum residents. The business was incorporated in 1891 and the name was changed to its present name of L. Rosenheimer Malt and Grain

Company. The brothers chose the name to honor their father, the first L. Rosenheimer. The building on the left was the elevator; the low part, the malt house; the tall buildings contained the kilns; the 3 large storage tanks were usually used for storing malt.

In September of 1911 the elevator burned to the ground with some damage to the malt house. The elevator was rebuilt to the south of its original location. The business is still thriving today and is owned and operated by Mr. and Mrs. Robert Kroncke. Mrs. Kroncke is a grand-

daughter of one of the founders. If you have a picture that we could use for our Bicentennial notes would you please contact L. N. Peterson, chairman, 626-2766; Mark Smucker, 626-4355; Charles Miller, 626-2220, or Mrs. Bill Martin, 626-2950.

Norbert and Millie Verch recently joined The West Bend Company's 25-Year Club on the same day — a first in the company's 64-year history. They are shown with the firm's President Joseph J. Keenan who presented them with their gold engraved watches during a special ceremony in their honor.

Local Couple Welcomed to West Bend Co. 25 Year Club

The West Bend Company's 25-Year Club celebrated an all-time first recently when a husband and wife, Norbert and Mildred Verch, both joined the club on the same day.

Though the company has numerous husband and wife teams working for it, this is the first instance of a husband and wife starting their careers on the same day and

completing 25 years of service together.

The Verches, who live on Sandy Ridge Rd., in Kewaskum, started their career with the company on Feb. 27, 1950 Norbert in draw press and Millie as an assembler. Norbert has worked in the draw press area ever since and is presently classified as a blanking press set-up man and operator. Millie,

who currently is an electric equipment tester, has also worked as a cleaner and coater, on a punch press and as a light draw press operator.

The Verches share other interests as well. Both are avid snowmobilers and members of the Kewaskum Snowmobile Club. The winter months often find them ice fishing in Lake

Winnebago. The couple also has a summer home near Crandon, Wis., where they share the outdoor life. In addition, Millie likes oil painting and sewing while Norbert enjoys hunting.

The Verches have a number of cousins and nieces who also work for West Bend and Mildred's sister, Lorraine, has worked for the company since 1972.

"Plastic rubbish bags have taken all the fun out of assessing the neighbor's booze intake while strolling to the bus on collection morning."

"How is your wife getting along with her reducing diet?"
"Fine. She disappeared completely last week."

Cancer Group Seeks Credit For Donations

Kewaskum Statesman
Friday, March 14, 1975

The Washington County Unit of the American Cancer Society, at their quarterly meeting Feb. 11 in the offices of The West Bend Company, noted that some county residents and organizations contributing to the American Cancer Society are sending their contributions directly to Madison or Milwaukee, instead of to the county unit. Thus, the county unit is not receiving full credit for cancer donations which originate in Washington County.

"Although we recognize that these donations are most helpful and needed," a spokesman said, "it would be nice if our county group could receive credit for them."

Donations should be sent to the American Cancer Society, Washington County Unit, Box 491, West Bend, Wisconsin 53095.

In other business, Gary Draeger, President of the county unit, received reports from the respective commit-

tee chair persons, including Public Education, Service, Public Information, Crusade, Memorials and Finance.

The unit gave the go-ahead for the purchase of a movie projector and a "Betsi Breast" model for a number of public education meetings on cancer scheduled for the county in the months ahead.

APPOINT JANE KRUEGER TO NEW COLLEGE BOARD

Jane Krueger, a Kewaskum freshman at Edgewood College, Madison, has been appointed to represent the college on a newly-organized board, the Wisconsin Independent Colleges and Universities' Student Association (WICUSA). She met with students from 17 other state independent colleges last weekend (March 8) at Viterbo College, LaCrosse, to draw up the organization's constitution.

Jane is the daughter of Mr. and Mrs. Frank Krueger, 1232 Roseland Dr., Kewaskum.

Secretaries Hear District Attorney

The Kettle Moraine Chapter of The National Secretaries Association (International) held its monthly meeting on Tuesday, Feb. 18, at the Moraine Supper Club, West Bend.

Following their Program of the Year topic — Political Science — NSA members listened to District Attorney of Washington County, James Schwalbach, speak on "Law Enforcement in Washington County."

Highlight of the evening was initiation of two new members: Miss Lauri Wilfer, Ziegler Leasing, was initiated from a provisional member to a regular member, and Mrs. JoAnne Froemming, Commercial Teacher at the West Bend High Schools, was initiated as an associate member.

The Kettle Moraine Chapter of NSA also celebrated its fourth anniversary. Anyone interested in The National Secretaries Association (International) may contact Mrs. Carole Keller, Membership Chairman, at 4-2311 for further details.

Mrs. Sally Rupp returned home Tuesday after spending several days with her brother-in-law and sister, Mr. and Mrs. Walter Kannenberg in Milwaukee to celebrate her sister's birthday.

Raphael H. Hochhaus, S.J., formerly a teacher at Marquette University and later associate pastor of SS. Peter and Paul Parish, Mankato, Minn., died Feb. 26 at the parish rectory at Mankato at the age of 66 years. Father Hochhaus formerly lived at rural Kewaskum for a time and attended Holy Trinity School here. He is survived by two sisters and four brothers. The funeral was held at Gesu Church, Milwaukee, Friday, Feb. 28.

Raymond H. Buettner, 58, West Bend, died March 8. He was the father of Patricia (Lottie) Gross of Kewaskum. The funeral was held Wednesday at West Bend.

ENVIRONMENTAL COUNCIL TO MEET

Final plans for the county-wide observance of Earth week, Apr. 20 - 26, will be made at the March 18 meeting of the Washington County Environmental Council. The 8 p. m. meeting will be held in the large auditorium of the Washington County courthouse. Discussion will also be held on the purpose and goals of the council.

Members are urged to attend and support the new officers, who will assume office. The Environmental Council is open to all county residents interested in environmental affairs. Dues are \$2 a year.

We will give you further info as we obtain it. Phone either 626-4315 or 626-4079 for further information.

The Accordion Band directed by Polly Albers will give a free program for Senior Citizens March 16, Sunday, at 2 p. m. at the Kewaskum Legion clubhouse. The public is invited.

TO GIVE FARMERS HELP WITH BARN

Each year the Washington County University Extension Office attempts to get an Agricultural Engineer into Washington County to help farmers look at barns and other out buildings to do planning.

Ed Bruns of the Engineering Department of the University of Wisconsin - Madison will be in Washington County all day on Friday, March 14. Several calls will be made with him that day to look at barns and help farmers draw plans and get ideas as to what they should do.

Any other person who would like to have firsthand information on barn remodeling or new building ideas should contact County Agricultural Agent Maurice Hovland at the University Extension Office and he will work you into the schedule.

FISH FRIES AT ST. MICHAELS CANCELLED

St. Michaels cancelled their fish fries indefinitely because of rising costs.

However, do not despair. You can still come to St. Michaels for some inflation fighting entertainment. The ladies will run a St. Patrick's card party and bake sale on Sunday, March 16, at 1:30 p. m. at St. Michaels Hall, 3 miles east of Kewaskum on Hwy. 28. All games will be played and prizes will be given. There will also be a free lunch and door prizes. Beer and soda are also available. Donation is \$1.50.

So play your cards right and come to St. Michaels on March 16. We'll be seeing you.

Kettle Moraine State Forest North Unit Notes Increase in Visitor Use

Despite the country's energy and economic problems, the Kettle Moraine State Forest-North Unit experienced a significant increase in visitor use in 1974. Nearly 800,000 recreational visits, and 130,000 camper days were recorded during the 1974 calendar year.

A camper reservation system was put into effect during the 1974 summer season. The reservation bill passed by the Legislature allows up to 50 percent of the campsites to be placed on a reservation basis. The advance reservation system was generally favorably received, and predominately used by Wisconsin residents.

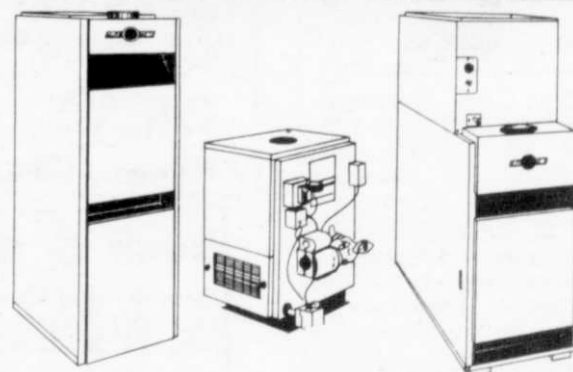

Cross country skiing and winter backpacking are becoming increasingly popular activities during the winter season. The Greenbush Ski Trails (11 miles in length) is one of the best trails for ski touring in the state. The Greenbush Winter Sports Area (located southwest of Greenbush) offers downhill skiing. The ski tow is in operation on weekends. In addition, snowmobiling is al-

lowed on designated trails.

While the lack of adequate snowfall has curtailed skiing and snowmobiling for much of the winter season, there has been considerable ice fishing and hunting activity on the forest.

An environmental impact statement on the Ice Age Master Plan is presently being prepared. A part of the forest is one of a 9 unit Ice Age National Scientific Reserve scattered throughout the state. The Ice Age Reserve is a cooperative program between the Federal Government, and the state and local units of governments. The purpose of the program is to protect, preserve, and interpret the outstanding glacial features in the state that resulted during the Ice Age. Plans for the Kettle Moraine-North Unit include a major visitor interpretive center, trail and roadside exhibits, and interpretive signs. The cost of acquisition, development, and operation of the program will be shared by the State and Federal Governments.

IN MEMORIAM

In loving memory of our dear husband, father and grandfather, Gottlieb Walz, who passed away one year ago, March 15, 1974.

Though his smile is gone And hands we cannot touch, Still we have so many memories

Of one we loved so much; His memory is our keepsake With which we'll never part, God has him in His keeping We have him in our hearts

Sadly missed by his wife, children and grandchildren.

SINCERE THANKS

I wish to thank everyone who remembered me with cards, flowers, phone calls, visits, gifts and their prayers while in the hospital and convalescing at home. These deeds of kindness will always be cherished.

CENSUS FIGURES CAN BE VERIFIED, KASTEN NOTIFIES OFFICIALS

Congressman Bob Kasten has notified city and county officials in Washington county that they will be given an opportunity to verify census bureau figures used to determine revenue sharing allocations.

Kasten wrote city clerks and county treasurers in the Ninth District urging them to give census data close attention and verify or challenge those figures by March 14.

Revenue sharing allocations could be increased if census bureau figures are incorrect.

Indians Edged Out by Rated Kiel Team in Regional, 50-46

The Kewaskum Indians gave Kiel one heck of a battle before being edged out in the opening game of the WIAA Class B Regional Tournament at Sheboygan Falls Friday night, 50-46.

Sheboygan Falls and Kiel were the No. 1 and 2 finishers last year in the State Tournament at Madison, with the Falls Falcons winning the state Class B title by beating the Kiel Raiders in the finals. Falls (now 16-3) shared the Packerland Conference title this year with Algoma, while Kiel (16-5) took third.

In the second game Friday, defending state champ Falls had to come from behind in the final minutes to nip a stubborn New Holstein team, 70-63. In the Regional finals Saturday night Falls downed Kiel, 69-57, for the title and will advance to the White-water Sectional this weekend. Other Regional winners in the Whitewater Sectional along with Falls will be Ripon (Horicon Regional winner), Whitewater (Jefferson Regional winner) and Elkhorn (Edgerton Regional winner). Sectional winners go to state the next weekend.

Both Falls and Kiel were rated in the state polls this year among the top 20 teams.

Kewaskum, which placed 4th in the Scenic Moraine with an 8-6 mark and wound up with an overall 12-8 mark, was only trailing Kiel by 2 points late in the game and had the Raiders stalling and hanging on for dear life in the last 35 seconds. The Indi-

ans missed a chance to tie it up when 2 close-up shots by Mike and Randy Koepke rimmed the hoop but wouldn't go in in the closing seconds Kiel rebounded and an intentional foul by the Indians to get possession of the ball gave the Raiders 2 free throws for a 4-point lead at the end as they held off Kewaskum in the last few seconds.

Kewaskum played one of its best games of the season, especially defensively, against Kiel. The game was close throughout and the Indians led by as many as 4 points early in the 3rd quarter but their shooting cooled off. Kewaskum's press was able to control Kiel's offense pretty well. They went into a press to compensate for the Raiders' tall front line led by 6-6 Eric Hermanson and 6-4 Dave Felton. Kiel was just too tall for the Indians.

Trailing 12-9 at the quarter, Kewaskum rallied for a 25-25 tie at halftime, although they shot only 27 per cent in the first half on 9 of 32 shots. The Indians' shooting improved in the second half with 31 per cent on 17 of 54. Kiel made 21 of 48 attempts for a 44 per cent average. Rebounding was also a big factor with the tall Raiders holding a 35-25 advantage.

Kewaskum was hurt when Randy Koepke, normally a real good outside shooter who averages 12 points a game, was held scoreless.

Felton paced Kiel with 18 points, while giant Hermanson added 12 and Calvin
