Mrs. Edward (Adeline) Volm, 46, of Highland Drive, R. 2, Kewaskum, died of massive internal injuries about two and a half hours later in St. Joseph's Community Hospital, West Bend.

The truck driver, Dean Roerdink, 26, of Sheboygan, told sheriff's officers he was braking to negotiate some curves when the brakes locked. The trailer, which was not a maximum length semi-trailer, swung into the other lane, colliding with the left front of Mrs. Volm's Chevrolet Caprice.

The accident report described the collision as a side-swipe where the two vehicles were traveling in opposite directions.

Volm on May 3, 1952, in St. Mary's Catholic Church, Barton. They moved to the Volm homestead at R. 2, Kewaskum, after their marriage 23 years ago.

Surviving are her husband; four children, Kristine (James) Korth of Kewaskum, Jeanine, Kevin and Karen, all at home; one grandchild, Kelly Korth; her parents, Mr. and Mrs. Edwin Maternaer of West Bend; three sisters, Leona (Allen) Batzler of rural West Bend, Mary (Ray) Yarnig of Menomonee Falls and Carol (Don) Winninghoff of Appleton; four brothers, Francis (Betty) Maternaer and Norman (Gene) of rural West Bend, Ralph (Estelle) of rural Kewaskum and Steve (Margaret) of rural West Bend; one sister-in-law; one brother-in-law; other relatives and friends.

Mrs. Volm was a member of the St. Bridget's Ladies Altar Society and the Catholic Order of Foresters.

Thursday from the funeral home and at 10:30 a. m. at St. Bridget's Catholic Church in the Town of Wayne. Rev. John T. Budde officiated and burial was in the new Holy Trinity Cemetery.

Board Shown Sketch of New Fire Station, Revised Plan for New Park

By Karen Schmidt
The Kewaskum Village Board met in regular session on Monday, Aug. 18.

James Arthur of Arthur & Arthur Associates opened the bids for construction of curbing and gutter. Rennhack Construction of Reeseville, Wis. entered a bid of \$2.89 per lineal foot, total price \$11,126.50, with starting date Sept. 15, 1975, and completion in thirty days. Lifetime Construction of Sussex, Wis. entered a bid of \$3.78 per lineal foot for a total of \$14,553.00, starting date of Sept. 15, 1975, and completion in 10 days. Discussion centered upon whether property owners have to be notified before the contract can be awarded. James Arthur stated there were two alternatives before awarding the contract, although it isn't necessary to notify property owners. One is receiving 100% waivers from people who are to be assessed, or hold a public hearing for special assessment. Trustee Herriges made a motion to accept the Rennhack bid, seconded by Trustee Yoost. Motion passed 5-1 with Dan Schmidt voting against. Trustee Gregor Nigh made a motion to publish a notice of public hearing for those property owners affected, seconded by Trustee Schmidt. Motion passed. Possible re-assessment was

next on the agenda. Clerk William Martin explained (Continued on page 2)

Watch your local newspaper for a final announcement as to the speakers and state and federal office visitors.

VILLAGE BOARD

(Continued from page 1)

that the village has to declare an emergency, showing need for extra revenue, then contact the Dept. of Revenue with a resolution asking for expert help for re-appraisal. After the state answers, another resolution must be sent to the Dept. of Revenue. If approved, then the village can proceed with re-appraisal. The re-appraisal would not take place until 1976, but all groundwork will be established now. The Department of Revenue will send a list of certified appraisers. Trustee Schmidt made a motion authorizing the commissioner to petition for re-assessment. Trustee Strack seconded. Motion passed.

James Arthur also appeared with the revised plan for the new park. The board asked him to prepare plans for pool structure, shelter house, playground area, tennis courts and baseball diamonds by the Sept. 8 meeting. The pond area is now 1.2 acres. Some discussion on size of the pond led to Trustee Strack asking Arthur to make an overlay of a 2-acre pond to see size difference.

Tesch & Tesch Associates of Fond du Lac appeared with a preliminary sketch of the new fire station. The building will be a one story structure totaling 13,000 square feet. The building will have two large doors, two small doors and entrance doors facing south. The building is large enough for eight trucks, with conference rooms, training room, equipment room, chief's office, kitchen facilities and storage areas which can be designed for living quarters for possible future use for full time firemen. The building is approximately 88 ft. by 120 ft. with parking to the north and east. Representatives of Tesch & Tesch met with the board and the fire department building committee on Aug. 20 for further discussion.

A resident of Braatz Drive

appeared to request again that something be done with the hay and weeds in the Ideal Subdivision. The village clerk will call Ideal to have them cut weeds and if not done, the village will cut them and bill Ideal.

Motion by Trustee Herringes, seconded by Trustee Yoost to approve a building permit for erection of an office building by Orval Behnke.

The board adjourned to executive session for discussion regarding personnel.

Celebrate Golden Wedding

Sunday, July 27, marked the fiftieth wedding anniversary of Anton and Ann Herriges of St. Michaels.

The celebration at St. Michael's Parish hall began with a 11:30 dinner for family, priests, relatives, neighbors and friends. Mass was celebrated at 1:30 by Fr. Wm. Bonesho, pastor, Fr. Adrian Staehler, O. F. M. Cap., a nephew, Fr. Elroy Pesch, O.F.M. Cap., a cousin, Fr. Emil Schneeweis, O.F.M. Cap., Fr. Louis Biersach, O.F.M. Cap., Fr. Ralph Feltenz, O.F.M. Cap. and Fr. Rayner Hausmann, friends. The homily was delivered by Fr. Adrian Staehler. Bro. Isidore Herriges, O.F.M. Cap., a son, and Bro. Mark Roehling, O.F.M. Cap., a friend, handed the offertory gifts to the jubilarians. Dennis and Russell Herriges, grandsons, were the servers. Members of the family read the readings and the prayers of the faithful. Mass was preceded by a solo, "The Ave Maria," done beautifully by Joe Staehler, accompanied by Mrs. Ann Thill at the organ. The choir members with Mrs. Kathy Wagner at the organ sang a beautiful High Mass and several hymns.

The Our Father and Prayer of St. Francis was sung and accompanied very nicely on guitars by Debby Herriges, a granddaughter, and Sister Lynn, a friend. Jane Peters, a granddaughter, did a grand job writing the mass booklets. Richard and Lee Herriges, sons, performed ushering duties. Mass was followed with open house which was

attended by a large number of relatives and friends. The jubilarians received many nice and useful gifts for which they are deeply grateful.

Anton Herriges and Ann Staehler were married on July 28, 1925 at St. Michael's Church by the late Rev. Joseph Beyer. The attendants were Lorraine Staehler Feltenz as maid of honor and Cecilia Herriges Roden as bridesmaid. Frank Herriges was best man and Anthony Staehler was groomsman. Catherine Staehler Hahn was the flower girl.

They had eight children. Their children, who all worked hard to make this day such a beautiful occasion, are: Richard (Audrey) of R. 2, Kewaskum, Harriet (Donald) Peters of R. 1, Theresa, Bro. Isidore, Cap. of Nicaragua, Marion (Paul) Yank of Cedarburg, Leander (Erlene) of West Bend, Adeline (John) Meimeier of R. 1, Malone, Joan (David) Ryan of Eden, and Catherine (John) Machacek of Slinger. Anton and Ann have 35 living grandchildren. Two granddaughters, Barbara Yank and Amy Machacek died within the last seven months.

50th Wedding Anniversary

Former residents, Mr. and Mrs. John Wink, now of Greenfield, celebrated their 50th wedding anniversary. On Tuesday, Aug. 5, an 11 o'clock Mass was celebrated at St. John's Church, South Milwaukee, followed by a dinner for family members. On Saturday a dinner and reception was held at the Bucyrus-Erie Clubhouse for family and friends.

The Winks have three children: Peggy (Mrs. Alan Stoffel) of Kewaskum, Jim of South Milwaukee and Evelyn (Mrs. Jack Frease) of Racine. They have 14 grandchildren.

Remember... at Kettle Moraine Electric

We service what we sell! And we service all other brands

Reliable records in Washington County show that Bishop John Henni, the first Catholic Bishop of Wisconsin (Milwaukee) owned land on the east side of the Milwaukee River for the use of St. Trinity Society in the Village of Kewaskum Center, Wisconsin in 1862 (R. Pled abstract).

Since that year is when records were first officially recorded we can assume that the land was donated for Catholic use prior to that year. Holy Trinity Catholic Congregation officially was founded in 1862 and a church was built at its present location on the west side of the river on land donated by Andreas Miller and Mathias Altenhofen. In the 1880's the old church was enlarged to accommodate the growing

membership.

The picture above shows the laying of the cornerstone of a new and larger church (the present one) on June 18, 1905. Mr. Philip Vogt, the father of the pastor at that time, donated five lots for the expansion. The total cost of rebuilding and refurbishing the church was \$23,000. The rectory shown on the left which serves the parish at the present time under the leadership of Rev. John Budde was built around 1885 at a cost of about \$3,000.

The present church also contains a steeple clock which was donated with funds from a drive among businessmen and local and area residents in the 1950's to replace the original antiquated clock.

The church is a landmark

indeed and serves over 1500 parishioners today.

If you have any pictures we could borrow for use in our Bicentennial Notes please contact L. N. Peterson, chairman, 626-2766; Mark Smucker, 626-4335; Charles Miller, 626-2220, or Mrs. Bill Martin, 626-2950.

Klein - Krause

Marilyn Klein, Marshfield, Wis., became the bride of Allen Krause, Jr., Spencer, Wis. at St. John's Lutheran Church, North Spencer, Saturday, Aug. 9. The 2:00 p. m. ceremony was performed by Rev. Richard Klein and Rev. David Ault.

Parents of the couple are Mrs. Robert Gauger, Spencer, and the late Herman Klein and Mrs. Novella Krause, Kewaskum, and Allen Krause, Sr., Chili, Wis.

Guitar music for the ceremony was provided by Nancy Nall who also sang with Dawn Metcalfe.

The bride chose Sharon

Hoops of Spencer as her maid of honor. The bridesmaids were Linda Frank, Marshfield, Mary Jane Krause, Milwaukee, and Mrs. James Rahlf, West Bend. Wendy Holtz, Marshfield, acted as flower girl.

The bride's gown of dotted Swiss was fashioned with a fitted bodice with bib-effect of Venice lace. The bishop sleeves were adorned with strips of lace as was the deep ruffle at the hemline which flowed into a brush train. A ruffled caplet held her train veil of imported illusion.

Her bridal aides were attired in rainbow shades of blue, green, orchid, pink and yellow. Their gowns of dotted Swiss and voile were styled with scoop necklines, A-line skirts and detachable bolero jackets.

The bridegroom selected Terrance Rand of Spencer for his best man. Groomsmen were Eric Mortvedt, Stratford, Robert Klein, Spencer, and Joseph Broecker, Kewaskum. Kevin Klein, British Columbia, Canada, was the ring bearer. Ushering duties were performed by LeRoy Schrader and Gerald Krause.

A wedding reception, dinner and dance was held at the Village Plaza in Spencer.

The bride is a 1972 graduate of Spencer High School and is employed in the office at Land O' Lakes, Inc. in Spencer.

The groom graduated from Kewaskum High School in 1968. He is an equipment operator for O'Brien Construction of Spencer.

The couple will make their home at R. 3, Box 163B, Marshfield, Wis.

Kettle 20, Wrist Wrestling, Bike, Bathtub Winners Named by Lions

The Kewaskum Lions Club sponsored several events in conjunction with their Chicken Bar-B-Que Sunday, including the Kettle 20 Marathon, a 20,000 meter foot race (12.4 miles) at 10:15 a. m., 3 bike races (ages 10 and up) at 12:15 p. m., wrist wrestling tournament (6 weight classes) at 1:45 p. m., and bathtub races at 3:30 p. m. An antique farm machinery display also made a hit.

Winner of the first Kettle 20 marathon last year, Lucian Rosa, was unable to defend his title because of preparing for the national meet and Olympics but the event was more than successful as some 60 runners participated, more than twice as many as last year and 3 states were represented. There were 4 categories.

In the men's open division Pete Farwell of Northbrook, Ill. was the winner in 70 minutes, 13 seconds. That was 3 minutes off Rosa's record pace set last year but all in all the times were better. Just 21 seconds behind him was Dennis Spars of Waukesha. The other 3 top placers were Jim Drews of Green Bay, Randy Backhaus, former Kewaskum High runner who is now competing at River Falls U. and Ralph Stadelman of Comestock Park, Mich.

In the young men's class, 18 and under, the top 5 included: Mark Walter, Chicago, (73:00); Archie King, Northbrook, Ill.; Dennis Bremser, Kewaskum; Rick

Booth, Waukesha; Kerry Zanicck, New Berlin, and Gary Emmer, Allenton, tied.

In the men's 30 and over Larry Ridgeway, Waukesha, was first, (73:00); Jim Pellen, Milwaukee, 2nd; Bill Geiten, Racine, 3rd; Ron Bohn, Racine, 4th, and Peter Ayer, Kewaskum and UW-WC, 5th.

Former Kewaskum High hurdler and sprinter, now at Ripon College, Linda Secor, won the women's open, covering the 12 miles in 97:46. Next were the 3 Guse sisters, Mayville, Clare, Joan and Joyce. There were 5 Guses in the marathon, including the 3 girls, their father and brother.

Dave Stradtman, in charge of the Kettle 20, was happy with the turnout and hopes for 100 runners next year. Trophies were given the winners in all classes, medallions went to 2nd place and medals for 3rd, 4th and 5th. All runners got a "Kettle 20" shirt and a chicken dinner. Youngest competitor was Joyce Guse, 10, and the oldest was Richard King, 54, of Chicago, over the Kettle Moraine course.

Wrist wrestling, broken down into 6 classes, drew many entrants. Only defending champion able to repeat was Bruce Kramer who defeated Myron Strobel in the 131-150 class. Another defending champ, Mark Gaffke, lost in the finals to Ron Rollinger in

the 171-190 class. Sherry Blumer won the women's open, beating Carol Gaffke. Don Kannenberg won over Dale Secor in the under 130 class. Brian Schultz copped the 151-170 class over Gary Thompson and Kim Rodenkirch won the heavyweight over Eric Bergdorf.

Only 18 turned out for the bicycle races. Lloyd Mueller won the 10-11 year old race, covering the 8 miles in 38:55. John Brenholt took the 12-13 class in 37:05. Two 1974 champs successfully defended their crowns. Bruce Halfmann won the 14-15 class, touring the 12.6 miles in 39:35 while Dan Asch took the over 16 class in 36:22.

The bathtub race was new this year with 25 entries and quite a few sank or "washed out." In the 12-15 class Mark Groeschel was winner while Jim Bilgo took the 16 and older class.

MD Carnival On Saturday

A Neighborhood Carnival Against Dystrophy will be held on Aug. 23 at 221 Forest Ave. Douglas Miller, son of Mr. and Mrs. Edward J. Miller, will serve as ringmaster, assisted by his cousins and brothers.

The Carnival from 1:00 - 4:00, will feature such games as pot ball, magic show, balloon relay, fortune telling booth, refreshments, bowling on the green, penny sale and all proceeds will go to aid the fight against dystrophy and related diseases afflicting millions.

The children got the idea for staging their event while watching TV personality Howard Gernett, who is promoting Carnivals on his "Dialing for Dollars" children's show seen on Channel 12 WISN.

Last year, in cooperation with Muscular Dystrophy Associations of America, 42,239 Carnivals were held by children across the country, and over \$1,372,572 was raised for MDAA's research and patient service programs.

Birds destroy over 10% of many corn crops—sometimes completely unnoticed

**SAVE \$
protect
your corn with
AVITROL**

When your corn is in the milk and dough stages, blackbirds in your fields may cause extreme loss and spoilage. Only close inspection will show this damage—and then it is too late. The high price of corn this year means every bushel lost to birds is more costly than ever before.

Avitrol bait is a choice bird feed impregnated with the exclusive Avitrol formula. Ingestion of a treated grain by a bird results in an almost immediate effect on the bird's central nervous system.

The active ingredient in Avitrol is a unique, ecologically proven and patented chemical compound—fully approved by concerned federal agencies and compounded for aerial and ground application. The few birds that have eaten treated bait give flock-frightening warning cries and fly about erratically. The entire flock reacts by breaking up and leaving the area. Because new birds may invade the fields, three applications at weekly intervals are recommended. A two to three percent grain loss is great enough to make Avitrol treatment profitable.

Be sure your corn is protected this year. Now is the time to contact...

PUPPYLAND PRESS

One day a party came to Puppyland with his little terrier, saying that he no longer could keep him. That it tore everything up in the house. This party also had a raccoon as a pet in the house. After a month this party came back again to Puppyland to see if his little terrier was still here. He said it wasn't the dog at all. It was the raccoon that did all the damage and not the dog. Luckily his little dog was still here at Puppyland. This was a happy sight to see a man and his best friend going home. So it's not always the dogs doing the harm but other animals as well.

BE EFFICIENT. AVOID THE MIDDAY RUSH.

Every morning about 10 o'clock hundreds of thousands of washers and dryers go to work. Along with ovens and ranges. Vacuum cleaners, coffee pots, irons and blenders. Television quiz shows are underway. Office buildings, manufacturing plants and shopping centers are all well into the swing of things.

And on hot summer days, the air conditioners are beginning their hardest work.

It all adds up to a rush on electric power. Because most everyone wants to do the same thing at about the same time.

And it means we have to generate a lot more power between 10 a.m. and 8 p.m.

We call it a peak load period. And to provide the power for it, we start up extra generators.

Right now, we have enough of these part-time power plants to meet peak load demands. But if peaks continue to grow, we'll have to build additional plants to meet the demand.

We're working with business and industry to help them use electricity more efficiently, but the demands of our economic system require a high level of power use during midday.

That means you're our best bet to cut down on peak loads. To help us put off building new power plants. Which is good for us and for you. Because it'll help keep rate increases to an absolute minimum.

You can help by doing your washing, drying and ironing before 10 a.m. or after 8 p.m. By doing your baking right after breakfast. By saving your dishes to let your dishwasher do its work in the evening. By turning

your air conditioner thermostat up to 78° during the middle of those long hot summer days.

AFS Student Writes Again From Tehran

David Ayer, who is spending the summer in Tehran, Iran, as Kewaskum's AFS student, has written another letter as follows:

The time has come to inform you and A.F.S. of what is going on here in Tehran.

First of all, I am getting along well with my family. Our interests seem to be much alike and we have had no major problems, or even minor ones worth mentioning. From the moment I walked into the house, they accepted me as part of the family.

I am learning Farsi-Persian slowly, but with much help from my brothers. My mother keeps telling me "David, you must try to speak Farsi". So, I'm trying.

The weather here is dry and hot—on an average day, the temperature reaches a cool 47°C, about 108°F. The low humidity is salvation from the heat.

We have been to the Caspian Sea for three days—the temperature is cooler there, 95°F, but the humidity makes up for that. The water is quite warm, but the beaches are crowded in summer, so it is best to go swimming early and beat the crowd. The trip to the sea exposed me to almost every type of terrain Iran offers, from plains to mountains, etc.

Tehran, the Capitol, is a

lively city which is quite mechanized on the surface but still contains contradictions. Livestock are sometimes driven through the streets, and the ditches of the old water system are still used in some areas. There are always people on the streets and in the shops. The city does not die at night like so many in the U.S.

We have just returned from a trip to the east, to the city of Mashhad, which lasted a whole eleven days. It comes as sort of a shock to me that already more than five weeks have gone by, and this leaves me with still a lot I'd like to know and see. My older brother Afshin asks me as many questions as I ask him, it seems, and he has taught me very much about the country as well as some Farsi (writing, too!)

These last two weeks were quite fascinating, especially the travel (two different types of train and by car as well) because there was very much to see—terrain, farming, small cities, etc. Plus the added attraction of being kicked out of the bazaar in Mashhad because I was a foreigner. While they encourage our trade here in Tehran, the more religious cities discourage us, and in Mashhad (a "pilgrim" city in winter pop. of 900,000, reaches 2 million in the summer) I was not to be allowed. My brother took the camera, and we sneaked in with a crowd through another entrance, so I saw it all and he took the pictures for me. We even

managed to get into a Mosque one evening, but no pictures.

I really am having a good time, my family is great. I want to thank you all for everything and thanks to all those who have written.

Sincerely,
David Ayer

OFFICIAL ADVERTISEMENT FOR BIDS FOR MONITORING STATIONS FOR WASHINGTON COUNTY EPA PROJECT

BIDS CLOSE: August 28, 1975 at 5:00 p. m.

BIDS OPENED: August 29, 1975 at 10:00 a. m.

Presently there are six water quality monitoring sites to be installed as part of a research and demonstration project entitled The Washington County Project. Funds are from the Environmental Protection Agency and as a result construction of sites must be allocated to the lowest bidder. The purpose of the sites are to monitor water quality. In order to accomplish this, water flow measuring devices called weirs and flumes must be installed. These are concrete structures with specific designs according to the estimated runoff.

Sealed proposals, endorsed with the name and address of the Bidder and Title of the work, will be received by Mr. George Nehrbass, County Clerk, 432 E. Washington, West Bend, Wisconsin, at the time and date indicated above. Bids will be opened at the Washington County Courthouse at the time and date also indicated above.

Designs and specifications for Monitoring Stations may be obtained from the office of the County Clerk. Information for the three monitoring stations in Kewaskum and three monitoring stations in Germantown may be obtained from Harold Ryan, 1716 Columbia Place, West Bend, WI; Mervin Thompson 9592 Town Line Rd., Kewaskum, WI or Thomas Muth, Village Hall, Germantown, WI.

A certified check payable to Washington County in an amount not less than five (5%) per cent of the maximum bid shall accompany each bid as a guarantee that if the bid is accepted the bidder will execute and file the proper contract and bond within ten (10) days after being notified of the acceptance of his bid.

No bid will be accepted unless the bidder is in compliance with all applicable federal, state and local regulations.

The right to reject any or all bids which may be insufficient to carry out the work under the terms of the Contract and specifications is hereby reserved.

Theusch Hits Grand Slam But Kewaskum Loses Final Game

A grand slam home run by Ron Theusch in the 8th inning wasn't enough as Kewaskum lost its final game to second place Thiensville-Mequon (13-3) there Sunday, 7-5, in the Land o' Lakes League. The winners had a 6-0 lead when Theusch connected.

Thiensville-Mequon out-hit Kewaskum, 12-5, and 3 errors again played a part in the loss. Scott Koth went the distance and was the loser, while Andy Otting and Randy Rennie, former UW hurlers, shared chores for Thiensville-Mequon with Otting the victor. Tom Bartelt got 3 hits for Kewaskum, including a double. Mike Wendorf and Bruce Drumel got 3 for the winners and Schroeder and Bahlman hit homers.

4th Hole-in-One At Hon-E-Kor

The fourth hole-in-one this year at Hon-E-Kor Country Club was scored last Wednesday afternoon. Tom Hensler shot the ace while playing in the finals of the club's two-man best ball handicap.

Hensler, a member of the Kewaskum High School championship team in 1973, and University of Wisconsin Center - Washington County golfer, got off to a great start in his second 9 holes of the event. He was 2 under par going into the 4th hole when he hit a 6 iron right on the pin. The ball took a couple bounces and rolled into the cup, putting him 4 under.

Apparently shaken by his ace, Hensler wound up with a 36, one over par, and he and his partner, Joe Thoma, lost the match on the 18th hole to Clark Pearson and Bill Wuebben.

PHEASANTS ESCAPE

A number of young pheasants escaped when a hole was cut in the fence of the Kettle Moraine Sportsmen's Association of Kewaskum pens just north of the village Saturday. The pens were possibly entered in an attempt to get at the pheasants. Many of the pheasants, which are to be released Sunday, were recovered. The number missing and the dollar value had not been determined.
