KEWASKUM STATESMAN, FRIDAY, OCTOBER 17, 1975

NUMBER 42

CHAMBER OF COM. OFFICERS—Left to right, seated, Mark Rodenkirch, Past President; Wayne Rimmel, New President. Standing, Ken Weddig, Past Vice-President; Jack Jadro, Past and new Secretary-Treasurer; Paul Blumer, new Vice-President.

Rimmel Elected Chamber President

Wayne Rimmel was elected President of the Kewaskum Area Chamber of Commerce at their recent annual meeting. Rimmel, representing Regal Ware, will head the businessmen's group for the 1975 - 1976 year. Paul Blumer, of Paul's Shoe Corner, was elected Vice President replacing Ken Weddig of Minz Supply. Jack Jadro, of Steiner's Electric, was re-elected Secretary-Treasurer. Retiring President is Mark

Rodenkirch of Honeck Chevrolet.

The Chamber of Commerce is an organization of Kewaskum area businessmen, whose purpose is to promote business in the village. The Chamber recently completed a tourist information booth on the south end of the village. The Chamber is in the process of erecting a sign listing all the service organizations on the north side of the village.

Installation of Lights on Parking Lot Approved by School Board

A number of items not included on the agenda occupied a good part of the Kewaskum Board of Education meeting held Monday evening. In agenda items, the board approved installation by the electric company of four lights in the parking lot between the high school and middle school. The cost of the installation is included in the monthly rental except for any underground work. Two different lighting arrangements were discussed before the board decided on which to accept.

The second October meeting was cancelled unless business comes up which would require calling another meeting.

Possibilities of putting in an alarm system were discussed, with a cost approaching \$15,000 apparently required to put in an effective system in the three village schools. No action was taken, but the board indicated they wished to continue investigating possibilities.

A question was asked by Richard Theusch concerning actions taken when a child is injured at school. In general, an attempt is made to locate parents first. If this is impossible, a doctor specified by the family is called. The procedure may vary somewhat, of course, depending in the nature and seriousness of the injury.

Salaries of secretaries and aides were discussed. The

board agreed, at the request of two staff secretaries, to have the committee on non-certified staff salaries review the schedules.

A slightly revised budget, with no change from the Annual Meeting in the levy, was adopted. No action was taken or discussion held concerning any changes for this year in the special education budget and staffing. A memo concerning this had been included with the board agenda.

Elmer Plum was present and discussed with the board the effects of changes in equalized valuations on the levies for various municipalities in the district. These equalized valuations are certified by the state.

Payroll and vouchers payable were approved. A parental complaint was heard on the behavior of high school students at a recent program, plus the fact that a student article objecting to the behavior was turned down for publication in the school newspaper. The board asked whether this had been discussed with the administration. When told it had not, the board suggested this should have been the first place the parents took their concern. Mr. Pearson said that steps had already been taken to try and prevent further recurrences of problems during programs.

Parents were also present to ask about a speaker in

Local Residents' Grandson Killed In Fiery Crash

A Lomira young man was killed in a one car accident Friday evening when his car left the highway, hit a tree and caught fire on State Hwy. 28, seven miles west of Kewaskum near St. Kilian Heights Rd.

Daniel L. Sperger, 20, of 355 Pleasant Hill Ave., Lomira, died of burns suffered in the accident. He was the son of Mr. and Mrs. Donald Sperger and grandson of Mr. and Mrs. Ferdinand Weiland of Kewaskum.

Sperger's car went off the right side of the highway on a hill about 8 p. m. Deputy Coroner Matt Goeden of Washington County said the car went down an embankment and "must have burst into flames immediately" after hitting the tree. Sperger's identity was not known immediately.

The Kohlsville Fire Department put out the fire. The Kewaskum Rescue Squad ambulance was called but its services were not needed.

The death was the 14th on county roads in 1975.

Daniel Sperger was born June 16, 1955, in Waupun, a son of Donald and Shirley Weiland Sperger. A graduate of Lomira High School, he served with the U. S. Navy and was a member of the Lomira American Legion.

Surviving are his parents; a sister, Kathleen, at home; a brother, John, also at home; his maternal grandparents. Mr. and Mrs. Ferdinand Weiland of Kewaskum, and his paternal grandfather, Ruben Sperger of LeRoy.

Funeral services were held at 10 a. m. Monday at the Kietzer Funeral Home, Lomira, and at 10:30 a. m. at St. Mary's Church, Lomira. The Rev. John Goebel officiated and burial was in the parish cemetery. Visitation was after 4 p. m. Sunday.

some social studies classes. The program had been taped and they could view the program. If they then wished to discuss the matter at a board meeting, they could ask for time on the agenda at another meeting.

A resolution as follows was approved regarding sex discrimination. The notification concerning non-discrimination on the basis of sex is required as a part of Title IX.

The Board of Education of the Kewaskum Community Schools hereby states that the Kewaskum Schools do not discriminate on the basis of sex. Further, as policies are adopted under Title IX of the Education Amendments of 1972, notification will be given in local newspapers, the district newsletter and the student newspaper.

The board adjourned to executive session to discuss negotiations and personnel questions.

Approval of Teacher Agreement Voted by Education Association

Approval of the teacher agreement for 1975-76 was voted by the Kewaskum Education Association at its meeting Tuesday evening. The Kewaskum Board of Education will hold a special meeting Monday, October 20, at 8 p. m., in the administrative offices to consider the agreement.

The agreement calls for a base salary with a Bachelor's Degree of \$8,400. This will mean a total package increase of approximately 7.5% for the average teacher. The overall district cost is considerably less than this, since there were some staff reductions this year. That increase is about 2.5%. The base salary figure last year was \$8,070.

Changes were made in the coaching schedule, which now has two experience columns. The first is for 0-4 years of experience, the second for more than four years. Other financial changes in-

cluded going from 10c to 12c per mile for travel and from \$5.00 to \$5.25 for Behind-The Wheel Driver Education. Vocational certification will now count as 3 credits on the salary schedule. There is only one salary schedule this year, not a separate schedule for beginners in the district as was previously true. Teachers will receive 11 sick days per year compared with 10 last year, but the total accumulation remains the same. One day of personal leave is now possible after two years in the district rather than after 5.

A reduction-in-force provision was added this year which attempts to establish guidelines for staff reductions if this becomes necessary. The agreement was worked out between negotiating teams of the K.E.A. and the Kewaskum School Board. With the approval of the K.E.A. Tuesday, it will become official upon board approval.

Design for Village Flag Discussed at Bicentennial Meet

Bids for the printing of a booklet on the history of the Village of Kewaskum were discussed at the October meeting of the Kewaskum Bicentennial Committee. Since the exact number of pages was not known at the time of the meeting, final bids will be sought by the next meeting, so that printing can begin as soon as possible.

A design for a flag that will hopefully be adopted as an official village flag was discussed, and a new design should be ready by the next meeting.

Larry Ammel, music director at Kewaskum High School, announced that the

halftime program at Homecoming on Oct. 24 would have a Bicentennial theme.

Two projects, obtaining bricks for a bath house at the proposed village park, and taping oral interviews with senior citizens were turned over to the high school student council to be considered as possible projects for a Bicentennial committee it hopes to organize shortly.

A certificate from the American Revolution Bicentennial Committee in Washington, D. C. recognizing Kewaskum as an official bicentennial community was received by Chairman L. N. Peterson and was shown to the group.

FFA Officers Attend Workshop

Five Kewaskum Chapter officers attended the Sectional FFA chapter officer leadership workshop held Wednesday afternoon, Oct. 8, at the Hustisford Senior High School.

Gene Nehls, State FFA Sentinel, and the Hustisford FFA Chapter were the hosts of this inspirational event. There were chapter officers representing 25 FFA chapters throughout the area.

The purpose of the workshop is to promote individual and FFA chapter growth in both leadership and FFA related work. New FFA programs were also introduced which included the "Food for America" Bicentennial and the Chapter Presidents Awards.

Gene was assisted by five other state FFA officers, including Ferron Havens, State FFA President from Darlington. Ferron challenged the officer groups in attendance to set their goals high and

work hard to reach these goals.

Final remarks were made by State FFA Executive Secretary, Arnold B. Cordes, who encouraged officers to set their goals early for the coming year. He also underscored some of the goals that the FFA chapters should strive for this year.

Paul Enders of Hustisford School welcomed the group to the school and the city. He encouraged their leadership training and commended them for their constructive activities.

The Hustisford FFA chapter provided refreshments. Local chapter officers conducted the opening and closing ceremony and served as hosts of the workshop.

Kewaskum chapter officers in attendance were: Roy Peterson, President; Keith Gessner, Vice-President; Todd Garbisch, Sentinel; Gary Thull, Reporter; and Joanne Loof, Secretary.

Letter to The Public

Dear Friend of AFS,

Like you, I am concerned that the students in our schools get the best possible education. Teachers and administrators are working hard to make that happen as are many concerned citizens in this community.

There is one way to make education more meaningful to our children. It is through the program of sponsored scholarships of the local Chapter of the American Field Service.

AFS brings students from any one of 60 nations to communities like ours to live with families, attend school and take part in community events. AFS also selects American students to travel overseas.

It is a true scholarship program that involves deserving young people. For this reason, we need money to continue the program here. We estimate that for a full program year — to host one student from abroad and send a local high school student overseas — we will need \$1700. This is a small investment when compared to the educational and cultural benefits the program brings to our community. If families were to donate \$5 or \$10 each, we could easily reach our goal and continue this exciting intercultural exchange.

I am hoping that you will join me in making the AFS program possible here. Your gift is tax deductible and will be appreciated, whatever the size. Checks may be made payable to the "Foreign Student Fund" and sent to Mrs. Orville Kern, Route 1, Allenton, Wisconsin 53002. Kewaskum AFS Chapter Treasurer. I hope to hear from you soon.

Cordially,
Mrs. L. N. Peterson
Chapter President

\$1500 in Donations Sought for Book on Kewaskum's History

Fifteen hundred dollars in donations is being sought by the Kewaskum Bicentennial Committee to cover part of the cost of printing a book on local history.

The book, written by Mark Smucker, will trace the history of the Village of Kewaskum from the time of its first known inhabitants, the Indians, to the present day population of 2600.

With an approximate length of 150 pages, history will be traced using photographs, maps, charts and graphs, as well as information taken from personal interviews, letters, original history texts, and other historical documents.

The book begins with a description of Indian settle-

ments in the area, legends about the life of Chief Kewaskum and the first white settlers in the village. The history then reviews changes in society about 1860, including means of transportation, educational changes, diversities of business and industries, development of modern agriculture, histories of the local churches, contributions in previous war efforts, and changes in recreation through the years.

Printing should begin sometime this fall, and the first copies should be available in December. All contributions will be listed at the back of the book. Donations should be sent to Box 1, Kewaskum, Wisconsin 53040.

INVITATION TO A HOUSE WARMING.

It's an all-winter-long house warming! One that will take place right in your own home...if you have adequate insulation.

Adequate insulation is one of the best ways we know to insure a comfortably warm home this winter...as well as one of the best ways to conserve energy in the home.

Your biggest heat loss—and energy waste—probably takes place in the attic. Fortunately, attic insulation will solve the problem.

If you decide to do the job yourself, you'll find ready-to-install insulation available at your building supply dealer's store. Tell him you want to bring your ceiling insulation value

up to a rating of R-30, as recommended by Wisconsin Electric.

Or, call an insulation contractor and have the job done for you. Adequate insulation is an easy way to help you save energy...and money. So insulate...and have a pleasant house warming this winter. (Don't forget, the same insulation will help keep your home cooler next summer, too.)

Insulate. Get more of what you're paying for.

Field Goal in Final Seconds Gives Indians 26-23 Win at Germantown

Dennis Bremser, who kicked a field goal on the last play of the game, and Ray Reindl, who scored three touchdowns and had another one taken away from him, were the heroes as Kewaskum nudged defending champion Germantown there Friday night, 26-23.

The victory lifted the Indians, who had their problems and were somewhat unimpressive in their early wins but who have improved greatly of late, to an overall mark of 6-1 and 3-1 in Scenic Moraine play with three games to go. They now hold a three-way tie for second place.

In the thriller at Germantown, five seconds remained on the clock with the Indians having the ball on the ten-yard line and the score tied at 23-23. On the last play of the game, Bremser attempted his first field goal ever, although he has kicked a number of extra points. The snap was bad but the ball sailed through the uprights as the clock showed no time left. The kick was from the 27-yard line and pandemonium reigned as Germantown had lost its homecoming. Kewaskum had driven 65 yards with less than four minutes left in its winning drive.

The Warhawks took the opening kickoff and marched 64 yards to Kewaskum's one-yard line where the defense held and took over the ball on downs. On the next play there was a mixup in the backfield and quarterback Jim Bilgo was thrown for a safety, 2-0.

The Indians free-kicked against a strong wind and Germantown took over on Kewaskum's 37. They scored as Jim Olson ran the final nine yards for the TD. The extra point kick was good and the Indians were down 9-0.

The Indians came back with a 75-yard drive in the second quarter with Reindl taking it in from the nine. Bremser's kick was good and it was 9-7. But Germantown scored on its next series with Carter Schultz scoring the TD, making it 16-7.

Kewaskum came right back but lost a touchdown because of a referee that was fooled. Dave Menzel dove into the line and the referee, thinking he was carrying the ball, blew the play dead. In the meantime Reindl really had the ball and scampered down the sidelines unmolested. This call brought up a protest.

This apparently riled the Indians and they scored as Reindl took it in from the seven-yard line. Menzel ran it in for two extra points and the score was 16-15.

With only seconds left in the half, Germantown hit pay dirt again as quarterback Brian Banczak sneaked in from the one. That made it 23-15 and the Warhawks were done scoring for the night as the Kewaskum defense stiffened and held Germantown to 64 yards in the second half.

With ball control and a strong running game, the Indians drove 75 yards for a score in the third quarter as Reindl zipped 23 yards for his third TD of the game. Menzel scored the important two extra points on a run, knotting the score at 23-23. This set the stage for Brem-

ser's heroic field goal.

Reindl led the Indians with 150 yards in 21 carries. Fullback Menzel boosted his season rushing total to 555 yards in seven games with 115 yards in 22 carries.

In other Scenic games over the weekend leading Grafton won its fourth straight, beating Mayville, 21-0 (Kewaskum defeated Mayville 39-8); Kettle Moraine blanked Pewaukee, 17-0, and Hartland downed Slinger, 26-14.

Kewaskum's most crucial game of the season is coming up this weekend at Grafton, where they take on the unbeaten leaders in a Saturday afternoon contest at 1:30. A win will give the Indians a tie for first place while a loss will practically drop them out of the title race.

Grafton's new coach, Kip Cramer, feels his two platoon system will be tested well by Kewaskum. In a feature article on his team in the Milwaukee Journal this week Cramer had this to say about the Indians: "I really respect that team. I've watched them play the last three, four weeks and they've been pounding people all over the field. There's a bunch of college prospects on that team."
