Village Buys Fellenz Property For Additional Firehouse Land

By Mark Smucker

Purchase of the Ralph Fellenz property on South Fond du Lac Avenue at a cost of \$30,000 was approved by the Kewaskum Village Board on Monday.

The property is surrounded on three sides by land already owned by the Village of Kewaskum, and will be used as part of the site for the new village firehouse. The purchase of this land will allow the location of the firehouse to be moved closer to Fond du Lac Avenue on the west side, facing south.

Arthur Associates, architects for the proposed Kewaskum Kiwanis Village Park, have asked for another delay before completing the park plans in order to add new information to the map.

Commissioner William Martin was authorized to advertise for bids on the transportation of between four & five thousand cubic yds. of topsoil to the site of the firehouse, with a completion date of Dec. 1.

The board acknowledged the receipt of an annexation

petition by Dr. A. Sison, M.D. for a 45.4 acre parcel located southeast of the village near Highway 45.

Sewage treatment plant operator Peter Albers was named District Waste Water Treatment Manager — 1975 by the district office of the Department of Natural Resources, and was also commended by the board for his service.

A concerned citizen who had two Dutch Elm trees removed from property between the curb and sidewalk near his home appeared before the board to ask whether or not he would have to bear this cost alone. President Charles Miller replied that the ordinance stated that the village will pay for one-half of the cost of Dutch Elm removal for any trees located between the curb and sidewalk, but not on private property, and no other types of trees.

Two building permits were granted to Rede Realty Company of West Bend for two one-family homes to be built in Bel-Ric Acres.

Lease for Village Garage

Approved by Historical Society

The Kewaskum Historical Society unanimously approved a lease for the village garage located on Parkview Drive, at its October meeting.

Upon the recommendation of the building committee, the president and secretary were authorized to sign the lease so that work can begin immediately to renovate it into a museum. Plans were discussed for raising money to cover the cost of the project, and it was finally decided to have an antique show

sometime next spring.

Eugene Bohn, a local insurance representative, spoke to the society on what types and amounts of insurance will be necessary to operate the museum. Some of the liability insurance is being donated by the Kewaskum Lions Club, and a motion was passed to buy the necessary insurance not already owned.

A showcase for the new museum was purchased at the meeting, to be used to display smaller articles. The next scheduled meeting of the society will be on Nov. 18 at 8:00 p. m. at the Valley Bank Community Room, and the public is invited to attend.

Woodpile Burns

At Schmidt Home

Kewaskum firemen answered a call at 11 p. m. last Wednesday to the Leroy Schmidt home on Hwy. 45 just north of the village, located between the overhead bridge and Amerahn.

A woodpile just south of the Schmidt house was on fire and the flames had spread to another nearby woodpile. The fire had a good start and the flames were leaping high in the air when firemen arrived. Acting Fire Chief Augie Bilgo reported he believed the blaze started from a nearby rubbish burner and spread through the leaves to the woodpile. Firemen put out the blaze and spread the woodpile apart.

The Schmidts had retired for the night and the fire was discovered by a passing motorist, Reuben Oppermann. Thirty-four firemen responded to the call.

Kleinkes Feted on 30th Anniversary

The children of Mr. and Mrs. Marvin Kleinke, Kewaskum, surprised them with a dinner party at the Wigwam for their 30th wedding anniversary on Saturday evening, Oct. 25.

Marvin and Dolores were married on Oct. 27, 1945, at St. John's Lutheran Church, New Fane, by Rev. E. J. Zanow. Their dinner and reception was at the former Forest Lake Hotel.

They have eight children, Charles (Karen) and Earl (Marie), both of Kewaskum; Clifford (fiancee Alice Christin), both of Eau Claire; Edmond (Sheri) of Lomira; Yvonne (Bruce) Schumacher of Fond du Lac, and their daughters at home, Annette, Suzette and Claudette. Walter Heberer, father of Mrs. Kleinke, also makes his home with the Kleinkes and they have one granddaughter, Angila Kleinke.

Marvin is employed at A. O. Smith Company of Milwaukee for the past 35 years. Dolores was employed 10 years at St. Joseph's Community Hospital, West Bend. Home to the Kleinkes is in their new home at 1532 Stark St., Kewaskum.

Mr. and Mrs. Lloyd Westerman also joined the family later in the evening at the WIGWAM.

Hephner Speaks To Lions Club

Gervase Hephner, representative of the Sixth District of the State legislature, stopped in at the Kewaskum Lions Club meeting last Tuesday evening.

He gave a very good background talk on himself as his role representing us. Hephner was quoted as saying "I believe in being a full time legislator." The goose problem at the Horicon Marsh is before the legislature and the bill is to allow more compensation to the farmers for the loss of crops along the flyway. Hephner fielded many questions after his talk.

Raymond Krahn of R 1, Adell, presented a certificate of service from Badger Bays State. Krahn is commander of Triangle B Post 193, American Legion, which includes Beechwood, Boltonville and Batavia. Dennis Bremser was the boy sent to Badger Boys State.

Don Koerble was awarded 100% President's Award.

BLOOD PRESSURE CHECKUP NOV. 12

The county nurses will be at the meeting of Senior Citizens Club to re-check blood pressures and take blood pressures of anyone in the area who may be 40 years or older. There is no charge for this service, taking place at the Legion Clubhouse from 11 a. m. to 12 noon on Wednesday, Nov. 12.

Junior Women Help Promote Education Week

The Kewaskum Junior Woman's Club is currently working with the Kewaskum Education Association to promote American Education Week Nov. 16 - 22. Open House in all district schools will be held on Nov. 10 and 11 to give parents the opportunity to sign up for parent-teacher conferences scheduled for Nov. 12, 13 and 18.

American Education Week is an annual event designed to focus public attention on the achievements and the needs of the nation's schools. It serves to increase public understanding and appreciation of the schools, to encourage parents to visit their children's schools at least once a year, to secure civic and community support for measures to improve the schools, and to help students gain an appreciation of what the schools are doing for them.

In the present era of widespread disenchantment with the nation's schools it is more important than ever that citizens become deeply involved in defining educational goals for a new age and in joining with teachers and administrators to seek means for their achievement.

Many of the failures we ascribe to contemporary education are in fact failures of

our society as a whole. A society that is indifferent to its own heritage cannot expect schools to make good the difference. A society that slurs over fundamental principles and takes refuge in the superficial and the short-lived cannot demand that its schools instruct in abiding moral values. A society proudly preoccupied with its own material accomplishments and well-being cannot fairly expect its schools to teach that the snug warmth of security is less meaningful than the bracing adventure of freedom. In all this, to reform our schools is first to reform ourselves.

The theme for this year's American Education Week is "Our Future Is in Our Schools." There is no better place to start caring, to recommit ourselves to making America's schools better, than in our own community schools. Citizens who visit their schools develop a better understanding of what is being taught and how, more so than do those who obtain their information second-hand. The Kewaskum Juniors urge all citizens to observe "our future in our schools" during Open House Nov. 10 and 11 in all Kewaskum district schools.

Announce Agenda For School Board Meeting Monday

The Kewaskum Board of Education will meet Monday, Nov. 10, at 8 p. m. in the administrative offices. Included on the agenda will be adoption of a Title II Federal funding resolution to allow the school to apply for federal funds for library material purchases. A request has been received to grant a student permission to leave school at the end of her junior year and to grant a diploma upon successful completion of her first year in college.

The board will consider appointment of its committee on teacher negotiations for next year, and will also consider the question of again hiring a negotiator. Consideration will be given to purchasing control gates for the Wayne and Farmington schools and also safety locks for the backboards in the new gymnasium.

Approval of a contract for Lawrence Van Beek to replace Mrs. Luce as elementary librarian is also on the agenda, as is a discussion of coaching assignments at the Middle School.

Appointment of a board member as representative to the School Board delegate assembly will be considered. Other miscellaneous items may also be taken up at the meeting.

The board will hold an executive session following the meeting to discuss some student personnel questions.

Boy Scouts Second At District Camp

The Kewaskum Boy Scouts received second place for camp inspection at the annual Fall District Camporee. This year the event was held at Lazy Days campgrounds, Oct. 31 - Nov. 2. There were approximately 250 boys and 50 leaders or 20 troops from Washington and Ozaukee counties.

To earn the award the boys had to display proper camp setup for tents, fires, ax yard, etc.; safety as to camp fires, handling of ax tools, food storage, cleanliness of camp sites and proper display of flags, menus, duty rosters, patrol kitchens, etc. In addition the boys competed for awards in skill events and handicraft projects held on Saturday — highlighted by a huge campfire Saturday night with troop skits and songs.

WB Savings Opens Office in Jackson

West Bend Savings and Loan Association's sixth Washington County office opened Nov. 3 in the Village of Jackson's new Jackson Shopping Center. The Jackson savings office is a full service office providing the full range of savings and home loan services offered by the other association offices.

Richard A. Larson, West Bend Savings president, said the association was fortunate in being able to lease office facilities in the new building developed by Pat and Linda Riebe. The Jackson branch office is located on the corner of Jackson's Main Street and Industrial Drive, which gives it a central location with a large customer parking lot.

The new office features a customer lounge and lobby area, a regular teller counter and work space plus a customer sit-down type teller station where customers can transact their regular business while seated at a desk. There is also a conference and loan closing area and an auto-drive in window.

In 1968 the association's assets were just over \$13,000,000 and now its assets are over \$45,000,000.

Larson indicated the association's board of directors has a goal of providing convenient savings and home financing service throughout the county close to where its customers live and work. To further implement this idea, in addition to opening five branch offices, it is working on plans for unmanned teller facilities and other electronic funds transfer facilities to offer service around the clock, seven days a week. Larson said some of these new plans should be in operation during 1976.

The Jackson office will celebrate its opening with an official "Opening Week" with Charter Member Savings Accounts issued from Nov. 3 through Nov. 9; free gifts to charter savings members, and door prizes. The Jackson office will be open Monday through Thursday from 9:30 a.m. to 5:30 p.m.; on Friday from 9:30 a.m. to 8 p.m.; and on Saturday mornings from 9:30 a.m. until noon.

Mrs. Judy Bannenberg has been appointed

manager of the Jackson office and will be assisted by Diane Schwartz and other present association staff members. Bannenberg had been charge of the Westfair Mall office prior to her present appointment.

FOR EXAMPLE: If you hope to save regularly for a period of time . . . but you might need your money and have to withdraw it, the "Gold Seal" Notice Account is your answer. The table below shows how fast you build up your account with regular savings and compound interest. You open this type of Account with \$500 and add each month in this example.

MONTHLY DEPOSITS	5 Years	10 Years	15 Years

**LETTERS
TO THE
EDITOR**

FREEDOM ISN'T FOREVER

West Bend, Wis.

Public officials in all parts of our wonderful country seem to be saying "the taxpayers be damned;" and like fools, we taxpayers meekly allow ourselves to be damned.

We are supposed to have government OF THE PEOPLE, BY THE PEOPLE, AND FOR THE PEOPLE. But let's look at some recent happenings and see if that's what we have. Several years ago our City Council in West Bend passed an ordinance to hire a full-time attorney. Many of us taxpayers felt that we wouldn't need a full-time attorney if we had better management in City Hall. At that time we defeated the ordinance in a referendum. More recently two separate studies of our city government concluded that we should hire an administrator first, and hold off with a full-time attorney. But now the City Council has brazenly hired a full-time attorney anyhow; and nobody knows if they will ever hire an administrator. Does this look like GOVERNMENT OF THE PEOPLE, BY THE PEOPLE, AND FOR THE PEOPLE?

In both of the studies it was recommended that an administrator should be responsible to both the mayor and the council. But the councilmen recently decided that IF they hire an administrator, they want him to be responsible to them only, which would weaken the mayor and also the voice of us taxpayers. If they ever hire an administrator his authority will probably be so diluted that we won't get any benefit from him, but we will have to pay his tremendous salary as well as that of the full-time attorney.

The Milwaukee Alliance of Concerned Citizens (taxpayers) called on Mayor Maier and the City Budget Director to protest a certain budget procedure, and the Budget Director practically told them to shut up and pay their taxes.

In Madison our legislators and the Public Service Commission hold secret meetings that are illegal. Is it any wonder that our children and grandchildren grow up to violate laws, when our public officials show them how?

In Washington D.C. our

Congressmen continue to squander our money and ignore our objections; and the bureaucracies strip us of our freedoms and get involved in burglaries and murder.

If we taxpayers don't stop this tyranny, there is no way our glorious nation will survive. Throughout history some other governments victimized their citizens, and consequently their great nations fell by the wayside. Our government is doing likewise today.

Every day we taxpayers are told by newspapers, radio and television what the politicians are doing to us. What are we doing about it? Nothing! Almost nobody goes to City Hall to tell the poli-

ticians they are our servants, not our dictators. The few taxpayers who go to a meeting to voice their objections don't have any supporters and are ignored by the officials. Two-thirds of us don't bother to vote. This article is no reflection on Kewaskum officials, for whom I have the highest regard because of their efficiency and integrity.

Two hundred years ago our great American Patriots like Hamilton and Jefferson wrote our Constitution of the United States of America. This is the best form of self-government that ever was written. How lucky we are! It would protect us from a tyrannical government if we

would exert ourselves. Our great Patriots also assured us of the most generous education in the world; but today we educated fools are too damn dumb to protect all the rights, privileges, and freedoms that we inherit.

In some other countries the people don't have the right to vote, nor do they have freedom of speech, freedom to write as I am doing, and freedom of religion. They want these human and sacred rights so badly that they give their lives in a fight to get them. In our country we have all these privileges but we don't use them. WHAT FOOLS WE AMERICANS ARE!

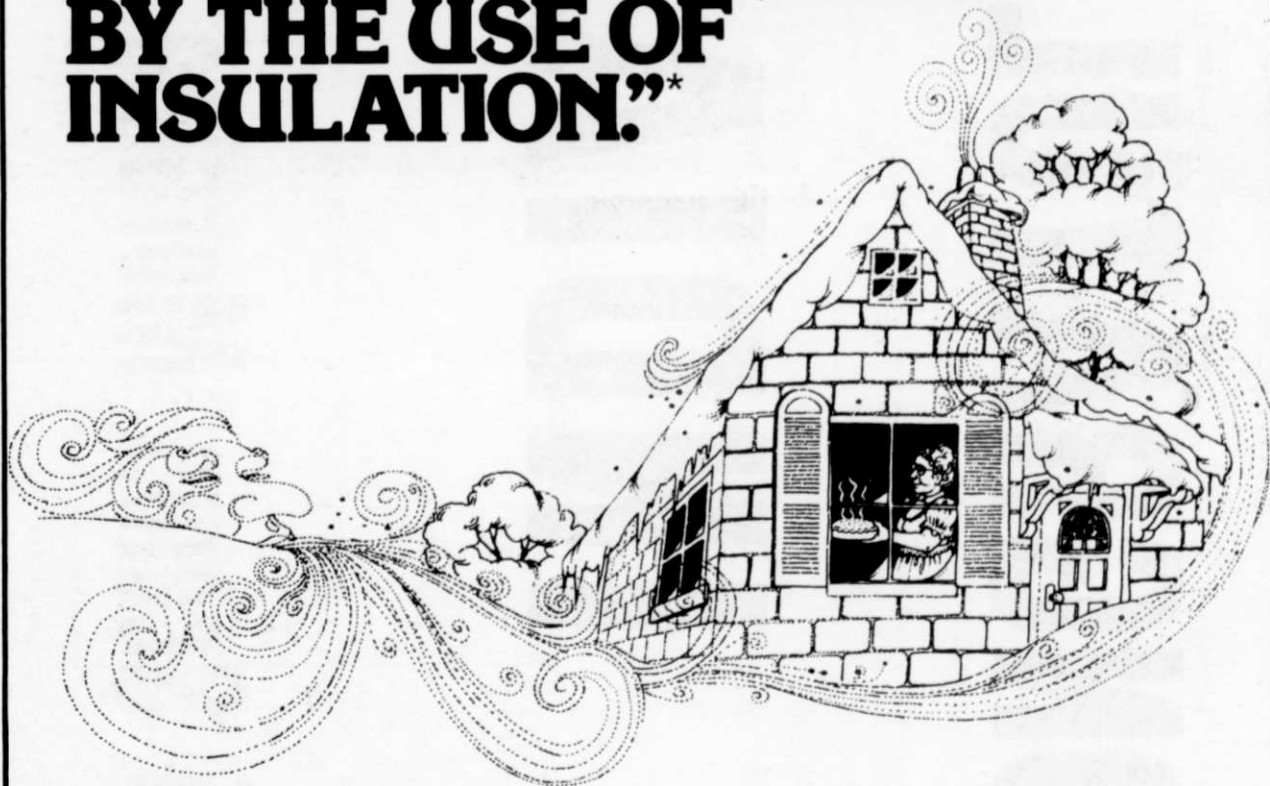

**Kewaskum Statesman
Friday, November 7, 1975**

We need a Patrick Henry in every City Hall, Court House, State Capital, and Washington, D.C. And he should be backed up by an overflow crowd in every meeting room and at every voting booth to tell our elected officials that THE BUCK STOPS NOW!

If we lose all our constitutional rights through our own fault we'll scream bloody murder. Then it's too late. And don't think it can't happen here. Freedom is not forever, unless we keep fighting for it.

R. Charles Weier

"PROBABLY THE SINGLE MOST IMPORTANT WAY OF CONSERVING ENERGY IN THE HOME IS TO REDUCE THE HEAT LOSS OF THE HOUSE ITSELF BY THE USE OF INSULATION."*

There are a lot of ways to save energy... wash and dry full loads of clothes, use the dishwasher only once a day, cook complete meals in the oven, fix those leaky faucets.

But don't forget adequate insulation — it's one of the most important ways to cut energy waste.

"Okay," you say, "but what can I do about my insulation?"

A lot, really. And your attic is the place to start. It's not difficult to bring your attic insulation up to the R-30 standard recommended by Wisconsin Electric.

You can pick up ready-to-install insulation at your building supply dealer's and do the job yourself in a day or two.

Or, call an insulation contractor to do the work for you.

There are several other good ways to cut energy and heat losses, too—caulking, weather stripping, hanging storm windows, to name just a few.

Here's something else to remember. You're paying for all that heat. So don't waste your money heating part of the great outdoors. Insulate before the cold sets in. You'll save energy and money.

Indians Co-Champs

After being runnerup four times (second place) and 3rd place two times in the last seven years, Kewaskum finally won a Scenic Moraine football championship. During this time the Indians never lost more than 2 games in any season. Kewaskum ended up as co-champion with Grafton, both 6-1. The Indians were 9-1 overall for the season and Grafton was 6-4.

Kewaskum clinched at least a share of the crown by shutting out Slinger there in their final game last Wednesday afternoon, 16-0. Then they had to sweat it out awaiting the outcome of the Grafton-Kettle Moraine game Friday night to find out whether they would be undisputed champs. But Grafton took care of Kettle, 20-0, to gain a share of the title.

It was his best year ever for Head Coach Joe Harlow, coming in his 11th year as coach at Kewaskum. The Indians have compiled an excellent 49-12 record for the last 7 years. They won their last football title in 1955 in the now defunct Tri-County Conference. They became members of the strong Scenic Moraine in the late 1950's and this is their first title in that loop.

Although they had to settle for a tie, Kewaskum has the satisfaction of claiming to be No. 1 in the conference as they handed Grafton a solid 14-0 defeat on the Blackhawks' own field in their meeting. The Indians lost their only game in the opener at Hartland, 10-0, and then proceeded to win 6 straight.

The Indians had the leading offense in the conference by far. They totaled well over 2,000 yards offensively in their 7 games. In one game they totaled 498 yards in offense and they scored 85 points in just 2 games.

Harlow had used the I formation offense for the last 6 seasons but found the second back in the I carried the ball too much and often got hurt by midseason. This included talented former runners like Jim Gaffke, Dale Prost and Scott Koth, who all fell victim to the injury jinx and their absence coincided with a slide in the standings. So Harlow switched to the wishbone this year so that the backs could share the ball carrying duties. Members of the speedy Indian backfield were Dave Menzel, Dennis Bremser and Gary Schmidt, all senior running backs, and quarterback Jim Bilgo. Junior Ray Reindl was a starter but missed the last 2 games with a knee injury. Three of the four backs rushed for more than 400 yards.

Offensive linemen Jack Westerman and Keith Mueller did an outstanding job clearing out opposing defenses for this group of backs, according to Harlow. Jack Kern, switched to tight end this year, was Kewaskum's leading pass receiver. Standouts on defense were middle linebacker John Sekeres, outside linebacker Tom Rohlinger, nose guard Gary Gavin and tackle Menzel, a starter both ways. The defense survived the loss of 6-foot-2, 200 pound Leon Laatsch, outstanding end, who was lost with a pinched nerve in his back.

Although they won, 16-0, the Indians did not play their usual game against tail

end Slinger there Wednesday. They had control and the Owls couldn't stop their ground game but they looked tight. Probably it was due to nerves as it was a title game. It could have been because they only had 5 days rest after being up and playing a hard game against Kettle Moraine in their homecoming Friday night.

Kewaskum's defense exploited Slinger's shotgun offense, dropping the Owls for a minus 94 yards on the ground. In the fourth quarter the Slinger quarterback was sacked for a minus 83 yards. Slinger did manage to complete 10 of 30 passes with one interception for 195 yards, giving the Owls a total offense figure of 101 yards. Kewaskum, in contrast, finished with 272 yards.

Kewaskum did not take long to let the Owls know they have the best ground game in the league. They took the opening kickoff and proceeded to march from their own 21 right down the field for a score. Bremser and Menzel set the pace for Kewaskum. Bremser carried 16 times for 122 yards, kicked a long 35-yard field goal and one extra point. Menzel ran 26 times for 103 yards. Gary Schmidt scored both Kewaskum touchdowns, the first on a two-yard run in the first quarter and the second on another two-yard run in the fourth period.

Slinger had the ball for only 3 plays, exclusive of a punt, in the first period. The closest the Owls came to scoring was in the second quarter when Slinger completed a 54-yard pass just before half-time. The completion brought the ball to the Kewaskum two-yard line, but the Indians held to preserve their shutout.

Defensive standouts included middle guard Gavin and linebacker Rohlinger who had an interception, broke up four passes and had a hand in a number of tackles. In the two other Scenic games Friday night, Hartland whacked Mayville, 34-13, and Germantown blanked Pewaukee, 32-0.

Frosh Tip Slinger As Schaub Scores 4 TD's

The Kewaskum freshman football team broke even in its last two games, losing to Kettle Moraine, 30-12, while whipping Slinger, 40-14.

In the Kettle contest half-back Dave Boettcher did all the scoring for the little Indians. He intercepted a pass and ran it back 35 yards for one of his TD's. Kettle tied for first place in the freshman standings.

The frosh closed their season with Slinger in a game which featured long runs by Mike Schaub. Mike scored four touchdowns, one on an 80 yard punt return and another on a 50 yard run. This

is believed to be a record for Indian frosh. Quarterback Bruce Halfmann also scored on a run, as did Boettcher.

Kewaskum wound up with 3-3 in the conference, their best in years. Slinger was winless.
