Prom Saturday at Holiday Inn for First Time

For the first time ever in the history of Kewaskum High School, the Junior prom is going to be held away from school at the Holiday Inn in West Bend, rather than the traditional way in the gym. The prom will be held Saturday, May 1.

How did this come about? The prom committee surveyed other schools and the results were that proms held away from school were a success, while those held in the gyms were a failure. It is felt the prom, being held away, will have a better turnout.

Dinner will be served at

the Holiday Inn for any interested parties. There will be three choices offered from the menu. The court will be eating there.

The court was chosen the traditional way, but this year the king and queen will not be announced until prom night, and the class will not vote until the day before.

Court members shown above are: front row, left to right: Russ Herriges and Julie Stoffel, Dan Ruplinger and Carrie Kempf, Paul Brenholt and Roseann Czaja, Pat Braun and Nancy Schrauth, Kevin Darmody and Sue Survis.

Back row: Dan Hlavaty and Domestic Exchange Student Merrilee Enos, Mike Perkins and Ann Weddig, Ray Reindl and Sue Nigh, Leon Laatsch and Kathy Rohlinger, Bryan Holz and Linda Faber, Jim Donath and Mary Schoofs. Not pictured is the miniature couple Paul Nigh and Jean Herriges.

Tickets are: Couples \$6.00, singles \$3.50, spectators \$1.50, children .50. Students will not be allowed to buy spectator tickets.

The band will be Ziggy Stardust. Hope to see you there.

School Board Officers Re-Elected; Name of School District Changed

Officers of the Kewaskum Board of Education will remain the same for another year. The elections, held at the regular meeting Monday, returned Dr. Charles Ogi as president, Jim Oelhafen as clerk and Byron Gessner as treasurer.

As a result of a new state regulation, the official name of the district will become School District of Kewaskum as of July 1. This replaces the system in school districts which listed all municipalities in the official title. The local district, for example, was titled Jt. School District No. 2, Village of Kewaskum, and this was followed by a listing of all municipalities, counties, etc. The board decided to accept the name change.

Part of the tax monies from the Town of Scott have not been forwarded to the school district. As of March 15, the municipalities were to have paid over to the school district a percentage of the school tax equal to the percentage of the total tax collected. The Town of Scott has forwarded a portion of the money due, but still is

short about \$15,000 or \$16,000 of what would normally be due. The board voted to have Byron Gessner, treasurer, send a letter of demand on the funds due.

After a lengthy discussion the board voted to add a teaching position for next year. The position would be in grades 7-12, and would be to give assistance to students with special learning problems. Another position of the same type for students of kindergarten or pre-kindergarten ages was not acted upon.

In other business, the board voted to cancel the second May meeting because it falls on Memorial Day. A second May meeting may be called, however, if there is business to make it necessary. Approval was also given to the Kewaskum Baseball Team to use two small sections of bleachers at a softball tournament to be held at Boltonville. Added summer custodial hours for grass cutting were also approved.

The board adjourned to executive session to discuss negotiations, salaries and a student personnel question.

Larsen Outlines Summer Recreation Plans With Board

By Mark Smucker

Tom Larsen, who is in charge of the village's summer recreation program, appeared before the Kewaskum Village Board to discuss this year's plans.

He reported that the program will begin on June 7 and end on August 9, a nine week period. The elementary school playground will be open on weekdays from 10:00 a. m. to 4:00 p. m., with the following activities available: organized games, arts and crafts, checkers, softball, field trips, etc.

The high school gym will be open for the use of persons age 16 or over, unless accompanied by a parent, to give them an opportunity to play basketball, lift weights, or play volleyball. It would be available from 6:30 to 8:00 p. m. on Monday, Wednesday and Thursday.

Slowpitch softball will again be conducted as in the past for both men and women, with a \$40 entry fee per team for the men and \$30 for women's teams, plus \$5 for each player residing outside the school district. A girls league for female ball-players age 11-18 is planned and has 52 entrants so far.

Swimming at the beach will open during the second or third week in June, with lifeguards tentatively on duty from 10 to 7 daily, and 12-7 on Sunday. Lessons are planned from 10 a. m. to 1 p. m. daily, for 3 to 4 weeks, so that two sessions can be held.

Dan Meilahn will again be the head lifeguard, assisted by Ellen Secor and two part time assistants. No lifeguards will be on duty during inclement weather.

Larsen also reported that the east bank of the river, which is away from the swimming area, is becoming increasingly dangerous because of "boulders slipping into the river." He urged the board to investigate the situation individually, to see what could be done.

Award Kewaskum Spring Meeting And Banquet of Badger Firemen

The annual spring meeting and banquet of the Badger Firemen's Association was held at Germantown Sunday. The afternoon meeting was held at the fire station and the evening banquet at Reuter's Supper Club.

Representing the Kewaskum Fire Department at the afternoon meeting as delegates were Chief Augie Bilgo, Bruce Petri and Alex Laubach. They were joined for the 6 p. m. banquet at Reuter's by Assistant Chief Rick Boden and firemen Don Ehnert, Bill Harbeck, Bob Stoltzman, Clayton Stautz, Gregor Rohlinger, Jim Staehler and Tom McElhatton.

Among other business at the afternoon meeting, Kewaskum was unanimously awarded the 1977 spring meeting and banquet in recognition of their new fire station (now under construction). The meeting will be held at the new station for the inspection of the visiting firemen from the various departments in the association. The evening banquet will be held at Amerahn Hall, now that Kewaskum has the facility to feed between 300 and 400 firemen who annually attend the banquet. The affair will tentatively be held shortly after Easter.

Bowling trophies and prizes won at this year's tournament held at Slinger in January were distributed at the banquet. The Kewaskum firemen didn't fare too well, winning \$44 in prize money. Kewaskum team No. 1, captained by Al Rohlinger, placed 23rd with a 2811 for

\$15. Rick Boden placed 9th in the singles with a 645 for \$14, Augie Bilgo placed 32nd with a 608 for \$5, and Francis Gengler placed 44th with a 598 for \$4. Rohlinger and Boden placed 32nd in the doubles with a 1155 for \$6.

Team champion was Slinger team No. 5 (3059), \$75 and trophies; doubles champions Rich Van Dinter and Terry Wagner of Cedarburg (1289), \$37.50 and trophies; singles champion Ron Gengler of Thiensville (676), \$25 and trophy; all events, Rick Kohl of Slinger (1977); high series scratch, Jim Wrobbel of Cedarburg (623), and high singles scratch, Rich Van Dinter of Cedarburg (243).

Adult Foster Care Program Needs Sponsors

The adult foster care committee in Washington County is looking for families willing to house adults in need of assistance in handling their affairs. These homes are for adults who are either physically or emotionally unable to run a home of their own, but are not in need of institutional care.

A family that accepts an adult in their home is called a host or "sponsor." A sponsor's responsibility depends mostly on their desire to become involved. Some sponsors

wish to only provide room and board with minimum care. If that is the case, they would be matched with an adult who perhaps works during the day.

Compensation to the sponsor ranges from approximately \$180.00 per month to \$300.00 per month. Compensation is gauged on room, board, and the amount of care that a sponsor must provide.

Ten people have already been placed through the program and this number could double, if the sponsors apply.

To get more information on this program, just call Les Kaschner at 338-6631.

TORNADO SAFETY RULES

KNOW THE WARNING TERMS

A **TORNADO WATCH** means weather conditions indicate tornadoes are expected to develop. Listen for further advisories, and stay alert for sudden strong wind, rain, hail, or a funnel-shaped cloud.

A **TORNADO WARNING** means a tornado has actually been sighted or indicated on radar. Take shelter immediately.

PROTECTIVE ACTIONS

■ **At home**, the basement usually offers the best shelter. Get under a sturdy workbench or table. In a home with no basement, take cover in the central part of the lowest floor in a bathroom, a closet, or under heavy furniture. Keep some windows open but *stay away from them*.

■ **In school**, go to an interior hallway on the lowest floor. Avoid auditoriums and gymnasiums with wide-span roofs.

■ **In office buildings**, go to an interior hallway on the lowest floor.

■ **In factories**, go to the designated portion of the plant offering the greatest protection.

■ **In shopping centers**, go to a designated shelter area, *not* to your parked car.

■ **If caught in open country**, move away from the tornado's path at a right angle. If there is no time to escape, lie flat in the nearest ditch or depression.

■ **Mobile homes** are particularly vulnerable to overturning during strong winds, and should be evacuated when strong winds are forecast. (Damage can be minimized by securing mobile homes with proper anchoring and tie-down gear.) If there is no shelter nearby, leave the mobile home area for low, protected ground.

In the event a tornado is sighted, the siren will be sounded at high pitch for three to five minutes.

Awards Presented at FFA Banquet

This year's FFA Banquet held in the old Kewaskum high school gym last Thursday night saw 325 persons in attendance. The officers and members planned and executed the entire event. The highlight of the banquet is, of course, the awards ceremony following dinner. This is the time when members who made a "little extra" effort are singled out for special recognition. Of course, the members honored are only a few of those who carry the load. Really, everyone deserves an award.

This year's "stars" were Pat Hanrahan and Scott Wulff. Pat was this year's Star Greenhand. This award is given for his leadership ability. Pat also has an outstanding start at a farming program in hogs. Scott Wulff

is this year's Star Chapter Farmer. Scott has excelled in many areas as a student and as an FFA member. He is an honor roll student in school, he is active in other clubs and community organizations, he has an outstanding farming program in beef cattle. Scott has emphasized improvement through selection and breeding in his program and has become an outstanding judge and showman along the way.

The dairy awards went to DuWayne Schulz and Carol Proeber. Both are outstanding showpersons at the fair. Beef producers, Terry Garbisch and Roy Peterson were honored for their efforts. Hog production awards were received by Craig Martin and Kevin Wulff. In crop production, Jack Westerman brought home honors. Mike

Boden received the Soil and Water Conservation Award for his efforts and Mike Nigh and Gary Bauer for their ag processing work. The mechanical ability of ag students was well represented by Lloyd Pamperin and Les Gessner, who received the farm mechanics award.

Chantier Scholars were Todd Garbisch and Kevin Nigh, and honored for leadership was Roy Peterson. President Peterson received an award from DeKalb as the Outstanding Senior FFA Member — a record sized FFA and a record number of awards.

Special awards were presented to Glenway Backhaus, John Burns, Charles Garbisch, Roger Stolt and Pat O'Brien.

The BOAC award is presented to a person outstanding in community service and was awarded to Don Kurer, Area Soil Conservationist, and Maury Hovland, County Agent.

Scholarships were presented to several students to further their education. These scholarships were presented by Valley Bank, Kewaskum Frozen Foods, Dr. Ogi, Sno-Chiefs Snowmobile Club, and the Kewaskum Alumni Association.

Wayland Tessar of Valley Bank presented a scholarship to Todd Garbisch, son of Mr. and Mrs. Charles Garbisch. His future plans are short course and farming.

Bob Beisbier presented a scholarship on behalf of Kewaskum Frozen Foods to Mike Nigh, Gary Bauer and Roy Peterson. Their future plans are to attend college.

Dr. Charles Ogi presented an award to Bill Krug, son of Mr. and Mrs. John Krug. His future plans are a short course and farming.

The Sno-Chiefs scholarship was presented by Sno-Chiefs president George Hanrahan. This award was received by Mark Enright son of Mr. and Mrs. Jerry Enright. His future plans are to attend UO

Tech.

The Kewaskum FFA Alumni Association presented their scholarship to Gary Schmidt and Lloyd Pamperin.

The banquet was served by the F.H.A. girls under the supervision of Ms. Kulvekoski, Ms. Holder and Mrs. Froehlich. The food preparations were made by Mrs. Ruth Gruhle and the Kewaskum School Hot Lunch Program staff. Our sincere appreciations are extended to all of these friends of F.F.A.

NOTICE

Puppyland is now having a fund drive. We put up a building 24 by 60 feet. Low and behold, it is nowhere big enough. We need another building for all the poor helpless little puppies and cats that come to us for care. If everyone would just give \$1.00 it would go a far ways for the building. Won't you please help? God will love you for this and may He bless you all.

The Village Board of Kewaskum, Washington County, Wisconsin, met in regular monthly session in the Council Room of the Municipal Building.

President Charles Miller presided. All Village Board members were present.

The minutes of the meeting of March 15, 1976 and the minutes of the Public Hearing held on March 22, 1976 were approved as printed upon motion by Trustee G. Nigh, seconded by Trustee Herriges. Unanimous vote.

Mark Kral, representing the local Jaycees, presented to Oscar Knoeck, the "Outstanding Young Man of the Year Award" for meritorious service to his community.

Dr. Sision appeared to inquire as to the status of his annexation request. President Miller explained that the request was delayed because the Village wanted to give the adjoining property owners a chance to join with the annexation proceedings. Prompt action was promised.

Framework For America

The fighting farmers had won the war with England but freedom does not allow humanity to avoid responsibility. Freedom is one thing; anarchy is another. Fearful of exchanging one form of autocracy for another, the first rules for our self-government, the Articles of Confederation, were too weak to be the basis for any real and stable republic. And so, on May 25, 1787, delegates from the various states met to develop a constitution where liberty under the law could assure a future for America.

If any one person can be called "The Father of the Constitution," that person would be James Madison. Born at his grandmother's home in 1751, he came at a few weeks of age to "the farm which remained his home for eighty-five years." Well educated for that, or any other time, Madison went to the Philadelphia Convention with his homework done. Why, he asked himself, had so many other attempts at governments where the people ruled ended in failure? The answer seemed very obvious to Madison. Even a tyranny with its oppression was preferable to governments too weak to govern. He went to the Convention convinced that a strong central government was absolutely necessary.

The farm boy from Virginia was 35 years old when the Philadelphia Convention began its work. A brilliant speech by Madison is called "the turning point in the history of democratic government." A writer of the time said that "Mr. Madison won the members to it (the new constitution) by his eloquence and his logic." But he was only one of the men, most of them farmers, to whom we owe the right to live in freedom under the law.

John Adams forebears settled at Mount Wollaston (later Braintree), Massachusetts, and for generations

farmed the stony New England Soil, following the only occupation that he and his family had ever known. The Adams of Braintree sowed and plowed, maintained barn and fence, and attended church and town meetings. Like the yeoman farmers who lived all about them, they were honest, industrious and sober.

And these were typical attributes of the founding fathers, the ones who built the Framework For America. Yeoman farmers . . . honest . . . industrious . . . sober . . . the kind who could dream great dreams but had the solid practicality to turn these dreams into facts. We live today in a land that has seen the blessings of liberty for ourselves and our posterity only because of farmers like Monroe and Adams. Certainly we should remember them as we "Honor Our Heritage."

BIRCH LEAF MINERS CAUSING PROBLEM

Leaves of native and imported birch trees attacked by "birch leaf miners" turn brown and become dry from late spring to mid-summer. Careful examination will show that the leaves have been severely damaged by the larvae. The adults prefer to lay their eggs in young leaves, while the older foliage often remains free of damage.

There may be three or four generations of leaf miners a year. The larvae hatch in about a week and feed between the upper and lower leaf surfaces, producing the characteristic blotches and blisters. Larvae go through their transformation 1 to 2 inches below the soil surface.

Controlling this pest is a problem. If you spray the soil around the tree with lindane you can probably control the leaf miners in the ground. But you can't possibly control all of them from all over the neighborhood. Another method is to spray the entire tree at one-week intervals for three applications beginning in early May, using 1 tablespoon 25% malathion or lindane WP per gallon of water.

Spray when the leaves are expanded and small blisters are just beginning to be noticeable.

Repeat in early July for the second generation, and again in the fall.

The alternative is to ignore it. While this may be a little unsightly, actually the tree will not be harmed unless it is completely defoliated.

Girls Track Team in Near Sweep Over West Bend East and West

The Kewaskum High girls track team took 10 of 13 first places Friday afternoon and roared to a win over both West Bend East and West schools. The meet was held in the new Kewaskum fieldhouse indoor facility.

Kewaskum scored 69½ points to 54½ for West Bend East and 10 for West Bend West.

The Indians' Carrie Kempf, only a junior, who was second in the 100 yard Class B state meet last year, took three firsts—the long jump, 50 yard dash, and the 220, in which she edged out East's Janet Scholz by .1 of a second. Carrie also added a second in a relay.

East's Scholz, also a junior, also anchored the winning four-lap relay for East, got seconds in the 50 and 220 and placed third in the long jump.

Kewaskum got a double win from distance runner Carol Spaeth, who took the mile and 880 easily. Teammate soph Robin Acker finished second in the mile. Another sophomore, Jackie Coulter, was a double winner in the 440 and 16-lap relay for the Indians' young squad.

Although they won most of the events, the Indians lost out in the 4-lap relay. They had a good lead but a poor exchange between 2nd and 3rd runners lost several seconds of time and allowed

Plymouth Outruns Indian Trackmen

The Kewaskum track team was beaten at Plymouth Thursday, 88-39.

Usually Dennis Bremser can be counted on for three or more wins. He became ill just before the meet but still placed second in the pole vault with a leap of 12 feet and won the mile in 4:45.0. Had Bremser been able to run the 880 and 2 mile he could have picked up some points and made it closer.

Jack Kern set a new record in the 120 high hurdles in 15.8. He bettered the mark of 15.85 set by John Fischer in 1974. Kern also had the lead in the low hurdles until the last hurdles when he stumbled and came in third.

A fine 880 time was turned in by Paul Brenholt with 2:07.3. The only other first scored by Kewaskum was by Roger Rezel in the high jump. Keith Mueller came up with his best of the year, just missing the 50 foot mark in the shot by 3 inches.

The JV's also lost their meet, 66-61. Dan Murre took a first and second in the 2 mile and mile.

Indian Golfers Edged by Stroke

The Kewaskum golf team lost to Pewaukee by one stroke, 182-183, here Monday.

Jim Dean tied for medalist honors with the Pirates' John Thomas and Pete Groehler. All had 43's, 8-over-par on the par 35 front nine at Hon-E-Kor. Cold and wind hampered the golfers.

Had the fifth men's scores counted Kewaskum would have won as Scott Rohlinger had a 48 to Whlert's 55.
