## Legion Presents Flag to Fire Dept.

—Statesman photos by David Schoofs

Preceding their regular meeting last Thursday night, the Kewaskum Fire Department was presented with a flag for their new fire station by Robert G. Romaine Post 384 of The American Legion.

The display flag with gold fringe and tassel was presented to Fire Chief Bilgo by Legion Commander Bob Kieckhafer. The flag was advanced by Legionnaires, after which the flag presentation ceremony was held.

Legionnaires officiating were Wes Kuehl and Ray Zeimet, color guard; Jim Korth and Clayton Stautz, color bearers; Harold Boettcher, sergeant-at-arms and Commander Kieckhafer.

The top photo shows Chief Bilgo accepting the flag from Commander Kieckhafer. In the lower picture fire department officers and Legion officials are standing at attention for the Allegiance to the Flag.

## Fire Department Elects Officers

The Kewaskum Fire Department's last meeting of the year Thursday night was also the first meeting held in their new fire station.

Officers were elected for the coming year. They are: Assistant Chief — Rick Boden, re-elected; 1st Captain — Ed Miller, re-elected; 2nd Captain — Don Ehnert, re-elected; 1st Aid Captain — Paul Behring, re-elected; 1st Aid Lieutenant — Mike Fierke, re-elected; Secretary Lieutenant — Larry Williams, who succeeds George Koerble, who retired after 35 years in the department, 34 of which he served as secretary; Treasurer Lieutenant — Donald Seil, re-elected; Fire Lieutenants — Ron Sarauer,

re-elected, and Bob Stoltzmann succeeding Dave Nigh.

The fire chief, Augie Bilgo, is appointed by the village board and holds over in office.

Wally Giese also retired after 17 years in the department.

Plans were made and discussed for the stag party Jan. 8, the annual banquet Feb. 12, Badger Firemen's Association bowling tournament in February, a dance March 11, and the spring meeting and banquet of the Badger Association which Kewaskum will host this year on April 17 in recognition of their new fire station.

## 500 More Attend 2nd Open House

After some 600 - 700 persons attended the open house at the Kewaskum Fire Department's new station the previous Sunday, Nov. 28, approximately 500 additional people toured the building at the second open house held Sunday, Dec. 5.

The fire department wishes to express their gratitude and thanks to all who visited their new station the past two Sunday afternoons during the open house. Special thanks to all who donated flowers, plants and other gifts.

## Willard Lynns Sell Glacier Inn to Sussex Couple

Willard and Marge Lynn, owners of the Glacier Inn Supper Club, Kewaskum, have sold their business and property, which includes an apartment and hotel rooms, to William and Nancy Kulas of Sussex. Kulas, a former state trooper, and his wife will take possession of the business on Jan. 3.

Mr. and Mrs. Kulas have two sons, Scott, six years, and Craig, three years.

The Lynns, who are retiring, have operated the Glacier Inn for the past 13½ years. They purchased the

establishment from the Bruhn estate on June 1, 1963. Helen Pugh had been operating it at that time. Marge and Willard will move to their Long Lake home. They wish to thank all their customers for their patronage throughout the years.

The Kulas will operate the business as it has been in the past and the hours will remain the same for the present. Later on they are planning on serving Sunday brunch. William and Nancy invite you to stop in and get acquainted.

## Village Tax Rate Set at \$42.87, Increase of \$6.98 Per Thousand

By Karen Schmidt

Monday evening the Kewaskum Village Board passed Resolution No. 76-11 pertaining to the levying of taxes for the year ending December 31, 1976 on all read and personal property according to the assessment roll of the current year. The tax rate will be \$48.82 minus \$5.95 tax credit from the state, leaving a balance of \$42.87 per one thousand dollars as assessed evaluation which is a \$6.98 increase over 1975. Of the total the village absorbs \$3.79 with the remainder being county tax, school tax, vocational school tax, state tax. The tax increase also includes the cost of the new park which is approximately \$1.50 per one thousand assessed evaluation according to Dan Schmidt. The village is approximately \$15,000 below the allowable state limit.

In 1975, the real estate and personal property tax rate was \$35.89 per one thousand with a \$5.08 tax credit from the state.

The board deliberated carefully on ways of reducing the budget in order to cut the tax rate, but the few items discussed would not make much of a dent in the rate. \$21,800 has to be eliminated in order for a .50 tax reduction. The board came up with a possible reduction of \$9000 which doesn't even give the taxpayers .50 off the rate. In discussion all members except Robert Danielsen felt that they couldn't cut any more from the budget, due to the fact small cuts had no significant change in the rate. Danielsen stated that with the present rate, this would mean an additional \$140 to the average homeowner and he had as a goal a \$1 cut which would help quite a bit. It was at this time that the rest of the board felt that no more could be cut. The vote for approv-

ing the resolution was 6 to 1 with Danielsen voting against.

Other resolutions approved were No. 76-12 which will allow the Commissioner to place upon the present tax roll for collection all delinquent accounts of all departments of the village; No. 76-13 which will change the date from January 31, 1977 to February 28, 1977 for the first payment of split payment of 1976 real estate taxes; No. 76-14 which authorizes the village to retain the firm of Kannenberg, Kieckhafer and Company to audit

(Continued on Page 2)

## Town Kewaskum Tax Rate \$21.61

The tax rate for Town of Kewaskum residents will net \$21.61 per \$1,000 of assessed valuation, compared to the 1975 net rate of \$18.81. The total assessed valuation of the township is \$14,964,644, compared to the 1975 valuation of \$14,847,759.

Three properties were annexed to the Village of Kewaskum, reducing the 1976 assessed valuation by \$142,180.

The 1976 tax rate is as follows: state taxes .000243 (up 2.8c), county taxes .004252 (up 91.8c), local tax .001000 (same as 1975), Kewaskum schools .015789 (up \$1.653), vocational school .001681 (up 35c) and handicapped tuition .000031 (up 1.3c). The state credit for real estate and personal property, line B, amounts to .001386 with the net rate of \$21.61. State credit for personal property, line A (livestock and merchants' stock), is .019049, leaving a net rate of \$3.95.

Tax bills will be mailed to residents within the next two weeks.

Kewaskum Kiwanians will

be on hand to assist Santa during his visit.

the records of all departments of the village for fiscal year ending December 31, 1976 and No. 76-15 outdoor recreation aids which states that the village needs financial aid to develop the new park and that a sufficient sum has been budgeted to complete the project. Also that the village will comply with state and federal regulations and will maintain the complete project in an attractive, inviting and safe manner, keep the facilities open to the general public during reasonable hours consistent with the type of facility and will obtain from the State Department of Natural Resources approval in writing before any change is made in use or in outdoor recreation use of the project site.

Dan Schmidt made a motion to accept Plan No. 2 from Valley Bank on financing the new park. This plan is one tailored to the present village debt retirement over a period of ten years at an interest rate of 4.9% per year.

Gregor Nigh received a report from Recreation Director Tom Larson on the adult basketball program held on Thursday evenings for the winter months. The cost of the program will be \$527.00 with revenue of \$570.00 coming in from a total of six teams participating at a cost of \$70 per team and an additional \$5 charge per persons living outside the village. At this rate, the program is self-sustaining.

Robert Danielsen inquired if a decision had been reached as to giving the school board an answer to the question Dr. Charles Ogi, School Board President, had asked at a previous meeting concerning the construction of sidewalks from the Bel-Ric Acres subdivision. President Charles Miller stated that no conclusion had been reached as yet and it has been sent to the proper committee for further study. Roger Strack stated that some type of sidewalk program will have to be initiated and it might as well start in the near future, since the longer the wait, the more expensive it will become. Dan Schmidt said this is the reason the committee has been instructed to look into the sidewalk situation coming up with a long range plan for development.

The next regular village board meeting has been changed from Dec. 20 to Dec. 21 starting at 7:00 p. m. James Arthur of Arthur & Arthur Associates will appear with blueprints and specification lists for the new park which are needed for submitting application to the state for funding. This application has to be submitted before Dec. 31, 1976.

This Christmas treat yourself to a fine time.

# INSULATE YOUR HOME NOW. SAVE!

Comfort From Heat in Summer - Save Dollars on Fuel in Winter

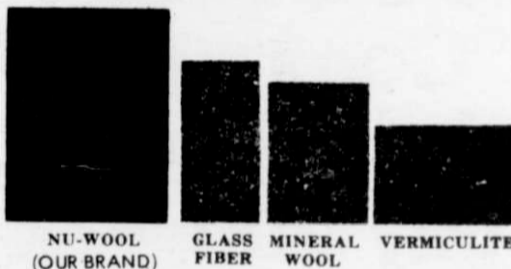

## DO IT YOURSELF

\* No Costly Installation Charge \*

\* No Charge for Use of Blower When You Purchase Insulation From Us.

## OR WE'LL DO IT FOR YOU

### R - VALUE COMPARISON PER 6"

Insulation has one primary function - to reduce the transfer of heat - to store it in winter and keep it out in summer. Heat resistance for each type of insulation material is measured by the same laboratory test. This test rates the material and is coded with an R-Factor (resistance to heat or cold). This should be noted on every bag, not just salesman's lingo - the higher the rating number the greater the resistance.

### EXTREMELY BETTER THAN ALL FIBERGLASS INSULATION . . . PER INCH!

NU-WOOL is pneumatically blown between and over ceiling joists, filling and sealing every crack and crevice with a uniform density of insulation. Floor and attic areas are handled the same as side walls. Exterior side walls of existing buildings are blown full. Access holes are drilled between studs and insulation is forced in to completely fill the area. The same process is used around doors and windows.

### Why NU-WOOL is your final choice in insulation

#### PERFORMANCE

NU-WOOL Insulation has been tested and rated by Factory Mutual Research Laboratories meeting all insulation ratings. NU-WOOL meets or exceeds Federal specifications No. FH-1-515A, and is approved for use in F.H.A. structures.

#### COOLS IN SUMMER

NU-WOOL insulated homes are 10-15 degrees, and in some instances, 20 degrees cooler than outside temperatures during the long hot summers. And a big bonus - reduced electric cost in your air conditioning operation.

#### REDUCES HEAT COST

Correct attic insulation can save you 30% or more on fuel.

#### HIGH R-VALUE

NU-WOOL cellulosic fiber exceeds most insulation (by laboratory test) in resistance to heat or cold.

#### HELPS CONTROL ICE BUILDUP

Damaging ice and icicles on a roof is caused from heat loss through your attic when outside temperatures drop below freezing.

#### MANUFACTURING INSULATION SINCE 1949

NU-WOOL has been supplying the building industry for over 26 years, proof of our reputation.

#### PLUS SOUND PROOFING

One of the best insulations for Sound Proofing - it naturally absorbs sound between walls and ceilings. More quiet means more tranquility.

#### RESISTANT TO MOISTURE

The fibers have no capillary attraction for moisture, therefore guarding side walls and attic against condensation. Little movement of warm air through it, eliminates the cause for moisture condensation.

#### WILL NOT DETERIORATE

It is a life-time insulation because it is treated with chemicals that are permanent.

#### FIRE RESISTANT

Case history has proved that our insulation will definitely confine that which might have become TOTAL LOSS. Our fire retardant chemicals will last indefinitely.

#### VERMIN AND RODENT RESISTANT

Chemically treated to repel insects and rodents from working in materials.

#### GUARANTEE

Nu-Wool Insulation is guaranteed for the life of the structure (building).

#### LIGHT WEIGHT WILL NOT SETTLE

Cellulosic Fiber Insulation is extremely light weight, 13 oz. per square foot, 4 inches thick. Vibration keeps it fluffed up over the years and it does not lose its insulation value with age - the older it gets the better job it does. One of nature's best insulators.

**WAKE UP, CHRISTIANS !!**  
Obscene materials being sold in West Bend reach your community and may become exposed to your family even though you don't buy them. Are you aware that these materials depict and glorify homosexual and heterosexual group sex, sexual torture, animal-human sex, religious desecration, satan worship and other evils?

Are you aware that the presence of this pornographic material in your community can corrupt or victimize your own family?

The United States Supreme Court lets the PEOPLE in each community decide what to do about pornography. If people don't express their opposition to it the smut merchant is allowed to stay and reap his profits by ruining souls and lives. In effect the Supreme Court says: **IF YOU DON'T OBJECT TO IT YOU ARE PERMITTING IT, AND THEREBY YOU AGREE TO LET THE PORNOGRAPHER CORRUPT YOUR OWN FAMILY AND COMMUNITY.**

Thousands of West Bend residents have objected to it, and the pornographer may be evicted from West Bend through enforcement of anti-pornography laws, but what will prevent him from mov-

ing directly into your community if you don't object to pornography?

We make it easy for you to prevent the corruption of your own family and community. Simply dial 338-1596 and ask for a petition that may be signed by your entire family, relatives and friends. Signatures are easy to get because there is hardly a person who wants his own family corrupted or victimized.

**CHILDREN OF ALL AGES AND ANYONE LIVING IN WASHINGTON COUNTY MAY SIGN THE PETITION.**

# Indians Give Grafton Run But Lose, 46-41

Kewaskum coach Jim Westphal felt his Indians outplayed undefeated Grafton in their Scenic Conference opener there Friday night but still they came up on the short end, 46-41.

The Indians made only 2 of 16 shots in the third quarter and their inability to break up Grafton's stall in the final

## BOYS LOSE, GIRLS UPSET HARTLAND

The boys gave it another good try here Tuesday but lost their fourth straight to Hartland, 67-61. The girls upset previously unbeaten Hartland, 40-39. Details next week.

In other boys' contests Germantown won its second straight, nipping Pewaukee, 59-55, Grafton also copped its second in a row, beating Mayville, 63-54, and Slinger also made it two in succession, just topping Kettle, 73-68.

minute were two big factors in the setback. Also the tins were falling against them in the last period.

Kewaskum took a 4-point lead at the half but then scored only 4 points in the third quarter. The Blackhawks regained the lead and held it. Both teams made numerous fouls and neither made a good offensive showing. The Indians had only a 22 per cent shooting percentage from the field and Grafton shot a little better, 34 per cent.

Leon Laatsch was the game's high scorer with 16 points and was the only Indian to score more than one basket. Mark Tessar was next with 12 points, sinking 10 of 11 free throws, but making only one of 13 shots from the field. Scott Fitzgerald paced Grafton with 10.

In other Scenic games Friday Slinger squeezed out a 70-69 win over Hartland. Germantown downed Kettle Moraine, 68-49, and Mayville edged Pewaukee, 47-44.

This Friday the Indians will have their hands full when they host unbeaten Slinger.

## Girls Defeated by Pewaukee, Grafton

Playing Pewaukee here in their conference opener last Wednesday night, a bad night at the free throw line cost the Kewaskum girls a victory as they lost, 37-33.

The Indians outscored the Pirates from the field, 16-12, but made just one of 13 free throws. Another factor was that leading scorer Julie Stoffel ran into early foul trouble. Julie, who scored 30 points in the girls' opener, had 3 fouls in the first 4 minutes. She sat out much of the rest of the half and fouled out in the last quarter. Even with her and Mary Schoofs out Kewaskum was in it until near the end.

The Kewaskum JVs won an overtime thriller 16-14 on a bucket by Lonnie Stoffel.

The Kewaskum girls also lost at Grafton Friday, 42-39. It was a close game right up until the final minute. The Indians' Julie Stoffel was high scorer with 16 points.
