## Exodus House for Rehabilitated Alcoholics Opens in Kewaskum

Exodus House, a transitional house for rehabilitated alcoholics, has found its niche in Kewaskum.

The President of the Board of Directors, Robert Kroncke, and the Director Thor Otto, appeared before the Plan Commission on Feb. 22 to discuss the possibility of opening an Exodus House in the former Rosenheimer Malt and Grain office building. Kroncke and his wife, Linda, are the owners of the building, which is a large house divided into three apartments and an office. The Kronckes are leasing the building to Exodus House.

Kroncke explained that the downstairs level of the building had been made into one unit by removing a door between the office and living quarters. There are still two apartments on the second floor.

Questions raised by Kroncke and Otto were a need for rezoning of the property or application of a conditional use permit. Their goal is to have eight residents and one resident manager living in the house in a family-like

atmosphere, not in separate quarters. Future plans would include re-doing the upstairs apartments into sleeping quarters for the residents. The first floor now consists of an office, kitchen, sitting room, two bedrooms and the resident manager's quarters. There is room for one additional bedroom. At the present time, there are two residents and the resident manager living in the house.

The Plan Commission explained to Kroncke and Otto that the village was in the process of changing the zoning and in the change, there would be provisions for group homes, etc. At the present time, there is none, but the ordinance reads that no more than four un-related people can occupy one unit. Since there are three complete units in the building, a total of twelve people could be housed there, under present zoning without violation, as long as the building stays as is.

The Plan Commission gave Exodus House the go ahead, with the stipulation that no

## Elect Staehler Vice-President Of Wisconsin Snowmobilers

The Association of Wisconsin Snowmobile Clubs held their annual convention in Wausau the weekend of Feb. 18 - 20. Approximately 1,000 people attended from all parts of the state. Representing the Kewaskum Sno-Chiefs were: Bob and Jeanne Staehler, Bob and Bonnie Stoltzman, Maury and Audrey Struebing and Ray and Karen Schmidt.

The highlight of the convention was the election of president, vice-president, secretary and treasurer. Opening day on Friday was spent campaigning for the candidates. The Kewaskum people were busy since Bob Staehler was running for the vice-presidency.

Approximately 900 people crowded into the Saturday meeting. Guests introduced included sports writers Miles McNamara from the Milwaukee Journal and Gene Divine; John Allardt, President of Minnesota Snowmobiler Magazine; Gary Bruns, Iowa Snowmobile Association, Howard Poter, President of the Minnesota Snowmobile Association.

Louis Gionelli, sheriff of Marathon County, gave a humorous welcoming speech. Featured speaker was Lt. Governor Martin Schreiber, who told delegates that they must pressure manufacturers to improve the fuel economy of

their machines. Only if the machines become more efficient will snowmobilers be able to make a strong argument to keep their sport alive.

## KHS Second in Forensics Meet

Kewaskum High School placed second in conference forensics competition this past weekend at Mayville. The host school Mayville took first place honors.

Competing for Kewaskum were: Carol Asch, Julie Jeske, Steve Edgar and Ann Strancke, memorized declamation; Donna Ehnert and Lisa Taylor, story telling; Dave Schoofs, demonstration; Tami Edgar, Tom Rosenberger, Vicki Key and Robin Gust, prose reading; Dave Slegger, poetry reading; Gay Olson, extemporaneous speaking; Jerry Butz, Sue Nigh, Kevin Neese and Renee Slegger, play acting.

Coaches for the Kewaskum squad are Mrs. Nancy Caldwell and Mrs. Barbara York, both of the English Department.

The local team will now compete in the sub-district contest at West Bend East High School on Thursday, March 10.

## Near Riot Early Sunday in Village Leads to Fines

A large scale tavern scuffle in Kewaskum early Sunday morning grew into near riot proportions, with the Washington County Sheriff's Department, West Bend Police and Wisconsin State Patrol being called in to assist Kewaskum Police. Also assisting, after being called by the Sheriff's Department, were the Kewaskum Fire Department, Campbellsport Police and Dodge County Sheriff's Department. Other sheriff's departments reportedly helping or standing by were Ozaukee, Fond du Lac and Waukesha Counties.

Kewaskum Police Chief Donald Hlavaty reported that at closing time, following a dance at Jordan's tavern and hall, the pushing and shoving started, possibly with efforts to clear the tavern. A fracas resulted with officers trying to get people out and others apparently deciding they were going to help their friends.

Hlavaty requested disorderly conduct charges against two West Bend and Mayville young men. Additional charges were sought against the Mayville man. Dist. Atty. Fred A. Fink Jr. said he had requests for charges from county authorities on two or three other people.

The Kewaskum chief had no reports of serious injuries. One local officer who was on the scene had to be hospitalized the next day, the chief said. He came through the tavern fracas all right but then broke out in hives in reaction to some medication he was taking.

Three of the five people facing charges as a result of the near riot pleaded no contest Monday afternoon to disorderly conduct charges. The cases of two other defendants were adjourned to March 14.

Those pleading no contest were two Mayville men and a Horicon man. Each was fined \$91 plus \$9 court costs. The alternative would be 30 days

## PTO to Hold Forum For Candidates

The Farmington PTO has invited all candidates for the Kewaskum School Board to a forum on Tuesday, March 8, at the Farmington School at 8:00 p. m. immediately following the regular meeting.

The candidates have been asked to give a three-minute talk which will be followed by a question and answer session. The public is invited and urged to attend.

## Music Testing Program for Fifth Grade Pupils Approved

On a voluntary basis, parents will be able to have a music test administered to their children at grade 5. The intent of the program is to provide parents with a better picture of the chances of success if their child enters the instrumental or vocal musical program.

The proposal for the music program had been made by Mr. Getter at the previous meeting. The board had requested additional information at that time, then at this meeting decided on the voluntary program rather than testing all fifth graders.

The board considered, in general, a number of proposals which had been made for the 1977-1978 school year. Discussion was held on beginning a curriculum study. The first step will be a recommendation to the board from a faculty committee on the method and procedures to be used in the study. At that point, a committee or committees involving parents and other group representatives will be appointed to work on the project.

Discussion was held on the proposal to contract with CESA for budgeting, accounting and payroll services. Times will be set when board members can see and discuss the system with West Bend School representatives and then to see the computer programs at CESA or with a local demonstration.

A group of parents representing the Farmington PTO presented information to the board on lunch programs in Milwaukee and Cedarburg. A request was made to the board to study the information and to consider a dietician or nutritionist to head the local program. They expressed a feeling that menus could be improved and that ways could be found to cut costs.

The board also discussed a teacher sick leave request, but took no action. A Title II application for library funds was approved, and the board then went into closed session to discuss teacher negotiations, an employee contract compensation matter and a staff personnel matter.

## Exodus House

(Continued from Page 1)

structural change be made until the new zoning ordinance is in effect and Exodus House directors again appear before the commission with complete renovation plans, approved by the state and then submit an application for conditional use permit, which must be approved by the village board, followed by a public hearing.

Exodus House is the only transitional house for rehabilitated alcoholics in Washington County. There is a facility in Fond du Lac County, operating at capacity.

Exodus is operating under the jurisdiction of the Washington County Council on Alcoholism for the first six months of their existence and will then become a separate entity. It is a non-profit organization, operating on funds obtainable from state grants, contributions, purchasing of service contracts from the 51.42 boards of Washington and Ozaukee counties. These boards are responsible for allocating state funds for alcoholism in both counties.

Residents will also be required to pay room and board in accordance with their ability to pay.

A grant from the Wisconsin Council of Criminal Justice enabled the present work to be done on the house and another grant from the Wis-

consin Department of Mental Hygiene will help operate the house until December 31, 1977. At that time, it is allowable to apply for another grant.

Exodus House will be a residence for eight recovering male alcoholics from the ages of 18 to 60. Their stay will be from one to three months. While residents, they will be employed or engaged in some type of vocational training. All residents are required to attend three AA meetings per week. The use of alcohol and non-prescribed drugs is prohibited, and the use of such would mean the immediate removal from the house.

Referrals will come from the Department of Social Services, Department of Vocational Rehabilitation, Washington County Council on Alcoholism, county courts, probation and parole boards and county doctors.

The resident manager is Mates Qualheim, who was a resident manager at Waybridge in Kenosha for three years. He is certified in the state of Wisconsin by attending seminars and classes. The state require a minimum of forty hours of credited study every two years to be certified.

Thor Otto, Director of Exodus House, has taken courses at University of Wisconsin, Milwaukee and Madison on counseling of alcoholics and their families and was affiliated with the Washington County Council on Alcoholism before taking over directorship of Exodus House. He lives in Kewaskum with his wife and four children.

Contributions have been received from several area businesses and since Exodus House operates on a very tight budget, any donations of useful furniture and re-

creational equipment would be greatly appreciated. Persons interested can call 626-4166.

DID YOU KNOW THAT THE KEWASKUM FFA DID HAVE A...

Picnic Celebrating 25 Years In Kewaskum ???

The picnic was held on the 29th of August. At the picnic were all the honored FFA advisors who served Kewaskum so very well in the past years.

### Food For America Program ???

The Food For America program which the Kewaskum FFA has adopted is a very simple one, but yet a very excellent one. The Food For America committee has consisted of mainly: Carol Proeber, Joe Swanson, Chris Stoffel, Duwayne Schultz, Jerry Berres, Bonnie Kreif and Pat Hanrahan. We have done the program in the Wayne Elementary School, along with the Beechwood Elementary School. We are looking forward to do it in the Kewaskum and Farmington Elementary Schools. In the program we present what "agriculture" is to the elementary students.

The Kewaskum FFA has had a good year. We have adopted a few new programs. One of these is the "Tractor Safety" program which we will be holding in spring. It is open to anyone from the ages of 14 to 16.

The Kewaskum FFA also has the ear tag sales again. These ear tags are of top quality and are guaranteed for a life-time. If you wish to purchase or would like more information, call Larry Becker at the Kewaskum High School.

We are also involved in the "Building Our American Communities" project. In this project we are out to help the community by doing both community service and development.

Finally, the Kewaskum FFA and its officers would like to thank everyone who is or has been involved with us during the past year.

## Church Women of County Plan World Day of Prayer Mar. 4

The Church Women United of Washington County will observe the World Day of Prayer at services to be held throughout the county on Friday, March 4.

World Day of Prayer observance will be held at St. Martin's United Church of Christ in Fillmore at 7:30 p.m. The church women attending will represent churches in the Kewaskum area, including Wayne, Kohlsville, Boltonville, Kewaskum and Fillmore.

Tom Degnitz will be the speaker and show slides of the Holy Land to illustrate his talk.

## School District to Hold MS Read-a-thon

Elementary and Middle School students in the Kewaskum School District will have an opportunity to participate in the Multiple Sclerosis Read-a-thon. This is an educational fund raising project designed to aid in the battle to find a cure for MS and to encourage young people to read.

Multiple Sclerosis is a disease often referred to as "thecrippler of young adults" yet it affects all ages. There is no known cause or treatment for MS. The Read-a-thon offers students a chance to help others and at the same time, improve their reading skills.

Students who would like to participate in the program will receive additional information from the National Multiple Sclerosis Society. Individuals will then be asked to sponsor these students and pledge a given amount of money for each book they read during March 15 - April 15. Funds the students raise will be used for future research in MS.

In 1879 a new baseball rule allowed a batter to reach first base after receiving nine balls.

## Area Kettle Riders Attend Convention

Representatives of the New Fane Kettle Riders attended the 8th annual Association of Wisconsin Snowmobile Clubs convention in Wausau. Guest speaker for the meeting was Lt. Governor Martin Schreiber. The main order of business was the election of officers.

live, he added.

Don Smith, Association Executive Secretary, said members should push legislators in an effort to get Senate Bill 71 passed by July 1. This bill provides for increased snowmobile registration fees and for a priority system to allocate funds for the development and maintenance of trails. If the bill is not passed, there will be no way of avoiding prorating of funds for next year.

The problem is that some clubs have bought expensive grooming equipment with bank financing with the expectation of receiving \$100 per mile for grooming trails. This year the rate was \$27 per mile under prorating.

Finally the event everyone was waiting for came with the delegates voting. Ralph Culver of the Menomonee Falls Sno-Birds was elected president and Bob Staehler of the Kewaskum Sno-Chiefs was victorious over two other candidates for vice-president. Pat Hafenstein of Waterloo was unopposed for secretary and Dorothy Lindquist of Washburn was unopposed for treasurer.

The AWSC is a state-wide organization and the officers meet all over the state with directors representing the different districts to help promote snowmobiling and keep abreast of the legislation con-

The banquet was held Saturday evening, at which time the new officers were introduced and an award was given to Scorpion for sponsoring the dance following the banquet. Also Pabst presented an award to outgoing AWSC President, Pete Weickgenant, for a year of hard work well done.

# INSULATE YOUR HOME NOW. SAVE!

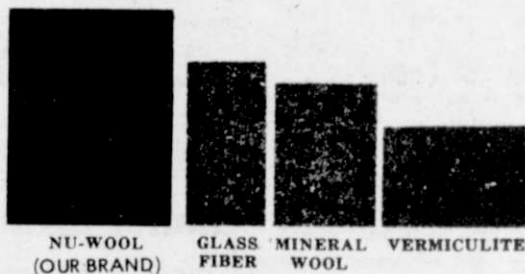

Comfort From Heat in Summer - Save Dollars on Fuel in Winter

## DO IT YOURSELF

- \* No Costly Installation Charge \*
- \* No Charge for Use of Blower When You Purchase Insulation From Us.

## OR WE'LL DO IT FOR YOU

### R - VALUE COMPARISON PER 6"

Insulation has one primary function - to reduce the transfer of heat - to store it in winter and keep it out in summer. Heat resistance for each type of insulation material is measured by the same laboratory test. This test rates the material and is coded with an R-Factor (resistance to heat or cold). This should be noted on every bag, not just salesman's lingo - the higher the rating number the greater the resistance.

### EXTREMELY BETTER THAN ALL FIBERGLASS INSULATION... PER INCH!

NU-WOOL is pneumatically blown between and over ceiling joists, filling and sealing every crack and crevice with a uniform density of insulation. Floor and attic areas are handled the same as side walls. Exterior side walls of existing buildings are blown full. Access holes are drilled between studs and insulation is forced in to completely fill the area. The same process is used around doors and windows.

### Why NU-WOOL is your final choice in insulation

**PERFORMANCE**  
NU-WOOL Insulation has been tested and rated by Factory Mutual Research Laboratories meeting all insulation ratings. NU-WOOL meets or exceeds Federal specifications No. HH-1-515A, and is approved for use in F.H.A. structures.

**MANUFACTURING INSULATION SINCE 1949**  
NU-WOOL has been supplying the building industry for over 26 years, proof of our reputation.

**FIRE RESISTANT**  
Case history has proved that our insulation will definitely confine that which might have become TOTAL LOSS. Our fire retardant chemicals will last indefinitely.

**COOLS IN SUMMER**  
NU-WOOL insulated homes are 10-15 degrees, and in some instances, 20 degrees cooler than outside temperatures during the long hot summers. And a big bonus - reduced electric cost in your air conditioning operation.

**PLUS SOUND PROOFING**  
One of the best insulations for Sound Proofing - it naturally absorbs sound between walls and ceilings. More quiet means more tranquility.

**VERMIN AND RODENT RESISTANT**  
Chemically treated to repel insects and rodents from working in materials.

**REDUCES HEAT COST**  
Correct attic insulation can save you 30% or more on fuel.

**RESISTANT TO MOISTURE**  
The fibers have no capillary attraction for moisture, therefore guarding side walls and attic against condensation. Little movement of warm air through it, eliminates the cause for moisture condensation.

**GUARANTEE**  
Nu-Wool Insulation is guaranteed for the life of the structure (building).

**HIGH R-VALUE**  
NU-WOOL cellulosic fiber exceeds most insulation (by laboratory test) in resistance to heat or cold.

**WILL NOT DETERIORATE**  
It is a life-time insulation because it is treated with chemicals that are permanent.

**LIGHT WEIGHT WILL NOT SETTLE**  
Cellulosic Fiber Insulation is extremely light weight, 13 oz. per square foot, 4 inches thick. Vibration keeps it fluffed up over the years and it does not lose its insulation value with age - the older it gets the better job it does. One of nature's best insulators.

**HELPS CONTROL ICE BUILDUP**  
Damaging ice and kicks on a roof is caused from heat loss through your attic when outside temperatures drop below freezing.
