54-Year-Old Kewaskum Overhead Bridge to Be Reconstructed

A 54-year-old overhead bridge on Highway 45 just north of Kewaskum will soon be reconstructed according to James Rosenmerkel, Project Design Engineer, Dept of Transportation.

Rosenmerkel stated that studies have been completed by his department and joint

meetings have been held with the Washington County Highway Commission, Village of Kewaskum and the Town of Kewaskum. All are in accordance with the proposal as is Glenway Backhaus, the only property owner affected. He would lose approximately 2.7 acres of land.

The project would cost an estimated \$550,000 and involve moving 2,200 feet of US 45 about 150 feet to the west. Since the state has Backhaus' consent, it now needs the consent of area residents. The state hopes to obtain that consent at a meeting at the Kewaskum Municipal

Building on May 18 at 7:30 p. m.

Rosenmerkel hopes the May 18 meeting will answer any questions area residents may have and eliminate the need for a public hearing, which residents are entitled to if they want it. If no one requests a public hearing at

the May 18 meeting, the state can begin the process of letting bids. The project could begin next summer.

If anyone has any questions a call may be placed to 547-1735 and ask to speak to James Rosenmerkel or state that the party would like information on the Kewaskum Overhead Bridge.

According to local historian James Andre, the overhead bridge, pictured shortly after it was completed, was constructed in 1923. Work was started on Aug. 1, 1923, and finished on Nov. 20 of that year.

News of Our College Students

Among those making the Dean's List at Carroll College the past semester was Scott Koth of Kewaskum. Scott had a grade point of 3.8 and is majoring in accounting.

"The Mirrow" Lakeland College student publication, has become a laboratory publication of the school's journalism major.

Under the advisement of instructor Larry Rudner, the new format is an eight page monthly edition. According to Rudner, major emphasis is on in-depth analysis and evaluation of campus events and issues. The increase in the number of pages gives space for more feature stories than before.

Staff members include Mark Smucker, Kewaskum, sports editor.

Two students from the Kewaskum area have been named to receive the Chancellor's Award for academic excellence during the first semester at UW-Stout, Menomonie, Wis. They are:

Julie Nigh, a junior major in early childhood education, and the daughter of Mr. and Mrs. Nathan Nigh, R. 2, Kewaskum.

Peggy Darmody, a freshman majoring in vocational rehabilitation, and the daughter of Mr. and Mrs. Wesley Darmody, 6128 Beaver Dam Road, Allenton.

The award replaces what has been traditionally known as the Dean's List and is presented to students who have a semester grade point average of 3.5 or above.

Daniel Ryan, R. 1, Kewaskum, was a member of the production staff for the University of Wisconsin-Oshkosh presentation of "Company," a Broadway Musical by Stephen Sondheim. Ryan,

a sophomore, worked on the lighting crew. "Company" was performed in the Fredric March Theatre.

Five Kewaskum High School graduates were placed on the Director's List and Honors List at Moraine Park Technical Institute, West Bend Campus, for the first semester.

The Director's List, 3.50 grade point average or better, included Linda Picard, Marketing; Philip Stoffel, Monty Belger and James Schoofs, Machine Tooling Technics.

Sue Binder, Clerk Typist program, was named to the Honors List.

Cancer Bike-A-Thon set

Gov. Patrick J. Lucey has proclaimed May 22, 1977 as American Cancer Society Bike-A-Thon day in the state of Wisconsin, a release this week said.

As bikes are often thought of along with spring and children playing, this Bike-A-Thon will focus on cancer in children. Cancer is second only to accidents as a cause of death for children ages one to 14.

Help join the Governor and please the children of our community by supporting the American Cancer Society's Bike-A-Thon.

The young girl smiled sweetly at the long line as she stepped into the phone booth.

"Don't worry," said she, "I won't be long. I just want to hang up on him."

Jr. Women Plan Bicycle Clinic

For those parents in the Kewaskum area who have "bike-riding" children, the Kewaskum Junior Woman's Club in cooperation with the Kewaskum Police Dept. and Kewaskum Auxiliary Police Dept., would like to inform you of the Bicycle Clinic, which will be held this month at the Kewaskum Middle School, 1676 Reigle Drive.

Bicycles present a challenge to every community. Each year, thousands of boys and girls are painfully hurt, permanently crippled, or killed in accidents while riding bikes. Most of these accidents could have been avoided by the boys and girls themselves! —if 1) their bikes had been in safe riding condition; 2) traffic laws and regulations had been obeyed; and 3) safe riding practices had been followed.

The purpose of this clinic,

which is open to boys and girls of ANY age (as long as they are bike riders), is to promote safe bicycle practices, which in turn, will lessen the chances of an accident.

Dick Knoebel, will present a film and lecture on the subject on Thursday afternoon, May 19, from 4 - 5 p. m. in the Middle School gym. On Saturday, May 21, a written test and riding demonstration by each participant will be held — also at the Middle School. Age groups of 4th grade and older will meet at 9:30 a. m. and 3rd graders and younger will meet at 10:15 a. m. on May 21.

Knoebel would also like to take this opportunity to remind Kewaskumites that bicycle licenses will also be on sale at that time.

Parents — do yourselves and your children a favor, by requiring that they attend the Bicycle Clinic. We'd all like to have a safe and worry-free summer while our kids are "movin' on"!

MINUTES OF VILLAGE BOARD MEETING

Mid-monthly Meeting
 April 18, 1977
 8:00 P. M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in mid-monthly session in the Council Room of the Municipal Building.

President Charles Miller presided and all trustee members were present.

One correction was noted in the minutes of the April 4 meeting. The motion authorizing the payment of all bills as approved by the Finance Committee was made by

Trustee Herriges and seconded by Trustee D. Nigh. In all other respects, the minutes of the meetings of April 4 and April 11 were approved as printed. Motion by Trustee Danielsen, seconded by Trustee Herriges. Unanimous vote.

President Miller and Trustees Schmidt and Herriges indicated that they might attend the Legislative Drive-in at Madison on April 21.

The Police Department and the Fire Department were authorized to send two members from each department to an arson training seminar at Madison on June 7, 8 and 9. Motion by Trustee Danielsen, seconded by Trustee Strack. Unanimous vote.

A public hearing on an ordinance amending the existing Subdivision and Platting Ordinance with reference to the paving of streets and the installation of curb and gutter was scheduled for 7:30 P. M. on May 2, 1977, in the Council Room of the Municipal Building. Motion by Trustee Herriges, seconded by Trustee Danielsen. Unanimous vote.

A compromise compensation adjustment in the amount of \$857.60 for an on-the-job injury received by Alois Rohlinger in 1975 was approved upon motion by

Trustee Danielsen, seconded by Trustee D. Nigh. Unanimous vote.

As requested by the Board, the Commissioner presented an up-dated balance sheet showing that unexpended budgeted funds for the years 1975 and 1976 amounted to \$40,850.00. Motion was made by Trustee G. Nigh that these funds be placed in a contingency fund and not be earmarked for any specific purpose. The motion was seconded by Trustee Herriges. Trustee Danielsen commented that he felt that these funds should be earmarked for the purposes for which they were initially budgeted.

Roll call vote - 6 "aye"
 1 "nay"
 (Danielsen)

Trustee Schmidt proposed the following addition to Chapter 10.06 (8) of the Municipal Code:

"The cost of removing any stumps located on a tree lawn (more particularly described as the area between a sidewalk and a curb) or private property shall be borne entirely by the owner."

Motion was made by Trustee Herriges, seconded by Trustee G. Nigh, that this proposal be tabled until the next meeting. Unanimous vote.

Trustee Schmidt, Chairman of the Park Development Committee, reported that minor changes had been made in the village's application for state funding for park development. One of the changes was the inclusion of surfacing of the tennis courts.

Trustee Danielsen indicated that he would be attending a Local Government Policy Makers Seminar at Stevens Point to be held April 25, 26 and 27.

President Miller informed the Board that a sludge disposal informational meeting had been scheduled in the Court House auditorium at West Bend.

Upon motion by Trustee Strack, seconded by Trustee G. Nigh, the Board adjourned until 7:30 p. m. May 2, 1977.

The telephone rang in the maternity ward and a very excited voice came through, "This is Harold Smith, and I'm bringing my wife in — she's about to have a baby!"
 "Calm down," the attendant said. "Tell me, is this her first baby?"
 "No," the voice replied, "this is her husband!"

Campbellsport School Needs Survey Mailed

Stress college prep? Back to the basics? Or should the Campbellsport School District offer more vocational classes?

Is the school well-staffed? Are people satisfied with the Sports, Home Ec, Agriculture

and Science programs? What does the public want their school to offer? Is the Campbellsport School District meeting the needs of the community?

There may be answers to these and other questions if people return a survey which was mailed this week.

The survey is being mailed by the Campbellsport School District Curriculum Advisory Committee. The school board appointed 21 district citizens to the committee. This group then polled some classes of graduates and spoke to teachers, students and the general public. People were asked to give positive and negative comments. The survey was

determined from the more than 2,000 comments obtained.

Some households may need more than one survey. Extras are available at the First State Bank, Eden; Bob and Sue's Grocery in Dundee; the Armstrong Grocery; and Meyer Ford, Ben Franklin Store and Straub Grocery in

Campbellsport.

The committee spent nearly one year to determine the survey. Now they can only wait for people to fill it out and return it so final results can be tabulated and presented to the school board.

**Fink Names
Assistant DA**

Washington County District Attorney Frederick A. Fink, Jr. announced last week that Attorney Robert L. Deters has been appointed as Assistant District Attorney for the county. Deters replaces Kevin J. Kennedy, who resigned to return to the Madison area.

Fink stated that among the many applications for the opening, Deters was best qualified. Deters graduated from the University of Illinois Law School in 1974, practicing in West Bend as a private attorney since January, 1975. In June, 1975, he went into partnership with John Grundahl in West Bend and has been practicing criminal law as well as in other fields. He currently serves on the Board of Directors of Big Brothers of Washington County. Deters and his wife, Barbara, reside at 228 South 9th Avenue in the City of West Bend.

**Board to Discuss
1977-78 Programs**

Proposals for 1977-78 programs will be discussed again at the meeting of the Kewaskum Board of Education. The meeting will be held at 8 p. m. in the district administrative offices on Monday, May 16.

In addition to the proposals, the board will discuss social studies texts for K-8, dismissal of school at noon on June 3, changing the May 30 meeting to May 23, purchasing fence for the baseball field and transferring activity money will be considered.

A closed session will be held following the open session to discuss negotiations, administrative salaries and evaluations and student personnel questions.

INSULATE YOUR HOME NOW. SAVE!

Comfort From Heat in Summer - Save Dollars on Fuel in Winter

DO IT YOURSELF

- * No Costly Installation Charge *
- * No Charge for Use of Blower When You Purchase Insulation From Us.

OR WE'LL DO IT FOR YOU

R - VALUE COMPARISON PER 6"

Insulation has one primary function - to reduce the transfer of heat - to store it in winter and keep it out in summer. Heat resistance for each type of insulation material is measured by the same laboratory test. This test rates the material and is coded with an R-Factor (resistance to heat or cold). This should be noted on every bag, not just salesman's lingo - the higher the rating number the greater the resistance.

EXTREMELY BETTER THAN ALL FIBERGLASS INSULATION . . . PER INCH!

SURE COMFORT is pneumatically blown between & over ceiling joists, filling & sealing every crack & crevice with a uniform density of insulation. Floor and attic areas are handled the same as side walls. Exterior side walls of existing buildings are blown full. Access holes are drilled between studs and insulation is forced in to completely fill the area. The same process is used around doors and windows.

Why Sure Comfort is your final choice in insulation

|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>PERFORMANCE
SURE COMFORT Insulation has been tested and rated by Factory Mutual Research Laboratories meeting all insulation ratings. SURE COMFORT meets or exceeds Federal specifications No. HH-1-515A, and is approved for use in F.H.A. structures.</p> | <p>MANUFACTURING INSULATION OF THIS TYPE SINCE 1949
SURE COMFORT has been supplying the building industry for over 28 years, proof of our reputation.</p> | <p>FIRE RESISTANT
Case history has proved that our insulation will definitely confine that which might have become TOTAL LOSS. Our fire retardant chemicals will last indefinitely.</p> |
| <p>COOLS IN SUMMER
SURE COMFORT insulated homes are 10-15 degrees, and in some instances, 20 degrees cooler than outside temperatures during the long hot summers. And a big bonus - reduced electric cost in your air conditioning operation.</p> | <p>PLUS SOUND PROOFING
One of the best insulations for Sound Proofing - it naturally absorbs sound between walls and ceilings. More quiet means more tranquility.</p> | <p>VERMIN AND RODENT RESISTANT
Chemically treated to repel insects and rodents from working in materials.</p> |
| <p>REDUCES HEAT COST
Correct attic insulation can save you 30% or more on fuel.</p> | <p>RESISTANT TO MOISTURE
The fibers have no capillary attraction for moisture, therefore guarding side walls and attic against condensation. Little movement of warm air through it, eliminates the cause for moisture condensation.</p> | <p>GUARANTEE
SURE COMFORT insulation is guaranteed for the life of the structure (building).</p> |
| <p>HIGH R-VALUE
SURE COMFORT cellulosic fiber exceeds most insulation (By laboratory test) in resistance to heat or cold.</p> | <p>HELPS CONTROL ICE BUILDUP
Damaging ice and icicles on a roof is caused from heat loss through your attic when outside temperatures drop below freezing.</p> | <p>LIGHT WEIGHT WILL NOT SETTLE
Cellulosic fiber insulation is extremely light weight, 13 oz. per square foot, 4 inches thick. Vibration keeps it fluffed up over the years and it does not lose its insulation value with age - the older it gets the better job it does. One of nature's best insulators.</p> |
| <p>WILL NOT DETERIORATE
It is a life-time insulation because it is treated with chemicals that are permanent.</p> | | |

Secretaries Week Observance Held Here

Over 90 area secretaries attended the National Secretaries Week banquet sponsored by the Kettle Moraine Chapter of NSA on Secretaries Day, Wednesday, April 27, at Hon-E-Kor Country Club.

Mrs. Lois Weiland, commercial teacher at Kewaskum Community High School and Linda Dei, one of her students, were special guests. In keeping with the professional objective of the association, each year a local student is honored by the Kettle Moraine

Chapter as an outstanding secretarial student. Linda was presented with a Savings Bond and Secretary's Handbook by Marge Marx, Chairman of Secretaries Week. Linda works part time at Valley Bank in Kewaskum and will graduate in June.

Charles F. Miller, Kewaskum Village President, and his wife were also special guests.

Entertainment was provided by Candi Miller who sang and played a selection of

popular songs.

Guest speaker, Richard Kendro, with his subject "The Principles of Effective Time Management" reminded the secretaries that time is their most important resource. If you waste it you are robbing yourself and your boss. Kendro pointed out that only 15% of the secretary's day is devoted to creative work. The rest is routine and regular. He presented ideas on how to better utilize their time plus lots of motivation.

Secretaries Week Chairman Marge Marx presenting Savings Bond and Secretary's

Handbook to Linda Dei with Village President Charles Miller looking on.

From left, Secretaries Week Chairman Marge Marx, Guest Speaker Richard Kendro,

and Kewaskum Village President Charles Miller.

Toastmaster to assembled group: "Our next speaker needs no introduction. He changed his mind and stayed home."

In loving memory of our dear sister and sister-in-law, Selma Ruppig, who passed away one year ago, May 16, 1977:

Though her smile is gone forever
And her hands we cannot touch,
Still we have so many memories
Of one we loved so much.
Her memory is our keep-sake
With which we will never part;
God has her in His keeping.
We have her in our hearts.
Lovingly remembered by

Officers Elected By Kiwanis Club

Richard LaFleur was elected president of the Kewaskum Kiwanis Club, being chosen by fellow members in the recent election of officers and board of directors.

The new vice president for the next year is Floyd Brenholt, and Ken Rademacher will serve as treasurer.

Four members selected for terms on the board of directors are: Roy Esser, H. Jim Paul, Ed Christie and Rev. Darrell Joiner.

Plans for May meetings include the annual Pow-Wow golf day on May 16, a presentation by Dan Schmidt of the village's Park Committee on how plans for the new park are progressing May 23, and a Law Day Program on May 30.

The club is also making plans for its annual Turkey Shoot in September.

200 Attend County Republican Dinner

A successful event was proven when a 200 plus crowd gathered for the Jefferson-Lincoln dinner at the Richfield Fire Hall. It was the first time the Washington County Republican Party honored Thomas Jefferson. With prepared remarks, Steve Chantelois, a teacher and secretary of the local GOP, delivered a synopsis of Jefferson's beliefs. He provided the guests with information that showed a direct relationship with Republican philosophy.

After a delicious feast of food, the master of ceremonies, Aldwin Seefeldt, introduced local office holders, the dinner chairman, Robert Barber, and co-chairman George Nehrbass. The guest speaker, Professor David P. Dickson of the Department of Dairy Science for the University of Wisconsin - Madison, was introduced. He spoke on the question of "Who Will Feed The World?" With on-the-spot drawings, Professor Dickson provided information as to how animal agriculture was the key to help food problems. He explained how grass and non-used food production byproducts could be used for an animal's diet. He went on to show how this type of animal diet was digested by a cow and provided high grade output of protein and filled two of the four food groups for humans.

After the speaker's presentation, door prizes were awarded. A good time was had by all who attended.

Notice!

Puppyland sees in a local paper where a society says Puppyland is a private organization. We are a non-profit organization. We don't make one penny. We have to give money towards it to keep going. This society wants a 40 thousand budget from the county to run their shelter. If we could only get half of that we could make a nice go of it. Ten thousand would go for the family that would take care of it and \$10.00 would go for the pick up and the rest for the upkeep for the shelter.

There are a lot of people working in this society, who after they get in will want to be paid and it will increase year after year and will take a lot of taxpayer's money, which people don't have right now. No work — how will the people pay their own taxes. No way. Also our new house will never be sold. After we pass on, it will stay with the animal shelter to live in so there is someone around at all times to see what's going on at the animal shelter.

Now they say our shelter is not big enough for all the dogs. We are getting dogs from 7 counties. If we only had Washington County to contend with that would be no problem at all with the few dogs. It really would be fun to take care of them. We hope the county will make our pickup office a police officer or a humane officer for all the problems that arise, and we are sure that it will be taken care of properly, Saturday and Sunday as well.

Also they say Koelsches are in the 70's. Why worry about this? We have a nice family that are animal lovers with 4 children to take over when we pass on or as soon as we quit. Who is to say how long anyone will live. You might be gone before us. We have no control over these things. Please don't put yourself above God.

Also we will put up another animal shelter in the near future, 24x60, that will take care of all the animals in Washington County. We don't have to take the animals from other counties. We did this because we had pity on the animals with training, etc. We do not like to interfere with other people's business. It's up to our dear people to decide what they want, not just a few people that want the whole cheese. Who is taking care of the most dogs? PUPPYLAND! Puppyland has taken care of the strays and unwanted animals for 30 years with the help of all our dear friends. How about that!

All these years everything worked nice until this society started. To tell the truth there was nothing but trouble since — coming with cameras and what not. Puppyland does not like all this writeup in the news. They like to be left alone. It don't amount to anything anyway. The saying goes, if you can't say anything good, don't say anything.

Scenic Moraine Relays Won by Kewaskum Girls

The Kewaskum girls came home with the title and trophy in the Scenic Moraine Relays held at Germantown Friday afternoon, beating out second place Kettle Moraine by a close 71 1/2 to 68 margin.

The Indians won despite the fact that three of their top runners were unable to compete, but came up with some unexpected places to take the lead. Then they had to wait a half hour for the high jump to be completed for the final total. Had Kettle won this event they would have taken the meet.

The Indians had the most first places with six, in the 440, 880, long jump, shot put, mile and 330 low hurdle relays.

Ace Carrie Kempf was instrumental in four of the wins. She long jumped 17-6, and turned in "beautiful legs" to anchor the 440, 880 and mile relays.

Laurie Wilson and Jenny Schaub also had good afternoons, helping out in three wins.

Double winners were Doreen Hammes and Pam Kempf. The two, with Carrie Henke set a meet mark in the 330 low hurdle shuttle.

An unsung hero was Mary Kougl. She overtook a Kettle runner in the sprint medley to give the Indians the surprise the team needed in the last two running events. She also inspired the mile relay team to a first place and a new KHS record.
