Number 25

Stern Presented With New Car For 25 Years at Honeck

A dinner in honor of Harold "Snooky" Stern was held at the Glacier Inn on Sunday, May 7, for all the employees and retired employees of Honeck Chevrolet, Inc., Kewaskum, and their families. K. A. "Killy" Honeck presented the keys to a new 1978 Chevrolet Nova 4-door to Stern for his faithful 25 years of employment at Honeck. He began his employment in May, 1953.

Honeck, second from left, is shown presenting the keys to "Snooks." At the left is Killy's wife, Janice, and at the right Stern's wife, Shirley.

An Ode to 'Snooky'

Written by his brother-in-law, Harvey Otto

The Chevrolets were selling good
In nineteen fifty-three
When a young man came to the office door and asked,
"Can you use me?"

Then Killy, with the heart of gold said,
"Are you not the 'Snooks?'"
Mechanics I need, so we'll send you to school
And at night you can hit the books."

Then the quiet young man with the "beery" smile
Grinned up at the mighty man
And spoke in words that are history now
And part of the master plan.

"I've come to service your Chevrolets
And others, if I must
We'll start with the leakers in the lot
Before they turn to rust."

These pearls from the mouth of the Little Man
Turned Killy's heart awl
Said Killy "I know you need the job
To buy the beer for the 'Shirl'."

A tear gleamed deep in Harold's eye
As he donned his coveralls
For he was finally one of the boys
In Honeck's Hallowed Halls.

There was Mike, Bill and Buddy
In this ever hustling crew
Never have so many owed
So much to just a few.

The years went by - the business grew
And "The Harold" - he stayed on
They added to the original crew
And the "Snooks" was seldom gone.

For twenty-five years he has done the job
And I feel he did it well
For if he had't done it right
He would have felt like hell.

There were days when he griped as we all do
Especially when things went bad
But he blamed no one for the days bad hours
For he liked the work he had.

He doesn't much express his thoughts
As we all often do
But deep within he loves the job
And the entire HONECK CREW.

Village Beach Opens June 15

The Kewaskum village beach on the Milwaukee River is officially open as of Thursday, June 15. Supervised swimming hours will be from 10 a.m. to 8 p.m. on Monday thru Saturday. Sunday hours will be 12 noon to 8 p.m. A "Beach Closed" sign will be displayed in the lift station window whenever lifeguards are not present.

Swim lesson registration and instruction will be held at a later date. Notice will be given in the Kewaskum Statesman, West Bend News and over 1470 WBKV Radio.

The personnel at the beach will be Monty Albers, Jim Bilgo, Dan Meilahn Tony Simon and Dale Secor.

Swimmers are advised to be alert for any debris which may be in the swimming area. Caution is urged when entering

(Continued on Page 2)

Road Construction Starts On Hwy. 45 Overhead

Road construction started this week on the reconstruction of U.S.H. 45 over the Chicago & North Western Transportation Company railroad tracks, just north of Kewaskum. The work will consist of relocating U.S.H. 45 approximately 200 feet west of the present location with a new structure, grading and bituminous concrete pavement.

The work will be performed under a contract let to Lunda Construction Company of Black River Falls, Wisconsin at an estimated cost of \$597,000. Financing will be shared on approximately a 90 - 10 percentage by the Federal government and the State respectively, from funds provided primarily by gas taxes. Robert Hubing of Belgium, Wisconsin will be the project engineer for the Wisconsin Division of Highways.

U.S.H. 45 will remain open to traffic until the new bridge is complete. At that time, U.S.H. 45 will be closed to through traffic, with access only to local property owners. It is anticipated that U.S.H. 45 will be closed in early September and will be reopened in early October. Traffic is urged to use caution in the construction zone. A suitable detour will be provided in early September. S.T.H. 28 will be kept open to through traffic during construction operations.

Every possible effort will be made to provide continuous and safe ingress and egress to all business and residential properties during this reconstruction, but pedestrians and motorists are urged to use caution in the construction zone.

98 Year Era Ends at Holy Trinity

The school year 1977-78 marked the last one here for the Sisters of St. Agnes of Fond du Lac, who served Holy Trinity School for 98 consecutive years. The sisters are leaving due to a shortage of nuns and more nuns moving into other apostolates besides teaching. The Sisters of St. Agnes came to Kewaskum to teach in September 1880, during the pastorate of Father J. Grohme, when a new school was built. They have served during the pastorate of Revs. J. Grohme, Philip Vogt, Francis LaBuw and the present pastor, John T. Budde.

The congregation of St. Agnes, rooted in America, was born on the feast of St. Clare in 1858. It was started by Rev. Casper Rehrl, who was born in Salsburg, Austria in 1809. On Nov. 27, 1844, he sailed from Havre, his desired destination being what was then the wilds of Wisconsin. A little more than a year later, after many delays and stops along the way, he arrived at Milwaukee. Traveling along the Milwaukee River, he finally made his headquarters at Barton, now West Bend.

The convent is built adjoining and including the old house of Barton Salsburg, founder of Barton, the first house in the village. The building which housed the sisters still stands there, just off Hwy. 45, up the hill to the right of Hart's filling station.

Seeing a need for religious education, Father Rehrl wished to found a religious community. His first candidate was Gertrude Rehberg of Hartford, Wis. More candidates followed.

Father Rehrl traveled to Rome to present his desire to Pope Pius IX. He was gran-

ted permission and directed to draw up rules for his society and submit them to his bishop. The order was called the Sisters of St. Agnes and it was decided all Sisters were to receive the name Mary Agnes, along with another name. The name Agnes was later dropped.

Gertrude Rehberg was given the name Sister Mary Agnes Clara and was the

first Mother Superior. Sister Judith Schmidt is the present Mother General.

Young girls who joined the Agnesian order throughout the years from Holy Trinity Congregation were Sister M. Seraphia C.S.A. (Anna Fellenz); Sister M. Helen C.S.A. (Katherine Pflum); Sister M. Adelaide C.S.A. (Helena Harter); Sister M. Mercedes C.S.A.

(Continued on Page 2)

Winners of Free Brewer Tickets

Winners of two free tickets each for "Kewaskum Night at the Brewers Game," June 26, were drawn this week by area merchants who are donating the tickets.

The winners at the various participating business places are:
Johann Plumbing & Heating - Leonard Collyard, Jackson.
Valley Bank - Allen Reindl, R. 2, Kewaskum.
Miller's - Mrs. Don Rimbey, Fond du Lac
Dennis Shoe Store - Doug Miller, Kewaskum.
K & R Carpet - Clayton Stautz, Kewaskum.
Kewaskum Floral Shop - Richard Boden, Kewaskum.
Kennelly Pharmacy - Dennis Scott, R. 1, Kewaskum.
Jaeger's Sewing Center - Mrs. Irene Kohl, Kewaskum.
W.B. Savings, Kewaskum Branch - James Ostrom, Kewaskum
Bier's Jewelry - Jean Becker, R. 2, Kewaskum.
Kewaskum Frozen Foods - Karl Haack, R.R. West Bend.
L. Rosenheimer - Bob Reichert, R. 1, Kewaskum.
Minz Supply - Bruce Keller, Kewaskum.
Kewaskum Realty - James Barnes, West Bend.
Steiner Electric - Gerold Stern, Kewaskum.
Laubenstein Lawn & Garden - Jim Collins, Hartford.
Roger & Dan's Auto Ser. - Tom Strebe, Eden.
A & W Restaurant - Marvin Martin, Kewaskum.
Herriges Oil Co. - Roy Swanson, R. 2, Kewaskum.
Kewaskum Statesman - Frank Felix, Kewaskum.
Honeck Chevrolet - Audrey Jaraczewski, Kewaskum.
Amerahn - Ralph Struebing, Kewaskum.
Wes & Rosie's - Lenny Rindt, Kewaskum.
Schultz's Greenhouse - Pat Stollenwerk, Kewaskum.
Behring's Market - Eugene Piontek, West Bend.
Kettle Moraine Electric - Dennis Jacak, Kewaskum.
Ked Web of Kewaskum - Lloyd Westerman, Kewaskum.
Meyer Trailer Sales - Jack Curry, Kewaskum.
Pro-Bilt, Inc. - Lloyd Mueller, Kewaskum.
Glacier Inn - Kris Korth.
Orv Behnke & Ass'c. - Mrs. Paul Hoenecke, Kewaskum.
Sentry Foods - Novella Krause, Kewaskum

Holy Trinity

(Continued from Page 1)

(Lois Geib); Sister Mary Ann Czaja C.S.A. (Marv Ann Czaja); Sister Gonzaga (Louise Hron) and Sister Ruth Battaglia C.S.A. (Ruth Battaglia).

In August of 1870 they moved to Fond du Lac, Wis. where their Motherhouse was then established and is still there.

At the peak of their stay here there were six sisters serving Holy Trinity School.

The present nuns are Sister Mary Ellen Johnston, who taught third grade the past year, and prior to that sixth grade. She is a native of County Sligo, Eire (Ireland). Next school year she will be assigned to consolidated schools at Marytown. Before assuming her duties there, she will again fly back to Ireland to visit and help care for her aged mother as she has done the past several summers. Sister Jean Marie Bodah formerly of New London, Wis., who assisted as teacher's aide for the primary grades, will retire to Nazareth Heights near Fond du Lac. Sister Viola Sanders, homemaker at Holy Trinity who originates from Walker, Kansas, will cook at the Henry Boyle Home at Fond du Lac.

And so we bid our sisters a fond adieu and wish them well in the future.

Village Beach

(Continued from Page 1)

or leaving the water on the east bank as the rocks are gradually sinking into the river. The practice of diving off certain rocks is still allowed, but may have to be discontinued if the situation becomes too dangerous.

Parents are urged to remind their children of the rules which must be obeyed to assure safety. Violators will have to pay certain consequences related to specific rules or will be denied certain swimming privileges or will be expelled from the beach area. Parents will also be notified of persistent misbehavior. In addition, the Kewaskum police will cooperate in enforcing rules if necessary. Rules are:

1. Rocks, mud, sand or other objects must never be thrown in or near the beach and swimming area.

2. Floating devices and swimming aids (inner tubes, inflatable rafts, large beach balls, or "life preservers") are not permitted in the water as such devices can carry an inexperienced swimmer to water of dangerous depth where he may be separated from the device and panic.

3. Glass and metal objects (bottles, cans, metal toys and small metal shovels, etc.) are not allowed on the beach. Soft plastic toys or pails are allowed but must never be thrown.

4. Pushing, shoving and horseplay is not permitted on either the raft or pier due to the obvious threat of injury by bumping one's head, scraping one's back, etc. Running on the pier is prohibited as it is extremely dangerous when the pier is wet and slippery. Swimming is never allowed under the raft or pier, because if someone bumps their head or injures

themselves they may not be spotted in due time. Going down the slide in a standing position is not allowed. This is extremely hazardous.

5. Any anti-social actions will not be tolerated. This means no baiting, physical or verbal abuse, or excessive teasing or badgering of one individual by another. The beach should be a place to have fun and no one should have to fear bullying by others.

6. Bikes are to be parked well away from the beach area, preferably in the bike rack if one is available. Bicycles are never to be ridden on the beach and certainly not into the water. Pets such as dogs are to be kept away from the beach and never taken into the water. During crowded conditions, a dunked dog could react instinctively and "come up snapping." Food should not be brought onto the beach or into the water. Picnic facilities are available elsewhere in the park.

7. Anyone under six years of age must be accompanied by a responsible adult. Also, guards cannot be requested to watch over any specific individuals. This is not a babysitting service. The guard stand is for guards only. It is neither a seat for others nor a depository for miscellaneous items as children's watches, radios, towels, etc. which are the swimmers responsibility. Guards are for your protection. Their orders and judgements should be heeded at all times. If a guard deems someone's behavior irresponsible or dangerous, the offender will be ordered to leave the beach area for a designated period. In emergencies, all swimmers must get out of the water.

8. Litter is always a problem. Parents should instruct their children to use the trash barrel for depositing any paper wrappers, bottles, cans or other unused items.

9. The matter of jumping and diving off the dam is a critical one. This is extremely hazardous and foolhardy. Above the dam, tree limbs and other jagged objects can collect and may not be seen by a jumper. Below the dam, there are deep holes and swifter currents which pose threats to novice swimmers. Also, there is a concrete ledge which can be struck by jumping or diving. The greatest hazard is that the antics of older children attract younger inexperienced swimmers to the dam area where an accident may occur. Again this year no one will be allowed to jump or dive off the dam. Guards will discourage these actions and the police will especially cooperate in enforcing this rule.

10. Fishing is not allowed in the swimming area when any swimmers are present and it is not recommended during any swimming hours. Obviously

motorized boats are not to be operated in the swimming area and all other boats or canoes are to be launched and landed outside the swimming area.

Rescue Squad Calls

Wednesday, June 7 - Frieda Ramthun, 70, 236 Main St., Kewaskum, removed to St. Joseph's Community Hospital, West Bend, from her residence with an injury suffered in a fall.

Sunday, June 11 - Loran L. Backhaus, 74, 365 North St., Kewaskum, removed to St. Joseph's Community Hospital from Peace United Church of Christ.

JUST ADD LOVE!
by ANN CROWLEY
CHOLESTEROL

Over the past decade we have heard a great deal about cholesterol and triglycerides and their role in coronary heart disease. A certain amount of confusion and misinformation has developed.

Both cholesterol and triglycerides are lipids or fats. The cholesterol belongs to a group of sterols found in plant and animal tissues as well as human tissues. The human body does manufacture cholesterol from bile acids and their salts. The main site of cholesterol manufacture and metabolism is the liver. The body produces a prescribed amount of cholesterol. If cholesterol is taken into the body in our food, there is a larger amount of cholesterol stored. The foods that contain the sterol cholesterol are mainly animal fats, egg yolks, and organ meats.

One of the nutritional misconceptions is that since the body itself can synthesize cholesterol, dietary cholesterol is unimportant. This is wrong. When this diet is low in or devoid of cholesterol and low in saturated fat, blood cholesterol does go down in most people.

Kruegers Note 50th Anniversary

Mr. and Mrs. Frank Krueger, Sr., 1227 Fond du Lac Ave., Kewaskum, observed their 50th wedding anniversary Wednesday, June 14.

A family dinner was held in honor of the occasion at Boder's Restaurant, Mequon, on Wednesday evening.

The Kruegers have four children: Betty Krueger, Mil-

waukee; Marilyn (James) Komaromy, Kensington, Maryland; Frank Jr. (Mary) Krueger, Kewaskum, and Janette (Ed) Loomis, Milwaukee. They also have nine grandchildren and one great-grandchild.

Before his retirement Mr. Krueger was owner of Frank Krueger Plumbing and Heating

LaFleur - Brumley

Mr. and Mrs. Richard A. LaFleur of Kewaskum are pleased to announce the engagement of their daughter, Julie Anne, to Troy Brumley, son of Mary Ann Brumley and the late Elson T. Brumley of Gregory, Texas, and Cincinnati, Ohio.

Julie and Troy are students at Xavier University, Cincinnati. Julie is majoring in psychology and Troy in information systems.

A 1979 wedding is planned.

Theisen - Piwoni

St. Matthew's Catholic Church, Campbellsport, was the wedding scene Saturday, May 13, as Diane Theisen, Route 1, Campbellsport, exchanged marriage vows with Thomas Piwoni, Route 2, Campbellsport. The Rev. Victor Kemmer officiated at the 2:00 p.m. double ring ceremony.

Sister Bernice was the organist and the soloists were Jerome and Cathy Piwoni.

Parents of the couple are Mr. and Mrs. Arthur Theisen, Route 1, Campbellsport, and Mr. and Mrs. Thomas Piwoni, W5616 N104 Donges Bay Rd., Mequon.

The bride chose her sister, Donna Kreif, Route 1, Kewaskum, as her matron of honor. The bridesmaids were Judy Troeller, West Bend, cousin of the bride; Carol Theisen and Anita Schladweiler, Campbellsport, both sisters of the bride; Sue Jones, Jackson, sister of the groom, and Ruthie Wondra, Kewaskum, a friend of the bride.

Mark Piwoni, Theresa, served as his brother's best man. The groomsmen were Jeff Prasnicky, Fredonia, a friend of the groom; Mike Piwoni, Cedarburg, brother of the groom; Jerry Bietermann, Cedarburg, friend of the groom; Tom Manthei, Grafton, friend of the groom, and David Amerling, Kewaskum, friend of the groom.

Ushering duties were shared by Donald Theisen, Campbellsport, brother of the bride, and Peter Piwoni, Cedarburg, brother of the groom.

A reception, dinner and dance was held at the Amerahn, Kewaskum.

The bride is a graduate of Campbellsport High School and is employed as an accounting

clerk at Regal Ware, Inc. The groom is a graduate of Cedarburg High School and is employed as a route salesman with Tombstone Pizza.

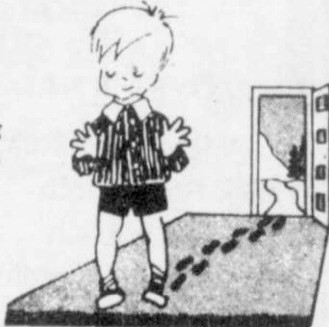

The newlyweds spent their honeymoon in Florida and are now making their home at Route 2, Campbellsport.

4-H Club Receives Check

On Thursday evening, June 8, a check for \$137 was presented to the Happy-Go-Lucky 4-H Club by Wilmer Wendel, secretary of Modern Woodmen Sunrise Camp 2256. This was the money received from the benefit card party held recently and is being used by the 4-H Club to beautify the south entrance to the Village of Boltonville.

Shown left to right, are Louella Dettmann, 4-H Club leader; Joan Arndt, Junior President of the club receiving the check, and Wilmer Wendel.

Death of Mrs. Gilbert Seil

ALICE M. SEIL, nee Beirne, of 1125 W. Decorah Rd., West Bend, died Wednesday, June 14, at St. Joseph's Community Hospital, at the age of 52.

She was born Jan. 23, 1926, in Eden, and lived there until her marriage to Gilbert N. Seil at Eden on Jan. 19, 1952.

Following their marriage they moved to Kewaskum and came to West Bend in 1959.

She had been employed at the Washington County Department of Social Services for the past six years.

Survivors include her husband; three children, Dennis of West Bend, Michael and Mary, both at home; her mother-in-law, Mrs. Bernard Seil of Kewaskum; and other relatives and friends.

She was preceded in death

by one brother, Robert.

Funeral services will be Friday at 9:30 a.m. at the Schmidt Funeral Home, West Bend, with Mass of Christian Burial at 10 a.m. at St. Frances Cabrini Church. Fr. Kenneth Reinhart O.F.M. CAP will officiate and burial will be in St. Mary's Cemetery in Eden.

Visitation at the funeral home will be after 4 p.m. on Thursday with a prayer vigil at 8 p.m. Thursday.

HERTHA SOPINSKI, nee Firch, 67, of 9400 Bolton Drive, Kewaskum, died Tuesday, June 13, at St. Mary's Hospital in Milwaukee.

She was born Nov. 2, 1910, in Germany, and married Frank M. Sopinski in Milwaukee July 18, 1931.

Survivors include her husband; six daughters, Arlene (Ronald) Shaw of Thomah, Joan Ann (Jack) Hayes of

Fillmore, Carol (Gerald) Knueppel of Milwaukee, Judith (Joseph) Paulsen of Boltonville, Geraldine (Eugene) Shaver of Milwaukee, Barbara (Thomas) Szujewski of Culver City, Calif.; 21 grandchildren; four great-grandchildren; one sister, Hilda Herden of Milwaukee; one brother, Alfred (Dorothy) Firch of Milwaukee; and other

relatives and friends.

Funeral services will be Friday at 10 a.m. at the Techtman-Myrhum Funeral Home, West Bend. Rev. Thomas Weber will officiate and interment will be in Union Cemetery in Boltonville.

Visitation at the funeral home will be after 4 p.m. on Thursday.

Guidance Counselor for Schools Favored Over Social Worker

By TAMI EDGAR
Statesman Staff Writer

Leading the list for discussion at Monday evening's School Board meeting was the question of eliminating the position of social worker for the coming school year.

Roll call was taken and showed Richard Theusch absent but all other board members present.

The issue of eliminating the position of a social worker for the year was then presented before the board.

Superintendent of the elementary schools, Richard Zarling, was asked to evaluate the situation. He explained that the schools would rather have a guidance counselor than a social worker. A social worker doesn't only counsel kids; they also counsel families and groups. He also brought out a major point that up until this year there hasn't been guidance of any kind in the grade school levels.

The guidance position would be placed as a full-time man, full-time job position.

Emphasis in high school levels is geared in the area of career aspects while junior high and grade school levels target is on crisis situations not career oriented.

"Make sure you keep him busy" was a comment that member John Tessar imposed. He also brought out that this position requires a bit of traveling between schools in the district.

Dr. Charles Ogi requested information on how many kids have actually been guided, individually and in groups. He evaluated this positioning in the staff as being a "sore spot" for a lengthy period of time but improvements have been found.

Superintendent of Schools, Floyd Brenholt, to comply with Dr. Ogi's request, will compile the information and present it at a later meeting.

This would cause a reduction in staff for the year as Brenholt pointed out the facts. It also shows that a counselor might be more qualified to work with kids than a social worker. Most importantly, Brenholt showed that "we have to have guidance for under school levels."

This issue proposed further contemplation on the part of the board, therefore, further discussion will be dealt with at a future date.

Another issue which Zarling explained was for the positioning of an aide for the second grade level. He suggested if the school district doesn't have any move-ins the position will not be filled. Due to the large age span, pre-kindergarten through sixth grade, all that is needed is an aide not a second teacher.

Jim Oelhafen questioned the idea of needing a qualified aide. Zarling submitted that you don't need a college education to get the qualifications. You also need someone there to watch these children constantly. The school is in the process of screening children for this pre-school program.

Tessar motioned to hire the aide, seconded by Jerry Secor, followed by a unanimous vote in favor of it.

A new position was approved after a thorough discussion was completed.

George Allmann had proposed his interest in the po-

sition as new reading specialist. The contract would extend 190 days or one school year.

Dr. Ogi wanted to show that a new position should be discussed and looked at from all angles.

The problem which raised interest was if George Allmann met all the qualifications of the position. Secor stated that Allmann does have a Master's Degree and the board approved the position of reading specialist.

The desire for the adoption of new reading textbooks was presented before the board. The total cost of changing the texts would be \$2,100 which would be taken out of the 1977-78 budget.

George Allmann, chairman of the Curriculum Committee, was one who reviewed the texts and felt they'd be a good choice for adoption. This series of texts would allow students to read at their own rate and ability. If the students show the desire to push ahead at a faster pace they should be able to do so.

A study done at the University of Oshkosh researched this material extensively and then rated the system. Various other areas did the same and were asked to rate the texts. After considering the six top companies, the board narrowed it down to two companies. Various teachers were asked to spend time evaluating the series and to express their opinions.

The adoption of these texts would propose the basic sequence which would be the same program for all schools in the Kewaskum District.

Dr. Ogi asked how often do you normally change these programs and Brenholt stated that

in the seven years he has been here there has been no proposals adopted.

The proposal was then voted on and each member cast their vote in favor of the textbook change.

A 7% increase for each bus route next year brought about the discussion on the Johnson Bus policy. Brenholt suggested that if the route cost \$10 this year the rate of each route would be raised to \$10.70 for next year.

Jean Goeden then hit upon the issue of the transportation of Holy Trinity and St. Lucas students to the high school parking lot. She pointed out that these students do not transfer directly from the bus which they were on to the bus which was to take them home. This could open the door to dangerous situations as running between moving buses and even under them.

Goeden then suggested that there should be some type of monitoring of the situation but other members rejected the idea by pointing out that there wasn't any control over the students prior to the dismissal of both junior high and high school students. Elevation of the time span can be worked out, henceforth the motion was approved.

Two resignations were sighted as a need for evaluation. Sally Johnson, English and Social Studies teacher at the high school, asked to resign after she was notified that she did not have adequate qualifications in the field she taught. She was asked to go back to acquire these needed credits but she was not willing to do so.

Elementary school teacher, Christine Dehler, asked the approval of the board for her resignation due to maternity requests. Both were approved.

Goeden also cited a special

thanks for the considerate letter Mr. Reha, teacher at the Middle School, sent to the board. The members wished him success for his future position he has accepted elsewhere.

The raising of the retirement age from 65 to 70 was approved unanimously by the members.

Custodial and maintenance proved to be a problem at local schools for the summer. Due to vacations the full staff of custodians lacked full manpower. A proposal for parttime summer work was approved in order to finish the clean-up before school resumes in fall.

Discussion on the purchasing of oboes was brought up but due to lack of price information the situation was asked to be reviewed at a future meeting.

Brenholt then laid out a suggestion to withhold the approval of the 1978-79 budget until the end of June when further answers may be obtained for various items. He wants the budget to be a "nip and tuck" situation and they don't want to "spend any more than necessary." The proposed budget of the coming 1978-79 year is \$3,467,108.00.

The situation of the high school cinder track was brought up and a discussion ensued on the resurfacing of the track. The track would be blacktopped and converted into metric measure-

ments. Up to now Brenholt has been receiving informal bids but would like to proceed with the compiling of formal bids. The estimated cost of the resurfacing and maintenance would be \$10-\$12,000.

This discussion is to be resumed after the annual meeting has taken place.

A sheet was passed to each member which asked for the addition or replacement of various individual purchase items which will total over \$300 per item. The members desired to take a good long look at the items before making any decisions.

Individual tutoring for a student was approved for Dan Meilahn for the summer months. He will be paid as an aide for a total of 54 hours during these months.

The last evaluation of the evening was North Central Association's request for any board member to sit in on the committee to review other schools. No further action was taken on the matter.

"There are moments when everything turns out right. Don't let it alarm you; they pass."
Jules Renard

KHS Girls at Badger Girls State

Three 1978-79 senior girls from Kewaskum Community High School are attending the annual Badger Girls State Convention at the University of Wisconsin-Madison June 11-17.

They are Jeri Buss, daughter of Mrs. Marge Buss, Route 2, Campbellsport; Julie Jeske, daughter of Mr. and Mrs. Fred

Jeske, Route 2, Kewaskum, and Julie Yearling, daughter of Mr. and Mrs. Gerald Yearling, 9413 Bolton Dr., Route 1, Kewaskum.

Their attendance at Badger Girls State is sponsored by Robert G. Romaine Post 384, American Legion, Kewaskum.

Graduates With Honors at MPTI

Fran Ciha, daughter of Al and Claire Ciha, 9429 Mullen Drive, Allenton, recently graduated with honors from the Moraine Park Technical Institute, Fond du Lac. She received an Associate Degree in Fashion Merchandising.

Selected by the Institute for "Who's Who Among Students in American Junior Colleges," Fran also received the following honors: Outstanding Female student of the Year, Outstanding Leadership Award 77-78, and Chapter Member of the Year 76-77. She served as President of the DECA Club (Distributive Education Clubs of America) and participated in

the Fashion Dec'ers Club for Fashion Merchandising Students, as member and president.

Fran is a 1976 graduate of Kewaskum High School. She is employed at Northwest Fabrics, Fond du Lac.

Seefeldt Endorsed At GOP Convention

Rep. Robert Kasten, Jr., (R-Wis.) won the Republican endorsement for governor at an exciting state GOP convention in Milwaukee Sunday by 215 votes, 1,148 to 933.

Defeated challenger Lee Dreyfus later called his 45% of the vote "a tremendous show of strength" and said he wants to run against Kasten in the Sept. 12 primary for the Republican nomination. On leave as chancellor of the University of Wisconsin-Stevens Point, Dreyfus said he would decide within three weeks whether to run in the primary.

The GOP convention also endorsed State Rep. La Verne Ausman of rural Eau Claire for

lieutenant governor; William Mattka, an attorney from Whitefall, for attorney general; Roger Stauter, a Madison real estate broker, for state treasurer, and Fredric Seefeldt, a congressional aide, for secretary of state.

Seefeldt, 40, is a native of Kewaskum and a graduate of Kewaskum public schools. He is a son of Alfred Seefeldt of Kewaskum and serves as Secretary-Treasurer of A. H. Seefeldt, Inc., a family operated insurance agency at Kewaskum. Now of Winnebago County, he has been home secretary to Sixth District Congressman

JUNE IS DAIRY MONTH

Ice Cream

If you are watching your weight or concerned about the nutritive value of the foods your family eats these days, you know that it is sometimes difficult to satisfy your family's taste for sweets, especially when dessert time rolls around. When you read the labels or check the recipes on many of your favorite desserts, you are likely to find that they are high in calories and low in many important nutrients, such as minerals, vitamins, and protein. A two-inch wedge of chocolate cake, for instance, contains 370 calories. A slice of apple pie might run about 345 calories. What is the answer to the dessert dilemma? It is ice cream - probably an old family favorite! Because it is made from milk, ice cream provides us with many of the nutrients found in milk. The good news is a one-half cut of ice cream contains only 145 calories. So, during June Dairy Month, be sure to remember ice cream; it is delicious and nutritious.

CANDID CONVERSATION WITH JDM CHAIRMAN

PROF. MYRON "MIKE" DEAN

Enthusiasm could be felt in Prof. Mike Dean's words as he explained the importance of exposing "the truths" about the composition of dairy products.

"The pendulum is swinging back in our favor; now is the time to get on the band wagon," Prof. Dean emphasized three times during a candid conversation in his university office.

Prof. Dean has worked with the University of Wisconsin-Madison as Food Science extension specialist in dairy food processing for the past 24 years. He has been selected June Dairy Month (JDM) Chairman by the State JDM committee.

Prof. Dean is "enthused for promotion of dairy products because we've (dairy industry) been fighting an uphill battle—mainly because of the adversity in relation to cholesterol and high-fat dairy products." Now that favorable facts are being exposed about dairy products, Prof. Dean feels it is time to educate people as to "what they are actually getting when they buy dairy products."

Exposing "the truths" of dairy products reflects Prof. Dean's optimism about the future of

the dairy industry. "I believe in it!" exclaimed Prof. Dean. "I'm not doing this just because I'm JDM Chairman and it's my responsibility. A good salesman must believe in what he sells," he added.

Prof. Dean sees his philosophy of JDM as a chance to increase sales of dairy products. He explains that "JDM gives dairy farmers a chance to consolidate in promotion of dairy products; not only consolidate efforts, but revive interest." JDM as an event during the calendar year induces a "high pitch" promotion program. "JDM gets more people involved, especially from the standpoint of those who were never involved." Prof. Dean also stresses the opportunity for milk producers to "personally get involved, not just have someone represent them as throughout the year."

He broadly interprets JDM "as mainly for the dairy farmer." He adds, "I'd like to swing around that—JDM helps dairy farmers to get involved in getting some of their messages across.

It is not only for dairy farmers, but the consumer is also going to benefit from it." This is an

opportunity to educate the consumer about the "balance of unique and natural qualities" of dairy products. The JDM education of the consumer and promotion of dairy products should increase consumption. And, since a surplus of dairy products continues to threaten the dairy industry, according to Prof. Dean, an increase in consumption would assist in the relief of the surplus.

Promotion "is an effective tool in selling," says Prof. Dean. He cites McDonalds as a prime example. "They spend a tremendous amount of money on advertising—and it pays off!" When comparing the amount of dairy product promotion to the promotion of other products, "then I don't think we have spent enough on advertising. We have to hit a happy medium." ADA of Wisconsin does a "good job" with the limitations on their budget. Prof. Dean feels they have the potential to do more, but they first need a larger budget. He says the deduction a farmer must contribute to be a member of ADA of Wisconsin is a "small investment (probably less than \$100 per year per farmer)", when he considers the amount of investments made in the other aspects of the farm operation.

With living costs rising, "the truths" about dairy products are important to today's consumer. "She's a very selective buyer, and she's going to be looking for these values. I don't see how you can go wrong on dairy products, myself, because I think they are the best buy for the food dollar," admits Prof. Dean. "Now is the time to take advantage of this pendulum swing, or someone else will."

"Politics is like milking a cow—a lot can be accomplished with a little pull."

PLAN AHEAD!!

get enough milk for the weekend!

CHEESE SERVING TIPS

"You don't have to be a super chef to enjoy the good flavor of some of the over one billion pounds of cheese Wisconsin produces each year," says Al Breseman, dairy marketing specialist with the Wisconsin Department of Agriculture, Trade and Consumer Protection.

He adds, "You can make cheese eating even better by following simple serving tips."

For example, let most cheese warm up at room temperature 30 to 40 minutes before you serve it. "Cheese tastes good any time, but it tastes best at room temperature," Breseman adds.

"Try cooking the cheese at a very low temperature or add it near the end of making your dish to prevent the cheese from becoming tough or stringy," he urges.

And what do you do with those hardened ends of cheese that no one ever seems to eat? The dairy marketing specialist recommends, "Grind and use them for toppings to come up with interesting flavor combinations."

Finally, Breseman suggests that to take the aggravation out of trying to cut cheese with a knife and asks, "Why not try an inexpensive cheese slicer?" The heavy thread or thin wire slices even crumbly cheese like Blue and Stilton, without making a mess.

Milk

Did you know that two glasses of milk provide an adult with 75% of the calcium they need per day? Calcium is essential to help maintain our bones, to help make our blood clot and our muscles expand and contract. Milk stands out not only because it is our best dietary source of calcium, but also because it supplies us with riboflavin and high quality protein. Milk always has been a convenience food. It is always ready to pour and drink as is, or it can be used as a nutritious and versatile ingredient in sauces, desserts and main dishes. To be sure your family is getting enough calcium, be sure to include plenty of milk and milk products in your menu planning.

Calcium Needs

There is more calcium in your body than any other mineral! Calcium is responsible for the structure of bones and the hardness of teeth. In fact, almost all the calcium in the body is found in the bones and teeth. But the rest of that calcium is necessary for every cell in the body to assure the working of nerves and muscles and to control many body processes, such as blood clotting.

It is important to include calcium in your diet every day, no matter what your age. Milk and milk products are the richest source available, providing us with 75% of the calcium we need. To get as much calcium as a cup of milk supplies, you would have to eat a five pound beef roast, or fifteen carrots, or thirteen slices of whole wheat bread.

It is easy to meet your daily need for calcium with dairy products - two servings for adults, three for growing children and four for active teenagers. Besides drinking your milk, try cheese of all kinds, yogurt for dipping and snacking, and ice cream for desserts. Use milk in soups, puddings and custards. Add cheese to salads, sandwiches and casseroles.

During June Dairy Month, get into the habit of using milk and milk products at all your meals. It's a habit important for your health all year long.

Secure Your Future and Hers!

watch your farm GROW

Progressive dairymen know a farm must be kept in top working condition for profitable dairying. They will need good building materials and good professional advice. We can save you time, work and money when you build or remodel. See us for siding, roofing, all types of fencing, and lumber in sizes to meet every need.

KEWASKUM MINZ SUPPLY, INC. 626-2164

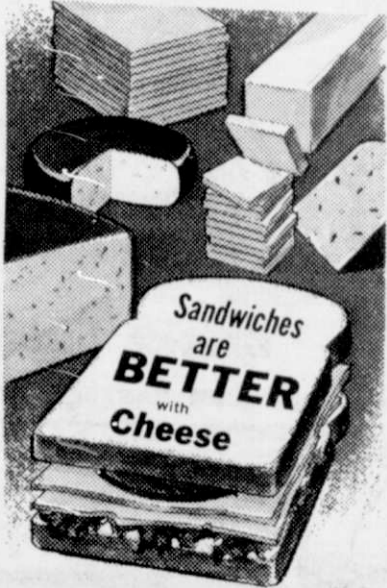

REMEMBER CALCIUM!

Mothers, attention!
Milk is still the leading source of calcium.
Growing children need calcium to build bones and teeth. Milk provides protein which builds and repairs body tissues, helps the body fight infection and supplies energy.
If your child finds yogurt, cottage cheese or ice cream more appealing than milk, substitute them for part of the daily milk recommended.
1/2 cup of cottage cheese equals about 1/3 cup of milk
1/2 cup of plain yogurt equals about 1/2 cup of milk
1/2 cup of ice cream equals about 1/4 cup of milk
Compared to other beverages, milk is quite a bargain. Serve it regularly, with meals, snacks or by itself!

Yogurt

Did you know that eight ounces of yogurt will provide the same amount of nutrients as are present in one glass of milk? Not only is yogurt nutritious, it is also a cool and delicious way to add a fresh note to summer menus. Yogurt is available in a medley of fruit flavors for eating alone and in combination with fruit or vegetable salads, in desserts, or as an ingredient in a party dip. Plain yogurt can be used interchangeably with sour cream in many recipes. During the month of June, which is Dairy Month, do not forget yogurt. It is refreshing summertime eating that is good for you!

• for fresh and refreshing Dairy Foods
 • for dedicated effort and enterprise
 • for helping our community thrive

KEWASKUM FFA CHAPTER

Milk at Bedtime . . .
Zzzzzzz

The old wife's tale that a glass of milk before bedtime promotes sleep appears to have validity.

Studies of patients who drank milk before bedtime at Scotland's Royal Edinburgh Hospital showed they were less restless during sleep. They also woke up fewer times and slept longer than usual.

The amino acid L-tryptophan, found in milk, has been used successfully by researchers to treat insomniacs at the Maryland Psychiatric Institute, Cantonville, Maryland. The Maryland researchers predict it will soon be marketed in pill form as a sleeping aid.

Warm versus cold milk doesn't seem to change the effect of L-tryptophan since warming doesn't alter milk's chemical composition. But the simple quality of warmth in food does tend to cause relaxation and induce drowsiness.

TOM BARTELT, AGENT — 626-2070

We Salute the Dairy Farmer

A one-man farm, with the right machines and enough land to use them effectively, is just as efficient, in terms of unit costs, as any enterprise employing more labor. In fact, it's even more efficient on occasion, according to a year-long study by USDA economists.

Costs for such items as feed, seed, fertilizer and pesticides are pretty much the same per acre of output, regardless of farm size.

A nickel or dime more or less in the price of a bag of feed may not seem like much. But it can easily make a multi-dollar difference in farmers' net income.

Paul Joseph to Speak at Red Cross Dinner

Paul Joseph, Chief Meteorologist, WTMJ-TV Channel 4, Milwaukee, will be the speaker at the annual meeting and dinner of the West Bend Red Cross Chapter, to be held at the Kettle Moraine Inn, West Bend, on Thursday, June 22. Registration and social hour will begin at 6:30 p.m.

At 7:30 p.m. the Pledge of Allegiance and the Invocation will be presented by Rev. Victor Hackbarth. A bounteous buffet dinner will follow. Highlighting the menu will be swiss steak and roast turkey with all the trimmings. Homemade tortes will complete the meal.

Introduction of officers, committee chairmen, and guests will be presented by Glenn Miller. The annual business meeting will offer reports of treasurer, secretary and nominating committee. Members who will serve the Board of Directors for terms ending in 1980 and 1981 will be elected. Chairman Leroy Bohm and Executive Secretary Mrs. Jackie Wicklund will describe the accomplishments of the chapter 1977-1978. Awards and recognition will be made at this time.

"Everybody's favorite weatherman," Paul Joseph of WTMJ, will speak on disaster and study of Red Cross volunteers year-round. Joseph, an honors graduate of the University of Utah, 1968, Bachelor of Science degree in Meteorology, also received a master's degree in Synoptic Meteorology, and Air Pollution Science in 1970. He will illustrate his talk with films and slides.

The cost of the Red cross dinner is \$5.00 a person including tax and gratuity. Reservations can be sent to West Bend Red Cross, 107 N. Main St., West Bend by June 15 deadline. Payment must accompany reservations.

Rummage and Bake Sale at Holy Trinity

The annual rummage and bake sale, sponsored by the Ladies Altar and Christian Mothers Society of Holy Trinity Catholic Church, Kewaskum, will be held on Friday, June 16, from 9:00 a.m. to 6:00 p.m.

The ladies will again serve barbeque sandwiches, homemade desserts and refreshments. The bakery will include all kinds of homemade goodies including breads, pies, desserts and cakes.

The sale will include good clean clothing in all sizes, furniture, antiques, plants, homemade quilts and lots of grocery and new items.

There will also be a fish pond and outdoor games for the children.

MPTI Business Correspondence Course June 19

This summer Moraine Park Technical Institute, West Bend, will offer Business Correspondence. This new offering at West Bend will begin on Monday, June 19. It will run on Monday and Wednesday mornings from 9:30 a.m. to 12:10 p.m.

Business Correspondence is a required course for the Associate Degree in Secretarial Science. It is designed to teach the student to act correctly and

creatively in writing business communications to fit a broad range of possible situations, to teach the student to organize thoughts and to dictate them to a cassette for later transcription, and to reinforce the use of correct grammar, letter form, spelling and sentence structure.

The course has no prerequisites, and should be quite valuable to present and prospective business men and women. Ms. Arlene Hart will be the instructor for the course. Course fees are \$20.00 plus the text.

Register now for Business Correspondence by calling 334-3413, or visit MPTI West Bend Campus on North Hwy. 45.

Denise Groeschel Academy Graduate

Denise Groeschel was a graduate of Winnebago Lutheran Academy in ceremonies held on June 4 in Fond du Lac.

During her high school years she was active in cheerleading, forensics, Model UN, band, concert choir, tutoring program, Pep Club, volleyball, and the artist for the yearbook, "The Viking." She was a four year veteran of the track team in which this year her team finished first in the class B Division of the WISAA State Track Meet held at Xavier High School,

Page 13
Kewaskum Statesman
Friday, June 16, 1978

Appleton, May 20. Denise broke a state record in the 110 low hurdles and with her teammates broke another state record in the 880 relay.

She plans to attend Dr. Martin Luther College, New Ulm, Minnesota, to become a parochial school teacher.

Denise is the daughter of Mr. and Mrs. Roger Groeschel of Kewaskum.

In the Service

PERU, Ind. - Staff Sergeant Kenneth K. Kreif, son of Mr. and Mrs. Jerome Kreif of 1150 Western Ave., Kewaskum, is a member of an organization that has earned the U. S. Air Force Outstanding Unit Award.

Sergeant Kreif is a jet engine mechanic at Grissom AFB, Ind., with the 305th Air Refueling Wing which was cited for meritorious service from July 1, 1975 to June 30, 1977.

Members of the 305th will wear a distinctive ribbon to mark their affiliation with the unit.

The sergeant is a 1971 graduate of Kewaskum High School. His wife, Mary, is the daughter of Mr. and Mrs. Robert Abhold of Route 1, Mount Calvary, Wis.

U. S. AIR FORCE ACADEMY, Colo. - Darrell L. Herriges, son of Mrs. Joyce I. Roemer of 675 Wheeluck Ave., Hartford, was commissioned a second lieutenant and awarded a bachelor of science degree during graduation ceremonies at the U. S. Air Force Academy on May 31.

Lieutenant Herriges, who majored in astronautical engineering, has been selected for pilot training at Williams AFB, Ariz.

While at the academy, the lieutenant received special recognition by being named to the Superintendent's List for academic and military excellence.

Over 10 per cent of the graduating class will go to either pilot or navigator training, while the remainder will pursue advanced degrees at universities throughout the country or be assigned to operational Air Force units around the world.

Lieutenant Herriges is a 1974 graduate of Hartford Union High School. His father, Albert T. Herriges, resides on Route 3, Kewaskum.

DON'T FORGET! June 26 is Kewaskum Night at the Brewers game at Milwaukee County Stadium.

Choose Crabs for Color, Shape and Disease Resistance

Nature has begun its spring flower show. Somewhere in the attractive and colorful display, you're sure to find a flowering crabapple.

Flowering crabs are among the most popular flowering ornamental trees for home landscaping in Wisconsin. If there's space to fill in your yard, you're sure to find a flowering crab variety appropriate for the location.

Flowering crabs vary in form and size from the shrub-like Sargent to the narrow, upright Pink Spires and the wide-spreading Lemoine. Some varieties have a weeping appearance, some a vase-like shape, and still others create irregular and picturesque branching structures.

Flower blossoms vary in color from white to shades of pink and deep red. All crabapple varieties bear edible fruit, which range from pea-size to larger, multiple-purpose apples about two inches in diameter.

Your flowering crab selection should really be based on fruit display rather than on flower color. Flowers last only several days, while the fruits can last up to six months. Small-fruited varieties create less messy litter in the yard and are very attractive to birds and wildlife.

Disease susceptibility should also be considered when se-

lecting a flowering crabapple. Apple scab, a common disease infecting flowering crabs in Wisconsin, affects leaves and fruit. The disease will often mar the tree's appearance in mid-summer and during wet years when the disease is more prevalent, leaves of more susceptible varieties will drop off early.

The disease can be controlled with fungicides, but by selecting disease resistant varieties, you can reduce the need for spraying. Crabs offering scab resistance include: Beverly, Sargent, Tea, Ormiston, Roy, Jack, Adams, Profusion, White Angel, Bob White, Red Jewel and Redbud.

Redbud crab exhibits most of the best all-around characteristics. The pink buds open into white flowers. It produces numerous bright red, pea-size fruit which stay on the tree into the winter. The tree is disease resistant and creates a picturesque branching pattern.

The Hopa crab is an old variety, commonly available from garden suppliers. This variety produces large fruits, is weedy in growth habit and is the crab variety most susceptible to scab. Hopa is too often planted where other varieties are more appropriate.

Adams, Profusion and Red Splendor varieties are improvements over the popular Hopa. They have a similar reddish foliage and reddish-pink flowers while the fruits are smaller and more colorful. And, more importantly, the trees are resistant to apple scab disease.

**A NOTE OF THANKS FOR
JULIE JEAN JAEGER**

We wish to express our sincere thanks to everyone who remembered us with cards, flowers, memorial bouquets, and prayers upon the death of our daughter and sister, JULIE JEAN JAEGER, who God in His infinite mercy and love decided to have her with Him. Special thanks to the Campbellsport Rescue Squad, Emergency Room Staff of St. Joseph's Hospital, West Bend, Dr. Beerends, Fr. Leo Lambert, Fr. John Simon, Fr. John Budde, Miller's, Zehren and Jaeger families who helped in many ways and everyone who showed respect or assisted in any way. It will always be gratefully remembered. May God bless each and everyone.

Jim, Judy and Jesse Jaeger

THANK YOU

My heartfelt thanks to all my thoughtful relatives and friends who remembered me with cards, gifts, phone calls, visits and flowers while I was a patient at the hospital. Special thanks to Drs. Sison and Castro, nurses on the second floor and Rev. Paul Hoenecke. I will always remember these acts of kindness.

Mrs. Carnel Koepke

A NOTE OF THANKS

Before we leave your village, we wish to express our gratitude to you for the many kindnesses shown us throughout the ninety-eight years of our service here in your community.

You will be remembered by us lovingly and prayerfully.

**Minutes of Village
Board Meeting**

Regular Meeting
June 5, 1978
8:00 P.M.

The Village Board of the Village of Kewaskum, Washington County, Wisconsin, met in regular monthly session in the Council Room of the Municipal Building.

President Charles F. Miller presided. All Trustee Members were present.

Three corrections were noted to the minutes of the meeting of May 15 as follows:

1. Fourth last paragraph, wording changed to "FFA Class" rather than "Manual Arts Class."

2. Second last paragraph, wording changed to "chain saw" rather than "chair saw."

3. Second last paragraph, Trustee Danielsen abstained from voting on the motion authorizing the purchase of a used chain saw.

With these corrections, the minutes of the May 15 meeting were approved as printed upon motion by Trustee Danielsen, seconded by Trustee Herriges. Unanimous vote.

A public hearing was held on the applications for renewal of the tavern licenses for the licensing period of July 1, 1978 to June 30, 1979. There were no objections to any of the applicants as publicly read by the President. The public hearing was declared closed upon motion by Trustee Schmidt, seconded by Trustee Kral. Unanimous vote.

A public hearing was also held on the applications for renewal of the liquor store licenses for the licensing period of July 1, 1978 to June 30, 1979. There were no objections to any of the applicants as publicly read by the President. The public hearing was declared closed upon motion by Trustee Danielsen, seconded by Trustee Herriges. Unanimous vote.

Upon motion by Trustee Schmidt, seconded by Trustee D. Nigh, and carried by a roll call vote of seven (7) "Aye" and zero (0) "Nay," the following applications for a Combination Class "B" Fermented Malt Beverage and Intoxicating Liquor License for the period of

July 1, 1978 to June 30, 1979 were approved and the Commissioner was authorized to issue the proper license upon payment of the required fee:

William A. Edwards, 1139 Fond du Lac Avenue and the adjoining premises at 100 Clinton Street.

Elsie L. Flynn, 137 Main Street.

Robert D. Flynn, 204 Main Street.

Terry L. Jordan, 1310 River-view Drive.

Lloyd R. Keller, 1257 Fond du Lac Avenue.

William J. Kulas, 109 Main Street.

Rose E. Kuehl, 215 Main Street.

Roger J. Schmitt, 1271-1273 Fond du Lac Avenue.

Gloria J. Serwe, 102 First Street.

Robert G. Romaine Post 384, American Legion, 1538 Fond du Lac Avenue, Ervin P. Bonlender Agent.

Upon motion by Trustee D. Nigh, seconded by Trustee Herriges and carried upon a roll call vote of seven (7) "Aye" and zero (0) "Nay," the following applications for a Combination Class "A" Fermented Malt Beverage and Intoxicating Liquor License for the period of July 1, 1978 to June 30, 1979 were approved and the Commissioner was authorized to issue the proper license upon payment of the required fee:

Sylvester Walter Keller, 1208 Fond du Lac Avenue.

Michael Conrad Coulter, 355 Main Street.

President Miller was authorized to issue a work order to the village's engineering consultants, Foth and Van Dyke, to conduct a study on the waste water treatment plant and also to conduct a study on the storm water problem on Edgewood Road, Knights Avenue and Clinton Street. Motion by Trustee Danielsen, seconded by Trustee Schmidt. Unanimous vote.

Peter Albers, Supt. of the Waste Water Treatment Plant, was authorized to purchase the required lab equipment at a cost of approximately \$2,000.00. Motion by Trustee D. Nigh, seconded by Trustee Herriges. Unanimous vote.

Fire Chief Bilgo and Assistant Fire Chief Don Ehnert were

authorized to attend the Wisconsin Fire Chief's Association annual conference at La Crosse on June 16, 17 and 18. Motion by Trustee Herriges, seconded by Trustee Mlodzik. Unanimous vote.

Commissioner Martin was authorized to attend the Wisconsin League of Municipalities Clerks and Finance Officers Institute at Eagle River on June 20, 21, 22 and 23. Motion by Trustee Schmidt, seconded by Trustee Kral. Unanimous vote.

The Police Department request to seek applicants for the position of part time office clerk was referred to committee.

President Miller and Trustee Schmidt gave a progress report on the development of the Kewaskum Kiwanis Community Park project.

The Village Board Members concurred that there should be no authorized swimming in the new park pond this summer until construction work is completed.

Trustee Mlodzik brought up the subject of traffic congestion at the Fond du Lac Avenue - Second Street intersection at 3:30 p.m. when factory workers are leaving their place of employment and also the problem of semi-truck parking in residential areas. The Police Department will investigate the problems and submit a report.

The Commissioner was instructed to send a letter to the local FFA Class thanking them for their work in building the picnic tables for the village's new park area. Motion by Trustee Schmidt, seconded by Trustee Herriges. Unanimous vote.

Trustee Danielsen read a prepared statement to the

Board expressing his disappointment in the cancellation of negotiations between the village and the developers of a proposed subdivision in the southwestern area of the village. Trustee Danielsen requested that his statement be made a part of the official record and be placed on file with the Commissioner's office along with the minutes of this meeting.

The totals of all claims, as recommended for payment by the Finance Committee, were as follows:

Village Gen. Fund \$40,119.16
Water Dept. Fund 875.40
Sewage Dept. Fund 6,280.32

Payment of these claims, as recorded in the official record, was so ordered upon motion by Trustee Herriges, seconded by Trustee D. Nigh. Roll call vote was unanimous.

Upon motion by Trustee Schmidt, seconded by Danielsen and unanimously carried, the Board adjourned until 8:00 p.m. June 19, 1978.

William S. Martin
Commissioner

MPTI Offering Degree Courses

Openings still exist in the general education offering at Moraine Park Technical Institute. If you're working toward an Associate Degree, why not enroll in one or two of these courses this summer? You might also be interested in them simply for enrichment. MPTI will offer the following four courses:

American Institutions, a study of American social and political institutions as they affect the individual, begins Monday, June 19, at 7:00 p.m. and runs every Monday and Wednesday evening for a total of eight weeks. The three credit course requires a textbook.

Communication Skills I, an introduction to basic oral communication concepts, will run for eight weeks. The class offers three Associate Degree credits and begins June 19, at 9:00 a.m. A textbook is required.

Economics, a study of the economic concepts and facts related to the American economic system, begins June 20, and convenes each Tuesday and Wednesday morning from 9-11:40. The eight week, three credit course does not require a textbook.

Psychology of Human Relations, a course designed to help students deal with those human relationships they face in vocational and social situations, will meet Tuesday and Thursday evenings from 7-9:40.

Tuition for each course is \$29.00 payable at the first class meeting. You may register for any of these classes by calling 334-3413. All registrations are accepted on a first-come, first-served basis.

Math for Business Analysis at MPTI

This summer Moraine Park Technical Institute, West Bend will offer the Associate Degree class Math for Business Analysis. The three credit course will be offered on Tuesday and Thursday mornings from 9:30 a.m. to 12:30 p.m. starting June 20. Math for Business Analysis is a requirement for the Associate Degree of Marketing, Accounting, and Secretarial Science. It is an excellent elective course for other programs and should be of great value to anyone working in business operations or management.

Some of the major topics covered include: Basic Math Review, Percentage in Business, Financial Charges, Payroll and Taxes, Statistics, Financial Statements, and Insurance, Bonds, Stocks, and Annuities. An individualized approach is utilized in the course.

Students may register for Math for Business Analysis by calling 334-3413. All registrations are accepted on a first-come, first-served basis. Fees are payable the first night of class.

For Wonderful Springtime Comfort, The Year Around

NOW - **INTERTHERM** Electric HOT WATER HEAT AND AIR CONDITIONING WITHOUT PLUMBING

WATER AND ANTI-FREEZE SEALED-IN PERMANENTLY...NEVER NEEDS REFILLING. INSTALLED PERMANENTLY FOR ENTIRE HOMES, APARTMENTS, ETC.

HEALTHIEST— Circulating hot water gives you the kind of controlled all-over warmth many doctors choose for their own homes, as well as prescribe for their allergic patients, without the contamination and dry, parched air that other methods of heating give, and without dust or dirt blowing around.

SAFEST— Place your flimsiest drapes right over the heater without the slightest danger. More important, children and pets can't be burned.

ECONOMICAL— You get balanced, steady warmth even when current is turned off. After thermostat turns off electric element, circulating hot water continues to circulate heat for comfortable warmth.

SPORTS

Indians Win Twin Bill Over Kohler, Also Beat Grafton

In non-conference action here Saturday evening, the Kewaskum Indians won a double-header from Kohler to bring their record to 4-1. The Indians won the opener 7-4 and then eked out a 6-5 victory in the nightcap.

Lefty Scott Reif was the winner in the first game in relief of starter Al Jaeger in the fourth inning. Tim Perkins got two hits for the winners and Mark Tessar singled with the bases full to drive in two runs.

Steve Muench, only a freshman, went the route in the second contest for his first pitching win.

In their Scenic Moraine opener at Grafton Monday night, the Indians were victorious again, 4-1, to lift their record to 5-1.

Catcher John Bemis stood out at bat. His single drove in a run in the first inning and in the fifth he doubled to drive in Mark Strigenz and Tessar, who had hit his second double in the game. Bemis then scored on Perkins' hit. Tessar also scored twice.

Tessar also pitched a good game, holding the Blackhawks to four hits and striking out seven. He did have control problems and got into jams in the first and sixth innings. He had runners on second and third with none out in the sixth but got out of it.

Coach Mike Theiler was pleased with his team's defense but the hitting has been a question mark. However, the Indians collected nine safeties off Grafton's Greg Merchen.

CUT OPERATING COSTS WITH A NEW

Carrier Round One II

REPLACES ANY BRAND OF CENTRAL AIR CONDITIONER

Lower Electric Bills — The Carrier Round One II was designed for energy conservation. Big coil, efficient compressor and fan.

Greater Quiet — One of the quietest units Carrier has ever made.

It works with what you've got — Adapts easily to various sized coils and duct systems.

More Reliable — Built extra-tough for years of trouble-free operation.

THE ROUND ONE II IS MORE EFFICIENT THAN ANY AIR CONDITIONER YOU MIGHT HAVE PURCHASED EIGHT OR TEN YEARS AGO!

Let us show you why. Call today for free estimate.

Area Racing News

By Ken Knoll

Tuesday night it was back to Leo's Speedway in Oshkosh. Although he spun himself out of contention while running third in his heat, Willie Goeden of St. Michaels improved on last week's performance. He had earlier turned in 10th fast time and finished the evening with a 4th in the 25 lap feature. This moved him into a tie for 13th in points with 25.

The opening night for racing at Firemen's Park in Cedarburg was postponed due to heavy thunderstorms in the area Wednesday night.

Thursday night at Wisconsin International Raceway in Kaukauna, Willie Goeden turned in his best performance of the year. He started out by turning fast time and then drove to a second in the fast dash. In the feature he was running 7th on the 11th lap when he was spun out by another car. After starting at the rear of the pack on the restart, he moved up to a 7th place finish. The night's driving moved him up to 16th in the point standings with 60 points. Tony Strupp of Slinger is 18th in points with 54.

Saturday night the hard, dry track at Hales Corners Speedway made for a 50/50 night for area drivers. Willie Goeden fared the best by winning his heat and then placing 9th in the feature. John Reiser of Allenton was 10th in the feature. He had earlier turned in the 10th fast qualifying time of the evening. Scott Weiss of Kewaskum and Mike Melius of Random Lake were the hard luck drivers for the evening. After being the 6th fastest qualifier, Melius hit the wall hard during his heat forcing him from the race. The damage he sustained to the car later forced him to retire from the feature with an 18th place finish. Weiss placed 15th in the feature. He had earlier spun out while leading his heat. After the night's racing, Melius is 7th in points with 2430, Goeden is 10th with 1840, Weiss is 20th with 745 and Reiser is 22nd with 675.

Sunday afternoon it was the "Red Race" at Wisconsin International Raceway in Kaukauna and two area drivers were on hand. Willie Goeden had his best day in a special show by placing 1st in his heat and then following that up with a 6th place finish in the grueling 50 lap feature at this 1/2 mile

asphalt track. Tony Strupp arrived too late to qualify so he had to start in the rear of his heat and the semi-feature. Tony won his heat and then finished 2nd in the 25 lap semi.

Sunday night Goeden and Strupp moved down to Slinger Super Speedway. Rain threatened the program all night and finally brought a halt to it after the hobby feature of the year. He took the lead on the 15th lap of the 30 lap feature. He also placed 4th in his heat. Willie Goeden completed an excellent day by finishing 3rd in the feature. Earlier he posted 2nd fast time, won the dash, and won his heat. Mike Melius placed 3rd in his heat and followed that up with a 6th place finish in the feature. Scott Weiss was 4th in his heat and was 13th in the feature after dropping out on the 25th lap. After the night's races, Melius is 2nd in points with 346, Goeden is 3rd with 341, Strupp is 7th with 198 and Weiss is tied for 8th with 161 points. In the hobby cars, Rick Lisko of West Bend was the fast qualifier and then came on to win the 15 lap feature. Bob Schaefer of Slinger was 6th in the feature. Coming into the race, Schaefer was 2nd in points with 107 1/2

and Lisko is 6th with 67.

Hon-E-Korner

The Hon-E-Bees turned out in good numbers for their second evening of ladies golfing on May 31. The evening was to have been "Fruit Basket Upset," but the upset ended with most of the girls completing only five holes of golf before lightning and rain forced them into the clubhouse. The events for the evening were cancelled with the exception of dinner and cards. Card winners were: Bridge, Joyce Gruber, Marge Rosenthal, Corey Wuebben and Ginny Miller; Sheephead, Tudy Warner and Mary May.

On June 7, the girls challenged the back nine at Hon-E-Kor. The water hazards on 17 and 18 claimed many balls, resulting in high golf scores for the day. Day event - Low putts on 12-14-16-18, the winner being Diane Hoffman with 5. Class events - Low gross plus putts: Class A - Irene Schlefke, 70; class B - Irene Thomas, 67; class C - Fran Rohlinger, 73; class D - Esther Habeck, 79. A chip-in on the 13th hole for Fran Rohlinger entitled her to join

the Chip-In-Club, along with other recent members, Marge Bauer, Jean Kuehn, Eileen Perkins and Janice Berndt. Card winner for the afternoon was Eleanor Marx.

Heisdorf Race Cars No. 1 and 2 in Feature Again

On Saturday night at Beaver Dam, Ken Bierter of West Bend, driving the #2 John Heisdorf owned midget race car of Kewaskum had things going his way.

He won the trophy dash, his heat, and also the feature.

The #1 car driven by Dave Ray won second in the feature, won his heat, and was third in the trophy dash.

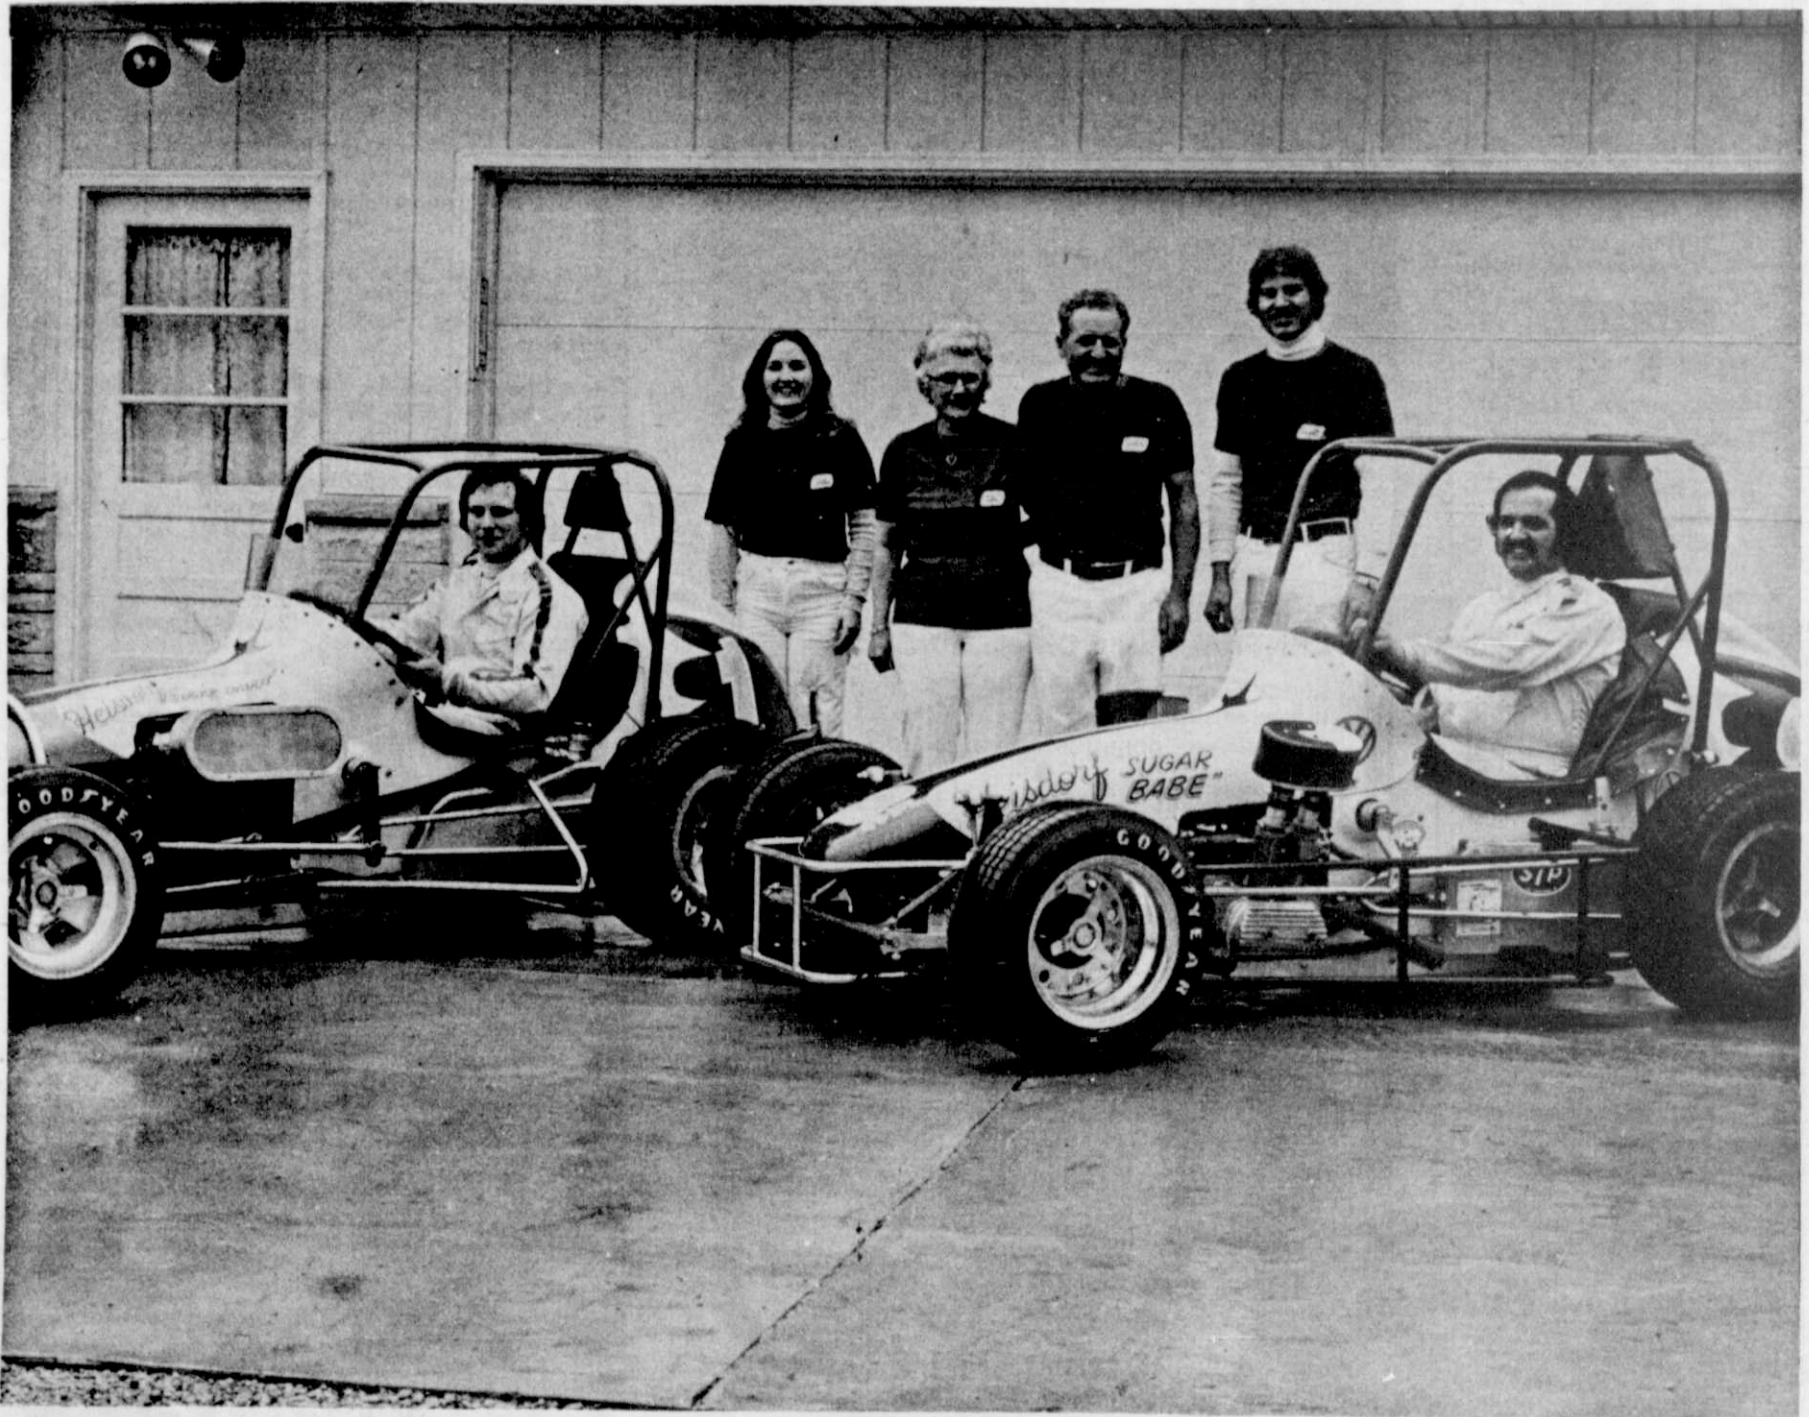

On Sunday night at Sun Prairie, both Ken and Dave won their heat and Dave finished fourth in the feature. Ken stopped his car to avoid hitting

another car which had spun out and was out of the feature on the second lap.

Between the two cars, they have won five features out of

the last seven races. Ken is now in first place in point standings and Dave is third.

Races are held every Sunday night at Sun Prairie.

Pictured above from left to right are Dave Ray, 1977 BMARA Champion; Debbie Heisdorf, Mrs. Heisdorf, John Heisdorf, Scott Bader, member of the pit crew, and Ken Bierter.
